An Ordinance for the prevention of Accidents by Gunpowder and other Explosives.

Preamble.

WHEREAS it is expedient to amend the Law relating to the prevention of accidents by gunpowder and other explosive substances, and providing for the safe storage of such gunpowder and other explosive substances : Be it therefore enacted by the Governor of Ceylon, by and with the advice and consent of the Legislative Council thereof, as follows :—

Short title and commencement.

1 This Ordinance may be cited as “The Explosives Ordinance, 1893,” and shall come into operation on the day of

Repeal.

2 From and after the date that this Ordinance comes into operation the Ordinance No. 12 of 1873, intituled “An Ordinance for the prevention of accidents by Gunpowder,” shall be repealed. Provided that such repeal shall not affect the past operation of, or any liability, penalty, forfeiture, or punishment under, the Ordinance hereby repealed, or any rules passed thereunder, or any investigation or legal proceeding in respect of any such liability, penalty, forfeiture, or punishment as aforesaid.

Substances to which this Ordinance applies.

3 This Ordinance shall apply to gunpowder and other explosives as defined by this section.

For the purposes of this Ordinance the term “explosives” shall mean gunpowder, nitroglycerine, dynamite, gun cotton, blasting powders, fulminate of mercury or of other metals, coloured fires, and every other substance or mixture, whether similar to those above-mentioned or not, used or manufactured with a view to produce a practical effect by explosion or a pyrotechnic effect ; and shall include fog signals, fireworks, fuzes, rockets, percussion caps, detonators, cartridges, ammunition of all descriptions, and every adaptation or preparation of an explosive as above defined.

Explosives exceeding 10 lb. to be kept only in public magazines, licensed stores, or in registered premises.

4 Explosives shall not be kept at any place except in a public magazine or in a store lawfully licensed under this Ordinance for keeping explosives. Provided that this section shall not apply to the keeping of any explosives not exceeding ten pounds or to the keeping of any explosives not exceeding two hundred pounds in any premises registered under this Ordinance.

Store license to be obtained from government agent.

5 Any person may apply in writing for a license for a store to the government agent of the province within which such store is situated, stating his name, address, and calling, the proposed site and construction of the store, and the amount of gunpowder or other explosive he proposes to store therein ; and the government agent shall, as soon as practicable, if the proposed site, construction of the store, and amount and description of the explosives are in accordance with the regulations made by the Governor in manner hereinafter mentioned, grant to the applicant on payment of such fee, not exceeding two rupees and fifty cents as may be fixed by the Governor, the license applied for.

Regulations prescribing situation and construction of stores to be made by the Governor, with the advice of the Executive Council.

6 The Governor may from time to time, with the advice of the Executive Council, make regulations to—

- (1) regulate the construction and materials and fittings of stores ; and
- (2) prescribe the buildings and works from which stores are to be separated, and the distances by which they are to be separated : and

- (3) prescribe the maximum amount of explosives, not exceeding two tons, to be kept in stores, graduated according to their construction and situation, and their distances from the said buildings and works;
- (4) prescribe the number and description of explosives to be kept in the same store or registered premises;
- (5) prescribe where two or more explosives are allowed to be kept in the same store or registered premises the maximum amount of each such explosive to be kept therein;
- (6) prescribe restrictions and conditions subject to which more than one explosive may be kept in the same store or registered premises.

Provided that a regulation under this section shall not require the removal of any building lawfully in use at the date of the making of such regulation.

General rules

- (5) The store shall have attached thereto a sufficient lightning conductor, unless it is made by excavation or is licensed for less than one thousand pounds of explosives; and
- (6) Before repairs are done to or in any part of a store, the store shall, so far as practicable, be cleaned by the removal of all explosives and the thorough washing out of the store; and after such cleaning, these rules shall cease to apply to the store until explosives are again taken there; and
- (7) Except after such cleaning, all tools and implements used in or in any repairs to the store shall be made only of wood, copper, or brass, or some soft metal or material, or shall be covered with some safe and suitable material; and
- (8) Due provision shall be made by the use of suitable working clothes without pockets, suitable shoes, searching, and otherwise, or by some such means, for preventing the introduction into the store of fire, lucifer matches, or any substance or article likely to cause explosion or fire, or any iron, steel, or grit; but this rule shall not prevent the introduction of an artificial light of such construction, position, or character as not to cause any danger of fire or explosion; and
- (9) No person shall smoke in any part of the store; and
- (10) A person under the age of sixteen years shall not be employed in or enter the store except in the presence and under the supervision of some grown-up person.

Store licenses shall be in the form from time to time directed by the Governor.

Special rules for regulation of workmen in stores

9 Every licensee may, with the sanction of the Governor, make, and when made may, with the like sanction, repeal, alter, or add to special rules for the regulation of the persons managing or employed in or about such store, with a view to secure the observance of this Ordinance therein, and the safety and proper discipline of the said persons and the safety of the public.

The breach of any special rule made in pursuance of this section shall be an offence, and any person convicted thereof shall be liable to a fine not exceeding twenty rupees.

C. A. MURRAY,
Government Agent.

HITHERTO samples of dutiable articles have been allowed to pass through the British Post Office, and have, as a favour, been delivered to the addressees without any claim being made for Customs dues.

This concession has, however, been so largely abused by the transmission of goods intended for actual consumption, that it is found necessary to prohibit altogether the importation of dutiable articles by Sample Post. Any packet containing any of the goods mentioned in the following list will not be delivered to the addressee, but will at once be handed over to the Customs authorities for disposal.

This will effect no change as regards the transmission of dutiable goods by the Parcel Post Service.

List of Dutiable Articles.

Cacao; Coffee; Chicory; certain fruits, namely, Currants, Figs and Figcake, Plums and Prunes, Raisins, and dried Apricots; Tea; Tobacco, manufactured and unmanufactured, including Cigars, Cigarettes, and Snuff; Hydrate of Chloral; Transparent Soap in the manufacture of which alcohol is used; Confectionery in the manufacture of which alcohol is used; Playing cards.

T. SKINNER,
Postmaster-General.

General Post Office,
Colombo, June 2, 1893.

IT is found that the window delivery of letters received by the English mails interferes to some extent with the sorting and delivery of the mails, and for this reason this concession will cease from July 1, from which date window ticket-holders, who are not box renters, will receive their correspondence in the ordinary course from the postmen.

T. SKINNER,
Postmaster-General.

General Post Office,
Colombo, June 9, 1893.

CONSEQUENT on the opening of the Railway to Haputale on the 19th instant, the mail coach between Nuwara Eliya and Badulla will be discontinued. A new coach service between Badulla and Haputale will be introduced from the above date, as follows:—

Leave Badulla 8 A.M.	Leave Haputale 1 P.M.
Arrive at Haputale 12 noon.	Arrive at Badulla 4.30 P.M.

Mails for Badulla will be despatched from Colombo as usual by the night mail train leaving at 7.25 P.M.

Health Officer's Report for February, 1893.

Infectious Diseases.—Since my last report there has been no notification of any case of infectious disease.

General Health.—The general health of the community is good.

Sanitation.—The sanitary condition of the town is fairly good. I would draw the special attention of the Inspectors to the courts and alleys off the main streets. I notice that the insanitary condition of the premises (51, Castle Hill street) mentioned in my last report remains in the same condition. It is urgently necessary that the improvements in that report stated should be carried out at once. The surrounding area of the water standpipe situated opposite No. 354, Trincomalee street, requires paving. The new drain pipe placed from the Military hospital to the Lake is completed, and works satisfactorily.

Latrines.—The public latrines are in good sanitary condition.

Market.—The market is also well kept and clean.

Cattle Sheds.—The cattle brought for sale have been fairly good. A few animals have been rejected.

Slaughter-house.—The slaughter-house is kept clean, and in good order.
