"THE PETROLEUM ORDINANCE, 1887."

It is hereby notified for general information that His Excellency the Officer Administering the Government in Council, in exercise of the powers conferred by section 38 of "The Petroleum Ordinance, 1887," has been pleased to make the following special regulation.

By His Excellency's command,

Colonial Secretary's Office,
Colombo, July 19, 1918.

A. S. PAGDEN,
Acting Colonial Secretary.

SCHEDULE

Description of the Premises above referred to.

Anything in any regulation to the contrary notwithstanding, the local authority is hereby empowered to issue to Messrs. Delmege, Forsyth & Co., of Colombo, a license to store 400,000 gallons of "Shell" motor spirit in the premises described in the schedule hereto, upon the said Messrs. Delmege, Forsyth & Co. executing a bond to indemnify the Government of Ceylon and the local authority against all actions, proceedings, and suits which may be brought against them or any of them by any person whatsoever, in consequence of any damage or injury arising from the storage of the said spirit within the said premises, and also to indemnify all persons against any loss or injury which they may sustain in consequence of the storage of the said petroleum.

An open allotment of land 190 feet long and 100 feet wide within the premises called and known as Kelaniganga Mills. This allotment is bounded on the north by the boundary wall of the Kelaniganga Mills premises, and on the east by a line drawn at right angles to the northern boundary at a distance of 10 feet from the nearest building, and on the south by a line drawn parallel to the northern boundary, and it is to be surrounded on its eastern, southern, and western boundaries by an open trench.

HIS Excellency the Officer Administering the Government has received a telegram from the Secretary of State for the Colonies intimating that the Army Council is prepared to accept suitable Ceylonese for service in combatant and other British units, provided that they fulfil the following conditions and are physically fit for enlistment :—

- (1) They must agree to eat the ordinary rations of a British soldier.
- (2) They will receive the same rates of pay as those issuable to a British soldier.
- (3) They must be able to understand and to speak English sufficiently well to make themselves understood.
- (4) They will be posted to existing units according to their medical categories and in accordance with current posting instructions.

2. The Government is prepared to provide unmarried men desirous of availing themselves of these terms with free passages to England, provided that they are recommended by the under-mentioned Committee of Selection which has been appointed by His Excellency to examine applicants :—

Lieutenant-Colonel V. van Langenberg, C. L. I.
Major D. Rockwood, C. M. C.
Captain W. P. D. van der Straaten, C. T. G.

Captain W. A. Dep, C. L. I.
Lieutenant M. T. Akbar, C. T. G.
Mr. Leslie de Saram.

Applicants should present themselves for examination by the Committee which will sit at times and a place which will shortly be notified.

3. Persons in outstations should apply, in the first instance, to the Government Agent of the Province or the Assistant Government Agent of the district, and in towns in which there is no Kacheheri, to the District Judge or the Police Magistrate for railway warrants to enable them to proceed to Colombo, and present themselves before the Selection Committee.

4. The dependants of persons proceeding to England and enlisting in the Army under this scheme will be paid separation allowances, if eligible for the same, from Army funds at the rates laid down by the Military Authorities (see particulars appended). Application for separation allowance must be made by the soldier, on enlistment, to the proper authority in England.

Rates of Separation Allowance.

Separation allowances are payable to dependants of unmarried soldiers under certain conditions. The person on whose behalf the claim is made must have been *bona fide* dependent on the soldier for the whole or part of his or her maintenance for a reasonable period prior to enlistment, and the amount of the allowance is governed by a consideration of the degree of dependence and the amount contributed by the soldier prior to enlistment towards the support of the dependant, but in no case will the following maximum rates for a single dependant be exceeded :—

Rank.	Weekly Allowance.		Approximate equivalent in Rupees per Menssem.	
	s.	d.	Rs.	c.
Corporals and Privates	12	6	37	50
Sergeants	15	0	45	0

Where more persons than one are dependent on a soldier, an additional allowance may be granted.

It should be clearly understood that the above rates are *maximum rates* for a single dependant, and that no more than the amount actually contributed by the soldier will be paid, *e.g.*, if a man contributed Rs. 10 a month to his mother's support before enlistment, the separation allowance due to her would be Rs. 10 a month and not Rs. 37·50.

By His Excellency's command,

Colonial Secretary's Office,
Colombo, July 2, 1918.

A. S. PAGDEN,
Acting Colonial Secretary.

Order under Regulation 5 of the Regulations dated June 1, 1916, and published in the "Ceylon Government Gazette" No. 6,798 of June 5, 1916, made by His Excellency the Governor, under the Authority of the Order of His Majesty the King in Council dated March 21, 1916.

MUNICIPAL COUNCIL NOTICES.

MUNICIPALITY OF COLOMBO.

Minutes of Proceedings of a General Meeting of the Municipal Council of Colombo held in the Town Hall on Friday, June 14, 1918.

The Council met this day at 3 P.M., pursuant to notice dated June 7, 1918.

Present :—Mr. R. W. Byrde, Chairman; Mr. C. P. Dias; the Hon. Mr. N. H. M. Abdul Cader; Mr. Arthur Alvis; Mr. H. L. de Mel; Mr. E. G. Jayewardene; Dr. W. P. Rodrigo; Mr. T. L. Villiers; Mr. F. R. Senanayake; Mr. W. C. S. Ingles; Mr. Harold Creasy; Mr. J. K. Hormusjee; Mr. M. Cassim Ismail; and Mr. W. Philps.

1. The Minutes of the General Meeting of May 10, 1918, having been previously printed, and copies thereof having been sent to each Member of Council, were taken as read.

Resolved that the Minutes of the General Meeting of May 10, 1918, be confirmed.

2. The Chairman read the following :—Since our last meeting only 6 further cases of human plague and 6 cases of rat plague have been recorded, making a total for the year up to date of 59 human and 42 rat cases, as against 175 human and 48 rat cases in 1917, while in the preceding year there were 81 human and 16 rat cases for the corresponding period. Of the 6 human cases, 3 were septicaemic and 3 bubonic in character, and all proved fatal.

3. Mr. Arthur Alvis, with the leave of Council, asked the Chairman whether he could give the Council some information with regard to the present epidemic of smallpox.

The Chairman replied that he had not the papers with him, but there had been an outbreak in the northern part of Colombo. The first case had occurred about the end of March, and there were one or two others in Silversmith street, but the Medical Authorities thought they had got it in hand. There were no cases for some time after, but later another case occurred at Galkapanawatta and another case outside Colombo near Peliyagoda. Some cases were found to have been concealed, and were among Muhammadans. In one case a boy was found hiding under a bed. By the end of May there had been 12 cases. Since then there had been further cases during the past few days, and the number that was actually registered up to the present date was 24 in all.

The Chairman stated that Dr. E. V. Ratnam, who had given notice of questions, had been unavoidably detained in India, and had so telegraphed to him, and had asked that Dr. W. P. Rodrigo may be permitted to put the questions on his behalf. The Chairman was willing, however, with the leave of Council, and if Dr. Rodrigo also agree, to read out the questions and the answers *seriatim*.

The leave of Council having been granted, and Dr. W. P. Rodrigo having assented to the suggestion, the Chairman read the following :—

Question 4. Under what special circumstances a special license to establish a fish stall at No. 112, Second Division, Maradana, near the important junction of Regent street, Jail road, and Second Division, Maradana, came to be issued?

Answer 4. No special license has been granted, but only an ordinary license by the Chairman. An application was made by Mr. Gauder, who already held a license for the sale of beef, mutton, and pork on the premises at No. 112, Second Division, Maradana, for permission to use the stall, which had been licensed for the sale of pork, for the sale of fish. He urged in support of this application that he had deferred opening the pork stall, as the Hindus, Muhammadans, and Malay customers had objections to the sale of pork and he had been advised to open a fish stall in place of the pork stall. He pointed out the advantage such a stall would be to the public and also that the premises which were already licensed were well ventilated, cemented, and fitted with waterservice. The form which I have recently had introduced for reporting on such applications was used. In the reports which were submitted to me for my consideration, the Financial Assistant, looking at the question from the financial aspect of Dean's road market, raised the point that in his opinion the stall was not required there. The Medical Officer of Health reported that there was no special objection on sanitary grounds. I referred the application to the Ward Member on February 5, for him to state whether there was any objection to the grant of a license. On April 15 he sent me the following letter (read letter from the Ward Member).

He forwarded with his letter a letter from Dr. E. V. Ratnam in answer to one of his (both letters were read). It will be noted that in this letter from Dr. E. V. Ratnam no objection is raised, but there is only a simple statement that he did not think that there was any necessity for a fish stall at this junction. As there was no valid reason for my refusing a grant of the license, I decided that it might issue.

Question 5. Whether he (the Chairman) was not aware that an application for a similar license for the identical place was refused by resolution of Standing Committee on Sanitation and Markets of September 22, 1916, adopted by the Municipal Council at its meeting in October of that year?

Answer 5. It was not in my mind at the time that an application for a similar license for the same place had been refused in 1916. This fact had not been entered on the form in the place provided for such notes. As a matter of fact, although it was not recollected by me at the time, an application had been made in 1916 for a similar license, and it had been refused. The suggestion that it was refused by a resolution of the Council is incorrect. It was not refused by a resolution of the Council, but by me after a reference to the Markets Committee. The reference to the Committee in 1916 was made by me at the time under the impression that the site was within the prescribed distance from the public market, whereas it is actually outside it. The reference to the Committee, in view of the actual distance of the stall from a public market, was not really necessary. I may mention that the prescribed distance in the case of meat stalls is one mile, but in the case of fish stalls half a mile.

Question 6. If he was aware of the existence of such a resolution, whether he considered it not binding on him and can be contravened as has been in this case without reference to this Council?

Answer 6. As stated in the preceding answer, the former refusal was not in my mind at the time. Even if it had been it would not have been in any way binding on me in dealing with the present application, as the case was, in view of the distance of the stall from the nearest public market, one for the sole decision of the Chairman, and was not one which was required by law to be referred to the Council or to a Committee.

Question 7. Why, having submitted the first application for the consideration of the Standing Committee on Sanitation and Markets, he failed to or thought it unnecessary to bring up the present application for the consideration of the same Committee?

Answer 7. This has been explained in the preceding answers. In any case the question was one for decision by the Chairman and not by any Committee.

Question 8. Whether the Chairman was unaware at the time he authorized the issue of the license that in the memorandum which the Member for Maradana Ward forwarded in support of the application, there was not the signature of a single resident of Regent street, and at best only of two of Second Division, Maradana?

Answer 8. I did not specially notice the absence of the signatures of persons residing in Regent street. The point was immaterial. The question to be decided in each case is whether the applicant is entitled to the grant of the license, not whether certain residents are in support of the application. As a matter of fact, persons residing in Regent street may not stand in need of this fish stall, as they are in fairly close proximity to the Dean's road public market, but on the other

hand persons who live at a greater distance from the market, for instance, persons residing at Mount Mary, do stand in need of it. No actual objections were raised to the grant of the license. Where an application has been made for a license, the argument that there is no need or necessity for the stall is not a valid argument against the grant of a license where the premises are otherwise in order.

Question 9. Whether the by-laws relating to the regulation of eating-houses passed by this Council at its meeting held in January, 1918, had been confirmed by the Governor in Executive Council, and, if not, why or what reasons have been assigned for refusing to confirm them?

Answer 9. The by-laws in question were not submitted to His Excellency the Governor for sanction, as the opinion of the Law Officers of the Crown was that they could not be passed quite in the form in which they stood.

Question 10. Whether the Chairman is in a position to add anything to his reply to my question of May 25, 1917, re regulating and preserving the character of special areas and if he would be pleased to take immediate or urgent action in the matter, so as to prevent purely residential areas being speedily converted into commercial or manufacturing areas?

Answer 10. I have prepared a minute on the subject which I have had printed. It is my intention at some future meeting of this Council to move for the appointment of a Special Committee to consider the subject which is a complex one.

Question 11. Whether the recommendation of the Standing Committees on Sanitation and Markets and Finance of November 17, 1916, made on the initiation of the Member for Wellawatta Ward to offer rewards not exceeding Rs. 25, to persons other than those legally bound, giving information leading to the discovery of concealed cases of smallpox has been made known to the public and, if so, how far and by what means?

Answer 11. The plan of giving rewards in such cases has not been proclaimed, but in view of the present outbreak of smallpox, I am having it made known by beat of tom-tom.

Question 12. Are all cases of infectious diseases reported examined by the Medical Officer of Health or his Assistants as promptly as they are required to be reported by section 205 of the Councils' Ordinance No. 6 of 1910, which enacts that Medical Practitioners shall report cases within three hours of attendances and householders forthwith?

Answer 12. All cases of dangerous infectious diseases, such as smallpox, cholera, plague, are visited by one of the Medical Officers immediately they are reported. In the case, however, of the less dangerous infectious diseases, such as measles and chickenpox, a visit is not necessarily paid by a Medical Officer of Health in the event of their being reported by a qualified Medical Practitioner. In such cases a Sub-Inspector visits the house in order to verify the address, advise the inmates with regard to isolation, and to see to the carrying out of the disinfection of the house. Such cases are not as a rule sent to the Infectious Diseases Hospital. Where such cases, *i.e.*, cases of the less dangerous infectious diseases, have not been reported by a qualified Medical Practitioner, the standing order is for the Inspector to obtain at once the opinion of one of the Medical Staff upon the case.

Question 13. Why was not the case of smallpox, reported on April 9, 1918, as chickenpox by the inmates of a house in Silversmith lane examined by the Medical Officer of Health or his Assistant till the 15th of that month, *viz.*, six days later?

Answer 13. The failure of the Medical Staff to examine the cases at Silversmith street before April 16 was due to neglect on the part of Sub-Inspector de Zoysa to report that there were cases of what he thought were chickenpox in the house. As a matter of fact, there was chickenpox in the district and in the house, but two of the cases in the house were undoubtedly smallpox. The cases had been reported verbally to the Sub-Inspector, who, after seeing them, took them to be chickenpox. He failed to report all three of the cases. When he became doubtful as to whether they were chickenpox or not on a subsequent visit, he telephoned to Dr. Loos, who at once examined them and formed the opinion that one was a case of modified smallpox and the other a case of discrete smallpox.

Question 14. Mr. E. G. Jayewardene, with the leave of Council, asked the Chairman "after the recent resumption of the normal lighting of this city, under what circumstance has there again been a reduction made of the number of street lamps lit throughout the city; since when has the reduction been made and whether some arrangement cannot be made to improve the lighting?"

The Chairman replied as follows:—

Answer 14. Certain reductions were made in the street lighting towards the close of 1914. No substantial alteration was, however, made till 1917, when, to meet the requirements of the Naval Authorities, the lighting was considerably restricted. In January, 1918, these restrictions were removed, but at the same time, the Gas Company intimated that it had extreme difficulty in getting supplies of coal, consequently the Council authorized me to make arrangements for reduced lighting. In March the Gas Company found that their arrangements for the supply of coal had failed, and a further reduction of the lighting was rendered absolutely necessary. The Company subsequently received a further supply of coal, and the lighting was resumed to a certain extent. Since then the question of obtaining a future supply has again arisen, and on the 3rd instant I sanctioned a further reduction in the street lighting. Unless the Company can make sure of obtaining a fresh supply of coal it will be necessary to limit the lighting still further by only lighting those lamps which are placed at road junctions and in the actual carriage way. The present position is not peculiar to Ceylon. The Coal Controller in India, from where our supplies are obtained, has called for considerable reductions in the public lighting throughout India, and has also issued a warning to all private consumers that they must curtail their consumption of gas, as otherwise he will enforce still more drastic reductions. Every possible endeavour is being made by the Gas Company to meet the situation, and they have despatched a representative to India to interview the authorities. It will be necessary to satisfy the Coal Controller that only the requisite minimum is being asked for, and the fact that we have reduced our street lighting will be important evidence as showing that Colombo is doing her best to conserve the coal supply so as to meet the needs of the Empire. So far this city has suffered little from the war, and I must ask all residents to bear the slight inconvenience with cheerfulness.

15. Pursuant to notice, Mr. M. Cassim Ismail moved that (a) the by-laws of this Council be revised and consolidated, and (b) a Special Committee, composed as follows, be appointed for the said purpose:—Mr. L. B. Fernando, the Hon. Mr. N. H. M. Abdul Cader, Mr. Arthur Alvis, Mr. E. G. Jayewardene, Dr. W. P. Rodrigo, Mr. M. Cassim Ismail, Mr. F. R. Senanayake seconded.

The Chairman having mentioned the steps taken previously to revise and consolidate the by-laws, put the motion to the meeting, and it was declared carried.

Mr. C. P. Dias moved that the Council do go into Committee to consider items Nos. 15 to 20 (inclusive) on the agenda and re-numbered 16 to 21 in the Minutes. Mr. Arthur Alvis seconded.—Carried.

16-21. The following extracts from the Minutes of the Standing and the Special Committees, named, were then laid before the Council in Committee:—

Extracts from the Minutes of the Standing Committee on Sanitation and Markets of May 27, 1918.

(4) To consider a report from the Financial Assistant dated April 19, 1918, suggesting the reduction of stall rents of the nine stalls at the Gintupitiya mutton market from Rs. 50 to Rs. 40 per mensem.—Recommended that the rents be reduced from Rs. 50 to Rs. 40 per month.

(5) To consider a draft by-law: (a) Declaring the manufacture of matches to be a dangerous trade; (b) a schedule prescribing a fee for same. Recommended (a) that the following by-law be adopted, under the provisions of section

109 of the Ordinance No. 6 of 1910:—The following trade or business is hereby declared to be an offensive and/or dangerous trade or business for the purpose of section 212 of Ordinance No. 6 of 1910: The manufacture of matches.

(b) That the following be added to the Schedule B of fees charged under section 233 of the said Ordinance, and published in the *Government Gazette* No. 6,783 of March 10, 1916, for trades and businesses which have by means of a by-law been declared to be offensive and/or dangerous trades and businesses for the purpose of section 212 of the said Ordinance for the use of places for the following purpose:—The manufacture of matches, Rs. 30 license fee.

(6) To consider the motion of Mr. H. L. de Mel, M.M.C., in Council on May 10, 1918, *re* regulating and controlling of prices of food stuffs within the city.—Mr. C. P. Dias and Mr. H. L. de Mel appeared before the Committee and gave their suggestions with regard to the subject. Mr. H. L. de Mel expressed the opinion that regulations should be framed to empower the price of food stuffs being fixed, if necessary. It is recommended that it be represented to Government that, in view of the general rise in the prices of food stuffs, it is desirable that regulations should be framed under Ordinance No. 36 of 1917, so as to be ready to be brought into force in fixing the price of such commodities, if necessary.

(8) To consider letter No. 58 of May 22, 1918, from the Hon. the Colonial Secretary regarding the proposed by-laws *re* markets.—Recommended that the words "under section 202 of Ordinance No. 6 of 1910" be omitted, and that the by-law, as amended, be passed:—No person shall keep or use or occupy or hold any stall, shop, or other place in a public market unless he is a person or the agent of a person having the permission of the Chairman or of any Municipal Officer authorized to exercise the powers of the Chairman under section 242 of Ordinance No. 6 of 1910 to sell or expose for sale any article at such stall, shop, or place.

Mr. C. P. Dias seconded.—Carried.

With regard to item No. 6, the Chairman stated that the Standing Committee on Sanitation and Markets, in conference with Mr. C. P. Dias and Mr. H. L. de Mel, had made the recommendation. He then referred to the prices of food stuffs now ruling in Colombo, compared them with the pre-war prices and also with the increases in prices of food stuffs in some of the principal towns in India and deduced from such comparison that Colombo was not as badly off as it might be. He pointed out that the residents of Colombo had much to be thankful for, and moved that the recommendation of the Committee be adopted by the Council. Mr. C. P. Dias seconded.—Carried.

Resolved that the recommendations of the Standing Committee with regard to the remaining items be adopted.

Extracts from the Minutes of the Standing Committee on Law and General Subjects of June 5, 1918.

NOTIFICATIONS UNDER "THE PATENTS ORDINANCE, 1906."

THE following Specification has been accepted:—

No. 1,594 of July 8, 1918.

John Walker, Herbert Kemish, and Reginald Clarence Brighton.

"Improvements in Packing or Baling Presses."

Abstract:—

The invention consists in constructing the chamber of a baling press with a pair of opposite sides hinged at the bottom, and providing for those sides to lie flat when they are lowered on their hinges. Those sides and the bottom of the chamber are provided with sunk rails, on which a wheeled trolley carrying the bale, or other object to be pressed, can be run into the chamber or run out again. The trolley thus forms a temporary floor of the press, and is made strong enough to withstand the total pressure of the press. During the process of pressing, the hinged sides are raised and fastened, and take the lateral pressure in the direction of those sides. Grooves are provided in the sides for the bale fastenings to lie in or they may be at the side of the sunk rails. Grooves for plain-tyred wheels of the trolley, instead of sunk rails for flanged wheels, are specified as a modification.

The claims are:—

1. In packing or baling presses a chamber under the screw head or ram having one side movable and hinged to the base of the chamber and provided on the inside with rails for a trolley set flush with its surface as and for the purpose described, and with grooves to accommodate the steel-hooping bands, substantially as described and illustrated.
2. In packing or baling presses a chamber under the screw head or ram having a movable and hinged side with the rails and grooves as claimed in 1 and a similar side opposite.
3. In packing and baling presses the chamber with the movable hinged side provided with rails and grooves claimed in 1 and having its base furnished with trolley rails set to run in a line with the rails on the movable side when the side is opened.
4. In packing and baling presses the chamber with the two opposite movable hinged sides provided with rails and grooves claimed in 2 and having its base furnished with trolley rails set to run in a line with the rails on the movable sides when the sides are opened.
