INSTRUCTIONS FOR THE GUIDANCE OF SUPERINTENDENTS OF ESTATES AND OF DISPENSERS IN CHARGE OF ESTATE DISPENSARIES.

An estate or group of estates which maintains a dispenser and a suitable building for a dispensary will be allowed a certain amount of drugs free by Government. Government encourages the establishment of such dispensaries in the hope that treatment being placed within easy reach of the labourer, he will avail himself of it at a much earlier period in his illness than he probably would of that at the Government Dispensary, which is, as a rule, at a considerable distance from him.

At the earlier period the illness would most probably yield to such ordinary treatment as the estate dispensers are qualified to give; this would tend to lessen the number requiring hospital treatment, and eventually the hospital mortality, but Estate Superintendents are reminded that the employment of a dispenser does not free them from their obligations to their labourers under "The Medical Aid Ordinance, No. 9 of 1912."

Estate dispensers are not sufficiently trained, and are therefore not considered qualified to treat serious illness, and in all such cases the District Medical Officer should be sent for to see the patient in terms of section 12 (d) of Ordinance No. 9 of 1912. Superintendents are requested to see this rule duly carried out.

1. Superintendents may obtain such drugs as those prescribed in Appendix A at cost price from Government dispensaries to the total value of Rs. 5 for cash with order, provided that no quantity of any one drug of the value of more than Re. 1 shall be supplied at any one time; and from the Civil Medical Stores, Colombo, to any amount on application to the Superintendent on Medical Form 159 accompanied by a remittance.

2. Superintendents of estates having a dispensary with a qualified apothecary may have such prescribed drugs free of payment to the extent of 50 cents worth per head of the estate labour population per annum.

3. The free drugs supplied to estate dispensaries by Government are for the use of estate labourers exclusively, and shall not be put to any other use whatever.

4. In requisitioning for free drugs for an estate dispensary, Superintendents of estates must confine themselves to the list of drugs published in Appendix A.

5. The half-yearly requisitions for free drugs, to be despatched within a month, must reach the Office of the Principal Civil Medical Officer on or before the dates given below:—

For estates in the Central Province on January 10 and June 10.

For estates in the Uva and Southern Provinces on March 1 and August 1.

For estates in the Sabaragamuwa and North-Western Provinces on April 1 and October 1.

For estates in the Western Province on May 1 and November 1.

6. Drugs required between the half-yearly requisitions shall be applied for by an intermediate requisition (Medical Form 166).

7. Quinine and tincture of opium shall be applied for separately from other drugs, on Medical Form 166 for quinine, and on Opium Form No. 1 for tincture of opium.

8. All columns of requisition forms must be accurately filled up. The "Remaining" column must show the actual amount in stock at date of requisition. Requisitions shall be signed by the Superintendent of the estate and be accompanied by a certificate as in Appendix B.

9. Intermediate requisitions referred to in paragraph 6 will be complied with as little delay as possible, provided the cost of the drugs will not exceed the amount allowed by Government.

10. The half-yearly requisitions will be complied with within a month of their receipt.

11. The necessary forms, viz., Medical 84, Half-yearly Requisition; Medical 166, Intermediate Requisition; Medical 159, Requisition for Drugs on Payment; and No. 1 Opium Form can be obtained from the Civil Medical Stores on application.

12. On receipt of an application for drugs on payment, the applicant will first be informed of its cost, and the drugs will be issued without delay when cheque, postal or money order, has been received.

13. All cheques or postal or money orders must be crossed and made payable to the Principal Civil Medical Officer and Inspector-General of Hospitals.

14. Superintendents of scheduled estates can obtain from the Civil Medical Stores any drug on payment in the manner prescribed in paragraph 1.

15. Medicines will not be compounded at the Civil Medical Stores, but such may be obtained from the district hospitals and dispensaries.

16. All applications for drugs should give full directions how the drugs are to be forwarded.
17. Surgical instruments and appliances, stationery, and equipment will not be supplied by Government.
18. Subject to the approval of the Principal Civil Medical Officer and Inspector-General of Hospitals the appointment of a dispenser to the charge of an estate dispensary, continued employment, leave of absence, and the appointment of a temporary substitute shall rest with the Superintendent, who will also pay his salary and supervise his work.
19. It is to be clearly understood that an estate dispensary and its dispenser form no part of the Civil Medical Department or of Government Service, and that no pension rights are attached to the office.
20. The dispenser may collect for the Superintendent, to be forwarded to the District Medical Officer of the station, all reports of births and deaths on the estate under his charge immediately after they occur. These reports are not to be signed by the dispenser or any other person on the estate, except by the Superintendent himself, or any one acting for him, or, in his absence, by the person acting for him. This is a duty imposed on the Superintendent by section 12 (e) of Ordinance No. 9 of 1912.
21. The Superintendent may note on the death report whether the patient was attended by the estate dispenser; but the fact of his having been so attended does not free the Superintendent of his obligation to send for the District Medical Officer in terms of section 12 (d) of the Ordinance. The attendance of the estate dispenser cannot be considered as fulfilling the requirement of the Ordinance in serious cases.
22. The dispenser shall request the Superintendent of the estate to send for the Medical Officer of the District to see any serious case or cases for which he may require a higher opinion, or in which removal to the hospital might be injurious to the patient and he shall do so in all cases of prolonged midwifery.
23. The dispenser shall bring to the notice of the Superintendent the condition of the lines or their surroundings likely to injuriously affect the occupants, and suggest remedies.
24. The dispenser shall submit monthly a return to the Provincial Surgeon of the Province of the diseases treated at the estate dispensary on the form which would be supplied him for the purpose.
25. The dispenser shall keep a register of the patients treated by him, and a book in which he is to record all the prescriptions compounded by him.
26. Rules for the guidance of the dispenser as to hours of attending the dispensary and visiting lines on the estate will be drawn up by the Superintendent.
27. The supply of drugs to an estate dispensary will cease when an estate or group of estates will no longer maintain a dispenser.
28. Whenever the District Medical Officer or assistant is sent for to see a case on any of the estates provided with a dispensary either the one or the other must attend in person. In no case is an unqualified assistant or apothecary to be sent.
