34. Exhibits brought into Jamaica at any port of entry will be allowed to go forward to the exhibition buildings, under such arrangements for supervision by the Customs officers as may be deemed proper, without examination at the port of entry, and at the close of the exhibition will be allowed to go forward to the port from which they are to be exported. No duties will be levied upon such goods unless disposed of in Jamaica.

35. Immediately after the close of the exhibition, exhibitors whose exhibits are not under charge of the Commissioners shall remove their effects, and complete such removal within one month. Goods remaining after the expiry of the month will be removed by order of the Commissioners and sold for expenses, or otherwise disposed of under the direction of the Commissioners.

36. Each person who becomes an exhibitor thereby acknowledges, and undertakes to keep, the rules and regulations established for the government of the exhibition.

The exhibition, to be opened in January, 1891, will be managed by a Commission, His Excellency the Governor being at the head. This Commission has already been constituted by a Colonial Law.

A Committee has been formed in London, representing Jamaica interests in the United Kingdom, to co-operate with the organising body in Jamaica. The Committee, as at present constituted, is given above, the consent of Lord Knutsford to act as Honorary President being especially gratifying to all connected with the Colony. That the scheme has taken practical shape is proved by the fact that in the Colony alone over £16,000 has already been guaranteed, out of a total of £20,000 required.

The exhibition will comprise specimens of all Jamaica products : Sugar of all qualities and its allied industry of rum manufacture ; liqueurs, cordials, &c. ; coffee ; oranges, pine apples and fruits of all kinds ; pimento, cacao, annatto ; woods in all degrees of preparation for use ; spices, condiments, &c. ; fibres and fibrous materials ; cinchona bark, oils, essential oils, perfumes, &c. ; medicinal and economic substances ; works of art, pictures, fancy articles and ornamental work ; horses, cattle and live stock of all kinds. The botany and geology of the Island will also be fully illustrated.

There will also be exhibited specimens of goods imported into Jamaica from all countries.

It is hoped that all parts of the empire will add to the interest and completeness of this exposition by sending specimens and ornamental trophies illustrative of their productions.

The attention of merchants and manufacturers in the United Kingdom is especially invited. English goods find a ready market in a colony of nearly 650,000 people. It is also desired to show the advance of science in manufacturing tropical products. The engineering firms and manufacturers of machinery are requested to give their aid by exhibiting plans, drawings, models and specimens, so far as convenient, of actual machinery connected with such manufactures.

Shipowners are earnestly requested to co-operate by offering to take out specimens free of freight; and all who are interested in the commerce and productive prosperity of Jamaica are desired to give their help to an undertaking which must be beneficial to the Colony and all concerned in its fortunes.

As the exhibition will be made as attractive as possible, the question of hotel accommodation for visitors from all parts of the British Empire, from the Continent of Europe, and the United States and South America, will be considered, and details published in good time.

Communications and applications for forms and regulations to be addressed as early as possible to the Chairman, 1, Fen Court, London, E.C.

(1153) *Naikai (Setouchi)—Nagato Strait—Correction of Magnetic Variation.*

In October, 1889, the variation of the compass observed by Lieut. D. Yasuoka, R.N.M., at Nagato Strait is 4° 40' westerly. Thenceforth the charts and sailing directions should be so corrected.

This notice affects the following Hydrographic office charts: Nos. 143, 153, and 196.

(1154) *The same place as above—Extension of Moji Bank.*

With reference to notice to Mariners No. 408 of September 14, 1889, on the existence of a shoal approaching Moji bank, it has recently been ascertained by a survey of Lieut. T. Suzuki, I.J.N., that Moji bank has a tendency of gradual extension to south-westward, and it has extended about $2\frac{1}{2}$ cables in the same direction from the position of Moji buoy which now lies with Telegraph office bearing N. $55^{\circ} 10'$ W. and Moji-saki bearing N. $37^{\circ} 5'$ E. Hence it is found that the buoy has been moved southward about one cable from the position marked on the Hydrographic office chart No. 196.

The south-western extremity of this shoal with a depth of $2\frac{1}{2}$ fathoms (bottom shell) at low water springs lies with Telegraph office bearing N. $30^{\circ} 30'$ W. and Moji-saki bearing N. $41^{\circ} 50'$ E.

NOTE:—The depth of water off Moji bank changed considerably since 1884; also a shoal with a depth of $2\frac{1}{2}$ fathoms has been found in a N.-E. $\frac{1}{2}$ E. direction for a distance of about $\frac{1}{2}$ cables from Moji buoy. Mariners are therefore cautioned to exercise the greatest care in navigating in the vicinity of Moji buoy.

The bearings are magnetic, and variation $4^{\circ} 40'$ westerly in 1889.

This notice affects the following Hydrographic office charts: Nos. 143, 183, 196.

(3) The provisions of any existing or future Ordinance or Ordinances, or of any by-laws lawfully enacted thereunder by the said municipal council, relating to the assessment, recovery of, and exemptions from, the police rate within the limits of the Galle municipality, shall apply to the assessment, recovery of, and exemptions from, such water-rate.

Rate to be a first charge on house property, and to be paid quarterly in advance. 5 Such water-rate shall be payable on the first day of each quarter in respect of the water to be supplied during the three months next ensuing, and shall be a first charge upon every house, building, land, and tenement within the limits of the said Fort division, and shall take precedence over every mortgage, hypothecation, or encumbrance thereon whatsoever: Provided always that on each occasion that a claim for arrears is made in respect of any one house, building, land, or tenement, such first charge and hypothecation shall be, and it is hereby limited to, not more than twelve months' arrears of water-rate.

Proceeds of rate to be applied in repayment of loan. 6 The proceeds of the rate so levied (after payment of the expenses annually incurred in the supply of water and in the collection of the rate) shall be applied to the liquidation of the principal and interest of the loan hereby authorised, and to no other purpose whatsoever; and in the event of there being in any one year any surplus after due payment of the interest and sinking fund of the said loan in the manner hereinafter mentioned, such surplus shall be carried by the municipal council to the credit of the water-rate account, and shall not form part of the municipal fund, anything in the Ordinance No. 7 of 1887 to the contrary notwithstanding.

Loan to bear interest at five per cent. per annum.

7 The loan shall bear interest (including the amount required for a sinking fund as hereinafter provided) at the rate of five per cent., amounting to three thousand rupees per annum, which sum shall be paid in equal half-yearly instalments to the treasurer of this Colony by the municipal council of Galle on the 30th day of June and the 31st day of December in each and every year, until the principal and interest due on the loan hereby authorised have been fully liquidated.

Government to retain as interest four per cent. per annum on amount due, and to apply balance towards liquidation of debt.

8 Out of this sum of three thousand rupees the Government of this Colony shall be entitled to retain as interest four per cent. per annum upon the amount from time to time due to the Government in respect of the loan, and the balance of the said sum of three thousand rupees shall be annually applied to the liquidation of the principal sum of sixty thousand rupees until the same be extinguished.

If municipality fail to pay instalments under section 7, Governor in Executive Council may authorise government agent to collect water-rate. Proviso.

9 In the event of the municipal council failing to collect and pay into the colonial treasury any of the instalments declared to be payable under section 7 within thirty days of the same becoming due, it shall be lawful for the Governor, in Executive Council, to empower the government agent of the Southern Province to collect the water-rate independently of the municipal council. Provided, however, that no person who shall have paid his water-rate in respect of any quarter to the municipal collector shall be required to pay such rate in respect of the same quarter to the government agent; nor shall any person who has paid his quarter's water-rate to the government agent be required to pay such rate in respect of the same quarter to the municipal council.

Loan to be a first charge on the rates, taxes, &c., of the municipality.

10 The loan hereby authorised shall be a first charge on the rates and taxes, rents, and all other income and property whatsoever of the Galle municipality, and such charge and hypothecation shall take effect from the date at which this Ordinance shall come into operation.

NOTICES UNDER THE FOREST ORDINANCE.

WHEREAS I, Walter Edward Davidson, Assistant Government Agent, Chilaw, have been appointed Forest Settlement Officer under section 6 of Ordinance No. 10 of 1885; and whereas it has been proposed that the land, described in preliminary plan 1,880, within the limits defined in the Schedule hereunder, should be constituted a reserved forest:—

SCHEDULE.

North.—The chenas belonging to the village Mahagama and Elapahala.

East.—The Compass Para.

South and South-east.—The Madampe-Tambagalla road.

West and South-west.—The villages Bingireya, Tambagalla, Karawita Agare, and Tambagalla estate.

I do hereby give notice, as provided by the 7th clause of the said Ordinance, that from and after the date hereof no right shall be acquired in and over the land situate within the said limits, except by inheritance or succession, or under a grant or contract in writing made or entered into by or on behalf of the Crown, or by some person in whom such right or power to create the same is now vested; and on such land no new house shall be built or plantation formed, no fresh clearings for cultivation or for any other purpose shall be made, and no trees shall be cut for the purpose of trade or manufacture, except with the permission in writing of the Government Agent or Assistant Government Agent.

And I further give notice that the following consequences will ensue on the reservation of the land contained within the above-named limits:—

All rights in respect of which no claim has been preferred, and of the existence of which no knowledge has been acquired, shall thereupon be extinguished.

No right of any description shall be acquired in or over a reserved forest except by inheritance or succession, or under a grant or contract in writing made by or on behalf of the Crown, or by some person in whom such right, or the power to create such right, was vested when the Proclamation declaring the forest which it is intended to reserve to be reserved was published.

Right to pasture or forest produce which shall have been admitted shall not be alienated by way of grant, sale, lease, mortgage, or otherwise, without notice thereof to the Government Agent, except in the case of rights continued for the beneficial enjoyment of any land or house.

Any Forest Officer may, under certain restrictions, stop any public or private way or water-course in the reserved forest.

Any person who in a reserved forest—

- (a) trespasses or pastures cattle, or wilfully causes cattle to trespass;
- (b) causes any damage by negligence in felling any tree or cutting or dragging any timber;
- (c) wilfully strips off the bark or leaves or otherwise damages any tree;
- (d) in contravention of any rules made by the Government Agent of the Province in that behalf, hunts, shoots, fishes, poisons water, or sets traps or snares or guns, or uses any explosive substance—

will be guilty of an offence, and be liable on conviction to a fine which may extend to Rs. 50, or when the damage resulting from his offence amounts to more than Rs. 25, to double the amount of such damage.

Any person who—

- (a) makes any fresh clearing prohibited by section 8; or
- (b) sets fire to a reserved forest, or in contravention of any rules made by the Government Agent, kindles any fire or leaves any fire burning in such manner as to endanger the reserved forest or any part thereof;

or who in the reserved forest—

- (c) kindles, keeps, or carries any fire, except at such seasons and in such manner as the forest officer especially empowered in this behalf may from time to time notify;
- (d) fells, girdles, lops, tops, or burns any tree;
- (e) quarries stones, burns lime or charcoal, or collects, subjects to any manufacturing process, or removes any forest produce;
- (f) clears or breaks up any land for cultivation or any other purpose,—

shall be guilty of an offence, and be liable to be punished with imprisonment for a term which may extend to six months or with fine which may extend to Rs. 500, or with both, in addition to such compensation for damage done to the forest as the convicting court may direct to be paid. Such compensation, when awarded, shall be treated as a fine, shall be recovered as such, and shall not exceed the amount of fine which such court has power to impose.

Nothing in section 26 or section 27 shall be deemed to prohibit—

- (a) any act done in accordance with any regulation made by the Governor, or with permission in writing of a forest officer empowered to grant such permission;
- (b) any practice of chena cultivation permitted by the Forest Settlement Officer; or
- (c) the exercise of any rights continued under section 15 of Ordinance No. 10 of 1885, or created by grant or contract in the manner described in section 23.

Whenever fire is caused wilfully or by gross negligence in a reserved forest by any person having rights in such forest or having permission to practise chena cultivation thereon, or by any person in his employment, or whenever any person having rights in such forest contravenes the provisions of section 24, the Governor may (notwithstanding that a penalty has been inflicted under section 27 of Ordinance No. 10 of 1885, in respect of such fire) direct that in such forest or any specified portion thereof, the exercise of all or any of the rights of pasture or to forest produce shall be extinguished or suspended for such period as he thinks fit, and may withdraw any permission to practise chena cultivation in such forest or portion.

And I do hereby require every person claiming any right or making any claim to the land or any portion of land, within the above-mentioned limits, either to present to me at Chilaw before May 1, 1890, a written statement specifying, or to appear before me at Chilaw on or before May 1, 1890, and state the nature or right of claims.

Chilaw Kachcheri,
January 15, 1890.

The Minutes of November 8, 1889, were read and confirmed.

Before proceeding to the order of the day, the Hon. J. J. Grinlinton, by leave of Council, desired to express the pleasure with which he—and, he was sure, every other Member of this Council—received the announcement regarding the increase to the Chairman's salary, as a suitable recognition of the valuable services rendered to this Council by the Chairman. He would therefore move that the sense of satisfaction with which the announcement was received be placed on record. He would also take this opportunity to refer to the excellent services rendered by the Acting Mayor and Chairman, Mr. F. H. Price, and move that the Council do record their appreciation of those services.

Mr. C. Perera seconded.—Carried unanimously.

The Chairman begged to express his warmest thanks to the Hon. Mr. Grinlinton and the Members for the kind sentiments expressed towards him.

1. Pursuant to notice Mr. C. Perera asked "whether the case No. 1,959 of the Municipal Court, instituted by the Police against a tavern-keeper, has been postponed seven times, and how many other cases instituted against tavern-keepers are similarly postponed."

The Chairman stated that cases Nos. 1,958 and 1,959 had been postponed five times, and were now fixed for hearing on December 17; that No. 2,019 had been postponed six times at the time notice of the question was given, but it had been again adjourned only on the previous day on account of the absence of the detective constable; it was now fixed for hearing on January 8. The Chairman added that two other similar cases had been postponed twice, and were fixed for hearing on December 17.

2. Pursuant to notice Mr. Coomaraswamy moved that the letter from Mr. Dornhorst of June 10, 1889, be considered with reference to the general question put by him, namely: "Whether in an action against the Chairman personally he is open to accept a fee against the Chairman."

The Chairman seconded.

The letter having been read, the Chairman moved that this Council is of opinion that the point involved is one that may best be decided by Mr. Dornhorst himself.

Hon. A. de A. Seneviratna seconded.—Carried.

3. Pursuant to notice Mr. C. Perera moved "that in the opinion of this Council it is desirable to adopt a different system of accounts, as recommended in the Auditor's special report of May 10, 1886."

Mr. Alvis seconded.

The Chairman moved as an amendment that a committee consisting of the Chairman, Mr. V. W. Perera, Mr. C. Perera, and Mr. Alvis, three members to form a quorum, be appointed to suggest amendments in the present system of keeping accounts, with authority to employ and pay an accountant.

Mr. Coomaraswamy seconded. The Council divided on the motion:—

The consideration of this motion was, by leave of Council, deferred for the next general meeting.

5, 6. Statement of Receipts or Disbursements from January 1 to October 31 and from January 1 to November 30, 1889, and Progress Reports of work done for the same periods, were laid on the table.

9. A letter dated November 14, 1889, from the Council's Legal Adviser, stating his opinion that the proposed subsidy to the Volunteer Band cannot be justified as conclusive to public safety, health, or convenience, was read.

The Chairman moved that application be made to Government to amend the Ordinance No. 7 of 1887, with a view to give the Council the necessary power to vote funds for such a purpose as the maintenance of a public band.

Mr. C. Perera seconded.—Carried.

10. The consideration of the question of the erection of a new fish market and of the suppression of the private fish market in St. John's road was deferred.
