## **Preface**

Maintenance of documentation services in national level is a responsibility of a national library in any country. The objective of a documentation service is to facilitate the readers to find required information conveniently. For this purpose, the Bibliographic Control Division of the National Library and Documentation Centre compiles a number of bibliographies, directories, indexes etc.. The Index to Research Reports in Sri Lanka is another such publication compiled by Bibliographic Control Division. Information on research reports compiled by various institutions in Sri Lanka from 2005 to 2009 are included in this index. Volume one of this index was published in 2010 and this is the volume II of the index. Information for this index was obtained from universities, research institutes etc. This is a very useful source for researchers as well as students who seek information on research reports in Sri Lanka. I thank Mr.G.D.Amarasiri, Director, Mr.W.Sunil Deputy Director, Miss Chandima Wadasinghe Head, Bibliographic Control Division and Mrs. K.G.Sudharma, Library Assistant (Grade 1) of Bibliographic Control Division of the National Library and Documentation Centre for compiling this Index

## **Introduction**

Information has become an essential requirement in modern knowledge based society. Information can be defined as knowledge which has been processed for a particular purpose. The objective of a documentation service is to gather the information scattered in various places and organise in such a way that readers could find the required information conveniently. Maintenance of documentation services in national level is a responsibility of a national library in any country.

Accordingly, the National Library and Documentation Centre (NLDC) of Sri Lanka maintains a number of documentation services in national level. Sri Lanka Newspaper Article Index , Index to Postgraduate Theses, Directory of Government Publications, Sri Lanka Conference Index are the main documentation services maintained by the NLDC.

The Index to Research Reports in Sri Lanka is another important documentation source compiled by the Bibliographic Control Division of the NLDC. This index contains information on research reports compiled by universities, postgraduates institutes, research institutes etc.. This index includes information on 500 research reports compiled in Sri Lanka. This is a very useful source for researchers, academics, students etc.. who seek information on research reports in Sri Lanka. I thank Mr.G.D.Amarasiri, Director, Miss Chandima Wadasinghe Head, Bibliographic Control Division, Mrs. K.G.Sudharma Library Assistant (Grade 1) for compiling this index and other officers of the Bibliographic Control Division I also thank Mr.Chaminda Hemesh De Silva, Head Information Technology Division and staff of the Publication Division who extended their support in numerous ways in compiling this index.
