Kandy, June 5, 1894.

L. VANDERSTRAATEN, Accountant.

Health Officer's Report for May, 1894.

General Health.—This has been good during the past month.

Infectious Diseases.—A few cases of chickenpox have been reported.

Drainage.—This is in the same condition as previously reported. There is a hole in the pavement along Trincomalee street, the result of a part of the roof of a drain having fallen in.

Water Supply.—This is good. The new standpipe opposite the police barracks, in lieu of the one opposite the corner of the Mercantile Bank, is an improvement.

Market; Slaughter-houses.—These have been kept in a good sanitary condition.

Latrines, &c.—The Inspector of the Ward in which the piece of ground at the side of the temple opposite the United Service Library should see that it is kept in a clean condition. Until quite recently there was an accumulation of filth there, which was very offensive.

ALLAN PERRY,
Health Officer.
