The following Draft of a proposed Ordinance is published for general information:—

An Ordinance to facilitate Military Manœuvres.

Preamble.

WHEREAS it is expedient to make provision for the execution of military manœuvres: Be it therefore enacted by the Governor of Ceylon, by and with the advice and consent of the Legislative Council thereof, as follows:

Short title.

Commencement.

1 This Ordinance may be cited as "The Military Manœuvres Ordinance, 1910," and shall come into force at such date as the Governor shall, by Proclamation in the *Government Gazette*, appoint.

Power to authorize execution of military manœuvres.

Publication of notice.

2 (1) The Governor, whenever he considers it expedient so to do, may, by Proclamation in the *Government Gazette*, authorize the execution of military manœuvres within specified limits and during a specified period.

(2) Whenever it is proposed to make any such Proclamation, a draft thereof shall, not less than two months before the Proclamation is to come into force, be sent to the Government Agent of the Province within the specified limits, and notice of the intention to make the Proclamation shall, not less than one month before the Proclamation is to come into force, be advertised in at least two newspapers.

Powers exercisable for purposes of manœuvres.

3 When a Proclamation under this Ordinance authorizes the execution of military manœuvres, such persons as are engaged in the military manœuvres (in this Ordinance referred to as the authorized forces) may within the specified limits and during the specified period—

- (a) Pass over and encamp, construct any works not of a permanent character, and execute military manœuvres on, any authorized land; and
- (b) Supply themselves with water from any authorized sources of water, and for that purpose dam up any running water. Provided always that such damming up of water does not interfere with the carrying on of any trade or industry or any irrigation works, and that nothing in this Ordinance shall authorize the taking of water from any source of supply belonging to a private owner or public authority, except subject to the supply shown to be required by those entitled to use such water service.

Provided as follows :

(1) Nothing in this Ordinance shall authorize entry in or interference with any dwelling house, place of worship, school, factory, or premises used for the carrying on of any business or manufacture, or any ground attached to any place of worship, or school, or any premises enclosed within the curtilage of or attached to any dwelling house.

(2) Subject to the provisions of this Ordinance with respect to—

- (a) The closing of roads and footpaths; and
- (b) The obstruction of or interference with military manœuvres; and
- (c) Entering or remaining in a camp—

nothing in this Ordinance shall prejudicially affect any public right.

Temporary suspension of rights of way

4 The Government Agent of the Province may, on the application of a commissioned officer in command of the authorized forces or part thereof, by order suspend for a time, not exceeding twenty-four hours, any right of way over any road or footpath within the specified limits and within his Province.

Military Manœuvres Commission.

5 (1) Whenever a Proclamation is made under this Ordinance, a Commission (in this Ordinance called "The Military Manœuvres Commission") shall be formed, consisting of as representative members (a) the Government Agent of the Province concerned or a person appointed by the Governor to act instead of the Government Agent, and (b) one person appointed by each District Planters' Association, if any, within the specified limits, not being commissioned officers of volunteers, and (c) one officer appointed by the General or other officer in Command of the Troops in the Island.

(2) The Chairman of the Commission shall be the Government Agent or the person appointed to act instead of the Government Agent. The Commission may act by two of their number, and, notwithstanding any vacancy in their number; and in the absence of the Government Agent or of the person appointed to act for him, the members present may appoint one of their number to be the Chairman.

(3) Any question arising at any meeting of the Commission shall be decided by the majority of those voting on the question, and if the votes are equal, the Chairman of the meeting shall have a second or casting vote.

Power of Commission to make orders and regulations.

6 (1) The Military Manœuvres Commission may make orders for determining what lands, roads, and sources of water are to be authorized lands, roads, and sources within the meaning of this Ordinance.

(2) Before any such order is made, a draft thereof shall be sent to the Government Agent for each Province, wholly or partly within the specified limits, and be deposited by him for public inspection during at least one week at the Kachcheri or

some other suitable place, and notice of the deposit shall be advertised in at least two newspapers circulating generally, within those limits.

(3) The Commission shall hold at least one public meeting to hear any objections to the draft order, and shall, if necessary, revise the draft order with reference thereto.

(4) The Commission may also make regulations with respect to—

(a) The protection and maintenance of animals by securing them; and

(b) Any matter which the Commission may deem important for preventing damage to property and for carrying into effect the purposes of this Ordinance.

(5) Any person who, without reasonable cause, fails to comply with such regulation shall not be entitled to compensation for any damage caused to his property by reason of his default.

(6) All orders and regulations made by the Commission shall be published in such manner as may appear to the Commission most suitable for giving notice thereof to the persons affected thereby.

Further powers
of Commission.

7 (1) The Military Manœuvres Commission shall appoint compensation officers to determine as speedily as possible any claim for compensation under this Ordinance and settle the amount payable.

(2) The Commission may make regulations with respect to the procedure for making and determining claims for compensation, for limiting the time within which claims must be made, and for regulating the mode in which compensation is to be paid.

Compensation
for damage.

8 Full compensation shall be made for any damage to person or property or interference with the rights or privileges arising from putting in force any of the provisions of this Ordinance, whether or not occasioned by the acts or defaults of the authorized forces, including therein all expenses reasonably incurred in protection of person or property, rights, and privileges. Such compensation shall be paid to all persons who send in their claims to the compensation officer appointed as aforesaid within the period fixed by the Military Manœuvres Commission.

Reference to an
umpire.

9 If the amount of the compensation is not settled by agreement between the compensation officer and the claimant, the difference between them shall be referred to an umpire, to be nominated by the District Judge of the district within which the manœuvres were held. The decision of the umpire on the question of compensation shall be final and conclusive, and the District Judge shall have power to order the fees of the umpire to be paid by either party as he shall determine.

Offences.

10 (1) If during the continuance of any military manœuvres under this Ordinance any person—

(a) Wilfully and unlawfully interferes with the execution of the manœuvres;

(b) Without due authority enters or remains in any camp— he shall be liable on summary conviction to a fine not exceeding twenty rupees, and he and any animal or vehicle under his charge may be removed by any police officer or by order of any commissioned officer of the forces engaged in the manœuvres.

(2) If during the continuance of such manœuvres any person—

(a) Without due authority moves any flag or other mark distinguishing for the purposes of the manœuvres any lands; or

(b) Maliciously cuts or damages any telegraph or telephone wire laid down by or for the use of the forces engaged in the manœuvres—

he shall be liable on summary conviction to a fine not exceeding fifty rupees.

Powers of the Governor to exempt any area from the operation of the Ordinance.

11 (1) Whenever it appears to the Governor that the provisions of this Ordinance are not required in any area within which it is proposed to hold military manœuvres on account of sparseness of the population or the character of the country, the Governor may by Proclamation declare that for a period not exceeding three years to be specified in the Proclamation this Ordinance shall not be applicable to military manœuvres held within such area.

(2) Where any Proclamation has been made under this section with regard to any area, it shall be lawful for the General or other Officer Commanding the Troops in the Island to authorize the execution of military manœuvres within such area without reference to the provisions of this Ordinance.

By His Excellency's command,

Colonial Secretary's Office,
Colombo, May 3, 1910.

H. L. CRAWFORD,
Acting Colonial Secretary.

Statement of Objects and Reasons.

THE Draft Ordinance is an adaptation of the British Manœuvres Act (60 and 61 Viet., C 43) to local conditions. The general purpose of the Ordinance is to authorize the Military Authorities to carry out manœuvres, and to do such acts as are incident to the holding of manœuvres under conditions which will effectually protect public and private rights from damage.

2. (a) The execution of manœuvres in any specified locality is, in the first instance, authorized by the Governor by means of a publicly advertised Proclamation. Upon the issue of the Proclamation the Military Authorities are authorized to pass over and construct temporary works on "authorized" lands and, subject to certain restrictions, to supply themselves with water from "authorized" sources of water.

(b) Provision is made for the suspension of rights of way over roads and footpaths for a time not exceeding twenty-four hours.

(c) Provision is also made for the appointment of a Military Manœuvres Commission, who are empowered to determine the lands and sources of water which are "authorized" for the purposes referred to in paragraph 2 (a), and also to make orders and regulations for the objects described in section 6 of the Draft Ordinance. The Military Manœuvres Commission may also appoint compensation officers to settle claims for compensation.

(d) Differences between claimants and compensation officers as to the amount of compensation are referred to an umpire appointed by the District Judge.

(e) Penalties are provided for certain acts of interference with the execution of manœuvres.
