PROCLAMATIONS.

IN the Name of His Majesty GEORGE THE FIFTH, of the United Kingdom of Great Britain and Ireland and of the British Dominions beyond the Seas, King, Defender of the Faith.

PROCLAMATION.

By His Excellency REGINALD EDWARD STUBBS, Esquire, Officer Administering the Government of the Island of Ceylon, with the Dependencies thereof.

R. E. STUBBS.

KNOW Ye that We, the Officer Administering the Government of Ceylon, in exercise of the power in Us vested by section 26 of the Village Communities Ordinance, No. 24 of 1889, and with the advice of the Executive Council, do hereby establish Village Tribunals, as from and after July 1, 1913, in the Chief Headman's division of Kalutara and Panadure totamunes, in the District of Kalutara, Western Province, at the places set out in the schedule hereto.

Given at Colombo, in the said Island of Ceylon, this Fourteenth day of February, in the year of our Lord One thousand Nine hundred and Thirteen.

By His Excellency's command,
L. W. BOOTH,
Acting Colonial Secretary.

GOD SAVE THE KING.

SCHEDULE.

At Paiyagala and Pinwatta, in the Chief Headman's division of the Kalutara and Panadure totamunes.

IN the Name of His Majesty GEORGE THE FIFTH, of the United Kingdom of Great Britain and Ireland and of the British Dominions beyond the Seas, King, Defender of the Faith.

PROCLAMATION.

By His Excellency REGINALD EDWARD STUBBS, Esquire, Officer Administering the Government of the Island of Ceylon, with the Dependencies thereof.

R. E. STUBBS.

WHEREAS by Proclamation, dated June 14, 1877, and July 31, 1895, the Panadure totamune, with so much of the Kalutara totamune as lies outside the police limits of the Kalutara town, in the District of Kalutara, Western Province, was brought under the operation of "The Village Communities Ordinance, 1889," and was subdivided into certain villages and convenient groups of villages for the purposes of the said Ordinance:

And whereas it is expedient to alter and amend the subdivision of the said totamune, and to subdivide the said totamune into other villages or convenient groups of villages for the purpose of the said Ordinance:

Now know Ye that We, the Officer Administering the Government of Ceylon, in exercise of the power in Us vested by section 5 of the said Ordinance, and with the advice of the Executive Council, do hereby declare and appoint that from and after July 1, 1913, the subdivisions comprising the said totamune shall be those set out in the schedule hereto.

Given at Colombo, in the said Island of Ceylon, this Fourteenth day of February, in the year of our Lord One thousand Nine hundred and Thirteen.

By His Excellency's command,

L. W. BOOTH,
Acting Colonial Secretary.

GOD SAVE THE KING.

SCHEDULE.

Registrar-General's Office, P. ARUNACHALAM,
Colombo, February 12, 1913. Registrar-General.

GOVERNMENT NOTIFICATIONS.

NOTICE is hereby given that a Board appointed by His Excellency the Officer Administering the Government will sit on the following days at the Council Chamber for the purpose of opening and considering tenders for the purchase of the following Arrack Rents for a period of fifteen months from July 1, 1913, to September 30, 1914 :—

March 12, 1913.

- | | | | |
|----|--------------------------|----|---|
| 1. | Western Province .. | .. | Colombo District |
| 2. | Do. .. | .. | Kalutara District |
| 3. | Do. .. | .. | Panadure District |
| 4. | Province of Sabaragamuwa | .. | Ratnapura District |
| 5. | Do. .. | .. | Three Korales and Lower Bulatgama |
| 6. | Do. .. | .. | Four Korales in the District of Kegalla |

March 13, 1913.

- | | | | |
|----|----------------------|-----|---------------------------------|
| 1. | Western Province .. | ... | Siyane and Hewagam Korales |
| 2. | Do. .. | ... | Negombo District |
| 3. | Central Province .. | ... | The whole Province |
| 4. | Southern Province .. | ... | Galle District |
| 5. | Do. .. | .. | Matara and Hambantota Districts |
| 6. | Northern Province .. | ... | Jaffna District |
| 7. | Do. .. | ... | Mannar District |
| 8. | Do. .. | ... | Mullaittivu District |

March 14, 1913.

- | | | | |
|----|------------------------|----|---|
| 1. | North-Western Province | .. | The Seven Korales (Kurunegala District) |
| 2. | Do. .. | .. | Chilaw District |
| 3. | Do. .. | .. | Puttalam District |
| 4. | Province of Uva .. | .. | Badulla District |
| 5. | North-Central Province | .. | Anuradhapura District |
| 6. | Eastern Province .. | .. | Batticaloa District |
| 7. | Do. .. | .. | Trincomalee District |

No tender will be received after 12.30 P.M. on the appointed day.

Each tenderer should state in his tender the price that he is prepared to pay.

Separate tenders should be made for the several rents as shown above, both the name and number of the rent being inserted in the tender.

Tenders properly sealed may either be posted, addressed to the Hon. Mr. L. W. Booth, Acting Colonial Secretary, marked "Arrack Rent Tender," or delivered personally by the tenderer to the Board.

The conditions of sale have been amended since the rents were last sold. Forms of amended conditions of sale with amended list of taverns can be obtained on or shortly after February 10 next at any Kachcheri in the Island. Attention is drawn to the fact that the privilege which will be sold under the conditions is the right to sell only arrack by retail, and does not include the right to sell toddy.

Tenderers who cannot speak English and wish to communicate with the Board must bring their own interpreters.

No tender will be considered unless the tenderer is present in person or by his authorized agent at the Council Chamber, and is prepared to deposit forthwith the amount of one month's rent as tendered by him.

In the event of two or more tenders being for an equal amount, the Board shall have the option of forthwith offering the rent for sale by public auction—the bidding to be restricted to the tenderers in question—or of calling for fresh tenders.

The Board do not bind themselves to accept the highest or any tender.

And notice is hereby further given that Ordinance No. 9 of 1892 having been repealed, the stamp duty hitherto levied thereunder on all arrack taverns situated within the limits of the Municipalities of Colombo, Kandy, and Galle will not be payable.

Forms of tender can be obtained free of charge on application personally or by letter to the Hon. the Controller of Revenue.

Any further information required will be supplied by the Hon. the Controller of Revenue on application made to him either personally or by letter.

Colonial Secretary's Office,
Colombo, January 27, 1913.

By His Excellency's command,
L. W. BOOTH,
Acting Colonial Secretary.

"THE EXCISE ORDINANCE, NO. 8 OF 1912."

Excise Notification No. 6.

IT is hereby notified that His Excellency the Officer Administering the Government has, under the provisions of section 29 of "The Excise Ordinance, No. 8 of 1912," been pleased to prescribe the following measures to be used for the sale of arrack :—

The imperial gallon and its multiples.
The half gallon.
The quart.
The pint.

The dram or 1/48 part of a gallon.
The half dram or 1/96 part of a gallon.
The quarter dram or 1/192 part of a gallon.

The dram, half dram, and quarter dram measures above prescribed shall be of such pattern only as may be approved from time to time by the Governor.

Colonial Secretary's Office,
Colombo, February 13, 1913.

By His Excellency's command,
L. W. BOOTH,
Acting Colonial Secretary.

"THE EXCISE ORDINANCE, NO. 8 OF 1912."

Excise Notification No. 7.

IT is hereby notified that His Excellency the Officer Administering the Government, by virtue of the powers in him vested by section 12 of "The Excise Ordinance, No. 8 of 1912," has been pleased to prescribe for the whole Island that the quantity in excess of which passes for transport shall be required shall be in respect of arrack one-third of an imperial gallon and in respect of toddy one imperial gallon.

Colonial Secretary's Office,
Colombo, February 14, 1913.

By His Excellency's command,
L. W. BOOTH,
Acting Colonial Secretary.

PURSUANT to the 2nd section of the Pension Minute dated December 9, 1908, it is hereby notified that the holder of the office specified below is entitled to pension :—

Medical Department.

Hospital Assistant, Borella Convict Hospital.

Colonial Secretary's Office,
Colombo, February 19, 1913.

By His Excellency's command,
L. W. BOOTH,
Acting Colonial Secretary.

IT is hereby notified that licenses to import explosives into Ceylon during the current year have been issued to the under-mentioned persons :—

Mr. O. L. M. Ahamado Lebbe Marikar Alim, of Colombo.
Messrs. Adamjee Lukmanjee, of No. 115, Bankshall street, Colombo.

Colonial Secretary's Office,
Colombo, February 13, 1913.

By His Excellency's command,
L. W. BOOTH,
Acting Colonial Secretary.

"THE LOCAL BOARDS ORDINANCE, 1898."

IT is hereby notified that the following by-laws made by the Local Board of Bandarawela, in pursuance of section 56, sub-section (21), of Ordinance No. 13 of 1898, have been submitted to and confirmed by His Excellency the Officer Administering the Government, acting with the advice of the Executive Council.

Colonial Secretary's Office,
Colombo, February 18, 1913.

By His Excellency's command,
L. W. BOOTH,
Acting Colonial Secretary.

BY-LAWS REFERRED TO.

1. It shall be the duty of all persons who have cattle or other manure, refuse, or sweepings in or upon their premises to deposit such cattle or other manure, refuse, or sweepings in trenches at least 18 inches broad by at least 18 inches deep made for the purpose, and to cover it or them over with earth to a depth of not less than 4 inches.

2. Whenever it shall appear to the Board to be necessary or expedient for the benefit of the health of the town that cattle or other manure, refuse, or sweepings should not be allowed to remain in or upon any premises as aforesaid, it shall be lawful for the Board, by notice in writing, to require the owner or occupant of such premises to remove such cattle or other manure, refuse, or sweepings from such premises within such time and for such period and to such place as shall be specified in such notice and dispose of the same by burial in trenches or in such other manner as may be prescribed by such notice; and it shall be the duty of such owner or occupier of such premises to dispose of such cattle or other manure, refuse, or sweepings as directed in such notice.

"THE LOCAL BOARDS ORDINANCE, 1898."

IT is hereby notified that the following by-laws made by the Local Board of Badulla, in pursuance of section 56, sub-section (21), of Ordinance No. 13 of 1898, have been submitted to and confirmed by His Excellency the Officer Administering the Government, acting with the advice of the Executive Council.

Colonial Secretary's Office,
Colombo, February 18, 1913.

By His Excellency's command,
L. W. BOOTH,
Acting Colonial Secretary.

BY-LAWS REFERRED TO.

1. It shall be the duty of all persons who have cattle or other manure, refuse, or sweepings in or upon their premises to deposit such cattle or other manure, refuse, or sweepings in trenches at least 18 inches broad by at least 18 inches deep made for the purpose, and to cover it or them over with earth to a depth of not less than 4 inches.

"THE MEDICAL WANTS ORDINANCE, NO. 9 OF 1912."

IT is hereby notified that His Excellency the Officer Administering the Government, with the advice of the Executive Council, has, under and by virtue of the powers in him vested by section 32 (1) of "The Medical Wants Ordinance, No. 9 of 1912," been pleased to make the following rules.

Colonial Secretary's Office,
Colombo, February 20, 1913.

By His Excellency's command,
L. W. BOOTH,
Acting Colonial Secretary.

Rules under Section 32 (1) of the Medical Wants Ordinance, No. 9 of 1912.

A.—Fees payable to District Medical Officers.

1. By Superintendents and persons other than labourers engaged upon estates for medical attendance and for medicines dispensed at dispensaries:—

- (a) Visit and medical attendance at patient's own place of residence for themselves, their wives, and children: Rs. 10.50 for first visit, and Rs. 7.50 for subsequent visits (in same illness).
- (b) For midwifery: Rs. 125, to include three subsequent visits.
- (c) Vaccination: Rs. 15.
- (d) Medical attendance at doctor's house or dispensary, or for prescription by letter: Rs. 3.75.

2. By Assistant Superintendents* :—

- (a) Visit and medical attendance at patient's own place of residence for themselves, wives, and children: First visit, Rs. 7.50; subsequent visits, Rs. 5.25 (in same illness).
- (b) For midwifery: Rs. 75, to include three subsequent visits.
- (c) Vaccination: Rs. 10.
- (d) Medical attendance at doctor's house or dispensary, or for prescription by letter: Rs. 2.50.

3. By clerks, conductors, teamakers, carpenters, masons, kanakapillais, storekeepers, chauffeurs, domestic servants, and employes of similar status:—

- (a) Visit and medical attendance at patient's own place of residence for themselves, wives, and children: Rs. 3 for each visit.
- (b) For midwifery: Rs. 15.
- (c) Vaccination: Rs. 3, or free at the dispensary.
- (d) Medical attendance at doctor's house or dispensary, or for prescription by letter: Re. 1.

Note.—The scale of fees for Medical Officers includes transport. The fee for vaccination includes the lymph.

4. In the absence of an efficient private dispensary or drug store, prescriptions for the above 1, 2, and 3 may be dispensed at a Government dispensary at the same rate as for Government servants, viz. :—

	Cents.
Mixtures and draughts, per ounce	5
Lotions, injections, gargles, per ounce	2
Pills and powders, each	2
Ointment, per ounce	10
Liniment, per ounce	10
Blisters, per square inch	2
Suppositories, each	15
"Drops," per drachm	10

Concentrated mixtures and expensive drugs are to be charged for at cost price.

C.—The Supply of Drugs to Superintendents from Dispensaries and from the Medical Department.

5. Superintendents may obtain such drugs as those prescribed in Appendix A at cost price from Government dispensaries to the total value of Rs. 5 for cash with order, provided that no quantity of any one drug of the value of more than Re. 1 shall be supplied at any one time; and from the Civil Medical Stores, Colombo, to any amount on application to the Superintendent on Medical Form 159 accompanied by a remittance.

6. Superintendents of estates having a dispensary with a qualified apothecary may have such prescribed drugs free of payment to the extent of 50 cents worth per head of the estate labour population per annum.

7. The free drugs supplied to estate dispensaries by Government are for the use of estate labourers exclusively, and shall not be put to any other use whatever.

8. In requisitioning for free drugs for an estate dispensary, Superintendents of estates must confine themselves to the list of drugs published in Appendix A.

9. The half-yearly requisitions for free drugs, to be despatched within a month, must reach the Office of the Principal Civil Medical Officer on or before the dates given below:—

For estates in the Central Province on January 10 and June 10.

For estates in the Uva and Southern Provinces on March 1 and August 1.

For estates in the Sabaragamuwa and North-Western Provinces on April 1 and October 1.

For estates in the Western Province on May 1 and November 1.

Drugs required between the half-yearly requisitions shall be applied for by an intermediate requisition (Medical Form 166).

10. Quinine and tincture of opium shall be applied for separately from other drugs, on Medical Form 166 for quinine, and on Opium Form No. 1 for tincture of opium.

11. All columns of requisition forms must be accurately filled up. The "Remaining" column must show the actual amount in stock at date of requisition. Requisitions shall be signed by the Superintendent of the estate and be accompanied by a certificate as in Appendix B.

* This includes European employes, such as governesses, &c.

D.—The Powers and Duties of Hospital Visitors.

12. Hospitals will be open daily at any time between the hours of 6 A.M. and 6 P.M. for the visits of Official and Unofficial Hospital Visitors.
13. The Medical Officer in charge of the hospital or, in his absence, the next senior officer of the hospital staff shall accompany the Visitor on his inspection.
14. It is desirable that Unofficial Visitors should ascertain whether the patients have any complaints, and if so, that they should inquire into them and record particulars in the Visitors' Book.
15. The quality and quantity of the food supplied to the patients and the cleanliness and tidiness of the hospital and its surroundings are important subjects for inspection.
16. The perusal of the official records does not necessarily come within the scope of the Unofficial Visitor's inspection.
17. Visitors are not competent to give orders, and shall avoid offering criticism, except in the form of remarks and observations recorded in the Visitors' Inspection Book, which will be submitted to them, containing questions, to which it is desirable that full answers should be recorded.

E.—Rules framed under Section 32 (1) (e) for the Guidance of Estate Proprietors desirous of qualifying for Rebate under Section 27.

18. New estate hospitals shall be erected in open clearings as far removed as possible from jungle and swamps. Where possible a space of not less than 100 feet all round shall be kept clear of jungle, and only ornamental cultivation should be permitted within that area.
19. The accommodation required for the number of patients shall be in a proportion of not less than two beds for every 100 labourers employed, exclusive of wards for bowel diseases, which shall be to the extent of one per cent. at least of the labour force, male and female. In the event of serious overcrowding occurring in an estate hospital, the erection of temporary accommodation may be permitted.
20. Separate accommodation shall be provided for males and females.
21. Estate hospitals, dispensaries, and latrines constructed subsequent to these rules coming into force shall be in accordance with type plans approved by the Medical Wants Committee. Copies of such plans can be obtained on application to the Secretary, Medical Wants Committee, Colonial Secretary's Office, Colombo.
22. A bed shall be provided for each patient, and the minimum superficial area allowed for each bed in ordinary wards shall be 60 square feet, and 90 square feet in wards for infectious or dirty cases. The cubic space shall not be less than 900 and 1,200 feet respectively per bed.
23. Kitchen, mortuary, earth-closet, and bathrooms shall be erected for each estate hospital at a suitable distance from the wards.
24. A dispensary and quarters for the medical staff and servants shall be provided at each estate hospital.
25. The beds for the patients shall consist of three separate hard wood planks each 10 inches wide, and of uniform thickness, resting on iron trestles.
26. Efficient mosquito curtains or gnat-proofing in malarious districts shall be provided.
27. Two suits of estate hospital clothing and one pillow shall be provided per bed, and cumblies or blankets in the proportion of three for every two beds.
28. Bed pans and other utensils shall be provided for patients unable to leave the wards. Enamelled iron chamber pots with covers shall be provided for all diarrhoea and dysentery cases. The excreta of all infectious bowel diseases shall be disinfected before being disposed of.
29. All articles of equipment shall be cleansed as often as may be necessary.
30. The scales of diets and the quality shall be those set out in Appendix C, but extra articles of diet and medical comforts shall be provided as ordered by the Medical Officer in charge of the estate hospital.
31. The medicines specified in Appendix A shall be kept in stock in each estate hospital with the necessary apparatus for compounding and dispensing.
32. The instruments and appliances provided shall be in accordance with modern requirements, subject to the approval of the Principal Civil Medical Officer.
33. The number of male and female attendants shall not be in a less proportion than one for every ward of twelve beds, and dhobies and scavengers shall be employed in sufficient numbers.
34. The officer in charge of an estate hospital shall live in the immediate vicinity of the building; subject to supervision, he shall have the immediate care of all estate hospital patients, and shall see that all treatment ordered is carried out.
35. The officer in charge shall see that the estate hospital is kept clean and in good order. Each ward shall be swept twice a day, and the floor washed once a week at least. Latrines shall be cleansed twice daily, and their contents buried or otherwise disposed of in a satisfactory manner.
36. The officer in charge shall see that the supply of medicines is sufficient, that poisons are kept under lock and key in a separate place, and that the instruments and general equipment of the hospital are in order. He shall be responsible for the keeping up to date of all hospital documents. He shall indent on the Superintendent for the estate hospital food supplies and all extras.
37. An Attendance Register of the staff shall be kept in every estate hospital.
38. The Admission and Discharge Book, Temperature Charts, and Bed-head Tickets shall be in the forms used in hospitals. Separate records shall be kept of outpatients treated, giving date, name, and disease.
39. Monthly and annual returns shall be furnished to the Provincial Surgeon on the prescribed forms. The returns for each month shall reach the Provincial Surgeon not later than the 10th of the following month, and the annual returns not later than January 20.
40. Every estate hospital must be inspected from time to time by the Principal Civil Medical Officer, Provincial Surgeon, or some other duly qualified Inspecting Officer not below the rank of District Medical Officer.
41. There must be kept in every estate hospital a Visitors' Book, in which the Inspecting Officers must record their visits with any remarks regarding the hospital.
42. The Superintendent of the estate to which the estate hospital belongs shall be responsible that any recommendation, criticism, or complaint of any of the Inspecting Officers mentioned in rule 40 shall receive prompt attention.
43. A sufficient supply of potable water shall be provided for the estate hospital, and the Medical Officer or dispenser shall see that there is no chance of contamination of the supply.

F and G.—The Form in which and the Time within which Applications for Rebate should be made; the manner in which such Rebates shall be made; and generally on all Matters connected with the Allowance thereof.

44. Applications for rebates shall be made in writing on the prescribed form (see Appendix D) within six weeks of the close of the financial year and be addressed to the Secretary, Medical Wants Committee, Colonial Secretary's Office, Colombo. Any claim made after the prescribed time shall be considered to have lapsed, and will not be entertained.

45. The Medical Wants Committee on receipt of such application shall refer the application to the Principal Civil Medical Officer, who shall direct that the estate hospital in respect of which a rebate is claimed be specially inspected for report to the Committee.

46. At the meeting of the Committee at which such application is brought up for consideration the Principal Civil Medical Officer shall lay before the Committee the report above called for and any available returns relating to estate hospitals in respect of which a rebate is claimed.

H.—Any other Matters necessary for the Administration of this Ordinance that cannot be provided for by Departmental Rules and Orders.

47. It shall be the duty of the Superintendent of every estate to provide a sufficient supply of potable water for his labour force. Such supply shall be free from contamination; and if in the opinion of the Principal Civil Medical Officer the supply is deficient, inferior, or open to contamination, it shall be the duty of the Superintendent to provide a proper supply to the satisfaction of the Principal Civil Medical Officer. Where wells are used, they must be covered and supplied with a pump, and be surrounded by a cement platform. All water pipes must be made of iron. Bathing places, where possible, shall be paved.

48. It shall be the duty of every Superintendent to provide proper dwelling accommodation for his labour force and sufficient clearing around the lines and proper drainage to the satisfaction of the Principal Civil Medical Officer.

49. An estate dispenser shall request the Superintendent to send for the District Medical Officer in serious cases, and for women in unduly prolonged labour.

50. An estate dispenser shall keep a register of patients treated, and a book in which he shall record all prescriptions compounded by him. He shall submit a monthly return to the Provincial Surgeon of the Province on Medical Form 5A.

51. In the event of any Superintendent feeling aggrieved at any order or direction issued under the foregoing rules, he shall have the right to appeal to the Governor in Executive Council.

5. Agents or Secretaries in Colombo : _____
6. For the last Calendar Year :—

	Tea.	Rubber.	Coffee.	Cacao.	Carda- moms.	Cam- phor.	Coca.	Pepper.	Cinchona
Acreage under cultivation ..									
	lb.	lb.	lb.	lb.	lb.	lb.	lb.	lb.	lb.
Exported .. Sold in Colombo ..									
Total ..									
Amount of Duty payable on Export and Sales..	Rs.	Rs.	Rs.	Rs.	Rs.	Rs.	Rs.	Rs.	Rs.

Note.—The certificate of the Proprietor or of the Agents and Secretaries will be required in support of the figures stated.

7. Total amount of duty paid on all produce Rs.
8. Amount of rebate claimed Rs.

(Signature of Superintendent or Owner of the Estate.)

Date:

, 191

MISCELLANEOUS DEPARTMENTAL NOTICES.

THE UNIVERSITY SCHOLARSHIPS (1913-14).

105. Two scholarships of the annual value of £200 tenable for three years, together with an outfit allowance of £50, passage money Rs. 500 to proceed to the British Isles, and £50 for return passage to Ceylon after completion of a course of study in the British Isles, will be awarded annually, one on the results of the Intermediate Examination in Arts of the University of London and the other on the results of the Intermediate Examination in Science of the University of London, to the candidates recommended by the authorities of the University of London.

No candidate will be eligible for one of these scholarships who has not been resident in the Island for the five years next before the examination, or who has completed his twentieth year before the first day of the month fixed for the examination, or who has not been registered as a matriculated student of the University of London.

A scholar will be permitted to postpone his return for three years after the expiration of the scholarship without special permission to do so, and with permission of His Excellency the Governor or the Right Hon. the Secretary of State for the Colonies to remain in Europe for a further period not exceeding four years, on the distinct understanding that such permission will be given only to enable the scholar to pursue a course of study or to acquire professional qualifications likely to be of benefit to the Colony on his eventual return.

The duration of the Government University Scholarship may be extended to four years in cases where a scholarship-holder engages in a course of study which lasts more than three years, provided that he has shown marked promise and ability during the first three years that he has held the scholarship.

Note.—The Medical attendance of University scholars will be paid by Government in cases recommended by the Secretary of State; but the total sum which will be paid for any one scholar on this account is limited to £50, and if the student is placed in a Nursing Institution not more than three guineas a week will be paid by Government towards the charges of the Institution.

SUBJECTS FOR THE INTERMEDIATE EXAMINATION IN ARTS.

Candidates shall not be approved by the Examiners unless they have shown a competent knowledge in the following subjects:—

- (1) Latin with Roman History, or Greek with Greek History.
- (2) One of the following subjects:—Latin, with Roman History, if not already taken under (1); Greek, with Greek History, if not already taken under (1); French; German.
- (3) One of the following subjects:—Pure Mathematics; Applied Mathematics; Logic; Physics; Chemistry; Botany; Geology; History of Architecture.
- (4) Any one of the previous subjects not already taken or History or Geography.
- (5) English Literature and Essay (this subject may be taken at the Intermediate Examination for which the candidate first presents himself, at a subsequent Intermediate Examination for a Pass only, or for the Pass only at the final examination).

In the Physics, Chemistry, and Botany papers questions will be set involving (1) the translation of passages in French or German, and (2) answers with regard to the subject matter thereof. These questions will be optional in the examinations as held in the Colonies.

Note.—At any examination of the University in which there is a Practical Examination in an Experimental Science subject, no external candidate will be allowed to pass who fails to satisfy the examiners in the practical part as well as the written part of the examination.

Latin with Roman History (Two Papers).

- (1) Prepared prose book* with questions on Roman History (including Historical Geography) from 280 B.C. to 14 A.D. Translation of English sentences into Latin.
- (2) Prepared verse book.* Questions on Grammar. Translation into English of easy passages not prescribed.

Greek with Greek History (Two Papers).

- (1) Prepared books or portions of books, prose and verse,† with Questions on Greek History (including Historical Geography) from 660 B.C. to 323 B.C.
- (2) Simple Unseen Translation. Easy sentences for translation into Greek. Grammatical questions dealing with common words, forms, and constructions. (Candidates are required to satisfy the examiners in both (1) and (2)).

French (One Paper).

Grammar; Translation; Composition.

Composition to be either (i.) translation from English, or (ii.) some form of free composition, such as reproduction of a narrative read in English.

Note.—Books will not be prescribed.

The examination will include a test in writing from dictation, in correct reading, and in simple conversation.

* In 1913—Cicero: Select Letters
(Jeans's selection).
Virgil: Eclogues I., IV.—X.
Æneid Book II.
In 1914—Tacitus: Agricola
Virgil: Æneid Books IV. and VI.

† In 1913—Plato: Apology.
Homer: Iliad, Book I.
In 1914—Plato: Crito
Euripedes: Iphigencia in Tauris.

German (One Paper).

Grammar ; Translation ; Composition ;
Composition to be either (i.) translation from English, or (ii.) some form of free composition, such as reproduction of a narrative read in English.

Note.—Books will not be prescribed.

The examination will include a test in writing from dictation, in correct reading, and in simple conversation.

Pure Mathematics (Two Papers).

Algebra.—The Arithmetic and the Algebra of the Matriculation Examination, and further Algebra including the theory of Quadratic Equations, the Convergency of Geometric Series, Permutations and Combinations, the Binomial Theorem for Positive Integral Indices, the Graphs of Simple Algebraic Functions, the Theory of Indices, the Nature and Use of Logarithms and of Logarithmic Tables, Interest, and Annuities.

Geometry.—The Geometry of the Matriculation Examination, together with the Geometry of Similar Rectilinear Figures, Mensuration of Plane Rectilinear Figures and of the Circle, the Elementary Properties of the Plane, including those of the angles made by planes with straight lines and with one another, the Elementary Properties of the Sphere and Plane Sections thereof, Mensuration of Simple Solid Figures, including the Cylinder, Cone, and Sphere.

Trigonometry.—The meaning of and elementary exercises in the use of Rectangular and Polar Co-ordinates, Measurements of Angles, Trigonometrical Functions and their Graphs, Approximate Values of the Trigonometrical Functions of Small Angles, Elementary Trigonometrical Formulæ and their Applications, Properties of Triangles, and easy properties of the Circles circumscribed to, and touching the sides of, a Triangle, Practical Solutions of Triangles and Applications, with numerical examples involving the use of Logarithmic and other Tables.

Applied Mathematics (Two Papers and a Practical Examination).

Equilibrium of one or more bodies under the action of Forces in one Plane or of Parallel Forces. Properties of the Centre of Mass and its determination in simple cases.
Statics of Simple Mechanisms. The Simpler Linkages.
Velocities and Accelerations, including their Resolution and Composition. Mass, Momentum, Force, Work, Energy, Power. Change of Units. Dimensions.
Motion under the Action of a Force which is constant in magnitude and direction, and Simple Problems on the Motion of Projectiles.
Circular Motion. Simple Harmonic Oscillations. Simple Pendulum.
Simple Cases of Direct and Oblique Impact.
Simple applications of the foregoing subjects.

Logic (Two Papers).

This Syllabus is intended to indicate the general scope and character of the curriculum, without being exhaustive of all parts of the subject.

Note.—Candidates who enter for the Pass Degree in Philosophy will be exempted at that examination from the paper in Logic if they have passed in Logic either as one of their alternative subjects at the time of passing the Intermediate Examination in Arts or at some subsequent Intermediate Examination in Arts.

1. Scope of Logic. Laws of Thought.
2. Terms. Formal Division and Definition. Predicables.
3. Propositions and their Import. Forms of Immediate Inference.
4. Syllogism and other varieties of Deductive Reasoning. Trains of Reasoning. Functions of Syllogism.
5. Inductive Inference. Postulates of Induction. Induction and Analogy. The Relation of Induction to Deduction.
6. Theory of Scientific Method. Observation and Experiment. Hypothesis. Empirical and Causal Laws. Methods of Scientific Explanation. Elimination of Chance.
7. Scientific Definition and Classification. Nomenclature and Terminology.
8. Fallacies.

Experimental Physics (Two Papers and a Practical Examination).

The following Syllabus is intended to indicate the general scope and character of the examination without being exhaustive of all parts of the subject. Candidates are expected to show a general acquaintance with the apparatus by which the elementary principles of Physics are illustrated and applied:—

General Properties of Solids, Liquids, and Gases.

Relation between Volume and Pressure in Gases.
Viscosity and Diffusion in Liquids and Gases.
Surface Tension. Osmosis. Stretching of Wires.
Heat.—Temperature. Instruments for the measurement of Temperature.
Expansion of Solids, Liquids, and Gases with rise of Temperature. Isothermal and Adiabatic Expansion.
Quantity of Heat. Specific Heat.
Change of State. Latent Heat. Vapour Pressure. Boiling-point.
Dew-point. Formation of Cloud, Fog, and Dew.
Conduction. Definition of Thermal Conductivity.
Convection. Radiation.
The Mechanical Equivalent of Heat and Modes of Determination. The Conservation of Energy.

Sound.—The Production and Propagation of Sound.
 Nature of Wave-motion. Amplitudes. Wave-length. Frequency.
 Experimental determination of the Velocity of Sound in Air. Effect of change of Temperature on the Velocity.
 Reflexion.
 Determination of Frequency by simple methods.
 Experimental investigation of the modes of Vibration of Strings by means of the Sonometer.
 Experimental investigation of the Vibrations of Air in Pipes by Resonance to Tuning Forks.
 Organ Pipes. Position of Nodes and Antinodes.
Optics.—Propagation of Light. Laws of Reflexion and Refraction. Photometry.
 Reflexion at Plane and Spherical Surfaces, and the formation of Images.
 Refraction at Plane Surfaces and by Prisms. Minimum Deviation. Chromatic Dispersion.
 The General Laws of Radiation: Visible, Ultra-violet, Infra-red.
 Emission and Absorption.
 Heating Effects of Radiation.
 Phosphorescence and Fluorescence.
 The Formation of Images by Single Lenses. Long and Short Sight and their correction by Lenses.
 The Combination of Two Lenses to form a simple Telescope or Microscope.
 Measurement of Velocity.

Magnetism and Electricity.

Properties of Magnets. Simple Phenomena of Magnetism and of Magnetic Induction (Influence).
 The Magnetic Field. Lines of Force. The Law of Magnetic Force. Magnetic Moment.
 Intensity of Magnetisation.
 The Earth as a Magnet.
 The Magnetic Properties of Iron and the Elementary Laws of the Magnetic Circuit.
 The Simpler Phenomena of Electrified Bodies. Conduction and Insulation. Electrification by Friction and by Induction (Influence).
 Distribution of Electrification on Conductors.
 Electric Field. Strength of Field.
 The Law of Electric Force.
 Potential. Capacity. Energy of Charge.
 Electrometers.
 Electric Discharge and Electric Current.
 Primary and Secondary Batteries.
 Magnetic Field of Current. Magnetic Measurement of Current. Galvanometers.
 Work done by an Electric Current.
 Electromotive Force. Difference of Potential. Resistance.
 Ohm's Law: Wheatstone's Bridge; Potentiometer; Resistance of Cells; Volt; Ohm; Ampere; Ammeters; Voltmeters.
 Heating Effects of Currents.
 Elementary Phenomena of Electrolysis. Faraday's Law.
 Voltmeters.
 Action on Current Circuits in a Magnetic Field.
 Electro-magnetic Induction. Faraday's Law. Lenz's Law. Induction Coil.
 A Thermo-electric Couple.

Practical Examination.

The following scheme is not exhaustive, and is intended merely to show the general nature of the exercises at the Practical Examination. The Examiners are not precluded from setting other exercises and practical problems illustrative of the principles set forth in the Syllabus:—

Length Measurements by Millimetre Rule.
 Eye-estimation of tenths of a Division.
 Use of Vernier, Linear and Angular.
 Determination of Areas and Volumes by Measurement of Linear Dimensions.
 Use of the Balance, weighing to one centigramme.
 Determination of Volumes by weighing in Water.
 Specific Gravities of Solids, Powders, and Liquids.
 Use of the Hydrometer.
 Verification of Boyle's Law.
 Reading the Barometric Height.
 Determination of the Centre of Gravity of a Plate.
 Determination of g by Simple Pendulum.
 Determination of Velocity of Sound in a Tube by Resonance with a Fork.
 Use of the Sonometer.
 Use of Thermometers, and Determination of Fixed Points.
 Simple Methods of determining Specific Heat and Latent Heat of Fusion and Evaporation.
 Determination of Dew-point.
 Use of Simple Photometers.
 Focal Lengths of Mirrors.
 Focal Lengths of Lenses.
 Arrangement of two Lenses to make simple forms of Telescope, Microscope, and Magic Lantern.
 Arrangement of a Slit, Lens, and Prism to get a pure Spectrum.
 Tracing the path of a Ray of Light through a block of glass and Deduction of Refractive Index.
 Refractive Index by Method of Apparent Thickness.
 Tracing the lines of force in the neighbourhood of a Magnet.

Comparison of Magnetic Moments and Fields.
 Measurement of Resistance of Wires and Cells.
 Comparison of E. M. F.'s with Potentiometer.
 Measurement of Electro-chemical Equivalent.

Candidates are required to bring to the practical examination their *original* Laboratory note-books for inspection, should the examiners so desire. These note-books must be taken away by the candidates at the close of the examination.

Chemistry (Two Papers and a Practical Examination).

The following outline is given for the general guidance of candidates as indicating the range of the Written Part (I.) and Experimental Part (II.) of the Examination in Chemistry:—

I.

The methods which lead to the discovery of the composition of common materials occurring in nature.

The determination of molecular weights, equivalents, and of atomic weights. Valency and structural formulæ.

Classification of the elements, including the Periodic Scheme.

General characters of the chief types of compounds, including acids, bases, and salts.

History, production, and properties of the more important and typical elements and their most familiar compounds.

The character of chemical changes, including combustion, thermal dissociation, and electrolysis: the conditions which determine and influence them, and the attendant phenomena.

The whole of the above to be treated in an elementary manner.

Candidates will be required to show that they have seen and practised a great variety of experiments, and are familiar with the appearance of common laboratory materials.

II.—*Practical Examination.*

[Candidates will be allowed to bring into the examination laboratory any one book on quantitative analysis, provided it do not contain any reference to qualitative analysis.]

Candidates will be required to show that they are familiar with easy quantitative operations, gravimetric and volumetric, with the rudiments of qualitative analysis, and that they have prepared a number of elements or compounds by processes involving the manipulation of gases and the purification of substances by crystallization, distillation, &c. Candidates are required to bring to the practical examination their *original* Laboratory note-books for inspection, should the examiners so desire. These note-books must be taken away by the candidates at the close of the examination. Specimens made by the candidate, duly attested by the teacher, if any, may be submitted to the Examiners.

Botany (Two Papers and a Practical Examination).

Morphology.—The structure and properties of the cell and of the various kinds of tissue; cell-formation and the development of the tissues. The plant body; its structure, development and various modifications.

Special Morphology, Reproduction, and Taxonomy.

The morphological and physiological characteristics of Angiosperms as exemplified by plants belonging to the following natural orders:—Dilleniaceæ, Malvaceæ, Portulacaceæ, Myrtaceæ, Leguminosæ, Cucurbitaceæ, Compositæ, Convolvulaceæ, Acanthaceæ, Scrophulariaceæ, Euphorbiaceæ, Palmaceæ or Commelinaceæ, Orchidacæ Gramineæ.

The morphological and physiological characteristics of Gymnosperms as exemplified by *Cycas*.

The morphological and physiological characteristics of Pteridophyta as exemplified by *Selaginella*, *Aspidium*, *Asplenium*, or *Adiantum*.

The morphological and physiological characteristics of Bryophyta as exemplified by *Polytrichum* (or *Funaria*) and by *Marchantia* (or *Lunularia*).

The morphological and physiological characteristics of Algæ as exemplified by *Fucus*, *Ophiocytium*, *Coleochæte*, and *Spirogyra*.

The morphological and physiological characteristics of Fungi, as exemplified by *Agaricus*, *Eurotium*, *Pythium*, *Saccharomyces*, and *Bacillus*.

Elementary Physiology.

The Chemical nature of the food elements of plants. Their sources, the modes in which they are respectively absorbed by the organism.

The absorption of water—turgescence, transpiration, root-pressure.

Movements of water in plants.

Aëration and respiration.

Photosynthesis. Outlines of metabolic changes within the plant.

Growth.

Irritability, Geotropism, Heliotropism.

Practical Examination.

The practical work will include the dissection and examination of plants or parts of plants, and the reference to their systematic position of plants or parts of plants comprised in the foregoing syllabus.* Simple experiments in Practical Physiology may be set.

Candidates are required to bring to the practical examination their *original* Laboratory note-books for inspection, should the examiners so desire. These note-books must be taken away by the candidates at the close of the examination.

* The list of plants may be changed from time to time, but two years' notice of any change will always be given.

Geology (Two Papers and a Practical Examination).

(I.) *Physical Geology*.—The Earth as a Planet. Its larger surface features.

Atmospheric Agents and their Effects. Action of surface and underground water and of ice.

The Ocean, its Movements and Work.

Distribution of Temperature and Pressure in the Earth, and its Density. The Internal Forces and their Effects. Subsidence and Elevation. Volcanoes and Earthquakes.

Characters and Relations of Rock Masses. The nature of Aqueous and Igneous Rocks and their Modes of Occurrence (Strike, Dip, Jointing, Folding, Faulting, Cleavage, Foliation; Interbedding, and Intrusion of Igneous Rocks). Features produced by Denudation (Outcrop Escarpments, Outliers, Inliers, Unconformity, Overlap).

(II.) *Mineralogy relating to the important rock-forming Minerals*.—The common crystal forms and combinations, with the principles of crystallographic notation.

Minerals, their Physical Properties and Chemical Composition. Silica in its different forms. The chief minerals of the following groups:—Pyroxenes, Amphiboles, Felspars, Micas, Garnets, Zeolites, Chlorites. Also Olivine, Zircon, Beryl, Epidote, Zoisite, Cordierite, Leucite, Nepheline, Sodalite, Nosean, Hauyne, Tourmaline, Andalusite, Fibrolite, Kyanite, Staurolite, Sphene, Serpentine, Talc, Kaolin, Native Elements [Carbon, Sulphur]. Oxides [Iron Oxides, Spinels, Corundum, Rutile]. Rock Salt. Fluor Spar. Apatite. The Rock-forming Carbonates, Sulphides, and Sulphates.

Practical Examination.

Interpretation of Weather Charts. Physical Maps with contour lines and the method of drawing sections across them.

Drawing sections across some simple Geological Map.

Identification and Description of simple crystal forms and combinations by means of models or from actual specimens. Determination of the important Rock-forming Minerals in hand-specimens, and in thin slices under the microscope.

Candidates are required to bring to the practical examination their *original* Laboratory note-books for inspection, should the examiners so desire. These note-books must be taken away by the candidates at the close of the examination.

History of Architecture.

1. Greek and Roman Architecture.

2. History of Greek and Roman Art.

3. Drawings of Greek and Roman Orders done during the session to be submitted and marked.

Candidates must take section 1 and either section 2 or 3.

History (Two Papers).

English History treated generally, with a special study of a standard work to be prescribed two years previously.*

Geography (Two Papers).

I.—*General Geography*.—The distribution of land and water.

The leading facts of wind and water circulation.

The objects and relative value of Mercator's, the orthographic, and the conic projections.

II.—*Regional Geography*.—The great divisions of the world considered under the following heads:—
Superficial configuration together with the leading facts of the distribution of soils and rocks and minerals of economic importance.

The reaction of configuration upon air and water circulation and the resulting local climates.

The river systems as related to configuration and climate.

The influence of the foregoing physical factors on agricultural production and the supply of animal and vegetable products independently of agriculture.

The sources of mechanical power.

The distribution of population as related to the foregoing physical factors and as influencing labour supply and the value of land.

The localization of industries as determined by all the foregoing factors.

Transport. Trade centres and trade routes.

States as conditioned by geographical circumstances—physical, economic, and strategic.

English Literature and Essay (Two Papers).

Composition; History of Literature; Texts.

History of Literature† to include, at the selection of the Senate, either (1) the outlines of literary history from 1500 to 1800 with selected works, or (2) one or more great authors and the literary history of their time, with certain of their works to be studied particularly.

Selected works to be studied from a literary and linguistic point of view.

A certain amount of 14th century literature,† e.g., some of the *Canterbury Tales* or some of *Piers Plowman*.

Note.—Anglo-Saxon will not be required.

* In 1913—*Froissart: Chronicles* (Globe Edition).

In 1914—*John Stow: Survey of London* (a good edition by C. L. Kingsford, 2 vols., price 30s., Clarendon Press—a cheap edition is published by Routledge at 2s. 6d.).

† In 1913—*Outlines of Literary History, 1500 to 1800 inclusive, with special study of—*

Chaucer: Prologue to the *Canterbury Tales*; Nun's Priest's Tale

Shakespeare: *Twelfth Night*; *Macbeth*.

Palgrave: *Golden Treasury, Book II*.

Goldsmith: *Essays* (Cambridge University Press).

In 1914—*Outlines of Literary History, 1500 to 1800 inclusive, with special study of—*

Chaucer: Prologue to the *Canterbury Tale*; *Knight's Tale*.

Shakespeare: *Julius Cæsar*; *Tempest*.

Milton: *Comus*.

Burke: *Speeches on America* (Ed. Payne, Clarendon Press).

ALTERNATIVE SUBJECTS.

One of the following subjects may be taken in place of one of the languages, French or German :—

- (a) Advanced modern English Literature (two papers).
- (b) Sanskrit (two papers).
- (c) The existing British Constitution as defined in the Syllabus for the Intermediate Examination in Economics, but with special reference to the Government of the Colonies and Dependencies (two papers).

The Syllabus for each of the above is as follows :—

(a) *Advanced Modern English Literature.*

I.—History of English Literature from 1660 to 1900, the special study of prescribed books.*

II.—Shakespeare, with selected plays to be specially studied.

The special subjects in each year will be those assigned to Sections (a) and (c) of the B.A. Examination for Honours in English. See regulations for Degrees in Arts for External Students and the appendix of special subjects.

(b) *Sanskrit.*

I.—(a) Passages for translation from Sanskrit into English from the following books : Story of Nala, Books I.-VII. Hitopadesa, Books I. and II. (Peterson's Edition—Bombay Sanskrit Series with annotations).

(b) Questions on Sanskrit Grammar.

II.—(a) Passages of easy Sanskrit (unseen) for translation into English.

(b) A passage of English Prose to be translated into Sanskrit.

(c) *The Existing British Constitution.*

Outlines of the Constitution and the Public Administration of the United Kingdom at the present day, including the Organization and Working of Parliament, the Executive (Crown, Ministers, and Civil Service), and the Judiciary ; the constitution and powers of the Local Authorities in England ; the relation between the United Kingdom and its Colonies and Dependencies.

Candidates will be expected to have some acquaintance with the chief events in the developments of British political institutions since 1832.

The above will be treated with special reference to the Government of Colonies and Dependencies.

CERTIFICATES IN ENGLISH.

Any person who has obtained the English Certificate at a Matriculation Examination will be admitted to take the English papers at the Intermediate Examination in Arts (Pass) for External Students and a *vivâ voce* test, on payment of a fee of £3, and subject to the General Regulations affecting that examination.

A certificate will be issued to each successful candidate stating that he has shown an adequate knowledge of the English language, and of the period of English Literature and of the Texts prescribed for that examination.

SPECIAL REGULATIONS FOR THE UNIVERSITY SCHOLARSHIPS.

(a) *In Arts.*

No candidate will be eligible for the Scholarship awarded on the Intermediate Arts Examination who does not take up the two subjects, Latin and Greek.

Candidates for the University Scholarship in Arts will be allowed to take, in addition to their other papers, either two higher Classical papers, or two higher Mathematical papers. The aggregate maximum of marks allowed for these papers will be the same in each case as the maximum allowed for each of the sections of the Intermediate Examination in Arts. But a candidate's marks for any of these higher papers will only be counted if he obtain at least one-third of the maximum of marks assigned to it.

(b) *In Science.*

Candidates for the University Scholarship in Science will be allowed to take, in addition to their other papers, the paper on Analytical Geometry which is set as a higher paper for the candidates in Arts, under similar conditions with regard to marking. The marks assigned to this paper in the Science Examination will bear the same proportion to the aggregate maximum of marks as in the Arts Examination.

N.B.—Candidates for the University Scholarship in Science will, in addition to the papers prescribed for the Intermediate Examination in Science, be required to take English Literature and Essay, which form the last section of the Intermediate Examination in Arts.

* In 1913—(I.) Milton : Paradise Regained.

Swift : Battle of the Books.

Pope : Satires.

Johnson : On Shakespeare (ed. Walter Raleigh, Oxford).

Wordsworth : The Prelude.

Byron : Childe Harold, IV.

Keats : Lamia and the other poems published in 1820.

Tennyson : Poems of 1842.

Carlyle : Sartor Resartus.

(II.)—Shakespeare : Midsummer Night's Dream ; Merchant of Venice ; I. Henry IV. ; King Lear ; Antony and Cleopatra.

In 1914—(I.) Milton : Paradise Regained.

Pope : The Rape of the Lock.

Burke : Reflections on the French Revolution.

Wordsworth : The Prelude.

Byron : Childe Harold IV.

Keats : Lamia, and the other poems published in 1820.

Hazlitt : The Spirit of the Age.

William Morris : The Defence of Guenevere and other poems (Longman).

(II.)—Shakespeare : Midsummer Night's Dream ; I. and II. Henry IV. ; Hamlet ; Coriolanus.

SYLLABUS OF HIGHER CLASSICAL AND MATHEMATICAL PAPERS.

1.—*Latin.*

(a) One unprepared passage for translation into English of greater difficulty than those set for the Intermediate Pass Examination in Arts.

(b) A piece of continuous prose for translation from English into Latin of the standard of difficulty of that set for the Intermediate Honours Examination in Arts, but not quite so long.

(c) Two or three critical questions.

2.—*Greek.*

(a) Two short passages for translation into English, one prose and one verse, from authors of the period from Homer to Demosthenes, but excluding pure Doric writers.

(b) A short piece of continuous English prose for translation into Greek of an easier standard of difficulty than that set for the Intermediate Honours Examination in Arts.

(c) Two or three critical questions.

3.—*Mathematics.*

(1) Analytical Geometry.

(a) Equations in rectangular and polar co-ordinates of (1) the straight line, (2) the circle, (3) the parabola, (4) the ellipse, (5) the hyperbola and the properties of the same; (b) change of axes.

(2) Applied Mathematics.

Statics.—Composition, Resolution, and Equilibrium of Forces: (1) acting at a point; (2) acting in a plane; (3) acting in parallel lines. The properties of the Centre of Gravity; the Laws of Friction; the Mechanical Powers; and the principle of Virtual Work.

Dynamics.—Definition and Measurement of Mass, Force, Velocity, Acceleration, Momentum, Work, and Energy. Composition and Resolution of Velocities and Accelerations.

Laws of Motion.—Uniform and uniformly accelerated motion in a straight line. Free motion of projectiles under the action of gravity. Circular motion of particles. Simple cases of impact.

Hydrostatics.—Nature, intensity, and transmission of pressure in Liquids. Pressure of Liquids in equilibrium under the action of gravity. Equilibrium of Solids floating or immersed in gravitating Liquids. Specific gravities of substances, Solid and Liquid. The laws of Elastic Fluids and the principle of the barometer, thermometer, siphon, diving bell, manometer, and the various pumps.

SUBJECTS FOR THE INTERMEDIATE EXAMINATION IN SCIENCE.

Candidates shall be examined for a pass in any four subjects selected by themselves out of the following seven subjects of examination, viz., (1) Pure Mathematics, (2) Applied Mathematics, (3) Experimental Physics, (4) Chemistry, (5) Botany, (6) Zoology, and (7) Geology (one at least of the four subjects selected from the foregoing list must be taken from amongst the first three).

Questions will be set involving (1) the translation of passages in French or German, and (2) answers with regard to the subject matter thereof.

The questions in French or German, which by the regulations are set for the home candidates, will be made optional in the examinations as held in the Colonies.

N.B.—At any examination of the University in which there is a Practical Examination in an Experimental Science subject, no external candidate will be allowed to pass who fails to satisfy the examiners in the practical part as well as the written part of the examination.

Pure Mathematics (Two Papers).

Algebra.—The Arithmetic and the Algebra of the Matriculation Examination, and further Algebra, including the theory of Quadratic Equations, Convergency of Geometric Series, Permutations and Combinations, the Binomial Theorem for Positive Integral Indices, the Graphs of Simple Algebraic Functions, the Theory of Indices, the Nature and Use of Logarithms and of Logarithmic Tables, Interest and Annuities.

Geometry.—The Geometry of the Matriculation Examination, together with the Geometry of Similar Rectilinear Figures, Mensuration of Plane Rectilinear Figures and of the Circle, the Elementary Properties of the Plane, including those of the angles made by planes with straight lines and with one another, the Elementary Properties of the Sphere and Plane Sections thereof, Mensuration of Simple Solid Figures, including the Cylinder, Cone, and Sphere.

Trigonometry.—The meaning of and elementary exercises in the use of Rectangular and Polar Co-ordinates, Measurements of Angles, Trigonometrical Functions and their Graphs, Approximate Values of the Trigonometrical Functions of Small Angles, Elementary Trigonometrical Formulæ and their Applications, Properties of Triangles, and easy properties of the Circles circumscribed to, and touching the sides of, a Triangle, Practical Solutions of Triangles and Applications, with numerical examples involving the use of Logarithmic and other Tables.

Applied Mathematics (Two Papers).

Statics.—Equilibrium of one or more bodies under the action of Uniplanar Forces or of Parallel Forces.

Properties of the Centre of Mass and its determination in simple cases.

Statics of Simple Mechanisms.

The Simpler Linkages.

The Elementary Laws of Friction.

Dynamics.—Velocities and Accelerations, including their Resolution and Composition.

Mass, Momentum, Force, Work, Energy, and Power.

Change of Units.—Dimensions.

Motion under the action of a Force which is constant in Magnitude and Direction.

Simple Problems on the Motion of Projectiles.

Circular Motion.

Simple Harmonic Oscillations. The Simple Pendulum.

Simple Cases of Direct and Oblique Impact.

Hydrostatics.—Pressures of Liquids on Plane Areas.

Pressures of Liquids on Solid Bodies, partially or wholly immersed, and Conditions of Equilibrium of such Bodies.

Specific Gravities and Densities of Substances, Solid and Liquid, and methods of determining them. Simple applications of the foregoing subjects.

Experimental Physics (Two Papers and a Practical Examination).

The following Syllabus is intended to indicate the general scope and character of the examination without being exhaustive of all parts of the subject. Candidates are expected to show a general acquaintance with the apparatus by which the elementary principles of Physics are illustrated and applied.

General Properties of Solids, Liquids, and Gases.

Relation between Volume and Pressure in Gases.

Viscosity and Diffusion in Liquids and Gases.

Surface Tension. Osmosis. Stretching of Wires.

Heat.—Temperature. Instruments for the measurement of Temperature.

Expansion of Solids, Liquids, and Gases with rise of Temperature. Isothermal and Adiabatic Expansion.

Quantity of Heat. Specific Heat.

Change of State. Latent Heat. Vapour Pressure. Boiling-point.

Dew-point. Formation of Cloud, Fog, and Dew.

Conduction. Definition of Thermal Conductivity.

Convection. Radiation.

The Mechanical Equivalent of Heat and Modes of Determination. The Conservation of Energy.

Sound.—The Production and Propagation of Sound.

Nature of Wave-motion. Amplitudes. Wave-length. Frequency.

Experimental determination of the Velocity of Sound in Air. Effect of change of Temperature on the Velocity.

Reflexion.

Determination of Frequency by simple methods.

Experimental investigation of the modes of Vibration of Strings by means of the Sonometer.

Experimental investigation of the Vibrations of Air in Pipes by Resonance to Tuning Forks.

Organ Pipes. Position of Nodes and Antinodes.

Optics.—Propagation of Light. Laws of Reflexion and Refraction. Photometry.

Reflexion at Plane and Spherical Surfaces, and the formation of Images.

Refraction at Plane Surfaces and by Prisms. Minimum deviation. Chromatic dispersion.

The General Laws of Radiation: Visible, Ultra-violet, Infra-red.

Emission and Absorption.

Heating Effects of Radiation.

Phosphorescence and Fluorescence.

The formation of Images by single Lenses. Long and Short Sight and their correction by Lenses.

The Combination of Two Lenses to form a simple Telescope or Microscope.

Measurement of Velocity.

Magnetism and Electricity.

Properties of Magnets. Simple Phenomena of Magnetism and of Magnetic Induction (Influence).

The Magnetic Field. Lines of Force. The Law of Magnetic Force. Magnetic Moment.

Intensity of Magnetisation.

The Earth as a Magnet.

The Magnetic Properties of Iron and the Elementary Laws of the Magnetic Circuit.

The Simpler Phenomena of Electrified Bodies. Conduction and Insulation. Electrification by Friction and by Induction (Influence).

Distribution of Electrification on Conductors.

Electric Field. Strength of Field.

The Law of Electric Force.

Potential. Capacity. Energy of Charge.

Electrometers.

Electric Discharge and Electric Current.

Primary and Secondary Batteries.

Magnetic Field of Current. Magnetic measurement of Current. Galvanometers.

Work done by an Electric Current.

Electromotive Force. Difference of Potential. Resistance.

Ohm's Law: Wheatstone's Bridge; Potentiometer; Resistance of Cells; Volt; Ohm; Ampere; Ammeters; Voltmeters.

Heating Effects of Currents.

Elementary Phenomena of Electrolysis. Faraday's Law.

Voltmeters.

Action on Current Circuits in a Magnetic Field.

Electro-magnetic Induction. Faraday's Law. Lenz's Law. Induction Coil.

A Thermo-electric Couple.

Practical Examination.

The following scheme is not exhaustive, and is intended merely to show the general nature of the exercises at the practical examination. The Examiners are not precluded from setting other exercises and practical problems illustrative of the principles set forth in the Syllabus:—

Length Measurements by Millimetre Rule.

Eye-estimation of tenths of a Division.

Use of Vernier, Linear and Angular.

Determination of Areas and Volume by Measurement of Linear Dimensions.

Use of the Balance, weighing to one centigramme.

Determination of Volumes by weighing in Water.

Specific Gravities of Solids, Powders, and Liquids.

Use of the Hydrometer.

Verification of Boyle's Law.

Reading the Barometric Height.

Determination of the Centre of Gravity of a Plate.

Determination of g by Simple Pendulum.

Determination of Velocity of Sound in a Tube by Resonance with a Fork.

Use of the Sonometer.

Use of Thermometers, and Determination of fixed Points.

Simple Methods of determining Specific Heat and Latent Heat of Fusion and Evaporation.

Determination of Dew-point.

Use of Simple Photometers.

Focal Lengths of Mirrors.

Focal Lengths of Lenses.

Arrangements of two Lenses to make simple forms of Telescope, Microscope, and Magic Lantern.

Arrangement of a Slit, Lens, and Prism to get a pure Spectrum.

Tracing the path of a Ray of Light through a block of glass and Deduction of Refractive Index.

Refractive Index by Method of Apparent Thickness.

Tracing the lines of force in the neighbourhood of a Magnet.

Comparison of Magnetic Moments and Fields.

Measurement of Resistance of Wires and Cells.

Comparison of E. M. F.'s with Potentiometer.

Measurement of Electro-chemical Equivalent.

Candidates are required to bring to the practical examination their *original* Laboratory note-books for inspection, should the examiners so desire. These note-books must be taken away by the candidates at the close of the examination.

Chemistry (Two Papers).

The following outline is given for the general guidance of candidates as indicating the range of the Written Part (I.) and Experimental Part (II.) of the Examination in Chemistry:—

I.

The methods which lead to the discovery of the composition of common materials occurring in nature.

The determination of molecular weights, equivalents, and of atomic weights. Valency and structural formulæ.

Classification of the elements including the Periodic Scheme.

General characters of the chief types of compounds, including acids, bases, and salts.

History, production, and properties of the more important and typical elements and their most familiar compounds.

The character of chemical changes, including combustion, thermal dissociation, and electrolysis; the conditions which determine and influence them, and the attendant phenomena.

The whole to be treated in an elementary manner.

Candidates will be required to show that they have seen and practised a great variety of experiments, and are familiar with the appearance of common laboratory materials.

II.—*Practical Examination.*

[Candidates will be allowed to bring into the examination laboratory any one book on quantitative analysis, provided it do not contain any reference to qualitative analysis.]

Candidates will be required to show that they are familiar with easy quantitative operations, gravimetric and volumetric, with the rudiments of qualitative analysis, and that they have prepared a number of elements or compounds by processes involving the manipulation of gases and the purification of substances by crystallization, distillation, &c. Candidates are required to bring to the practical examination their *original* Laboratory note-books for inspection, should the examiners so desire. These note-books must be taken away by the candidates at the close of the examination. Specimens made by the candidate, duly attested by the teacher, if any, may also be submitted to the examiners.

Botany (Two Papers, and a Practical Examination).

Morphology.—The structure and properties of the cell and of the various kinds of tissues; cell formation and the development of the tissues. The plant body; its structure, development, and various modifications.

Special Morphology, Reproduction, and Taxonomy.

The morphological and physiological characteristics of Angiosperms as exemplified by plants belonging to the following natural orders:—Dilliniaceæ, Malvaceæ, Portulacaceæ, Myrtaceæ, Leguminosæ, Cucurbitaceæ, Compositæ, Convolvulaceæ, Acanthaceæ, Scrophulariaceæ, Euphorbiaceæ, Palmaceæ or Commelinaceæ, Orchidaceæ, Gramineæ.

The morphological and physiological characteristics of Gymnosperms, as exemplified by *Cycas*.

The morphological and physiological characteristics of Pteridophyta, as exemplified by *Selaginella*, *Aspidium*, *Asplenium*, or *Adiantum*.

The morphological and physiological characteristics of Bryophyta, as exemplified by *Polytrichum* (or *Funaria*) and by *Marchantia* (or *Lunularia*).

The morphological and physiological characteristics of Algæ, as exemplified by *Fucus*, *Ophiocytium*, *Coleochæte*, and *Spirogyra*.

The morphological and physiological characteristics of Fungi, as exemplified by *Agaricus*, *Eurotium*, *Phythium*, *Saccharomyces*, *Bacillus*.

Elementary Physiology.

The chemical nature of the food elements of plants. Their sources, the modes in which they are respectively absorbed by the organism.

The absorption of water : turgescence, transpiration, root-pressure.

Movements of water in plants.

Aération and respiration.

Photosynthesis. Outlines of metabolic changes within the plant.

Growth.

Irritability, Geotropism, Heliotropism.

Practical Examination.

The practical work will include the dissection and examination of plants or parts of plants, and the reference to their systematic position of plants, or parts of plants comprised in the foregoing syllabus.* Simple experiments in Practical Physiology may be set.

Candidates are required to bring to the practical examination their *original* Laboratory note-books for inspection, should the examiners so desire. These note-books must be taken away by the candidates at the close of the examination.

Zoology (Two Papers).

1. The fundamental facts and laws of Zoology, as exhibited in the following types:—Amœba, Euglena, Paramecium, Monocystis, Hydra, Obelia, Lumbricus, Distomum, Astacus, Amphioxus, Scyllium, Rana, Lepus.

2. The student will be expected to acquire a practical knowledge of the general organization of each of the types above specified and an elementary knowledge of—

(a) The chief biological laws which the structural phenomena illustrate.

(b) The structure and properties of the Cell, and the general characters of the Tissues, including Epithelia, Blood, Lymph; Nervous, Muscular, Connective, and Skeletal Tissues; and the microscopic structure of the more important organs of the body.

(c) The phenomena of Sexual and Asexual Reproduction, including the general history and characters of the Germ Cells; the chief types of Segmentation of the fertilized Ovum, the Metamorphosis of the Frog, and an elementary knowledge of the Development of the Chick up to the third day of incubation, and the formation of the Fœtal Membranes in the Bird and Mammal.

3. A knowledge of the diagnostic characters of the following groups:—Protozoa: Lobosa, Foraminifera, Radiolaria, Sporozoa, Flagellata, Ciliata; Coelenterata: Hydrozoa, Anthozoa; Platyhelminthes: Turbellaria, Trematoda, Cestoda; Annelida: Oligochæta, Polychæta; Articulata: Crustacea, Insecta, Arachnida; Chordata: Urochorda, Cephalochorda; Graniata: Pisces, Reptilia, Amphibia, Aves, Mammalia.

Practical Examination.

The candidate must be prepared to examine microscopically, to dissect, and to describe specimens or parts of the animals comprised in paragraphs 1 and 2 in the foregoing Syllabus (with the exception that for the skull of Lepus will be substituted that of Canis), and to determine the zoological position of specimens in accordance with paragraph 3 above.

Candidates are required to bring to the practical examination their *original* Laboratory note-books for inspection, should the examiners so desire. These note-books must be taken away by the candidates at the close of the examination.

Geology (two Papers and a Practical Examination).

(I.) *Physical Geology.*—The Earth as a Planet. Its larger surface features.

Atmospheric Agents and their Effects. Action of surface and underground waters and of ice.

The Ocean, its Movements and Work.

Distribution of Temperature and Pressure in the Earth, and its Density. The Internal Forces and their Effects. Subsidence and Elevation. Volcanoes and Earthquakes.

Characters and Relations of Rock Masses. The nature of Aqueous and Igneous Rocks and their Modes of Occurrence (Strike, Dip, Jointing, Folding, Faulting, Cleavage, Foliation; Interbedding, and Intrusion of Igneous Rocks). Features produced by Denudation (Outcrop, Escarpments, Outliers, Inliers, Unconformity, Overlap).

(II.) *Mineralogy relating to the important rock-forming Minerals.*—The common crystal forms and combinations, with the principles of crystallographic notation.

Minerals, their Physical Properties and Chemical Composition. Silica in its different forms. The chief minerals of the following groups:—Pyroxenes, Amphiboles, Felspars, Micas, Garnets, Zeolites, Chlorites. Also Olivine, Zircon, Beryl, Epidote, Zoisite, Cordierite, Leucite, Nepheline, Sodalite, Nosean, Häuyne, Tourmaline, Andalusite, Fibrolite, Kyanite, Staurolite, Sphene, Serpentine, Taic, Kaolin. Native Elements [Carbon, Sulphur]. Oxides [Iron Oxides, Spinels, Corundum, Rutile]. Rock Salt. Fluor Spar. Apatite. The Rock-forming Carbonates, Sulphides, and Sulphates.

Practical Examination.

Interpretation of Weather Charts. Physical Maps with contour lines and the method of drawing sections across them.

Drawing sections across some simple Geological Map.

Identification and Description of simple crystal forms and combinations by means of models or from actual specimens. Determination of the important Rock-forming Minerals in hand specimens and in thin slices under the microscope.

Candidates are required to bring to the practical examination their *original* Laboratory note-books for inspection, should the examiners so desire. These note-books must be taken away by the candidates at the close of the examination.

* The list of plants may be changed from time to time, but two years' notice of any change will always be given.

IT is hereby notified under Ordinance No. 26 of 1909 that the under-mentioned have been licensed as Surveyors and Levellers for the current year:—

Date of License.	Registration No.	License No.	Name.	Address.
January 27, 1913 ..	304 ..	A 70 ..	Daniel, A. J.	Nelson Place, Wellawatta
February 12, 1913 ..	287 ..	A 75 ..	Ratna Gopal, W. F.	Jaffna

Surveyor-General's Office,
Colombo, February 17, 1913.

W. C. S. INGLES,
for Surveyor-General.

Statement of Arrivals and Departures of Immigrant Coolies (a) during the Month of January, 1913, and (b) for the First Month of 1913, together with Figures for the corresponding Month and Period of the previous Year.

Port.	January, 1913.	January, 1912.	January, 1913.	January, 1912.	Total for One Month, 1913.		Total for One Month, 1912.		Balance of Departures over Arrivals.

H. M. Customs,
Colombo February 19, 1913.

F. G. TYRRELL,
for Principal Collector.

NOTICE is hereby given that applications have been received for grants in aid of the following schools:—

- Rev. R. P. Butterfield .. Halwatura Estate Vernacular Mixed School, which is situated in the Rayigam korale of the Kalutara District of the Western Province.
- W. Pickering, Esq. .. Ellakande Estate Boys' Vernacular Night School, which is situated in the Rayigam korale of the Kalutara District of the Western Province.

Observations will be received not later than March 20, 1913.

- Rev W. G. Shorten .. Dagawilla Boys' Vernacular School, which is situated in Upper Dumbara of the Kandy District of the Central Province.

Observations will be received not later than April 20, 1913.

Department of Public Instruction,
Colombo, February 20, 1913.

J. HARWARD,
Director.

NOTICE is hereby given that an application has been received from the Colombo Buddhist Theosophical Society for permission to move their Malegoda Girls' Vernacular School, which is situated in the Kalutara totamune, to a new site on a land called Gorakagahawatta, about 80 fathoms to the south of the present site.

Observations will be received not later than March 20, 1913.

Department of Public Instruction,
Colombo, February 20, 1913.

J. HARWARD,
Director.

Examination of Government Clerks.

IN terms of Minute of June 16, 1908, an examination in the vernacular languages, in the system of accounts employed in Government offices, and in higher book-keeping for clerks of Class III. of the Clerical Service will commence at the Royal College on Friday, April 4, 1913, at 10 A.M.

Candidates for admission should apply by letter to the Director of Public Instruction not later than March 15, 1913, specifying the subjects they are desirous of taking up.

Office of Public Instruction,
Colombo, January 17, 1913.

J. HARWARD,
Director.

Examination of Forest Rangers in the Vernaculars.

IN terms of the Minute of August 20, 1909, appearing in the *Government Gazette* No. 6,324 of August 20, 1909, an examination in the vernacular languages for Forest Rangers in Grade II. will be held at the Royal College on April 4, 1913, commencing at 10 A.M.

Candidates for admission should apply by letter to reach the Director of Public Instruction, through the Conservator of Forests, not later than March 15, 1913, specifying the languages they are desirous of taking up.

Office of Public Instruction,
Colombo, January 17, 1913.

J. HARWARD,
Director.

NOTICES CALLING FOR TENDERS.

TENDERS are hereby invited for transporting 10,000 cwt. of salt from the general stores, Karaiur, to the salt stores, Mannar. The successful tenderer will be required to transport 3,000 cwt. in April, 1913, and the balance in November next.

2. All tenders should be in duplicate and sealed under one cover, and should be addressed to (a) the Government Agent, Northern Province, Jaffna (original), (b) the Controller of Revenue, Colombo (duplicate).

3. Tenders should be marked "Tender for transporting Salt, Mannar," in the left hand top corner of the envelope, and should reach the Offices of the Government Agent, Northern Province, Jaffna, and the Controller of Revenue not later than midday on Monday, March 3, 1913.

4. The tenders are to be made upon forms which will be supplied upon application at the Jaffna Kachcheri, and no tender will be considered unless it is on the recognized form. Alterations must be initialled, otherwise the tenders may be treated as informal and rejected.

5. A deposit of Rs. 50 will be required to be made either at the Treasury or Kachcheri, and a receipt produced for the same before any form of tender is issued. Should any person decline to enter into the contract and bond, or fail to furnish approved security, within ten days of receiving

notice in writing from the Head of the Department, or his duly authorized representative, that his tender has been accepted, such deposit will be forfeited to the Crown, and the defaulter will render himself liable to be included in the list of defaulting contractors precluded from having any concern in a Government contract. All other deposits will be returned upon signature of a contract.

6. Each tender must be accompanied by a letter signed by two responsible persons, whose addresses must be given, engaging to become security for the due fulfilment of the contract.

7. The tenderers must state the rate of freight per cwt. The rate of wastage allowed will be not exceeding 2 per cent.

8. Sufficient sureties will be required to join in a bond for the due fulfilment of each contract. The amount of each bond, and all other necessary information, can be ascertained upon application at the Jaffna Kachcheri.

9. No tender will be considered unless in respect of it all the conditions above laid down have been strictly fulfilled.

10. The Government reserves to itself the right, without question, of rejecting any or all tenders, and the right of accepting any portion of a tender.

Jaffna Kachcheri,
January 29, 1913.

D. H. BALFOUR,
for Government Agent.

TENDERS are hereby invited for the supply of ebony, satinwood, and ranai described in the schedule annexed.

2. All tenders should be in duplicate and sealed under one cover, and should be addressed to the Assistant Conservator of Forests, Kurunegala Division, Kurunegala.

3. Tenders should either be deposited in the tender box in the Office of the Assistant Conservator of Forests, Kurunegala, or be sent through the post.

4. Tenders should be marked "Tender for the Supply of Timber" in the left hand top corner of the envelope, and should reach the Office of the Assistant Conservator of Forests, Kurunegala, not later than midday on Tuesday, February 25, 1913.

5. Separate tenders should be put in for each of the services marked (a), (b), (c), (d), (e), and (f), in the schedule quoting a rate per ton of ebony and a rate per cubic foot of satinwood and ranai.

6. The tenders are to be made upon forms which will be supplied upon application at the Forest Office, Kurunegala, and no tender will be considered unless it is on the recognized form. Alterations must be initialled, otherwise the tenders may be treated as informal and rejected.

7. A deposit of Rs. 20 will be required to be made either at the Treasury or Kachcheri, and a receipt produced for the same before any form of tender is issued. Should any person decline or fail to enter into the contract and bond, or to furnish approved security, within ten days of receiving notice in writing from the Assistant Conservator of Forests, Kurunegala Division, that his tender has been accepted, such deposit will be forfeited to the Crown, and the defaulter will render himself liable to be included in the list of defaulting contractors precluded from having any concern in a Government contract. All other deposits will be returned upon signature of a contract.

8. Each tender must be accompanied by a letter signed by two responsible persons, whose addresses must be given, engaging to become security for the due fulfilment of the contract.

9. Sufficient sureties will be required to join in a bond for the due fulfilment of the contract. The amount of bond, and all other necessary information, can be ascertained upon application at the office referred to in section 6. A cash security of 5 per cent. of the value of contract will be required of the contractor when entering into the bond. The sureties will be required to produce a certificate of competency signed by a chief headman before signing the bond.

10. No tender will be considered unless in respect of it all the conditions above laid down have been strictly fulfilled.

11. The Government reserves to itself the right, without question, of rejecting any or all tenders, and the right of accepting any portion of a tender.

A. B. LUSHINGTON,
Assistant Conservator of Forests,
Kurunegala Division.
Forest Office,
Kurunegala, February 4, 1913.

SCHEDULE.

(a) To fell within 6 inches of the ground 25 ebony trees over 6 feet in girth duly stamped and marked in the forest known as Minuwangette. To clean the said ebony logs and transport to the Railway Station, Kurunegala.

The forest referred to above is situated in the Dewamedhi Medagandahe korale of the Dewamedhi hatpattu, and adjoining the Deduru-oya and main road running from Kurunegala to Anuradhapura. Distance from Minuwangette village to Kurunegala is approximately 20 miles.

(b) To fell within 6 inches of the ground 25 ebony trees over 6 feet in girth duly stamped and marked in the forest known as Nakelle. To clean and transport same to the Kurunegala Railway Station.

The forest referred to above is situated near the Talahenna village of Baladora korale of Dewamedhi hatpattu. Distance from the forest to Kurunegala is approximately 30 miles, of this distance 22 miles consists of main road from Kurunegala to Vitikule.

(c) To fell within 6 inches of the ground 30 satin trees over 6 feet in girth duly stamped and marked in the forest

known as Sawarangallawa. To clean and transport the said satin logs to Ambanpola Railway Station.

The forest referred to above is situated in the Gantihe korale of the Wannihattattu, and adjoins the Nikaweratiya-Ambanpola road. Distance from the forest to the Ambanpola Railway Station is approximately 12 miles.

(d) To fell within 6 inches of the ground 20 satin trees over 6 feet in girth duly stamped and marked in the forest known as Nelawa. To clean and transport the said satin logs to Ambanpola Railway Station.

The forest referred to above is situated in the Gantihe korale of Wannihattattu, and adjoining the roads from Ambanpola to Nelumpatwawa and Ambanpola to Kasiyacotta. Distance from the forest to Ambanpola Railway Station is 6 miles approximately.

(e) To fell within 6 inches of the ground 25 ranai trees over 5 feet in girth duly stamped and marked in the forest known as Minuwangette. To clean and transport the said ranai logs to Kurunegala Railway Station.

The forest referred to is situated in the Dewamedhi hatpattu, and adjoining the Deduru-oya and main road running from Kurunegala to Anuradhapura via Padeniya. Distance from Minuwangette village to Kurunegala is approximately 20 miles.

(f) To fell within 6 inches of the ground 25 ranai trees over 5 feet in girth duly stamped and marked in the forest known as Demadde. To clean and transport the said ranai logs to the Railway Station at Maho.

The forest referred to above is situated near the Kumbukwewa village of Magul Otota korale of Wannihattattu. Distance from the forest to Maho Railway Station is 15 miles approximately.

All the above services to be completed within 2½ months from date of signing the agreement.

TENDERS are hereby invited for the supply of the under-mentioned materials from July 1, 1913, to September 30, 1914, for the use of the Public Works Department, Western Province, in the following districts:—

Negombo District.

To be delivered at the Public Works Department Yard, Negombo.

List of Materials.

Baskets, Madampe, 18 in. by 10½ in. by 5 in., per 100.
Bags, gunny, second quality, per 1,000.
Bricks, local, 9 in. by 4 in. by 2½ in., per 1,000.
Bricks, local, 9 in. by 4 in. by 2 in., per 1,000.
Coconut slabs, per 100 lin. ft.
Lime, boiled, per bushel.
Lime, slaked, per bushel.
Planks, halmilla, 2 in., per square foot.
Planks, halmilla, 2½ in., per square foot.
Planks, jak, 1 in., per square foot.
Planks, jak, 1½ in., per square foot.
Planks, milla, 2 in., per square foot.
Planks, milla, 2½ in., per square foot.
Tiles, half-round, per 1,000.

Kalutara District.

To be delivered at the Public Works Department Yard, Kalutara.

List of Materials.

Bricks, local, 9 in. by 4 in. by 2½ in., per 1,000.
Lime, boiled, per bushel.
Lime, slaked, per bushel.
Tiles, half-round, per 1,000.

2. All tenders must be in duplicate, both copies being sealed in the same envelope, and addressed to the Chairman of the Tender Board, Office of the Controller of Revenue, Colombo.

3. Tenders must be marked "Tender for supply of Materials, Public Works Department, Western Province, 1913-1914," in the left hand top corner of the envelope, and should reach the Office of the Controller of Revenue not later than midday on March 11, 1913.

4. Tenders should either be deposited in the tender box in the Office of the Controller of Revenue, or be sent to him through the post.

5. Samples of the following articles tendered for are to be deposited in sealed packets at the Office of the Provincial Engineer, Western Province, not later than midday on March 11, 1913 :—

Bricks, local, 9 in. by 4 in. by 2½ in.
Tiles, half-round.

6. To each sample must be firmly attached a label on which is stated the name of the tenderer, the *Gazette* number of the notice calling for the tender, and the description of the article adopted in his tender.

7. Tenders must be on forms which may be obtained at the office of the Provincial Engineer, Western Province, Colombo, and no tender will be considered unless it is furnished on the recognized form thus obtained. Any alterations made in tenders should bear the initials of the tenderer, and all tenders containing alterations not so initialled will be treated as informal and rejected.

8. Parties applying for form of tender will be required to deposit the sum of Rs. 50 either at the Treasury or the Kachcheri, and produce a receipt for the same. Should the party fail to submit in accordance with the terms of the specification a *bona fide* tender, or to enter into the necessary contract, the sum of Rs. 50 deposited will be forfeited by way of ascertained and liquidated damages, and the defaulter will render himself liable to be included in the list of defaulting contractors precluded from having any concern in a Government contract. Upon a contract being entered into, the deposits of unsuccessful *bona fide* tenderers will be returned.

9. Further information may be obtained on application at the Office of the Provincial Engineer, Western Province, Colombo.

10. Before any tender is accepted the contractor will be required to sign a contract to execute and perform the works in accordance with the specification and the general conditions therein set forth, and to deposit a sum of Rs. 50 for the due and faithful performance of the contract, within ten days of receiving notice in writing signed by the Provincial Engineer, Western Province, Colombo, that the Government is prepared to accept his tender.

11. The Government does not bind itself to accept the lowest or any tender, and reserves to itself the right of accepting any portion of a tender.

Public Works Office, HAROLD T. CREASY,
Colombo, February 4, 1913. for Director of Public Works.

TENDERS are invited for the following services in the Galle District for a period of two years commencing from July 1, 1913, and ending on June 30, 1915 :—

- (a) To deliver rubble of approved quality at the Galle Jail premises at per cube.
(b) To transport metal from the Galle Jail premises and pile such metal at per cube as follows :—

I.—On the Galle-Colombo road on the following miles :—

68-69 mile, including piling at per cube	
69-70	do.
70-71	do.
71-72	do.
72-73	do.
73-74	do.
74-75	do.

II.—On road from Galle to Akuressa :—

2-3 mile, including piling at per cube	
3-4	do.

III.—On road from Galle to Udugama :—

2-3 mile, including piling at per cube	
3-4	do.

2. The rubble must be delivered in such quantities at required by the Provincial Engineer, Southern Province, and shall in no case be less than four cubes a day. The rubble is for the purpose of being broken by the prisoners in the Galle Jail into metal.

3. The metal so broken will be issued to the contractor by the Jailer, Galle, through the shoot in the western wall of the Jail, and the contractor shall remove the metal so issued and pile the same on the road or roads as ordered by the Provincial Engineer according to requirements.

4. The quantity of metal so transported and piled shall not be less than fifty cubes per month, and will be measured monthly, and payments made at the rates to be agreed upon for each cube piled, including transport.

5. The contractor shall furnish all tools, powder, fuze, baskets, and transport as shall be necessary for the due and proper performance of the contract, and shall be at liberty to work in the Talbot town quarry.

6. All tenders must be in duplicate, both copies being sealed in the same envelope, and addressed to the Chairman of the Tender Board, Office of the Controller of Revenue, Colombo.

7. Tenders must be marked "Tender for Supply of Metal, Public Works Department, Southern Province, 1913-1915," in the left hand top corner of the envelope, and should reach the Office of the Controller of Revenue not later than midday on March 11, 1913.

8. Tenders should either be deposited in the tender box in the Office of the Controller of Revenue, or be sent to him through the post.

9. Tenders must be on forms which may be obtained at the Office of the Provincial Engineer, Southern Province, Galle, and no tender will be considered unless it is furnished on the recognized form thus obtained. Any alterations made in tenders should bear the initials of the tenderer, and all tenders containing alterations not so initialled will be treated as informal and rejected.

10. Parties applying for form of tender will be required to deposit the sum of Rs. 50 either at the Treasury or the Kachcheri, and produce a receipt for the same. Should the party fail to submit in accordance with the terms of the specification a *bona fide* tender, or to enter into the necessary contract, the sum of Rs. 50 deposited will be forfeited by way of ascertained and liquidated damages, and the defaulter will render himself liable to be included in the list of defaulting contractors precluded from having any concern in a Government contract. Upon a contract being entered into, the deposits of unsuccessful *bona fide* tenderers will be returned.

11. Further information may be obtained on application at the Office of the Provincial Engineer, Southern Province, Galle.

12. Before any tender is accepted the contractor will be required to sign a contract to execute and perform the works in accordance with the specification and the general conditions therein set forth, and to deposit a sum of Rs. 200 for the due and faithful performance of the contract, within ten days of receiving notice in writing signed by the Provincial Engineer, Southern Province, Galle; that the Government is prepared to accept his tender.

13. The Government does not bind itself to accept the lowest or any tender, and reserves to itself the right of accepting any portion of a tender.

Public Works Office, T. H. CHAPMAN,
Colombo, January 31, 1913. for Director of Public Works.

TENDERS are hereby invited for supplying the under-mentioned materials from July 1, 1913, to September 30, 1914, for the following districts :—Jaffna, Pallai, and Vavuniya, in the Northern Province :—

List of Materials.

Coir string, per cwt.
Baskets, naar, not under 12 in. by 12 in. by 8 in., per 100.
Baskets, ola, not under 12 in. by 12 in. by 8 in., per 100.
Baskets, ola, water, each.
Lime made from coral chips, per bushel.
Lime, shell, per bushel.
Charcoal, per bushel.
Mango planks, 1 in., 1½ in., and 1¾ in., finished thickness.
Margosa planks, 1 in., 1½ in., and 1¾ in., finished thickness.
Jak planks, 1 in., 1½ in., and 1¾ in., finished thickness.

The tenders are to be made upon forms which will be supplied upon application at the Office of the Inspector-General of Prisons, Colombo, and no tender will be considered unless it is on the recognized form. Alterations must be initialled, otherwise the tenders may be treated as informal and rejected.

6. A cash deposit of Rs. 50 will be required to be made at the Treasury or at any Kachcheri, and a receipt produced for the same before any form of tender is issued. Should any person decline to enter into the contract and bond after he has tendered, or fail to furnish the approved security, within ten days of receiving notice in writing from the Head of the Department, or his duly authorized representative, that his tender has been accepted, such deposit will be forfeited to the Crown, and the defaulter will render himself liable to be included in the list of defaulting contractors precluded from having any concern in a Government contract. All other deposits will be returned upon completion of the contract.

7. If required, samples must be deposited.

8. The successful tenderer will be required to furnish cash security of Rs. 200, and to sign the bond given in the tender for the due fulfilment of the contract. The amount deposited for tender forms will form part of the security.

9. No tender will be considered unless in respect of it all the conditions above laid down have been strictly fulfilled.

10. The Government reserves to itself the right, without question, of rejecting any or all tenders, and the right of accepting any portion of a tender.

11. Any further information can be obtained on application to the Inspector-General of Prisons, Colombo.

A. DE WILTON, Major,
Colombo, February 12, 1913. Inspector-General of Prisons.

TENDERS are hereby invited for the supply of firewood to the Mahara Jail, for the period of 15 months, commencing from July 1, 1913, and terminating on September 30, 1914.

2. All tenders should be in duplicate and sealed under one cover, and should be addressed to the Inspector-General of Prisons, Colombo.

3. Tenders should be marked "Tender for Firewood for Mahara Jail" in the left hand top corner of the envelope, and should reach the Office of the Inspector-General of Prisons not later than midday on March 11, 1913.

4. The tenders are to be made upon forms which will be supplied upon application at the Office of the Inspector-General of Prisons, Colombo, and no tender will be considered unless it is on the recognized form. Alterations must be initialled, otherwise the tenders may be treated as informal and rejected.

5. A cash deposit of Rs. 50 will be required to be made at the Treasury or at any Kachcheri, and a receipt produced for the same before any form of tender is issued. Should any person decline to enter into the contract and bond after he has tendered, or fail to furnish the approved security, within ten days of receiving notice in writing from the Head of the Department, or his duly authorized representative, that his tender has been accepted, such deposit will be forfeited to the Crown, and the defaulter will render himself liable to be included in the list of defaulting contractors precluded from having any concern in a Government contract. All other deposits will be returned upon completion of the contract.

6. If required, samples must be deposited.

7. The successful tenderer will be required to furnish cash security of Rs. 100, and to sign the bond given in the tender for the due fulfilment of the contract. The amount deposited for tender forms will form part of the security.

8. No tender will be considered unless in respect of it all the conditions above laid down have been strictly fulfilled.

9. The Government reserves to itself the right, without question, of rejecting any or all tenders, and the right of accepting any portion of a tender.

10. Any further information can be obtained on application to the Inspector-General of Prisons, Colombo.

A. DE WILTON, Major,
Colombo, February 12, 1913. Inspector-General of Prisons.

TENDERS are hereby invited for the transport of metal from quarry at Anuradhapura to Railway Station at Anuradhapura (a distance of about 2 miles) and from Jail at Anuradhapura to Railway Station (a distance of about 1½ mile), also transport of rubble from the said quarry to jail (a distance of about ¾ mile), for the period of 15 months, commencing from July 1, 1913, and terminating on September 30, 1914.

2. All tenders should be in duplicate and sealed under one cover, and should be addressed to the Chairman of the Tender Board, Office of the Controller of Revenue, Colombo.

3. Tenders should either be deposited in the tender box in the Office of the Controller of Revenue, or be sent through the post.

4. Tenders should be marked "Tender for the transport of Metal and Rubble, Anuradhapura Jail," in the left hand top corner of the envelope, and should reach the Office of the Controller of Revenue not later than midday on March 4, 1913.

5. The tenders should state the rate per cube for transport of metal and rubble separately.

6. The tenders are to be made upon forms which will be supplied upon application at the Office of the Inspector-General of Prisons, Colombo, and no tender will be considered unless it is on the recognized form. Alterations must be initialled, otherwise the tenders may be treated as informal and rejected.

7. A cash deposit of Rs. 10 will be required to be made at the Treasury or at any Kachcheri, and a receipt produced for the same before any form of tender is issued. Should any person decline to enter into the contract and bond after he has tendered, or fail to furnish the approved security, within ten days of receiving notice in writing from the Head of the Department, or his duly authorized representative, that his tender has been accepted, such deposit will be forfeited to the Crown, and the defaulter will render himself liable to be included in the list of defaulting contractors precluded from having any concern in a Government contract. All other deposits will be returned upon completion of the contract.

8. The successful tenderer will be required to furnish cash security of Rs. 100, and to sign the bond given in the tender for the due fulfilment of the contract. The amount deposited for tender forms will form part of the security.

9. No tender will be considered unless in respect of it all the conditions above laid down have been strictly fulfilled.

10. The Government reserves to itself the right, without question, of rejecting any or all tenders, and the right of accepting any portion of a tender.

11. Any further information can be obtained on application to the Inspector-General of Prisons, Colombo, or to the Superintendent of the Jail at Anuradhapura.

A. DE WILTON, Major,
Colombo, February 12, 1913. Inspector-General of Prisons.

TENDERS are hereby invited for the removal from and burial of dead bodies of the Government Hospital at Kandy for the period commencing from July 1, 1913, and terminating on September 30, 1914.

2. All tenders should be in duplicate and sealed under one cover, and should be addressed to the Principal Civil Medical Officer, Colombo.

3. Tenders should either be deposited in the tender box in the Office of the Principal Civil Medical Officer, or be sent through the post.

4. Tenders should be marked "Tender for the burial of dead bodies of the Government Hospital at Kandy" in the left hand top corner of the envelope, and should reach the Office of the Principal Civil Medical Officer not later than midday on February 25, 1913.

5. The tenders are to be made upon forms which will be supplied upon application at the Office of the Principal Civil Medical Officer and Inspector-General of Hospitals, Colombo, and no tender will be considered unless it is on the recognized form. Alterations must be initialled, otherwise the tenders may be treated as informal and rejected.

6. A cash deposit according to the schedule hereunder will be required to be made at any Kachcheri, and a receipt produced for the same before any form of tender is issued. Should any person decline to enter into the contract and bond after he has tendered, or fail to furnish the approved security, such deposit will be forfeited to the Crown, and the

defaulter will render himself liable to be included in the list of defaulting contractors precluded from having any concern in a Government contract. All other deposits will be returned upon signature to the contract. No deposits for tender forms will be accepted at the Principal Civil Medical Officer's Office.

7. The successful tenderer will be required to furnish cash security according to the schedule hereunder, and to sign the bond given in the tender for the due fulfilment of the contract. The amount deposited for tender forms will form part of the security.

8. No tender will be considered unless in respect of it all the conditions above laid down have been strictly fulfilled.

9. The Government reserves to itself the right, without question, of rejecting any or all tenders, and the right of accepting any portion of a tender.

10. Any further information can be obtained on application to the Principal Civil Medical Officer and Inspector-General of Hospitals, Colombo.
