## **Preface**

Maintenance of Documentation Services in national level is a responsibility of the National Library and Documentation Centre (NLDC) Therefore, the publication of the index to Postgraduate Theses 2001-2006 by the Documentation Services Division of the NLDC is greatly appreciated. This index consists of information on postgraduate theses submitted to universities in Sri Lanka. This is a useful source for researchers, scholars as well as students who are seeking information on postgraduate theses in Sri Lanka.

I am grateful to Mr. G.D.Amarasiri, Director, National Library and Documentation Centre and Mrs. Kusum Ekanayake, Head, Documentation Services Division for compiling this index. I also thank Mr.Chaminda Himesh De Silva, Head, Information Technology Division and other officers who assisted in numerous ways in compiling this index.

## **Introduction**

The Index to Postgraduate Theses 1981-2000 was published few years ago. It consists of three volumes. These three volumes consist of 3126 entries. This is the third volume of the Postgraduate Theses Index 2001-2006. This index provides information on 1000 theses deposited in universities, postgraduate institutes, research institutes and special libraries in Sri Lanka.

In compiling this index we received the assistance and co-operation from heads of the institutions, librarians and other relevant officials of these institutions. In collecting information for this index we had to visit most of the institutions mentioned above.

This index consists of three parts. Part I is the title list with full bibliographic description of the work including the degree, the awarding institution, year of award, language of the text and the location. The title list is arranged in alphabetical order and non-English titles are transliterated. Part II is the Author index and Part III consists of the title keyword index.

I thank Mrs. Kusum Ekanayaka, Head, Documentation Services Division for compiling the index. I also thank Mrs. K.G. Sudharma, Library Assistant, and other officers of the Documentation Services Division and Mr. Chaminda Hemesh De Silva, Head, Information Technology Division and staff of the Publication Division who extended their support in numerous ways in compiling this index.
