

SUPPLEMENT

TO

The Ceylon Government Gazette,

PART I.

FRIDAY, MARCH 1, 1907.

GOVERNMENT NOTIFICATION.

IT is hereby notified in accordance with Section 14, Sub-section (2) of Ordinance No. 3 of 1905, that His Excellency the Governor, with the advice and consent of the Executive Council, has been pleased to approve the following rules.

By His Excellency's command.

G. M. FOWLER,
Acting Colonial Secretary.

Colonial Secretary's Office,
Colombo, February 28, 1907.

SESSIONS.

There are two Sessions of the College: one called the Short Session begins on May 1 and ends on July 31; the other called the Long Session begins on October 1 and ends on March 31. The short vacation is in the month of April; the long vacation is in the months of August and September.

SYLLABUS OF CLASSES.

1.—CHEMISTRY.

(a) *Lectures*.—(1) Inorganic Chemistry. (a) Non-metals: May to July, Tuesdays at 1 P.M., Thursdays at 10 A.M., and Fridays at 2 P.M. This course deals with the Chemistry of the Non-metals treated in an elementary manner.

(b) Metals: October to December, Tuesdays at 1 P.M., Thursdays at 10 A.M., and Fridays at 2 P.M. This course deals with the preparation and properties of the most important metals and their compounds.

(2) Elementary Organic Chemistry: January to March, Thursdays at 10 A.M. and Fridays at 2 P.M. This course deals with Elementary Organic Chemistry.

(3) Special Organic Chemistry: October to March, twice a week (by arrangement). This class covers the ground necessary for the requirements of the Preliminary Scientific Examination of London University.

(b) *Practical*.—(1) Elementary: May to July. Mondays and Wednesdays at 2 P.M.

(2) Elementary: October to December, Mondays and Wednesdays at 2 P.M.

(3) Elementary: January to March, Mondays and Wednesdays at 2 P.M. The practical work will illustrate the lectures.

(4) Special Organic Chemistry: October to March, once a week (by arrangement). This class is designed to meet the requirements of Part II. of the Preliminary Scientific Examination of London University.

2.—PHYSICS.

(a) *Lectures*.—Principles of Matter and Sound: May to July, Mondays and Wednesdays at 1 P.M., Thursdays at 2 P.M. Elementary Heat and Light: October to December, Mondays, Wednesdays, and Fridays at 3 P.M. The fundamental phenomena of Electricity and Magnetism: January to March, Mondays, Wednesdays, and Fridays at 3 P.M.

(b) *Practical*.—Tuesdays at 2 P.M. and Fridays at 9 A.M., May to March. The practical work will be conducted so as to illustrate the lectures.

3.—BIOLOGY.

A.—Elementary Botany.

(a) *Lectures*.—May to July, Mondays, Tuesdays, and Wednesdays at 8 A.M. The Morphology and Physiology of the Vegetal Kingdom as illustrated by certain types are dealt with.

(b) *Practical*.—May to July. The practical class is held directly after the lecture, and Students are taught the practical examination of the types included in the lectures.

NOTE.—These lectures and practical classes average eight in the month.

B.—Elementary Zoology.

(a) *Lectures.*—October to March, Mondays, Tuesdays, and Wednesdays at 8 A.M. This course deals with the Animal Kingdom as set forth by certain types.

(b) *Practical.*—This is held after the Lectures, and in it the subjects of the Lectures are practically examined by the Students.

NOTE.—These classes are arranged at the convenience of the Lecturer, and average eight a month.

4.—ANATOMY.

(a) *Lectures.*—(1) Osteology : May to July, Monday, Wednesday, and Friday at 1 P.M. This course of Lectures deals with Osteology including Morphology and development of Bones.

(2) Systematic Anatomy : October to March, Mondays, Tuesdays, Wednesdays, Thursdays, and Fridays at 1 P.M. This course includes Systematic Anatomy, Regional Anatomy, and Embryology. The whole of human Anatomy is considered.

(3) Elementary Anatomy : May to July, Saturdays, 9 A.M. to 10 A.M. This is meant for Apothecary Students.

(b) *Practical.*—May to July, October to March. The Dissecting Room is open daily from 8 A.M. to 4 P.M. for the study of Practical Anatomy. The Lecturer is daily in the Dissecting Room from 8 till 11 A.M. and from 12 noon to 1 P.M. A Student must dissect at least two parts during the Short and three during the Long Session, and must provide himself with the necessary materials to keep his part from decomposition. Parts allowed to become decomposed will be confiscated

5.—PHYSIOLOGY.

(a) *Lectures.*—(1) General Physiology : October to March, Mondays, Wednesdays, and Fridays at 2 P.M. This course deals with the Physiology of the human body, and is so arranged as to cover the whole subject in two years.

(2) Histology : October to March, Saturdays at 10 A.M. This course deals with microscopical appearances of the different organs and fluids of the body.

(3) Chemical Physiology : May to July, Tuesdays, Thursdays, and Fridays at 2 P.M. This course deals with the chemical composition of the different organs and fluids of the body. This course forms a connecting link between Chemistry and Physiology.

(4) Elementary Physiology : May to July, Thursdays at 1 P.M. This course of Elementary Physiology is suitable for beginners and Apothecary Students.

(b) *Practical.*—(1) Practical Histology : October to March, Tuesdays, and Thursdays at 2 P.M. Students will be taught practically how to examine microscopically the fluids and solids of the body.

(2) Practical Chemical Physiology : May to July, Mondays and Wednesdays at 2 P.M. Students will be taught practically how to examine chemically the fluids and solids of the body.

(3) Practical Physiology : October to March, Saturdays at 8 A.M. Students will be taught how to perform elementary practical physiological methods.

6.—MATERIA MEDICA AND THERAPEUTICS.

(a) *Lectures.*—Materia Medica : October to March, Mondays, Wednesdays, and Fridays at 3 P.M. This course deals with the source, composition, physical characters, incompatibilities, impurities, and preparations of the drugs of the British Pharmacopœia, together with their uses.

(b) *Lectures.*—Therapeutics : May to July, Fridays at 3 P.M.

This course deals with the methods of action and the uses of the principal drugs.

(c) *Pharmacology.*—May to July, Tuesdays at 3 P.M. This course of a series of demonstrations showing the actions of some of the principal drugs.

7.—PHARMACY.

Lectures.—Short and Long Sessions, Mondays at 12 noon. These lectures will deal with the methods of Practical Pharmacy and Pharmacognosis.

Practical.—Short and Long Sessions, Wednesdays and Fridays at 12 noon. In this class Students will be taught how to make the various compounds and preparations of the British Pharmacopœia, and how to dispense prescriptions.

In the Short Session Medical Students only attend on Wednesdays and Apothecary Students only on Fridays.

In the Long Session Medical Students do not attend, only Apothecaries on Wednesdays and Fridays.

8.—PATHOLOGY.

(a) *Lectures*.—(1) Pathology : October to March, Mondays, Wednesdays, and Fridays at 10 A.M. This course deals with teratology, ætiology of disease, the methods of infection, elementary pathological processes, special pathological processes, death, and decomposition.

(2) Animal Parasitology : May to July, Thursdays at 3 P.M. In this course of lectures the Students will be taught the recognition, structure, and life-history of the principal parasites of man.

(3) Chemical Pathology : May to July, Mondays, Wednesdays, and Fridays at 10 A.M. This course deals with the Chemistry of disease.

(b) *Practical*.—(1) Pathological Histology : October to March, Tuesdays and Thursdays from 10 A.M. to 12 noon. Students will receive practical instruction in ætiology of disease, the methods of infection, the structure of disease organs.

(2) Pathological Chemistry : May to July, Tuesdays and Thursdays at 10 A.M. Students will receive practical instruction in the chief chemical products of disease, and in the methods of the chemical examinations of solids and fluids in disease.

9.—BACTERIOLOGY.

Lectures.—May to July, Saturdays at 10 A.M. This course deals with the morphology; biology, and pathogenesis of the bacteria which cause disease in man

(b) *Practical*.—May to July, Saturdays at 10 A.M. The methods of recognition, cultivation, staining, and mounting of some of the principal micro-organisms will be taught practically.

10.—HOSPITAL FORMS AND MANAGEMENT.

May to July, Thursdays at 2 P.M. This course of lectures will deal with the forms and methods of conducting work in the Ceylon Medical Department.

11.—HYGIENE.

October to March, Thursdays at 3 P.M. This course of lectures will deal with the various subjects included under the term Public Health.

12.—MEDICAL JURISPRUDENCE.

October to March, Mondays, Wednesdays, and Fridays at 3 P.M. The lectures will embrace medical evidence, legal questions connected with the living and the dead, wounds, and toxicology.

13.—MENTAL DISEASES.

May to July, Tuesdays and Thursdays at 3 P.M. These Lectures are delivered at the Lunatic Asylum.

14.—MIDWIFERY AND DISEASES OF WOMEN.

(a) Midwifery : October to March, Mondays, Wednesdays, and Fridays at 10 A.M. These Lectures deal fully with the subject of the Anatomy, Physiology, and Pathology of Pregnancy, Parturition, and the Puerperal state.

(b) Gynæcology : May to July, Mondays, Wednesdays, and Fridays at 10 A.M. This course comprises the diseases of women.

15.—SURGERY.

Lectures.—October to March, Tuesdays, Wednesdays, Thursdays, and Fridays at 2 P.M. These Lectures are so arranged as to comprise the Science and Art of Modern Surgery in two years.

Operative Surgery.—May to July, Mondays and Fridays at 2 P.M. Students will be taught to perform the principal operations on the dead body.

16.—CLINICAL SURGERY.

This course of instruction is given in the General Hospital and consists of two Ward Classes.

(a) *Junior Ward Class*.—Mondays and Wednesdays at 9 A.M. This Class is intended for Medical Students in their fourth year and Apothecary Students in their second year.

During the first three months, from May to July, the Students are instructed in the use of Bandages, Splints, and Surgical Appliances. It is this portion of the Class which is attended by Apothecary Students.

From October to March the Medical Students are taught the Signs and Symptoms of Injuries and Surgical Diseases.

(b) *Senior Ward Class*.—Tuesdays and Thursdays at 10 A.M. This Class is intended for fifth year Students, who are taught how to diagnose and treat Injuries and Surgical Diseases.

17.—SKIAGRAPHY.

May to July, Mondays at 3 P.M. This course consists of one lecture a week during the Short Session.

18.—OPHTHALMOLOGY.

A course of twelve Lectures is delivered at a convenient time in the Victoria Memorial Eye Hospital during the months of May and June.

19.—MEDICINE.

October to March, Mondays, Tuesdays, Wednesdays, Thursdays, and Fridays at 1 P.M. These Lectures are so arranged as to cover the whole subject of modern medicine in two years.

20.—TROPICAL MEDICINE.

May to July, Saturdays at 10 A.M. This course consists of ten lectures with special regard to Tropical Skin Diseases. It is delivered at the Hospital for Tropical Diseases at Borella.

21.—CLINICAL MEDICINE.

This course is given during the Short and Long Sessions in the General Hospital, and is purely practical.

It consists of two separate classes—

- (a) Junior Ward Class.
- (b) Senior Ward Class.

(a) *Junior Ward Class.*—Tuesdays and Thursdays at 9 A.M. In this the Students are taught the Signs and Symptoms of Diseases. It is intended for third year Students.

(b) *Senior Ward Class.*—Mondays and Wednesdays at 10 A.M. In this the Students are taught how to diagnose and treat diseases. It is intended for fifth year Students.

22.—DISEASES OF CHILDREN.

October to March, Tuesdays at 3 P.M. These Lectures deal with the subject of disease in children.

23.—ANÆSTHETICS.

May to July, Tuesdays at 10 A.M. The principal Anæsthetics and their methods of administration are described.

HOSPITALS AND ASYLUMS.

The following Hospitals and Institutions are open to Students of the College for the purpose of clinical instruction :—

- I.—The General Hospital, Colombo
- II.—Victoria Memorial Eye Hospital.
- III.—The De Soysa Lying-in-Hospital.
- IV.—The Infectious Diseases Hospital.
- V.—The Leper Asylum.

(I) THE GENERAL HOSPITAL, COLOMBO.

The staff of the General Hospital :—

Consulting Officers.

The Principal Civil Medical Officer and Inspector-General of Hospitals, the Assistant Principal Civil Medical Officer, and the Colonial Surgeon of the Western Province.

The Hon. W. G. Rockwood, M.D., M.R.C.P., M.R.C.S.

Surgeon in charge and First Surgeon.

T. F. Garvin, M.B., C.M. Aberdeen

Second Surgeon.

S. C. Paul, M.D. Madras, F.R.C.S. England

Third Surgeon.

H. B. Mylvaganam, F.R.C.S. England.

and

Three House Surgeons.

First Physician.

H. M. Fernando, M.D., B.Sc. London.

Second Physician.

Allan de Saram, M.B., C.M. Aberdeen.

Third Physician.

R. Pestonjee, M.R.C.S. England, L.R.C.P. London.

and

Three House Physicians.

The General Hospital, in which the Students of the College receive their clinical instruction, is situated in Kynsey road, Cinnamon Gardens, immediately opposite the Medical College, and covers an area of nearly twelve acres. It includes a pauper and a paying section, both consisting of a number of Wards connected with each other by corridors.

The Pathological Laboratory occupies the space between the extreme ends of the Female Medical Ward and the Ulcer Ward; behind it is the Hospital Mortuary, in which all post-mortem examinations are conducted by the Pathologist.

The number of beds in the pauper section of the hospital is 425 and in the paying section 42, making a total of 467 beds in all.

THE OUT-PATIENT DEPARTMENT.

Surgeon : M. Sinnatamby, M.D. Brussels, F.R.C.S. Edinburgh.

The Out-patient Department consists of a waiting-room for patients, a Pharmacy, and a room in which patients are examined, and rooms for dressing cases. Medical and Apothecary Students are detailed for clerking and dressing work in this Department.

Apothecary Students work for four months in this Dispensary.

RULES FOR STUDENTS ATTENDING THE TEACHING AND PRACTICE OF THE GENERAL HOSPITAL.

1. The following Students will be allowed to attend the teaching and practice at the General Hospital :—

Medical Students.

Second Year, Third Year, Fourth Year, and Fifth Year.

Apothecary Students.

First Year and Second Year.

2. Students must apply to the Registrar at the commencement of their second year if Medical Students, and on the commencement of their first year if Apothecary Students, and will receive from him a ticket admitting them to the teaching and practice of the General Hospital for the ensuing Annus Medicus.

Such ticket to include particulars of each duty to be performed by him, and this ticket he must take to the Teaching Officer, if necessary, defined in the ticket and obtain his initials thereto, and upon the completion of his duty submit it for certificate. This work of the Student in the General Hospital will be apportioned by the Surgeon in Charge according to the following scheme :—

MEDICAL STUDENTS.

Second Year.

Dispensing for one month.

Third Year.

Junior Ward Class Clinical Medicine.
Clinical Lectures.

Fourth Year.

Junior Ward Class Clinical Surgery.
Clinical Lectures.
Post-mortem Demonstrations.
Post-mortem Clerkship for six weeks in rotation.
Clinical Clerkships and Surgical Dresserships for a minimum period of three months each.
Clinical Clerkships at Outdoor Dispensary for three months in rotation.

Fifth Year.

Senior Ward Class in Medicine and Surgery.
Clinical Lectures.
Administration of Anæsthetics.
Surgical Dressership for six months.
Lying-in Home and Gynæcology for three months.

APOTHECARY STUDENTS.

First Year.

Dispensing.

Second Year.

Surgical Wards for four months.
Medical Wards for four months.
Outdoor Dispensary for four months.

3. All parts of the Hospital, excepting the Paying Section, will be opened to the Students. Only by special permission on request will Students be admitted to the practice in the Paying Section.

4. No Student engaged in dissections will be allowed to enter the Operating Theatre.

5. No Student doing duty as Post-mortem Clerk or attending the Post-mortem demonstrations will be allowed access during such duty to the Surgical Wards of the Hospital.

6. All Students attending the General Hospital must answer to their names at roll call at 7.30 A. M., and not leave before 9.30 A. M., except by special leave of the Surgeon or Physician to whom he is attached for duty.

7. After the roll call they will then pass on to the wards to which they have been attached and report themselves to the House Surgeon or House Physician, and follow the rounds of their Physician or Surgeon till 9 A. M.

8. Every Clinical Clerk will have assigned to him a limited number of cases, and it will be his duty to record the condition of the patient, his temperature and other clinical facts at each morning visit on the bed-head ticket. He shall write the history of one new case every day, and this he must submit to the Physician on his next visit for his information, and for any corrections, &c., which he may think fit to make. The proper time for writing this history is from 4 to 5 P. M.

9. Every Surgical Dresser will have assigned to him a limited number of cases, and it will be his duty to record the condition as in section 8 and report to the Surgeon on his next visit.

10. All irregularities in the work of the Clinical Clerks and Surgical Dresser shall be reported to the Surgeon in Charge by the Surgeons and Physicians, and he will bring them to the notice of the Registrar.

11. Each Clinical Lecturer will call roll of the Students attending and submit the same every Saturday to the Surgeon in Charge.

12. The following are the duties of—

A.—A Clinical Clerk :—

- (1) To attend daily the rounds of the Physician whose Clerk he is.
- (2) To record the condition, temperature, &c., of every case assigned to him.
- (3) To write the history of one new case every day and submit the same to the Physician on his next visit.
- (4) To attend Post-mortem on those cases assigned to him which have died.
- (5) To examine the urine and discharge of the cases assigned to him and record the result on the bed-head ticket.*

B.—A Post-mortem Clerk :—

- (1) To attend the Pathologist daily for six weeks.
- (2) To enter in the Post-mortem Book the description of the Post-mortem examination as given by the Pathologist.
- (3) He shall record at least twelve such cases.
- (4) The Post-mortems will be held from 12 noon to 1 P.M.

C.—A Clinical Clerk in the Out-patient Department to :—

- (1) Assist the Medical Officer in every way.
- (2) Examine and prescribe for patients under the direction of the Medical Officer.

D.—A Surgical Dresser :—

- (1) To attend daily the rounds of the Surgeon whose Dresser he is.
- (2) To record the condition, temperature, &c., of every case assigned to him and dress the same.
- (3) To write the history of one new case every day and submit the same to the Surgeon on his next visit.
- (4) To attend all possible operations.
- (5) Each dresser in daily rotation will become the dresser on duty when he will be expected to spend from 7.30 A.M. to 6 P.M. in the Hospital except when attending lectures. After attending to his Ward work he will assist the Medical Officers on duty in the out-patient department. The dresser on duty must work on Sundays and Holidays inclusive.

N.B.—Every dresser must provide himself with a small pocket-case of instruments.

* Every Clinical Clerk must provide himself with a stethoscope, clinical thermometer, and a measuring tape.

13. Each Student must keep a notebook to write down Clinical notes from his Medical and Surgical Cases, and this notebook must be available for inspection when required by the Physician or Surgeon to whom he is assigned.

14. All Students attending the practice of the General Hospital must continue to do so every day, including the holidays, but they will be allowed leave in equal numbers during the two halves of the short and the long vacations.

15. The Junior Ward Classes are held at 9 A.M. and the Senior Ward Classes are held at 10 A.M. The Clinical Lectures alternately on Medicine and Surgery will be delivered on Fridays at 4 P.M.

DISPENSING.

While attending the course of instruction in Practical Pharmacy in the College, Students must work in the Dispensary of the General Hospital: Medical Students for one month, Apothecary Students for nine months. Hours of work to be arranged with the Surgeon in Charge.

CLINICAL LECTURES.

Clinical Lectures on Medical cases are delivered on Fridays at 4 P.M. Alternate weeks on Medicine and Surgery.

II.—THE VICTORIA EYE MEMORIAL HOSPITAL.

Honorary Surgeon : W. H. de Silva, M. B. Aberdeen, F.R.C.S. Edinburgh.

House Surgeon : A. Nell, M.R.C.S. England, L.R.C.P. London.

This Hospital is open to the Students of the College for Clinical instructions in Ophthalmology and diseases of the Ear, Nose, and Throat in their fifth year.

There is accommodation for 42 in-patients.

A Student in his fifth year desirous of making himself better acquainted with Ophthalmology may apply to the Registrar for the post of Dresser for six months.

III.—THE DE SOYSA LYING-IN HOSPITAL.

This Institution was built by the late C. H. de Soysa, Esq., J.P., and presented to Government. It was opened to the public by His Excellency Sir James R. Longden, G.C.M.G., on December 13, 1879, and patients were first admitted in January, 1880.

The Students of the College receive here instruction in Practical Midwifery.

Female pupils intending to study Nursing and Midwifery are admitted as residents. The Institution is intended to provide a home for lying-in women who are either too poor to pay for medical assistance and nursing, or who wish to enter as paying patients. The average number of confinements is about 800 per annum.

M. Sinnetamby, M. D. Brux, F.R.C.S. Edinburgh, Superintendent.

RULES FOR STUDENTS ATTENDING PRACTICAL MIDWIFERY.

1. Only Medical Students in the fifth year who have completed six months' Dressing and six months' Clinical Clerkship are allowed to attend the practice of the Lying-in Home.

2. They must "personally" conduct twenty cases of labour and take notes upon these until the patients leave the Hospital.

3. They must keep a notebook and enter in this facts concerning each case, and this book must be shown daily to the Superintendent.

4. They must spend every alternate night in the Lying-in Home until they have completed the twenty cases, and during this time they are to devote themselves to the work of the Lying-in Home.

5. They must attend the Clinical Demonstrations upon cases for three months, which will be given by the Superintendent at a convenient hour.

IV.—THE INFECTIOUS DISEASES HOSPITAL.

Clinical Instruction in Infectious Diseases.—The Students are obliged to make at least six visits during a year to the Infectious Diseases Hospital during the Short Session.

E. R. Loos, L.M.S., Medical Officer.

V.—THE LEPER ASYLUM.

Leper Asylum.—Two Clinical Lectures are given annually by the Superintendent of the Leper Asylum for the Students of the College, in the month of July.

C. Heynsburg, L.R.C.P. & S. Edinburgh, L.F.P. & S. Glasgow, Superintendent.

VACCINATION.

Each Student is expected to attend a course of instruction at one of the vaccine stations of Colombo, and obtain a certificate of proficiency from the Superintendent of Vaccination and signed by the Provincial Surgeon of the Western Province, by whom this course of instruction is controlled.

A Medical Student must attend three months and personally perform some vaccinations.

Apothecary Students must put in twenty-five attendances.

INFORMATION FOR STUDENTS.

RULES FOR STUDENTS.

The following rules apply to all Students of both sexes :—

1. All fees have to be paid in to the account of the Principal at the Bank of Madras, Colombo, and a receipt obtained, which must be given to the Registrar personally.
2. Students desirous of communicating with the Principal or with the Council of the College must do so through the medium of the Registrar.
3. The Registrar is in attendance daily in his office from 11 A.M. to 12 noon to give advice to Students, their parents or guardians.
4. On entering the College for the first time Students must obtain from the Registrar proper forms to be filled up for registration as a Medical Student by the General Medical Council in London, and must eventually obtain from that Council a sealed certificate of registration.
5. Students will receive from the Registrar at the commencement of each Session a card on which his signature is placed against the courses of instruction which they are to attend during that Session.
6. This card is to be taken to the Lecturer in that subject, and by him signed, as evidence that the Student has been entered in his roll.
7. Students must attend 66 per cent. of every course in order to be given permission to go up for an examination.
8. Irregularity in attendance may be reported to their parents.
9. No allowance whatever, except for illness certified by a legally qualified Medical Practitioner, will be made for non-attendance upon Lectures.
10. No allowance is made for attendances missed through illness unless they exceed 33 per cent. of the Lectures delivered, and no allowance even for illness if 50 per cent. of the Lectures is missed.
11. It is within the power of the Principal to suspend any Student for misbehaviour pending reference of his case to the Council, which may inflict such punishment, including dismissal from the College, as it may consider necessary.
12. Students failing to pass their Second Professional at the end of their fifth year render themselves liable to dismissal from the College.
13. Students are particularly warned to see that bank receipts for all fees and applications are brought to the Registrar personally at least twenty-four hours before the last day mentioned in the Calendar.
14. If a Student fail to present personally the certificates required on or before the last day at 4 P.M. precisely, he shall on no consideration be allowed to proceed with his examination.
15. The *onus* of producing the certificates of attendance upon Lectures rests with the Student. If a certificate is lost, another may be obtained on the payment of Rs. 5.

MICROSCOPES.

Students are strongly advised to purchase a microscope, dissecting instruments, &c., early in their course, but microscopes can be obtained for the Histology Classes Normal and Pathological on payment of Rs. 5 a Session.

ADMITTANCE OF NON-MEDICAL STUDENTS.

Any person of either sex is admitted to the following classes of the Ceylon Medical College upon payment of the fees :—

Chemistry.	Biology
Physics	Physiology

If any person, other than a Medical Student, is desirous of studying Anatomy, he must communicate with the Registrar.

THE RULES OF THE STUDENTS' LIBRARY.

1. The Students' Library is open from 9 A.M. to 12 noon and from 1 P.M. to 4 P.M. daily, except Saturdays, when it is open from 9 A.M. to 1 P.M.
2. The Library is closed during the long and short vacations.
3. Any noise, disturbance, breakage, or the removal of any book or piece of furniture from the Library is strictly forbidden.
4. Students must give a receipt to the Librarian for every book which they wish to read, and must on no consideration whatever remove any book from the Library.
5. On returning the book borrowed to the Librarian the Student must see that the Librarian enters the receipt of the book in the Library book; otherwise he will be responsible for the loss of the borrowed book.
6. Silence must be strictly observed in the Library, and smoking is prohibited.
7. Two tables are specially reserved for Lady Students.

FEES.

COLLEGE FEES.		Rs.	c.
1. Registration fee..	..	10	50
2. Fee for a course of Lectures :—			
Of three months' duration	..	30	0
Of six months' duration	..	60	0
Of nine months' duration	..	90	0
3. Fee for a Practical Class (including Practical Anatomy) :—			
Of three months' duration	..	30	0
Of six months' duration..	..	60	0
Of nine months' duration	..	90	0
4. Fee for working in a Laboratory :—			
One day a week, for three months	Rs. 30 ; for six months	..	60 0
Two do.	Rs. 50 do.	..	90 0
Three do.	Rs. 70 do.	..	110 0
Four do.	Rs. 80 do.	..	130 0
Five do.	Rs. 90 do.	..	150 0
5. Students' Library fee, compulsory :—			
Medical	..	10	50
Apothecary	..	5	25
6. Anatomical fees :—			
For each part to be dissected	..	5	0
Fee for two parts	..	9	0
Fee for five parts	..	20	0
7. Microscope fee :—			
For the use of the microscope in a Practical Class	..	5	0
8. Bacteriology fee, the same as a Practical Class or Laboratory			
9. Fee for a duplicate certificate	..	5	0

HOSPITAL FEES.

For hospital practice in the General Hospital, Colombo, for one year..	50	0
Do. for six months	40	0
Do. for three months	20	0
Do. for perpetual ticket	150	0
For the practice of the Lying-in Hospital	50	0
For the practice of the Lunatic Asylum	21	0
For practical vaccination	21	0

A composition fee will be accepted for all the lectures, hospital practice, &c., required for the license of the College :—

For the whole course in advance (to be paid in one sum at the commencement of the first College year)	800	0
In two yearly instalments (of Rs. 450 each to be paid in advance at the commencement of the first and the third College years)..	900	0
In ten half-yearly instalments of Rs. 100 each, due on May 1 and on October 1 of each year in advance	1,000	0

This composition fee entitles the holder to attend the classes necessary for passing the various examinations, but does not include—

- | | | |
|---------------------------|---|------------------------------|
| (a) The Registration fee. | } | (d) The Microscope fee. |
| (b) The Library fee. | | (e) The Examination fees. |
| (c) The Anatomical fees. | | (f) The fee for the License. |

If the composition fee is taken, it must either be completely paid or the difference between the instalments and the separate fees paid before the Student is entitled to his certificates, if he wishes to leave the College to proceed to some other College.

Examination Fees.

A.—MEDICAL.		Rs.	c.
1. Preliminary Examination (or any portion of it)	..	15	0
2. First Professional Examination	..	20	0
3. Second Professional Examination	..	20	0
4. Final Examination :—			
First part	..	15	0
Second part	..	15	0
The fee for conferring the license is Rs. 50.			
The fee for a duplicate diploma is Rs. 10.			

B.—APOTHECARY.

Apothecaries' Preliminary	..	10	0
First Examination	..	10	0
Second Examination	..	10	0
The fee for a duplicate certificate is Rs. 5.			

Note.—Re-examination fees are the same as examination fees.

Exemption.—Persons whose names were on the College Registers as Medical Students in July, 1901, will only be charged re-examination fees, not examination fees; and those whose names were on the College Register in October, 1902, will be charged the old composition fee.

Method of Payment.—All fees are to be paid into the account of the Principal, the Bank of Madras, and a receipt obtained.

For the information of Students the following list of the fees to be paid each Session is given :—

A.—MEDICAL.				Rs.	c.
		<i>First Year.</i>			
Short Session, May 1	}	Composition fee	..	100	0

THE COLLEGE PRIZES.

“THE DE SILVA MEDAL” FOR PHYSICS.

This Medal has been presented to the College by J. Clovis de Silva, Esq.

1. It shall be called “The De Silva Medal” for Physics.
2. The Medal shall be awarded to the Student who obtains the first place in Physics in the First Professional March Examination, provided that he obtains 70 per cent. of the total number of marks.

“THE LUCY DE ABREW MEDAL” FOR BIOLOGY.

This Medal was presented in perpetuity by Peter de Abrew, Esq.

1. This Medal is called “The Lucy de Abrew Gold Medal” for Biology in memory of the late Miss Lucy de Abrew, one of the most promising Students of the College of her year.
2. It is awarded to the Student who obtains the highest marks in the March First Professional examination in Biology, provided that the requisite percentage is obtained.

“THE SANMUGAM MEDAL” FOR PHYSIOLOGY.

This Medal has been presented by T. Sanmugam, Esq.

1. The Medal shall be called “The Sanmugam Gold Medal” for Physiology.
2. The Medal shall be awarded to the competitor who obtains the highest number of marks (provided he attains a sufficiently high standard) in Physiology in the March Second Professional Examination.

“THE LOOS GOLD MEDAL” FOR PATHOLOGY.

In 1904 a meeting was held under the auspices of the Principal Civil Medical Officer when it was decided that subscriptions should be invited from the friends and former pupils of the late Dr. James Loos, First Principal and Founder of the College, in order to perpetuate his memory.

The result was that a sum of Rs. 1,288 and 25 cents was collected, and at a meeting of the subscribers on March 19, 1905, it was decided that, after paying the expenses, the balance should be expended in providing a die for a Gold Medal and in investing such sum so that enough money might be yearly forthcoming to provide a Gold Medal, to be called “The Loos Gold Medal” for Pathology, to be awarded to the Student who obtains the highest marks in Pathology in the March Part I. of the Third Professional Examination, provided a sufficiently high percentage of marks is obtained.

“THE VANDERSTRAATEN PRIZES” FOR HYGIENE.

In 1903 subscriptions were invited from friends and former pupils of the late Dr. J. L. Vanderstraaten, Third Principal of the College, in order that his name might be in some way perpetuated in the College, and the sum of Rs. 618 was collected, and at a meeting of the subscribers on October 6, 1903, it was proposed that this should be spent in providing prizes for Medical and Apothecary Students in Hygiene in the following manner, viz., that Rs. 130 should be spent upon a die for a Silver Medal for Medical Students and a plate for a Certificate of Honour for Apothecary Students, and that Rs. 450 should be invested in order to bring a yearly sum of Rs. 18, and that the remainder, after paying the expenses, should be expended in providing the Medal and Certificate for 1903 as the interest on the Rs. 450 would not be due till 1904.

It was further decided that the yearly sum of Rs. 18 from the Rs. 450 invested be expended in providing a Silver Medal costing Rs. 15, open for competition among Medical Students, and a Certificate of Honour costing Rs. 3 open to Apothecary Students.

The following rules were also adopted with regard to the Medal and Certificate :—

Rules with regard to “The Vanderstraaten Medal.”

1. The Medal shall be called “The Vanderstraaten Medal” for Hygiene.
2. The Medal shall be awarded to the Student who obtains the highest marks in Hygiene in Part I. of the Third Professional Examination, provided a sufficiently high standard is attained.

Rules with regard to “The Vanderstraaten Certificate of Honour.”

1. The Certificate shall be called “The Vanderstraaten Certificate of Honour” for Hygiene.
2. The Certificate shall be awarded to the Student who obtains the highest marks in Hygiene in the March Second Apothecaries’ Examination, provided a sufficiently high standard is obtained.

“THE MATHREW GOLD MEDAL” FOR MEDICAL JURISPRUDENCE.

This Medal was presented by J. C. Mathew, Esq.

1. The Medal shall be called “The Mathew Gold Medal” for Forensic Medicine.
2. The Medal shall be awarded to the competitor who obtains the highest number of marks (provided he attains a sufficiently high standard) in Part I. of the Third Professional Examination held in March in Medical Jurisprudence.

“THE DHARMASIRIWARDENE GOLD MEDAL” FOR MIDWIFERY.

This Medal was presented by A. S. Fernando Jayasekera, Muhandiram.

1. The Medal shall be called “The Dharmasiriwardene Gold Medal” for Midwifery.
2. The Medal shall be awarded (provided a sufficiently high standard is attained) to the Competitor who obtains the highest marks in the Third Professional Examination in Midwifery.

“THE ROCKWOOD GOLD MEDAL” FOR SURGERY.

This Medal was presented in perpetuity by the Hon. Dr. W. G. Rockwood.

1. It shall be called “The Rockwood Gold Medal” for Surgery.
2. The Medal shall be awarded to the competitor who obtains the highest number of marks in Surgery (provided he attains a sufficiently high standard) in the Third Professional Examination held in March.

“THE SANGARAPULLY GOLD MEDAL” FOR MEDICINE.

This Medal was presented by W. Sangarapully, Esq.

1. It shall be called “The Sangarapully Gold Medal” for Medicine.
2. The Medal shall be awarded to the competitor who obtains the highest number of marks in Medicine (provided he attains a sufficiently high standard) in the Third Professional Examination held in March.

RULES AND REGULATIONS WITH REGARD TO EXAMINATIONS.

EXAMINATIONS FOR THE LICENSE OF THE CEYLON MEDICAL COLLEGE IN MEDICINE, SURGERY, AND MIDWIFERY.

The following examinations have to be passed in order to obtain the license in Medicine, Surgery, and Midwifery :—

- (1) The Preliminary Examination.*
- (2) The First Professional.
- (3) The Second Professional.
- (4) The Third Professional: Parts I. and II.

THE PRELIMINARY EXAMINATION.

Regulations with regard to the Examination.

This examination is held once a year in the third week in March. Before admission to the Matriculation the candidate must present to the Registrar, not later than March 1, the following certificates :—

- (1) Certificate of having attained 16 years of age.
- (2) Certificate from one of his other teachers of being of good character.

At the same time the candidate must pay the examination fee of Rs. 15.† The candidate will then receive a ticket bearing a number, which will admit him to the examination.

This examination is in strict accord with the regulations of the General Medical Council of the United Kingdom.

Subjects of the Examination.

1. English Language, including Grammar; Paraphrasing; Composition; English History and Geography.‡
2. Latin, including Grammar; translation into English from unspecified; Latin Books; translation of a continuous English passage and of short idiomatic English sentences into Latin.
3. Mathematics, comprising Arithmetic, Algebra as far as Easy Quadratic Equations inclusive; Geometry, the subject-matter of Euclid, Books I., II., and III., and easy deductions.§
4. One of the following subjects: Greek, French, German, Italian, Sinhalese, Tamil.

Greek comprises Grammar, translation into English from unprescribed Greek books, translation into Greek of short idiomatic English sentences.

A Modern Language comprises Grammar, translation into English from unprescribed books, translation of a continuous English passage and of short idiomatic English sentences.

Scheme of the Examination.

First day	..	{	9-12 English Language.
			2-5 English Essay, English History, and Geography.
Second day	..	{	9-12 Latin Translation.
			2-4 Latin Grammar.
Third Day	..	{	9-12 Arithmetic and Algebra.
			2-4 Geometry.
Fourth day	..		9-12 Selected Language.

* The following examinations are accepted in place of the Preliminary Examination, provided that all the subjects of the Preliminary are included and have been passed at one and the same time :—

- (1) The Matriculation or First in Arts Examination of any University of the United Kingdom, provided all the above subjects are included.
- (2) Those Indian and Colonial Examinations in section IV. of the list of the examining bodies recognized by the General Medical Council, provided that all the above subjects are included.
- (3) The Oxford and Cambridge Local Examinations, provided that the certificate is endorsed as fulfilling the regulations of the General Medical Council.
- (4) The College of Preceptors' First Class Certificate and Preliminary Examination for Medical Students, provided that all the above subjects are included.

† All fees must be paid into the account of the Principal, the Ceylon Medical College, at the Bank of Madras, Colombo, and a receipt obtained, and that receipt must be handed personally to the Registrar.

‡ English History will include the outlines of English History from A.D. 1603 to A.D. 1715. Geography will include the Geography of Europe and Asia with special reference to the British Isles and Ceylon.

§ In the Geometry paper figures should be drawn to scale.

Examination Rules.

1. Candidates must present themselves for all the subjects of an examination at one and the same time.
2. The candidate must fill in the printed sheet before commencing to answer the question.
3. He must present his examination answers unfolded to the presiding Examiner.
4. On no consideration whatever must the candidate write his name on the answer papers. A candidate so doing is liable to be disqualified at the discretion of the Examiners.
5. Any candidate more than fifteen minutes late shall not be allowed to enter the Examination Room.
6. No candidate shall be allowed to leave the Examination Room before the expiration of half an hour.
7. Any candidate detected talking to another candidate, using notes, or introducing into the Examination Room any means of assistance in that examination, shall be instantly dismissed from the examination. His case shall be brought before the next Meeting of the Council, and if his offence is considered grave he shall not be admitted to any future examination of the College.
8. At the discretion of the Examiners in any subject on consultation with the Registrar of the College a candidate may be informed that he has not obtained sufficient marks in the written examination to enable him to proceed with the Practical.
9. There is no refund of examination fees for any cause whatever, and candidates failing to present themselves at any examination will be required to pay the usual examination fee before again being admitted to an examination.

Results of the Examination.

The results of examinations will be posted on the Notice Board of the College about the end of March (for exact date for the year see Calendar), and the next morning will be published in the local papers of Colombo.

In publishing the results the names of the candidates will be placed in two classes—First and Second; those in the First, in order of merit; and those in the Second, alphabetically.

THE PRELIMINARY EXAMINATION PRIZES.

The highest candidate in the First Class, provided he obtains a sufficient number of marks, shall be awarded a Government Scholarship entitling him to three years' free education (see Rules of Scholarship) at the Ceylon Medical College; the Second shall receive a Medal.

THE FIRST PROFESSIONAL EXAMINATION.

The First Professional Examination is held twice a year, in March and July, beginning the third week of each month.

Before admission to the First Professional Examination the Candidate must present to the Registrar, not later than March 4 or July 4, the following certificates:—

- (1) Of having been a Registered Medical Student* for one year (by one year is meant an academical year—May to March).
- (2) Of having attended, subsequent to registration, at least 66 per cent. of the classes of the following courses of instruction in the Ceylon Medical College.

(a) Chemistry.

- (1) Lectures on Inorganic Chemistry, one course of six months.
- (2) Lectures on Organic Chemistry, one course of three months.
- (3) Practical Instruction in Inorganic and Organic Chemistry, one course of six months and one course of three months, respectively.

(b) Physics.

- (1) Lectures on Principles of Matter, Heat, Sound, Light, Magnetism, and Electricity, with Practical work.

(c) Biology.

- (1) Lectures in Biology, one course of nine months.
- (2) Practical Instruction in Biology, one course of nine months.

He shall pay a fee of Rs. 20, and shall then receive from the Registrar a ticket with a number. The Regulations for examinations refer to the First Professional also.

* By a Registered Medical Student is meant a Student whose name has been duly registered as a Medical Student by the General Medical Council of the United Kingdom.

SUBJECTS OF THE EXAMINATION.

(a) *Chemistry.*

(1) Written Papers.—Inorganic Chemistry, Organic Chemistry, tested in an elementary manner.

(2) Practical Examination.

PRACTICAL EXAMINATION.

(a) *Qualitative Analysis: Inorganic and Organic.*

The Candidates may be required to perform the analysis of a simple salt or of a mixture of two metals and one acid selected from the substances included in the following Lists:—

Metals.—Sodium, Potassium, Ammonium, Calcium, Barium, Magnesium, Zinc, Iron, Aluminium, Copper, Silver, Lead, Mercury, Bismuth, Tin, Antimony, and Arsenic.

Acids.—Hydrochloric, Hydrobromic, Hydriodic, Nitric, Carbonic, Sulphuric, Phosphoric, Acetic, Oxalic, Tartaric, and Hydrocyanic Acids. The substances may be present as element, oxide, sulphide, a simple salt, or a mixture. The acids may be present in the free state, or as a simple salt.

Candidates may be required to give equations illustrating the Chemical reactions involved in testing for the above substances and if requested to explain the same.

(b) *Simple Volumetric Analysis.*

The estimation of the strength of solutions of Potassium or Sodium hydrates by standard sulphuric acid, and of dilute Hydrochloric or Nitric acids by standard sodium hydrate.

The estimation of solutions of Oxalic acid by standard potassium permanganate.

(c) *Preparations.*

Candidates may be required to prepare one of the following compounds in a well-crystallized condition:—

Chloride of Ammonium.
Iodide of Lead.
Oxalate of Ammonium.
Nitrate of Potassium, of Barium, or of Lead.
Sulphate of Copper, Ferrous Sulphate.
Acetate of Lead.
Acid Tartrate of Potassium. Tartar Emetic.

Candidates will be required to exhibit to the Examiners the preparations which they have made.

Candidates will be allowed to make use of books or tables at the Practical Examination.

(b) *Physics.*

(1) Written Papers.—Properties of matter. Heat, Sound, Light, Electricity, and Magnetism.

(c) *Biology.*

(1) Written Papers.—Elementary Biology and Elementary Botany.

(2) Practical Examination.

Candidates will be examined practically by being called to make dissections, to recognize or make Microscopical Specimens of the following animals and plants:—

General Biology.

Amœba	Cat Fish
Vorticella	Frog
Hydra	Rabbit
Earthworm	Micrococcus
Prawn	Bacillus
Cockroach	Protococcus
Mosquito	Saccharomyces
Muscle	Spirogyra
Amphioxus	Mucor
Dog Fish	

Botany.

A Fern		Monocotyledon
A Gymnosperm		Dicotyledon
An Angiosperm		

SCHEME OF THE EXAMINATION.

First Week.—Written Papers.

First day	..	} Inorganic Chemistry, 9 to 11 A.M. } Organic Chemistry, 2 to 4 P.M.
Second Day	..	
Third Day	..	} Biology, 9 to 11 A.M. } Biology, 2 to 4 P.M.

Second Week.—Practical and *viva voce* Examinations.

First day	..	Chemistry, 8 to 11 A.M.
Second Day	..	Physics, commencing at 8 A.M.
Third Day	..	} Biology, 8 to 11 A.M. } Biology, 2 to 4 P.M.

Examination results will be published at the same time as the Preliminary. The names of the successful Candidates will be arranged in two classes: the First Class in order of merit, and the Second Class alphabetically.

The highest Candidate in the First Class in the March Examination, provided he obtains a sufficient number of marks, shall be awarded a Medal.

THE SECOND PROFESSIONAL EXAMINATION.

The Second Professional Examination is held twice a year, in the third week in March and July. Fee, Rs. 20.

Before admission to the Second Professional, Candidates must present to the Registrar, not later than March 4 or July 4, the following certificates:—

- (1) Of having passed the First Professional Examination.
- (2) Of having studied during three years in the Ceylon Medical College.
- (3) Of having attended at least 66 per cent. of the classes of the following courses:—

(a) Anatomy:—

- (1) Lectures, two courses.
- (2) Practical, two Long and two Short Sessions.

(b) Physiology:—

- (1) Lectures:—
General Physiology, two courses.
Histology, one course.
Physiological Chemistry, one course.

(2) Practical:—

One course of Practical Instruction in each of the following:—

Histology.
Chemical Physiology.
Physiology.

(c) Materia Medica:—

- (1) Lectures, one course.
- (2) Practical Pharmacy, one course.
- (3) Dispensing, one month.*
- (4) Therapeutics, one course.

The Regulations with regard to payment of fees, tickets, and examination rules are the same as the Preliminary.

SUBJECTS OF THE EXAMINATION.

(a) Anatomy:—

- (1) Written Papers.
- (2) Practical and *viva voce*.

Each candidate will have 10 minutes oral on Osteology and 10 minutes oral on Anatomical preparations. At the option of the Examiners he may be called upon to perform dissections.

*This dispensing is to be performed in the Dispensary of the General Hospital, Colombo.

(b) Physiology :—

- (1) Written Papers.
- (2) Practical Examination and *viva voce*.

Candidates will be expected—

- (1) To prepare and mount Microscopical Specimens.
- (2) To recognize Microscopical Specimens.
- (3) To analyze a Chemico-Physiological Solution or Solid.
- (4) To show a practical acquaintance with Experimental Physiological Methods.

(c) Materia Medica and Therapeutics.

- (1) Written Papers.
- (2) Practical and *viva voce*.

Candidates will be expected—

- (1) To recognize the drugs and preparations of the British Pharmacopœia.
- (2) To dispense a prescription.

SCHEME OF THE EXAMINATION.

First Week.—Written Papers.

First Day .. Anatomy, 9 A.M. to 12 noon.
Second Day .. Physiology, 9 to 11 A.M., 2 to 4 P.M.
Third Day .. Materia Medica, 2 to 4 P.M.

Second Week.—Practical and *viva voce* Examinations.

First Day .. Anatomy, beginning at 8 A.M.
Second Day .. Physiology, beginning at 8 A.M.
Third Day .. Materia Medica, beginning at 8 A.M.

RESULTS OF THE EXAMINATION.

The results will be published in the same way as the First Professional, and a Government Scholarship entitling the holder to two years' free education (for rules see page 53) at the Ceylon Medical College will, under the same rules as in the Preliminary, be given to the highest Candidate in the First Class in the March Examination, and the Second will obtain a Medal.

THE THIRD PROFESSIONAL EXAMINATION.

The Third Professional Examination is held twice a year, in the third week in March and July. It is divided into two parts, which must be taken separately.

Part 1.

Before admission to the first part of the Third Professional Examination, Candidates must present to the Registrar, not later than March 4 or July 4, the following certificates :—

(1) Of having passed the Second Professional Examination.

(2) Of having since passing the Second Professional Examination attended at least 66 per cent. of classes of the following courses :—

(a) Pathology :—

- (1) Lectures, one course.
- (2) Pathological Histology, one course.
- (3) Pathological Chemistry, one course.
- (4) Bacteriology, one course.
- (5) Post-mortem Demonstrations, six months.

Six weeks of which period must be occupied by a Post-mortem Clerkship.

(b) Medical Jurisprudence :—
Lectures, one course.

(c) Hygiene :—
Lectures, one course.

The Regulations with regard to payment of fees, tickets, and examination rules are the same as for the Preliminary. Fee, Rs. 15.

SUBJECTS OF THE EXAMINATION.

(a) Pathology (including Bacteriology) :—

- (1) Written Paper.
- (2) Practical and *viva voce*.

The candidates may be examined in—

- (1) Pathological Chemistry.—To examine some fluid of the body for some Pathological substance.
- (2) Morbid Anatomy and Bacteriology.—Practical Examination of Museum, Fresh, and Microscopical specimens.

(b) Medical Jurisprudence :—

- (1) Written Paper.
- (2) *Viva voce*.

(c) Hygiene :—

Written Paper.

RESULTS OF THE EXAMINATION.

The results of the examination will be published at the same time as the other examinations in one list, names arranged alphabetically.

SCHEME OF THE EXAMINATION.

First Week.—Written Papers.

First Day .. } Pathology, 9 A.M. to 12 noon.
 } Medical Jurisprudence, 2 to 4 P.M.
Second Day .. Hygiene, 2 to 4 P.M.

Second Week.—Practical and *viva voce* Examinations.

First Day .. Pathology, beginning at 8 A.M.
Second Day .. Medical Jurisprudence, beginning at 8 A.M.

Part II.

Before admission to the second part of the Third Professional Candidates must present to the Registrar before March 4 or July 4 the following certificates:

- (1) Of having passed the first part of the Third Professional Examination.
- (2) Of having been a Registered Medical Student for five years.
- (3) Of having attained the age of 21 years.
- (4) Of having attended the Medical and Surgical Practice and the Clinical Lectures of the General Hospital, Colombo, for three years.
- (5) Of having held the offices of Medical Clerk and Surgical Dresser in the General Hospital, Colombo, for six months respectively.
- (6) Of having attended a course of instruction in Vaccination under the Provincial Surgeon of the Western Province.
- (7) Of having personally conducted twenty cases of Midwifery.
- (8) Of having attended Clinical Instruction :—
 - (a) Infectious Diseases Hospital, for six weeks.
 - (b) The Eye, Ear, and Throat Hospital, for three months.
- (9) Of having personally administered Chloroform at least twelve times.
- (10) Of having attended at least 66 per cent. of the classes of the following courses of lectures in the Ceylon Medical College :—
 - (a) Medicine, two courses.
 - (b) Surgery, two courses.
 - (c) Operative Surgery, one course.
 - (d) Midwifery, one course.
 - (e) Gynæcology, one course of Lectures.
 - (f) Clinical Surgery, Junior and Senior Ward Classes.
 - (g) Clinical Medicine, Junior and Senior Ward Classes.

The regulations with regard to payment of fees, tickets, and examination rules are the same as for the Preliminary. Fee Rs. 15.

SUBJECTS OF THE EXAMINATION.

(a) Medicine :—

- (1) Written Paper.
- (2) Practical Examination of cases in the wards of the General Hospital.
- (3) *Viva voce*.

(b) Surgery :—

(1) Written Paper (including questions on the diseases of Eye, Ear, Nose, and Throat, and Surgical Anatomy).

(2) Practical :—

(a) Examination of Surgical cases in the wards of the General Hospital (may be asked questions on Eye, Ear, Nose, and Throat).

(b) Examination on Bandaging, Instruments, Splints, &c.

(c) Examination in Operative Surgery.

(d) *Viva voce*.

(c) Midwifery and Gynæcology :—

(1) Written Paper.

(2) *Viva voce*.

Candidates will be expected to show a practical knowledge of Midwifery and Gynæcology.

SCHEME OF THE EXAMINATION.

First Week.—Written Papers.

First Day .. { Medicine, 9 A.M. to 12 noon.
Surgery, 2 to 5 P.M.
Second Day .. Midwifery and Gynæcology, 9 A.M. to 12 noon.

Second Week.—Practical and *viva voce* Examination.

First Day .. Medicine Examination of cases and *viva voce*, 8 A.M.
Second Day .. Surgery Examination of cases and Practical and *viva voce*, 8 A.M.
Third Day .. *Viva voce* in Midwifery, 8 A.M.

The results of the second part of the Third Professional will be posted at the same time as the other examinations. In publishing the results of the second part of the Third Professional the marks obtained in the first part will be added, and the results declared on the total number of marks gained in the two parts.

The names of the candidates will be published in two classes; those in the First Class in order of merit, and those in the Second Class alphabetically.

The highest candidate in the First Class of the March Examination, provided he obtains the requisite number of marks, shall receive a Medal.

Presentation of Diplomas.

There will be a public meeting of the Council of the College, when the Diplomas and Medals will be presented to the successful candidates by the President or Principal of the College. Fee for conferring the Diploma, Rs. 50.

The prizes and certificates will be distributed at the same meeting.

EXAMINATIONS FOR THE CERTIFICATE OF THE CEYLON
MEDICAL COLLEGE AS APOTHECARY.

The following examinations have to be passed to obtain the certificate as Apothecary :—

(1) Apothecaries' Preliminary Examination.

(2) The First Apothecaries' Examination.

(3) The Second Apothecaries' Examination.

Regulations with regard to Examinations.

APOTHECARIES' PRELIMINARY EXAMINATION.

This examination is held once a year in the third week in March. Before admission to the Preliminary Examination a candidate must present to the Registrar, not later than March 1, the following certificates :—

(1) Certificate of having attained 16 years of age.

(2) Certificate of being of good character.

At the same time he must pay a fee of Rs. 10.* The candidate will then receive a ticket bearing a number which will admit to the examination.

SUBJECTS OF THE EXAMINATION.

(1) English Language :—

(a) English Grammar.

(b) Writing from Dictation.

(c) Writing of an Essay.

* For method of paying the fee see Medical Preliminary Examination.

***(2) Arithmetic :—**

Numbers, Addition, Tots, Subtraction, Multiplication, Division, Least Common Multiple, Greatest Common Measure, Vulgar and Decimal Fractions, Weights and Measures, Money Tables, Practice, Simple Proportion, Percentages.

(3) One of the following Languages :—

Tamil, Sinhalese, or Elementary Latin.

SCHEME OF THE EXAMINATION.

First Day	{ 9 to 11 A.M., English Grammar.
	{ 2 to 4 P.M., Dictation and Essay.
Second Day	.. 9 to 11 A.M., Arithmetic.
	2 to 4 P.M., Selected Language.

The rules for the examination and the method of publishing the results are exactly the same as the Medical Preliminary.

The highest candidate in the First Class will receive a Government Scholarship entitling him to free attendance at the First and Second Examinations, and the second will receive a Silver Medal. Candidates who show evidence of having passed one of the following examinations :—

- (1) The Second Class Certificate of the College of Preceptors in English, Latin, and Mathematics ;
- (2) The Junior Oxford or Cambridge Examination in English, Latin, and Mathematics ;
- (3) The Preliminary Examination of the Ceylon Medical College ;
- (4) Any Entrance or Matriculation Examination of the Indian Universities which includes English, Arithmetic, and one of the following languages, Sinhalese, Tamil, or Latin ;

will be exempted from the Apothecaries' Preliminary Examination, but will have to pay a fee of Rs. 10 in lieu of the fee of Preliminary Examination Fee, except in the case of (3).

THE FIRST APOTHECARIES' EXAMINATION.

The First Apothecaries' Examination is held twice a year in March and July, beginning in the third week of each month. Before admission to the First Apothecaries' Examination Candidates must present to the Registrar, not later than March 4 or July 4, the following certificates :—

- (1) Of having passed one of the above-mentioned examinations in General Education.
- (2) Of having studied for one year in the Ceylon Medical College.
- (3) Of having attended subsequent to passing the above examination 66 per cent. of the following classes of the Ceylon Medical College :—
 - (a) Chemistry :—
Lectures on Chemistry, one course of six months.
 - (b) Botany :—
Lectures on Elementary Botany, one course of three months.
 - (c) Anatomy :—
Lectures on Elementary Anatomy.
 - (d) Physiology :—
Lectures on Elementary Physiology.

He shall then pay a fee of Rs. 10, and shall receive from the Registrar a ticket with a number. The Regulations for examinations apply to the Apothecary Examinations also.

SUBJECTS OF THE EXAMINATION.

- (a) Chemistry :—
Written paper in Chemistry.
- (b) Botany :—
Written paper in Botany.
- (c) Elementary Anatomy :—
Viva voce.
- (d) Elementary Physiology :—
Viva voce.

* Candidates should gain experience in Tots before presenting themselves for the examination.

SCHEME OF THE EXAMINATION.

First Week.—Written Papers.

- First Day .. Chemistry, 9 to 11 A.M.
Second Day .. Elementary Botany, 2 to 4 P.M.

Second Week.—*Viva voce* on Anatomy and Physiology.

The results of the examination will be published in the same way as the Medical Examinations, and the highest Candidate in the First Class of the March Examination will receive a Government Scholarship to free admission at the Second Apothecaries' Examination, provided he obtains sufficient marks; the Second will obtain a Medal.

THE SECOND APOTHECARIES' EXAMINATION.

The Second Apothecaries' Examination will be held twice a year in the third week in March and July.

Before admission candidates must pay a fee of Rs. 10. and must present to the Registrar the following certificates --

- (1) Of having attained 18 years of age.
- (2) Of having passed the First Apothecaries' Examination.
- (3) Of having studied for two years in the Ceylon Medical College subsequent to passing the examination in General Education.
- (4) Of having attended at least 66 per cent. of the following classes of the College :—
 - (a) *Materia Medica*, two courses of lectures :—
 - (1) Pharmacognosis, one course.
 - (2) Pharmacy : Lectures and Practical, one course of nine months.
 - (3) Dispensing, nine months in the Dispensary of the General Hospital, Colombo, or some other recognized Hospital.*
 - (b) Hospital Forms and Returns, one course.
 - (c) Elementary Practical Surgery, one course.
 - (d) Elementary Hygiene, one course.
- (5) The Hospital Practice of the General Hospital, Colombo, for one year.
- (6) Of having attended a course of instruction in Vaccination under the Provincial Surgeon of the Western Province. Certificate to show twenty-five attendances at least.
- (7) Of having acted as Assistant Dresser to a Surgeon of the General Hospital, Colombo, for four months, and as Clinical Clerk to a Physician for four months.
- (8) Of having acted as Dresser in the Out-patient Department of the General Hospital, Colombo, for four months.

SUBJECTS OF THE EXAMINATION.

I.—*Materia Medica and Pharmacy.*

- (a) *Materia Medica* :—
 - (1) Written Papers.
 - (2) Practical and *viva voce*.
- (b) *Pharmacy* :—

Candidates will be expected to dispense certain prescriptions
- (c) *Pharmacognosis* :—

Candidates will be expected to show a practical acquaintance with the drugs and preparations of the British Pharmacopœia.

II.—*Elementary Hygiene.*

Candidates will be expected to show a knowledge of Elementary Hygiene.

III.—*Hospital Forms and Management.*

Candidates will be expected to be acquainted with the Forms of the Ceylon Civil Medical Department.

IV.—*Elementary Practical Surgery.*

Candidates will be required to show a knowledge of first aid to the wounded.

* The Lady Havelock Hospital is recognized for this purpose.

SCHEME OF THE EXAMINATION.

First Week.—Written Papers.

First Day .. *Materia Medica*, 2 to 4 P.M.
Second Day .. *Hygiene*, 9 to 11 A.M.

Second Week.—Practical and *viva voce* Examination.

First Day .. *Viva voce* on Hospital Forms and Management.
Second Day .. *Viva voce* in Practical Surgery.
Third Day .. *Materia Medica*, &c., at 8 A.M.

The results of the Second Apothecaries' Examination will be published at the same time as the other examinations, and the names of the candidates will be placed in two classes, First and Second; those in the First in order of merit, and those in the Second alphabetically.

The candidate who is highest in the First Class in the March Examination, provided that he obtains a sufficient number of marks, shall be awarded a Medal.

RULES FOR REJECTED CANDIDATES.

1. Any candidate failing to satisfy the Examiners in any one subject of an examination shall be rejected in the whole examination.
2. The rejected candidate shall be informed in which subject or subjects he failed to satisfy the Examiners, and at the same time shall be informed which courses of instruction he must attend before being again admitted to the examination.
3. The re-admission fee is the same as the original fee.

Rules for Government Scholarships.

MEDICAL PRELIMINARY EXAMINATION SCHOLARSHIP.

The winner of the Scholarship will be entitled to free education in the Ceylon Medical College for three years.

He will not be required to pay composition, registration, library, microscopical, anatomical, or examination fees during this time. At the end of three years he will be called upon to pay the following fees if he has passed his Second Professional Examination :—

Fourth year, Rs. 200 composition fee in two instalments, due May 1 and October 1.

Fourth year, Rs. 10 microscope fee (if he does not possess a microscope).

Fifth year, Rs. 200, due May 1 and October 1.

If he has failed to pass the Second Professional, he will be required to pad for the courses of instruction he is ordered by the Examiners to retake, any then after passing the Second Professional to pay as above.

If his work is unsatisfactory or if he fails to pass the First Professional Examination in two years, the Scholarship will be cancelled.

SECOND PROFESSIONAL EXAMINATION SCHOLARSHIP.

The winner of this Scholarship will be entitled to free education during his Fourth and Fifth years, and will not be called upon to pay composition, microscopical, or examination fees during the period.

All holders of Scholarships must pay the fee for conferring the license.

THE PRINCIPAL.

The Principal of the College is the Principal Civil Medical Officer, without further remuneration. All fees are paid into his account in the Bank of Madras. All invested moneys are entered in his name. As Principal Civil Medical Officer he meets all expenditure from the votes for the College.

THE REGISTRAR.

The duties of the Registrar are divisible into two classes :—

- (a) Those connected with the work of the College.
- (b) Those connected with the work of the Council.

With reference to the latter, they are not yet defined, but will be published in the rules of the Council of the Ceylon Medical College. With regard to those connected with the College he is the executive officer, and is responsible to the Principal for the proper working of the College and discipline in all

particulars. The buildings of the College are in his charge, and his responsibility is defined in the Circular No. 86 of June 26, 1903, of the Colonial Secretary's Office.

It is his duty to see that Professors and Lecturers conduct their lectures and classes regularly and in accordance with the rules of the College and with the Calendar, and any irregularity must be reported by him at once to the Principal.

It is his duty to see that all assistants and servants of the College do their work properly and obey the rules.

It is his duty to supervise the work of the Students and to investigate all complaints and to maintain discipline among the Students.

He is responsible for the financial and office work of the College.

He is responsible for the Store Return of the College being in order.

He is responsible for the grounds of the College being kept in good condition.

The Registrar will bring any serious breach of discipline to the notice of the Principal.

Any complaint made against a Licentiate or Apothecary must be reported to the Principal, who shall investigate it and, if necessary, report it to the Council.

Small offences on the part of the assistants or servants must be dealt with by the Registrar, and more serious offences must be reported to the Principal.

In making a report upon serious irregularities, the evidence of each witness should be taken down and the witnesses should sign, and the date also be affixed.

The Registrar should summarize the evidence, make clear his views, and recommend some course to be adopted.

He is responsible for the conducting of the examinations of the College in accordance with the rules of the Calendar.

Early in October he must prepare his annual indents for drugs and chemicals and apparatus from England and forward to the Principal.

He has a petty cash allowance, which he must finally balance and return any cash in hand on 31st December of each year, and from this he can spend without authority small sums, but he must not pay any travelling for any officer of the College within the four miles limit of Colombo.

All applications for leave on the part of any member of the Staff, Professor, Lecturer, Assistant, or servant must pass through the Registrar.

He keeps all confidential correspondence, and is in charge of the safe and the College seal.

All payments on account of the College, excepting those for the articles purchased in England, will be made through his office, and it is his duty to see that all vouchers and receipts for such payments are in order, and forwarded to the Principal Civil Medical Officer's Office punctually when due.

He must personally pay all assistants and servants.

He shall prepare for publication the results of the examinations and submit them to the Principal.

He shall be careful to obtain a receipt for every certificate or diploma issued by the College, and shall take care to preserve all receipts.

THE STAFF OF THE COLLEGE.

GENERAL RULES.

Taking and giving over.—Every person in the College in charge of Government stores must present to the person succeeding him a full statement of all apparatus, drugs, chemicals, &c., belonging to the College in his charge. This return must be checked by the person taking over and the person giving over, and any missing or broken articles specially indicated. The return must then be signed by the two persons, the giver and taker. If there is a change of Laboratory Assistants, the transfer signed by the Lecturer must be duly signed by the old and new Laboratory Assistants, and the signed return forwarded to the Registrar, who will file it in the College Office.

On no account is the last month's pay, or any pay due to him, to be given to the officer retiring until the return duly signed is passed by the Registrar.

The following special rules for different sections are provided :—

RULES FOR PROFESSORS, LECTURERS, AND DEMONSTRATORS.

(A) GENERAL RULES.

1. Lecturers must be punctual, and deliver their lectures and conduct their classes in accordance with the Calendar.
2. All lectures are to be of one hour's duration. Practical classes are generally of two hours' duration.
3. When illness or any other urgent cause prevents them lecturing they should at once inform the Registrar.
4. If leave of absence is desired they must apply for the same to the Principal through the Registrar.
5. Lecturers drawing lecture allowance must enter the time of their arrival in and departure from the College in the Lecturers' book kept in the Lecturers' Room.
6. They are responsible for the apparatus, chemicals, &c., handed over to them. Their assistants are responsible to them.
7. In case of any grave disturbance in a class they should at once report the matter to the Registrar.
8. In the case of any articles being lost, stolen, or broken they should report the matter to the Registrar.
9. They will receive a blank roll book at the commencement of each Session. Into this roll they must enter the name of every Student who brings them an admission card with the name of lectures he is entitled to attend entered thereon and initialled by the Registrar. They must initial this card and put thereon the date of the entry of the Student's name on the roll.
On no consideration whatever must a Lecturer enter a Student's name on a roll without first seeing and initialling the admission card.
The entry of the Student's name on the roll must not be left to the assistant.
Each Lecturer must call the roll himself at each class and enter a "cross" against the names of those present and an "a" against those absent. All corrections must be initialled by the Lecturer.
The rolls must be kept in the roll drawer which is allotted to each Lecturer. The roll cabinet is kept in the Lecturers' Room.
10. A Lecturer should report any Student guilty of misconduct or of prolonged or frequent absence from lectures.
11. No excuse, except illness, which must be supported by a medical certificate, is accepted for absence of a Student from lectures, and in case of illness the Registrar will notify the Lecturers.
12. Excuse from lectures is granted in case of illness up to 50 per cent., but in excess of 33 per cent. such excuse must not include any voluntary omission of lectures. Absence on account of illness should be indicated on the certificates of attendance of lectures, and such a certificate will be accepted for examinations.
14. At the end of a course of lectures every Lecturer must fill in certificates of attendance, for all Students on his roll, and hand them to the members of the class individually as soon after the last lecture as possible. In the case of absentees their duly signed certificates must be sent to the Registrar. It is the duty of a Student to apply for his certificate.
15. When for purposes of examinations certificates are required before the course of lectures end temporary certificates of attendance should be given, which will be destroyed by the Registrar after presentation by the Student, and the proper certificate must be given as above described at the end of the course of lectures.
16. All rolls must be returned to the Registrar at the end of a Session.
17. Early in August each Lecturer should forward to the Registrar a list, with the prices, of requirements of his Department for ensuing year.
18. Early in November and May each Lecturer will receive a copy of his half-yearly return, and will be required to fill this up and return this duly signed on or before 1st June and 1st December to the Registrar.
19. The Lecturers must forward their vouchers for allowances duly filled in for payment not later than the last day of each month, except in the month of December, when they must be forwarded before the 20th.
20. Vouchers must be returned to the Registrar receipted on a 5-cent stamp and attested by two witnesses within three days of receipt of payment.
21. Lecturers perform the duties of examiners and supervisors in the College and Government Examinations without further remuneration.
22. Lecturers conduct the College Prize Examinations.
23. In case of illness or absence of a Professor or Lecturer the person appointed to the substantive appointment must do the College work.

(b) SPECIAL RULES.

1. *Chemistry*.—A Professor appointed by the Secretary of State. He must conduct his classes in accordance with the rules of the Chemical Department and the Calendar.

2. *Physics*.—A Professor appointed by the Secretary of State. He must conduct his classes in accordance with the rules of the Physical Department and the Calendar.

3. *Biology*.—Lecturer's salary, Rs. 666·67 per annum. He gives eight lectures and eight practical classes per month during the Long Session. The lectures are delivered from 8 A.M. to 9 A.M., and the practical classes from 9 A.M. to 10.30 A.M. on Mondays, Tuesdays, Wednesdays, Thursdays, or Fridays, as may be convenient to him. He must give due notice to the Students of the dates from and to which he will not lecture, and make them clearly to understand the date of the next lecture.

Assistant Lecturer. Salary, Rs. 333·33 per annum. His duties are to give eight lectures and eight practical classes on Botany per month during the Short Session. The lectures are to be delivered from 8 A.M. to 9 A.M., and the practical classes from 9 A.M. to 10.30 A.M. on Mondays, Tuesdays, Wednesdays, Thursdays, or Fridays, as may be convenient to him. He must give due notice to the Students of the dates from and to which he will be absent, and make them clearly to understand the date of the next lecture.

Demonstrator.—A Student, unpaid, is appointed by the Principal. His duties are to assist the Lecturer and Assistant Lecturer in the Practical Classes.

4. *Anatomy*.—Lecturer appointed by the Governor. Salary, Rs. 1,500 to Rs. 3,000 by annual increments of Rs. 250. He attends the College from 8 A.M. to 11 A.M. and from 12 noon to 2 P.M. daily, except on Saturdays, when he attends from 8 A.M. to 11 A.M.

Demonstrator.—A qualified man approved by the Principal Civil Medical Officer is appointed without salary. His duties are to attend in the Dissecting Room at his own convenience, if possible daily, between the hours of 8 A.M. and 4 P.M., and assist the Students in the practical work and to give demonstrations from time to time.

5. *Physiology*.—The Lecturer must attend in the College six hours a day, except Saturday, when he must attend three hours.

6. *Materia Medica, Therapeutics*.—Lecturer. He is appointed by the Principal Civil Medical Officer. The Lecturer is paid Rs. 750 per annum, payable in nine equal instalments, and is to conduct his lectures in accordance with the rules of the College on *Materia Medica* in the Long Session; in *Therapeutics* in the Short Session, three days in the week, on Monday, Wednesday, and Friday.

7. *Pharmacy*.—The Lecturer is appointed by the Principal Civil Medical Officer. He is paid Rs. 700 per annum in nine equal instalments, and is to conduct his lectures in accordance with the rules of the College on Monday, Wednesday, and Friday, from 12 noon to 1 P.M. during the Long and Short Sessions.

8. *Pathology*.—Lecturer. Work at present being conducted by the Registrar.

9. *Bacteriology*.—Director of the Bacteriological Institute without further remuneration.

10. *Hospital forms*.—Appointed by the Principal Civil Medical Officer. He is paid Rs. 150 in three equal instalments. He is to conduct his classes in accordance with the rules of the College.

11. *Hygiene*.—Lecturer appointed by Principal Civil Medical Officer, generally Medical Officer of Health, Colombo. His remuneration is Rs. 500 per annum payable in six equal instalments. He conducts his classes in accordance with the rules of the College.

12. *Medical Jurisprudence*.—Lecturer appointed by the Principal Civil Medical Officer. Remuneration Rs. 700 per annum paid in nine equal instalments. He conducts his classes in accordance with the rules of the College.

13. *Mental Diseases*.—Generally Superintendent of the Lunatic Asylum. Remuneration Rs. 300 per annum paid in three equal instalments in the Short Session. He conducts his classes in accordance with the rules of the College.

14. *Midwifery and Gynæcology*.—(1) Emeritus Lecturer appointed by His Excellency the Governor. There is no remuneration attached to the post. He gives from time to time, at his own convenience, a lecture on some subject connected with Midwifery or Gynæcology. If convenient to himself, he may fill any gap caused by the illness or absence of the Lecturer on Midwifery.

(2) Lecturer appointed by the Principal Civil Medical Officer. Generally Superintendent of the Living-in Home. The remuneration is at the rate of Rs. 1,000 per annum payable in nine equal instalments in the Long and Short Sessions. His work is to be conducted in accordance with the rules of the College.

All apparatus connected with Midwifery and Gynæcology will be handed over to him, and he will be responsible for their care. He will act as one of the Examiners in Midwifery and Gynæcology in the Medical College Examinations, and these examinations must be conducted in accordance with the rules for working examinations.

15. *Surgery*.—Lecturer appointed by the Principal Civil Medical Officer. Generally First Surgeon of the General Hospital. Allowance Rs. 1,000 by nine equal instalments in Long and Short Sessions. He must conduct his classes in accordance with the rules of the College.

16. *Clinical Surgery*.—Lecturer appointed by the Principal Civil Medical Officer at Rs. 1,000 per annum payable in nine equal instalments, and is to conduct his lectures in accordance with the rules of the College. He is generally the Second Surgeon of the General Hospital. His duties are to teach Practical Surgery to fourth-year Students in the Short Session on Tuesdays and Thursdays, and to hold Ward Classes for the fourth-year Students in the Long Session on Tuesdays and Thursdays; to hold Ward Classes on Mondays and Wednesdays for nine months in the Long and Short Sessions to the fifth-year Students; to deliver one Clinical lecture on Surgery every week on a Saturday.

17. *Lecturer on Skiagraphy*.—Lecturer appointed by the Principal Civil Medical Officer. Generally the Third Physician of the General Hospital Allowance is Rs. 450 payable in nine equal instalments during the Long and Short Sessions. He must conduct his classes and lectures and the work of his Department in accordance with the rules in the Calendar and rules of the College.

The electrical apparatus in the General Hospital will be in his charge. He is expected to administer electricity in any form to any patient in the General Hospital when called upon to do so. He is expected to examine the patients of the General Hospital, Colombo, by the X rays when called upon to do so.

18. *Ophthalmology*.—Lecturer appointed by Principal Civil Medical Officer. Generally the Surgeon to the Victoria Memorial Eye Hospital. Allowance Rs. 150. He conducts his classes in accordance with the rules of the College.

19. *Medicine*.—Lecturer appointed by the Principal Civil Medical Officer. Generally Senior Physician, General Hospital. Remuneration is Rs. 1,000. He conducts his classes in accordance with the rules of the College.

20. *Tropical Medicine*.—Lecturer is the Director of the Bacteriological Institute.

21. *Clinical Medicine*.—Lecturer appointed by the Principal Civil Medical Officer. Generally Second Physician of the General Hospital. He is to conduct his lectures in accordance with the Calendar of the College. His duties will be to teach Clinical Medicine on Mondays and Wednesdays to fourth-year Students and on Tuesdays and Thursdays to fifth-year Students in the Short and Long Sessions, and to deliver once a week on a Friday or a Saturday a lecture on Clinical Medicine.

22. *Diseases of Children*.—See Tutor.

23. *Anæsthetics*.—Lecturer appointed by the Principal Civil Medical Officer. Generally Anæsthetist to the General Hospital, Colombo. The allowance is Rs. 150 payable in three equal instalments. He is to lecture once a week on Tuesdays at 10 A.M. in the Short Session, May to July, on the subject of Anæsthetics and the Method of Administration. He is to conduct his lectures in accordance with the Calendar of the College.

24. *Lady Tutor*.—Appointed by the Secretary of State, and is also the Medical Officer of Lady Havelock Hospital. Paid by the Department now. Removed from the College votes in 1903. Duties are—

Short Session : Lectures on Gynæcology to Women Students only on Monday, Wednesday, and Friday at 10 A.M. in the College.

Long Session : Lectures on Midwifery to Women Students. Same days and hours and place as Gynæcology. Disease of Children to all the fifth-year Students in the Medical College at 3 P.M. on Tuesdays.

If ill, her work is to be done by the Medical Officer of the Out-patient Department of the Lady Havelock Hospital.

EXAMINATION RULES.

I.—TIMES OF EXAMINATIONS.

The examinations will be held, with the exception of the preliminary examinations, twice a year in March and July. The preliminary examinations will be held once a year in March. The written examinations will be held in the third week of March or July, and the practical in the fourth week.

II.—NOTICES TO EXAMINERS.

Early in January advertisements for Examiners for the preliminary examinations shall be inserted in the *Government Gazette*, and applications with recommendations are to be laid by the Registrar before the Chairman of the Council, who shall appoint them.

Early in February or June the Registrar shall cause the attached notice (Appendices I. and II.), duly filled up and approved by the Chairman of the Council, to be circulated to all Examiners, informing them of the dates and hours of the meetings for the determination of examination papers and results.

III.—BOARDS OF EXAMINERS.

The different examinations will be conducted by Boards of Examiners.

1.—BOARD FOR THE MEDICAL PRELIMINARY EXAMINATION.

Registrar.
Examiners in Latin, Greek, and French.
Examiners in English and Mathematics.
Examiner in Sinhalese.
Examiner in Tamil.
Examiner in German.

2.—BOARD FOR FIRST PROFESSIONAL EXAMINATION.

Registrar.
Professor of Chemistry.
Professor on Physics.
Lecturer on Biology.
Assistant Lecturer on Biology.

3.—BOARD FOR SECOND PROFESSIONAL EXAMINATION.

Registrar.
Lecturer on Anatomy.
Lecturer on Physiology.
Lecturer on Materia Medica.
Lecturer on Practical Pharmacy.

4.—BOARD FOR THIRD PROFESSIONAL EXAMINATION, PART I.

The Principal Civil Medical Officer.
Government Assessor.
Registrar.
Lecturer on Pathology.
Lecturer on Medical Jurisprudence.
Lecturer on Hygiene.
Lecturer on Bacteriology.

5.—BOARD FOR THIRD PROFESSIONAL EXAMINATION, PART II.

The Principal Civil Medical Officer.
Government Assessor.
Registrar.
Lecturer on Medicine.
Lecturer on Clinical Medicine.
Lecturer on Surgery.
Lecturer on Clinical Surgery.
Lecturer on Midwifery.

6.—BOARD FOR APOTHECARIES' PRELIMINARY EXAMINATION.

This is the same as the Board for the Medical Preliminary Examination.

7.—BOARD FOR FIRST APOTHECARIES' EXAMINATION.

Registrar.
Lecturer on Anatomy.
Lecturer on Physiology.
Professor of Chemistry.
Assistant Lecturer on Biology.

8.—BOARD FOR SECOND APOTHECARIES' EXAMINATION.

Registrar.
Lecturer on Clinical Surgery.
Lecturer on Surgery.
Lecturer on Materia Medica.
Lecturer on Practical Pharmacy.
Lecturer on Hospitals Forms.
Lecturer on Hygiene.

IV.—DUTIES OF EXAMINERS.

It is the duty of every Examiner to—

1. Attend the meeting for determination of examination papers with his examination paper legibly written on the form supplied.
2. Supervise at the Examinations if called upon to do so.
3. To read and mark the examination papers.
4. To see that proper preparations are made for the Practical and *viva voce* examinations.
5. To attend and examine at the Practical and *viva voce* examinations.
6. To enter the marks on the mark form supplied. (Appendix VII.)
7. To attend the meeting for the determination of examination results.

V.—DUTIES OF THE GOVERNMENT ASSESSOR.

1. He shall read the examination papers of Parts I. and II. of the Third Professional, after they have been marked by the Lecturer, and he shall submit the marks allotted by himself.
2. He shall be present at the oral examinations, and may ask any question from the candidate which he thinks fit.
3. He shall record his opinion *re* any marks assigned and that of the Examiner in the subject, and shall finally decide the marks to be allowed.

VI.—METHOD OF ENTRY FOR EXAMINATIONS.

A Candidate must bring to the Registrar on or before the last day for entry for the examination as set forth in the College Calendar, the bank receipt for the examination fee, and the certificates of attendance as required by the rules in the College Calendar.

The Registrar shall duly examine the certificates, and if they are in order, as set down for the various examinations in the College Calendar, shall enter the candidate's name in the Examination Book and give him a ticket of admission (Appendix III.) and a receipt for his fees (Appendix IV.).

The Candidate must present this ticket at the door of the examination room, otherwise he will not be admitted.

VII.—METHODS OF CONDUCTING WRITTEN EXAMINATIONS.

All Examiners, except the Preliminary Examiners, are to bring the proposed questions legibly written on the form provided (Appendix V.) to the Board Meeting for the determination of the examination papers.

In case any Examiner is unavoidably prevented from attending the Meeting of the Board, he is to send the paper in a carefully sealed envelope addressed personally to the Registrar and marked *confidential*. Preliminary Examiners are to send the papers sealed and marked *confidential* to the Registrar by hand or post.

Medical Preliminary Examination.

X.—PLACES OF EXAMINATIONS.

The Written Examinations will be held in the large Lecture Hall, Students' Library, and Colonial Medical Library. The names of the different examinations held in a room being painted upon boards attached to the door.

Each candidate is given a place indicated by his name and supplied with pen, ink, and paper.

XI.—SUPERVISION OF EXAMINATIONS.

The supervision of examinations is carried out by the Examiners with the exception of the Principal Civil Medical Officer and the Government Assessor. The Registrar shall write a letter to each Examiner mentioning the time and place of the examination which he is to supervise. If an Examiner does not receive such a letter then he is not expected to supervise.

Supervising Examiners are expected to be strictly punctual. If through any cause whatever the Examiner finds that it is impossible for him to arrive at the time specified he must at once send written notification to the Registrar.

The Supervising Examiner on the first day of the examination must read out the following rules to the candidates :—

Examination Rules.

1. Candidates must present themselves for all the subjects of an examination at one and the same time.
2. The candidates must fill in the printed sheet (Appendix VI.) before commencing to answer the questions.
3. Each candidate must present his examination answers unfolded to the Presiding Examiner.
4. On no consideration whatever must the candidate write his name on the answer papers. A candidate so doing is liable to be disqualified at the discretion of the Examiners.
5. Any candidate more than fifteen minutes late shall not be allowed to enter the examination room.
6. No candidate shall be allowed to leave the examination room before the expiration of half an hour.
7. Any candidate detected talking to another candidate, using notes, or introducing into the examination room any means of assistance in the examination shall be instantly dismissed from that examination. His case shall be brought before the next meeting of the Council, and, if his offence is considered grave, he shall not be admitted to any future examination of the College.
8. At the discretion of the Examiners in any subject, on consultation with the Registrar of the College, a candidate may be informed that he has not obtained sufficient marks in the written examination to enable him to proceed with the practical.

The Written Answers.

The Supervising Examiner must place the written answers in an envelope sealed with the College seal and enclose with them :—

Copies of Examination Papers.

Mark Lists (Appendix VII.).

This packet is to be handed by him personally to the Registrar

XII.—DESPATCH OF PAPERS.

The Registrar is to despatch the written answers by post (registered) or by hand by the College peon to the Lecturer on the subject.

XIII.—MARKING AND TRANSFER OF PAPERS.

The Lecturer on the subject shall read and mark the papers and transfer them to the other Examiner on the subject.

XIV.—MARKS.

To insure uniformity the following method is adopted :—

Written Papers.—100 marks for each question, and then calculate percentage on the whole paper or papers, except in Anatomy, where the marks for the paper is 200.

Practical.—100 marks for each subhead of the practical and for the *visà voce* and then calculate percentage.

Total.—Add the written and practical percentages together and then calculate total percentage.

Marks for a Pass.—A minimum of 33 per cent. is required in the written and a separate minimum of 33 per cent. in the practical and oral examinations combined. No candidate is allowed to pass unless he obtains these minima separately. He must also obtain a minimum of 40 per cent. on the total marks of the whole examination.

Marks for a First Class.—Minimum 60 per cent.

Marks for a Medal or Scholarship.—Minimum 70 per cent.

XV.—THIRD PROFESSIONAL PAPERS.

In the case of the Third Professional Examination Parts I. and II. the written answers should be returned by the Examiner in a sealed envelope to the Registrar as soon as possible in order that he may forward them to the Assessor.

XVI.—CANDIDATES NOT ALLOWED TO PROCEED TO THE PRACTICAL EXAMINATION.

Examiners may inform the Registrar that a candidate should not be allowed to take up the Practical Examination because he has failed to get the minimum marks in the written examination. The Registrar should duly inform the candidate.

XVII.—DETERMINATION OF EXAMINATION RESULTS.

The Boards shall meet in the Registrar's Office on the day and at the time set forth in the form Appendix I. The Examiners shall bring the written answer papers and the paper of marks (Appendix VI.) to the meeting of the Board, when the number of marks assigned to each candidate will be finally decided, and the classification of the candidates, the failures, and the work to be done by the rejected candidates decided.

XVIII.—CONFIRMATION.

The Registrar shall lay the examination results before the Council for confirmation as shown by the signature of the Chairman. The Council will consider any case in which a candidate rejected for the First Professional Examination may be excused attendance for a second time on certain courses of instruction so as to enable him to proceed with the subjects for the Second Professional Examination.

XIX.—PUBLICATION OF RESULTS.

The Registrar shall publish the results after confirmation on the College Notice Board, and shall send copies to the Press, with a letter asking them to publish the same as soon as possible. The results of Part II., Third Professional, and Second Apothecaries' are to be sent also to the *Government Gazette*.

XX.—FAILURES.

The Registrar shall notify to each candidate (Appendix VIII.) of the subjects in which he has failed and in which he is weak, and the courses of instructions which the Council orders that he must re-take before being again allowed to sit for the examination.

XXI.—RULES FOR REJECTED CANDIDATES.

1. Any candidate failing to satisfy the Examiners in any one subject of an examination shall be rejected in the whole examination.

2. The rejected candidate shall be informed in which subject or subjects he failed to satisfy the Examiners, and at the same time shall be informed which courses of instructions he must attend before being again admitted to the examination.

3. The re-admission fee is the same as the admission fee.
