By His Excellency's command,  
Colonial Secretary's Office,                      B. HORSBURGH,  
Colombo, June 11, 1920.                      Acting Colonial Secretary.

*Statement of Objects and Reasons.*

THE principal object of this Ordinance is to make provision for the period which must intervene before the machinery contemplated by the Education Ordinance can be created and can commence to perform its functions. It is essential that the Education Department and the Board should be constituted first to enable the work of preparing the Code to be undertaken and completed before the remaining provisions of the Ordinance can be brought into operation. This was recognized at the time the Education Bill was introduced, but appears to have been inadvertently overlooked. For this purpose it is proposed that Parts I. and II. of the Ordinance, with the exception of sub-sections (2) and (3) of section 5, shall come into operation at once, and that the existing District Committees shall continue to exercise the powers and duties committed to them till they are superseded by District Committees appointed under the provisions of the Education Ordinance. The rules made by the existing District Committees will continue to be operative until new rules are framed and brought into operation.

Provision has also been made for the transfer of the property and funds, as well as the rights, liabilities, and obligations of the existing District Committees to their successors, and similar provision has been made to meet the case of the alteration of the limits of education districts created under the Education Ordinance by the constitution or creation of new education districts.

Colombo, May 27, 1920.                      THOMAS F. GARVIN,  
Acting Attorney-General.
