And when bonds have been drawn by the tenderer's own lawyer, the name or stamp of the Proctor who drafted the bond should be affixed to the document.

Any alteration made in the tender should bear the initials of the tenderers, and all tenders containing alterations not bearing the tenderers' initials will be treated as informal, and rejected.

## MUNICIPAL COUNCIL NOTICES.

### MUNICIPALITY OF GALLE.

Minutes of Proceedings of a Meeting of the Municipal Council of Galle held at the Municipal Office on April 11, 1891, at 1.30 p.m.

*Present:*—The Chairman; Dr. W. Dias; H. J. Deslandes, Esq.; W. E. de Vos, Esq.; W. Abeyasundera, Esq. and E. R. Anthonisz, Esq.

1. Read and confirmed Minutes of last Meeting.

2. Submitted circular letter No. 19, dated March 4, 1891, from the Hon. the Colonial Secretary, inquiring whether the Council is prepared to provide permanent hospital accommodation for the reception of the first cases of infectious diseases.

Resolved,—That as the required accommodation is already in existence, the Council does not see the necessity for providing an additional hospital.

3. Letters No. 10 and 11 of March 7 and April 2 respectively, from the Hon. the Colonial Secretary, on the subject of a proposed amendment of section 250 of Ordinance No. 7 of 1887, were submitted.

Section 250 should, they think, be so amended as to give the Chairman or any person authorised by him in writing power to enter into any infected house and to destroy infected articles as well as cleanse them, and in the case of any articles so destroyed to grant compensation at the discretion of the Chairman.

4. Submitted letter No. 12 of March 11 from the Hon. the Colonial Secretary, transmitting copy of a letter from the Principal Civil Medical Officer, in which he makes certain specific suggestions for the improvement of the sanitation of the town.

Sanitary Officer's Report for the Quarter ended March 31, 1891.

*General Health.*—The general health of the first half of the quarter was bad. Cholera continued its ravages in epidemic form till February 25, and then gradually declined, on cases being reported since March 7. This declension and final cessation was mainly due to the enforced removal of all cases, whether mild or otherwise, and independent of sex, to hospital in spite of the opposition offered. Had this step not been adopted, I am convinced that the disease would not have been stamped out yet.

Talapitiya was revisited by the epidemic in January and February owing to the removal there of two cholera cases from Mahamodara. As usual the Moors were the offenders, and this instance of obstinacy and stupidity resulted in the occurrence of 14 cases in the locality, of which 8 died. Legal steps were taken against the two offenders, who were each fined Rs. 50.

With the decline of cholera, smallpox has asserted itself, and during the latter part of the quarter the number of smallpox cases reported within Municipal limits has daily steadily increased. The majority of these cases were imported from Colombo, being brought by native carters and Moorish traders. In all instances immediate removal to the Smallpox Hospital is enforced, but cases still continue being reported despite all our efforts to stamp it out.

A reference to the annexed returns will indicate the number of cholera and smallpox cases reported during the quarter.

I have no special sanitary improvement to record during this quarter.

*The Markets.*—Their condition is good. They are regularly flushed, and no objectional odour is noticed as before in their vicinity.

*The Woods.*—The visitation of cholera has induced landowners and tenants in the several wards to attend more carefully to the cleanliness of their gardens and compounds. Burning of all garden rubbish is regularly enforced, and the undergrowth that disfigured several gardens is being cut down, and the grounds thus cleared, offer no opportunity now of being converted into open latrines. On the whole the condition of the several wards is satisfactory.

*Public Latrines* are in good order and condition, and are cleanly kept. The want of private latrines, however, is still severely felt in several parts of the town. In Kaluwella three new latrines have been constructed by landowners at the request of the Council. Several houses in the same and other localities that require latrine accommodation can offer no available space for latrine construction, and the difficulty in such cases therefore is awaiting final decision. In the meantime the beach along Mahamadara and near the markets is habitually resorted to by many under cover of darkness. This is an unmistakable nuisance, and might be dealt with in the meanwhile by the police on the beat in such localities detecting the transgressors.

*The Scavenging* has on the whole been satisfactorily done, though the number of carts employed for the purpose is insufficient, and a few more are required to carry out the work more effectually.

*The Street Sweeping.*—The removal of the street sweepings has not been satisfactory, being often left by the roadside till late in the day, and frequently to the next day. This I learn is chiefly due to the misunderstanding that exists as to the duties of the contractor and ward coolies respectively, and their curious inability at times to define house refuse from street sweepings. The contractor's liability extends to the removal of only house rubbish, and the ward coolies are engaged to cart away all street sweepings. Hence it often happens that the roadside in some places is liberally garnished with heaped up rubbish awaiting definition by the coolies. Instead of having this divided labour, I have to recommend that the removal of all rubbish, whether of street or of house, be centred in one individual, who alone will be responsible for its daily removal in the several wards—a plan I am convinced that will avoid a great deal of unnecessary confusion and labour.

*Slaughtering of Cattle.*—The quality of the cattle produced for slaughter has decidedly improved, and good meat may now be had daily. To ensure this daily supply, however, is no easy matter. Frequently more than half is rejected of the four or five animals produced for slaughter, and the butchers retaliate by raising the price of the remaining meat in the market. Unless a remedy is effected this undesirable method of procedure will remain unchecked, and a scale of charges should therefore be drawn up to regulate the sale of beef. At the same time buffalo beef should be labelled as such, to prevent its being sold to purchasers as the beef of other cattle.

Annexed are the returns of prosecutions, &c.

*In default of payment Shares to be forfeited.*—If the requisition of such notice as aforesaid be not complied with, every or any share or shares in respect of which such notice has been given may at any time thereafter, before payment of calls or instalments, interest, and expenses due in respect thereof, be declared forfeited by a resolution of the Board to that effect.

*Shareholder still liable to pay Money owing at time of Forfeiture.*—Any Shareholder whose shares have been so declared forfeited shall, notwithstanding, be liable to pay, and shall forthwith pay to the Company all calls, instalments, interest, and expenses owing upon or in respect of such shares at the time of the forfeiture, together with interest thereon from the time of forfeiture, until payment at 9 per cent. per annum; and the Directors may enforce the payment thereof if they think fit.

*Forfeiture may be remitted.*—The Directors may, in their discretion, remit or annul the forfeiture of any share within six months from the date thereof upon the payment of all moneys due to the Company from the late holder or holders of such share or shares, and all expenses incurred in relation to such forfeiture, together with such further sum of money by way of redemption money for the deficit, as they shall think fit, not being less than 9 per cent. on the amount of the sums wherein default in payment had been made, but no share, *bona fide* sold or re-allotted, or otherwise disposed of under Article 34 hereof, shall be redeemable after sale or disposal.
