DRAFT ORDINANCE.

MINUTE.

The following Draft of a proposed Ordinance is published for general information:—

An Ordinance to make better provision for facilitating and regulating the supply and use of Electrical Energy for Lighting, Traction, and other purposes.

- Preamble. WHEREAS it is expedient to make better provision for the control, supply, and use of electric energy for traction, lighting, and other purposes: Be it therefore enacted by the Governor of Ceylon, by and with the advice and consent of the Legislative Council thereof, as follows:
- Short title. 1 This Ordinance may be cited as "The Electricity Ordinance, 190 ."
- Commencement. 2 This Ordinance shall come into operation on such day as the Governor shall, by Proclamation in the *Government Gazette*, appoint.
- Repeal. 3 "The Electricity Ordinance, 1895," together with all rules made thereunder, are hereby repealed.

Definitions.

4 In this Ordinance, unless there is something repugnant in the subject or context,—

- (a) "Public place" includes any place where there is likelihood of the public being affected, or in which fifty or more persons are likely to be assembled.
- (b) "Purpose" includes any purpose, except the transmission of messages.
- (c) "Vessel" includes anything used for the conveyance by water of human beings or of property.
- (d) "Person" includes any municipal council, corporation, firm, company, or number of persons trading in partnership.
- (e) "Energy" means electrical energy expended at a greater rate than 25 watts.
- (f) "Factory" includes every factory, store, workshop, and building in which machinery of any kind is moved by steam, water, electricity, or other mechanical power.

License required for the supply of energy.

5 (1) No person shall supply energy for electric traction, or to the public for any purpose, except under and in accordance with the terms and conditions of—

- (a) A license granted by the Governor, with the advice of the Executive Council ; or
- (b) A license or concession granted by a municipal council and authorized by the Governor, with the advice of the Executive Council, as provided by "The Municipal Councils' Amendment Ordinance, 1902."

(2) No person shall, for any purpose in any street, vessel, or factory, or in any public place, use energy which is not supplied to him under this section, without giving not less than seven clear days' notice in writing of his intention to the chairman of a municipal or local board town, or of the Board of Improvement of Nuwara Eliya, and in the case of other towns or places to the government agent of the province, and complying with such rules as may be made in this behalf under section 7.

Governor and Executive Council to grant license

6 (1) The Governor, with the advice of the Executive Council, may grant a license to any person to supply energy for any purpose in any specified local area, and also to lay down electric supply lines for the conveyance and transmission of energy from a generating station situated outside such specified local area to the boundary of such local area in any case in which the energy to be supplied is to be generated outside such local area.

and may revoke the same.

(2) The Governor, with the advice of the Executive Council, may, if in his opinion the public interest so requires, revoke a license as to the whole or any part of the area of supply ; provided that he shall not revoke the license as to part only of the area of supply, if the licensee represents that he desires to be relieved of his liabilities in respect of the whole.

The Governor empowered to make rules.

7 (1) The Governor, with the advice of the Executive Council, may for the whole or any part of Ceylon make rules to regulate the generation, supply, and use of electrical energy, and generally to carry out the purposes and objects of this Ordinance, and such rules from time to time to add to, amend, alter, or repeal.

(2) In particular, and without prejudice to the generality of the foregoing power, such rules may—

- (a) Prescribe the form of applications for licenses, and the payments to be made in respect thereof ;
- (b) Regulate the publication of notices ;
- (c) Prescribe the manner in which, and the time within which, representations or objections with reference to any application for a license or concession are to be made ;
- (d) Provide for the preparation and submission of accounts by licensees in a specified form ;

- (e) Provide for the securing of a regular, constant, and sufficient supply of energy by licensees to consumers, and for the testing at various parts of the system of the regularity and sufficiency of such supply, and for the examination of the records of such tests by consumers;
 - (f) Provide for the protection of persons and property from injury by reason of contact with, or the proximity of, or by reason of the defective or dangerous condition of, any appliance or apparatus used in the generation, supply, or use of energy;
 - (g) For the purposes of any electric tramway, regulate the employment of insulated returns, or of un-insulated metallic returns of low resistance, in order to prevent fusion or injurious electrolytic action of or on gas or water pipes or other metallic pipes, structures, or substances, and to minimise, as far as is reasonably practicable, injurious interference with the electric wires, supply lines, and apparatus of parties other than the owners of the tramway, or with the currents therein, whether the earth is used as a return or not;
 - (h) Provide for preventing telegraph lines and magnetic observatories or laboratories from being injuriously affected by any appliance or apparatus used in the generation, supply, or use of energy;
 - (i) Provide for the appointment of electric inspectors by local authorities, and prescribe the qualifications to be required of such inspectors, and their remuneration and duties;
 - (j) Provide for the appointment of members of advisory boards, and define the duties and regulate the procedure of such boards;
 - (k) Authorize any electric inspector or other officer of a specified rank and class to enter, inspect, and examine any place, carriage, or vessel in which he has reason to believe any appliance or apparatus used in the generation, supply, or use of energy to be, and to carry out tests therein, and to prescribe the facilities to be given to such inspectors or officers for the purposes of such examinations and tests; and
 - (l) Authorize and regulate the levy of fees for any such testing or inspection and generally for the services of electric inspectors under this Ordinance;
- (3) All such rules when made, added to, amended, or altered shall be published in the *Government Gazette*, and upon such publication they shall be deemed to be within the powers conferred by this section on the Governor, acting with the advice of the Executive Council, and shall be as legal, valid, and effectual as if the same had been enacted herein, and in case any rule be repealed under the provisions of this section, the repeal shall in like manner be published in the *Government Gazette*.

The Governor may confer powers relating to the supply of energy on any public officer.

8 The Governor, with the advice of the Executive Council may, for the placing of appliances and apparatus for the supply of energy for any purpose of the Government, confer upon any public officer any of the powers which the telegraph authority possesses with respect to the placing of telegraph lines and posts for the purpose of a telegraph established or maintained by the Government or to be so established or maintained.

Penalties.

- 9 If a person—
- (a) Undertakes the business of supplying or distributing energy either to the public or for traction without obtaining a license or concession as required by section 5 (1); or
 - (b) Uses energy under such conditions for such a purpose or in such a place as is referred to in section 5 (2) without giving the notice required by that section—
- he shall be punished with fine which may extend to five hundred rupees; and if he continues so to supply, distribute,

or use energy after notice in writing to desist from so doing has been given to him by the chairman of a municipal or local board town, or of the Board of Improvement of Nuwara Eliya, or of the government agent of the province, as the case may be, he shall be further punished with fine which may extend to one hundred rupees for every day during which such supply, distribution, or use continues.

Breach of rules to be cognizable by a police court.

10 The breach of any rule made under the provisions of this Ordinance shall be an offence, and shall be punishable by a fine not exceeding one hundred rupees, and in the case of a continuing offence by a further fine not exceeding fifty rupees for each subsequent day on which such offence is committed. Such offence shall be cognizable by a police court, and such court shall have power to inflict the full amount of fine to which the offender shall be liable, notwithstanding that such fine may exceed in amount the ordinary jurisdiction of such court.

By His Excellency's command,

Colonial Secretary's Office, H. L. CRAWFORD,
Colombo, June 16, 1906. Acting Colonial Secretary.

Objects and Reasons.

- (1) To provide means whereby any new electrical supply, undertaking, or electrical tramway within or without any municipal area may be initiated on a sound legal footing.
- (2) To widen the scope of the regulations which may be imposed by the Governor.
- (3) To remove the present restriction (which has become a dead letter) on such use of electrical or magnetic apparatus as requires no legislative control, whilst retaining control over the use of electrical energy where it may affect the public or employes in a factory.
- (4) Generally to bring the law of Ceylon more nearly into accord with the law of India and the requirements of modern times.

Colombo, April 25, 1906.

J. H. TEMPLER,
Acting Attorney-General.

MINUTE.

The following Draft of a proposed Ordinance is published for general information :—

An Ordinance to amend Ordinance No. 8 of 1905.

Preamble.

WHEREAS it is expedient to amend "The Buddhist Temporalities Ordinance, 1905," in certain particulars: Be it therefore enacted by the Governor of Ceylon, by and with the advice and consent of the Legislative Council thereof, as follows:

Short title.

1 This Ordinance may be cited as "The Buddhist Temporalities Amendment Ordinance, 1905," and shall be construed and read as one with "The Buddhist Temporalities Ordinance, 1905," hereinafter referred to as "the principal Ordinance."

To be read with No. 8 of 1905.

2 For section 4 of the principal Ordinance the following section shall be substituted:

Section 4 of principal Ordinance amended.

4 For the purposes of this Ordinance it shall be lawful for the Governor, with the advice of the Executive Council, by Proclamation to be by him issued and published in the *Government Gazette*, to establish so many districts as to him may appear expedient, and with the like advice and in like manner to alter and vary the number and limits of any such districts.

Division of the island into districts.

By His Excellency's command,

H. L. CRAWFORD,
Colonial Secretary's Office, Acting Colonial Secretary.
Colombo, June 21, 1906.

Objects and Reasons.

The object of this Ordinance is to bring section 4 into harmony with the rest of Ordinance No. 8 of 1905 by dividing the Island for the purposes of the Ordinance into districts only. The language of section 4 of the old Ordinance No. 3 of 1889, which divided the Island into principal districts and sub-districts, was inadvertently retained when Ordinance No. 8 of 1905 was laid before the Legislative Council.

Section 2 of the present Ordinance obviates this defect.

June 18, 1906.

Acting Attorney-General.
