CENSUS OF PRODUCTION, 1921.

TEA AND RUBBER.

The provisional totals of the Census of Estate Production for the year ending September 30, 1921, are published

in the annexed tables for general information.

"A" Estates.—For the purpose of this Census, a number of the larger estates in the charge of Superintendents who could fill in the returns in English were designated "A" estates, and forms were sent direct to them from the Statistics Office. I am greatly indebted to these Superintendents and their staffs for the care and promptitude with which the returns were sent in. By the end of December, 1921, only 108 estate returns were outstanding.

Other Estates.—The Census of Production for the smaller estates, village gardens, &c., was taken by the Government Agents and Assistant Government Agents through their headmen, and by the Chairmen of Municipalities and Local Boards:

through their subordinate officers.

Accuracy.—As this is the first occasion on which an attempt has been made to collect any figures for the smaller areas, it is probable that the totals for "Other" estates are subject to a considerable error, but it is hoped that they contain less guess work than the previous estimates. The returns from the "A" estates ought to be correct to the first four significant figures, even when allowance is made for the difficulties of dealing with interplanted areas. The totals, "Other" others are subject to a considerable error, but it is hoped that they contain less guess work than the previous estimates. for "Other" estates are probably not correct beyond the second figure.

Time required for Compilation.—With a few exceptions, the returns for the "A" estates were ready about the end of 1921, but it was considered advisable to await the figures for the "Other" estates before publication. The collection of these data through a large number of minor headmen required a longer time, and it was not till the end of February, 1922, that the abstraction of the "Other" totals for tea and rubber were complete. The returns for coconuts are still under

compilation, and will be published separately in due course.

Difficulties of Definition.—While it was fully realized that returns by planting districts would be of greater use to the planting community, it is regretted that it was found impossible to utilize these districts for the Census of "Other" estates. The only way in which a Census of all planted lands could be taken was according to the Revenue Districts, and the annexed returns are in this form. The conversion of the "A" part of the tables to planting districts is receiving attention, but it will show little difference from the figures published by the District Planting Associations for 1921, as they are supplied from the same sources, namely, the estate superintendents. Nevertheless, it is most important that a standard classification of estates should be decided upon to render possible comparisons of official and unofficial figures and I hope shortly to take that matter up with the Associations concerned.

The figures.—Any detailed examination of the figures in the annexed tables cannot be attempted here, but it may be noted that the grand totals do not appear to conflict seriously with previous estimates. The total acreage in tea has been usually put at about 400,000 acres, apparently a slight under-statement, while the number of pounds returned as manufactured between September 30, 1920, and September 30, 1921 (152,000,000) is about 4.5 per cent. less than the exports in the calendar year 1921. The acreage in rubber on "A" estates—303,000—is probably an accurate figure, and the total of 390,000 acres agrees well enough with the figure of 405,000 acres obtained by the Director of Agriculture in 1919. The total amount of rubber manufactured—82,900,000 lb.—in the year ending September 30, 1921, is about

6 per cent. less than the exports in 1921.

Notes regarding the Tables.—The sign "—" in the tables generally means "details not available" except in the cases of lines with all items so marked when it means "nil." It will be seen that detailed particulars have not been collected for "Other" estates. The figures for "A" estates in column 3 of both tables should be equal to the sum of corresponding figures in columns 4 and 5; those in column 10 of the rubber table to the sum of items in columns 7, 8, and 9 But in the cases marked * in the rubber table this is not so, as the information for one or more of the columns 4, 5, 7, 8, 9 was omitted from some of the returns.

(b) If the highest bid under condition 1 exceeds the sum of Rs. 2,000, the grantee shall at the same time execute, if so required by the Government Agent, in the form sanctioned by law, a power of attorney to confess judgment in any

action which may be instituted against him for the recovery of any moneys due in respect of this privilege.

(c) The grantee shall, on signing the conditions of sale, elect, and under his hand signify, a post office to which all notices and processes whatever in connection with the above said privilege shall be addressed under registered post; and all such notices or processes as aforesaid so addressed to the post office so elected and posted in due course shall be considered as good and effectual to all intents and purposes as if the same were served personally.

3. The grantee shall pay the purchase money to the Government Agent in twelve equal monthly instalments. The first instalment shall be considered due and payable on September 30, 1922, and the remainder on the last day of

each succeeding month. Interest at the rate of 9 per cent. per annum shall be payable on all arrears.

No payment of any sum due by the grantee to the Crown shall be considered as duly made unless the grantee shall produce a Kacheheri receipt therefor; and no money which, for his own convenience, the grantee may think fit to leave in the hands of the Shroff or any other officer of the Kacheheri shall be considered as money paid under this contract.

5. If any instalment of the purchase money, or any part of an instalment remains unpaid after the same shall have become due and payable, the Government Agent shall have power, after fifteen days' notice to the grantee of his intention to do so, without further process of law, to cancel the license or licenses issued to the grantee, and to re-sell the privilege at the risk and loss of the grantee. The notice referred to may be given in such manner as the Government

The grantee shall, on receipt of the license to sell, furnish to the Superintendent or Assistant Superintendent of Excise an application on the prescribed form showing the numbers and situations of the trees which he proposes to tap for the supply of fermented toddy for sale at each tavern, and no tree shall be tapped or toddy drawn for this purpose except under cover of a license setting forth the numbers and situations of the trees, the name of the drawer, and the tavern for which the fermented toddy is intended. The Superintendent of Excise or Assistant Superintendent of Excise shall have power, subject to appeal to the Excise Commissioner, to refuse any application to tap trees for any tavern if such application is, in his opinion, open to serious objection.

7. No tree shall be tapped or toddy drawn therefrom for the supply of fermented toddy for sale at a tavern unless such tree shall first have been marked for this purpose in a manner prescribed by the Excise Commissioner; nor shall toddy be transported to the tavern except under cover of a pass granted by the Superintendent of Excise or the Assistant Superintendent of Excise. Such pass shall set forth the name of the person who transports the toddy and shall be issued

to the grantee, who shall hand it to the person who transports the toddy.

8. The grantee, if he taps the trees and draws the toddy himself, or, if he delegates the work to another person, such person shall, at the time of tapping the trees or drawing the toddy, invariably carry the license on his person, and shall produce it forthwith on the demand of any Excise Officer or village headman. The grantee shall have no concern or interest, direct or indirect, in the sale of arrack, or in the purchase of any

privilege for the sale of arrack, within the Revenue District in which he possesses the privilege of selling toddy.

10. Except under the written authority of the Assistant Commissioner of Excise, no toddy, except toddy drawn from trees licensed and marked for a particular tavern, shall be kept, offered for sale, or sold in that tavern.

11. No fermented toddy shall be sold at a lower price than 40 cents per gallon, and in proportion for any smaller

quantity. 12. The Government Agent shall not be bound to find a site for any tavern in the event of the grantee not being

able to procure a site. No tavern shall be opened at any place except with the approval of the Government Agent. The purchaser shall, within ten days from the date on which the privilege commences to run, or within

such extended time as the Government Agent may grant, apply to the Government Agent and obtain a license or licenses for the sale by retail of fermented toddy at the taverns within the area covered by the privilege.

14. The grantee shall have no claim to a remission if the Government Agent or his Assistant shall find it necessary to order the taverns upon any road to be closed for a limited period during the march of troops, or upon the

plea of losses arising from any cause whatever.

15. (a) No bids will be accepted from any person who is a habitual criminal as defined by Ordinance No. 32 of 1914.

(b) The purchaser shall whenever called upon to do so by the Government Agent satisfy him that he is not a habitual criminal within the meaning of the said Ordinance.

16. The tavern within the area of the exclusive privilege granted under the foregoing conditions shall open at 7 A.M. and close at 6.30 P.M., except tavern No. 1, which shall close at 7 P.M. No toddy shall be sold at such tavern between the hour of closing and that of opening.

Save in exceptional circumstances, no trees will be licensed in areas in which there are no taverns. The rents will be sold by public auction on the following dates at the Kandy Kachcheri:— April 24, 1922, at 1 p.m.—Taverns in Kandy Municipelity, Yatinuwara, Udunuwara, Tunpane, Harispattu, Uda Dumbara, and Pata Dumbara.
