Power to extend provisions of Ordinance to certain towns.

3 It shall be lawful for the Governor, with the advice and consent of the Executive Council, by Proclamation in the *Government Gazette*, to bring the provisions of this Ordinance or such of them as shall be specified in such

Proclamation into operation within any municipal or local board town, or within any town or village which has been brought under the operation of "The Small Towns Sanitary Ordinance, 1892," or within the town of Nuwara Eliya, and in every such Proclamation the limits of such town or village shall be set out and defined, and the Governor, with the advice aforesaid, may from time to time revoke, alter, vary, or amend any such Proclamation.

Interpretation.

4 In this Ordinance, unless the context otherwise requires—

The word "parent" includes a guardian and any person who has the actual custody of a child.

The term "local authority" means, in the case of a municipal town, the municipal council; in the case of a local board town, the local board; in the case of the town of Nuwara Eliya, the board of improvement of Nuwara Eliya; and in the case of a town or village which has been brought under the operation of "The Small Towns Sanitary Ordinance, 1892," the board of health.

Presumption as to occupier of premises in which child resides.

5 The occupier of the premises in which any child usually resides shall be presumed to have the custody of such child until the contrary be proved.

Power of local authority to make provision for instruction in vernacular languages.

6 (1) Notwithstanding the provisions of any Ordinance to the contrary, it shall be lawful for any local authority, if they shall consider it expedient so to do, to make provision from the funds vested in them for the establishment and maintenance of one or more schools within the limits of their jurisdiction for the instruction of children in the vernacular languages.

(2) The expenditure which such local authority is hereby authorized to incur shall include the cost of acquiring and purchasing or renting sites for school buildings, of providing suitable school buildings, and providing the same with the necessary furniture, maps, books, and equipment, and of paying the salaries of a suitable staff of teachers, caretakers, and attendants, and of one or more attendance officers to be appointed as hereinafter provided.

(3) The site, buildings, furniture, and articles so acquired and provided shall be the property of the local authority.

Power to make by-laws.

7 (1) A local authority may from time to time make, and when made may revoke, amend, alter, or vary such by-laws as may seem necessary or expedient for the purpose of carrying out the provisions of this Ordinance, and may impose penalties for the contravention thereof not exceeding a fine of twenty rupees, and an additional fine not exceeding ten rupees per day in case of a continuing offence.

(2) No by-law, or revocation, amendment, alteration, or variation of any by-law shall have effect until the same is confirmed by the Governor, with the advice of the Executive Council.

(3) All by-laws when so confirmed shall be published in the *Government Gazette* in the English, Sinhalese, and Tamil languages, respectively, and from the date of such publication shall have the same force as if they had been enacted by this Ordinance.

(4) All such by-laws shall be laid before the Legislative Council if in session within one month of such publication, and if not in session within one month of the commencement of the session next ensuing, and in either case they shall be on the table during four sittings at least of the Council, and any by-law which has been disapproved by resolution of the Council shall cease to have any force or effect.

Purposes for which by-law may be made.

8 (1) The by-laws made under the last preceding section may apply to both boys and girls, or to boys only, or to girls only, and may provide among other things for—

- (a) Specifying the limits of any area within the jurisdiction of the local authority within which efficient provision has been made for vernacular education either by a school established under this Ordinance or by any existing school or schools registered by the Director of Public Instruction as a Government school or schools or as a school or schools receiving a grant-in-aid from Government. Such by-laws shall name the schools by which efficient provision is made as aforesaid for vernacular education.
- (b) Requiring the parent of any child between the ages of six years and twelve years old, or in the case of Mohammedan and Tamil girls between the ages of six and ten, residing within such area, to cause such child to attend one of such schools, unless he has made other adequate and suitable provision for the education of such child. A parent shall be deemed to have made adequate and suitable provision for the education of his child, if he proves that his child is in regular attendance at a school registered by the Director of Public Instruction for the receipt of a grant-in-aid, or at a school with regard to which an application for a grant-in-aid is under consideration, or at a school certified by the Director of Public Instruction to provide adequate and suitable instruction, or if he proves that he has made such other provision for his child's education as the Director of Public Instruction shall certify to be adequate and suitable, or if he produces a certificate from the Director of Public Instruction recommending that the child shall be exempted from compulsory attendance. Provided that no parent shall be convicted for not causing his child to attend such school, if he proves to the satisfaction of the magistrate that he has reasonable excuse for not causing such child to attend. A parent shall be deemed to have a reasonable excuse for not causing his child to attend school, if he proves that the child is prevented from attending by sickness or other unavoidable cause.
- (c) Determining the days on which and the hours during which children shall attend such school.
- (d) Prescribing, on the recommendation of the Director of Public Instruction, the course of instruction to be given in schools.
- (e) For every other purpose which may by the local authority be deemed necessary for carrying out the provisions of this Ordinance. Provided that nothing herein contained shall in any way restrict or be construed to restrict the generality of the powers conferred by the last preceding section, but such powers shall extend to all matters, whether similar or not to those in this section mentioned, as to which it may be expedient to make by-laws for the better carrying into effect of the objects of this Ordinance.

Religious
instruction.

9 (1) No religious instruction shall be given in any school established under section 6 of this Ordinance.

(2) No school in which religious instruction is given shall be named in any by-law made under clause (a) of the last preceding section as a school in which efficient provision is made for vernacular education, unless the local authority is satisfied—

- (a) That religious instruction is given only during the times specified in the school time table;
- (b) That religious instruction is not given to pupils of other denominations than that to which the school belongs, if the parents object.
- (c) That pupils who do not attend religious instruction are employed in other studies during the hours allotted to religious instruction;

(d) That such pupils, if their parents object to their being present in the room where religious instruction is given, are either allowed to study in some other part of the school premises during the hours when such instruction is given or their presence in the school during such hours is excused; and

(e) That a copy of sub-section (2) of this section in the English, Sinhalese, and Tamil languages is conspicuously posted up in the school.

Appointment of attendance officers.

10 It shall be lawful for the Director of Public Instruction, on the requisition of a local authority, to appoint one or more attendance officers to carry out the provisions of this Ordinance. Attendance officers so appointed shall be officers of the Government, and subject in all respects to the rules and regulations of the Public Service. The salaries of such attendance officers shall be fixed by the local authority, and shall be paid out of their funds.

Power of attendance officer to require information with regard to children.

11 It shall be lawful for any attendance officer appointed under this Ordinance to require the occupier of any premises to give full information with regard to the children residing in such premises and of the provision, if any, which is made for their instruction, and if necessary to produce such children before him for inspection.

Power of attendance officer to enter and search premises.

12 Whenever the occupier of any house, premises, or place refuses to give such information as aforesaid to the attendance officer, or gives information which the attendance officer has reasonable ground for believing to be false, it shall be lawful for the attendance officer, with the authority in writing of the Director of Public Instruction, if the house, premises, or place are within the jurisdiction of the Municipal Council of Colombo, and if such house, premises, or place are elsewhere, with the authority in writing of the chairman of the local authority, at any time between sunrise and sunset to enter and search such house, premises, or place, and the occupier of the same shall afford him all reasonable facilities for so doing; and every occupier who fails or refuses to afford such facilities shall be guilty of an offence, and liable on conviction to the penalties prescribed in the following section.

Penalties.

13 Any person who refuses to give an attendance officer any information which such attendance officer is authorized by this Ordinance to require, or wilfully gives information which is false in any particular, or wilfully obstructs any attendance officer in the discharge of his duties, shall be guilty of an offence, and shall be liable on conviction thereof to be punished with imprisonment of either description for a term which may extend to six months, or with fine which may extend to one hundred rupees, or with both.

How prosecutions are to be instituted.

14 (1) Every prosecution in respect of an offence under this Ordinance may be instituted by a written report made by an attendance officer and certified, where the offence is alleged to have been committed within the jurisdiction of the Municipal Council of Colombo, by the Director of Public Instruction, and where the offence is alleged to have been committed elsewhere by the chairman of the local authority, that such offence has been committed, being presented to a police magistrate or, in the case of a municipal town, a municipal magistrate.

(2) All fines imposed under this Ordinance shall be paid into the funds of the local authority.

Power of magistrate in certain cases to order child to be sent to certified industrial school.

15 (1) If any child of such age as to be liable to attend school habitually and without reasonable excuse neglects to attend such school, or is found habitually wandering about the streets and not under proper control, or in the company of disorderly or immoral persons or of reputed criminals, it shall be the duty of the attendance officer, after due

warning to the child and to the parents of the child, if they can be found, to present a written report, certified as provided by the last preceding section, to a magistrate, and the magistrate shall summon such child and the parents (if they can be found) before him, and if satisfied of the truth of the report may order such child, if a male, to be whipped in accordance with the provisions of "The Flogging Regulation Ordinance, 1904," or order any such child to be sent to any school or institution certified by the Governor under "The Youthful Offenders' Ordinance, 1886" (hereinafter referred to as "a certified industrial school"), for such period, not less than three months or more than six months, as to such magistrate shall seem proper.

(2) The costs of maintaining and educating the child at the certified industrial school shall be defrayed, in the first instance, by the local authority, but the magistrate may in his discretion issue an order to the parent of such child requiring such parent to pay the whole or any part of the costs of such maintenance, provided that such order may be made on the application of an attendance officer appointed under this Ordinance, and shall be made and enforced, so far as is consistent with the provisions of this Ordinance, in the manner provided by sections 32 to 37 inclusive of "The Youthful Offenders' Ordinance, 1886."

Procedure.

16 With regard to proceedings before a magistrate under this Ordinance or under any by-laws thereunder, the following provisions shall have effect :

- (1) In any proceeding for an offence under a by-law the magistrate may, instead of inflicting a penalty, make an order directing that the child shall attend school, and that if he fails to do so the person on whom such order is made shall pay a penalty not exceeding the penalty to which he is liable for failing to comply with the by-law.
- (2) Any magistrate may require by summons any parent of a child required by by-law to attend school to produce the child before him, and any person failing without reasonable excuse, proof whereof shall lie on the parent, to comply with such summons shall be liable to a penalty not exceeding twenty rupees.
- (3) When a child is apparently of the age alleged for the purpose of the proceeding, it shall lie on the defendant to prove that the child is not of that age.
- (4) A certificate purporting to be under the hand of the Director of Public Instruction stating that a child has reached a particular standard of education, or is or is not under adequate and suitable instruction, or stating that any school does or does not provide adequate and suitable instruction, or stating that any person has been appointed an attendance officer under this Ordinance, shall be evidence of the facts stated in such certificate.

Ordinance enacted by the Governor of Ceylon, with the advice and consent of the Legislative Council.

No. 13 of 1906.

An Ordinance to further amend "The Widows' and Orphans' Pension Fund Ordinance, 1898."

HENRY A. BLAKE,

Preamble.

WHEREAS it is expedient to further amend "The Widows' and Orphans' Pension Fund Ordinance, 1898,": Be it therefore enacted by the Governor of Ceylon, by and with the advice and consent of the Legislative Council thereof, as follows :

Short title.

1 This Ordinance shall be cited as the "The Widows' and Orphans' Pension Fund Ordinance, 1905," and shall be read as one with the Ordinance No. 1 of 1898, herein referred to as "the principal Ordinance."

Revision of pensions on basis of new tables.

2 The prospective pensions of the widows and orphans of public officers contributing to the fund on the 31st March, 1904, and the existing pensions of the widows and orphans of any former public officers who died previous to that date shall be revised on the basis of the tables in the schedule attached to this Ordinance as though such tables had been in force since the date of the establishment of the fund; and all existing pensions shall become payable at the revised rate as from the 8th March, 1904, provided that in any case in which the pension already guaranteed under the tables previously in force would be in excess of the amount to be calculated under the tables attached to this Ordinance the higher amount shall be allowed and guaranteed.

Valuation of funds and application of surplus.

3 After the pensions have been fixed according to the preceding section a valuation of the assets and liabilities of the fund shall be made as on the 31st March, 1904, precisely on the same conditions and assumptions as the valuation previously made under section 23 of the principal Ordinance, and 75 per cent. of the surplus disclosed by such valuation shall be applied in increasing the prospective pensions of the widows and orphans of the contributors to the fund at the date of valuation and of former contributors who have ceased to contribute on attaining the age of 65 or on leaving the service and the pensions of all existing pensioners in such shares and proportions as shall be recommended by the actuaries, having due regard to the principles laid down in this Ordinance and the principal Ordinance, account being taken in such division of the said 75 per cent. of the surplus of the fact that under the proviso to the preceding section certain pensions will have been fixed at a higher rate than is provided for by the tables attached to this Ordinance.

Calculation of pensions in respect of increments of salary of existing public officers.

4 All pensions accruing after the passing of this Ordinance in respect of increments of salary of existing public officers shall be calculated according to the tables attached to this Ordinance.

Resumption of payments by defaulting contributors.

5 (1) When the contribution of any person who has continued to contribute to the fund under section 13 or 14 of the principal Ordinance after ceasing to hold office in the public service of Ceylon is not paid for six months it shall be lawful for the directors, with the sanction of the Governor in Council, to allow such person to resume his contributions to the fund at the same rate and subject to the same terms and conditions as if he had not made default in paying his contribution as aforesaid, subject nevertheless to the following conditions, namely :

- (a) The directors shall not extend the benefit of this section to any person unless he satisfies the directors that his default in paying his contribution was due to inadvertence or accident, and unless he has applied to be allowed to resume his contributions within such time as the directors, having regard to the circumstances of the case, shall consider reasonable.
- (b) No person shall be allowed to resume his contributions to the fund unless he has first paid all arrears of contribution up to date with six per cent. compound interest.
- (c) The directors may, before allowing any person to resume his contributions to the fund, require him to pay to the credit of the fund, by way of penalty, such sum not exceeding fifty rupees as the directors may think proper.

(2) The provisions of this section shall extend to cases where the default in paying the contribution due to the fund has been made before, as well as to cases where such default shall be made after, the passing of this Ordinance.

Provisions with regard to officers appointed after commencement of Ordinance.

6 Public officers appointed after the passing of this Ordinance shall not be allowed to become contributors to the fund, anything in the principal Ordinance to the contrary notwithstanding; but abatements shall be made from the salaries or pensions of such public officers equivalent to the contributions and other payments which would have been levied from them under the provisions of the principal Ordinance, and shall be carried to the credit of the general revenue accounts of the Colony, provided that the sum so received shall not be assessable for military contribution under Ordinance No. 2 of 1898.

Computation of pensions of widows or children of such officers.

7 The pensions to which widows or children of deceased public officers appointed after the passing of this Ordinance are entitled shall be computed according to the tables attached to this Ordinance,* and such tables shall in their case not be subject to any revision as provided in section 23 of the principal Ordinance, and such pensions shall be paid out of the general revenue of the Colony, and are hereby made charges upon such revenue.

Application of principal Ordinance to such officers.

8 The provisions of the principal Ordinance, so far as the same are not modified by the provisions of the two preceding sections, shall apply to all public officers appointed after the passing of this Ordinance.

Quinquennial valuation of fund.

9 The actuarial valuations of the fund contemplated in section 23 of the principal Ordinance shall be made five years after the valuation provided for in section 3 of this Ordinance, and quinquennially thereafter.

Ages below or beyond should be taken at the limit shown. For the intermediate ages of the wives, interpolate by first differences, as follows:—

| | | | |
|---------------|---------------------------|------------------------------|---|
| | ^H ^W | | |
| Thus for 35 | 27 | the required result would be | ·3188 |
| Take, 35 | 25 | tabular result = | ·310 (i) |
| | 35 | 20 do. = | ·332 |
| | | Difference = | ·022 |
| One-fifth of | do. | = | ·044 |
| Two-fifths of | do. | = | ·0088 (ii) |
| | | (i) + (ii) = | ·3188 = required result ^H ^W 35 27 |

Table B.—The tabular results are shown (in eleven divisions) for every age of the husband from 20 to 64, and for every fifth age of the wife, commencing at age 15 and down to 65. Ages below or beyond of wives should be taken at the limit shown. The results corresponding to the intermediate ages of the wives should be obtained by interpolation, in the manner illustrated above for Table A.

Examples of the Method of Calculation to be followed in the use of the Table B in the case of Officers who commence to contribute at an earlier age than 20 next Birthday.

EXAMPLE (1): An officer aged 17 next birthday, having a wife aged 15 next birthday, enters the Fund. Assume that the officer is aged 20 next birthday, so that the multiplier taken from table B will be 6·05.

This officer receives an increment of salary at age 22 next birthday when his wife's age is 20. Assume that the officer's age is 25 next birthday, *i.e.*, his actual age 22, plus the difference between his actual age at entry and 20, which is three years. The multiplier taken from Table B will be 5·16.

EXAMPLE (2): An officer aged 19 next birthday enters the Fund as a bachelor, and five years later, when aged 24 next birthday, marries, his wife's age being 20 next birthday. The multiplier for the accumulated contributions paid during bachelorhood will be taken from Table A for the actual ages (husband 24 and wife 20), and will be ·422. With respect to the contributions paid after marriage, assume that the officer's age is 25 (his actual age plus one), so that the multiplier taken from Table B will be 5·16.

This officer receives an increment of salary when aged 39, when his wife's age is 35. Assume as before that the ages are 40 and 35 respectively, so that the multiplier taken from Table B will be 2·72.

NOTE.—It will be observed that this method takes account of the actual number of years for which the annual contributions will run. In example (1), when the officer receives the increment of salary at age 22 he has contributed to the Fund for five years, so that at the expiration of 30 years his contributions will cease. Similarly in example (2), when the officer marries at age 24, he also has contributed to the Fund for five years, so that although he is two years older than the officer in example (1), yet the unexpired period of contribution is the same in each case, and the wife's age is in each instance 20, so that no important error is involved in using the same multiplier for the two cases.

In using this Table, care should be taken to enter the proper division corresponding with the age at which the 35 years of contribution will cease.

Table C.—The tabular results are shown for the same range of ages as in Table A. Ages below or beyond should be taken at the limit shown. The results for the intermediate ages of the wives should be obtained by interpolation, in the manner illustrated above for Table A; but it should be carefully noted that the correction, in the case of this Table, is *subtractive*, and not additive, as in Table A.

ILLUSTRATIONS OF THE METHOD OF ASSESSING
THE PENSIONS.

9. The following is the mode of assessing the Pensions of Widows whose husbands were members as above, and in the Public Service of Ceylon :

First Wife's Pension.

A.—IN CONSIDERATION OF THE CONTRIBUTIONS PAID BY SUCH MEMBER DURING BACHELORHOOD.

RULE : Accumulate the contributions at 6 per cent. compound interest, and multiply the amount by the quantity found in Table A corresponding to the respective ages of the husband and wife at the time of marriage.

The product will give the annual pension to which the wife will be entitled on her husband's death, on account of his past contributions.

EXAMPLE : Thus, if the total contributions of such member during bachelorhood, when accumulated at the rate of 6 per cent. interest, amount to Rs. 300, and the ages of himself and wife at the time of marriage are 30 and 20 respectively, then $\text{Rs. } 300 \times \cdot 346 = \text{Rs. } 103\cdot80 =$ wife's pension.

B.—IN CONSIDERATION OF THE FUTURE ANNUAL CONTRIBUTIONS TO BE PAYABLE FROM THE DATE OF MARRIAGE.

(a) *In respect of the official income receivable at the time of marriage.*

RULE : Multiply the annual contribution by the quantity found in Table B corresponding to the respective ages of the husband and wife at the time of marriage.

The product will give the annual pension to which the wife will be entitled on her husband's death on account of his contributions in respect of the official income receivable at the time of marriage.

EXAMPLE : Thus, if such last referred member's official income at the time of marriage be Rs. 1,000 a year, and the annual contribution be Rs. 40 (to cease at age 55), and the ages of himself and wife at the time of marriage be 30 and 20 respectively, then

$$\text{Rs. } 40 \times 4\cdot05 = \text{Rs. } 162 = \text{wife's pension.}$$

(b) *In respect of increments made to the official income after marriage.*

RULE : Multiply the additional contribution by the quantity found in Table B corresponding to the respective ages of the husband and wife at the date of the increment of official income.

The product will give the additional annual pension to which the wife will be entitled on her husband's death in respect of his additional contributions on account of an increase of his official income.

EXAMPLE : Thus, if such last referred to member's official income be increased by Rs. 200 a year, and the then ages of himself and wife are respectively 35 and 25, then the further pension will be :

$$\text{Rs. } 8 \times 3\cdot26 = \text{Rs. } 26\cdot08 = \text{wife's further pension.}$$

C.—ASSESSMENT OF THE AMOUNT OF THE PENSION DURING THE TIME SUCH MEMBER IS A WIDOWER

When such member becomes a widower, a pension is to be supposed to attach for the benefit of a wife of exactly the same age as the late wife would have been, such pension either remaining unchanged in amount from that to which the late wife was entitled, or becoming subsequently augmented or reduced in the manner provided for by the Rules, according as such member's contributions increase or decrease from that time through variations in his official income.

The amount so determined is to form the basis for estimating the commencing pension to which a second wife becomes entitled at the time of her marriage.

EXAMPLE : Thus, if such last-referred to member becomes a widower, a pension of $(103\cdot80 + 162 + 26\cdot08) \text{ Rs. } 291\cdot88$ is to be supposed to attach for the benefit of a wife of exactly the same age as the late wife would have been, and the pension will continue at that amount until such

member's official income (and his consequent contribution) is either increased or decreased. If a further increment of Rs. 200 official income be made when such member is aged 40, and his late wife would have been aged 30, then the additional amount of supposed pension would be found by Rule 9 B. (b) thus :

Rs. $8 \times 2.52 =$ Rs. 20.16 = wife's supposed further pension.

Should such member re-marry, the amount to be used as a basis for estimating the commencing pension to which the second wife would be entitled would be either :

Rs. 291.88, if no augmentation had been made to the official income ;
Rs. 312.04, if an augmentation of Rs. 200 had been made to the official income at age 40, as above.

NOTE.—If there have been more than one wife, care must be taken to use always the age of the *last* wife.

Second Wife's Pension.

10 A.—PENSION TO WHICH A SECOND WIFE (OF SUCH MEMBER AS ABOVE) BECOMES ENTITLED ON MARRIAGE.

(a) *When the second wife at the time of marriage is of the same age as, or older than, the first wife would have been, if then alive.*

RULE : The pension is to commence at the amount as determined by article 9 hereof, and to remain stationary at that amount, unless and until such member's official income be increased or decreased.

(b) *When the second wife at the time of marriage is younger than the late wife would have been, if then alive.*

RULE : Take the pension as determined by article 9 hereof, and multiply it by the quantity found in Table C corresponding to the respective ages of the husband and that of his late wife at the time of the husband's second marriage ; multiply the last product by the quantity found in Table A corresponding to the respective ages of the husband and his second wife at the time of their marriage. The final product will give the commencing annual pension to which the second wife will be entitled on her husband's death, in respect of his official income at the time of their marriage ; and this pension is to remain stationary at that amount unless and until such member's official income be increased or decreased.

EXAMPLE : Thus, if at the date of re-marriage the age such member's first wife would have been is 35, his own age is 45, and that of the second wife is 30, then, if the pension to which the first wife if alive would have been entitled to, as found by article 9 hereof, be Rs. 291.88, then

Rs. $291.88 \times 3.896 \times .238 =$ Rs. 270.64 = second wife's commencing pension.

B.—INCREMENTS ON THE LAST-FOUND PENSIONS.

The second wives' pensions are to be augmented as often as their husbands have an increase of official income. Such augmentations to be calculated according to the principles and in the manner described in article 9 B (b) hereof, always taking the ages of the husband and wife as they stand at the date of the increase of official income.

Third and subsequent Wives' Pensions.

11. The rules laid down in articles 9 and 10 will apply, *mutatis mutandis*, to the case of pensions to a third, or any subsequently taken wife of a member as above. It should be borne in mind that the pension to the late wife, and the age she would have been at the date of the further marriage, are always to be taken as the basis for estimating the commencing-pension to which the new wife is entitled.

Abatement of Widows' Pensions.

12. When the official income of a member (as above) becomes reduced, either by abatement of the ordinary emoluments or by the grant of a permanent superannuation allowance, the widow's pension must be diminished by just the amount it would have been increased had the official income been raised instead of lowered.

For instance, if such member's official income become reduced by Rs. 250 per annum, the existing pension to which, by the foregoing Rules, the wife was entitled should be diminished by the amount of pension corresponding to a contribution of Rs. 10 per annum.

There would be no objection, in principle, to allowing such member to continue his old rate of contribution for the remainder of the 35 years, should he desire to do so, and so prevent a diminution of the pension; but, in that case, sufficient independent medical evidence should be produced that the state of his health is such that no financial damage to the Fund may be reasonably entertained. It is probable that a liberal construction of such a Rule would not operate adversely to the general interests, *provided that some means be adopted of checking this election in the case of the higher officials, where the pensions would generally be above the average.*

Pensions to Widows and Children of such Members as may have joined the Public Services of other Colonies.

13. The widow's pension should be based upon the estimated acquired interest that such transferred member takes in the then existing Fund at the date of his removal. This interest may, until the financial position of the Fund has been determined by a Valuation (art. 8), be assessed as shown below. Upon the occasion of the Valuation then next ensuing, and upon all future Valuations, the interest as above estimated, and others emerging between the periods of Valuation, should be determined or adjusted as the circumstances disclosed by such investigations may require, and according to the advice of the Actuary or Actuaries reporting.

14. The following Rules are applicable only up to the time of the first Valuation (art. 8), and they should be re-settled on the occasion of each Valuation by the Actuary, or Actuaries, then reporting:—

IF SUCH MEMBER BE A BACHELOR AT THE TIME OF HIS TRANSFER.

First Wife: His interest in the Fund should be taken as then, and according to Rule 9 A; and this amount should be further accumulated at 6 per cent. compound interest from the time of such transfer until his first marriage; and the pension that the widow thence arising is entitled to should be computed by the same Rule—regard being had to the cessation of further contributions, and to the accretion only of 6 per cent. compound interest upon the estimated assessed interest at the time of transfer.

EXAMPLE: Thus, if the total contributions of such member during bachelorhood and up to the time of transfer amount at interest to Rs. 200, and if this sum, when further accumulated at 6 per cent. compound interest, amount to Rs. 300 by the time of his first marriage, and if the ages of himself and wife at marriage are 30 and 20 respectively, then $\text{Rs. } 300 \times \cdot 346 = \text{Rs. } 103\cdot80 = \text{wife's pension.}$

Second Wife: Take the pension as above determined, and multiply it by the quantity found in Table C corresponding to the respective ages of the husband and that of his late wife at the time of the husband's second marriage; multiply this last product by the quantity found in Table A corresponding to the respective ages of the husband and his second wife at the time of their marriage (*vide* art. 9 C).

EXAMPLE: Thus, if at the date of re-marriage the age of such husband's first wife would have been 35, his own age is 45, and that of his second wife is 30, then, if the pension to which the first wife if alive would have been entitled to, as found above, be Rs. 103·80, then $\text{Rs. } 103\cdot80 \times 3\cdot896 \times \cdot 238 = \text{Rs. } 96\cdot24 = \text{second wife's pension.}$

Third, &c., Wife: For a third, or subsequently taken wife, take the pension for the last existing wife and proceed to adjust it in the manner shown for the case of the second wife.

15. IF SUCH MEMBER BE MARRIED, OR A WIDOWER, AT THE TIME OF HIS TRANSFER.

The widow's pension attaching to his then wife, or his supposed wife (if he be a widower) should be abated by just the amount that it would be increased corresponding to the amount of contributions that such member will cease to pay upon transfer from the Public Service of the Colony, and according to the principles laid down in art. 12. Again, this abated pension should be adjusted upon re-marriage, in the manner shown in art. 14, corresponding to the then ages of the husband and wife.

TABLE B.

This section of Table B is applicable only to the case of Officers who will be aged 55 next birthday when they complete their period of contribution.

The Yearly Pension, payable by Monthly Instalments, which a Yearly Contribution of 1, payable also by Monthly Instalments, will secure. The Yearly Contribution is to cease on the termination of 35 years from the date of the Officer's first Contribution after entry into the Fund.

It also includes every air-gun or other kind of gun from which any shot, bullet, or missile can be discharged, and every part of such air-gun or other kind of gun, but does not include any toy gun or toy pistol from which any shot, bullet, or missile is discharged by the force of a spring alone.

"Government agent" includes the assistant government agent of a district, but not the office assistant of any government agent. It also includes in respect of any province, judicial district, or judicial division any person specially appointed by the Governor, by notification in the *Government Gazette*, to issue licenses under this Ordinance within such province, judicial district, or judicial division.

"Peace officer" includes police officer and headman appointed by a government agent in writing to perform police duties.

Licenses how to be obtained.

5 Every person desiring to obtain any license mentioned in the last preceding section shall make application to that effect either verbally or in writing to the government agent of the province in which the applicant is for the time being residing, specifying the name and residence of the applicant and the number and description of the gun or guns for which a license or licenses may be required. Such government agent may thereupon issue to the applicant

in respect of each gun specified in the application a license as near as is material in the form A in the second schedule hereto.

Stamps on licenses.

6 (1) In respect of every such license there shall be levied a duty payable by means of stamps according to the following scale :

| For every single-barrelled gun, not being a magazine gun, revolver, or pistol | ... 1 0 |
| For every gun of any other description | ... 2 0 |

Persons licensed under existing Ordinance.

(2) Any person who at the commencement of this Ordinance is duly licensed under Ordinance No. 19 of 1869 or under "The Firearms Ordinances of 1901" in respect of any gun shall be entitled on application to the government agent to receive free of charge a license under this Ordinance in respect of such gun.

When dispensed with.

(3) It shall be lawful for the government agent, in any exceptional case in which in his discretion he shall see fit so to do, to issue such license free of stamp duty, but he shall forthwith report every such case to the Governor.

Guns may be marked by the government agent, if necessary.

7 Whenever any gun for which any license is required is not marked with such names or figures, or in such other manner as that the same may be readily identified, it shall be lawful for the government agent to whom the application is made, before granting the license applied for, to require the applicant to produce to him any such gun, and thereupon to cause the same to be marked, either on the stock or barrel, with some permanent mark, whereby the same may afterwards be known and identified, but in such manner as not to injure or disfigure the same; and such gun when duly marked shall, with the license relating thereto, be delivered to the said applicant; and the expenses attendant on such marking shall be defrayed by the government agent out of the public funds.

Register of licenses.

8 Every government agent shall register all such licenses so granted in a book to be kept for that purpose; and it shall be lawful for any person, at any time during office hours, to demand inspection of the said book, and also to take any copy or extract therefrom.

Proceedings where license is lost, destroyed, &c.

9 If any license granted under the provisions of this Ordinance shall be by any casualty destroyed, defaced, or lost, it shall be lawful for the person to whom the same shall have been granted to report the same to the government agent for the province wherein such person resides; and if such government agent shall be satisfied of the fact of such casualty or loss, he shall grant to such person a certificate as near as is material in the form B in the second schedule hereto, reciting such loss, and setting out the purport and effect of the license so lost, defaced, or destroyed, and such certificate shall be in lieu thereof and of like force and effect.

Proof of ownership.

10 The occupier of any house or premises in which any gun shall be found shall, for the purposes of this Ordinance, be deemed and taken to be the possessor of such gun.

License to make or sell guns.

11 (1) No person shall make or keep for or expose for sale, by way of auction or otherwise, any gun without a license from the government agent of the province, which license shall be as near as is material in the form C in the second schedule hereto, and shall be on a stamp of fifty rupees. Such license shall be annual only, and shall expire on the thirty-first day of December next ensuing after the issue thereof.

(2) Licenses issued under section 11 of "The Firearms Ordinances of 1901" shall, during the period for which they were issued, be deemed to be licenses issued under this Ordinance.

Dealers to keep record and make returns.

12 Every person licensed under section 11 shall keep a book in the form D in the second schedule hereto, in which he shall enter a correct description of all guns made or received by him and of all guns in any way disposed of by

him. Every such person shall also at the end of every month verify the number of guns in his possession and enter such number in such book; and it shall be lawful for the Inspector-General of Police, or any person authorized by him in writing, at any reasonable time, to take a copy of the entries in such book or of any portion thereof, and to examine the stock of guns of any such person licensed under section 11 and to see whether it agrees with the entries made in such book.

Notice of
transfer of gun.

13 It shall be the duty of every person who shall transfer any gun by way of sale or gift to any other person to give to the government agent, within one month of such transfer, a notice of such transfer stating the names and addresses of the transferor and transferee, the maker's name, number, and description of such gun, and the date and place of issue of any license in respect of the same.

Offences and
penalties.

14 The following penalties are imposed for the following acts, which are hereby declared to be offences under this Ordinance :

- (1) Any person possessing or having in his custody, or using or carrying any gun without a license therefor as required by section 4, or contrary to the terms of such license, shall be liable on conviction to a fine which may extend to twenty rupees, or imprisonment, rigorous or simple, for a period which may extend in the case of a first conviction to one month, and such gun shall be liable to confiscation in the discretion of the court. If such gun is proved to be the property of some person other than the person in whose custody it is so found, such other person shall be also guilty of an offence and liable to the same punishment, unless he proves that such first-mentioned person had such gun in his custody, or carried or used it without his knowledge or against his consent.
- (2) Any person who shall wilfully obliterate, or deface, or alter, counterfeit, or forge, any mark placed by any government agent on any gun under the provisions of section 7 hereof, or shall mark any gun with any mark resembling or intended to resemble any mark so used by such government agent with intent thereby to expose any person to any fine, or to defraud His Majesty of any stamp duty, or to commit any other fraud, shall be liable for every such offence to a fine which may extend to one hundred rupees.
- (3) Any person who shall have in his custody or possession for the purpose of his trade as a maker of or dealer in guns any gun without having first obtained a license as required by section 11, which license shall be still in force and unexpired, or contrary to the terms of such license, shall be liable to a fine which may extend to one hundred rupees. Nothing herein contained shall be construed to prevent any person licensed to possess a gun under this Ordinance from selling any such gun without having obtained a license under section 11.
- (4) Any headman or peace officer who, having good reason to know or believe any person to be guilty of having in his custody, or using, carrying, possessing, making, or selling any gun without a license as by this Ordinance required, fails to inform against such person, shall be liable to a fine which may extend to fifty rupees in respect of every failure so to inform against such person.
- (5) Any person who shall fail to perform the duty imposed on him by section 12 shall be liable to a fine which may extend to one hundred rupees.
- (6) Any person who shall prevent or obstruct the Inspector-General of Police, or any person duly authorized by him, from exercising the powers conferred by section 12, shall be liable to a fine which may extend to one hundred rupees.

may issue search
warrant.

Public servant
may arrest
without warrant.

16 It shall be lawful for any peace officer or headman, or any revenue or judicial officer, or any other Government officer authorized thereto in writing by the Governor, to call upon any person possessing, carrying, or using a gun to forthwith produce his license, and to arrest without a warrant any person possessing, carrying, or using a gun without a license as herein provided, and to detain such gun in his custody until such time as he can produce the same with the person arrested before a magistrate competent to try the offence for which such person shall have been arrested.

Police court to
have jurisdiction.

17 Every offence under this Ordinance shall be tried in the police court having jurisdiction over the division in which such offence is committed, and such court shall have power to impose the maximum fine prescribed by this Ordinance for such offence, notwithstanding that such maximum fine is beyond the ordinary jurisdiction of such court to inflict. And the provisions of sections 63-66, both inclusive, of the Ceylon Penal Code shall be applicable to the cases of all convictions under this Ordinance.

Half fines to the
informer.

18 It shall be lawful for the court, in the case of any conviction under this Ordinance, to direct that any sum not exceeding half the fine actually recovered and realized shall be paid to the informer.

Proof of license
to be on accused.

19 Whenever any person is charged under the provisions of this Ordinance with having in his custody, or using, carrying, possessing, making, or selling any gun without a license, the proof that such person is licensed shall be on such person; but it shall be lawful for the court to award a reasonable sum in lieu of costs to the accused against any person who has made a vexatious complaint against him, and such sum shall be recoverable in like manner as a fine imposed under the provisions of this Ordinance.

Compensation in
lieu of cost.

Prosecutions
when barred.

20 No prosecution shall be instituted against any person for any offence committed against any of the provisions of this Ordinance after the lapse of three months from the time at which the offence is alleged to have been committed.

Exemptions.

21 Nothing in this Ordinance contained shall render it necessary for any person employed in the Prisons Department in the custody or supervision of prisoners, or for any person serving in His Majesty's forces, or in any police force, or in any corps of pioneers or volunteers within this island, to obtain a license in respect of any gun intrusted to or used by any such person in such capacity.

Governor may
exempt from
Ordinance.

22 It shall be lawful for the Governor in his discretion from time to time, by writing under the hand of the Colonial Secretary, to exempt any person or the holder of any office during his tenure of such office from the operation of this Ordinance, and such exemption when made to cancel or revoke.
