Sale of Ebony.

AN auction sale of the under-mentioned ebony will be held at the Central Timber Depôt, Kew road, Slave Island, Colombo, on Saturday, June 4, 1921, at 10 A.M., subject to the following conditions:—

1. The timber will be put up in lots to suit buyers at a rate per lot, and no advance of less than Re. 1 per lot will be accepted.

2. The highest bid will be accepted, subject to the approval or disapproval of the Conservator of Forests. The highest bidder will be required by the officer conducting the sale to sign the sale book kept for the purpose directly a lot has been knocked down to him.

3. Payment of 25 per cent. of the successful bid to be made at time of sale, if so required.

4. Depôt weights must be accepted, but buyers can have the right of giving notice, before the expiration of the date of payment, of having the actual weight ascertained. Should the difference between the depôt weight and the weight ascertained after re-weighing be more than 1½ per cent., the cost of re-weighing is to be borne by the Forest Department, and if within 1½ per cent. by the purchaser; any difference between the depôt weight and the weight ascertained after re-weighing is to be paid or allowed for, as the case may be. Should two or more purchasers desire to re-weigh their timber on the same day, precedence will be given to the buyer whose notification of intention to re-weigh reaches the Assistant Conservator of Forests first.

5. No timber shall be removed before payment of the full price bid, and all timber sold must be removed from the depôt within ten days of date of notification of acceptance by the Conservator of Forests of such bid, and will be at the risk of the purchasers until removed.

6. Should any person to whom a lot is knocked down refuse to take it over at the full price bid, or refuse or fail to sign the sale book and pay 25 per cent. of his bid when so required, or refuse or fail to pay the full purchase amount or balance thereof, as the case may be, and to remove the timber within the time specified in clause 5 above, the lot will again be put up for auction, and the original purchaser or bidder will be held liable for any loss to Government owing to a lower price being realized at the re-sale, while, if an enhanced price is realized at such re-sale, he shall, however, have no claim to the profit which shall accrue to Government.

7. Agents bidding for others will be required to produce a written authority from the firm or persons for whom they bid, such authority will be retained by the Assistant Conservator of Forests, and will hold good only at the particular sale at which it is produced.

MUNICIPAL COUNCIL NOTICES.

MUNICIPALITY OF COLOMBO.

Minutes of Proceedings of a General Meeting of the Municipal Council of Colombo held in the Town Hall on Friday, March 4, 1921, at 3 p.m.

The Council met this day at 3 p.m., pursuant to notice dated February 25, 1921.

Present :—Mr. B. G. de Ghanville, Chairman; Mr. C. P. Dias; the Hon. Mr. N. H. M. Abdul Cader; Mr. Arthur Alvis; Dr. E. V. Ratnam; Dr. W. P. Rodrigo; the Hon. Dr. G. J. Rutherford; Mr. W. C. S. Ingles; Mr. Harold Creasy; Mr. W. Philips; Mr. B. F. Khan; Mr. A. E. de Silva; Major W. H. Robinson; Mr. M. J. Cary; Mr. E. W. Jayewardene; Mr. R. L. Pereira; Mr. C. H. Z. Fernando; and Mr. T. H. Tatham.

1. The Minutes of the General Meeting of February 4, 1921, having been previously printed and copies thereof having been sent to each Member of Council, were taken as read.

Resolved that the Minutes of the General Meeting of February 4, 1921, be confirmed.

2. (a) The Chairman read the following :—Since the last Meeting of Council 52 cases of human plague have been recorded, making a total of 118 up to date this year, as against a total of 45 for the corresponding period of last year. Forty-three of the cases have proved fatal. Eighteen of the cases were septicæmic and 33 were bubonic in character. The character of one case which was reported from outside the town was not stated. The distribution of the cases was as follows :—Pettah 9, Wolfendhal 5, Kochchikade 2, Ferry street 3, Maradana 4, Jampettah street 2, whilst in 7 cases there was no fixed residence. The rest were widely scattered throughout the town.

Rat Plague.—Twelve infected rats were found, all being confirmed by bacteriological examination, making a total up to date this year of 31 as against a corresponding total of 56 last year. In addition to these, a number of mummified rats, which had apparently died of plague, were found in the infected areas.

2. (b) The Chairman stated that there had been no case of smallpox since January 28, and that the Medical Officer has declared that the town may now be regarded as free from that infection.

3. Pursuant to notice, Mr. C. P. Dias moved that this Council request the Chairman to invite the attention of the Tramway Company to the great inconvenience caused to the Churches, dwelling houses, and public offices along the tram routes by the rattle and overloud noise of the rickety old cars. Dr. E. V. Ratnam seconded.—Carried.

4. Pursuant to notice, Mr. C. H. Z. Fernando moved that this Council condemn any further acquisition of land by Government within the city for residential purposes for Government servants, since such acquisition by the Government tends to limit the residential area available to the public, artificially enhances the price of land, and promotes an increase of rents in respect of the remaining area. Mr. C. P. Dias seconded.

Mr. M. J. Cary opposed the motion, and moved as an amendment that, with a view to dealing with the housing problem, a Committee be appointed to inquire into and report to this Council what land is or could be made available for building purposes in the different wards with its approximate value, and what class of buildings it is desirable should be built thereon. Mr. T. H. Tatham seconded.

Mr. W. C. S. Ingles supported the amendment.

The Chairman stated that he had had a plan prepared by the Works Engineer showing definitely and as accurately as possible the land available at present. The estimated totals were as follows :—Government land suitable and available for building, 128 acres; private land suitable and available for building, 511 acres; land liable to be flooded, 2,190 acres; private land suitable for building but not available at present, 200 acres. He then put the amendment to the meeting and declared it carried. Mr. M. J. Cary next proposed that the Committee should consist of the following :—

Dr. W. P. Rodrigo, Messrs. H. T. Creasy, C. H. Z. Fernando, T. H. Tatham, and the Chairman; the member for each ward to be an *ex-officio* member in considering the land available in his respective ward. Mr. T. H. Tatham seconded.

Mr. A. E. de Silva, Dr. W. P. Rodrigo, and Mr. E. W. Jayewardene spoke against the constitution of the Committee.

After some discussion, it was agreed that the Committee should consist of all the Ward Members, together with Mr. W. C. S. Ingles and Mr. Harold Creasy.

5. Pursuant to notice, Mr. C. H. Z. Fernando moved that this Council is of opinion that, with a view to relieving congestion in the city and adding to the residential area, steps should be taken in conjunction with Government for the removal beyond the gravets, of the racecourse and the Ladies' Golf Links, and the conversion of the land into building blocks; the proceeds of the sale of which should be devoted to the improvement of the City of Colombo after the payment of compensation, if any, to the Turf and Golf Clubs. Mr. A. E. de Silva seconded.

The Chairman suggested that, in view of the Committee appointed in connection with the previous motion to consider the various areas in the town which should be made available for building purposes, the consideration of the matter of these two areas should await the deliberations of that Committee. Mr. C. H. Z. Fernando thought it desirable that there should be an expression of opinion by Council on the matter. Dr. W. P. Rodrigo, Messrs. M. J. Cary, R. L. Pereira, and C. P. Dias opposed the motion. Mr. E. W. Jayewardene endorsed the suggestion of the Chairman that the matter should be referred to the Committee already appointed. Mr. C. H. Z. Fernando consented to withdraw the motion. The Chairman stated that as the matter had been fully discussed, as desired by the mover, the motion should be put to the meeting. Dr. W. P. Rodrigo moved as an amendment that this question should be deferred for consideration by the Committee appointed in regard to the previous motion. Dr. E. V. Ratnam seconded.—Carried.

6. Pursuant to notice, Mr. C. H. Z. Fernando moved that a Committee be appointed to inquire into the working of the various Departments of the Council's service and report on the feasibility of their re-organization, with a view to retrenchment and increased efficiency. Dr. W. P. Rodrigo seconded.

The Chairman stated that he considered that the question of the revision of salaries should await the report of the Salaries Commission appointed by Government. The motion was put to the meeting and it was declared carried.

Mr. C. H. Z. Fernando moved that the Committee should consist of the Chairman and the Four Standing Committees. Mr. C. P. Dias seconded.

Mr. R. L. Pereira moved as an amendment, that the Committee consist of :—

The Chairman, Mr. Harold Creasy, Mr. A. E. de Silva, and Mr. C. H. Z. Fernando. Mr. M. J. Cary seconded.

Dr. W. P. Rodrigo suggested the addition of the names of Mr. Arthur Alvis and Dr. E. V. Ratnam. This having been accepted by the mover and the seconder of the amendment, the following Committee was unanimously appointed :—

The Chairman, Mr. Arthur Alvis, Dr. E. V. Ratnam, Mr. Harold Creasy, Mr. A. E. de Silva, and Mr. C. H. Z. Fernando.

7. Pursuant to notice, the Chairman moved that the resignation of Mr. C. L. Cox of his appointment as City Sanitation Engineer be accepted, and that his transfer to employment under the Government of Nigeria be approved by the Council—Mr. Cox to retain a claim to ultimate pension for his service under the Municipality under the provisions of Rule 18A of the Council's Pension Minute.

The Chairman stated that if Rule 18A was not thought to be applicable, then Rule 33 would apply. Mr. E. W. Jayewardene, Dr. W. P. Rodrigo, and Dr. E. V. Ratnam were against the motion. Mr. M. J. Cary seconded.

Dr. W. P. Rodrigo moved that the Council do go into Committee to consider the question. Dr. E. V. Ratnam seconded.—Carried.

The Chairman explained the position. After some discussion, Mr. R. L. Pereira moved that the Council should inform Mr. C. L. Cox that the Council are not prepared to accept the condition mentioned by him. Mr. A. E. de Silva seconded.—Carried.

The Council continued in Committee to consider items Nos. 8 to 16 (inclusive) on the agenda.

The report of the Special Committee *re* plague, the report of the Special Committee *re* motor bus services in Colombo, and the following extracts from the Minutes of the Special and the Standing Committees named were then laid before the Council in Committee:—

8. To consider the report of the Special Committee *re* plague. (*Vide* Annexure A at the end of these Minutes.)

Resolution.

Mr. C. H. Z. Fernando moved that the report be accepted subject to the following amendments in paragraph 8:—

(a) The words "there is" in second line should be deleted.

(b) The word "Committee" in third line should be substituted by the word "Council."

(c) The words "no objection to the Medical Officer of Health considering the possibility of allowing" should be substituted by the words "the proper authority may allow."

The paragraph to read: In pneumonic cases immediate removal of the patient to the Infectious Diseases Hospital is considered necessary. In cases other than pneumonic, in the opinion of this Council, the proper authority may allow any particular case to be treated elsewhere under conditions and precautions which he considers satisfactory. Mr. C. P. Dias seconded.—Carried.

9. To consider the report of the Special Committee *re* Motor Bus services in Colombo. (*Vide* annexure B at the end of these Minutes.)

Resolution.

Mr. C. P. Dias moved that the report be adopted. Dr. E. V. Ratnam seconded.

Mr. T. H. Tatham urged that the Council should aim at the arterial (trunk) roads being wide enough to carry any traffic which may be put on them, and particularly urged that the widening of the Bambalapitiya road should receive the early consideration of the Council. The motion was put to the meeting and carried.

Extract from the Minutes of the Special Committee on Drainage Works of February 14, 1921.

3. To consider the recommendation of the Special Committee *re* plague (paragraph 3) with regard to the survey of untrapped old drains.—Recommended provision of Rs. 3,000 a year in order that this survey may be begun at once.

Resolution.

Resolved that the recommendation of the Special Committee be adopted.

Extracts from the Minutes of the Standing Committee on Sanitation and Markets of February 14, 1921.

4. To consider a plan and an estimate of Rs. 8,607 of the City Sanitation Engineer for the erection of a public latrine at Kolonnawa road: (a) Erection of a latrine (including extra length of road connection), Rs. 6,759; (b) cost of land acquisition, Rs. 1,848.—Total, Rs. 8,607.—Recommended.

5. To consider an application from Dr. E. R. Loos, 2nd Assistant Medical Officer of Health, with regard to his position and prospects in the Council's service. This officer according to the present scheme receives only one increment between 1911 and 1926, viz., in 1918.—Recommended increments of Rs. 250 per annum, from January 1, 1921, till a maximum Rs. 6,000 per annum is reached. (Dr. W. P. Rodrigo dissenting.)

7. To consider the proposed new site for the erection of a public latrine in Maligakanda road.—Recommended that site B be approved.

9. To consider memorandum from the City Sanitation Engineer, No. 44 of February 14, 1921, *re* resignation of Mr. J. D. Mair, Chief Inspector, City Sanitation Department, and asking for authority to secure, if possible, temporary additional assistance at such expenditure within the estimates and in such manner as the Chairman may approve.—(a) Recommended that the resignation be accepted; (b) recommended that the authority asked for by the City Sanitation Engineer be granted.

Resolutions.

With regard to item No. 5 (corresponding to item No. 4 of the extracts from the Minutes of the Standing Committee on Finance of February 22, 1921), the Chairman stated that it was becoming increasingly obvious that the salaries of all Municipal Officers would have to be revised at an early date, and suggested that it would be fairer to Dr. Loos and to the other officers of the Council that his case should be considered later at the time when all other salaries are being considered. He moved that the consideration of this matter be deferred, pending the consideration of Municipal salaries as a whole. Dr. W. P. Rodrigo seconded.—Carried.

Resolved that the recommendations of the Standing Committee with regard to the remaining items be adopted.

Extracts from the Minutes of the Standing Committee on Law and General Subjects of February 19, 1921.

5. To consider the draft agreement to be entered into between Government and the Municipal Council on the one part and the Colombo Fort Land and Building Co., Ltd., on the other part, with regard to the grant of right of access to the new Leyden Bastion road, Fort.—Recommended.

Resolutions.

Resolved that the recommendation of the Standing Committee with regard to item No. 5 be adopted.

With regard to item No. 8, it was resolved that the matter be referred to the Standing Committee on Finance and that the papers be meanwhile circulated.

2. To consider the proposed new site for the erection of a public latrine in Maligakanda road.—Recommended that site B be approved.

3. To recommend the sanction of street lines for Gregory's road, as indicated in plan No. 1,788, dated February 10, 1921, and by Mr. C. H. Kilmister, Acting Works Engineer.—Recommended.

Resolution.

Resolved that the above recommendations of the Standing Committee be adopted.

Extracts from the Minutes of the Standing Committees on Municipal Works and Finance (meeting together) of February 22, 1921.

Hirst should be considered to have been placed on the permanent establishment on the expiry of his agreement and should be treated accordingly as regards leave and pay.

4. To consider a plan and an estimate of Rs. 8,607 of the City Sanitation Engineer for the erection of a public latrine at Kolonnawa road :—(a) Erection of a latrine (including extra length of road connection), Rs. 6,759 ; (b) cost of land acquisition, Rs. 1,848 ; Total Rs. 8,607.—Recommended.

5. To consider an estimate of Rs. 900 from the Works Engineer for fencing the Cattle Segregation Camp at Borella.—Recommended.

Khan be informed that the Council will ask Mr. Woodeson to carry out the work on contract on conditions indicated in his letter, provided it is definitely understood that all expenses are met by Mr. Khan, and that the Council is put to no expense in the matter.

Resolutions.

With regard to item No. 12, a discussion ensued as to whether the supervision of the work should not be entrusted to the Council's Engineers instead of to Mr. A. Woodeson.

The Chairman explained that it was difficult for the Council's Engineers to undertake the work owing to the present shorthandedness of the Engineering Staff.

Mr. E. W. Jayewardene moved that the recommendation of the Standing Committees be adopted. Dr. W. P. Rodrigo seconded.—Carried.

Resolved that the recommendations of the Standing Committees with regard to the remaining items be adopted.

Resolutions.

With regard to item No. 4 (corresponding to item No. 5 of the extracts from the Minutes of the Standing Committee on Sanitation and Markets of February 14, 1921), the Chairman stated that it was becoming increasingly obvious that the salaries of all Municipal Officers would have to be revised at an early date, and suggested that it would be fairer to Dr. Loos and to the other officers of the Council that his case should be considered later at the time when all other salaries are being considered. He moved that the consideration of this matter be deferred, pending the consideration of Municipal salaries as a whole. Dr. W. P. Rodrigo seconded.—Carried.

With regard to item No. 15, (corresponding to item No. 6 of the extracts from the Minutes of the Four Standing Committees of February 25, 1921), Dr. E. V. Ratnam moved that the half-pay leave asked for be granted, and that steps should be taken to amend the by-laws *re* leave, if necessary. Mr. R. L. Pereira seconded. Mr. C. P. Dias, Mr. E. W. Jayawardene, and Mr. Arthur Alvis spoke on the motion. The motion was put to the meeting and declared.—Carried.

Mr. Arthur Alvis moved that the recommendations of the Standing Committee with regard to the remaining items be adopted. The Hon. Dr. G. J. Rutherford seconded.—Carried.

Resolved that he be suspended forthwith, pending resolution of Council.

3. To consider a memorandum from the Chairman and the draft rules governing the conduct of outright sales of properties and making provision for action by the owners to have the sales set aside for sufficient cause shown before ratification by the Chairman.

Draft rules.—Recommendations.

Rule 2.—To be amended by addition of the words “the Chairman shall not authorize sale to take place until he is satisfied that the provisions of rule I have been complied with.”

Rule 5.—To be amended by the insertion of the words “or confirmed” between the words “Chairman” and “until.”

Proposed by the Hon. Mr. N. H. M. Abdul Cader, and seconded by Mr. Arthur Alvis, that rule 5 should be further amended by the addition of a clause providing that where the owner pays all rates and costs due within the thirty days referred to, the sale shall be set aside.

The proposed amendment was put to the vote and lost by 6 votes to 4.

The majority of the Committees were in favour of the procedure laid down in the Memorandum being adopted, subject to the rules framed, but half of the majority were not prepared to recommend the adoption of the system, except subject to the amendment to Rule 5 proposed by the Hon. Mr. N. H. M. Abdul Cader.

After prolonged discussion a compromise was reached and it was decided by 8 votes to 2 (Mr. E. W. Jayewardene and Mr. C. H. Z. Fernando, Superintendent, Cattle Mart and Quarantine Station, for 68 days' vacation leave and six months' half-pay leave commuted to three months' full-pay, commencing from March 7, 1921.—Recommended that half-pay leave be not granted. It is considered that the provisions as regards half-pay leave out of the Colony should apply only to the higher officers of the Council, and that the by-laws *re* leave should be amended so as to make this clear.

8. To reconsider the question of the appointment of an Accountant to the Finance Department.—Recommended that, as it is not found possible to obtain the services of a suitable examiner for an examination in accounting, the Standing Committee on Finance with Mr. J. A. Maybin should form a Selection Committee to select the three best candidates and submit their names to Council with their recommendation *re* appointment of an Accountant.

ANNEXURE A.

Report of the Special Committee *re* Plague.

(As amended and adopted by Council.)

We are of opinion that the chief means of preventing plague in Colombo is the reduction of rats. This, however, is very difficult to effect, in view of the existence of many breeding places; there are many old untrapped drains whose exact location is not known. In addition, rat holes abound in the poorer quarters, the earthen material of walls and floors being such as to promote the existence of homes for rats.

2. The absence of rat-proof stores for grain and other food promotes the breeding of rats, while the aversion to taking life or the apathy of householders places almost the whole burden of rat destruction on the Municipality. About 100,000 rats are killed per annum by the sanitary staff, but experience proves that rats will not be exterminated or appreciably reduced in numbers by the above method so long as breeding places, non-rat proof food stores, and food abound.

3. We recommend that a survey be made of untrapped old drains with a view to making them rat-proof where these drains are located. We suggest that the Government granaries be made absolutely rat-proof, and that steps be taken to make most food stores rat-proof. We recognize that it is beyond the means of all sellers of food to undergo the expense of rat-proofing their stores, and still more so of all the poor to rat-proof their houses; but we are of opinion that until food stores and breeding places are dealt with, the rat-flea and his host, the rat, will continue to spread plague.

4. The demolition of slums and the substitution of sanitary dwellings are thus the chief means of preventing plague. With this must go the abolition of overcrowding. This task is largely one for the Board of Improvement, as the expenditure needed will be too great for an already over-burdened Municipality.

5. Educative and propaganda work should be started by popular lectures to children and adults about the cause of and the means of preventing plague, so as to try to induce the public to co-operate in the work of reducing the rat population.

6. It is suggested that printed leaflets be issued explaining to the public what should be done and the regulations as regards diseased persons and contacts, so that every one may know what is required of him and what is not.

7. Plague is a most deadly disease, and every measure necessary to prevent its spread should be adopted.

8. In pneumonic cases immediate removal of the patient to the Infectious Diseases Hospital is considered necessary. In cases other than pneumonic, in the opinion of this Council, the proper authority may allow any particular case to be treated elsewhere under conditions and precautions which he considers satisfactory.

9. In the Infectious Disease, Hospital, patients' own medical advisers should be allowed to visit the patients in consultation with the Medical Officer-in-charge.

10. Where contacts are persons of standing who can be trusted to report themselves to the authorities, and who can furnish security to the satisfaction of the Medical Officer of Health, they might be allowed to carry on their business and report themselves twice a day, instead of being sent to the Segregation Camp, provided they move into a suitable house and do not carry thereto any infected articles from the infected house.

11. In the case of contacts who cannot be trusted, identified, traced, or the like, they should be sent to the Camp, unless they secure a suitable house instead and pay the cost of a Police Guard on the house. This control over the movements of contacts is, in the opinion of this Committee, necessary to enable plague to be detected at once in the case of contacts, the persons most likely to contract it from the same house or the patient.

12. The Committee recommended that it should be brought to the notice of all medical practitioners in Colombo that the Medical Officer of Health is prepared to consider any case as indicated in paragraph 8 above.

ANNEXURE B.

Report of the Special Committee *re* Motor Bus Services in Colombo.

(As adopted by Council.)

The Committee have, so far as was possible, considered the question of the proposed introduction of motor bus services in Colombo in all its bearings. The Superintendent of Police, Colombo, and the Acting Municipal Works Engineer, were present, and were consulted throughout their deliberations.

2. The majority of the Committee are doubtful whether motor bus services would provide a cheaper or more satisfactory means of passenger transport than those already in existence. It is recognized, however, that this opinion may possibly prove to be incorrect, and the Committee are unanimously agreed that, subject to due protection of the interests of the rate payers as a whole, everything possible should be done to render the introduction and trial of such services possible.

3. The Committee is of opinion that in the interests of public health and of the proprietors or occupiers of properties fronting on motor bus routes, it is essential that no bus service should be allowed on a gravel road or on a macadam road not treated with tar or other adequate dust palliative.

4. The routes at present proposed by the Companies who contemplate running motor bus services are shown in the plan annexed* to this report and are as follows:—

(1) From the Fort to Wellawatta *via* Queen street, Galle Face road, Kollupitiya road, and Galle road.

(2) From the Fort to Cotta *via* Parson's road, Short's road, Union Place, and Ward Place.

(3) From the Fort to Mutwal *via* Main street, Reclamation road, Alutkawata road, Fisher's street, and Modera street with a branch route from Korteboam street down Skinner's road north to Grandpass road.

(4) From Grandpass to the 5th mile on the Kandy road *via* Victoria Bridge and Kandy road.

5. The Committee are of opinion that in the present state of the Kollupitiya road, no motor bus service can or should be allowed over this road.

6. They are of opinion that though some of the roads comprised in the other proposed routes leave much to be desired in the matter of width, they may be sanctioned so far as they lie within Municipal limits, except that on the proposed route to Mutwal, no service should at present be allowed further north than the Docklands Hotel, Modera street.

7. The Committee are further of opinion that it is not feasible, without an unworkable congestion of traffic to allow motor buses to come further into the Fort than as follows :—

Main street.—The junction with Leyden Bastion road or the Customs entrance in Leyden Bastion road.

Parsons' road.—The four-way junction on the Fort side of Parsons' road bridge.

8. The question of an alternative route to serve Bambalapitiya and Wellawatta was considered. The Committee are of opinion that the following alternative route may be sanctioned if and when the narrow portion of the Bambalapitiya road immediately south of Buller's road junction is widened, viz., Union place, Alexandra place, Serpentine road, and Bambalapitiya road as far as the Kirillapone canal bridge.

9. The Committee are further of opinion that the widening of the narrow portion of Bambalapitiya road above referred to is a necessary and urgent measure which should be taken in hand as soon as funds permit, irrespective of the question of motor buses.

10. There can be no question but that the running of ten or fifteen minutes' motor bus services, such as those proposed, will cause very considerable extra wear of the roads over which they are run. The Works Engineer is of opinion that in the case of roads which already have a good foundation and a good thick covering of metal, such extra wear can be met by increasing the number of applications of tar or other preservative. In the case, however, of roads where the present coating of metal is thinner, it will be necessary to re-metal the roads more frequently. At present tar is applied to the roads on which it is used either once or in most cases twice a year. It is estimated that on roads over which the proposed services are to run, it will be necessary to apply tar or other preservative three times per annum. The total cost of such extra treatment and of the extra metalling which will be required on a comparatively small portion of the routes recommended to be sanctioned is estimated to be in the neighbourhood of Rs. 60,000 per annum.

11. The Council is not in a position to meet this considerable extra expenditure; were it to do so, it would be expending a considerable item from the Municipal fund, partly for the benefit of a comparatively small portion of the rate payers, but mainly for the benefit of the proprietors of the proposed services.

12. If the proposed services were allowed to run without some provision to meet this extra expenditure, it would necessarily follow either that the main roads over which they would run would have to be allowed to deteriorate rapidly and become a source of inconvenience and danger to the whole city, or that money at present expended on the upkeep of other roads would have to be diverted to the upkeep of the motor bus routes—an obviously inequitable procedure.

13. The Committee are of opinion, that the greater part at least of the extra expenditure upon upkeep of roads brought about by the introduction of motor bus services must, therefore, in the interests of the rate-payers as a whole, be borne by such services.

14. Where tar or other dust palliative is used upon roads not previously so treated, there will be some advantage to the city as a whole. The Committee are, therefore, unanimously of opinion that such services should contribute in the form of tax or fee such sum as will be sufficient to meet :—

(1) The cost of extra metalling required.

(2) 75 per cent. of the cost of additional treatment with dust palliative, or, in other words, as regards the routes proposed, an approximate sum of Rs. 45,000 per annum. This will leave approximately Rs. 15,000 to be provided from Municipal Funds.

15. On a very liberal estimate of the number of buses required for the proposed services, the minimum fee per bus by which this revenue would be in any way assured is Rs. 2,000 and the Committee unanimously recommend that Government should be asked to amend the schedule attached to Ordinance No. 4 of 1916 (Vehicles Ordinance), so as to provide in the case of motor buses for a maximum annual tax of Rs. 1,000 on each bus with an annual stamp duty of the like amount in the case of motor buses used for hire.

16. The Committee also recommend that the schedule should be further amended by doubling the present tax on motor lorries, as it was unanimously considered that the tax at present payable on these vehicles is inadequate.

17. Some of the roads comprised in the proposed routes are trunk roads. These roads are maintained by the Council, but a bill is rendered annually to Government for the actual expenditure incurred for their maintenance, and this bill on being certified by the Director of Public Works is paid by Government. Government has, however, always refused to pay for any of the cost of treatment with tar or other preservative, on the ground that such treatment is not essential to the maintenance of the roads. The following is an extract from the Chairman's letter of November 7, 1916, to the Colonial Secretary on the subject.

“Further, since the increase of fast motor traffic the tarring of the roads has become a necessity in order to preserve the life of the road surface. Apart from preventing the inconvenience which would arise from the dust, the tarring of roads materially saves the road from rapid deterioration. If there were no tarring there would inevitably be an increased cost on metalling.”

This is clearly and strongly brought out by the fact that the Works Engineer proposes to meet the increased wear on the trunk roads caused by the running of motor buses, not by additional metalling, but by more frequent treatment of tar.

The Committee are of opinion that under present day conditions of traffic, the grounds upon which Government have in the past declined to consider cost of tarring as part of the cost of upkeep of trunk roads are no longer tenable, and they, therefore, recommend that, in view of the considerations put forward in this report, Council should ask Government to reconsider their decision made in 1916, and that in future the cost of treatment with tar or other preservative and dust palliative should be included in the cost of upkeep.

18. Draft by-laws *re* motor buses have been prepared by the Superintendent of Police, Colombo, and the Acting Municipal Works Engineer. These by-laws have been drafted after careful considerations of the rules and regulations obtaining in other large cities, both in India and in Europe. The Committee consider that these by-laws contain the necessary provisions as regards motor buses, and recommend that they should be adopted by Council after reference to the Standing Committee on Law, and after such alterations and additions as that body consider advisable.

19. To sum up the recommendations of the Committee are :—

(1) That no motor bus service should be allowed on any gravel road or on any macadam road not treated with tar or other adequate dust palliative.

(2) That in the present state of the Kollupitiya road no motor bus service can or should be allowed over this road.

(3) That the other routes at present proposed should be sanctioned, except that on the proposed Mutwal route no service should at present be allowed further north than the Docklands Hotel in Modera street.

(4) That motor buses should not be allowed to come further into the Fort than as follows :—

Main street.—The junction with Leyden Bastion road, or the Customs entrance in Leyden Bastion road.

Parsons' road.—The four-way junction on the Fort side of Parsons' road bridge.

(5) That, if and when the narrow portion of the Bambalapitiya road immediately south of the Buller's road junction is widened, the following alternative route to serve Bambalapitiya and Wellawatta might be sanctioned viz., Union place, Alexandra place, Serpentine road, and Bambalapitiya road as far as the Kirillapone Canal bridge.

(6) That the widening referred to in preceding recommendation (5) is a necessary and urgent work which should be carried out as soon as funds permit, irrespective of the question of motor buses.

(7) That as a condition precedent of the running of the proposed motor bus services, Government be asked to amend the schedule to Ordinance No. 4 of 1916, (Vehicles Ordinance) so as to provide in the case of motor buses for a maximum annual tax of Rs. 1,000 on each bus with an annual stamp duty of the like amount in the case of motor buses used for hire, and to provide that in the case of motor lorries the present tax shall be doubled.

(8) That the grounds on which Government in 1916 declined to consider cost of treatment of roads with tar or other preservative as included in cost of upkeep of trunk roads, are no longer tenable, and that Government should therefore now be asked to re-consider their decision in this matter.

(9) That the draft by-laws annexed to this report contain the necessary provisions with regard to motor buses, and should be adopted by the Council after consideration and, if necessary, revision by the Standing Committee on Law.
