**20 Cadets.**

(Salary—Passed Cadets, £350 per annum ; Unpassed Cadets, £300 per annum.)

2. Officers will be appointed to a particular class instead of to a particular appointment.
3. With the exception of the holders of posts in Class I., Grade I., posts which are not interchangeable with others, all the officers are interchangeable within their respective classes.
4. The Governor shall have power to interchange officers of the Second and Third Classes *inter se*.
5. Where an officer is gazetted to officiate he will draw half the initial salary of the class in which he is appointed to officiate and half his substantive salary.
6. Salaries will be paid in Ceylon in rupees at a rate of exchange periodically fixed and proclaimed. Leave pay and pension will be calculated according to the sterling salaries fixed by this Minute.

\* *Vide* paragraph 8 *infra*.

7. (a) Officers at present in the Service who have been permitted with the sanction of the Secretary of State to remain on a rupee salary, with the privilege of retaining their special rates of exchange for pension and leave purposes, will draw the following salaries :—

	Salary.
Colonial Secretary ..	Rs. 27,000.
Treasurer ..	Rs. 20,250.
Class I.—	
Controller of Revenue ..	Rs. 20,250.
Other Officers of Grade I. ..	Rs. 18,000 to Rs. 20,250 by annual increments of Rs. 562½.
Officers of Grade II. ..	Rs. 15,750 to Rs. 18,000 by annual increments of Rs. 562½ after two years in the class.
Class II. ..	Rs. 11,250 to Rs. 13,500 by annual increments of Rs. 562½ after three years in the class.
Class III. ..	Rs. 7,875 to Rs. 10,125 by annual increments of Rs. 562½ after three years in the class.
Class IV. ..	Rs. 5,625.

(No officer below Class IV. remains on a rupee salary.)

(b) When such officers are appointed to officiate in a higher class they will draw half the initial rupee salary of the class and half their substantive salary.

(c) In the case of officers remaining on a rupee salary the following allowances, not carrying pensionable rights, may be granted at the Governor's option, but where an officer is drawing additional pay by officiating in a higher class the allowance is liable to reduction :—

	Rs.
Assistant Government Agent, Trincomalee ..	1,000
[To be increased when held by an officer of the Third Class to Rs. 2,000.]	
Assistant Government Agent, Nuwara Eliya ..	1,000
Assistant Government Agent, Mannar ..	600
Assistant Government Agent, Mullaittivu ..	600
Police Magistrate, Colombo, when the post is held by an officer of the Third Class ..	1,000
Commissioner of Requests, Colombo, when the post is held by an officer of the Third Class ..	1,000

8. Mr. J. Harward, Director of Public Instruction, ranks personally as an officer of the Second Class of the Civil Service; but in the case of a new appointment the office will be removed from the Service, by direction of the Secretary of State (*vide* paragraph 10 of despatch of August 25, 1905).

9. The offices of Colonial Secretary, Treasurer, and Colonial Auditor will not ordinarily be filled by promotion from the Civil Service.

10. Subject to the reservation of certain offices for the Local Division of the Civil Service made in the accompanying Minute, all other vacancies will ordinarily be filled by promotion within the Civil Service, but in the event of there being no member of the Civil Service competent to fill any particular vacancy, or of peculiar circumstances requiring such a measure, the Secretary of State will give directions for filling the vacancy otherwise.

11. In no case will promotion from one class to another be merely by seniority, and in the case of promotion to or within the First Class, length of service will be accounted quite a secondary consideration.

Similarly, seniority will constitute no claim for selection to an appointment to officiate in a higher class.

#### CADETSHIPS IN THE CIVIL SERVICE.

With the view of supplying the Civil Service in Ceylon, Cadetships have been established, the holders of which are required to devote themselves for a certain time after their arrival in the Colony to learning the Native Languages, viz., Sinhalese and Tamil.

2. The Cadets, who must be natural born British subjects of European or Asiatic descent, are selected by open competitive examination\* held by the Civil Service Commissioners, to whom all inquiries on the subject should be addressed.

The examination for these appointments will, as a rule, be held in the month of August in those years in which vacancies have occurred, simultaneously with the examination for the Civil Service of India. Candidates must be between the ages of 22 and 24 on the 1st day of August in the year in which the examination is held.

3. The selected candidates will be expected to leave for the Colony about a month after the results of the examination are announced.

4. The salary of a Cadet commences at the rate of £300 a year. A free passage is granted, and half salary is allowed from the date of embarkation, and full salary from that of arrival in the Colony. A bond must be entered into by each Cadet with the Crown Agents for the Colonies, to secure that—in case of his dismissal, or in case he shall within three years from the date of his arrival in Ceylon either quit the Colony without leave or relinquish his appointment (except on account of ill-health)—he shall, if required by the Governor, repay to the Colony the cost of his passage out.

\* A separate paper is issued by the Civil Service Commission containing information in regard to the examination.

## EXAMINATIONS FOR CADETS AND BEFORE PROMOTION TO CLASS III.

Every Cadet will be required, before he can receive a substantive appointment, to pass an examination in the subjects hereinafter specified, and further to obtain a certificate from an officer approved by the Governor that he can ride well, and that he is able to perform journeys on horseback. If he pass at or before the examination occurring not later than 21 months from the date of his being attached to one of the Public Offices, his rank in the Service will count from the date of his appointment as Cadet. Otherwise his claim to count his service will be deferred; and should he fail to pass within three years from his being attached, his pay will be withdrawn, and the Secretary of State will be recommended to cancel his appointment.

2. In order to facilitate the study of the native languages all Cadets will, from the date of their being placed on the permanent staff, receive a pundit allowance of Rs. 30 a month during twenty-one months. Such allowance will be drawn by the Cadet only on his certificate that the teacher has been actually and *bona fide* employed. During these twenty-one months of study Cadets will be attached to one of the Public Offices, which they will be required to attend for a certain time each day, as may be directed by the Governor, in order to give them an opportunity of learning the details of public business without interfering with their reading. The pundit allowance payable to a Cadet to facilitate the study of native languages will be continued until a total sum of Rs. 630 has been drawn by him, although he may have been promoted to Class IV. within twenty-one months of his appointment. In the event of an officer passing all his examinations in the native languages before he has drawn the maximum, he will be allowed to draw, as a bonus, the difference between the amount already drawn by him as pundit allowance and the maximum prescribed, viz., Rs. 630.

To assist Cadets in procuring horses and maintaining them, the Government will be prepared to make an advance for the purchase of a horse, repayable in monthly instalments, and will also grant to each Cadet a horse allowance of Rs. 45 per mensem for twenty-one months.

3. Gentlemen in the Civil Service will be required, before they can be promoted to the Third Class, to pass a second examination of the character hereinafter described. The promotion from the Third Class will be deferred, in the case of gentlemen who fail to pass their second examination within six years from the date of their being attached to one of the Public Offices, to that of those who shall have passed within that period and have entered the Third Class before them.

4. The subjects of examination will be the Native Languages (Sinhalese and Tamil), Law, and the System of Accounts employed in the Government Offices.

5. At their first examination candidates will be examined in Sinhalese or Tamil (whichever they may prefer), in Law, and in Accounts; at their second, in Law, Accounts, and both languages; and in this second examination candidates may take up the various subjects, if they so desire it, in four sections at four separate periods, section (a) consisting of Law; section (b) consisting of Accounts; section (c) consisting of the language taken up by them at their first examination; and section (d) consisting of their second language.

6. The subjects and scheme of both the first and second examinations will be as follows:—

## NATIVE LANGUAGES.

7. In the *first* examination the candidate is to write an English translation of two short Sinhalese or Tamil letters or reports from headmen, written in different running hands. He is to translate a short English judgment or other official paper into Sinhalese or Tamil; dictate off-hand the translation into Sinhalese or Tamil of an English report or other official paper to a native, who shall take it down in writing; read and translate an extract from a Sinhalese or Tamil newspaper and from the proceedings of a Gansabhawa case put into his hands for the first time; answer a few plain grammatical questions on declensions, conjugations, and compound words; read, construe, and parse in English any easy sentence in Sinhalese or Tamil that may be set by the examiner; to be tested in conversation so as to satisfy the examiner as to his power of understanding natives of different classes, and of making himself understood by them, both in common conversation and in the usual course of official business.

8. The marks required for a pass in this first examination shall be 40 per cent. in conversation and in newspaper reading respectively, and a total of 33 per cent. in all subjects.

9. The *second* examination shall be similar in its nature to the first, but more difficult in degree. The candidate will be required to act as an interpreter between the examiner and *natives perfectly ignorant* of English; the interpretation to be on matters connected with some ordinary civil or criminal case.

10. The marks required for a pass in this second examination shall be 60 per cent. in conversation and in newspaper reading respectively, and a total of 50 per cent. in all subjects.

## LAW.

11. Candidates will be examined in the following subjects:—

*For the First Examination.*

- (1) Penal Code.
- (2) Criminal Procedure Code.
- (3) Contracts.
- (4) Evidence.
- (5) Civil Procedure Code—Part I., Chapters I. to XXIII. (First Paper) and Chapter LXVI. (Court of Requests).

*For the Second Examination.*

- (1) Evidence.
- (2) Law of Persons, Property, and Things.
- (3) Law of Contracts.
- (4) Law of Torts.
- (5) Civil Procedure, including Insolvency and Administration.

*Note.*—The papers on Evidence and Contracts in the second examination will be of a higher standard than those set in the first examination.

## BOOKS RECOMMENDED.

*For the First Examination.*

Ceylon Evidence Ordinance.  
Best on Evidence.  
Anson on Contracts.

*For the Second Examination.*

Van der Linden's Institutes.  
Pereira's Laws of Ceylon, Volume II., Parts II. and III., except sections 2, 3, and 4 of Chapter I.  
Local Ordinances referring to any of the subjects set, and all Ordinances dealing with land.  
Pollock on Contracts.  
Pollock on Torts.  
Local Ordinances on Contracts (including Sale of Goods).  
Smith's Mercantile Law (edition 1905) :—  
Book I.—Chapters I., II., and IV.  
Book II.—Chapters III. and IV.  
Book III.—Chapters I., II., XII., and XIII.  
Book IV.—Chapters I. and II.

Candidates will be required to obtain a minimum of 33 per cent. on each subject and 40 per cent. on the total marks in the first examination, and a minimum of 40 per cent. on each subject and of 50 per cent. on the total marks in the second examination.

## ACCOUNTS.

12. The subject of examination will be the System of Accounts employed in the Government Offices, and candidates will be required to obtain 40 per cent. on the total marks for a pass in the first examination and 75 per cent. in the second examination.

13. The examination will be conducted on the above system of marks, and the time allotted to each subject will be fixed by the examiners.

For the First and Second Examination :—

- (1) Ceylon Financial Orders, consisting of Part I., General Regulations for the guidance of Financial and Accounting Officers in the Colonial Service. Part II., Local Financial Regulations.
- (2) The Estimates of the current year, *e.g.*, their arrangement, the heads of revenue, &c.
- (3) Any Ordinances relating to specific accounts.

## RIDING EXAMINATION.

14. (i.) Candidates will be required to satisfy the examiners—

- (a) That they can perform a journey of about 8 miles on horseback at the rate of 6 miles an hour, *i.e.*, trotting 2 miles and walking 1 mile alternately, without unduly distressing themselves or their horses.
- (b) That they can saddle and bridle a horse correctly and promptly, and that they can arrange the various parts of saddle and bridle (Civilian pattern) after they have been disarranged.

*Note.*—Candidates will be allowed the use of stirrups, and will not be tested in jumping.

(ii.) The examination will take place on the morning of one of the days fixed for the quarterly Civil Service Examination.

(iii.) Due notice of the exact day and hour for holding the examination will be given to candidates after their applications have been received.

15. Any Cadet who is of Sinhalese, Tamil, or Eurasian parentage will be required to take up for his first examination whichever of the native languages has not been spoken by, or familiar to, him as a child, and will only be allowed to draw pundit allowance during ten months.

16. In addition, every officer appointed to Class IV. of the Ceylon Civil Service will be required to pass an examination in the Criminal Procedure Code within six months from the date of appointment to Class IV.

By His Excellency's command,

HUGH CLIFFORD,  
Colonial Secretary.

Colonial Secretary's Office,  
Colombo, February 17, 1911.

## Minute on the Local Division of the Ceylon Civil Service.

With the approval of the Secretary of State, His Excellency the Governor has been pleased to direct the publication of the following amended scheme for the Local Division of the Ceylon Civil Service, which will be filled by British subjects born in Ceylon whose families are permanently resident in the Island.

2. Members of the Local Division will be eligible for appointment to the following offices in the Ceylon Civil Service, *viz.*, one in Class I., one in Class II., six in Class III., ten in Class IV., and six Cadetships.

3. Appointments to the Local Division will be made by the Governor, who will be guided by the following principles. Nominations will be limited to candidates who have passed the Senior Standard of the Cambridge Local Examination, London Matriculation, or any other public examination which may be deemed to be of an equally high standard; and their merits will be further tested by a competitive examination.

4. (i.) All officers appointed to the Local Civil Service will serve for the first two years on probation, irrespective of such term as they may serve as Cadets. The ten appointments in Class IV. and the six Cadetships referred to in section 2 above will be reserved for members of the Local Division. Their promotion to the other posts referred to in that section will be in accordance with the general regulations governing such promotion as laid down in this Minute, but so that the number of Local Division officers holding posts in any class at any one time does not exceed the total number as stated in section 2 of the present Minute. No member of the Local Division will be promoted unless he shows special fitness for promotion. Should there be no member of the Local Division showing special fitness for promotion, the vacancy will be filled from the Higher Division or otherwise as directed by the Secretary of State.

(ii.) Existing members of the Local Division will be graded for purposes of promotion with the members of the Higher Division in one list, and will take seniority according to the date of their entrance into existing classes, the letter (L) being attached to their names.

5. Gentlemen holding appointments in the Civil Service who are not members of the Senior or of the present Local Division of the Civil Service may continue to act subject to the approval of the Secretary of State. They will receive special rates of salary, in no case exceeding £300, which may be raised to £350 per annum provided they have passed the first examination prescribed for Cadets under the provisions of this Minute. These gentlemen will also be eligible for nomination to the competitive examination for entrance to the Local Division of the Civil Service under clause 3 of this Minute, irrespective of age.

#### EXAMINATION FOR LOCAL CADETSHIPS.

The examination for the Local Division of the Civil Service will be confined to British subjects born in Ceylon of parents permanently resident in the Island. Candidates will be selected by a competitive examination, open exclusively to candidates nominated by His Excellency the Governor.

2. Candidates must satisfy the examiners that at least 19 years and not more than 23 years have elapsed since the date of their birth on the first day of January in the year in which the examination is held, and also that they are duly qualified in respect of health and character. They must be of sound constitution, possessed of good sight, and be otherwise physically qualified for service; and they will be called upon to undergo a medical examination to test these points.

3. The fees required from candidates are Rs. 25 inclusive, and Rs. 10.50 for the medical examination.

4. The examinations (with the exception of those in the vernacular languages)\* will be conducted by the Civil Service Commissioners, and the following is a list of the subjects in which candidates will be examined:—

		Obligatory Subjects.	Marks.
	1.	English .. .. .	2,000
	2.	Mathematics, Class I. .. .. .	1,500
	3.	Latin .. .. .	1,500
	4.	Bookkeeping and Accounting .. .. .	1,500
Voluntary Subjects.			
(a)	{	5. Mathematics, Class II. .. .. .	1,500
		or 6. Geography and History .. .. .	1,500
(b)	{	7. Chemistry .. .. .	1,500
		or 8. Physics .. .. .	1,500
(c)	{	9. Sinhalese .. .. .	1,500
		or 10. Tamil .. .. .	1,500

Candidates may take up two, and not more than two, of the voluntary subjects, and not more than one from each of the groups (a), (b), and (c).

#### Syllabus of Subjects.

*Note.*—No text books will be prescribed for any subject.

\* *Vide* despatch to Secretary of State of December 14, 1909.

## ENGLISH.

*English Language and Composition.*—The subject will include—

- (a) A subject for an essay to be chosen by each candidate from several subjects set. Those proposed may include some having reference to Geography and History, and some involving an acquaintance with English authors, as well as more abstract subjects, the main object being to test power of expression, thought and arrangement, general reading, and knowledge. (All candidates will be expected to attempt the essay, to which special importance is attached.)
- (b) Questions testing knowledge and command of English. These may include questions on précis writing, paraphrase, and analysis of sentences.
- (c) Questions testing general reading and knowledge of English books.

## MATHEMATICS, CLASS I.

*Arithmetic.*—The ordinary rules, with applications more specially to the mensuration of plane figures and solids. The metric system, and the use of decimals in approximate calculation; contracted methods. The use and theory of recurring decimals are not required, and candidates are at liberty to use algebraic symbols and formulas and tables of logarithms.

*Geometry.*—Plane geometry, theoretical and practical, not excluding simple problems in three dimensions. Proportion may be treated arithmetically; the special treatment of incommensurables is not required.

*Algebra.*—Including graphs of the simpler algebraic functions; quadratic equations; use of graphs in solving equations, and in illustrating and solving practical questions; rate of variation of a function and gradient or slope of a graph; graphic interpolation; indices and the simpler properties of surds.

*Trigonometry.*—Up to and including solution of plane triangles; graphs of trigonometrical functions.

Grasp of elementary principles and readiness in practical application will be looked for, but no great analytical skill will be demanded. Numerical results should be given to a few significant figures, and rough checks on the accuracy of the results should be applied. Neatness and accuracy of working are expected, and sufficient indication of the method of solution to make the work immediately intelligible. The examination will include laboratory work. Acquaintance is expected with the balance and steel-yard, and with the method of finding volume by weighing in air and in water. An idea of the range of the questions which will be set at the laboratory examination may be obtained from the laboratory questions set under Mathematics, Class I., at recent examinations for junior appointments in the Home Civil Service, and shown in reprints of the examination papers published by Messrs. Wyman & Sons, Fetter Lane, London, E.C.

## LATIN.

The paper will include (1) questions on grammar; (2) unprepared passages for translation into English, with questions; (3) one or more easy unprepared passages for translation into English, a vocabulary of unfamiliar words being given; (4) one or more unprepared passages of ordinary difficulty for translation into English; (5) easy sentence for translation into Latin; (6) one or more continuous passages for translation into Latin.

## BOOKKEEPING AND ACCOUNTING.

Knowledge of the general principles of Bookkeeping and Accounting. Bookkeeping by double entry.

## MATHEMATICS, CLASS II.

Includes Mathematics, Class I., together with Mechanics. The principles of the lever, the inclined plane, the composition of forces and virtual work, their experimental investigation and application to machines and other simple cases of equilibrium. Centre of gravity, couple or torque, velocity ratio, mechanical advantage or force-ratio, work, efficiency.

Application to liquids and gases. Density. Boyle's Law. Pump, siphon, barometer, manometer. Velocity, acceleration, momentum, force, impulse of a force, energy, power or rate of work. The examination in Mathematics, Class II., will include laboratory work. An idea of the range of the questions which will be set at the laboratory examination may be obtained from the laboratory questions set under Mathematics, Class II., at recent examinations for junior appointments in the Home Civil Service, and shown in reprints of the examination papers published by Messrs. Wyman & Sons, Fetter Lane, London, E.C.

## CHEMISTRY.

The following outline indicates the range of the examination:—

*Written.*

The methods which lead to the discovery of the composition of common materials occurring in nature.

The determination of molecular weights, equivalents, and of atomic weights. Valency and structural formulæ.

Classification of the elements, including the Periodic Scheme.

General characters of the chief types of compounds, including acids, bases, and salts, and a few prominent carbon compounds, especially as illustrating the relations of properties to composition and structure. No distinction will be admitted between Organic and Inorganic Chemistry.

History, production and properties of the more important and typical elements and their most familiar compounds.

The character of chemical changes, including combustion, thermal dissociation, and electrolysis; the conditions which determine and influence them, and the attendant phenomena.

The whole to be treated in an elementary manner.

Candidates will be required to show that they have seen and practised a great variety of experiments, and are familiar with the appearance of common laboratory materials.

II.—*Practical Examination.*

Candidates will be required to show that they are familiar with easy quantitative operations, gravimetric and volumetric, with the rudiments of qualitative analysis, and that they have prepared a number of elements or compounds by processes involving the manipulation of gases and the purification of substances by crystallization, distillation, &c. Candidates must bring to the practical examination the notebooks which contain the record of the experimental work they have performed. Specimens made by the candidate, duly attested by the teacher, if any, may also be submitted to the examiners.

## PHYSICS.

The following Syllabus indicates the general scope and character of the examination, without being exhaustive of all parts of the subject. Candidates are expected to show a general acquaintance with the apparatus by which the elementary principles of Physics are illustrated and applied:—

*General Properties of Solids, Liquids, and Gases.*—Relation between Volume and Pressure in Gases. Diffusion in Liquids and Gases.

*Heat.*—Definition of Temperature. Construction and use of Instruments for the measurement of Temperature.

Expansion of Solids, Liquids, and Gases with rise of Temperature. Convection in Fluids.

Quantity of Heat. Specific Heat.

Change of State. Latent Heat. Vapour Pressure. Boiling Point.

Dew-point. Formation of Cloud, Fog, and Dew.

Conduction. Definition of Thermal Conductivity.

Radiation: its Emission, Propagation, Reflection, Refraction, and Absorption; its Relation to Light.

The Mechanical Equivalent of Heat and Modes of Determination. The Conservation of Energy.

*Sound.*—The Production and Propagation of Sound.

Nature of Wave-motion. Amplitudes. Wave-length. Frequency.

Experimental determination of the Velocity of Sound in Air. Echoes. Effect of change of Temperature on the Velocity.

Determination of Frequency by simple methods.

Experimental investigation of the modes of Vibration of Strings by means of the Sonometer.

Experimental investigation of the Vibrations of Air in Pipes by Resonance to Tuning Forks.

Organ Pipes. Position of Nodes and Antinodes.

*Optics.*—Propagation of Light. Measurement of Velocity. Laws of Reflection and Refraction. Photometry. Reflection at Plane and Spherical Surfaces, and the formation of Images.

Refraction at Plane Surfaces and by Prisms. Minimum deviation. Chromatic dispersion.

The formation of Images by single Lenses. Long and Short Sight and their correction by Lenses.

The Combination of Two Lenses to form a simple Telescope or Microscope.

*Magnetism and Electricity.*—Properties of Magnets. Simple Phenomena of Magnetism and of Magnetic Induction (Influence).

The Magnetic Field. Lines of Force. The Law of Magnetic Force.

The Earth as a Magnet.

The Simpler Phenomena of Electrified Bodies. Conduction and Insulation. Electrification by Friction and by Induction (Influence).

Distribution of Electrification on Conductors.

Electric Field. Strength of Field.

The Law of Electric Force.

Potential. Capacity. Energy of Charge.

Electric Discharge and Electric Current.

Primary and Secondary Batteries.

Magnetic Field of Current. Magnetic Measurement of Current. Galvanometers.

Work done by an Electric Current.

Electromotive Force. Difference of Potential. Resistance.

Ohm's Law: Volt; Ohm; Ampère; Watt; Joule.

Heating Effects of Currents.

Elementary Phenomena of Electrolysis. Faraday's Law.

Action on Current Circuits in a Magnetic Field.

Electro-magnetic Induction. Faraday's Law. Lenz's Law. Induction Coil.

*Practical Examination.*

The following scheme is not exhaustive, and is intended merely to show the general nature of the exercises at the practical examination. The examiners are not precluded from setting other exercises and practical problems illustrative of the principles set forth in the Syllabus:—

Length Measurements by Millimetre Rule.

Eye-estimation of tenths of a Division.

Use of Vernier, Linear, and Angular.

Determination of Areas and Volumes by Measurement of Linear Dimensions.

Use of the balance, weighing to one centigramme.

Determination of Volumes by Weighing in Water.

Specific Gravities of Solids, Powders, and Liquids.

Use of the Hydrometer.

Verification of Boyle's Law.

Reading the Barometric Height.  
 Determination of the Centre of Gravity of a Plate.  
 Use of Atwood's Machine.  
 Time of Swing of a Simple Pendulum and Verification of the Formula  $t \propto \sqrt{l}$ .  
 Determination of a Velocity of Sound in a Tube by Resonance with a Fork.  
 Use of the Sonometer.  
 Use of Thermometers, and Determination of Fixed Points.

#### EXAMINATION FOR LOCAL CADETS AND BEFORE PROMOTION TO CLASS III.

1. Every Cadet will be required, before he can receive a substantive appointment, to pass an examination in the subjects hereinafter specified, and further to obtain a certificate from an officer approved by the Governor that he can ride well, and that he is able to perform journeys on horseback. If he pass at or before the examination occurring not later than 21 months from the date of his being attached to one of the Public Offices, his rank in the Service will count from the date of his appointment as Cadet. Otherwise his claim to count his service will be deferred; and should he fail to pass within three years from his being attached, his pay will be withdrawn, and the Secretary of State will be recommended to cancel his appointment.

2. To assist Cadets in procuring horses and maintaining them, the Government will be prepared to make an advance for the purchase of a horse, repayable in monthly instalments, and will also grant to each Cadet a horse allowance of Rs. 45 per mensem for twenty-one months.

3. Gentlemen in the Local Division of the Civil Service will be required, before they can be promoted to the Third Class, to pass a second examination of the character hereinafter described. The promotion from the Third Class will be deferred, in the case of gentlemen who fail to pass their second examination within six years from the date of their being attached to one of the Public Offices, to that of those who shall have passed within that period and have entered the Third Class before them.

4. The subjects of examination will be the native Languages (Sinhalese and Tamil), Law, and the System of Accounts employed in the Government Offices.

5. At their first examination candidates will be examined in Sinhalese or Tamil (whichever they may prefer), in Law, and in Accounts; at their second, in Law, Accounts, and both Languages; and in this second examination candidates may take up the various subjects, if they so desire it, in four sections at four separate periods, section (a) consisting of Law; section (b) consisting of Accounts; section (c) consisting of the Language taken up by them at their first examination; and section (d) consisting of their second language.

6. The subjects and scheme of both the first and second examinations will be as follows:—

#### *Native Languages.*

7. In the *first* examination the candidate is to write an English translation of two short Sinhalese or Tamil letters or reports from headmen, written in different running hands. He is to translate a short English judgment or other official paper into Sinhalese or Tamil; dictate off-hand the translation into

Sinhalese or Tamil of an English report or other official paper to a native, who shall take it down in writing; read and translate an extract from a Sinhalese or Tamil newspaper and from the proceedings of a Gansabhawa case put into his hands for the first time; answer a few plain grammatical questions on declensions, conjugations, and compound words; read, construe, and parse in English any easy sentence in Sinhalese or Tamil that may be set by the examiner; to be tested in conversation so as to satisfy the examiner as to his power of understanding natives of different classes, and of making himself understood by them, both in common conversation and in the usual course of official business.

8. The marks required for a pass in this first examination shall be 40 per cent. in conversation and in newspaper reading respectively, and a total of 33 per cent. in all subjects.

9. The second examination shall be similar in its nature to the first, but more difficult in degree. The candidate will be required to act as an interpreter between the examiner and natives perfectly ignorant of English; the interpretation to be on matters connected with some ordinary civil or criminal case.

10. The marks required for a pass in this second examination shall be 60 per cent. in conversation and in newspaper reading respectively, and a total of 50 per cent. in all subjects.

#### LAW.

Candidates will be required to obtain a minimum of 33 per cent. on each subject and 40 per cent. on the total marks in the first examination, and a minimum of 40 per cent. on each subject and of 50 per cent. on the total marks in the second examination.

#### *Accounts.*

12. The subject of examination will be the system of Accounts employed in the Government Offices, and candidates will be required to obtain 40 per cent. on the total marks for a pass in the first examination and 75 per cent. in the second examination.

13. The examination will be conducted on the above system of marks, and the time allotted to each subject will be fixed by the examiners.

For the First and Second Examination:—

- (1) Ceylon Financial Orders, consisting of Part I., General Regulations for the guidance of Financial and Accounting Officers in the Colonial Service. Part II., Local Financial Regulations.
- (2) The Estimates of the current year, e.g., their arrangement, the heads of revenue, &c.
- (3) Any Ordinances relating to specific accounts.

## RIDING EXAMINATION.

14. (i.) Candidates will be required to satisfy the examiners—

- (a) That they can perform a journey of about 8 miles on horseback at the rate of 6 miles an hour, *i.e.*, trotting 2 miles and walking 1 mile alternately, without unduly distressing themselves or their horses.
- (b) That they can saddle and bridle a horse correctly and promptly, and that they can arrange the various parts of saddle and bridle (Civilian pattern) after they have been disarranged.

*Note.*—Candidates will be allowed the use of stirrups, and will not be tested in jumping.

(ii.) The examination will take place on the morning of one of the days fixed for the quarterly Civil Service Examination.

(iii.) Due notice of the exact day and hour for holding the examination will be given to candidates after their applications have been received.

15. Any Cadet who is of Sinhalese, Tamil, or Eurasian parentage will be required to take up for his first examination whichever of the native languages has not been spoken by, or familiar to, him as a child.

16. In addition, every officer appointed to Class IV. of the Ceylon Civil Service will be required to pass an examination in the Criminal Procedure Code within six months from the date of appointment to Class IV.

By His Excellency's command,

Colonial Secretary's Office,  
Colombo, February 17, 1911.

HUGH CLIFFORD,  
Colonial Secretary.

### Examination for the Local Division of the Civil Service of Ceylon.

1. An Examination for admission to the Local Division of the Civil Service will be held in Colombo in or about October next. The prospects and conditions of the Service are set out in the Minutes governing the Local Division of the Civil Service published in the *Government Gazette* of February 17, 1911. The number of persons to be selected at this Examination will be two.

2. No person will be admitted to compete who has not received a nomination from His Excellency the Governor.

3. Applications for nominations should be sent to the Principal Assistant Colonial Secretary—the envelope to be marked “Local Division, Civil Service”—on or before April 30. No question as to the delay or loss in the post of any such application can be entertained.

4. Nominations will be limited to candidates who have passed the Senior Standard of the Cambridge Local Examination, the London Matriculation, or any other public examination which may be deemed to be of an equally high standard.

5. Every applicant must furnish satisfactory proof—

- (a) That he is a natural-born British subject born in Ceylon of parents permanently resident in the Island.
- (b) That at least 19 years and not more than 23 years have elapsed since the date of his birth on January 1, 1911.
- (c) That he is of good moral character.

6. Applicants should attach to their applications—

- (1) Birth certificate.
- (2) A certificate of character from the head of the school at which the applicant was educated.
- (3) A statement showing where he was educated, examinations passed, degrees taken, &c., present occupation, and how he has spent the time since he left school.
- (4) A medical certificate that the applicant is of sound constitution, possessed of good sight, and otherwise physically qualified for the Service.
- (5) Particulars of property possessed by the applicant, showing the situation and nature of the land or property. It should also be stated in the case of landed property whether it is ancestral or recently acquired.
- (6) Any athletic distinctions obtained by the applicant should be stated, also whether the applicant is a Volunteer, and whether he is able to ride.

7. All candidates after nomination will be required to undergo a medical examination by a Board before the examination by the Civil Service Commissioners. The fee for the medical examination will be Rs. 10.50. The fee for the examination will be Rs. 25.

8. The examinations will be conducted by the Civil Service Commissioners, and the following is a list of the subjects in which candidates will be examined:—

		Obligatory Subjects.				Marks.
	1.	English	..	..	..	2,000
	2.	Mathematics, Class I.	..	..	..	1,500
	3.	Latin	..	..	..	1,500
	4.	Bookkeeping and Accounting	..	..	..	1,500
		Voluntary Subjects.				
	(a) {	5. Mathematics, Class II.	..	..	..	1,500
		or				
	6.	Geography and History	..	..	..	1,500
	(b) {	7. Chemistry	..	..	..	1,500
		or				
	8.	Physics	..	..	..	1,500
	(c) {	9. Sinhalese	..	..	..	1,500
		or				
	10.	Tamil	..	..	..	1,500

Candidates may take up two, and not more than two, of the voluntary subjects, and not more than one from each of the groups (a), (b), and (c).

#### Syllabus of Subjects.

Note.—No text books will be prescribed for any subject.

#### ENGLISH.

*English Language and Composition.*—The subject will include—

- (a) A subject for an essay to be chosen by each candidate from several subjects set. Those proposed may include some having reference to Geography and History, and some involving an acquaintance with English authors, as well as more abstract subjects; the main object being to test power of expression, thought and arrangement, general reading, and knowledge. (All candidates will be expected to attempt the essay, to which special importance is attached.)
- (b) Questions testing knowledge and command of English. These may include questions on précis writing, paraphrase, and analysis of sentences.
- (c) Questions testing general reading and knowledge of English books.

## MATHEMATICS, CLASS I.

*Arithmetic.*—The ordinary rules, with applications more specially to the mensuration of plane figures and solids. The metric system, and the use of decimals in approximate calculation; contracted methods. The use and theory of recurring decimals are not required, and candidates are at liberty to use algebraic symbols and formulas and tables of logarithms.

*Geometry.*—Plane geometry, theoretical and practical, not excluding simple problems in three dimensions. Proportion may be treated arithmetically; the special treatment of incommensurables is not required.

*Algebra.*—Including graphs of the simpler algebraic functions; quadratic equations; use of graphs in solving equations, and in illustrating and solving practical questions; rate of variation of a function and gradient or slope of a graph; graphic interpolation; indices and the simpler properties of surds.

*Trigonometry.*—Up to and including solution of plane triangles; graphs of trigonometrical functions.

Grasp of elementary principles and readiness in practical application will be looked for, but no great analytical skill will be demanded. Numerical results should be given to a few significant figures, and rough checks on the accuracy of the results should be applied. Neatness and accuracy of working are expected, and sufficient indication of the method of solution to make the work immediately intelligible. The examination will include laboratory work. Acquaintance is expected with the balance and steel-yard, and with the method of finding volume by weighing in air and in water. An idea of the range of the questions which will be set at the laboratory examination may be obtained from the laboratory questions set under Mathematics, Class II., at recent examinations for junior appointments in the Home Civil Service, and shown in reprints of the examination papers published by Messrs. Wyman & Sons, Fetter Lane, London, E.C.

## LATIN.

The paper will include (1) questions on grammar; (2) unprepared passages for translation into English, with questions; (3) one or more easy unprepared passages for translation into English, a vocabulary of unfamiliar words being given; (4) one or more unprepared passages of ordinary difficulty for translation into English; (5) easy sentences for translation into Latin; (6) one or more continuous passages for translation into Latin.

## BOOKKEEPING AND ACCOUNTING.

Knowledge of the general principles of Bookkeeping and Accounting. Bookkeeping by double entry.

## MATHEMATICS, CLASS II.

Includes Mathematics, Class I., together with Mechanics. The principles of the lever, the inclined plane, the composition of forces and virtual work, their experimental investigation and application to machines and other simple cases of equilibrium. Centre of gravity, couple or torque, velocity ratio, mechanical advantage or force—ratio, work, efficiency.

Application to liquids and gases. Density. Boyle's Law. Pump, siphon, barometer, manometer. Velocity, acceleration, momentum, force, impulse of a force, energy, power or rate of work. The examination in Mathematics, Class II., will include laboratory work. An idea of the range of the questions which will be set at the laboratory examination may be obtained from the laboratory questions set under Mathematics, Class I., at recent examinations for junior appointments in the Home Civil Service, and shown in reprints of the examination papers published by Messrs. Wyman & Sons, Fetter Lane, London, E.C.

## CHEMISTRY.

The following outline indicates the range of the examination:—

*Written.*

The methods which lead to the discovery of the composition of common materials occurring in nature.

The determination of molecular weights, equivalents, and of atomic weights. Valency and structural formulæ.

Classification of the elements, including the Periodic Scheme.

General characters of the chief types of compounds, including acids, bases, and salts, and a few prominent carbon compounds, especially as illustrating the relations of properties to composition and structure. No distinction will be admitted between Organic and Inorganic Chemistry.

History, production and properties of the more important and typical elements and their most familiar compounds.

The character of chemical changes, including combustion, thermal dissociation, and electrolysis; the conditions which determine and influence them, and the attendant phenomena.

The whole to be treated in an elementary manner.

Candidates will be required to show that they have seen and practised a great variety of experiments, and are familiar with the appearance of common laboratory materials.

II.—*Practical Examination.*

Candidates will be required to show that they are familiar with easy quantitative operations, gravimetric and volumetric, with the rudiments of qualitative analysis, and that they have prepared a number of elements or compounds by processes involving the manipulation of gases and the purification of substances by crystallization, distillation, &c. Candidates must bring to the practical examination the notebooks which contain the record of the experimental work they have performed. Specimens made by the candidate, duly attested by the teacher, if any, may also be submitted to the examiners.

## PHYSICS.

The following Syllabus indicates the general scope and character of the examination, without being exhaustive of all parts of the subject. Candidates are expected to show a general acquaintance with the apparatus by which the elementary principles of Physics are illustrated and applied:—

*General Properties of Solids, Liquids, and Gases.*—Relation between Volume and Pressure in Gases. Diffusion in Liquids and Gases.

*Heat.*—Definition of Temperature. Construction and use of Instruments for the measurement of Temperature. Expansion of Solids, Liquids, and Gases with rise of Temperature. Convection in Fluids.

Quantity of Heat. Specific Heat.

Change of State. Latent Heat. Vapour Pressure. Boiling Point.

Dew-point. Formation of Cloud, Fog, and Dew.

Conduction. Definition of Thermal Conductivity.

Radiation: its Emission, Propagation. Reflection, Refraction, and Absorption; its Relation to Light.

The Mechanical Equivalent of Heat and Modes of Determination. The Conservation of Energy.

*Sound.*—The Production and Propagation of Sound.

Nature of Wave-motion. Amplitudes. Wave-length. Frequency.

Experimental determination of the Velocity of Sound in Air. Echoes. Effect of change of Temperature on the Velocity.

Determination of Frequency by simple methods.

Experimental investigation of the modes of Vibration of Strings by means of the Sonometer.

Experimental investigation of the Vibrations of Air in Pipes by Resonance to Tuning Forks.

Organ Pipes: Position of Nodes and Antinodes.

*Optics.*—Propagation of Light. Measurement of Velocity. Laws of Reflection and Refraction. Photometry.

Reflection at Plane and Spherical Surfaces, and the formation of Images.

Refraction at Plane Surfaces and by Prisms. Minimum deviation. Chromatic dispersion.

The formation of Images by single Lenses. Long and Short Sight and their correction by Lenses.

The Combination of Two Lenses to form a simple Telescope or Microscope.

*Magnetism and Electricity.*—Properties of Magnets. Simple Phenomena of Magnetism and of Magnetic Induction (Influence).

The Magnetic Field. Lines of Force. The Law of Magnetic Force.

The Earth as a Magnet.

The Simpler Phenomena of Electrified Bodies. Conduction and Insulation. Electrification by friction and by Induction (Influence).

Distribution of Electrification on Conductors.

Electric Field. Strength of Field.

The Law of Electric Force.

Potential. Capacity. Energy of Charge.

Electric Discharge and Electric Current.

Primary and Secondary Batteries.

Magnetic Field of Current. Magnetic Measurement of Current. Galvanometers.

Work done by an Electric Current.

Electromotive Force. Difference of Potential. Resistance.

Ohm's Law: Volt; Ohm; Ampère; Watt; Joule.

Heating Effects of Currents.

Elementary Phenomena of Electrolysis. Faraday's Law.

Action on Current Circuits in a Magnetic Field.

Electro-magnetic Induction. Faraday's Law. Lenz's Law. Induction Coil.

#### *Practical Examination.*

The following scheme is not exhaustive, and is intended merely to show the general nature of the exercises at the practical examination. The examiners are not precluded from setting other exercises and practical problems illustrative of the principles set forth in the Syllabus:—

Length Measurements by Millimetre Rule.

Eye-estimation of tenths of a Division.

Use of Vernier, Linear, and Angular.

Determination of Areas and Volumes by Measurement of Linear Dimensions.

Use of the balance, weighing to one centigramme.

Determination of Volumes by Weighing in Water.

Specific Gravities of Solids, Powders, and Liquids.

Use of the Hydrometer.

Verification of Boyle's Law.

Reading the Barometric Height.

Determination of the Centre of Gravity of a Plate.

Use of Atwood's Machine.

Time of Swing of a Simple Pendulum and Verification of the Formula  $t \propto \sqrt{l}$ .

Determination of a Velocity of Sound in a Tube by Resonance with a Fork.

Use of the Sonometer.

Use of Thermometers, and Determination of Fixed Points.

Simple Methods of determining Specific Heat and Latent Heat of Fusion.

Determination of Dew-point.

Use of Simple Photometers.

Focal Lengths of Concave Mirrors.

Focal Lengths of Convex Lenses.

Arrangement of two Lenses to make simple forms of Telescope, Microscope, and Magic Lantern

Arrangements of a Slit, Lens, and Prism to get a pure Spectrum.

Tracing the path of a Ray of Light through a block of glass and Deduction of Refractive Index.

Tracing the lines of force in the neighbourhood of a Magnet.

Mode of making a simple Electro-magnet.

Gold Leaf Electroscope and its use to find the sign of a given charge.

Mode of setting up common Voltaic Cells. Modes of joining up Cells.

Determination of the signs of the terminals of a Cell.

Use of simple Galvanometers.

Measurement of Resistance.

Simple experiments on Induced Currents.

Candidates must bring to the practical examination the notebooks containing the record of their laboratory work.

#### GEOGRAPHY AND HISTORY. (*Two Papers.*)

*Geography.*—Questions on descriptive and general geography.

*History.*—The general course of English History and the development of the British Empire, from the accession of Henry VII. to the present time, with a more detailed knowledge of the reign of Queen Victoria.

## SINHALESE.

Translation of passages from Sinhalese into English and from English into Sinhalese. Questions on Grammar. A fair knowledge of Sinhalese literature will be expected. An oral examination will also be held locally, in which candidates will be tested as to their ability to interpret from Sinhalese into English and *vice versa*.

## TAMIL.

Translation of passages from Tamil into English and from English into Tamil. Questions on Grammar. A fair knowledge of Tamil literature will be expected. An oral examination will also be held locally, in which candidates will be tested as to their ability to interpret from Tamil into English and *vice versa*.

Colonial Secretary's Office,  
Colombo, February 17, 1911.

By His Excellency's command,  
HUGH CLIFFORD,  
Colonial Secretary.

## "THE LOAN BOARD ORDINANCE, 1865."

THE following rule made by the Commissioners, under the provisions of section 10 of the above-named Ordinance, in substitution for rule 26 of the rules published by a Notification dated August 7, 1909, and approved by the Governor in Executive Council, is published for general information:

Colonial Secretary's Office,  
Colombo, February 14, 1911.

By His Excellency's command,  
HUGH CLIFFORD,  
Colonial Secretary.

## RULE REFERRED TO.

26. The funds of the Loan Board may be placed upon fixed deposit in such bank or banks in the Colony as may be determined upon from time to time by the Commissioners, provided, however, that the amount of the said deposit in any one bank at any one time shall not exceed one hundred thousand rupees.

IT is hereby notified that a license to import explosives into Ceylon during the current year has been issued to Messrs. Adamjee Lukmanjee of Colombo.

Colonial Secretary's Office,  
Colombo, February 15, 1911.

By His Excellency's command,  
HUGH CLIFFORD,  
Colonial Secretary.

IT is hereby notified that a license to import cartridges into Ceylon during the current year has been issued to Messrs. Lewis Brown & Co. of Colombo.

Colonial Secretary's Office,  
Colombo, February 15, 1911.

By His Excellency's command,  
HUGH CLIFFORD,  
Colonial Secretary.

## MISCELLANEOUS DEPARTMENTAL NOTICES.

## Examination of Government Clerks.

IN terms of the Minute of June 16, 1908, an examination in the vernacular languages in the system of accounts employed in Government offices and in higher bookkeeping for clerks of Class III. of the Clerical Service will be held at the Technical College on Monday, April 3, 1911, commencing at 10 A.M.

Candidates for admission should apply by letter to the Director of Public Instruction not later than March 15, 1911, specifying the subjects they are desirous of taking up.

Office of Public Instruction,  
Colombo, February 2, 1911.

J. HARWARD,  
Director.

## NOTICES CALLING FOR TENDERS.

**TENDERS** are hereby invited for supply of firewood to the Government Factory and the Printing Office, Colombo, from July 1, 1911, to June 30, 1912.

2. All tenders must be in duplicate, both copies being sealed in the same envelope, and addressed to the Chairman of the Tender Board, Office of the Controller of Revenue, Colombo.

3. Tenders must be marked "Tender for supply of Firewood to Government Factory and the Printing Office" in the left hand top corner of the envelope, and should reach the Office of the Controller of Revenue not later than midday on March 14, 1911.

4. Tenders should either be deposited in the tender box in the Office of the Controller of Revenue or be sent to him through the post.

5. The firewood for the Government Printing Office must be supplied, weighed, and stacked in quantities to be directed from time to time by the Government Printer. All wood delivered there must be sound, dry, and fairly hard, and straight, and in billets from 3 ft. to 5 ft. in length, and not less than 6 in. or more than 20 in. in girth.

6. The firewood for the Government Factory must be weighed on the weighbridge and delivered stacked. The same may be delivered on any working day at any time during working hours, in any quantity not exceeding 2,000 cwt. at a time, as required by the Factory Engineer. All wood supplied to the Factory must be sound, dry, and fairly hard, and straight, and not more than 30 in. or less than 9 in. in girth. A separate rate must be given for supplying at the Wharf or the Government Factory dry firewood of good quality in billets not exceeding 18 in. in girth and 18 in. in length.

7. Firewood cut in 2 ft. lengths and 18 in. to 25 in. in girth to be delivered to any office of the Public Works Department within the gravets of Colombo.

8. Tenders must be on forms which may be obtained at the Office of the Director of Public Works, and no tender will be considered unless it is furnished on the recognized form thus obtained. Any alterations made in tenders should bear the initials of the tenderer, and all tenders containing alterations not so initialled will be treated as informal and rejected.

9. Parties applying for form of tender will be required to deposit the sum of Rs. 50 either at the Treasury or the Kachcheri, and produce a receipt for the same. Should the party fail to submit in accordance with the terms of the specification a *bona fide* tender, or to enter into the necessary contract, the sum of Rs. 50 deposited will be forfeited by way of ascertained and liquidated damages. Upon a contract being entered into, the deposits of unsuccessful *bona fide* tenderers will be returned.

10. Specification may be seen, and further information obtained, on application at the Office of the Factory Engineer.

11. Before any tender is accepted the contractor will be required to sign a contract to execute and perform the works in accordance with the specification and the general conditions therein set forth for the due and faithful performance of the contract, within ten days of receiving notice in writing signed by the Factory Engineer, that the Government is prepared to accept his tender.

12. A sum of Rs. 50 will have to be deposited by the contractor, and also firewood to the value of Rs. 100 of the quality and dimensions above-mentioned, as to be supplied to the Government Factory, will have to be kept in deposit in the Factory yard as security, which quantity will be paid for as last payment for the year, provided that the contract is duly fulfilled during the year.

13. The Government does not bind itself to accept the lowest or any tender, and reserves to itself the right of accepting any portion of a tender.
