## Notice to Shippers and Ships' Agents.

THE following notice is published in place of that dated September 2, 1915, and published in the *Gazette* No. 6,738 of September 4, 1915.

It is in all cases essential that the bill of lading or a certified copy thereof should be on board every vessel sailing with cargo from this port.

Ship agents will therefore be required to produce at the Customs a copy of the manifest, with corresponding bills of lading, before clearance is issued.

It should be clearly understood that no form of consignment will secure to vessels immunity from the belligerent right of visit, search, and detention, whatever the country or port from which they may have shipped the goods they are carrying and whatever the description of these goods; compliance with the following recommendations in respect of bills of lading will, however, minimize the risk of delay, and will therefore be in the interest both of the ship and of the goods:—

(1) *Shipments to Neutral European Ports or Russian Ports in the Baltic, or by Vessels calling at a Neutral European Port.*—In the case of goods shipped to a neutral European port or to a Russian port in the Baltic, or shipped by a vessel which is to call at a neutral European port, it is recommended that bills of lading should never be made out "to order," but that they should be made out either (a) to a named consignee, or (b) to a bank or financial house of high standing, with the remark "Notify A.B.," "A.B." being the name of the person or firm for whom the goods are ultimately destined. Goods shipped to Holland should be consigned to the Netherlands Oversea Trust.

(2) *Shipments to British, French, or Italian Ports, or Russian Ports not in the Baltic.*—It is not necessary that goods shipped to a British, French, or Italian port, or to a Russian port not in the Baltic, should be consigned as above described, provided that it is clearly indicated in the bill of lading and in the manifest that the ultimate destination is as stated, and provided that the vessel is not to call at a neutral European port on her voyage.

(3) *Shipments to Neutral Countries outside Europe.*—It is desirable, in cases where the use of another form of consignment might lead to an interruption of the voyage, that goods shipped to neutral countries outside Europe should be consigned in the same manner as those shipped to neutral countries in Europe; but where this course is not adopted, it should be clearly indicated in the bill of lading that the destination of the goods is outside Europe and is not in Asiatic Turkey, nor in, nor adjacent to, any enemy possession.

(4) Recommendations (2) and (3) are subject to the special requirements of the notice of September 18, 1915, published in *Gazette* No. 6,741 of September 24, 1915, relating to goods exported under permit from the Principal Collector of Customs.

October 5, 1915.
