*Buildings along Thoroughfares.*

Notice of intended building along a thoroughfare.

84 (1) It shall not be lawful for any person to commence any building, wall, or fence along any thoroughfare, or to place any temporary fence or inclosure on any such thoroughfare, for commencing or repairing any such building or wall, without giving one calendar month's previous notice in writing to the District Council having control of the thoroughfare in which such building, wall, fence, or inclosure is about to be commenced.

(2) Any person neglecting to give such notice, or to remove the said building, wall, or fence on being required in writing to do so by the said District Council, shall be guilty of a summary offence, and be liable on conviction to a fine not exceeding fifty rupees, and to a further fine not exceeding twenty rupees for each day he suffers or allows such building, wall, or fence to remain after being required to remove the same as aforesaid ; and it shall be lawful for the District Council to cause any building, wall, fence, or inclosure, commenced or erected without such notice, to be removed, and to recover the costs of such removal in the manner provided in section 96 for the recovery of the costs therein mentined.

(3) Nothing herein contained shall be deemed to deprive any District Council of the power hereinafter conferred on such Council of removing any such building, wall, fence, or inclosure, if the same be ultimately discovered to be an encroachment, notwithstanding that no proceeding shall have been taken by such Council on the said notice.

Where the erecting of temporary fences and inclosures is allowed.

85 (1) Nothing herein contained shall be construed to prevent any public officer, duly authorized in that behalf, from making temporary use of any part of any thoroughfare for the public service, nor to prevent the District Council from granting a license on such terms and conditions as such Council may deem proper to the inhabitants for the erecting of temporary fences and inclosures, in order to the building, pulling down, or repairing, of their houses and other buildings or of temporary decorations within such district, provided the length and breadth of such inclosures be described in such license, and that there be sufficient room for carriages and carts, or boats, to pass.

Provided that the person obtaining such license shall immediately after sunset, during all the time that the fence, inclosure, or other obstruction shall continue, place and keep a sufficient light upon the premises till daybreak.

(2) Any person committing any breach of any condition of such license, or removing or extinguishing such light during such time, shall be guilty of a summary offence, and liable on conviction to a fine not exceeding ten rupees.

Building along  
vehicular roads.

86 (1) It shall not be lawful for any person—

(a) To erect any building or wall along any road used or intended for vehicular traffic within twenty-five feet from the centre of the road ; or

(b) Except in pursuance of a license from the District Council to re-erect or to make any addition to any such building or wall within the said limit.

Provided always that nothing in this sub-section contained shall prevent a District Council from defining or approving—

(i.) A street intended for foot traffic only, if not less than twenty feet in width ;

(ii.) A back lane or other service passage for sanitary or other special purposes, if not less than ten feet.

(2) It shall be a condition of any license granted by the District Council under the last preceding sub-section that in the event of the land on which such building or wall is situated being at any time subsequently acquired for the purpose of the widening of the road, no further compensation shall be payable in respect of such building or wall than the value thereof as ascertained at the date of the valuation provided by section 89, or if no such valuation has taken place, as ascertained at the date of the granting of the license.

(3) Every such condition shall be binding upon every person into whose ownership or possession the said land, building, or wall may at any time pass.

(4) For the purpose of any such license the value of the existing building shall be specified in the license, and for this purpose, if not already ascertained by a valuation under section 89, or, where no such valuation has taken place, if not settled by agreement between the parties, shall be ascertained by the arbitration of two arbitrators, one nominated by the owner or owners of the building or wall, and the other by the District Council, or if such two arbitrators cannot agree upon the said value, by an umpire chosen jointly by the two said arbitrators.

(5) Subject to the aforesaid condition, any person who is otherwise entitled to re-erect or make any addition to any such building or wall shall be entitled to a license to re-erect or make such addition to such building or wall within the said limit.

Provided that no part of the building or wall so re-erected or added to shall, upon such re-erection or addition, extend nearer to the centre of the road than it so extended in its original condition.

(6) The expression " re-erect " with reference to a building includes the restoration of any wall forming part of the building or of any support to the building which has been demolished or otherwise destroyed to or within a distance of five feet from the ground, but does not include any operation, which, in the opinion of the District Council, may reasonably be considered a repair to the wall or support.

(7) Nothing in this section shall be deemed to affect the right of any local authority to define a building line in pursuance of any Ordinance regulating its powers and duties or the rights and obligations of any person with reference to any building line so defined.

Power of Local  
Government  
Board to  
modify building  
limit.

87 It shall be lawful for the Local Government Board by notification published in the *Government Gazette*, in the case of any road specified in the said notification, to modify in respect of such road the building limit referred to in the last preceding section, and in any such case the provisions of this Ordinance relating to such building limit shall in respect of any such road take effect subject to such modification.

Power of  
District Council  
to deal with  
building or wall.

88 If any person shall erect or re-erect any building or wall, or make any addition to any building or wall in breach of any of the provisions of section 86, the District Council shall have the same rights of entry and survey, and shall have the same powers of removal, abatement, and recovery of costs as in the case of an obstruction or encroachment or a supposed obstruction or encroachment upon a thoroughfare under the next succeeding chapter, and all the provisions of the said chapter, in so far as the same are applicable, shall, with the necessary modifications, apply accordingly.

Duty of District Council to demarcate building line.

**89** (1) It shall be the duty of every District Council, as soon as conveniently may be, to demarcate by permanent marks the building limit of every road vested in such Council, and to prepare a valuation of all buildings and walls situate or extending within the said limit.

(2) The value of all such buildings and walls shall for the purpose of the said valuation be ascertained in the manner explained in sub-section (4) of section 86, and shall be recorded, together with all agreements or awards by which the same is verified, in the office of the District Council, and the value of any building or wall so recorded shall be deemed to be the value of such building or wall for the purpose of any compensation payable in respect of such building or wall in connection with any subsequent acquisition thereof, or for the purpose of any license issued under section 86.

(3) For the purpose of demarcating the said building limit, it shall be lawful for the District Council, by their agents, servants, or workmen, to enter upon any private land and to erect at convenient places permanent marks for the purpose of demarcating the said limit, doing as little damage as possible, and making compensation for any damage so occasioned.

(4) In any case in which a building limit has been so demarcated in respect to any road, nothing in any other provision of this Ordinance shall be deemed to preclude the District Council from disposing of any part of the road not included within the said limits for the purpose of affording building facilities along the said road, or for any public purpose.

Principles of compensation in respect of land developed by buildings.

**90** (1) In the event of any land already developed by buildings situated within the building limit of any road being subsequently acquired for the purpose of the widening of the road, the compensation payable in respect of such land as distinct from the buildings thereupon shall be determined by the following principles :

(a) Where the whole of the land belonging to the owner of the land acquired is of sufficient depth to admit of its being used as a building site for a building of the same character as that affected by the acquisition, the value of the land acquired, shall be deemed to be the value of similar land in the vicinity not possessing a road frontage.

(b) Where the whole of the land belonging to the owner of the land acquired is not of such sufficient depth, the value of the land acquired shall be deemed to be the value of similar land in the vicinity possessing a road frontage, and the owner of the land acquired shall have the option of requiring the District Council to acquire the whole of his said land.

(2) In any such case as is mentioned in paragraph (a) of the last preceding sub-section, the District Council shall, instead of paying compensation as therein defined, have the option of acquiring only so much of the land on which the building is situate as extends within the said building limits, and of paying to the owner thereof the reasonable expenses and losses consequent upon the removal of the building and the re-erection on the remainder of the said land with the help of the original materials of a building of the same character and condition as such original building.

Provided that where in any such case the part of the building which lies within the said limits is of such an inconsiderable extent that it can be severed from the rest of the building without materially affecting the character of the building, the District Council may, instead of paying the cost of the removal and the re-erection of the building, pay to the owner such reasonable sum as shall compensate him for the effect of the severance of such part and of the cost of the adaptation of the building to its original purposes after such severance, and in any such case the District Council may either itself sever and remove the said part of the building or permit the owner to sever and remove the same.

Power of District Council to acquire adjacent land.

**91** In the case of any land situated within the building limit of any road, the District Council may, at the request of any person whose right to build upon any land is restricted by the said building limit, and who desires to erect a building upon such land, acquire for such owner at his expense any land situate

at the rear of the land of such owner of sufficient extent to afford him building facilities of the same nature as he would have enjoyed but for such restriction, and all lands required for the said purposes shall be deemed to be required for a public purpose.

*Obstructions to Thoroughfares.*

District Council may in certain cases demand production of title deeds.

**92** (1) Whenever it shall appear to any District Council that any building, inclosure, or obstruction shall have been raised or made in any thoroughfare under the control of the District Council, or on any waste or other ground immediately adjoining thereto and belonging to His Majesty, it shall be lawful for any such District Council to demand in writing from the person claiming to be the owner of the premises on which such building, inclosure, or obstruction shall have been raised or made, the production of every deed, document, and instrument upon which such person founds such claim.

(2) In any of the following cases, that is to say :

- (a) If the occupier of such premises, not being himself the alleged owner, shall refuse to give full information respecting the name and residence of such alleged owner upon being requested so to do by any such District Council ; or
- (b) If such alleged owner shall refuse to produce within ten days, after being requested so to do, every deed, document, and instrument upon which he founds his claim to the said premises, and which shall be in his possession ; or
- (c) If any such deed, document, or instrument shall not be in his possession, shall refuse fully to inform any such District Council, upon application, in whose possession they are ; or
- (d) If any person having in his possession any such deed, document, or instrument shall refuse to produce the same within ten days after having been requested so to do in writing by any such District Council ;

every such occupier, alleged owner, and person so refusing shall be guilty of a summary offence, and liable on conviction to a fine not exceeding fifty rupees.

Demand of production of deed to include power of examination.

**93** (1) The deeds, documents, and instruments in the preceding section mentioned shall be produced on the premises to which the same may relate, or at such other place as the District Council may require, and the power of demanding the production thereof, in the preceding section given, shall be deemed and taken to include the power of making such examination and copies of such deeds, documents, and instruments as shall be necessary.

(2) Every person refusing or failing to permit such examination or taking copies of any such deed, document, or instrument to any party authorized under this Ordinance to demand production thereof, and making such demand, shall be guilty of a summary offence, and liable on conviction to a fine not exceeding fifty rupees.

District Council may make survey of premises.

**94** In any such case it shall be lawful for the District Council or any person thereto authorized by such Council, to enter upon any premises upon which any such building, inclosure, or encroachment shall have been raised or made as aforesaid, and upon any other premises whatsoever which it may be necessary to enter for the purposes of the survey hereinafter mentioned, and to make such survey of all such premises as may be necessary to enable any such District Council to ascertain whether such building or inclosure is an encroachment upon any thoroughfare.

Proof of right to apparent encroachment to rest upon the owner.

**95** (1) Whenever it appears to any District Council that the line of any thoroughfare under the control of such Council has been altered without proper authority, or has been stopped up, or obstructed, or encroached upon, such District Council shall give notice in writing to the occupier of the land from off which the said thoroughfare shall be alleged to have been turned, or upon which such stoppage or obstruction or encroachment shall be alleged to have been made, that a survey of the premises has been made by the direction of such

District Council, and is open to the inspection of such occupier at a place to be therein mentioned, and that unless within one month from the service of such notice he, or the person under whom he holds, shall take legal proceedings for establishing his title to such land, and for preventing the removal of any such obstruction or encroachment, the said District Council will proceed with the removal thereof in manner provided by section 96 of this Ordinance.

(2) If no such legal proceedings are taken within the time specified, or being taken are not duly prosecuted, it shall be the duty of such District Council to cause any such obstruction or encroachment to be forthwith removed as hereinafter provided.

(3) Where legal proceedings are taken as aforesaid, it shall be incumbent on the party claiming to be the owner of the land from off which the line of any thoroughfare has been alleged to have been altered or turned, or upon which such stoppage or obstruction or encroachment shall be alleged to have been made, to prove his title to such land.

Removal of  
obstructions or  
encroachments.

**96** (1) It shall be lawful for any District Council, through any person authorized by such authority in that behalf, to give order verbally, or by notice in writing to any person obstructing or encroaching upon any thoroughfare under the control of such authority forthwith to remove or abate the same; and if any such person to whom such order shall have been given shall refuse or neglect to comply with the same within a reasonable time, or, if there be any doubt as to who is the proper person to whom such order should be given, after such notice has been affixed for a reasonable time to such obstruction or encroachment as aforesaid, it shall be lawful for such District Council to cause any such obstruction or encroachment to be forthwith removed or abated.

(2) For that purpose it shall be lawful for the said District Council, or any person authorized in writing by the said authority where necessary, to enter into any house, garden, inclosure, or other premises, and to cause to enter therein such persons, with such instruments and things as may be necessary, and to proceed to do therein or cause to be done all such things as may be necessary for such removal or abatement.

Costs.

(3) Upon the said Council certifying to the Police Court of the district where such person resides, or where such obstruction or encroachment existed, the costs which have been *bona fide* incurred in effecting such removal or abatement, such court shall summon the party, on account of whose non-compliance with any such order such costs were incurred, to appear before it on a certain day, then and there to make payment of the costs which shall appear to such court to have been properly incurred in that behalf; and if such party shall refuse or fail to make such payment forthwith, or within such time as the court shall appoint, the court shall proceed to recover such payment in such and the same manner as it would proceed to recover any fine incurred under any sentence of such court.

(4) Provided that if any removal shall be effected after the due production of all deeds, documents, and instruments affecting the title to such premises, and such premises shall nevertheless be adjudged to be the property of the party laying claim to the same, such party shall be entitled to compensation from the said District Council for all loss and injury occasioned thereby; but if the party claiming to be the owner of such premises shall refuse or neglect to produce all such deeds, documents, and instruments, or if such deeds, documents, and instruments shall not be produced within ten days after application in that behalf, and any such District Council shall nevertheless have caused the removal of such building, inclosure, or encroachment, then in the event of such premises being adjudged to be the property of the party claiming to be the owner thereof, such party shall not be entitled to any compensation for any loss or injury occasioned thereby.

Power to license market provisionally.

157 Where any District Council is unable immediately to make suitable provision for the public requirements in a public market, such Council may, if it appears necessary for the public convenience, allow any existing private market to continue provisionally, although such private market does not conform to the standards prescribed by schedule III. or to any authorized modification thereof, and may issue a temporary license to such private market without prejudice to its rights to proceed at some future date under the provisions of this Ordinance.

Compensation for discontinuance of private market.

158 (1) Where the District Council is satisfied that it is in the public interest that any private market licensed, or qualified to be licensed, under this Ordinance (not being a market to which section 156 applies) should be either—

(a) Discontinued altogether as a market; or

(b) Taken over by the District Council as a public market;

the District Council may either direct the discontinuance of such market, or may take it over as a public market, subject in either case to the payment of compensation in accordance with the provisions of this section.

**198** If at any time it appears to the Local Government Board that any District Council is omitting to fulfil any duty or to carry out any work imposed upon the Council by this or any other Ordinance, or that the Council has otherwise made default in the discharge of any of its duties or responsibilities under this or any other Ordinance, the Board may give notice to the Council that unless within a time specified in the notice the Council show cause to the contrary, the Board will appoint a person or persons to inquire and report to the Board the facts of the case, and recommend what measures should be taken for the purpose of fulfilling such duty or carrying out such work or making good such default. Such inquiry shall be conducted as far as practicable in public.

Power of Local Government Board to give and enforce order requiring Council to do necessary work.

**199** (1) On the receipt of the report of the person or persons so appointed the Local Government Board, subject to the approval of the Governor in Executive Council, shall determine what measures shall be taken for the purpose of fulfilling such duty or carrying out such work or making good such default, and make an order requiring the Council within a time specified in the order to take such measures accordingly, and to raise the funds necessary for the purpose by some one or more of the rates or taxes provided for by this Ordinance, or by means of a loan.

(2) If the Council fail within such time to comply with such order, the Local Government Board may appoint some person to take the measures specified in the order, and may fix the remuneration to be paid to such person, and may direct that such remuneration and the cost of the measures taken in accordance with the order of the Board shall be defrayed out of the local fund, and that, if necessary, any one or more of the rates or taxes provided for by this Ordinance shall be levied, imposed, or increased.

(3) Any person so appointed shall have the same power of levying or imposing any such rate or tax and requiring all officers of the Council to pay over any moneys in their hands as the Council would have in the case of expenses legally payable out of the local fund, and the said person so appointed, after paying all sums of money so due in respect of the order, shall pay the surplus, if any, to or to the order of the Council.

Power to direct loan to be raised.

**200** The Local Government Board, in addition to levying, imposing, or increasing any rate or tax or in lieu thereof, may, subject to the approval of the Governor in Executive Council, direct a loan to be raised on the security of any local rate or tax for the purpose of fulfilling such duty, or carrying out such work, or making good such default.

(2) The Local Government Board, or the person so appointed, may, by any instrument duly executed, charge any local rate or tax with the repayment of the principal and interest due in respect of such loan, and every such charge shall have the same effect as if the Council were empowered to raise such loan on the security of such local rate or tax, and had duly executed an instrument mortgaging the said rate or tax.

Recovery of principal and interest.

**203** (1) Any principal money or interest for the time being due in respect of any loan under this chapter made for payment of the expenses incurred or to be incurred as aforesaid shall be taken to be a debt due from the Council, and, in addition to any other remedies, may be recovered in manner provided by "The Local Loans and Development Ordinance, No. 22 of 1916."

(2) The surplus of any such loan, after payment of the expenses aforesaid, shall, on the amount thereof being certified by the Local Government Board, be paid to or to the order of the Council.

Provided that the officers of the Local Government Board, in the exercise of their powers under this section, shall act in consultation with the Chairman of the District Council.

(2) Every such report and review shall be laid before the Legislative Council, and shall be otherwise published in such manner as the Board (subject to the approval of the Governor) may determine.

Determination of disputes.

**213** If any question shall arise between two or more District Councils or between any District Council or Councils and any other local authority with reference to the rights, powers, duties, or obligations of any such District Council or authority, or as to any question arising out of the exercise or

intended exercise or enforcement of any such right, power, duty, or obligation, such dispute may, if all parties consent, or if all parties do not consent, on the application of any party to the Governor in Executive Council, be referred by the Governor in Executive Council to the Local Government Board, and any order made by the Local Government Board with reference to such dispute shall, subject to the power of the Local Government Board on good cause shown to modify such order, be deemed to be a final settlement of all matters in issue.

Provided always that any party to any such question, who shall be aggrieved by any order of the Local Government Board under this section, or any modification thereof, may, within one month of the communication of the same, appeal to the Governor in Executive Council, and the Governor in Executive Council upon such appeal may make such order as he may deem just.

## PART VIII.

### GENERAL.

#### CHAPTER I.

##### *Recovery of Charges and Expenses.*

District Council in default of owner or occupier may execute works and recover expenses.

216 Whenever under the provisions of this or any other Ordinance, or any by-law, rule, or regulation made thereunder, the District Council requires any work to be executed by the owner or occupier of any house, building, or land, and default is made in the execution of such work, the District Council, whether any penalty is or is not provided for such default, may cause such work to be executed, and the expenses thereby incurred shall be paid by the person by whom such work ought to have been executed, and shall be recoverable as provided by this chapter.

Power to levy charges on occupier, who may deduct the same from his rent.

217 (1) If the defaulter be the owner of the house, building, or land, the Council may, by way of additional remedy, whether an action or proceeding has been brought or taken against any such owner or not, require the payment of all or any part of the expenses payable by the owner for the time being, from the person who then or at any time thereafter occupies the house, building, or land under such owner.

(2) In default of payment thereof by such occupier on demand, the same shall be levied by distress of the goods and chattels of such occupier.

(3) Every such occupier shall be entitled to deduct from the rent payable by him to his landlord so much as is so paid by or recovered from such occupier in respect of any such expenses, and to retain possession until such expenses shall be fully reimbursed to him.

Occupiers not to be liable to more than the amount of rent due.

**218** (1) No occupier of any house, building, or land shall be liable to pay more money in respect of any expenses charged by this Ordinance or by any other Ordinance, or any by-law, rule, or regulation made thereunder, on the owner thereof than the amount of rent due from him for the premises in respect of which such expenses are payable at the time of the demand made upon him, or which at any time after such demand and notice not to pay the same to his landlord has accrued and become payable by him, unless he neglect or refuse, upon application made to him for that purpose by the Council, truly to disclose the amount of his rent and the address of the person to whom such rent is payable.

(2) The burden of proof that the sum demanded of any such occupier is greater than the rent which was due by him at the time of such demand, or which has since accrued, shall be upon such occupier.

(3) Nothing herein contained shall be taken to affect any special contract made between any owner and occupier respecting the payment of the expense of any such works as aforesaid.

Occupier in default of owner may execute works and deduct expenses from rent.

**219** (1) Whenever default is made by the owner of any house, building, or land in the execution of any work required to be executed by him, the occupier of such house, building, or land may, with the approval of the Council, cause such work to be executed, and the expense thereof shall be paid to him by the owner, or the amount may be deducted out of the rent from time to time becoming due from him to such owner.

(2) The owner shall not be entitled to eject the occupier until such expense shall have been fully paid or deducted as aforesaid.

Obstruction by occupiers

**220** If the occupier of any house, building, or land prevent the owner thereof from carrying into effect, in respect of such house, building, or land, any of the provisions of this Ordinance or of any by-law, rule, or regulation made thereunder after notice of his intention so to do has been given by the owner to such occupier, the Council, upon proof thereof and upon application of the owner, may make an order in writing requiring such occupier to permit the owner to execute all such works with respect to such house, building, or land as may be necessary for carrying into effect the provisions of this Ordinance, or of any by-law, rule, or regulation made thereunder, and may also, if it think fit, order the occupier to pay to the owner the costs relating to such application or order, and if, after the expiration of eight days from the date of the order, such occupier continue to refuse to permit such owner to execute such works, such occupier shall be guilty of a summary offence, and shall, for every day during which he so continues to refuse, be liable to a fine not exceeding fifty rupees, and every such owner, during the continuance of such refusal, shall be discharged from any penalties to which he might otherwise have become liable by reason of his default in executing such works.

Remedy if neither the owner nor occupier be able to pay.

**221** If neither the owner nor the occupier pay the expenses incurred by the Council, the same shall be a charge upon the house, building, or land in respect of which the expenses were incurred, and payable as a debt due to the Council.

Determination and recovery of damages, costs, &c.

**222** (1) Except as herein otherwise provided in all cases where damages, costs, or expenses are payable under the provisions of this Ordinance or any other Ordinance, or of any by-law, rule, or regulation made thereunder, the amount, in case of dispute, and, if necessary, the apportionment of the same, shall be ascertained and determined in manner following :

- (a) If the amount claimed does not exceed one hundred rupees, by a Police Magistrate after a summary inquiry into the claim.
- (b) If such amount exceeds one hundred rupees and does not exceed three hundred rupees, by the Commissioner of the Court of Requests having local jurisdiction.
- (c) If such amount exceeds three hundred rupees, by the District Judge having local jurisdiction.

(2) In the cases referred to in paragraphs (b) and (c), the claim shall be made by instituting a civil action therefor. Such action shall be heard and determined according to the

procedure prescribed by the law for the time being in force regulating the hearing and determination of actions brought in Courts of Request and District Courts respectively.

(3) Any person aggrieved by a decision of a Magistrate under paragraph (a) may appeal therefrom to the Supreme Court in accordance with the provisions of section 338 of "The Criminal Procedure Code, 1898."

(4) Any person aggrieved by a decision under paragraphs (b) and (c) may appeal therefrom to the Supreme Court. Such appeals shall be subject to the provisions of "The Civil Procedure Code, 1889," relating to appeals to the Supreme Court.

Recovery of damages.

223 If the amount of damages, costs, or expenses determined by the Magistrate be not paid by the person liable to pay the same within seven days after demand, such default may be reported to such Magistrate, and the amount thereof shall be recovered in the same way as if it were a fine imposed by such Magistrate.

Recovery of expenses on account of improvement to private property.

224 When the Council shall have incurred any expense in executing any of the works or performing any of the acts which under this or any other Ordinance, or any by-law, rule, or regulation made thereunder, the owner of any house, building, or land is required to execute or perform, the Council may either recover the amount of such expenses in the manner provided by section 222, or, if it think fit, may take engagements from the said owner for the payment by instalments of such sums as will be sufficient to defray the whole amount of the said expenses, with interest thereon at the rate of nine per centum per annum, within a period not exceeding five years, and such sums when due may be recovered by the same process by which rates payable under this Ordinance may be recovered.

CHAPTER II.

*Compensation.*

Council may make compensation out of local fund.

225 The District Council may make compensation out of the local fund to all persons sustaining any damage by reason of the exercise of any of the powers vested in the Council, its officers, or servants under and by virtue of this Ordinance or any by-law, rule, or regulation made thereunder.

Determination and payment of compensation.

226 Except as herein otherwise provided, in all cases where compensation is by this Ordinance, or by any by-law, rule, or regulation made thereunder, directed to be paid, the amount, and, if necessary, the apportionment of the same, in case of dispute, shall be determined in the same manner as a claim for damages, costs, or expenses under section 222, and all the provisions of the said section shall, with the necessary modifications, apply to the determination of all questions under this section.

CHAPTER III.

*Procedure and Legal Proceedings.*

227 (1) Notices, orders, and any other documents required or authorized to be served under this Ordinance, or any by-law, rule, or regulation made thereunder, may be served by delivering the same to or at the residence of the person to whom they are respectively addressed; or when addressed to the owner or occupier of premises, by delivering the same or a true copy thereof to some person on the premises, or if there is no person on the premises who can be so served, by fixing the same on some conspicuous part of the premises.

Provided always that where the Council has made provision for the registration of owners of property and any owner of property has registered his name and address in accordance therewith, any such notices, orders, and documents shall be served upon him by registered letter at such address.

(2) Such notices, orders, and documents may also be served by post by registered letter, and if so served, shall be deemed to have been served at the time when the letter containing the same would be delivered in the ordinary course of post, and in proving such service, it shall be sufficient to prove that the notice, order, or other document was properly addressed and put into the post.

(3) Any notice, order, or other document required by this Ordinance to be given to the owner or occupier of any premises may be addressed by the description of the "owner" or "occupier" of the premises (naming them) in respect of which the notice is given, without further name or description.

Notices may be given or received by secretary or any other officer authorized thereunto.

228 All notices which the Council or any officer thereof is empowered or required to give or receive, and all notices for the giving or receipt of which by the Council occasion may otherwise arise, may be given or received by the secretary of the Council or any other of its officers authorized by by-law, rule, or regulation for the purpose.

Limitation of prosecutions.

229 No person shall be liable to any fine or penalty under this Ordinance, or any by-law, rule, or regulation made thereunder, for any offence made cognizable before a Magistrate, unless the complaint respecting such offence shall have been made within three months next after the commission of such offence.

No action to be instituted against Council until after one month's notice, nor after three months after cause of action.

230 (1) No action shall be instituted against a District Council or any member or any officer of the Council or any person acting under the direction of the Council for anything done or intended to be done under the powers of this Ordinance, or any by-law, rule, or regulation made thereunder, until the expiration of one month next after notice in writing shall have been given to the Council or to the defendant, stating with reasonable certainty the cause of such action and the name and the place of abode of the intended plaintiff and of his proctor or agent, if any, in the cause.

(2) Upon the trial of any such action the plaintiff shall not be permitted to go into evidence of any cause of action except such as is stated in the notice so delivered, and unless such notice be proved, the court shall find for the defendant.

(3) Every such action shall be commenced within four months next after the accrual of the cause of action and not afterwards.

(4) If any person to whom such notice of action is given shall before action brought tender sufficient amends to the plaintiff, such plaintiff shall not recover in any such action when brought, and the defendant shall be entitled to be paid his costs by the plaintiff.

(5) If no such tender shall have been made, it shall be lawful for the defendant in such action, by leave of the court where such action shall be pending, at any time before issue joined, to pay into court such sum of money as he shall think fit, and thereupon such proceedings shall be had as in other cases where defendants are allowed to pay money into court.

Protection of Council and its officers.

231 (1) No matter or thing done and no contract entered into by any District Council, and no matter or thing done under the direction of any District Council by any member or officer of such Council or by any other person whomsoever, shall, if the matter or thing so done or the contract so entered into was done or entered into *bona fide* for the purpose of executing this Ordinance or any other Ordinance relating to the powers and duties of the Council, or any by-law, rule, or regulation made thereunder, subject any member of the Council or any such officer or other person personally to any action, liability, claim, or demand whatsoever; and any expense incurred by any such Council, or by any member, officer, or other person acting as last aforesaid, shall be borne and repaid out of the local fund.

Provided that nothing in this section shall exempt any member of any such Council from liability to be surcharged with the amount of any payment which may be disallowed upon the audit of the accounts of such Council, and which such member authorized or joined in authorizing.

(2) Subject and without prejudice to any other powers, the District Council, where the defendant in any action, prosecution, or other proceeding is a member of the Council, or its officer, agent, or servant, may, if it think fit, except so far as the court before which the action, prosecution, or other proceeding is heard and determined otherwise directs, pay out of the local fund all or any part of any sums payable by the

defendant in or in consequence of the action, prosecution, or proceeding, whether in respect of costs, charges, expenses, damages, fines, or otherwise.

Relief against informalities.

232 If the directions of this Ordinance, or of any by-law, rule, or regulation made thereunder, are in substance and effect complied with, no proceedings under this Ordinance, or under such by-law, rule, or regulation, shall be quashed or set aside for want of form in any court of justice.

1. The Government Agent shall provide one or more polling places for each electoral division, and shall either himself preside or shall appoint a person to preside at each polling place. Every candidate and one other person selected by himself shall be entitled to attend the proceedings during the time appointed for the election.

2. At every election the votes shall be given by ballot.

3. The poll shall open and close at such times as shall be publicly notified by the Government Agent.

4. The ballot of each voter shall consist of a paper (in these regulations called a ballot paper) to be supplied by the Council, containing the names of the candidates in English and in one or both of the vernacular languages. Each ballot paper shall have a number printed on the back, and shall have a counterfoil with the same number printed on the face.

5. At the time of voting the ballot paper shall be marked on both sides with an official mark and delivered to the voter within the polling station, and a number corresponding to the number of the voter on the list of voters shall be marked on the counterfoil. The voter having secretly marked his vote on the paper by setting a cross opposite the name of the candidate for whom he desires to vote, and having folded it up so as to conceal his vote, shall place it in a closed box in the presence of the presiding officer, after having shown to him the official mark at the back. The presiding officer, on the application of any voter who states that he is unable to read, shall cause the vote of such voter to be marked on a ballot paper in manner directed by such voter.

6. Any ballot paper which has not on its back an official mark, or on which votes are given to more than one candidate, or on which anything except the number on its back referred to in regulation 4 is written or marked by which the vote can be identified, shall be void, and shall not be counted.

The decision of the presiding officer on any such claim shall be final.

8. If as a result of any decision under the last preceding regulation it should appear that a person by falsely personating another voter recorded a vote, the person entitled to vote shall be permitted to exercise his right, and the Government Agent shall declare the vote recorded by the false personation void, and on the opening of the ballot box shall, on tracing the ballot paper, have the same removed, so that it shall not be counted among the votes recorded.

9. After the close of the poll the ballot boxes shall be sealed by the presiding officer so as to prevent the introduction of additional ballot papers, and shall be taken charge of by the Government Agent.

10. Each candidate may appoint an agent for the purpose of attending at the opening of the ballot boxes and checking and counting of the votes.

11. The Government Agent shall, in the presence of any such agents of the candidates as may be in attendance, open the ballot boxes and ascertain the result of the poll by counting or causing to be counted the votes given to each candidate, and shall forthwith declare to be elected the candidate or candidates to whom the majority of votes have been given.
