The Municipal Office,
Colombo, November 4, 1914.

C. M. YOUNG,
Financial Assistant to the Chairman,
Municipal Council, Colombo.

Minutes of Proceedings of a General Meeting of the Municipal Council of Colombo held in the Town Hall on Friday, September 25, 1914.

THE Council met this day at 3 P.M., pursuant to notice dated September 18, 1914.

Present :—Mr. R. W. Byrde, Chairman; Mr. C. P. Dias; the Hon. Sir Allan Perry, Kt.; Mr. L. B. Fernando; Mr. N. H. M. Abdul Cader; Mr. Arthur Alvis; Mr. H. L. de Mel; Mr. E. G. Jayewardene; Dr. David Rockwood; Dr. D. P. Banajee; Dr. E. V. Ratnam; the Hon. Mr. T. H. Chapman; Mr. J. A. Perera; Mr. C. S. Burns; and Mr. T. L. Villiers.

Mr. Arthur Alvis said that before the work of the Council began he would, with the permission of Council, move the following motion:—

That this Council desires to place on record their sense of the loss sustained by the Government of Ceylon by the death of Mr. W. E. Thorpe, C.C.S., at one time Chairman of this Council and Mayor of the City of Colombo, and begs to tender to his widow and family its deep sympathies in their bereavement. Mr. C. P. Dias seconded.—Carried unanimously.

1. The Minutes of the General Meeting of August 28, 1914, having been previously printed, and a copy thereof having been sent to each Member of Council, were taken as read.

Resolved—That the Minutes of the General Meeting of August 28, 1914, be confirmed.

2. Pursuant to notice, the Chairman read the following :—

Statement re Plague.

Since the last meeting of this Council, 20 further cases of plague have been reported, making a total of 333 cases since the outbreak. Nineteen of the 20 cases proved fatal. Thirteen were septicemic and the remaining 7 bubonic in type. One or 2 sporadic cases have occurred in parts of the town beyond the limits of the area hitherto infected, e.g., on August 31, a case occurred in St. James' street, Kotahena; 1 at Fisher's Hill, Mutwal, on the 8th instant; 1 at Ketawella-mulla lane on the 8th instant; and 1 at Santiago road on the 9th instant. No infected rat has so far been captured as far north as St. James' street, but 1 was captured at Fisher's Hill as long ago as March 23. There can be little doubt that the disease now exists among the rats in every part of the town. Fortunately, the increase of infection among the rat population is comparatively slight; for instance, last week no plague-infected rats were found at all, although 3,269 were trapped. This will in itself account for the sporadic nature of the disease amongst the human population. Since our last meeting 13,709 rats have been trapped, bringing up the total to 82,387. In addition to this, 281,250 baits were laid in the four weeks, of which 46,951 were removed presumably by rats.

3. Mr. E. G. Jayewardene, with the permission of the Council, withdrew the motion standing in his name, and requested the Chairman to deal with the matter.
