It is with great pleasure that we present Sri Lanka National Bibliography (Retrospective) : English publications , 1921 –1930. While compiling the current National Bibliography the National Library and Documentation Centre (NLDC) also paid attention to compilation the Retrospective National Bibliography. The Retrospective National Bibliography should cover the period of 1737 (the year printing was introduced to Sri Lanka) to 1963 (the year in which the compilation of the Sri Lanka National Bibliography commenced). Up to now Bibliographies covering the period 1737 – 1920 and 1962 were published. Sri Lanka National Bibliography (Retrospective) : English publications, 1921 –1930 can be considered as another step of this project.

The following sources were used for compiling this bibliography:

- A Bibliography of Ceylon by H.A.I. Goonetilleke

Only the English language publications published during the relevant period are included in this bibliography . It consists of (1) subject section (2) author , title and series index and (3) subject index. Classification was done using the 22^{ed} edition of the Dewey Decimal Classification . The subject index has been prepared using the Chain Indexing System.

For the benefit of the users , the locations of the books are indicated at the end of each entry.
