PROCLAMATION BY THE GOVERNOR.

IN the Name of His Majesty EDWARD THE SEVENTH, of the United Kingdom of Great Britain and Ireland and of the British Dominions beyond the Seas, King, Defender of the Faith.

PROCLAMATION.

By His Excellency Sir HENRY ARTHUR BLAKE, Knight Grand Cross of the Most Distinguished Order of Saint Michael and Saint George, Governor and Commander-in-Chief in and over the Island of Ceylon, with the Dependencies thereof.

HENRY A. BLAKE.

WHEREAS by section 31 of "The Births and Deaths Registration Ordinance, 1895," it is enacted that it shall be lawful for the Governor, with the advice of the Executive Council, from time to time by Proclamation in the *Government Gazette*, to declare that the provisions of the said section and of the five sections following thereafter of the said Ordinance shall come into operation in any town, district, or place on a date to be fixed by such Proclamation, and that every such Proclamation shall define the limits of the town, district, or place within which the said sections shall come into operation, and that it shall be lawful for the Governor, in like manner, with the advice of the Executive Council, from time to time to amend, alter, or revoke such Proclamation:

And whereas by the Proclamation dated 1st July, 1897, as amended by Proclamation dated 24th June, 1899, the provisions of the said sections came into operation within the towns and places mentioned in the schedule thereto:

And whereas it appears expedient to the Governor, with the advice of the Executive Council, to further amend and alter the limits of some of the said towns.

Now know Ye that We, the said Governor, with the advice of the Executive Council, do by this Our Proclamation alter and amend the limits of the towns specified in the first column of the

annexed schedule, with effect from 1st January, 1904, in the manner specified in the second column thereof.

Given at Colombo, in the said Island of Ceylon, this Tenth day of December, in the year of our Lord One thousand Nine hundred and Three.

By His Excellency's command,

EVERARD IM THURN,

THE following rules made by the Governor, with the advice of the Executive Council, in terms of section 4 of the Ordinance No. 2 of 1896, are published for general information.

The rules dated October 30, 1896, October 24, 1900, June 24, 1902, and May 14, 1903, are hereby cancelled.

Colonial Secretary's Office,
Colombo, December 7, 1903.

By His Excellency's command,
EVERARD IM THURN,
Colonial Secretary.

Rules referred to.

1. The Governor may, from time to time, appoint such Inspectors as he may think necessary for the due execution of the provisions of the Ordinance No. 2 of 1896 in regard to mines, and award them such salaries as he may deem proper.
2. Notice of the appointment or removal of every such Inspector shall be published in the *Government Gazette*.
3. It shall be the duty of the Inspector of Mines to visit every working platinum mine once in six months, and to report to such officer as His Excellency may direct. In

the event of his inability to do this, he must send in an Inspection Report, the columns not being filled in, but the reason of his failure to inspect being written across the report.

4. It shall be the duty of the owner of a mine to see that a copy of the declaration which is required by the third section of Ordinance No. 2 of 1896, to be furnished to the Government Agent, is also delivered to the Inspector of Mines before any work is begun.

The declaration shall also give the date on which it is intended to begin work. If work does not begin on or before that date the owner shall forward to the Inspector of Mines a new notice, giving a fresh date for opening the mine, and he shall, in the same way, continue to send notices until work begins or until all intention of opening the mine has been abandoned.

If all intention of opening the mine is abandoned, the owner shall give intimation of this to the Government Agent and to the Inspector of Mines. The Inspector of Mines shall acknowledge receipt of the notice, and shall at the same time give the manager the number which the mine will hereafter bear, and this number must be quoted in all subsequent official notices. The Government Agent shall, in acknowledging receipt of the notice, send a copy of these rules and two sets of all the notices required under these rules to the person who has signed the declaration. The rules and notices shall be in English and in such one of the native languages as the Government Agent may think best.

5. It shall be the duty of every person in immediate charge of a plumbago mine, whether owner, superintendent, or manager, to have the sides of the pit made secure, and if necessary timbered, and to provide safe means of descent and ascent for the use of those employed in the pit.

6. Every owner and person in immediate charge, whether superintendent or manager of a plumbago mine, shall provide for the proper pumping out or removal of water in the pits.

7. It shall not be lawful for the person in immediate charge of a plumbago mine, whether owner, superintendent, or manager, to employ any person under the age of fifteen to work in a pit.

8. It shall be the duty of the person in charge, if required to do so, to provide lines and sanitary arrangements for resident coolies employed in the mine.

9. It shall be the duty of the person in charge to keep all approaches to the pit for a distance of 20 yards round the mouth clear of weeds and jungle.

10. It shall not be lawful for the person in charge to employ any person under the age of eighteen or above the age of fifty-five in blasting in the tunnels and galleries of plumbago mines.

11. It shall be the duty of the owner or manager of a mine to cause to be delivered, both to the Government Agent and to the Inspector of Mines, a notice of the occurrence of any accident resulting in death or such injury as incapacitates any workman from performing his ordinary duties for a period of ten days. Such notice shall be delivered within forty-eight hours of the occurrence of the accident. If the accident be a fatal one, no work except that of baling out water, excavating the earth with a view to the removal of the dead or the rescue of the survivors shall be done in the mine until after the inquest. If the Inquirer does not find that the accident was unavoidable, no work shall be carried on till the Inspector of Mines has visited the mine and given a certificate of security in the Form B annexed to rule 26. Provided that if the Inspector of Mines does not visit the mine within three days of the receipt of the notice this prohibition shall cease to be in force.

12. It shall not be lawful for any one to employ workmen or to work in a pit which, in the opinion of the Inspector of Mines, is not sufficiently ventilated, or under circumstances which are in the opinion of the Inspector such as to render it probable that injury may result to any person either in the mine or its vicinity. In all such cases it shall be the duty of the Inspector of Mines to deliver to the owner, manager, superintendent, or some one in authority in the mine, a written memorandum stating the causes which, in his opinion, are likely to lead to injury, and prohibiting further working in the mine until the Inspector of Mines has certified by an endorsement on the memorandum that the causes complained of have been removed or remedied, or until His Excellency the Governor has cancelled the prohibition.

It shall be the duty of the Inspector of Mines to send within forty-eight hours of the issue of such prohibition a full statement to His Excellency the Governor of the facts leading to such issue and a record of the time when such order was communicated to the manager, superintendent, or owner of the mine, and His Excellency shall then make such order as seems to him desirable. This order shall be communicated in writing to the owner, superintendent, or manager of the mine.

13. The following rules shall be observed with regard to the use of explosives:—

(a) No explosives shall be kept in a mine for a longer period than twelve hours.

(b) Arrangements must be made to enable men whose duty it is to light fuses to reach a place of safety before the charges explode. No person with the exception of such men shall remain in the mine when any charge or charges of explosives are being fired.

(c) No person employed in charging holes with gunpowder or other explosives shall use or have in his possession while engaged in this work any implement of iron or steel. All implements used for charging must be of wood or copper. Every mine where explosives are used must be furnished with sets of copper implements for charging sufficient for the use of the mine, and spare implements shall be kept in stock.

(d) If a charge misses fire, no one must enter the mine until a period of four hours has elapsed from the time at which the fuse was lighted.

(e) A charge of explosive which has missed fire must not be withdrawn from the hole. Another hole shall be made not less than 6 inches from the original one, by firing which fresh hole the original charge will be exploded.

14. All the approaches to the pit must be protected by means of stong rails, entrance being provided by means of a gate in the rails. The gate shall open inwards towards the face of the tunnel, and shall be so constructed that it will not open over the mouth or opening of the pit. The mouth of the tunnel must be protected either by a strong rail or a door which shall be kept continually closed, except when it is necessary to open it to

allow the passage upwards or downwards of the bucket, kibble, cage, or ship. The rails and gates above-mentioned may be removed for necessary work if due precautions are taken.

15. In every mine in which persons are raised and lowered by machinery when the depth of such lift exceeds 50 yards, provision must be made for the communication of distinct and definite signals between each of the stages in the lift and the surface.

16. Chains shall not be used for hoistage or winding in mines.

Except for the purpose of testing it shall not be lawful to exceed the following loads on ropes when hoisting or winding :—

Circumference in Inches.	Working Load in Cwts. for Coir Ropes.	Working Load in Cwts. for Hemp Ropes.	Working Load in Cwts. for Iron Wire Ropes.	Working Load in Cwts. for Steel Wire Ropes.
1	1	1	3½	7
1½	1½	2½	5½	15½
2	2	3½	10	28
2½	2½	5½	15	48
3	3½	7½	23	61
3½	4½	10½	31½	112½
4	5	14	39½	136½
4½	7	16½	52½	167½
5	8	20	62	180
5½	10	27½	75	207½
6	12	35½	90	250

17. It shall be the duty of the owner or manager to see that, except for purposes of testing, weights in excess of those specified for each description of rope as given are not raised by such ropes. The manager shall see that all ropes are tested in the morning before work and between 11 and 12 o'clock by raising a weight double that which the rope is authorized to carry.

It shall be the duty of the owner or manager to see (in the case of coir or hemp ropes) that they are attached to the bucket in a new place every week, and (in the case of wire ropes), that they are recapped every week.

18. A brake on the drum shall be attached to every machine used for raising or lowering persons if worked by steam, water, or mechanical power. The brake to be one approved by the Inspector of Mines.

19. Every working mine shall be provided with a supply of timber in good condition and suitable for timbering and sufficient to completely timber a space in the pit of 6 yards in depth. This supply shall be kept in a shed within 40 yards of the mine and at all times available for use.

20. In any mine in which persons ascend or descend by means of durbars or machinery it shall not be lawful to load the bucket at the other end of the rope.

21. The person in immediate charge of a mine, whether owner, superintendent, or manager, shall make arrangements for information to be forthwith given to him whenever a charge of explosive has missed fire, and on such information being given to him he shall immediately (after four hours have elapsed) personally see that another hole is made not less than 6 inches from that in which the charge has missed fire, and that the second hole is thereafter immediately fired.

22. When the mine has attained a depth of 20 feet, it shall be the duty of the owner or manager to cause a notice substantially in the annexed form to be delivered to the Inspector of Mines :—

I, _____, the owner of the mine called _____, bearing No. _____, situated in the village _____, in _____ district of _____ Province, do hereby inform you that the aforesaid mine has now reached a depth of 20 feet. The mouth of the mine is _____ feet by _____ feet. The mine (is) (is not)* timbered.

_____ † workmen are at present employed.

23. It shall be the duty of the Inspector of Mines, within one month of receipt of notice, to visit and make a report on the mine to such officer as His Excellency may direct in the authorized form. If he is not satisfied that the working of the mine is conducted in a proper manner, consistent with the safety of those employed, he shall make use of the powers conferred upon him by rule 12.

24. It shall be the duty of every owner or manager of a mine in which work is being carried on to cause to be delivered to the Inspector of Mines on some day between the 1st and 14th of January, and between the 1st and 14th of July of every year, a notice substantially in the Form A annexed.

The following rules, dated July 15, 1898, and July 1, 1902, published in the *Gazette* of July 22, 1898, and July 4, 1902, respectively, remain in force, and are republished for general information:—

Rules dated July 15, 1898, published in "Gazette" of July 22, 1898.

Rules for the Appointment of Inspectors under section 4, sub-section (c), Ordinance No. 2 of 1896.

All officers of the Public Works Department duly appointed from time to time to act as Provincial Engineers or District Engineers, and especially authorized in writing hereto by the Government, shall be Inspectors for the purposes of Ordinance No. 2 of 1896 in respect of such factories as shall be enumerated upon such written authority, and shall at all reasonable hours of the day have free access to such factories for the purposes of inspecting machinery in use therein or any part thereof referred to in rules

1, 2, 3, 4, 5, and 6 of the rules dated October 27, 1897, appearing in the *Gazette* No. 5,507 of October 29, 1897 (Part I, page 685), and shall report to the Government Agent any failure to comply with the provisions of the said rules.

Provided always that inspections of any factory, the machinery situated in which shall have been certified in writing by a duly authorized Inspector as complying with the aforesaid rules, shall not be made more than once in any one year. For the purposes of this rule the year shall be considered to commence on the 1st day of January and to terminate on the 31st day of December.

2. The Government Agent shall furnish the Provincial Engineer during the month of January in each year with a complete list, including the name and nature of each factory within his Province, and the name and address of the owner thereof or his local representative.

3. The Provincial Engineer shall, upon receipt of such list, in the event of it containing factories not enumerated in the written authority referred to in the foregoing rule No. 1, report the same to the Director of Public Works.

4. For the purposes of rule 10, the Superintendent of every factory containing a boiler or boilers in which steam is generated for the purpose of driving machinery shall forward to the Government Agent of the Province in which such factory is situated, within one month of the publication of these rules, a certificate of competency regarding the person or persons having control of such boiler or boilers.

Such certificate shall be signed by the Engineer in charge of such boiler or boilers and connected machinery, or other Engineer nominated by the owner of such factory and specially licensed for the purpose by the Government.

The certificate shall be in the following form:—

I, the undersigned (specially licensed Engineer to issue certificate of competency required under rule 10, published in the *Government Gazette* of October 29, 1897), do hereby certify that, _____, the persons having control of the boilers in the factory known as _____, in the _____ Province, are to the best of my knowledge and belief suitable and capable persons to have control of boilers in which steam is generated for the purpose of driving machinery.

(Signed) _____

5. Upon receipt of the certificate referred to in the foregoing rule, the Government Agent shall forward to each of the persons named therein a copy, such copy being duly countersigned by the Government Agent.

6. For the purposes of rules Nos. 1, 2, 3, 4, 5, 6, 7, and 8, the Government will accept a certificate signed by the Engineer referred to in rule 4 in lieu of the report of an Inspector specially appointed for the purpose. The certificate shall be made annually, and shall be sent to the Government Agent of the Province in which the factory is situated not later than the 31st day of January. Such certificate shall be in the following form:—

I, the undersigned, being an Engineer specially licensed for the purpose by Government, hereby certify to the best of my knowledge and belief that rules Nos. 1, 2, 3, 4, 5, 6, 7, 8, and 9, under section 4 of Ordinance No. 2 of 1896, and published in the *Gazette* No. 5,507 of October 29, 1897 (Part I, page 685) have been duly complied with during the period commencing on the 1st day of January, _____, and terminating on the 31st day of December, _____.

(Signed) _____

7. Nothing in these rules shall be read and construed to preclude a special inspection being made of any factory at any time within reasonable hours by any person duly and specially authorized by the Government to make such special inspection.

8. The rules of February 3, 1896, are cancelled.

Rules dated July 1, 1902, published in Gazette of July 4, 1902.

In these rules, unless the context otherwise requires:—

“Child” means a person under the age of 14 years.

“Young person” means a person of the age of 14 years and under the age of 18 years.

“Woman” means a woman of 18 years of age and upwards.

“Machinery” includes any driving strap or band.

“Mill-gearing” comprehends every shaft, whether upright, oblique, or horizontal, and every wheel, drum, or pulley by which the motion of the first moving power is communicated to any machine.

1. Every hoist or tackle, near to which any person is liable to pass or to be employed, and every wheel, if within a distance of 3 ft. 6 in. from the floor, directly connected with steam, water, electrical, or other mechanical power, whether in the engine-house or not, and every part of a steam, gas, or oil engine, electrical motor, dynamo, or water-wheel, shall be securely fenced; and

2. Every wheel-race not otherwise secured shall be securely fenced close to the edge of the mill-race; and

3. Every part of the mill-gearing belting, ropes, or chains driven in any way whatever, within a distance of 3 ft. 6 in. from the floor, shall either be securely fenced or be in such position or of such construction as to be as safe to every person employed in the factory as it would be if it were securely fenced; and

4. All fencing shall be of wood 3 ft. 6 in. high, posts 3 in. by 3 in., top rail 3 in. by 2 in., intermediate rails, two in number, 2 in. by 1½ in. If iron is used for rails it must be not less than 1 in. in diameter, and shall be maintained in an efficient state while the parts required to be fenced are in motion.

5. All wires conveying electrical current from the dynamo to the motors or lamps shall have highly insulated covering so as to constitute no source of danger; and

6. Every main switchboard shall be under lock and key and bear clear instructions for its use by the inexperienced.

7. No child shall be allowed to clean any part of the machinery in the factory while the same is in motion.

8. No young person or woman shall be allowed to clean any mill-gearing, belts, ropes, or chains conveying motive power from the driving to the driven machine while the same is in motion.

9. No child, young person, or woman shall be allowed to work between fixed and traversing parts of any self-acting machine while the machine is in motion.

10. No person shall be allowed to have or shall have control over a boiler in which steam is generated for the purpose of driving machinery, unless he can produce a certificate of competency in the annexed Form A from the Inspecting Engineer appointed by Government, or from an Engineer specially licensed for the purpose by the Government, or from the Engineer in charge of such boiler.

11. All persons specially authorized in writing thereto by the Government shall be Inspectors for the purposes of Ordinance No. 2 of 1896 in respect of such factories as shall be enumerated upon such written authority, and shall at all reasonable hours of the day have free access to such factories for the purposes of inspecting machinery in use therein, or any part thereof, and shall report to the Government Agent any failure to comply with the provisions of these rules.

The Inspectors thus appointed shall furnish once a year, if possible, a report on each factory in their charge and forward it to the Government Agent, on or before the date appointed by that officer, accompanied either by a certificate in the annexed Form B (Certificate of Compliance) or by a statement showing why he is unable to grant such certificate.

Such certificate shall be signed by the Engineer in charge of such boiler or boilers and connected machinery, or other Engineer nominated by the owner of such factory and specially licensed for the purpose by Government.

12. For the purposes of these rules the Governor may accept a certificate in the same form signed by the Engineer in charge of a boiler and connected machinery in lieu of a certificate by an Inspector appointed under rule 11, provided that such certificate be made annually and sent to the Government Agent of the Province in which the factory is situated not later than January 31.

13. Upon receipt of the certificate referred to in the foregoing rules the Government Agent shall forward a copy to each of the persons named therein, such copy being duly countersigned by the Government Agent.

14. It shall be lawful for the Government Agent, when he is satisfied that any part of the machinery of a factory is a source of danger to any person or persons employed therein, to make an order in writing directing that such protective measure as he may think necessary be taken in regard to such part of the machinery.

15. The manager or superintendent shall carry out such order as quickly as possible, unless he lodges within ten days of the receipt of the order an appeal against the order to the Governor in Executive Council, by whom the order may be confirmed, modified, or annulled.

16. The superintendent or manager shall comply with the order which may be made by the Governor within two weeks of the receipt of a communication containing the decision arrived at.

17. Nothing in these rules shall be read or construed to preclude a special inspection being made of any factory at any time within reasonable hours by any person duly and specially authorized by the Government Agent to make such special inspection.

The rules dated 27th October, 1897, and 28th April, 1901, are cancelled.

FORM A (Certificate of Competency).

I, the undersigned (being an Engineer specially licensed under the provisions of Ordinance No. 2 of 1896), do hereby certify that _____, whose description is on the back of this certificate, and who is now in charge of the boilers in factory No. _____, known as _____, in the village _____, in _____ korale of the _____ Province, is to the best of my knowledge and belief a suitable and capable person to have control of boilers in which steam is generated for the purpose of driving machinery.

IT is hereby notified that an examination under the regulations of August 26, 1891, for gentlemen in the Civil Service, will be held in the Council Chamber on Monday, January 18, 1904, at 10.30 A.M., and following days, namely :—

Monday, January 18	... Sinhalese	Thursday, January 21	... Law
Tuesday, January 19	... Law	Friday, January 22	... Accounts
Wednesday, January 20	... Law	Saturday, January 23	... Tamil

The examination under the Minute of December 12, 1898, and the *viva voce* examination in the native languages for officers in the Public Works Department and the Forest Department will be held at the same time and place.

Only the Police Magistrates who are not members of the Bar or of the Civil Service and those candidates who have been specially nominated by the Governor will be admitted to the examination under the Minute of December 12, 1898.

The examination in the Criminal Procedure Code prescribed under the Minute of March 26, 1900, for officers in the Fourth and Fifth Classes of the Civil Service will also be held on January 18, 1904, as well as at the Kandy Kachcheri.

It is also hereby notified that candidates will be given the option of using Codes in the examinations in the Criminal Procedure Code and the Penal Code; they must, however, state when sending in their names what their opinion is, as the character of the papers set for those who use Codes and those who do not will be different.

Candidates are required to send in their names not later than January 4, 1904.

Gentlemen in the Civil Service should state in their applications whether they are presenting themselves for the first or second examination, and whether they intend taking up Sinhalese or Tamil

By His Excellency's command,

EVERARD IM THURN,
Colonial Secretary.

Colonial Secretary's Office,
Colombo, December 11, 1903.

WHEREAS by section 6 of "The Births and Deaths Registration Ordinance, 1895," as amended by section 2 of "The Births and Deaths Registration Amendment Ordinance, 1900," it is among other things enacted that it shall be lawful for the Governor, with the advice of the Executive Council, by notification in the *Government Gazette*, to divide the several Provinces in the Island into such and so many divisions for the purposes of the registration of births and deaths as shall appear expedient, and such divisions or any of them at any time, with the like advice, to amend, alter, or abolish:

And whereas by notifications bearing dates 1st July, 1899, 18th July, 1901, 19th December, 1901, 2nd June, 1902, 23rd February, 1903, and 7th July, 1903, in the *Government Gazette*, His Excellency the Governor, with the advice of the Executive Council, divided the several Provinces of the Island for the registration of births and deaths into the divisions specified in the schedules to the said notification:

And whereas it appears expedient to the Governor, with the advice of the Executive Council, to amend and alter some of the said divisions:

It is hereby notified that His Excellency the Governor, with the advice of the Executive Council, has, by virtue of the powers conferred by the aforesaid section 6 of "The Births and Deaths Registration Ordinance, 1895," as amended by section 2 of "The Births and Deaths Registration Amendment Ordinance, 1900," altered and amended with effect from the 1st January, 1904, the divisions specified in the first column of the annexed schedule in the manner specified in the second column thereof.

NOTICES CALLING FOR TENDERS.

TENDERS will be received by the Hon. the Auditor-General and the Provincial Engineer of the Northern Province for the supply of road metal (broken stone to pass every way through a 2-inch ring) at Mullaittivu Mannar, Pesalai, in the Northern Province, during the year 1904, up to noon on Saturday, January 9, 1904.

The quantities of metal to be supplied are—

- At Mullaittivu, 120 cubes.
- At Mannar, 610 cubes.
- At Pesalai, 250 cubes.

2. Tenders must be sealed and endorsed on the envelopes "Tender for supply of Road Metal in the Northern Province."

3. Tenders must be submitted in duplicate, the original being forwarded to the Provincial Engineer and the duplicate direct to the Hon. the Auditor-General, both being required to be forwarded at the same time.

4. Tenders must be on forms which may be obtained at the office of the Provincial Engineer, Jaffna, and no tender will be considered unless it is furnished on the recognized form thus obtained.

5. Parties applying for forms of tender will be required to deposit the sum of Rs. 50 either at the Treasury or the Kachcheri and produce a receipt for the same. Should

the party fail to submit a *bond fide* tender, or to enter into the necessary contract, the sum of Rs. 50 deposited will be forfeited by way of ascertained and liquidated damages.

6. Any further information may be obtained on application at the Provincial Engineer's office at Jaffna.

7. Before any tender is accepted the contractor will be required to sign a contract in accordance with the specification and general conditions therein set forth, and to deposit a sum of Rs. 500 for the due and faithful performance of the contract within ten days of receiving notice in writing signed by the Provincial Engineer of the Northern Province that the Government is prepared to accept his tender.

8. The Government does not bind itself to accept the lowest or any tender, and reserves the right of accepting any portion of a tender.

9. Any alterations made in the tender should bear the initials of the tenderers, and all tenders containing alterations not bearing the tenderers' initials will be treated as informal and rejected.

W. POLE FREEMAN,
Provincial Engineer.

Public Works Department.
Jaffna, December 1, 1903.

Forest Department, North-Eastern Circle.

SEALÉD Tenders (in duplicate), marked on the envelopes "Tender for the supply of Ranai Logs," will be received up to noon on Thursday, December 31, 1903, from persons willing to carry out the under-mentioned work:—

To fell ranai trees and prepare 50 ranai logs (more or less) in the forest called Kurukalkadu, situated on the east side of the Maheweli-ganga river at a distance of about 20 miles from Koddijar in the Koddijar pattu, and to deliver the logs at the Trincomalee Depôt on or before July 31, 1904.

Any person wishing to tender for the above work should deposit in the Trincomalee Kachcheri the sum of Rs. 20 and submit the receipt to the Assistant Conservator of Forests, Trincomalee, who will thereupon issue to him the form on which the tender must be made.

Tenders should be submitted in duplicate, the original being sent to the Assistant Conservator of Forests, Trincomalee, and the duplicate to the Hon. the Auditor-General, both being despatched at the same time.

Should the person tendering decline to enter into the contract and bond, or fail to furnish security, such deposit will be forfeited to the Crown.

A rate per cubic foot of ranai delivered must be quoted, written both in words and figures.

All alterations in any tender should be initialled by the person signing it. Any tender containing alterations not so initialled will be treated as informal and rejected.

Five per cent. of the estimated total sum which will have to be paid for the work must be deposited as security for the due fulfilment of the contract before it is signed.

The Government reserves to itself the right, without question, of rejecting any or all tenders.

Further information may be obtained on application to the Assistant Conservator of Forests, Trincomalee.

G. D. TEMPLER,
Assistant Conservator of Forests,
North-Eastern Circle.

Trincomalee, November 27, 1903.

Forest Department, North-Eastern Circle.

SEALÉD Tenders (in duplicate), marked on the envelopes "Tender for the shipping of Timber," will be received up to noon on Wednesday, December 23, 1903, from persons willing to contract to carry out the under-mentioned work during 1904:—

To remove ebony and other kinds of logs from the Trincomalee Timber Depôt, and take on rafts and deliver alongside such ships as may be ordered by the Assistant Conservator of Forests, North-Eastern Circle, Trincomalee. The contract to be in force up to December 31, 1904.

Any person wishing to tender for the above work should deposit in the Trincomalee Kachcheri the sum of Rs. 30 and submit the receipt to the Assistant Conservator of Forests, Trincomalee, who will thereupon issue to him the form on which the tender must be made.

The original tender must be sent to the Assistant Conservator of Forests, Trincomalee, and the duplicate of it to the Hon. the Auditor-General, both being despatched at the same time.

Should the person tendering decline to enter into the contract and bond, or fail to furnish security, such deposit will be forfeited to the Crown.

A rate per log must be quoted, written both in words and figures.

All alterations in any tender should be initialled by the person signing it. Any tender containing alterations not so initialled will be treated as informal and rejected.

A sum of Rs. 100 must be deposited as security for the due fulfilment of the contract before it is signed.

The Government reserves to itself the right, without question, of rejecting any or all tenders.

Further information may be obtained on application to the Assistant Conservator of Forests, Trincomalee.

G. D. TEMPLER,

2. Tenders should be submitted in duplicate, the original being forwarded to the Hon. the Government Agent, Western Province, and the duplicate direct to the Hon. the Auditor-General, both being required to be forwarded at the same time.

3. A deposit of Rs. 20 will be required before any form of tender is issued, which can be obtained at the Forest Department, Western Province; and should any person decline to enter into the contract after he has tendered, or fail to furnish the necessary security, such deposit will be forfeited to the Crown. All other deposits will be returned after signature of contract.

4. The deposit for forms must be made in the Colombo Kachcheri to the credit of the Hon. the Government Agent, Western Province, and the deposit receipt must be produced to the officer issuing the form of tender as his authority for making the issue.

5. No tender will be considered unless it is on such printed forms, and in each tender the price per cubic foot at which it can be supplied, and the period within which the total quantity can be delivered, should be stated.

6. A deposit in cash of Rs. 100 will be required as security for the due performance of any contract made.

7. All alterations or erasures in tenders should bear the initials of the tenderer, or otherwise the tender will be treated as informal and rejected.

8. The Government reserves to itself the right, without question, of rejecting any or all tenders, and the right of accepting any portion of a tender.

9. Further particulars can be obtained on application at the Colombo Kachcheri to the Assistant Conservator of Forests, Western Province.
