The drugs specified in Appendix A will be supplied free to the above Dispensaries by Government on approved requisitions.

Regulations referred to.

INSTRUCTIONS FOR THE GUIDANCE OF SUPERINTENDENTS OF ESTATES, AND OF DISPENSERS IN CHARGE OF ESTATE DISPENSARIES.

AN estate or group of estates which maintains a Dispenser and a suitable building for a Dispensary will be allowed a certain amount of drugs free by Government. Government encourages the establishment of such Dispensaries in the hope that treatment being placed within easy reach of the labourer, he will avail himself of it at a much earlier period in his illness than he probably would of that at the Government Dispensary, which is, as a rule, at a considerable distance from him.

At the earlier period the illness would most probably yield to such ordinary treatment as the Estate Dispensers are qualified to give; this would tend to lessen the number requiring Hospital treatment, and eventually the Hospital mortality, but Estate Superintendents are reminded that the employment of a Dispenser does not free them from their obligations to their labourers under the Medical Aid Ordinance, No. 17 of 1880.

Estate Dispensers are not sufficiently trained, and are therefore not considered qualified to treat serious illness, and in all such cases the District Medical Officer should be sent for to see the patient in terms of section 22. Superintendents are requested to see this rule duly carried out.

2. Such a Dispensary will be known as an "Estate Dispensary," and the drugs supplied to it being for the exclusive use of the estate labourers must not be put to any other use whatever.

3. A list of the drugs which will be supplied free to Estate Dispensaries by the Government is noted in Appendix A.

4. These drugs will be issued only to a certain amount, calculated at the rate of 50 cents per annum for each resident labourer.

5. Requisitions for these drugs are to be forwarded to the Principal Civil Medical Officer and Inspector-General of Hospitals twice a year, only on such forms as will be supplied.

6. The half-yearly requisitions for medicines from Estates Dispensaries in the Central, North-Central, and Uva Provinces should be sent so as to reach the office of the Principal Civil Medical Officer and Inspector-General of Hospitals, on January 10 and July 10 each year; those in the Southern Province on February 10 and August 10; and those in the Western, North-Western, and Sabaragamuwa Provinces on March 10 and September 10.

7. The half-yearly requisitions will be complied with within a month of their receipt.

8. Should drugs be required in the interval, they should be applied for on the form which will be supplied for the purpose.

9. Intermediate requisitions referred to in paragraph 8 will be complied with, with as little delay as possible, provided the cost of the drugs will not exceed the amount allowed by Government.

10. All the columns in the half-yearly and intermediate requisition forms must be carefully and accurately filled in, and the "remaining" column should bear the exact date on which the requisition is made up, and must show the quantities of medicines actually in stock on that date.

11. All requisitions must be signed by the Superintendent, and a certificate according to Appendix B must be attached, otherwise they will not be entertained.

12. Drugs other than those specified in Appendix A (provided they be in stock at the Civil Medical Stores) will be issued on application to the Principal Civil Medical Officer and Inspector-General of Hospitals, but only on prepayment of value.

13. On receipt of an application for drugs on payment, the applicant will first be informed of its cost, and the drugs will be issued without delay when cheque or postal or money order has been received. Drugs will also be issued per Valuo-payable Parcel Post when so desired.

14. All cheques or postal or money orders must be crossed, and made payable to the Principal Civil Medical Officer and Inspector-General of Hospitals.

15. Superintendents of scheduled estates can obtain from the Civil Medical Stores any drug on payment in the manner prescribed in paragraphs 12 and 13.

16. Medicines will not be compounded at the Civil Medical Stores, but such may be obtained from the District Hospitals and Dispensaries.

17. All applications for drugs should give full directions how the drugs are to be forwarded.

18. Surgical instruments and appliances, stationery, and equipment will not be supplied by Government.

19. Subject to the approval of the Principal Civil Medical Officer and Inspector-General of Hospitals the appointment of a Dispenser to the charge of an Estate Dispensary, continued employment, leave of absence, and the appointment of a temporary substitute shall rest with the Superintendent, who will also pay his salary and supervise his work.

20. It is to be clearly understood that an Estate Dispensary and its Dispenser form no part of the Civil Medical Department or of Government service, and that no pension rights are attached to the office.

21. The Dispenser may collect for the Superintendent, to be forwarded to the District Medical Officer of the station, all reports of births and deaths on the estate under his charge immediately after they occur. These reports are not to be signed by the Dispenser or any other person on the estate, except by the Superintendent himself, or, in his absence, by the person acting for him. This is a duty imposed on the Superintendent by clause 20 (e) of Ordinance No. 17 of 1880.

22. The Superintendent may note on the death report whether the patient was attended by the Estate Dispenser; but the fact of his having been so attended does not free the Superintendent of his obligation to send for the District Medical Officer, in terms of clause 20 (d) of the Medical Ordinance. The attendance of the Estate Dispenser cannot be considered as fulfilling the requirements of the Medical Aid Ordinance in serious cases.

23. The Dispenser shall request the Superintendent of the estate to send for the Medical Officer of the District to see any serious case or cases for which he may require a higher opinion, or in which removal to the hospital might be injurious to the patient, and he shall do so in all cases of prolonged midwifery.

24. The Dispenser shall bring to the notice of the Superintendent the condition of the lines or their surroundings likely to injuriously effect the occupants, and suggest remedies.

25. The Dispenser shall submit monthly a return to the Colonial Surgeon of the Province of the diseases treated at the Estate Dispensary on the form which would be supplied him for the purpose.

26. The Dispenser shall keep a register of the patients treated by him, and a book in which he is to record all the prescriptions compounded by him.

27. Rules for the guidance of the Dispenser as to hours of attending the Dispensary and visiting lines on the estate will be drawn up by the Superintendent.

28. The supply of drugs to an Estate Dispensary will cease when an estate or group of estates will no longer maintain a Dispenser.

29. Whenever the District Medical Officer or assistant is sent for to see a case on any of the estates provided with a Dispensary, either the one or the other must attend in person. In no case is an unqualified assistant or Apothecary to be sent.

NOTICE is hereby given that an examination for candidates wishing to enter the Third Class of the Clerical Branch of the Public Service will take place on Monday, August 13, 1906, and following days.

2. Applications for admission to the examination by persons not now in the Public Service must be addressed to the Director of Public Instruction, must bear a duly cancelled stamp of Rs. 10 with the words "Ceylon Stamp Duty" only, without the words "Judicial" or "Warehouse Warrant" printed thereon, and must be in the form (Schedule A) attached to this notice. Forms are to be obtained at any Post Office on application, or within four days' notice. A certificate of the registration of the candidate's birth showing him to be on August 13, 1906, between the ages of 18 and 21, and a certificate of good character signed by a responsible person,* to the satisfaction of the Director of Public Instruction, must be attached to the form of application. If a certificate of birth for a previous examination was sent in, reference may be made to it by mentioning name and date of examination. Affidavits will in no circumstances be accepted. In the case of candidates who submit certificates of registration in the register of past births, the certificates will only be accepted after consideration of the evidence by which the dates of birth were established. If the name appearing in the birth register differs, either by alteration or addition, from the name by which the candidate is known, the parent or guardian should, before obtaining a certificate, apply to the Registrar-General or his Assistant for such alteration in the manner set forth in section 7 of Ordinance No. 23 of 1900.

3. Clerks in Government service, from whatever funds they may be paid, who have completed three years' satisfactory service and are not members of the Customs, Postal, Survey, or Railway Departments, and those clerks employed by Provincial and District Road Committees, whose appointments date prior to July 1, 1875, are eligible for examination irrespective of age and without fee. Their applications (in the same form, Schedule A) for admission to the examination should be forwarded to the Director of Public Instruction through the Heads of their Departments.

4. Applications are to reach the Director of Public Instruction not later than 2 P.M. on Saturday, June 30, 1906; any applications received after that hour, by whatever cause delayed, will be absolutely rejected.

5. The Director of Public Instruction will return to the candidate his application, approved or disapproved as the case may be, after taking, if necessary, the orders of Government thereon. The approved application shall constitute the candidate's ticket of admission to the examination. Candidates presenting themselves for examination must produce to the officer appointed to supervise the examination at the station at which they present themselves their forms of application, approved by the Director of Public Instruction. A candidate not producing such form, whatever may be the reason for his not so doing, will be refused admittance to the examination.

6. Examinations will be held at Colombo and Jaffna only, in the places and under the supervision of the officers specified in Schedule B. Heads of Departments are required to grant to officers of their Departments, whose applications to present themselves for examination have been returned to them approved by the Director of Public Instruction, leave to present themselves at the most conveniently situated station at which the examination is to be held.

7. The examination will be competitive. The number of places assigned for competition will be thirty.

8. The successful candidates will be required to pass a medical examination as to their physical fitness for service in any part of the Island.

9. The subjects for examination are those set out in Schedule C to this notice. The examination shall be held in two parts: the first part, a qualifying examination in Handwriting, Spelling, and Arithmetic. Any candidate failing to obtain two-thirds of the marks allotted for Handwriting and half those allowed for Spelling and Arithmetic respectively shall be excluded from the remainder of the examination. Special attention will be paid to Handwriting, and candidates whose writing is untidy or illegible or contains defects in the formation of letters will be rigorously excluded. The kind of writing preferred will be that generally known as the "Civil Service" hand. The second part of the examination shall be in the remaining subjects in Schedule C. Should a candidate obtain less than one-third of the aggregate marks for the three subjects—Composition, General Paper, Précis Writing—or less than one-fourth marks in any other subject, or, if he be a Sinhalese or Tamil, less than one-half of the marks in his native language, such marks shall not be counted in his favour. In all the written papers marks will be deducted for bad writing and mistakes in spelling.

10. Clerks of the description given in section 3 above, who have served Government continuously for over six years, will be allowed to compete amongst themselves, and will be eligible, if they obtain a minimum of 66 per cent. in Writing and 33 per cent. in the other compulsory subjects, for seven of the appointments offered for competition. Three of the appointments will be reserved as prizes for deserving clerks of the same description, who have served Government continuously for ten years and upwards, to be selected irrespective of examination.
