21. Payment will be made to the contractors by the General Manager of the Railway for each separate shipment according to the quantity specified in the bill of lading, but deducting therefrom an amount equal to 2 per cent. for wastage.

22. If any of the coal supplied is objected to by the Locomotive, Carriage, and Wagon Superintendent of the Railway as not being of the quality contracted for, or as being inferior in quality to the sample submitted, the

General Manager shall be at liberty to deduct from the price of such sums as he may consider justifiable by reason of the inferior quality, or he may reject such coal. Whenever any coal is so rejected, the contractors shall at their own cost and expense remove the rejected coal, and pending removal the coal shall remain and be at the risk of the contractors, and the contractors shall, in addition to any other penalty, be liable to refund to the General Manager the cost incurred in landing such rejected coal, and the cost so incurred, when certified under the hand of the General Manager, shall be deemed final and conclusive.

23. If the contractors at any time fail to supply the coal at the time and in the quantities specified in this notice (except under circumstances specified in clause 27 of this notice), or should any coal be rejected, the General Manager shall be at liberty to purchase elsewhere, at whatever price he may deem fit, such quantity of coal as the contractors may have failed to supply or as may have been rejected, and should the coal so purchased cost more than the contract price, the contractor shall be liable to pay to the General Manager the full amount of the excess cost, together with all expenses attending the purchase and procuring of the same.

24.
