We have audited the accounts of the Colombo Buddhist Theosophical Society, Limited, for the year ending December 31, 1917, and report to the members that all our requirements as Auditors have been complied with. The books are still kept on cash basis, but all outstanding liabilities as at December 31, 1917, which have been brought to our knowledge have been incorporated in the accounts above presented. Credit has been taken for Government grants received after December 31, 1917, where these grants related to 1917, being due in respect of schools where examinations were held during the year. No credit has been taken in the accounts for amounts due in respect of subscriptions to Sandaresa, advertisements in Sandaresa, and work done by the job printing department, which are not considered good and recoverable.

The items appearing in the Balance Sheet as "Payments in suspense" have been carried forward, pending investigation. We consider it improbable that it will be found that any portion of the "advance to school managers" will be found to be recoverable as those appear to consist of payments which are not capable of being dealt with in the accounts until particulars of how they were disbursed are available, subject to these remarks we certify that, in our opinion, the Balance Sheet is a full and fair statement properly drawn up so as to exhibit a true and correct view of the state of the Society's affairs according to the explanations given to us, and as shown by the books of the Society.
