PROCLAMATIONS BY THE GOVERNOR.

IN the Name of His Majesty EDWARD THE SEVENTH, of the United Kingdom of Great Britain and Ireland and of the British Dominions beyond the Seas, King, Defender of the Faith.

PROCLAMATION.

By His Excellency Sir HENRY EDWARD MCCALLUM, Knight Grand Cross of the Most Distinguished Order of Saint Michael and Saint George, Aide-de-Camp to His Majesty the King, Governor and Commander-in-Chief in and over the Island of Ceylon, with the Dependencies thereof.

HENRY MCCALLUM.

WHEREAS it is expedient that the irrigation works known as the Giant's Tank Irrigation Scheme, situated in the districts of Mantai North, Mantai South, Nanaddan East, and Nanaddan West, in the Mannar District of the Northern Province, should be placed under the control and management of the Director of Irrigation:

Now know Ye that We, the said Governor in Council, in exercise of the powers vested in Us by section 56 of "The Irrigation Ordinance, 1906," do by this Our Proclamation declare that the Giant's tank and the whole of the works connected therewith in the divisions of Mantai North, Mantai South, Nanaddan East, and Nanaddan West, in the Mannar District of the Northern Province, including the source of supply and all the channels, tanks, and lands supplied from the said tank, which have been constructed by the Government or with Government aid, are hereby placed under the control and management of the Director of Irrigation as from and after September 1, 1908.

Given at Colombo, in the said Island of Ceylon, this Fifth day of August, in the year of our Lord One thousand Nine hundred and Eight.

By His Excellency's command,

GOD SAVE THE KING.

HUGH CLIFFORD,
Colonial Secretary.

MINUTE BY THE GOVERNOR.

HIS EXCELLENCY THE GOVERNOR is pleased, with the approval of the SECRETARY OF STATE FOR THE COLONIES, to issue the following Regulations on the subject of Travelling and Subsistence Allowances to Public Officers, which will take effect from September 1, 1908, from which date all Minutes, Circulars, Letters, Authorities, Precedents, &c., respecting Travelling and Subsistence Allowances are hereby cancelled, provided that Commuted, Horse, Conveyance, and Field Allowances shall remain at existing rates.

By His Excellency's command,

Colonial Secretary's Office,
Colombo, August 7, 1908.

HUGH CLIFFORD,
Colonial Secretary.

TRAVELLING REGULATIONS.

Section I.—General.

351* Allowances in accordance with the following rules may be made to persons holding office under the Government of Ceylon in reimbursement of expenses incurred by them when travelling on the Public Service.

352 It should be understood that all transport, subsistence, field, horse, conveyance, and other similar allowances are assigned to meet the cost of travelling actually done, and of horse-keep, &c., for the Public Service, and are to be expended only in that service, no part being intended as a personal emolument.

353 Officers must travel as rapidly as circumstances will permit and by the quickest possible routes. The cause of any detour or detention must be explained, such explanation being attached to the claim. Should an officer travel by a route requiring a longer time or involving greater cost to the Government than would ordinarily be the case, the allowances will be reduced to those which would have been payable in respect of the shorter route.

354 (i.) Heads of Departments when leaving Colombo on official business must report, confidentially if necessary, to the Secretariat before starting the date of their proposed departure and the stations they intend to visit.

(ii.) When Government Agents visit Colombo on duty, they must intimate the fact and the nature of the duty to the Secretariat.

(iii.) The travelling expenses of an officer attending a levée will be paid only when permission to attend the levée has been specially obtained.

355 The term "radius" shall be taken to mean the actual number of miles (as allotted in Appendix E) which an officer is required to travel before he can claim any allowances.

Note.—When the first resthouse is less than ten miles from headquarters an officer who is proceeding on an extended circuit may be allowed to charge subsistence allowance for the day on which he goes to such resthouse, even though his "radius" is ten miles.

* These are the numbers the Regulations will bear in a forthcoming volume of "GENERAL ORDERS."

Section II.—Subsistence Allowance.

356 Officers travelling on duty will be allowed for personal expenses and subsistence the rates set against their respective offices in Appendix E for every night during which they may be absent from their stations and travelling or necessarily detained on the journey, provided the distance travelled exceeds the radius of travelling allotted to officers in the schedule. No exception to this proviso will be made without the special sanction of the Colonial Secretary.

357 In cases where an officer's absence does not amount to six hours he will not be entitled to any subsistence allowance, but when the absence necessarily extends beyond six hours but does not involve remaining away from his station a whole night, the allowance will be one-half of the daily rate. For the day of return from a journey involving one or more nights' absence half the daily allowance may also be claimed.

358 When an officer is detained at any place beyond three days he must show on the travelling claim the necessity for such detention, otherwise no subsistence allowance in excess of three days may be claimed.

359 When an officer's detention at a place is necessarily protracted he may claim full subsistence allowance for fourteen days and half the allowance thereafter until completion of a month, after which all subsistence allowances will cease. Exceptions to this rule are shown in Appendix F. No further exceptions will be allowed without the special sanction of the Colonial Secretary.

360 An officer performing the duties of another officer of a higher grade will draw the subsistence allowance to which the officer for whom he is acting is entitled.

Section III.—Transport Allowance.

361 In addition to subsistence allowance, officers will be reimbursed transport expenses in accordance with the following rules.

362 Along a road or any portion thereof on which a public conveyance is available, the actual fare by such public conveyance may be claimed, whatsoever means of transport may be used, provided such means are reasonable.

For the purpose of these regulations the railway, coaches, steamers, and boats that regularly ply for hire are deemed to be public conveyances.

The table of coach services published in the issue of the "Post Office Guide" current at the time of the journey shall be taken to represent the lines of road on which public conveyances are available.

Exceptions.—(1) This regulation does not apply to subordinates drawing subsistence allowance at the rate of 37½ cents and under. Such subordinates will be allowed the fare by public conveyance only when travelling in attendance upon a superior officer, or when taking substances for analysis.

(2) Officers who are entitled to free passes by rail or coach will not be entitled to claim any transport allowance when so travelling.

(3) Officers using motor cars may charge mileage, even though proceeding along a coach road, and, under certain circumstances, when performing a journey which would ordinarily be undertaken by rail. (See G. O. 396.)

(4) Judges of the Supreme Court and Members of the Executive and Legislative Council can travel by and charge for hired private conveyance if they wish, even though a coach is available.

363 Along a road on which no public conveyance is available, "mileage" allowances at the following rates may be claimed to cover the cost of private or hired transport :—

Class.	Designation of Officer.	Mileage Allowance. Per Mile. Cents.	Maximum Allowance that may be claimed in any one Day.	
			Rs.	c.
A ..	Heads of Departments ..	50	15	0
B ..	Officers drawing subsistence allowance at the rate of Rs. 4 per diem and over ..	37½	10	0
C ..	Officers drawing subsistence allowance at the rate of Rs. 2 per diem and under Rs. 4 ..	20	5	0

Note.—(1) When the journey is performed on foot or by bicycle (ordinary or motor) half the above rates only may be claimed.

(2) When the journey is performed by private or hired motor car, officers in Class A and B may claim 60 cents per mile, with a maximum daily allowance of Rs. 45 (*i.e.*, for a distance of 75 miles).

364 In calculating transport allowances the point of departure from headquarters is in all cases to be the office or place of business of the applicant.

365 Judges of the Supreme Court, Members of the Executive and Legislative Councils when travelling on Council duties, and officers in receipt of an allowance for the keep of a horse or horses or conveyance, using the railway for the purpose of a journey along any road in connection with the duties for which they receive the allowance, will be reimbursed the rail freight paid for a carriage or conveyance and such horses (not exceeding two) as they may take with them.

Note.—Carriage hire will not be allowed to Supreme Court Judges during circuit sessions, except when the presiding Judge assigns some good and valid reason for not making use of his conveyance.

366 Officers in receipt of subsistence allowances of Rs. 7·50 or over using the railway in the first instance for the purpose of continuing a journey *on roads on which no public conveyance is available* will be reimbursed the rail freight paid by them for their own private or hired conveyances (in the case of horses the number not to exceed two) which they may take with them for the purposes of such extended journey. Such officers, when proceeding by coach or steamer at the commencement or end of an extended journey (*i.e.*, a journey extended from the place where public conveyance ceases to be available), necessitating the employment of the officer's own carriage and horses, will be allowed a fixed sum of 35 cents per mile in addition to the coach or steamer fare, for the distance covered by public conveyance, to cover the expense of sending on their horses, servants, and carts to convey their effects.

367 Officers travelling on duty will be entitled to a refund of all tolls paid by them for themselves, their vehicles, or their baggage cart. This rule, however, does not apply to officers in receipt of commuted, horse,

field, conveyance, or other similar allowances; such officers are not entitled to a refund of tolls within the sphere for which such allowances are granted.

368 The class of accommodation by rail, steamer, boat, coach, &c., to which officers will be entitled and by which they are expected to travel when using such conveyances will be as follows:—

First Class.—Officers drawing subsistence allowance of Rs. 7·50 and over and Private Secretaries to Judges.

Second Class.—Officers drawing subsistence allowance of Rs. 2 and under Rs. 7·50.

Third Class.—Officers drawing subsistence allowance under Rs. 2.

369 Officers travelling by rail must in all cases present warrants on form General 89 in payment of all rail charges, and no claim for reimbursement of such charges will be recognized unless the officer can show that urgent and unavoidable circumstances precluded him from obtaining a warrant. Books of warrants can be obtained from the Government Printer, and Heads of Departments and those officers whom they may specially authorize to do so should always keep them in stock.

370 Officers travelling by rail and entitled to first class fare will be allowed the cost of a sleeping berth.

371 An officer performing the duties of another officer of a higher grade will draw the transport allowance to which the officer for whom he acts is entitled.

Section IV.—Horse and Conveyance Allowances.

372 Officers in receipt of horse allowances will not be entitled to claim any other allowance for transport when travelling within the radius for which such allowances are granted, viz., 15 miles for one horse and 30 miles for two horses.

373 Officers drawing conveyance, bicycle, or other similar fixed transport allowances will not be entitled to claim any other allowance for transport when travelling within a radius of 15 miles from their headquarters.

374 (i.) Officers in receipt of horse, forage, conveyance, and other similar fixed allowances for transport must attach to the payment voucher a certificate that the horse, vehicle, or other means of transport for which such allowance has been granted has actually been kept.

(ii.) Such allowances cannot be drawn during the period of an officer's absence on leave when the leave exceeds fourteen consecutive days, except when the leave is on account of illness, or when the horse or vehicle is placed at the disposal of the officer's substitute.

Section V.—Transport by Sea.

375 An officer travelling by sea will be furnished with a free passage or reimbursed the cost of it. He will also be reimbursed the actual boat hire at standard rates incurred in embarking or disembarking.

376 No subsistence allowance under General Order 356 can ordinarily be claimed by an officer while on board ship, but where the fare does not

include messing half the allowance may be claimed. Provided, however, that Judges of the Supreme Court when on a voyage may draw subsistence allowance at the rate of Rs. 10 per diem, and officers whose duty requires them to sleep on shore may draw subsistence allowance at full rates.

Section VI.—Peons and Servants.

377 Judges of the Supreme Court when proceeding on circuit to hold Sessions may take four peons or servants with them.

378 Heads of Departments may take two servants, or one servant and one peon, with them on a journey.

379 Other officers drawing subsistence allowance of Rs. 7.50 per diem or over may take one servant or peon, provided that Assistant Government Agents may take two peons with them when they hold land sales on circuit. No other officers will be allowed a reimbursement of any expenses in connection with servants.

380 The rate of subsistence allowance for officers' private servants will be 37½ cents a night, with an addition of 12½ cents in the Central and Uva Provinces.

Section VII.—Commutated Allowances.

381 Commuted allowance shall be taken to cover the transport (with the exception of rail fare), subsistence, and all personal expenses of an officer travelling on duty within the sphere, and in accordance with the terms, for which such allowance is granted.

382 (i.) Heads of Departments and other officers in receipt of commuted allowances for travelling, subsistence, &c., must attach to the payment voucher a statement showing the journeys made and the number of miles travelled by them during the month. Heads of Departments will in all cases give a certificate on the payment voucher to the effect that the necessary amount of travelling to entitle the officer to such commuted allowance has been duly performed. It must be understood that commuted allowances are not to be drawn until such a certificate is given.

(ii.) Such allowances cannot be drawn during the period of an officer's absence on leave when such absence necessitates the provision of a corresponding allowance for his substitute.

Section VIII.—Change of Station.

383 Any officer transferred or removed, except at his own request or in consequence of his misconduct, from one station to another on promotion or otherwise, may be paid subsistence allowance, in accordance with the foregoing regulations, for the days actually spent in travelling and necessary detention on the road, for himself and his family not exceeding four persons in all, at the following rates, viz., full rates for himself and his wife and children over twelve years of age and half rates for children of twelve or under.

384 When an officer has to vacate his quarters before starting on the journey in order that his baggage may be sent on ahead, or is unable to occupy his new quarters in consequence of his baggage not having arrived,

he will be allowed, in addition to the above, subsistence allowance (for himself and family as before) for a period not exceeding two days in each case, provided he certifies on honour that he actually and necessarily incurred hotel or resthouse charges for such period, furnishing receipts in support of such certificate.

385 In addition to subsistence allowance, an officer may claim transport allowance for himself and family in accordance with General Orders 362 and 363. Should mileage be claimed, the allowance will be in the same proportions for the wife and children as those laid down in G. O. 383 for subsistence.

386 Officers may also be allowed to charge for the transport of servants, household furniture and baggage, horses and carriages, &c., at the following rates :—

(i.) *Officers drawing salaries and allowances amounting to Rs. 3,000 a year and over* (above Rs. 2,200 in the Survey Department)—

- (a) Railway and steamer fare on 4 tons of baggage, or the hire of six carts (four carts only allowed to officers of the Medical Department).
- (b) Railway, steamer, and coach fare, and subsistence allowance at the rate of 25 cents a night each for two servants.
- (c) Railway and steamer fare for conveyance of carriage and one horse, including freight and hire of horse box. Heads of Departments may be allowed the fare for two horses.
- (d) An allowance of Rs. 30 to cover the cost of packing and incidental expenses in connection with the move.

(ii.) *Officers drawing salaries and allowances amounting to less than Rs. 3,000 a year* (Rs. 2,200 and under in the Survey Department)—

- (a) Railway and steamer fare on 2 tons of baggage, or the hire of three carts (two carts only allowed to officers of the Medical Department).
- (b) Railway, steamer, and coach fare, and subsistence allowance at the rate of 25 cents a night for one servant.
- (c) Railway and steamer fare for conveyance of carriage and one horse, including freight and hire of horse box, provided that the officer is required by Government to keep a horse for the efficient discharge of his duties.
- (d) An allowance of Rs. 15 to cover the cost of packing and incidental expenses in connection with the move.

(iii.) *Subordinate Officers of the Medical Department*, viz., Inspectors of Vaccination, Apothecaries, Dispensers, and Hospital Assistants will be paid—

- (a) Railway and steamer fare on 1 ton of baggage, or the hire of one cart.
- (b) An allowance of Rs. 7.50 to cover the cost of packing and incidental expenses in connection with the move.

(iv.) *Sergeants and Constables* will be paid as follows :—

- (a) Married sergeants : railway and steamer fare on $\frac{1}{2}$ ton of baggage or hire of $\frac{1}{2}$ cart.

- (b) Single sergeants : railway and steamer fare on $\frac{1}{2}$ ton of baggage or hire of $\frac{1}{4}$ cart.
- (c) Married constables : railway and steamer fare on $\frac{1}{3}$ ton of baggage or hire of $\frac{1}{3}$ cart.
- (d) Single constables : railway and steamer fare on $\frac{1}{3}$ ton of baggage or hire of $\frac{1}{3}$ cart.
- (e) Double the above rates for Europeans.

(v.) *Linemen (Telegraph Department)* will be paid—

Batta at 50 cents a day in the Central and Uva Provinces and at 37 $\frac{1}{2}$ cents in other Provinces. A married lineman will be allowed, in addition to batta for himself, third class train fare, deck passage on steamer, and coach fare for his wife and children not exceeding two, and the hire of one cart where there is no public conveyance.

387 For claims under (i.) (a), (ii.) (a), or (iii.) (a) of the foregoing regulation, under receipts must be furnished. Claims under (i.) (d), (ii.) (d), and (iii.) (b) will be subject to a proportionate reduction if the maximum amount of baggage is not moved.

388 "Tons" of baggage shall be construed as tons by *weight* in all circumstances, whether such baggage is conveyed by railway or steamer, provided that in the case of carriage by steamer due regard is paid to economy, any abuse of the privilege due to design or to indifference to the public interest being punished by a disallowance of the charge.

389 In the case of subordinate members of the Police Force (*i.e.*, below the rank of Assistant Superintendent), the Inspector-General of Police may at his discretion grant subsistence allowance and transport expenses for more than two children.

390 When an officer, *e.g.*, a President of a Village Tribunal, has been acting in a higher appointment—such as a Police Magistracy—and is called upon to resume duties in his original post, his travelling expenses in returning to his original station may be paid on the higher scale.

391 When it is possible for baggage to be conveyed by rail or steamer, the cost of transport by such means only will be allowed, even though the baggage is conveyed by other means.

392 If an officer's family does not accompany him at the time of transfer, the expenses of removal subsequently will only be allowed if his family follows him within six months.

393 No allowance of any sort will be made when an officer is transferred at his own request, or in consequence of his misconduct.

Section IX.—Use of Motor Cars.

394 Officers using a Government motor car will draw subsistence allowance, but no mileage for the time occupied by the journey. The expenses of the running of the car, chauffeur's subsistence, &c., will be met from the Public Works Department vote provided for the running expenses of the Government motor car. When, however, a Government car is conveyed by train to or from a place where it is required, or to

headquarters on its discharge, the cost of such transport will be chargeable to the travelling vote of the Department of the officer using the car.

395 (i.) Application for the use of this car, giving as long notice as possible, must be addressed to the Director of Public Works, stating the places to be visited and the time that will be spent in so doing as accurately as can be estimated.

(ii.) In order to admit of the Director of Public Works keeping a check on the use of the petrol, the chauffeur must keep an itinerary showing the places visited and the time occupied in travelling; such itinerary to be countersigned by the officer using the car at the time.

396 Officers using their own private or hired motor cars will be allowed mileage at the rate of 60 cents a mile on whatsoever road they may travel. For officers using motor cars the limit for which mileage may be drawn will be 75 miles. Provided, however, that an officer making a journey by motor car which could have been made by railway will only be entitled to draw the rail fare and subsistence allowance, unless it was necessary to travel by road for inspection purposes.

397 (i.) The following Public Officers, whose inspection duties extend throughout the Island, are for the present allowed the privilege of hiring motor cars, viz. :—

Colonial Secretary.	Director of Irrigation.
Controller of Revenue.	Director of Public Instruction.
Treasurer.	Principal Civil Medical Officer.
Director of Public Works.	Inspector-General of Police.
Postmaster-General.	Conservator of Forests.
Registrar-General.	Inspector-General of Prisons.
Surveyor-General.	Colonial Auditor.

(ii.) Such officers must however obtain in advance the special authority of Government to hire a car, furnishing an estimate of the probable cost and an explanation of the reasons for its employment instead of the Government motor car or the ordinary means of transport, it being understood that the vote for travelling expenses will admit of the additional cost being met.

Section X.—Travelling Claims.

398 Officers must furnish their claims for travelling expenses on form General 31, and they must see that all the details required on that form are duly filled in.

399 All travelling claims must be submitted to the Head of the Department within sixty days of the date of the completion of the journey. Claims on account of travelling in November and December must however, when possible, be submitted in time to admit of payment within the year. Any claims not submitted within the prescribed period will lapse, and no payment will be made in respect thereof.

400 Heads of Departments will countersign all travelling claims, and they will be held personally responsible that the charges made are in accordance with the provisions of these orders, and that the expenses were actually and necessarily incurred on the Public Service.

401 Heads of Departments must themselves examine the applications or cause them to be examined by a responsible officer of their Department, and will then certify to their correctness or refuse to do so, as the case may be. Passed claims may be paid at once, but the payees must clearly understand that they are subject to surcharge by the Colonial Auditor.

402 Heads of Departments will be held personally responsible in the first instance for the correctness of the claims they certify, but the ultimate responsibility will rest on the officers making the application, and it will be open to Heads of Departments to recover from them any unjustifiable item in their claim which is surcharged by the Colonial Auditor. All officers should therefore acquaint themselves with these regulations and frame their applications in strict accordance with them, and they must certify to the correctness of any applications they submit.

403 The claims of Heads of Departments who draw no commuted allowance should be certified in the same way as others.

404 The claim form General 31 will be the voucher on which to pay claims, and should be forwarded in the same way as other vouchers. It need not be sent in duplicate.

405 Officers proceeding on a journey on duty will be allowed to draw a proportion not exceeding three quarters of the probable expense of the trip in advance, recovering the balance in arrear in the usual manner.

Section XI.—Travelling Votes.

406 No supplementary votes will be allowed for travelling expenses, save in the most exceptional cases. This rule must be carefully observed both by Heads of Departments and by all officers to whom apportionments on account of their own travelling are made from the provision allowed for the whole Department. Individual officers will be held personally responsible for its due observance, and will be called upon to make good any excess expenditure, unless special authority for such excess expenditure has been obtained either from Government or from the Head of the Department.

407 As a general rule, the expenditure in one month must not exceed one-twelfth of the annual vote. As however difficulties would arise at certain stations if this regulation were strictly enforced, the rule may be construed as follows :—

During the first three months of the year the liabilities incurred must not exceed four-twelfths of the vote ;

For the first six months they must not exceed seven-twelfths ; and

For the first ten months they must not exceed eleven-twelfths.

This will leave one-twelfth for November and December, and this amount must not be exceeded.

Section XII.—Miscellaneous.

408 (i.) Officers appointed by the Secretary of State are entitled to their travelling expenses in accordance with the regulations in section VIII. in proceeding to take up their first appointment.

(ii.) Civil Service Cadets will be reimbursed their reasonable hotel expenses (exclusive of liquor) which they may incur in Colombo before they are attached to a public office.

(iii.) Officers appointed by His Excellency the Governor in Ceylon to a post in the Public Service will not be entitled to claim any expenses for proceeding to the place to which they are appointed.

409 An officer assuming the duties of a new appointment on returning from leave will be allowed expenses in accordance with the regulations in section VIII. on account of the journey from Colombo to his station as if he had been stationed in Colombo and had been ordered thence to such appointment. He will also be reimbursed expenses in accordance with those regulations on account of the removal of his household furniture and baggage from the station whence he proceeded on leave to his new station.

410 Subordinate officers, *i.e.*, officers drawing salaries and allowances amounting to less than Rs. 3,000 a year, who are compulsorily retired at a distance from their homes, will be paid the cost of their travelling expenses to their homes in Ceylon.

411. In the event of the death of a subordinate officer at a station in Ceylon at a distance from the home of his widow, the expenses of the removal to her home in Ceylon of such widow and family not exceeding three persons in all, and of a reasonable amount of household furniture, baggage, &c., will be paid in accordance with the regulations in section VIII., provided that the Head of the Department certifies that the service of the deceased officer merited such a concession. All applications to pay such expenses should be made to the Colonial Secretary.

412 Officers presenting themselves for examination in Colombo will not draw any allowance unless they pass the examination, or in the case of clerks unless the Examiners certify that the candidate was, with the knowledge exhibited by him, reasonably justified in presenting himself for the examination. In the event of their passing or presenting such certificate they will be allowed the actual fare by public conveyance and subsistence allowance for the nights necessarily spent away from their station. No officer will be entitled to draw more than Rs. 7.50 as subsistence allowance under this rule.

413 An officer summoned to give evidence of facts which have come to his knowledge or of matters with which he has had to deal, in his public capacity, either—

- (i.) In a criminal case; or
- (ii.) In a civil case to which Government is a party—

may draw subsistence and transport allowances in accordance with the regulations and rates laid down in this Chapter, the payments being made from Departmental votes.

An officer summoned to give evidence under other circumstances is not entitled, by reason of his being an officer of Government, to any allowances other than those admissible under Chapter IX.

Nine deaths were registered from enteric fever (against 12, 10, and 10 in the three previous weeks), of which 3 were in Maradana, 2 each in Kotahena and Kollupitiya, and St. Paul's and Slave Island 1 each.
