PASSED ORDINANCES.

Ordinance enacted by the Governor of Ceylon, with the advice and consent of the Legislative Council.

No. 10 of 1906.

An Ordinance to amend the Law relating to the Protection of Wild Birds.

HENRY A. BLAKE.

WHEREAS it is expedient to amend the law relating to the protection of wild birds: Be it therefore enacted by the Governor of Ceylon, by and with the advice and consent of the Legislative Council thereof, as follows:

Short title.

1 This Ordinance may be cited as "The Wild Birds Protection Ordinance, 1906." and shall come into force on such date as the Governor, by Proclamation in the *Government Gazette*, shall appoint.

Repeal.

2 "The Wild Birds Protection Ordinance, 1886," is hereby repealed.

Penalty on person wounding or killing any bird specified in first schedule.

3 Every person who—

- (1) Knowingly wounds or kills any bird specified in the first schedule to this Ordinance; or
- (2) Exposes or offers for sale, or knowingly has in his possession, or exports or attempts to export from Ceylon, any part of any such bird killed after the commencement of this Ordinance—

shall be guilty of an offence, and on conviction thereof shall be liable to a penalty not exceeding twenty rupees for each wild bird, or part thereof, in respect of which the offence is committed.

Onus of proof on charge of unlawful possession, &c., of bird.

4 Where any person is proceeded against for having in his possession any part of a bird specified in the first schedule to this Ordinance, or for exporting or attempting to export any part of such bird, the proof that the bird to which the part belonged was wounded or killed without the limits of Ceylon or before the commencement of this Ordinance shall be on such person.

Power of government agent to declare close seasons for certain birds.

5 (1) The government agent of each province may, subject to the approval of the Governor from time to time, declare by notification in the *Government Gazette* and by such other means as to him shall appear expedient for giving due publicity thereto, what time shall be observed as a close season during which the birds named in the second schedule hereto shall not be destroyed in such province.

(2) The government agent may declare different close seasons for the different kinds of birds specified in the said second schedule, or he may declare one close season for both such birds.

(3) The government agent may limit such close season or close seasons to any particular district or districts in his province.

Penalties for shooting, taking, or possessing birds or their feathers or skins.

6 Any person who during the close season shall knowingly and wilfully shoot or attempt to shoot, or shall use any boat for the purpose of shooting or causing to be shot, any bird in respect of which such close season has been declared, or shall use any lime, trap, snare, net, or other instrument for the purpose of taking such bird, or shall expose or offer for sale, or shall have in his control or possession, during the close season, any such bird recently killed or taken, or the feathers or skin of any such bird recently killed or taken, shall be guilty of an offence and punished on conviction thereof by a fine not exceeding ten rupees.

Proviso.

Provided that a person shall not be liable to be convicted of exposing or offering for sale, or having the control or possession of, such bird recently killed or taken, or the feathers or skin of such bird recently killed or taken, if he satisfies the court before whom he is charged either—

- (a) That the killing or taking of such bird, if in a place to which this Ordinance applies, was lawful at the time when it was killed or taken; or
- (b) That such bird was killed or taken in some place to which this Ordinance does not apply; and the fact that the bird was imported from some place to which this Ordinance does not apply shall, until the contrary is proved, be evidence that the bird was killed or taken in some place to which this Ordinance does not apply; or
- (c) That he came into possession of such feathers or skin at a time when the killing or taking of the bird from which such feathers or skin were taken was lawful.

Penalty for refusing to give name and place of abode.

7 Where any person shall be found offending against this Ordinance it shall be lawful for any person to require the person so offending to give his name and place of abode, and in case the person so offending shall, after being so required, refuse to give his real name or place of abode, or give an untrue name or place of abode, he shall be guilty of an offence, and punished on conviction thereof by a fine not exceeding ten rupees.

Offences to be prosecuted before a police court or village tribunal.

8 All offences under this Ordinance may be prosecuted before a police court or village tribunal having in other respects jurisdiction; and it shall be lawful for such court or tribunal to award to the informer in any case any sum not exceeding a moiety of the fine actually recovered and realized.

Governor may extend or vary the close season, and make the same applicable to particular species of birds.

9 The Governor may, by order under his hand, extend or vary any close season or seasons appointed under section 5, and such extended or varied close season may, by the said order, be limited to any particular district or districts of any province, and to any particular species of birds, after the making of which order the punishments imposed by this Ordinance in respect of such birds shall in such district or districts apply only to offences committed during the time specified in such order. Every such order as aforesaid shall be published in the *Government Gazette*, and a copy of the *Government Gazette* containing any order made under this section shall be evidence of the same having been made.

Power of Governor to grant licenses to kill scheduled birds.

10 Notwithstanding anything in this Ordinance, the Governor, by writing under his hand, may, for such time and subject to such conditions as he thinks fit, authorize any person to kill for scientific purposes any bird specified in the schedules hereto, and he may also authorize such person to export the skins of such birds.

Power of Governor to alter schedules.

11 The Governor, with the advice of the Executive Council, may from time to time by order published in the *Government Gazette* declare that the name or names of any bird or birds shall be added to or expunged from the list of birds contained in either of the schedules hereto, and thereupon, and while such order remains in force, this Ordinance shall be read and have effect as if the name or names of the bird or birds so added had been inserted, or as if the name or names of the bird or birds so expunged had not been specified in the schedule mentioned in such order.

Certificate of Director of Colombo Museum.

12 The production of a certificate signed by the Director of the Colombo Museum with regard to any bird which is alleged to be a bird specified in either of the schedules hereto, or with regard to any part of a bird which is alleged to be part of a bird so specified, shall be sufficient *prima facie* evidence of the facts therein stated, and no proof need be given of the signature or official character of the person signing the certificate.

Clerk to the Council.

Assented to by His Excellency the Governor the Twenty-second day of March, One thousand Nine hundred and Six.

A. M. ASHMORE,
Colonial Secretary.

Ordinance enacted by the Governor of Ceylon, with the advice
and consent of the Legislative Council.

No. 16 of 1906.

An Ordinance to consolidate and amend the Law relating
to Irrigation Works and to the Cultivation of
Irrigable Lands in this Island.

HENRY A. BLAKE.

Preamble.

WHEREAS it is expedient to consolidate and amend the Ordinances relating to Irrigation Works and to the Cultivation of Paddy Lands and of other Irrigable Lands in this Island: Be it therefore enacted by the Governor of Ceylon, by and with the advice and consent of the Legislative Council thereof, as follows:

Short title.

1 This Ordinance may be cited as "The Irrigation Ordinance, 1906," and shall come into operation at such date as the Governor shall by Proclamation in the *Government Gazette* appoint.

Repeal.

2 There shall be repealed, as from the commencement of this Ordinance, the Ordinances specified in schedule I. to this Ordinance to the extent in the third column of that schedule mentioned.

Provided that—

- (a) Any district already constituted an irrigation district or declared an irrigated district under "The Irrigation and Paddy Cultivation Ordinance, 1889," or under any Ordinance by the said Ordinance repealed, and any district for which rules have already been framed by the Government Agent under section 10 of "The Paddy Cultivation Ordinance, 1867," shall be deemed to have been duly constituted irrigation districts under this Ordinance; and
- (b) Any rule now in force made under the said "Irrigation and Paddy Cultivation Ordinance, 1889," or under any Ordinance by the said Ordinance repealed, shall continue in force until otherwise provided; and
- (c) Any headman or other officer, village council or committee, elected, appointed, or established under the said "Irrigation and Paddy Cultivation Ordinance, 1889," or under any Ordinance by the said Ordinance repealed, shall continue and be deemed to have been duly elected, appointed, and established under this Ordinance; and
- (d) All rates, subscriptions, contributions, charges, and assessments established, leviable, or made under the said "Irrigation and Paddy Cultivation Ordinance, 1889," or under any Ordinance by the said Ordinance repealed, shall not be in any wise prejudicially affected by reason of the passing of this Ordinance, but may be enforced, levied, or given effect to as fully and effectually as if they had been established, authorized, or made under this Ordinance; and
- (e) Any specification, plan, estimate, or report prepared or made in pursuance of any of the provisions of the said "Irrigation and Paddy Cultivation Ordinance, 1889," or under any Ordinance by the said Ordinance repealed, shall be deemed to have been duly prepared or made under, and for the purposes of, this Ordinance; and
- (f) Any enactment referring to any Ordinance or enactment hereby repealed shall be construed to refer to this Ordinance or to the corresponding enactment in this Ordinance.

| | |
|--|---|
| Interpretation clause. | 3 In this Ordinance, unless the context otherwise requires— |
| | “Proprietor” means the owner of lands irrigable by any irrigation work, and includes the cultivator or person in actual possession of any such land and any person or persons nominated by a government agent to represent the Crown when Crown lands are irrigable by such irrigation work. |
| “Occupant.” | “Occupant” includes a person having the charge, management, or control of any land or premises. |
| “District.” | “District” means any korale, pattu, or village, or any other subdivision of a province which may from time to time be defined by the Governor by Proclamation in the <i>Government Gazette</i> . |
| “Water-course,” “channel,” “ela,” or “tank.” | “Water-course,” “channel,” “ela,” or “tank” include the banks and bunds of the “water-course,” “channel,” “ela” or “tank,” as the case may be. |
| “Majority of proprietors.” | “Majority of proprietors” means a majority consisting of two-thirds at least of the proprietors present. Provided that such majority shall represent at least one-third of the irrigable acreage; and if they do not represent one-third, then the votes of the proprietors representing two-thirds of the irrigable acreage shall constitute the majority. |
| “Contributions.” | “Contributions” includes all rates, subscriptions, charges and assessments made under this Ordinance or under any Ordinance thereby repealed. |

CHAPTER II.

IRRIGATION FUNDS.

| | |
|---|---|
| Abolition of Central Board of Irrigation. | 4 (1) The board created by “The Irrigation and Paddy Cultivation Ordinance, 1889,” and known as “The Central Irrigation Board of Ceylon,” shall cease to exist as from the commencement of this Ordinance. |
| | (2) But nothing in this section shall extend to invalidate any sanction or direction given or any act or thing done by the Central Board of Irrigation in exercise of the powers conferred on the board by the said “Irrigation and Paddy Cultivation Ordinance, 1889.” |
| Close of the irrigation fund. | 5 The irrigation fund which was by the above-mentioned Ordinance vested in the said Central Irrigation Board shall be closed as from the thirty-first day of December, 1904, and any sums then standing to the credit of the fund shall pass to and form part of the balances of the Colony, and the debts and liabilities of the board at such date shall become the debts and liabilities of the Colony. |

CHAPTER III.

IRRIGATION DISTRICTS.

| | |
|---|---|
| Governor in Council may proclaim irrigation districts. | 6 (1) It shall be lawful for the Governor in Council, by Proclamation for that purpose to be published in the <i>Government Gazette</i> , to declare any district an irrigation district for the management of matters connected with irrigation in the district. |
| Government agent to call public meeting of proprietors. | (2) The government agent shall, as soon as may be after the publication of such proclamation as aforesaid, call a public meeting of proprietors within such district for the purpose of determining by a majority of votes, as hereinafter provided, whether this Ordinance shall be carried into operation with the aid of headmen or of village councils, or of both. Provided that, in case the extent of the district should render more meetings than one necessary, the government agent may form several divisions of each district and hold a meeting in each division. |
| Proviso. | Provided further that whenever Crown lands are capable of being irrigated by any irrigation work, the government agent may by writing under his hand nominate any fit person or persons to represent the Crown at any such meetings. |

Public notice of such meeting.

7 The government agent shall, one month at least before the day of holding any such meeting, cause notices to be published throughout such district, in such manner as shall appear to him best adapted for giving the greatest publicity thereto, of the day and place appointed for holding such meeting and of the object for which the same is to be held; and shall in such notices call upon all proprietors within any such district or division to attend at such meeting.

Proceedings at such meetings. Appointment of committee to draw up rules.

8 (1) Every meeting so convened shall be held at the time and place appointed in the presence of the government agent; and at every such meeting every proprietor within the district or division for which the meeting has been called, who shall be present thereat, shall be entitled to vote.

(2) It shall be the duty of the government agent to explain to the proprietors the results that would, according to this Ordinance, follow from the adoption of the different modes of carrying the Ordinance into operation and the provisions generally of the Ordinance.

(3) The proprietors at such meeting shall determine by a majority of votes whether this Ordinance shall be carried into operation with the aid of headmen or of village councils, or of both and shall then appoint a committee of not more than twelve nor less than three persons to be associated with the government agent or with any person duly authorized by the government agent for the purpose of drawing up rules for the encouragement and extension of paddy cultivation and the enforcement of ancient customs relating thereto, and for consulting with and advising him in matters connected with irrigation in the district.

Provided that where more meetings than one are held for any district it shall be the duty of the government agent to see that each division is allowed to appoint its proportion of the committee to make up the number for the entire district. Provided also that if any members of such committee shall die or leave the district, or shall have been convicted of any infamous crime, or shall neglect or refuse to act, it shall be lawful for the government agent to appoint others in their stead who shall hold office for the remaining part of the period for which such members have been elected.

(4) The government agent shall enter or cause to be entered in the minutes of such meeting the questions or resolutions proposed thereat, and the number of votes given for and against the same; and shall, at the close of such meeting, sign the said minutes, and publicly declare the result of the votes given thereat, and shall cause the said minutes to be deposited in the provincial or district kachcheri.

(5) Committeemen elected under this section shall hold office for a period of five years, and at the expiration of such period a like number of committeemen shall be elected in their place in manner aforesaid. The committeemen who at the commencement of this Ordinance are in office shall hold office until the 31st December, 1906, when they shall be succeeded by committeemen elected as aforesaid. At any election outgoing committeemen shall be eligible for re-election.

Objections to votes how decided.

9 If at any such meeting any question shall be raised as to the right of any person to vote, it shall be lawful for the government agent then and there to make such inquiry as he may deem requisite, and to declare whether such person has the right of voting or not; and the decision so made shall be final. And an entry shall be made in the minutes of such meeting of any such question and of the decision thereon.

Majority to decide.

10 All questions or resolutions proposed at any meeting held under the provisions of section 8 shall be determined by a majority of the proprietors.

Government agent may make rules in districts where proprietors cannot publicly meet.

11 If owing to the sparseness of the population or the circumstances of the inhabitants of any district, or from any other cause, no public meeting of the proprietors within such district can be convened or held in manner hereinbefore provided, it shall be lawful for the government agent, after making due inquiry, to draw up such rules as are referred to in section 8 and generally for carrying out the purposes of this Ordinance. And this Ordinance shall in such districts be carried out with the aid of irrigation headmen appointed by the government agent, and such headmen shall have the powers and protections, and be subject to the duties and responsibilities, which headmen appointed provisionally or permanently under chapter IV. have or are subject to.

Mode of enforcing customs and rules.

12 Whenever an act shall be committed contrary to the said customs or rules, or a complaint be made or a question arise having relation to the matters provided for by this Ordinance, such act, complaint, or question shall be investigated and dealt with in manner provided in chapter IV. or chapter VI., according to the nature of each case.

CHAPTER IV.

IRRIGATION HEADMEN.

Headmen to be elected. Their duties.

13 If the result of the meeting referred to in section 8 should render it necessary, there shall be elected in the manner hereinafter provided one or more headmen for the district or division for which the meeting has been called, whose duty it shall be, subject to the direction and control of the government agent, to attend to all matters connected with the irrigation and cultivation of the paddy lands therein, and the maintenance of rights and works connected therewith, and to prevent, so far as in his power lies, any act, or omission, contrary to any rules made under this Ordinance or the ancient customs in reference thereto, or whereby damage may accrue to any of the proprietors.

Elections how conducted, &c. Appointment by government agent failing election.

14 (1) The headmen shall be elected by a majority of the proprietors.

(2) It shall be lawful for the government agent at any time to dismiss any headman elected or appointed under this Ordinance or under any Ordinance hereby repealed, who shall be guilty of any misconduct in the execution of his office; and in every such case, or in the case of any vacancy by death or resignation, the government agent shall, by proper and reasonable notices, summon a meeting of the proprietors of the district or division in respect of which a new headman is required; and at such meeting another headman shall and may be elected by such majority as aforesaid. In case no person shall be elected at any such meeting for the office of headman, the government agent shall himself appoint a person to such office, and it shall be further lawful for the government agent to appoint a headman provisionally until one can be elected.

Duties of headmen.

(3) No person who has been convicted of any infamous crime shall be eligible to be elected or appointed a headman.

Proviso,

15 Whenever any act shall be committed contrary to ancient customs or rules, or whereby damage may accrue to any of the proprietors within any such district or division as aforesaid, the headman thereof shall forthwith repair to the spot, and, if the act complained of be of a nature to call for prompt action to prevent injury, shall take such steps as shall be necessary to remedy the evil likely to result; and shall forthwith report the matter to the government agent. Provided that whenever the headman can safely defer taking any steps until he shall have been able to communicate with the government agent, it shall be his duty to desist from action until he shall have received the instructions of the government agent. And provided further, that in cases where the headman shall have taken prompt action to prevent injury, such prompt action shall not be held to prevent the act complained of being investigated by the village council in districts where both systems exist.

Mode of recovering expenditure incurred by headmen.

16 Whenever a headman shall incur any expenditure in the execution of his duty as aforesaid, and the person in consequence of whose act such expenditure was incurred shall deny his liability to pay the same, or fail to satisfy it, the government agent shall, on his being satisfied that such expenditure was properly incurred, and that it is reasonable, sign a certificate thereof setting out the name of the person in consequence of whose act such expenditure was incurred, the amount thereof, the nature of the act complained against, and the name of the headman by whom the expenditure was incurred, and transmit the same to such person. And if such person shall fail to pay the same within ten days from the service of the certificate, the government agent shall proceed to recover the same as provided in chapter IX. of this Ordinance.

Liability of headmen.

17 If any headman shall fail or neglect to perform the duties devolving upon him, or shall act in excess of the authority hereby conferred upon him, or in bad faith, or without probable cause, or wantonly and maliciously, he shall, besides being answerable in damages to the person injured by his act or omission, be guilty of an offence, and be liable to a fine not exceeding thirty rupees.

Resistance to headmen.

18 Any person unlawfully resisting, molesting, or obstructing any headman in the execution of any duty imposed upon him by this Ordinance shall be guilty of an offence, and be liable to a fine not exceeding thirty rupees.

Payment to irrigation headmen.

19 It shall be at the discretion of the committee appointed under section 8, or for the government agent if no committee shall have been appointed, to award remuneration to irrigation headmen for their services as such, either in kind from the produce of the district or division for which each such headman shall be appointed, or in money, and the proprietors of the irrigable lands within such district or division shall be liable to make such remuneration, and in case of default the same shall be recovered from them as is provided in chapter IX. of this Ordinance.

CHAPTER V.

RULES FOR ENFORCING CUSTOMS.

Rules how to be made valid and binding.

20 All rules framed under the provisions of section 8 or 11 shall be transmitted by the government agent to the Governor, for approval or disallowance thereof by the Governor in Council; and in case such rules shall be approved, notice of such approval shall be given by Proclamation; and the said rules shall be published in English and in the vernacular language or languages of the district in the *Government Gazette*, and in the district in such manner as to the Government Agent shall seem expedient, and shall thereupon become binding upon all proprietors within the said district, and shall be as legal, valid, and effectual as if the same had been inserted herein.

Rules may be added to, amended, or repealed.

21 The government agent may, if to him it shall seem advisable, and shall upon the requisition of a reasonable number of the proprietors of the district where any rules for the enforcement of ancient customs are in force, call a public meeting of the proprietors for the purpose of adding to, amending, or repealing such rules, or any of them, or he may in any case in which he shall have drawn up rules under the provisions of section 11 himself, add to, amend, or repeal any such rules, or draw up new rules in lieu thereof. Provided that any alteration of any rules so in force, whether by way of addition, amendment, or repeal, made by proprietors under the provisions of this section, shall be determined on at a public meeting duly convened in manner provided by chapter III., and by a majority as required by section 10, and under and subject to the provisions with regard to original rules contained in the said chapter, and that all such

alterations and all alterations by way of addition, amendment, or repeal, and all new rules made by the government agent under the provisions of this section, shall be transmitted for approval or disallowance by the Governor in Council, and shall, if approved, be published as in section 20 provided.

CHAPTER VI. VILLAGE COUNCILS.

How village councils are to be convened, and their mode of procedure.

22 Whenever it shall seem to him necessary to convene a village council in any district in which the proprietors have under section 8 determined to adopt the aid of such councils, the government agent shall cause notice to be given in the village where the party complained against resides, or where the act or omission is alleged to have taken place, in such manner as shall appear to him best calculated for making the same generally known to the parties concerned, of the time and place appointed by him for the investigation of such complaint; and at the appointed time and place the complaint shall be publicly inquired into by the government agent, or some person deputed in writing by him for the purpose as president, assisted by a village council chosen in manner hereinafter provided. Every such inquiry shall take place in the presence of the party complained against, who shall have full liberty to make his defence before such council. And if such village council shall, at the close of the inquiry, be of opinion that the party complained against has committed a breach of the rules, or ancient customs, and such opinion shall be concurred in by such government agent or person deputed as aforesaid, the village council shall forthwith award and adjudge that the person so offending do pay a penalty not exceeding thirty rupees.

Deputation to convene village councils, and to act as presidents thereof, need not be special.

Provided that village councils may be convened by any person deputed by the government agent in any irrigation district, and such deputation, as well as the deputation to be given by the government agent under this section to any person to act as president in inquiring into any complaint of the nature herein referred to, need not be special in each case: a general deputation to any person in the district to convene village councils when necessary, or to act as president thereof, will be sufficient.

Village council how constituted.

23 (1) The village council shall consist of not less than three nor more than seven men, selected by the president of such council from among the proprietors of irrigable lands situated in the district. The government agent, or the person deputed by him for the purpose, shall be the president of such council, and shall conduct and keep a record of the proceedings thereof.

(2) In case of any difference of opinion between the president and the councillors or any of them, the opinion of the president shall prevail and shall be taken to be the decision in the case, but in every such case a record shall be made of such difference of opinion.

Government agent or person authorized by him to try breaches of rules.

24 It shall be lawful for the government agent, or any person by him authorized thereto under his hand, to inquire into breaches or alleged breaches of any rules made under section 11, and to hear, try, and determine all questions concerning the same, and to adjudge and award that parties complained against do pay the penalty fixed by section 22 or any penalty prescribed by such rules.

Proceedings to be filed of record in the kachcheri.

25 It shall be the duty of the government agent or the person authorized by him as aforesaid to record in writing the proceedings at such inquiry, and to transmit such record to the kachcheri to be there filed of record.

And to be summary and free from any formalities.

26 (1) The proceedings before the village council, government agent, or person authorized by him as aforesaid shall be summary, and not subject to the formalities of judicial proceedings, and it shall be the duty of such council, government agent, or authorized person to do substantial justice on

all questions coming before them or him, and no advocate, proctor, or agent shall be permitted to appear on behalf of any person concerned in or affected by such proceedings.

(2) In any such proceedings the president or the government agent or the person authorized by the government agent may by summons require the attendance of any person complained against. If such person fails to attend as so required, the president or the government agent or authorized person may thereupon issue a warrant to secure his attendance.

(3) The Governor in Executive Council may from time to time make rules regarding the form and manner of proceeding to be observed in such proceedings, the process to be issued therein and the mode of enforcing the same.

(4) The provisions of section 50 A of "The Village Communities' Ordinance, 1889," shall be applicable to summonses and warrants issued under this Ordinance by any president, government agent, or person authorized by a government agent.

No appeal or injunction allowed, but party aggrieved may petition the Governor after applying for relief in the first instance to the government agent.

27 No appeal shall lie to any court against the decision or award of any such council, government agent, or person authorized as aforesaid by a government agent, on any plea or pretext whatsoever, nor shall any injunction be issued by any court in respect of any matter of which they or he may take cognizance by virtue of this Ordinance; but it shall be competent to the government agent to take action in any case in which any person feeling aggrieved by any such decision may apply to him for relief, and to make, or direct to be made, further inquiry into the matter in question, or to order a new inquiry, or to modify or reverse the decision.

Proviso.

Provided always that it shall be the right of any person feeling aggrieved as aforesaid to apply to the Governor by petition if he should fail to obtain the desired relief in the first instance from the government agent; and it shall be lawful for the Governor in Council to direct further inquiry, or to confirm, modify, or reverse such decision.

Proviso.

Provided also that the powers conferred by this section on the government agent to take action in any case in which an aggrieved person may apply to him for relief, shall not be exercised unless application for that purpose shall be made to him in person or by a written petition within fourteen days, exclusive of Sundays and public holidays, from the date on which the decision complained of shall have been given; and no petition to the Governor under this section shall be entertained unless the same is received within fourteen days, exclusive of Sundays and public holidays, from the date on which the decision of the government agent shall have been communicated to the petitioner.

Penalty for breach of rules how enforced.

28 Whenever any person shall be adjudged by such council, government agent, or person authorized as aforesaid, to pay any penalty as aforesaid, the president of such council, the government agent, or authorized person may, unless the same be paid forthwith or within such time as the government agent or person authorized may allow, order the amount of the penalty to be recovered in manner provided by chapter IX. of this Ordinance, or he may sentence the defaulter to simple or rigorous imprisonment for any period not exceeding one month; provided that no sentence of imprisonment shall be carried into execution unless confirmed by the government agent. And every fiscal or deputy fiscal shall, within the province or district for which he is respectively empowered to act, execute such sentence, and the provisions of sections 5, 8, and 81 of "The Prisons Ordinance, 1877," shall extend and apply to warrants of commitment issued by such president, government agent, or authorized person in pursuance of such sentence.

Appropriation
of penalties.

29 In awarding any penalty, it shall be competent for such council, government agent, or authorized person to direct such portion thereof as they or he shall deem fit to be paid when recovered to the person injured or aggrieved by the act or omission in respect of which such penalty has been imposed (on condition that such person, if he shall accept the same, shall not have or maintain any suit for the recovery of damages for the loss or injury sustained by him by reason of such act or omission), and such other portion thereof when recovered, as they or he shall deem fit, to the persons employed to do the work which ought to have been done, or to repair the mischief done, by the defendant. The balance, if any, shall be appropriated in aid of such minor irrigation works, or in remuneration of irrigation headmen, as the government agent shall determine.

CHAPTER VII.

CONSTRUCTION, REPAIR, AND IMPROVEMENT OF IRRIGATION WORKS.

Meeting of
proprietors

30 In case it is proposed to—

- (a) construct a new irrigation work : or
- (b) to repair, improve, or extend an existing irrigation work—

it shall be lawful for the government agent to call a meeting of the proprietors of lands likely to be found irrigable to determine whether it is expedient that such action should be taken, and if so whether or not Government aid is necessary.

For the purposes of this Ordinance, an ancient irrigation work if totally abandoned shall be considered a new work.

Procedure where
Government aid
is not necessary.

31 (1) If the majority of proprietors shall determine that such action should be taken, but that Government aid is not necessary, they shall further proceed to determine the rate of contribution towards the work in money or in labour payable by each proprietor in respect of each unit of measurement of his land, and their decision shall be recorded and be binding on all the proprietors of lands capable of being irrigated by the work.

(2) The government agent shall proceed in such manner as to him may appear expedient to prepare a specification, showing the several lands capable of being irrigated, with the names of the proprietors and the contribution in money or in labour payable by each in respect of his land, and such specification shall be conclusive proof that the contribution set against each land shall be due and payable by the proprietor thereof.

(3) In case it is found that the first estimate of the probable cost of the work is inadequate, and that the total contributions shown in the government agent's specification are insufficient to meet the total cost, it shall be lawful for the government agent to call a further meeting to determine the rate of further contributions and to amend his specification and to increase the several contributions to meet the deficiency ; and the amended specification shall be binding on the several contributories in place of the former specification ; and, in like manner, if the estimate of cost is found to be too great, the government agent may *pro rata* diminish the charge on the several contributory proprietors.

The government agent may from time to time amend any specification under this and the preceding sub-section which may be found to be incorrect or defective.

Construction
and repair of
irrigation works
with the
assistance of
Government.

32 (1) If the majority of proprietors shall determine that—

- (a) a new irrigation work should be constructed ; or that
- (b) an existing irrigation work should be repaired, or improved, or extended—

and that Government aid is necessary, the government agent shall record such determination, and shall further record the rate of contribution which the majority of

proprietors may by resolution determine that they are willing to offer in return for such aid; and he shall likewise prepare a report setting out the area of the land which it is expected will be capable of irrigation by the proposed work, the names of the several proprietors, and the probable aggregate returns, provided the contributions determined to be offered by the proprietors are accepted by the Governor; and shall submit the application of the proprietors with his report and recommendation for the order of the Governor.

(2) Upon such application, and after such inquiry as may be deemed expedient, the Governor may—

- (a) Direct that no further action be taken in the matter; or
- (b) Cause a plan and estimate of the cost of the work to be prepared; and
- (c) If he sees fit cause a survey of the land capable of being irrigated by the proposed work to be made, or a computation of the irrigable area to be made in such other way as he may deem expedient;

and, if he considers the contributions determined to be offered by the proprietors insufficient, may refer back the proposal to the government agent, who shall proceed to deal with it in the manner applicable to the first proposal, and report again.

(3) If the Governor considers that the contributions determined by the proprietors at the first or any subsequent meeting are sufficient, he may order the work to be proceeded with, and may direct a specification to be drawn up showing all lands found to be capable of irrigation, the names of the proprietors, and the contributions payable by each.

(4) The contributions payable by a proprietor may take one of the following forms:

- (i.) A rate per acre per annum in perpetuity, to provide for the cost of construction and of maintenance; or
- (ii.) A lump sum per acre, payable in a fixed number of annual instalments, and the cost of maintenance, payable by means of an annual rate; or
- (iii.) A share of the whole cost of the work, proportionate to the area of the proprietors' land found capable of irrigation, payable in ten equal annual instalments, and the cost of maintenance, payable by means of an annual rate.

(5) In case the proprietors determine that their several contributions shall be shares of the cost of the work, payable in ten annual instalments, then, in case the first estimate of the cost shall be found to be less or more than the actual cost, the Governor may at any time order that the contributions shall be revised *pro rata* and be made to agree with the true cost, and the specification amended accordingly.

Liability of
lands for
contributions.

33 (1) Whenever any irrigation work is undertaken under the provisions of this chapter the proprietors of the several lands appearing in the specification shall become and be severally bound to pay the contributions assigned to them.

(2) Such specification shall be conclusive on the point that the several lands therein mentioned are liable for the payment of the said contributions, which shall be a first charge upon the said several lands, and shall take precedence over all mortgages, hypothecations, and encumbrances whatsoever.

(3) The Governor shall have power to cause the specification from time to time to be altered and to be enlarged as additional lands may be found irrigable.

Publication of
specification.

34 Every specification prepared under this chapter and all alterations, amendments, and enlargements of the same shall from time to time be published in the *Government Gazette*.

Acquisition of
land for
irrigation
purposes

35 Land required for the purposes of this Ordinance shall be deemed to be land required for a public purpose within the meaning of "The Land Acquisition Ordinance, 1876."

CHAPTER VIII.

COST OF IRRIGATION WORKS AND OF THEIR
MAINTENANCE.

Sale of Crown
lands subject to
charge in
perpetuity.

36 Whenever Crown lands are capable of being irrigated by any irrigation work it shall be lawful for the Crown to sell the whole or any portion or portions of such Crown lands, and to impose such rate per acre per annum in perpetuity on the lands so sold as the Governor may from time to time fix, notwithstanding that a contribution at a different rate per acre has been fixed and agreed to by a majority of the proprietors of the lands capable of being irrigated by such work. Notice that such Crown lands will be sold subject to such rate shall be given to intending purchasers by publication in at least three consecutive issues of the *Government Gazette* prior to any such sale.

Conversion of
contributions
into perpetual
annual rates.

37 Whenever any irrigation work shall have been constructed or commenced with Government aid under any Ordinance hereby repealed, the majority of the proprietors may at a meeting held in accordance with chapter VII. of this Ordinance, and subject to the approval of the Governor in Council, convert their contributions into a rate per acre per annum in perpetuity.

Payment of
contributions in
kind.

38 It shall be lawful for the government agent to receive in kind instead of in money any contributions under this Ordinance: Such payment in kind shall be made at such rate of commutation and shall be collected in such manner as the government agent shall from time to time direct and appoint. If default be made in such payment in kind at the time and place appointed by the government agent the amount of the contribution for which such payment in kind shall have been substituted shall be recovered in the manner provided in chapter IX. of this Ordinance.

Annual rate for
maintenance.

39 (1) Whenever any irrigation work has been or shall hereafter be constructed, and it has not been or shall not be determined that the lands capable of irrigation by such work shall be liable to a rate per acre per annum in perpetuity, such lands and the proprietors thereof shall forthwith become and be severally bound and liable to an annual rate for the maintenance of such irrigation work. The said rate shall be assessed in the manner hereinafter prescribed, and shall be a first charge upon the several lands capable of irrigation as aforesaid, and shall take precedence over all mortgages, hypothecations, and encumbrances whatsoever.

(2) The rate for maintenance shall be assessed by the government agent, who shall divide the same *pro rata* among the lands set out in the specification. In making his assessment the government agent shall be guided in the case of a new work by the estimate of the probable cost of annual maintenance for such work, which shall be prepared by the Director of Irrigation, and in the case of any work which has been maintained for a period of more than five years by the actual cost of maintenance of such work for the preceding five years.

(3) Such rate shall be re-assessed by the government agent at the end of every period of five years.

(4) Rates may be assessed separately for each irrigation work, or a general rate may be assessed in respect of all the irrigation works within an irrigation district.

Procedure in
case of default
in making
specification.

40 Whenever it appears to the Governor in Executive Council with respect to any irrigation work undertaken or completed under the provisions of this Ordinance or of any Ordinance thereby repealed—

(1) That the specification, which according to such Ordinance ought to have been made, has not in fact been made; or

(2) That any such specification which has been made is invalid or of doubtful validity by reason of non-compliance with the requirements of such Ordinance—

it shall be lawful for the Governor in Council to direct a specification to be prepared showing the allotments of land which have been or are likely to be irrigable by the work, and every specification so made shall have for all purposes the like force and validity as if it had been duly made under the provisions of the Ordinance under which the work was undertaken.

Effect of specification made under foregoing section.

41 Where a specification has been made under the foregoing section, the proprietors of the lands shown in the specification shall be entitled to determine, subject to the approval of the Governor in Council, in which of the forms specified in section 32 (4) their contributions shall be made.

CHAPTER IX.

RECOVERY OF MONEY DUE UNDER THIS ORDINANCE.

Seizure and sale of property of defaulters.

42 All contributions under this Ordinance or under any Ordinance thereby repealed shall be due and payable on the thirtieth day of June in each year. The recovery of such contributions shall be made under and shall be subject to the following provisions contained in this chapter.

Recovery of contributions.

43 (1) If default be made in the payment of any contribution due under this Ordinance it shall be lawful for the government agent or any person authorized by writing under his hand to seize the land herein declared specially bound and liable for such payment and any crop or produce thereof, and any movables thereon, to whomsoever such land, crop, or movables may belong; and if the amount of such contribution together with any costs payable under section 45 shall not be sooner paid or tendered, to sell the property so seized by public auction at any time not less than twenty-one days from the date of such seizure.

(2) If default be made in the payment of any sum payable under this Ordinance, or of any fines imposed for breach of rules made thereunder, it shall also be lawful for the government agent or any person authorized by writing under his hand to proceed to seize any property whatsoever belonging to the defaulter, wheresoever the same may be found, and to sell the same by public auction at any time not less than twenty-one days from the date of seizure, if such sum, together with any costs payable under section 45, shall not be sooner paid or tendered.

Proviso

Provided that no seizure of any land shall be made under this section if the defaulter surrenders sufficient free and unclaimed movable property to satisfy the total amount due by him.

Proviso.

Provided also that no land seized under sub-section (1) shall be sold until and unless the crop or produce thereof, and the movables thereon, if any, shall have been first sold, and shall have failed to realize sufficient to cover the total amount due

(3) In all cases, the sale of immovable property shall be conducted on the spot, unless the government agent shall otherwise direct.

Keeping a person in charge of property seized.

44 It shall be lawful for the person making the seizure to place and keep a person in possession of the property so seized as aforesaid pending such sale if authorized thereto by general or special instructions issued by the government agent.

Costs of seizure and sale.

45 It shall be lawful for the government agent, or any person authorized by him as aforesaid, to demand, take, and receive from such defaulter, or from the owner or any joint owner of any property lawfully seized, the several sums of money mentioned as follows:

- (a) For cost of proceeding to seize property,—a charge not exceeding fifty cents for every ten rupees due.
- (b) For keeping a person in possession,—a charge not exceeding fifty cents per day.
- (c) For the expenses of sale,—a charge not exceeding twenty-five cents for every ten rupees of the nett proceeds of the sale.

Return of
overplus to
owner or person
making default.

46 In the event of a sale of property seized the government agent at whose instance such seizure was made shall, after deducting the amount due as aforesaid, and also the costs payable under section 45 (which said costs such agent is hereby authorized to retain), restore the overplus, if any, arising from such sale to the owner or joint owners of the property sold.

Certificate of
sale.

47 (1) If land be sold, a certificate substantially in the form given in Schedule II. hereto, signed by the government agent, shall be sufficient to vest the land sold in the purchaser, and in the case of land sold under sections 43, 49, or 53, the same shall so vest free from all incumbrances whatsoever, any law or custom to the contrary notwithstanding. Such certificate shall be liable to the stamp duty fixed on conveyances of immovable property, and to any registration or other charges authorized by law, such duty and charges being payable by the purchaser.

(2) If the land so sold be purchased on behalf of the Crown by the government agent, who is hereby authorized to bid for and purchase the same, or by any person authorized by the government agent in writing, the certificate, which shall not be liable to any stamp duty, shall be substantially in the form given in Schedule III. hereto.

CHAPTER X.

MISCELLANEOUS.

Plan or survey
of channels,
water-courses,
tanks, and ponds
to be conclusive.

48 If by any plan or survey, purporting to have been made under the authority of the Surveyor-General or of the Director of Irrigation, it shall appear that any channel, water-course, or tank has been encroached upon, such plan or survey shall be deemed and taken to be conclusive proof of the facts exhibited therein, unless satisfactory proof to the contrary shall be established.

Removal of
obstruction or
encroachment.

49 It shall be lawful for the government agent to give order by notice in writing, to any person obstructing or encroaching upon any channel, water-course, or tank situate within his province, forthwith to remove such obstruction or encroachment or abate the same. And if any such person shall refuse or neglect to comply with the same within a reasonable time, or if there be any doubt as to who is the proper person to whom such order should be given, it shall be lawful for the government agent to cause such obstruction or encroachment to be forthwith removed or abated; and for that purpose it shall be lawful for the government agent, or any person thereto authorized in writing by the government agent, where necessary, to enter into any garden, enclosure, or other premises, and to cause to enter therein such persons with such instruments and things as may be necessary, and to proceed to do therein, or cause to be done all such things as may be necessary for such removal or abatement, and for the removal of the earth or substances put into or obstruction made of such channel, water-course, or tank. And the government agent shall proceed to recover the costs which have been incurred in effecting such removal or abatement from the party on account of whose non-compliance with any such order such costs were incurred, in manner provided in chapter IX. of this Ordinance.

Notice by
government
agent to remove
obstruction of
water-course
or ela used for
irrigation
purposes, and to
provide proper
drainage works.

50 (1) If any person by clearing or draining any land or premises, or by doing any act whatsoever in or upon the same shall cause any channel, water-course, or ela used for irrigation purposes to be blocked up or in any way obstructed by silt, earth, or any other substance, it shall be lawful for the government agent of the province within which such land or premises may be situate, to order the owner or

occupant thereof, by written notice, within a reasonable time to be specified in such notice to—

- (a) Remove forthwith any such silt, earth, or other substance ;
- (b) Make, lay down, and carry out to the satisfaction of the government agent all such drains, pipes, and other works as may be necessary to carry the water from such land or premises either over or under the channel, water-course, or ela, so as not to injure the same.

(2) The government agent may cause any further drains or other works to be constructed which are necessary in his judgment in order to preserve the fields below the channel, water-course, or ela from being injured by water carried as aforesaid thereunder or thereover. The cost of constructing such further drains or works shall be defrayed from the public revenue, and any land which may be required therefor may be acquired under the provisions of section 35 of this Ordinance.

Service of notice.

(3) A copy of the notice referred to in sub-section (1) shall be affixed in some conspicuous place on such land or premises, and another copy shall be sent by registered letter through the post, addressed to such owner or occupant, and if so sent shall be deemed to have been served at the time when the letter containing the same would be delivered in the ordinary course of post.

(4) In proving such service it shall be sufficient to prove that the letter was properly addressed and registered at the post office.

Proviso.

Provided, however, that nothing in this section contained shall apply to any channel, water-course, or ela which has been or may hereafter be cut, opened, or constructed for irrigation purposes through, and without payment of compensation to the owner of, any land or premises not cleared and drained for cultivation.

Person noticed may apply to district court for injunction.

51 (1) The owner or occupant against whom any order is made under the last preceding section shall—

- (a) Perform within the time specified in the order the act directed thereby ; or
- (b) Apply within ten days from the date of the service of the said notice, by petition to the district judge of the district in which such land or premises may be situate, for an injunction to restrain the government agent from enforcing such order, on the ground that the same is contrary to law. And every such petition shall be accompanied by an affidavit containing a statement of the facts on which the application is based.

(2) Upon receiving such application the district judge shall forthwith cause copies of the said petition and affidavit to be served on the government agent, and shall fix an early day for inquiry into the matter and give notice thereof, both to the applicant and the government agent. If the district judge, after taking such evidence as the parties may adduce, or he himself may require, is satisfied that the order is contrary to law, he shall issue such injunction as aforesaid, but if he is not so satisfied he shall make absolute the order of the government agent, and in either case he shall award such costs as he shall deem meet.

In default of person noticed, government agent may cause to be removed obstruction by silt, earth, or other substance, and prevent a recurrence of the same.

52 If such owner or occupant to whom such order shall have been given shall refuse or neglect to comply with the same, the said government agent shall, if no injunction as aforesaid shall have been served upon him within thirty days from the expiration of the time specified in the notice issued under section 50, cause any such silt, earth, or other substance to be forthwith removed, and shall provide such drains, pipes, and other works as may be necessary ; and for that purpose the government agent shall have power, and he is hereby authorized, to enter into any land or premises, and to cause to enter therein such persons with such instruments and things as may be required.

Costs to be a first charge, and recoverable under chapter IX.

53 (1) The costs which have been incurred by the government agent under the last preceding section shall be certified under his hand, and shall be a first charge on the land and premises mentioned in sub-section 1 of section 50 and on any crop or produce thereof, and on any movable thereon.

(2) The government agent shall proceed to recover such costs by seizing and selling such land, premises, crop, produce, or movables, in manner provided in section 43, and the provisions of chapter IX. of this Ordinance shall, *mutatis mutandis*, apply to every such seizure and sale.

Powers given to government agent may be executed by any assistant agent.

54 All the powers, duties, and obligations entrusted to or imposed on the government agent by this Ordinance shall and may be executed and performed by any assistant government agent within the limits of his district.

Encouragement of paddy cultivation.

55 (1) Whenever it appears that the inhabitants of any village or group of villages forming a subdivision for the purposes of Part IV. of "The Village Communities' Ordinance, 1889," are unable, by reason of poverty, sparseness of population, or other cause, to bring into cultivation any Crown lands served by any irrigation work constructed or repaired under the provisions of this Ordinance or any Ordinance thereby repealed, the Governor in Council may, by order to be published in the *Government Gazette*, set apart such allotment of Crown land as he shall think fit for the purpose of being brought into cultivation under this section, and may empower one or more village committees of the subdivision to proceed to bring the same into cultivation in manner hereinafter appearing.

(2) Subject to the approval of the government agent, any village committees which have been authorized as aforesaid may make advances from the funds applicable to village purposes to persons desirous of cultivating the Crown land so set apart as aforesaid for the purpose of enabling them to purchase seed paddy and other requisites for cultivation.

(3) The government agent shall not sanction the making of such advances until he is satisfied that adequate provision has been made, by village rule, for the recovery of such advances.

(4) When the village committees of any subdivision have been empowered as aforesaid it shall be lawful for the inhabitants in the manner provided by part III. of "The Village Communities' Ordinance, 1889," and subject to the conditions therein contained, to make rules for all or any of the following purposes :

(a) For prescribing the conditions under which advances may be made from the village fund and for securing the repayment of the same with or without interest.

(b) For the clearing and cultivation of the Crown land allotted as aforesaid by means of labour contributed by the inhabitants in pursuance of rule passed under section 6 (17a) of the above-named Ordinance.

(c) Generally for the cultivation and regulation of the land so allotted.

(5) Breaches of rules made under this section shall be punishable as if such rules were made under section 6 of "The Village Communities' Ordinance, 1889."

(6) The Governor may in his discretion issue Crown grants in respect of any land which has been brought into cultivation under this section in such manner and to such persons as may appear equitable.

(7) The particulars of all Crown grants issued under this section shall be published in the *Government Gazette*.

Power of Governor to entrust control and management of irrigation works to director of irrigation.

56 The Governor in Council may, by Proclamation, declare that any irrigation work which has been or may be constructed by the Government or with Government aid shall be placed under the control and management of the Director of Irrigation. Upon such Proclamation the following consequences shall ensue, namely :

- (1) The powers and duties which by chapter IV. of this Ordinance are assigned to irrigation headmen shall be exercised and performed by irrigation officers appointed by the Director of Irrigation.
- (2) The provisions of sections 16, 17, and 18 of this Ordinance shall apply to such irrigation officers as well as to irrigation headmen.
- (3) The Director of Irrigation may, after consulting the government agent of a province, subject to the approval of the Governor in Council, make rules either generally with regard to irrigation works placed under his control and management or with regard to any one or more of such works—
 - (a) For the appointment, remuneration, and dismissal of irrigation officers ;
 - (b) For defining the duties of such officers ;
 - (c) For regulating the distribution of water ;
 - (d) Generally for the maintenance, conservation, and protection of irrigation works.
- (4) The provisions of this Ordinance with regard to the enforcement of rules framed under chapter III. and for the punishment of contraventions thereof shall be applicable to rules made by the Director of Irrigation.

Offences.

57 (1) Any person who shall wilfully or maliciously block up or obstruct or cause to be in any way blocked up or obstructed, or who shall encroach on any tank, channel, or water-course, or who shall breach or cut through the banks or sides of any irrigation work, shall be guilty of an offence punishable with rigorous imprisonment which may extend to six months, or with fine which may extend to one hundred rupees, or with both.

(2) Any person who shall wilfully cause waste of water conserved by any irrigation work, or who not being entitled to the use of such water shall wrongfully draw off or convert to his own use any such water, shall be guilty of an offence punishable with rigorous imprisonment which may extend to six months, or with fine which may extend to one hundred rupees, or with both.

(3) If the proprietor of any land irrigated by any irrigation work shall suffer or permit water obtained from such work or from any water-course or channel connected therewith to run to waste on his land, or shall obtain water for such land from such work, water-course, or channel in a manner not authorized thereto, such proprietor shall, in addition to any other punishment, penalty, or liability which he may incur or be liable to under this Ordinance, be liable to pay double the contribution to which he is liable in respect of such land for every year or portion of any year in which he has so suffered or permitted such water to run to waste or has obtained it in an unauthorized manner, and such double contribution shall be recovered in manner provided by chapter IX.

(4) The provisions of this section shall apply only to offences committed to or with regard to irrigation works which the Governor has, under the provision of the last preceding section, placed under the control of the Director of Irrigation.

Jurisdiction when given to village councils and village tribunals.

58 It shall be lawful for the government agent by an order signed by him to certify that he is content that any offence under the preceding section shall be tried by a village council convened in the same manner as a village council convened to try breaches of rules under this Ordinance, or if he so desires by a village tribunal, should such tribunal have been established under the authority of "The Village Communities' Ordinance, 1889," for the subdivision in which such offence shall have been committed.
