**NOTIFICATION No. 285.—GENERAL DEPARTMENT.**

In exercise of the power conferred by Act I. of 1870, the following rules for quarantine against cholera have been made by the Government of Bombay, with the previous sanction of the Governor-General in Council: they have effect from the 13th instant in the Port of Aden and at Perim as a temporary measure:—

I.—The commander of every vessel, including buggalows or other native craft, arriving from Bombay, shall, before entering the harbour, indicate by signal the port from which such vessel has come.

II.—Such commander shall not, except as hereinafter provided, allow any communication, either with the pilot boat, except orally, or with the shore, or with any other vessel or boat in the harbour.

III.—Immediately on arrival the commander shall cause the letter "R" of the Commercial Signal Code to be hoisted, and shall keep the said flag flying during his stay in port or until authorised by the Health Officer to haul it down. If communication with the shore is not desired, the vessel shall anchor at such place as may be pointed out by the Port authorities, having regard to the season of the year. If communication with the shore is desired, the Health Officer shall go alongside the vessel, and, after all necessary inquiries, shall direct the commander to take the vessel to the quarantine anchorage duly appointed and notified in that behalf by the Resident, there to remain for a period of seven days from the date of arrival, or for the shorter period prescribed in rule IV., and undergo disinfection, which should apply as well to crew, passengers, effects, and susceptible goods.

IV.—If the Health Officer of the Port has sufficient evidence that no cases of a suspicious nature have taken place on board during the voyage, and if the vessel is, besides, in good hygienic condition, the duration of the quarantine will be diminished according to the following scale:—

After eight days of voyage	...	...	six days of quarantine.
Do. nine do.	...	...	five do.
Do. ten do.	...	...	four do.
Do. eleven do.	...	...	three do.
Do. twelve do.	...	...	two do.
Do. thirteen do.	and upwards	...	twenty-four hours of quarantine.

V.—If during the period a vessel is at the quarantine anchorage aforesaid, any case or cases of cholera should occur on board, the said vessel shall remain in quarantine for a period of seven days from the date of the last case occurring, and be subject to all the prohibitions provided for in rule III.

VI.—When any vessel has been placed in quarantine as aforesaid, the Health Officer may direct the removal of so many of the passengers and crew as may not be suffering from illness, and whose services may not be required on board the vessel, to such particular spots as may from time to time be selected by the Resident as places of quarantine, there to remain for a period of seven days. If a case of cholera occurs among such passengers and crew during any such period, they shall remain in a place of quarantine for a period of fifteen days from the date of the occurrence of the last case of such illness.

VII.—Any mails or cargo which may be brought by any vessel so arriving shall be landed under such precautions as the Health Officer may deem necessary to prevent the spread of the disease.

VIII.—It will be the duty of the Port Officer to facilitate the conveyance to all vessels in quarantine of such supplies of provisions, stores, and other articles as may be required by those on board. Such supplies will be placed on the boats of the vessels in quarantine to be subsequently removed by members of their crews.

IX.—All vessels arriving at Aden and Perim which may have communicated with vessels coming from Bombay shall be subjected to the same quarantine as vessels arriving at Aden and Perim from that Port.

X.—All vessels which have undergone quarantine in the manner above prescribed should have the fact clearly stated on their bills of health.

## M I N U T E.

The following Draft of a proposed Ordinance is published for general information :—

An Ordinance to amend "The Land Registration Ordinance, 1877."

Preamble.

WHEREAS it is expedient to amend the Ordinance No. 5 of 1877, intituled "The Land Registration Ordinance, 1877": Be it therefore enacted by the Governor of Ceylon, by and with the advice and consent of the Legislative Council thereof, as follows :—

Construction and short title of Ordinance.

1 This Ordinance shall, so far as is consistent with the tenor thereof, be construed and read as one with the Ordinance No. 5 of 1877, intituled "The Land Registration Ordinance, 1877," and hereinafter referred to as "the principal Ordinance," and this Ordinance may be cited as "The Land Registration Ordinance, 1887."

Power to registrar to consolidate claims.

2 The registrar may, when he thinks fit, consolidate the claims of one or more persons made in pursuance of the provisions of the principal Ordinance, and the same shall then form the subject of one and the same investigation, and the record of all evidence, whether oral or documentary, taken by the registrar at such investigation shall be filed with any one of the statements of the claims so consolidated as aforesaid; and the finding or decision on each of such claims, and his reasons therefor, and all orders of the registrar in relation thereto, shall be duly entered on the said record, anything in the principal Ordinance to the contrary notwithstanding.

Claim of married woman on behalf of husband.

3 The registrar may, when he thinks fit, in respect of property held in community by a husband and wife, allow the wife to prefer a claim for and on behalf of her husband; and such claim when made may be dealt with in manner provided by the principal Ordinance as if such claim had been made personally by the husband or by his agent.

Power to registrar to accept claims at the investigation although not previously received or recorded.

4 At any investigation of disputed or undisputed claims, the registrar may, if he thinks fit, and he shall, when the other claimants consent thereto, receive and record any claim made by any person to or in respect of any land which has not previously been received or recorded under the provisions of the principal Ordinance. And every such claim so received and recorded as aforesaid shall be dealt with and disposed of in the same manner and subject to the same provisions as set forth in the principal Ordinance in respect of claims made under the 8th section thereof.

Power to registrar to issue writs of possession.

5 When the registrar shall have recorded, under section 12 of the principal Ordinance, on the statement of claims whether the title to the land or interest claimed is one of the first class or of the second class, or when the registrar shall have determined and decided upon the respective claims of the parties and recorded on the statement of claims whether the title made out is one of the first class or of the second class under the provisions of section 14, every claimant whose claim has been upheld, or his agent, may, on application to the registrar, obtain a writ of possession in the form A in schedule I. hereto, signed by the registrar, and the same may be enforced according to the terms thereof by the fiscal, in the same manner as if such writ was issued by a district court.

Proviso.

Provided that in any case in which an appeal is allowed to the Supreme Court under the 21st section of the principal Ordinance, no writ of possession shall issue before the expiry of the time allowed for such appeal, and that in the event of an appeal being taken the registrar may, after the Supreme Court has made order thereon, issue a writ of possession in conformity with such order.

Procedure in event of resistance to execution of writ of possession.

6 If in the execution of a writ of possession issued under section 5 the officer charged with the execution of the writ is resisted or obstructed by any person, or if after the officer has delivered possession the person placed by the officer in possession is hindered by any person in taking complete and effectual possession, the person in whose favour the writ of possession has issued or his agent may at any time, within one month from the time of such resistance or obstruction, complain thereof to the registrar, and the registrar shall appoint a day for the determination of the complaint, and intimate to the person obstructing the writ that he will be heard in opposition to the petitioner if he appears before the registrar for that purpose on the day so appointed.

Punishment of person obstructing execution of writ of possession.

7 On the hearing of the matter of the petition of complaint so made, the registrar, if he is satisfied that the obstruction or resistance complained of was occasioned by one or more of the unsuccessful claimants, or by some persons at his or their instigation, may sentence such unsuccessful claimant or claimants, or the person acting on the instigation of such unsuccessful claimant or claimants, to imprisonment for a term not exceeding thirty days, and direct the person in whose favour the writ of possession issued to be put in possession of the property.

Claims to property seized to be reported by fiscal and investigated by registrar.

8 If in the execution of a writ issued by the registrar any claim is preferred to, or objection offered against, the seizure or sale of any immovable or movable property which may have been seized thereunder as not liable to be sold, the fiscal or deputy fiscal shall, as soon as the same is preferred or offered, as the case may be, report the same to the registrar, and the registrar shall thereupon proceed in a summary manner to investigate such claim or objection, and shall record the evidence, whether oral or documentary, taken at such investigation, in a separate file; and his finding or decision thereon, and his reasons therefor, and his orders in relation thereto, shall be duly entered on the said record. And the record so made up shall be open at all reasonable times, upon application in writing first being made to the registrar, to the inspection of any party interested in such investigation, or his duly authorised counsel or agent, who shall be entitled to copies of such record or any part thereof, to be made at the expense of the party applying for the same.

Registrar may stay sale.

9 If the property to which the claim or objection applies shall have been advertised for sale, the sale may (if it appears to the registrar necessary) be postponed for the purpose of making the investigation mentioned in the preceding section. Provided that no such investigation shall be made if it appears to the registrar that the making of the claim or objection was designedly and unnecessarily delayed with a view to obstruct the ends of justice.

Claimant to adduce evidence.

10 The claimant or objector must on such investigation adduce evidence to show that at the date of the seizure he had some interest in, or was possessed of, the property seized.

Discretion of registrar to release the property claimed.

11 If upon the said investigation the registrar is satisfied that for the reason stated in the claim or objection such property was not, when seized, in the possession of the person against whose property the writ was issued, or of some person in trust for him, or in the occupancy of a tenant or other person paying rent to him, or that, being in the possession of the person against whose property the writ issued, at such time it was so in his possession, not on his own account or as his own property, but on account of, or in trust for, some other person, or partly on his own account and partly on account of some other person, the registrar shall pass an order releasing the property wholly, or to such extent as he thinks fit, from seizure.

Registrar may disallow the claim.

12 If the registrar is satisfied that the property was at the time it was seized in possession of the person against whom the writ issued as his own property, and not on account

of any other person, or was in possession of some other person in trust for him, or in the occupancy of a tenant or other person paying rent to him, the registrar shall disallow the claim.

Appeal to the Supreme Court from finding of the registrar.

13 If any party to any petition of complaint or to any investigation into any claim or objection against the execution of a writ be dissatisfied with any finding, decision, order, or sentence of the registrar given in respect of such petition of complaint or such investigation, he may within ten days after the pronouncing thereof appeal to the Supreme Court; and the registrar shall without delay forward to the said court the record so made up as aforesaid, and the said court shall make such order as the justice of the case may require; and such order as shall be made by the Supreme Court under this section the registrar shall duly carry into effect. Every such appeal shall be dealt with and disposed of in the same manner and subject to the same rules as appeals from orders of district courts are dealt with and disposed of.

Proviso.

Provided, however, that no appeal shall be so forwarded as aforesaid unless the appellant shall, within ten days from the date of such appeal, give security for the probable costs of the hearing or investigation and of the appeal, the amount whereof shall be fixed by the registrar.

Proviso.

Provided also that no appeal from any sentence of the registrar shall have the effect of staying the execution of such sentence, unless the appellant shall enter into a recognizance with or without sureties, as the registrar shall consider necessary, to appear and abide by the judgment of the Supreme Court upon the appeal.

Certificate to issue in name of deceased claimant.

14 In case a claimant shall die in the interval between the date of his claim being upheld under the principal Ordinance and the date on which the certificate of title shall be issued, the certificate shall be issued in the name of the claimant, and the land shall devolve in like manner as if the certificate had been issued prior to the death of the claimant.

Communication of partition to registrar.

15 Every person or persons partitioning any land after the investigation of the claims to it by the registrar has terminated, shall forthwith furnish information respecting such partition to the registrar, and shall deposit with that officer a map of such land. The map shall exhibit distinctly every allotment into which the land has been divided, marked with distinct numbers or symbols, and show the areas, and shall be declared to be accurate by a declaration of a licensed surveyor, in the form B in schedule I. hereto.

Surveyor.

No person shall be permitted to practise as a surveyor under this Ordinance or the principal Ordinance unless he shall have obtained a license from the surveyor-general in the form C in schedule I. hereto.

Effect of partition when property is subject to mortgage.

16 If at the time any partition shall be made under the provisions of the principal Ordinance an undivided share only of the land, and not the whole thereof, shall be subject to mortgage, the right of the mortgagee shall be limited to the share in severalty allotted to his mortgagor by and under the same conditions, covenants, and reservations as shall be stipulated in the mortgage bond, so far as the same shall apply to a share in severalty, and the owner of the share in severalty so subject to mortgage shall, without a new deed of mortgage, warrant and make good to the mortgagee the said several part after such partition as he was bound to do before such partition.

Effect of partition when property is subject to lease.

17 If at the time any partition shall be made under the provisions of the principal Ordinance the property shall be held under any lease, the tenant thereof, or of any part thereof, before such partition was made, shall be tenant of such part set out severally to the respective owners thereof, by and under the same conditions, rents, covenants, and reservations as they held by and under, before such partition; and the owners of the several parts so divided and allotted as afore-

said, shall, without any new deed of lease, warrant and make good to the said tenant or tenants the said several parts, severally, after such partition as they were bound to do before such partition.

Surrender of title deed on issue of certificate of ownership.

18 Every person entitled to a certificate of ownership under section 28 of the principal Ordinance shall, before the same is issued to him, deposit with the registrar every deed or instrument affecting the land referred to in the certificate.

Upon issuing a certificate of ownership the registrar shall endorse on every deed or instrument so deposited as aforesaid the nature of the certificate which has been issued in respect of the land described in the said deed or instrument. If any such deed or instrument shall relate to or include any property other than the land included in the certificate, the registrar shall return such deed or instrument to the person who deposited the same, but otherwise he shall retain such deed or instrument in his office; and no person shall be entitled to the inspection of any deed or instrument so retained, except upon the personal application or written order of the person who deposited the same, or any person or persons claiming through or under him or upon the order of some competent court.

Cancellation of certificate which has been superseded.

19 Upon the recovery of any land or interest therein, by any proceeding at law, from the holder of any certificate of title, the court shall recall and cancel every such certificate of title, and direct the registrar to cancel or correct any entry in the register book relating to such certificate of title; and the registrar shall give effect to such order and issue an amended certificate of title whenever necessary.

Power of registrar to correct errors.

20 The registrar shall, upon such evidence as shall appear to him sufficient in that behalf, correct errors in any certificate of title or in the register book, or entries made therein respectively, and supply omitted entries. Provided that, in the correction of any such error, he shall not erase or make illegible the original words, and shall affix the date on which such correction was made or entry supplied, and his initials.

Every certificate of title or entry so corrected or supplied shall have the like validity and effect as if such error had not been made or such entry omitted, except as regards any deed or instrument which may have been registered previous to the actual time of correcting the error or supplying the omitted entry.

Registrar may issue summons for the purpose of cancelling certificate of title.

21 In case it shall appear to the satisfaction of the registrar that any certificate of title has been issued in error or contains any misdescription of land or of boundaries, or that any entry in any certificate of title has been made in error, or that any certificate of title or entry has been fraudulently or wrongfully obtained, or that any certificate of title is fraudulently or wrongfully retained, he may summon the person to whom such certificate of title has been so issued, or by whom it has been so obtained, or is retained, or any person in whose possession such certificate may be, to deliver up the same for the purpose of being cancelled or corrected, or for the substitution and issue of such certificate of title as the circumstances of the case may require.

Registrar may apply to court to compel delivery of certificate of title.

22 In case such person cannot be served with such summons, or he shall refuse or neglect to comply with such summons, the registrar may apply to the district court having jurisdiction with respect to the land for which the certificate of title issued, to issue a summons for such person to appear before the court and show cause why such certificate of title should not be delivered up to be cancelled or corrected; and if such person, when served with such summons, shall neglect or refuse to attend before such court at the time therein appointed, it shall be lawful for such court to issue a warrant authorising and directing the person so summoned to be apprehended and brought before the court for examination.

Court may order delivery of certificate of title.

23 Upon the appearance before the court of any person summoned or brought up by virtue of a warrant as aforesaid, it shall be lawful for the court to examine such person upon oath and to order him to deliver up such certificate of title, and upon refusal or neglect of such person to deliver up the same pursuant to such order, to commit him to jail for any period not exceeding six months, unless such certificate of title shall be sooner delivered up.

Court may direct registrar to cancel certificate of title.

24 In such case, or in case a summons by the court cannot be served upon such person as hereinbefore directed, the court may direct the registrar to cancel or correct any entry in the register book relating to such land, and to substitute and issue such certificate of title and make such entries as the circumstances of the case may require, and the registrar shall give effect to such order.

Power to registrar to substitute name of person acquiring original claimant's interest in lieu of original claimant.

25 Every person who has acquired by purchase or otherwise the right, title, or interest in or to any land from a claimant subsequent to such claimant having delivered a statement of his claim or stated such claim to the registrar, and prior to the investigation of such claim by the registrar, shall personally or by his agent notify to the registrar his acquisition, and shall make his claim in writing or shall state verbally the particulars of his claim, and the registrar shall record in writing, and the claimant or his agent shall sign, such particulars in manner provided in the principal Ordinance; and the registrar, when satisfied that the person so notifying his acquisition has become legally entitled to the right, title, or interest of the original claimant to the land, shall proceed to investigate and decide the claim in manner provided by the principal Ordinance as if such person had originally stated his claim under the principal Ordinance.

When lands registered under section 26, all subsequent alienations and incumbrances to be registered in same book.

26 When the registrar has, under the provisions of the 26th section of the principal Ordinance, registered the lands situate in any division in a book bearing the name of such division or of the village or district wherein it is situated, all subsequent alienations or incumbrances affecting any right or interest to or in any such lands as, under the said section, has been registered in the said book, shall be registered by the registrar or registrars of lands in such book, and not in the books mentioned in the 37th section of the Ordinance No. 8 of 1863.

Repeal of section 22 of Ordinance No. 5 of 1877.

27 The following enactment shall be substituted for section 22 of the principal Ordinance, which is hereby repealed:—

So soon as the registrar shall have completed his inquiries respecting the lands in any division, he shall prepare a notice calling upon all persons who may assert a right adverse to that of any of the claimants whose claims have been upheld by him, to assert such right within six months from the date thereof; and every such notice shall be as near as may be in the form D in schedule I. hereto annexed.

Whenever in any section of the principal Ordinance or any other Ordinance reference is made to the 22nd section of the principal Ordinance, the same shall be taken and read as though the foregoing substituted enactment had been referred to therein.
