Notice under "The Excise Ordinance, No. 8 of 1912." ARRACK RENT SALE CONDITIONS, 1922-23

Conditions approved by His Excellency the Governor under Section 18 of "The Excise Ordinance, No. 8 of 1912," under which the Arrack Rent of the Chilaw, Kurunegala and Ratnapura Districts for the period October 1, 1922, to September 30, 1923, will be sold.

The Conditions under which the exclusive privilege of selling arrack by retail within ——— for the term of twelve months from October 1, 1922, to September 30, 1923, inclusive, is sold are, in addition to the general conditions applicable to all excise licenses published in the *Government Gazette* No. 7,250 of March 31, 1922, as follows :—

1. The Board appointed by His Excellency the Governor shall have power to accept or reject any bid or tender, and any bidder or tenderer whose bid or tender shall be accepted shall forthwith be declared by the Board to be the grantee of the privilege, and shall conform to and perform all the conditions under which the privilege is sold. 2. The grantee shall, immediately on his being declared the grantee, sign the memorandum hereunder written, and shall forthwith pay to the Government Treasury the value of one month's rent in cash, which amount shall be forfeited in whole or in part, at the discretion of the Government Agent, upon breach by the grantee of any of the conditions; and such forfeiture shall be in addition to any other penalty prescribed by the conditions for such breach.

3. The grantee shall execute, within ten days of his being declared the grantee, a bond without hypothecating property, with or without sureties, at the discretion of the Government Agent, for the due performance of the conditions of sale. Provided, however, that where the grantee proposes to give land belonging to other persons as security for the bond mentioned in condition 4 hereof, the owners of such land shall sign the bond referred to in this present condition as sureties in addition to the grantee.

4. The grantee shall also, within forty days of his purchase, mortgage with the Government Agent unencumbered landed property which, in the opinion of the Government Agent, is of the value of six months' rent, or shall deposit and pledge with the Government Agent cash to the amount of four months' rent, entering at the same time into a bond, with or without sureties, at the discretion of the Government Agent, for the due performance of the conditions. The grantee shall at the same time execute in the form sanctioned by law a power of attorney to confess judgment in any action which may be instituted against him on the said bond.

5. If security be given in cash, the amount deposited on the day of sale shall be allowed to count as part of the four months' rent which the grantee has to deposit as security. If, however, security be given in land; the cash deposit shall be retained as security additional to the landed property mortgaged with the Government Agent, and shall be hypothecated with it.

6. The grantee shall pay the purchase money in ______equal monthly instalments at the Office of the Government Agent at ______. The first instalment shall be considered as due and payable on the ______, and the remainder on the last day of each of the _______ succeeding months of the said term respectively, and in case of non-payment of any instalment or any part thereof at the time when the same shall become due, such instalment shall carry interest at the rate of nine per cent. per annum, and the Government Agent shall be at liberty to re-sell the said privilege on behalf of the Crown under condition 13. Where any monthly instalment or any part of such instalment, or any other sum due by the renter to Government, remains unpaid for one month or longer from the date when payment of the same falls due, the grantee shall pay, in addition to the interest on such amount, a fine equivalent to six per cent.

7. (a) The grantee shall have no claim to a remission if the Government Agent or his Assistant shall find it necessary to order the taverns upon any road to be closed for a limited period during the march of troops, or upon the plea of losses arising from any cause whatever.

(b) On days of polling the Government Agent or his Assistant shall order the closure of all taverns in the area in which polls are held and the grantee shall flave no claim to a remission on this account.

8. No payment of any sum due by the grantee to the Crown shall be considered as duly made unless the grantee shall produce a Kachcheri receipt therefor; and no money which, for his own convenience, the grantee may think fit to leave in the Shroff's hands shall be considered as money paid under this contract.

9. Licenses to sell arrack by retail at taverns in the localities specified in the list hereto annexed marked A shall, subject to condition 28 below, be issued to the grantee on his application, provided that the sites be approved by the Government Agent. The grantee shall also be allowed to establish storehouses at the under-mentioned places, but such storehouses shall be used exclusively for the purpose of supplying taverns within the limits of the grantee's exclusive privilege of selling arrack by retail, and the grantee shall not be at liberty to issue for that purpose arrack in quantities of less than three gallons at a time at any such storehouse.

10. If in the opinion of Government the average wholesale selling price of arrack in the Island exceeds Rs. 350 per leaguer of arrack at approximately 25 degrees under proof, Government will permit renters to import arrack on warrant in such quantities and on such conditions as Government may in each case consider necessary.

11. All arrack exposed or kept for sale in the taverns shall be of a strength not less than 30 degrees under proof, according to Sykes's hydrometer test, no allowance being made for the degree of obscuration introduced into the arrack by the addition of flavouring or colouring materials; and all arrack kept or exposed for sale in taverns and storehouses, shall be open at all times to inspection and test by Excise Officers.

12. The grantee shall be bound to receive any arrack, not exceeding thirty-five gallons, which may be found in the estate of any deceased person, or which may be confiscated by a Magistrate or Excise Officer, or which may belong to any wholesale or retail dealer whose license shall be withdrawn, and to pay to the Government Agent the value of the same at the rate of twenty per cent. below the minimum retail price thereof.

13. Should the grantee fail to perform any of the conditions of sale, the Government Agent shall be at liberty to forfeit the amount paid by the grantee under clause 2 hereof, or any portion thereof, and also either—

- (a) To re-sell the said privilege, or so much of the term thereof as may be unexpired, in which case the grantee shall be liable to the Crown for any loss that may arise from such re-sale, and shall not be entitled to any profit that may arise therefrom; such re-sale shall in no way release the grantee from payment to the Crown of any instalment which may have fallen due under these conditions. The said privilege may be re-sold in such way as His Excellency the Governor may direct; or
- (b) To resume possession of the said privilege, or so much of the term thereof as may be unexpired, and the same to have again, collect, receive, retain, and enjoy as of his former estate, and the said grantee, his executors and administrators, and all others thenceforth utterly to expel, put out, and remove, and thereupon to vacate and determine the sale, or to cancel or suspend any and all licenses granted to the renter as to the said Government Agent shall seem meet. Resumption of possession under this clause shall not deprive the Crown of the right to recover any instalment of the purchase money which may have become due under the conditions, nor of the right to resell at the risk of the grantee under clause (a) of this condition.

978

It shall be lawful for the Government Agent, after any re-sale of the said privilege at the risk of the grantee 14. under the foregoing condition, to withdraw all the licenses issued by him in respect of any storehouses under Condition 9. and the grantee shall, within forty-eight hours after the notice of such withdrawal has been personally served on him, or affixed to the storehouse or storehouses so licensed as aforesaid, deliver up to the Government Agent at the Kachcheri every such license to be cancelled, and shall forthwith cease to sell or issue arrack at any such storehouses.

In the event of the grantee failing to pay his instalments after they shall have become due, or being otherwise in default, the Government Agent shall be at liberty to credit the grantee with the amount deposited by him as security for such privilege, without waiting for a judgment or process of the Court condemning the renter in such sum.

16. The grantee and his sureties shall on their signing the conditions of sale elect, and under their hands signify, a place at which all notices and processes whatever, preparatory to or connected with legal proceedings at any stage thereof against them in respect of any sum of money due on account of the said rent, shall be left. And all such notices or processes as aforesaid left at the place so elected shall be considered as good and effectual to all intents and purposes as if the same were served personally

The grantee, before entering upon the said privilege, shall pay (a) the charges of the Crown Proctor for examining the title deeds of properties tendered by the grantee as securities and for drawing and, if necessary, attesting the security bond, (b) the fees for any opinions of Counsel which the Crown Proctor may consider desirable to obtain in connection with such deeds or security bond, (c) the expenses of appraising the properties ; and in default thereof the Government Agent shall be at liberty to appropriate the amount of such charges, fees, and expenses out of any payment on account of the said privilege. The grantee shall also, at his own expense, furnish with each deed so tendered by him an abstract of title and a certificate of encumbrances in respect thereof, and shall promptly supply any information that the Crown Proctor may require in connection therewith. Should any such deed have been at any time previously examined by the Crown Proctor in respect of any arrack rent, the grantee shall, when tendering the deed, furnish full particulars and dates of such previous examination.

18. The Government Agent is not bound to find sites for taverns in the event of the grantee not being able to procure sites from private parties or otherwise.

19. The grantee shall have no power to interfere in any way, directly or indirectly, with the sale of arrack at the Military Canteens, which are altogether excluded from the privilege aforesaid.

20. The right of Government to manufacture and sell or to issue licenses for the manufacture or sale of methylated spirits, as also the right to grant licenses for the manufacture, sale, and use of spirits distilled in the Island for chemical and other purposes, but not for drinking purposes, is hereby expressly reserved from the privilege sold under these conditions.

Improvements in or relating to the purification of the gases intended for the synthetic production of ammonia." Abstract.—The applicants state that carbon monoxide and/or oxygen can be very efficiently removed from the gas mixture used in the synthetic production of ammonia by passing this mixture under hyper-pressure over a catalyst having a basis of iron, at a temperature of 400-450° C. Water produced may be removed by condensation.

The claims are :----

1. A process for the purification of gaseous mixtures of hydrogen and nitrogen intended for the synthetic production of ammonia by the employment of hyper-pressures, which consists in destroying to a practically complete extent carbonmon-oxide and/or oxygen from the hyper-compressed mixture of gases by exclusively passing the said gases in the hyper compressed condition over a catalyzing material having a basis of iron, the said catalyzing material being either spent or fresh material. 2. A process as in claim 1, for use with gaseous mixtures, in which the proportion of carbon-mon-oxide is relatively high, amounting to 5 per cent. or over.

3. A process as in claim 1 or 2, in which the hyper-compressed mixture to be purified is passed over the catalyzing , material at a temperature of about 400° C to 450° C.

4. A process as in claim 1, 2, or 3, in which the water resulting from the decomposition of the impurities present in the gases is removed by condensation.

 $\overline{5}$ . A process as in any of the preceding claims, in which the purification treatment is effected in a catalyzing tube, interchangeable with the catalyzing tubes wherein the production of ammonia is effected.

6. The hereinbefore described process for the purification of gaseous mixtures of hydrogen and nitrogen intended for the synthetic production of ammonia by the employment of hyper-pressure.

7. Apparatus for the purification of gaseous mixtures of hydrogen and nitrogen intended for the synthetic production of ammonia by the employment of hyper-pressures, substantially as described.

. No. 1,906 of March 16, 1922 (Date applied for under Section 50 of the Ordinance, March 31, 1921). Societe Chimique de la Grande-Paroisse (Azote & Produits Chimiques).

"Improvements in or relating to apparatus for the synthesis of ammonia by means of hyper-pressures."

Abstract.—The applicants state that in the production of synthetic ammonia by the use of hyper-pressure it has heretofore been necessary to construct the catalyzer tubes of alloys poor in carbon and containing nickel, chromium, and similar metals, the proportion of nickel rising to 60 per cent. and over. The present invention deals with the use of a very soft iron, such as is used in dynamos and transformers, as the material for the construction of the catalyzer tubes, suitable means being provided to allow for the reduction in tensile strength, and the appearance of viscosity in this material at temperatures exceeding 500° C.

The claims are :---

1. A catalyzer tube or tubes made of a very soft iron having a low carbon content for use in apparatus for the synthetic production of ammonia by means of high temperatures and hyper-pressures.

2. A catalyzer tube or tubes as in claim 1, in which the said catalyzer tube or tubes is or are provided with means to counter-act effects due to viscosity and diminution in tensile strength resulting from the high temperature to which the catalyzer tubes are subjected.

3. A catalyzer tube as in claim 1, in which the parts of the said catalyzer tube to be subjected to the highest temperatures are provided with separated strengthening rings or with a sleeve fitted internally with circular ribs, of a metal resistant to the high stresses produced at the temperatures in question for the purpose specified.

4. A catalyzer tube or tubes as in claim 1, 2, or 3, in which the said tube or tubes is or are constructed of a metal of composition, substantially as hereinbefore specified.

5. A catalyzer tube or tubes constructed, substantially as described for the purpose specified.

6. An apparatus for the synthetic production of ammonia by the aid of a catalytic material, and under the action of high temperatures and hyper-pressures in which there is employed a catalyzer tube or tubes as claimed in any of the preceding claims.
