34. *Registration of Transfer.*—Every instrument of transfer must be left at the office of the Company to be registered, accompanied by such evidence as the Directors may reasonably require to prove the title of the transferor, and a fee of Rs. 2·50, or such other sum as the Directors shall from time to time determine, must be paid; and thereupon the Directors, subject to the powers vested in them by Articles 32, 33, and 35, shall register the transferee as a Shareholder and retain the instrument of transfer.

35. *Directors may authorize Registration of Transferees.*—The Directors may, by such means as they shall deem expedient, authorize the registration of transferees as Shareholders without the necessity of any meeting of the Directors for that purpose.

40. *Failing such registration, Shares may be sold by the Company.*—If any person who shall become entitled to be registered in respect of any share under clause 39 shall not, from any cause whatever, within 12 calendar months after the event on the happening of which his title shall accrue, be registered in respect of such share, or if, in the case of the death of any Shareholder, no person shall, within twelve calendar months after such death, be registered as a Shareholder in respect of the shares of such deceased Shareholder, the Company may sell either by public auction or private contract, and give a receipt for the purchase money; and the purchaser shall be entitled to be registered in respect of such share, and shall not be bound to inquire whether the events have happened which entitled the Company to sell the same; the nett proceeds of such sale, after deducting all expenses and all moneys in respect of which the Company is entitled to a lien on the shares so sold, shall be paid to the person entitled thereto.

#### SURRENDER AND FORFEITURE OF SHARES.

41. *The Directors may accept surrender of Shares.*—The Directors may accept, in the name and for the benefit of the Company and upon such terms and conditions as may be agreed upon, a surrender of the shares of Shareholders who may be desirous of retiring from the Company.

42. (a) *If Call or Instalment be not paid, Notice to be given to Shareholder.*—If any Shareholder fails to pay any call or instalment on or before the day appointed for the payment of the same, the Directors may at any time thereafter, during such time as the call or instalment remains unpaid, serve a notice on such Shareholder or his executors or administrators, or the trustee or assignee in his bankruptcy, requiring him to pay the same, together with any interest that may have accrued at the rate of 9 per cent. per annum, and all expenses that may have been incurred by the Company by reason of such non-payment.

(b) *Terms of Notice.*—The notice shall name a day (not being less than one month from the date of the notice) on and a place or places at which such call or instalment and such interest and expenses as aforesaid are to be paid; the notice shall also state that in the event of non-payment at or before the time and at the place appointed, the shares in respect of which the call was made or instalment is payable will be liable to be forfeited.

(c) *In default of Payment, Shares to be forfeited.*—If the requisition of such notice as aforesaid be not complied with, every or any share or shares in respect of which such notice has been given may at any time thereafter, before payment of calls or instalments, with interest and expenses due in respect thereof, be declared forfeited by a resolution of the Board to that effect.

(d) *Shareholder still liable to pay Money owing at Time of forfeiture.*—Any Shareholder whose shares have been so declared forfeited shall, notwithstanding, be liable to pay and shall forthwith pay to the Company all calls, instalments, interest, and expenses owing upon or in respect of such shares at the time of the forfeiture, together with interest thereon from the time of forfeiture until payment at 9 per cent. per annum and the Directors may enforce the payment thereof if they think fit.

43. *Surrendered or forfeited Shares to be the Property of the Company, and may be sold, &c.*—Every share surrendered or so declared forfeited shall be deemed to be the property of the Company, and may be sold, re-allotted, or otherwise disposed of upon such terms and in such manner as the Board shall think fit.

44. *Effect of surrender or forfeiture.*—The surrender or forfeiture of a share shall involve the extinction of all interest in, and also of all claims and demands against, the Company in respect of the share and the proceeds thereof, and all other rights incident to the share, except only such of those rights (if any) as by these presents are expressly saved.

45. (a) *Certificates of Surrender or Forfeiture.*—A certificate in writing under the hands of two of the Directors and of the Agent or Secretary or Agents or Secretaries that a share has been duly surrendered or forfeited, stating the time when it was surrendered or forfeited, shall be conclusive evidence of the facts therein stated as against all persons who would have been entitled to the share but for such surrender or forfeiture; such certificate and the receipt of the Company for the price of such share shall constitute a good title to such share, and a certificate of proprietorship shall be delivered to any person who may purchase the same from the Company; such purchaser thereupon shall be deemed the holder of such share, discharged from all calls due prior to such purchase, and he shall not be bound to see to the application of the purchase money nor shall his title to such share be effected by any irregularity in the proceedings in reference to such forfeiture or sale.

(b) *Forfeiture may be remitted.*—The Directors may in their discretion remit or annul the forfeiture of any share within six months from the date thereof upon the payment of all moneys due to the Company from the late holder or holders of such share or shares, and all expenses incurred in relation to such forfeiture, together with such further sum of money by way of redemption money for the deficit, as they shall think fit, not being less than 9 per cent. per annum on the amount of the sums wherein default in payment had been made, but no share *bona fide* sold or re-allotted, or otherwise disposed of under Article 43 hereof, shall be redeemable after sale or disposal.

46. *Company's lien on Shares.*—The Company shall have a first charge or paramount lien upon all the shares of any holder or joint-holders for all moneys for the time being due to the Company by such holder, or by all or any of such

joint-holders respectively, either in respect of such shares or of other shares held by such holder or joint-holders or otherwise, and whether due from any such holder individually or jointly with others, including all calls, resolutions for which shall have been passed by the Directors, although the times appointed for the payment thereof shall not have arrived; and where any share is held by more persons than one, the Company shall be entitled to the said charge or lien in respect of any money due to the Company from any of such persons. And the Directors may decline to register any transfer of shares subject to such charge or lien.

47. *Lien how made available.*—Such charge or lien may be made available by a sale of all or any of the shares subject to it, provided that no such sale shall be made except under a resolution of the Directors, and until notice in writing shall have been given to the indebted Shareholder or his executors or administrators, or the assignee or trustee in his bankruptcy, requiring him or them to pay the amount for the time being due to the Company, and default shall have been made for twenty-eight days from such notice in paying the sum thereby required to be paid. Should the Shareholder over whose share the lien exists be in England or elsewhere abroad, sixty days' notice shall be allowed him.

48. *Proceeds how applied.*—The net proceeds of any such sale as aforesaid under the provisions of Articles 43 and 47 hereof shall be applied in or towards satisfaction of such debts, liabilities, or engagements, and the residue (if any) shall be paid to such Shareholder or his representatives.

49. *Certificate of Sale.*—A certificate in writing under the hands of two of the Directors and of the Agent or Secretary or Agents or Secretaries that the power of sale given by clause 47 has arisen, and is exercisable by the Company under these presents, shall be conclusive evidence of the facts therein stated.

50. *Transfer on sale how executed.*—Upon any such sale two of the Directors may execute a transfer of such share to the purchaser thereof, and such transfer, with the certificate last aforesaid, shall confer on the purchasers a complete title to such shares.

#### PREFERENCE SHARES.

51. *Preference and Deferred Shares.*—Any shares from time to time to be issued or created may from time to time be issued with any such right of preference, whether in respect of dividend or of payment of capital, or both, or any such other special privilege or advantage over any shares previously issued or then about to be issued (other than shares issued with a preference), or with such deferred rights as compared with any shares previously issued or then about to be issued, or subject to any such conditions or provisions, and with any such right or without any right of voting, and generally on such terms as the Company may, from time to time, by special resolution, determine.

52. *Modification of Rights and Consent thereto.*—If at any time by the issue of preference shares or otherwise the capital is divided into shares of different classes—

- (1) The holders of any class of shares by an extraordinary resolution passed at a meeting of such holders may consent, on behalf of all the holders of shares of the class, to the issue or creation of any shares ranking equally therewith, or having any priority thereto, or the abandonment of any preference or priority, or of any accrued dividend, or the reduction for any time or permanently of the dividends payable thereon, or to any scheme for the reduction of the Company's capital affecting the class of shares;
- (2) All or any of the rights, privileges, and conditions attached to each class may be commuted, abrogated, abandoned, added to, or otherwise modified by a special resolution of the Company in General Meeting, provided the holders of any class of shares affected by any such commutation, abrogation, abandonment, addition or other modification of such rights, privileges, and conditions consent thereto, on behalf of all the holders of shares of the class, by an extraordinary resolution passed at a meeting of such holders.

Any extraordinary resolution passed under the provisions of this Article shall be binding upon all the holders of shares of the class, provided that this Article shall not be read as implying the necessity for such consent as aforesaid in any case in which but for this Article the object of the resolution could have been effected without it.

53. *Meeting affecting a particular Class of Shares.*—Any meeting for the purpose of the last preceding clause shall be convened and conducted in all respects as nearly as possible in the same way as an Extraordinary General Meeting of the Company, provided that no Shareholder, not being a Director, shall be entitled to notice thereof or to attend thereat, unless he be a holder of shares of the class intended to be affected by the resolution, and that no vote shall be given except in respect of a share of that class, and that at any such meeting a poll may be demanded in writing by any Shareholder personally present and entitled to vote at the meeting.

#### CALLS.

54. (a) *Directors may make Calls.*—The Directors may from time to time make such calls as they think fit upon the registered holders of shares in respect of moneys unpaid thereon, and not by the conditions of allotment made payable at fixed times; and each Shareholder shall pay the amount of every call so made on him to the persons and at the times and places appointed by the Directors, provided that two months' notice at least shall be given to the Shareholders of the time and place appointed for payment of each call.

(b) *Calls, time when made.*—A call shall be deemed to have been made at the time when the resolution authorizing the call was passed at a Board Meeting of the Directors or by resolution in writing in terms of Article 121.

(c) *Extension of Time for Payment of Call.*—The Directors shall have power in their absolute discretion to give time to any one or more Shareholder or Shareholders, exclusive of the others, for payment of any call or part thereof on such terms as the Directors may determine. But no Shareholder shall be entitled to any such extension, except as a matter of grace or favour.

55. *Interest on Unpaid Call.*—If the sum payable in respect of any call or instalment is not paid on or before the day appointed for the payment thereof, the holder for the time being of the share in respect of which the call shall have been made, or the instalments shall have been due, shall pay interest for the same at the rate of 9 per centum per annum from the day appointed for the payment thereof to the time of the actual payment, but the Directors may, when they think fit, remit altogether or in part any sum becoming payable for interest under this clause.

56. *Payment in anticipation of Calls.*—The Directors may at their discretion receive from any Shareholder willing to advance the same, and upon such terms as they think fit, all or any part of the amount of his shares beyond the sum actually called up.

#### BORROWING POWERS.

57. *Power to Borrow.*—The Directors shall have power (a) to procure from time to time, in the usual course of business, such temporary advances on the produce in hand, or in the future to be obtained from the Company's estates, as they may find necessary or expedient for the purpose of defraying the expenses of working the Company's estates, or of erecting, maintaining, improving, or extending buildings, machinery, or plantations, or otherwise; (b) also from time to time, at their discretion, to borrow or raise from the Directors or other persons any sum or sums of money for the purposes of the Company, but so that the amount at any one time owing in respect of moneys so borrowed or raised shall not, without the sanction of a General Meeting, exceed the sum of One hundred and fifty thousand Rupees (Rs. 150,000); (c) also to raise and borrow a sum not exceeding Three hundred thousand Rupees (Rs. 300,000) by the creation and issue of

redeemable debentures on such terms and conditions and at such rate of interest as the Directors shall in their absolute discretion think fit, and to secure the same by a primary mortgage over the Company's Marigold and Donachie Estates and/or any other estate or estates which the Company may acquire; (d) the Directors shall, with the sanction of a General Meeting, be entitled to borrow such further sum or sums, in addition to the sums which under the provisions of sub-sections (a), (b), and (c) of the present Article the Directors are authorized to raise and borrow, and at such rate of interest as such meeting shall determine. The Directors may, for the purpose of securing the repayment of any such sum or sums of money so borrowed or raised, create and issue any mortgages, debentures, mortgage debentures, debenture stock, bonds, or obligations of the Company, charged upon all or any part of the undertaking, revenue, property, and rights or assets of the Company, (both present and future), including uncalled capital or unpaid calls, or give, accept, or endorse on behalf of the Company any promissory notes or bills of exchange. Provided also that before the Directors execute any mortgage, issue any debentures, or create any debenture stock to secure the repayment of any sum or sums which may be borrowed under the provisions of this present sub-section 57 (d) they shall obtain the sanction thereto of the Company in General Meeting, whether Ordinary or Extraordinary, notice of the intention to obtain such sanction at such meeting having been duly given. Any such securities may be issued either at par or at a premium or discount, and may from time to time be cancelled or discharged, varied, or exchanged as the Directors may think fit, and may contain any special privileges as to redemption, surrender, drawings, allotment of shares, or otherwise. Every debenture or other instrument issued by the Company for securing the payment of money may be so framed that the moneys thereby secured shall be assignable free from any equities between the Company and the person to whom the same may be issued. A declaration under the Company's seal contained in or endorsed upon any of the documents mentioned in this Article and subscribed by two or more of the Directors, or by one Director and the Agent or Secretary or Agents or Secretaries, to the effect that the Directors have power to borrow the amount which such document may represent, shall be conclusive evidence thereof in all questions between the Company and its creditors, and no such document containing such declaration shall, as regards the creditor, be void on the ground of its being granted in excess of the aforesaid borrowing power, unless it shall be proved that such creditor was aware that it was so granted.

#### MEETINGS.

58. *First General Meeting.*—The First General Meeting of the Company shall be held at such time, not being more than twelve months after the registration of the Company, and at such place as the Directors may determine.

59. *Subsequent General Meetings.*—Subsequent General Meetings shall be held once in every year at such time and place as may be prescribed by the Company in General Meeting, and if no time or place is prescribed, as such time and place as may be determined by the Directors.

60. *Ordinary and Extraordinary General Meetings.*—The General Meetings mentioned in the two last preceding clauses shall be called Ordinary General Meetings; all other meetings of the Company shall be called Extraordinary General Meetings.

61. *Extraordinary General Meetings.*—The Directors may, whenever they think fit, call an Extraordinary General Meeting, and the Directors shall do so upon a requisition made in writing by not less than one-seventh of the number of Shareholders holding not less than one-seventh of the issued capital and entitled to vote.

62. *Requisition of Shareholders to state object of Meeting; on receipt of Requisition, Directors to call Meeting, and in default Shareholders may do so.*—Any requisition so made shall express the object of the meeting proposed to be called, shall be addressed to the Directors, and shall be sent to the registered office of the Company. Upon the receipt of such requisition the Directors shall forthwith proceed to convene an Extraordinary General Meeting, to be held at such time and place as they shall determine. If they do not proceed to convene the same within seven days from the delivery of the requisition, the requisitionists may themselves convene an Extraordinary General Meeting, to be held at such place and at such time as the Shareholders convening the meeting may themselves fix.

63. *Notice of Resolution.*—Any Shareholder may, on giving not less than ten days' previous notice of any resolution, submit the same to a meeting. Such notice shall be given by leaving a copy of the resolution at the registered office of the Company.

64. *Seven days' notice of Meeting to be given.*—Seven days' notice at least of every General Meeting, Ordinary or Extraordinary, and by whomsoever convened, specifying the place, date, hour of meeting, and the objects and business of the meeting, shall be given either by advertisement in the *Ceylon Government Gazette*, or by notice sent by post, or otherwise served as hereinafter provided, but an accidental omission to give such notice to any Shareholder shall not invalidate the proceedings at any General Meeting.

65. *Business requiring and not requiring Notification.*—Every Ordinary General Meeting shall be competent, without special notice having been given of the purposes for which it is convened, or of the business to be transacted thereat, to receive and discuss any report and any accounts presented thereto by the Directors, and to pass resolutions in approval or disapproval thereof, and to declare dividends, and to elect Directors and Auditors retiring in rotation, and to fix the remuneration of the Auditors; and shall also be competent to enter upon, discuss, and transact any business whatever, of which special mention shall have been made in the notice or notices upon which the meeting was convened.

66. *Notice of other Business to be given.*—With the exceptions mentioned in the foregoing Articles as to the business which may be transacted at Ordinary General Meetings without notice, no General Meeting, Ordinary or Extraordinary, shall be competent to enter upon, discuss, or transact any business which has not been specially mentioned in the notice or notices upon which it was convened.

67. *Quorum to be present.*—No business shall be transacted at any General Meeting, except the declaration of a dividend recommended by a report of the Directors or the election of a Chairman, unless there shall be present in person at the commencement of the business two or more persons, being Shareholders entitled to vote, or persons holding proxies or powers of attorney from Shareholders entitled to vote.

68. *If a quorum not present, Meeting to be dissolved or adjourned; adjourned Meeting to transact Business.*—If at the expiration of half an hour from the time appointed for the meeting the required number of persons shall not be present at the meeting, the meeting, if convened by or upon the requisition of Shareholders, shall be dissolved, but in any other case it shall stand adjourned to the same day in the next week at the same time and place; and if at such adjourned meeting a quorum is not present, those Shareholders who are present shall be a quorum, and may transact the business for which the meeting was called.

69. *Chairman of Directors or a Director to be Chairman of General Meeting; in case of their absence or refusal, a Shareholder may act.*—The Chairman (if any) of the Directors shall be entitled to take the Chair at every General Meeting, whether Ordinary or Extraordinary; but if there be no Chairman, or if at any meeting he shall not be present within 15 minutes after the time appointed for holding such meeting, or if he shall refuse to take the Chair, the Shareholders shall choose another Director as Chairman; and if no Directors be present, or if all the Directors present decline to take the Chair, then the Shareholders present shall choose one of their number to be Chairman.

70. *Business confined to election of Chairman while Chair vacant.*—No business shall be discussed at any General Meeting except the election of a Chairman whilst the Chair is vacant.

71. *Chairman with consent may adjourn Meeting.*—The Chairman, with the consent of the meeting, may adjourn any meeting from time to time and from place to place, but no business shall be transacted at any adjourned meeting other than the business left unfinished at the meeting from which the adjournment took place, unless due notice shall be given.

72. *Minutes of General Meetings.*—Minutes of the proceedings of every General Meeting, whether Ordinary or Extraordinary, shall be entered in a book to be kept for that purpose, and shall when so entered be signed as soon as practicable by the Chairman of the same meeting, or by the Chairman of the succeeding meeting, and the same when so entered and signed shall be evidence of all such proceedings and of the proper election of the Chairman.

#### VOTING AT MEETINGS.

73. *Votes.*—At any meeting every resolution shall be decided by the votes of the Shareholders present. In case there shall be an equality of votes, the Chairman at such meeting shall be entitled to give a casting vote in addition to the votes to which he may be entitled as a Shareholder and proxy and attorney; and unless a poll be immediately demanded in writing by some Shareholder present at the meeting and entitled to vote, a declaration by the Chairman that a resolution has been carried, and an entry to that effect in the Minute Book of the Company, shall be sufficient evidence of the fact without proof of the number of votes recorded in favour of or against such resolution.

74. *Poll.*—If a poll be duly demanded, the same shall be taken in such manner and at such time and place as the Chairman shall direct, and the result of the poll shall be deemed to be the resolution of the meeting at which the poll was demanded. The demand of a poll shall not prevent the continuance of a meeting for the transaction of any business other than the question on which a poll has been demanded.

75. *Poll how taken.*—If at any meeting a poll be demanded by notice in writing signed by some Shareholder present at the meeting and entitled to vote, which notice shall be delivered during the meeting to the Chairman, the meeting shall, if necessary, be adjourned and the poll shall be taken at such time and in such a manner as the Chairman shall direct; and in such case every Shareholder shall have the number of votes to which he may be entitled as hereinafter provided, and in case at any such poll there shall be an equality of votes, the Chairman of the meeting at which such poll shall have been demanded shall be entitled to a casting vote in addition to any votes to which he may be entitled as a Shareholder and proxy and attorney, and the result of such poll shall be deemed to be the resolution of the Company in such meeting.

76. *No poll on election of Chairman or on question of adjournment.*—No poll shall be demanded on the election of a Chairman of the meeting or on any question of adjournment.

77. *Number of Votes to which Shareholder entitled.*—On a show of hands every Shareholder present in person shall have one vote only. In case of a poll every Shareholder present in person or by proxy or attorney shall have one vote for every one share held by him up to ten shares; he shall have an additional vote for every ten shares held by him beyond the first ten shares up to one hundred shares; an additional vote for every twenty-five shares beyond the first one hundred shares. When voting on a resolution involving the winding up of the Company, every Shareholder shall have one vote for every share held by him.

78. *Curator of minor, &c., when not entitled to vote.*—The parent or curator of a minor Shareholder, the committee or other legal guardian of any lunatic Shareholder, the husband of any female Shareholder not entitled to her shares as separate estate, and the executor or administrator of any deceased Shareholder, or any one of such persons as aforesaid, if more than one, shall not be entitled to vote in the place of such minor, lunatic, female, or deceased person, unless such person shall have been registered as a Shareholder.

79. *Voting in Person or by Proxy or Attorney.*—Votes may be given either personally or by proxy or by attorney duly authorized.

80. *Non-Shareholder not to be appointed Proxy; but Attorney though not Shareholder may vote.*—No person shall be appointed a proxy who is not a Shareholder of the Company, but the attorney of a Shareholder, even though not himself a Shareholder of the Company, may represent and vote for his principal at any meeting of the Company.

THE following Specifications have been accepted :—

No. 1,882 of November 21, 1921.

*Sir Henry Alexander Wickham, Knight Bachelor and Roa, Limited.*

Improvements in or relating to apparatus for the treatment of latex.

*Abstract.*—The applicants describe an improved apparatus for the smoke treatment of latex. A gravity-fed latex-distributor spreads latex over the whole width of a travelling band with an enclosed casing over at least its upper portion. Smoke is admitted into the casing at the end remote from the latex-distributor, and a smoke exit is situated close to the latter. A roller within the latex-container rotates in contact with the edge of a shoot so as to pass a uniform film of latex down the shoot on to the band. A furnace is disposed within the outer casing and acts partly as a retort and partly as a smoke producer. There are also provided a smoke-scoop to assist in the removal of smoke from the outlet, means to collect moisture condensed in the outlet flue, stripping means to remove the latex from the band, means to regulate the supply of latex, and adjusting means for the band.

The claims are :—

1. In or for apparatus of the type described the combination of a band upon which the latex is to be treated and an enclosing casing for at least the upper portion of the band, a gravity-fed latex-distributor entering the casing at or near one end of the band to spread latex over substantially the whole width of the band, a smoke-inlet which opens into the casing at or near that end of the band remote from the latex-distributor, and a smoke-outlet which is situated in the top cover close to and in front of a latex-distributor considered in the direction of flow of the smoke, with or without an inspection opening in the top cover.

2. Apparatus of the type described having a gravity-fed latex-delivery means comprising a container for the latex outside the enclosing casing and an inclined shoot by which the latex is delivered from the container to the surface of the carrier, characterized by a roller arranged to rotate within the latex-container and by the upper edge of the shoot (for example, the shoot 119 pivotally mounted at 120) being so disposed that it is or can be maintained in contact with the periphery of the roller along a line parallel with the axis of the roller, for the purpose described.

3. Apparatus according to claim 2 wherein a roller is rotatable within an open-topped pan to which latex is supplied from an independent latex reservoir or pot.

4. Apparatus according to claim 2 wherein the lower edge of the latex-shoot is adjustable towards and away from the surface of the carrier, for example, by means of a pivoted extremity such as 122, for the purpose described.

5. Apparatus according to claim 1 or claim 2 combined with a smoke-scoop (for example, 37) depending from the rear wall of the smoke-outlet, considered in the direction of flow of the smoke, and extending below the underside of the top cover and terminating close to but clear of the band.

6. Apparatus according to any one of the preceding claims having a smoke-outlet flue combined with an internal annular trough near the lower end of the flue to collect moisture which condenses from the escaping smoke or gases on the internal walls of the flue.

7. Apparatus according to any one of the preceding claims combined with stripping-rollers (for example, 39, 40 or 131, and 133) operating in conjunction with the band or carrier for removing the layer of coagulated latex from the band.

8. Apparatus according to any one of the preceding claims wherein the latex-distributor comprises a reservoir having a discharge opening at its lower end and situated at a position outside the casing in which the band travels, a latex-shoot extending from the discharge opening towards and terminating close to the band or carrier inside the casing, and an adjustable valve (for example, the sluice 26) for the outlet.

9. Apparatus of the type described wherein a furnace is disposed within the outer casing and within the space enclosed by the periphery of the carrier, the only outlet from the furnace discharging outside the casing which encloses the carrier.

10. Apparatus according to claim 9, characterized by the furnace serving as a producer for the smoke to be used for treating the latex, and by the outlet from the furnace comprising a conduit or conduits leading from the said furnace and discharging again into the casing at or near that end of a diameter of the carrier which is beyond the latex-shoot in the direction of travel of the surface of the carrier immediately beneath the shoot.

11. Apparatus according to claim 10, characterized by the said smoke conduit or conduits being arranged to discharge a stream of smoke so as to impinge directly on to the latex on the carrier, for the purpose described.

12. Apparatus of the type described or according to any one of the preceding claims wherein the carrier is in the form of an endless metal band.

13. Apparatus according to claim 12, characterized by yielding means for automatically adjusting the tension of the band, for example, the parts 126, 127, 128, and 129.

14. Apparatus of the type described, characterized by the provision of a stripping-knife for removing the treated latex from the band, with or without means yieldingly maintaining the stripping-edge of the stripping-knife in contact with the surface of the carrier.

15. Apparatus of the type described, characterized by the provision of a stripping roll (for example, a roll such as 163 having a smooth or serrated surface) for removing the treated latex from the band, with or without means yieldingly maintaining the surface of the stripping roll in contact with the surface of the carrier and means to rotate the roll in such a direction that the surfaces of the roll and band move in opposite directions where they contact with one another.

16. Apparatus for the treatment of latex, substantially as described with reference to Figures 1-7 or Figures 8-10 or Figure 11 of the accompanying drawings.

Three sheets of drawings.

No. 1,932 of July 22, 1922.

*Charles Edward Homan.*

Improvements in the manufacture of coir or hemp ropes and the like.

*Abstract.*—The applicant describes a method of making a rope in which spun yarn or strands are passed through a bath of rubber latex, so that the latter adheres to the required thickness: the rubber is then coagulated and dried. The rubber coated yarn is then worked into a strand and the strands into a rope. Finally the surface layers are vulcanized.

The claims are :—

1. In the manufacture of coir or hemp ropes or the like, coating the yarns and/or strands with rubber before laying them to form the rope or the like.

2. In the manufacture of coir or hemp ropes or the like, coating the yarns and/or strands with rubber before laying them to form the rope or the like, and vulcanizing the rubber near the surface after the strands have been laid.

3. In the manufacture of coir or hemp ropes or the like, coating the yarns and/or strands with uncoagulated fluid rubber latex, subsequently coagulating the coating of latex and afterwards laying those rubber coated yarns or strands to form the rope or the like, and subsequently vulcanizing the rubber near the surface of the rope.

4. In the manufacture of coir or hemp rope or the like, the process of coating the yarns and/or strands with rubber. No drawings.

No. 1,935 of August 10, 1922.

*McLeroth Pneumatic Tyre Syndicate, Ltd.*

Improvements in or relating to air tubes for pneumatic tyres.

*Abstract.*—The applicants describe a stud for use in a pneumatic tyre air tube having a plurality of sections so arranged that puncturing one section does not materially affect the tyre as a whole. The stud is of vulcanite, metal, or the like, and has a neck with a fine axial hole in it communicating with transverse fine holes placed diametrically in the base.

The claims are :—

1. For use in an air tube of the kind hereinbefore set forth for a pneumatic tyre, a stud with or without a head, formed with a fine substantially axial passage communicating with a passage or passages arranged transversely of the base of the stud and debouching at the periphery thereof, substantially as described.

2. For use in an air tube of the kind hereinbefore set forth for a pneumatic tyre, a stud as claimed in claim 1 having through its base passages intersecting one another and communicating with the axial passage, substantially as described.

3. For use in an air tube of the kind hereinbefore set forth for a pneumatic tyre, a stud as claimed in claim 1 having formed in the surface of its base grooves intersecting one another and communicating with the axial passage, substantially as described.

4. For use in an air tube of the kind hereinbefore set forth for a pneumatic tyre, a stud as claimed in any of the preceding claims, the base and/or neck of which is or are fluted, ribbed, grooved, or otherwise roughened, substantially as described.

5. For use in an air tube of the kind hereinbefore set forth for a pneumatic tyre, a stud constructed substantially as and for the purpose described with reference to the accompanying drawings.

6. An air tube of the kind hereinbefore set forth for a pneumatic tyre provided with studs as claimed in any of the preceding claims.

One sheet of drawings.

No. 1,938 of August 17, 1922.

*Horace Stanley Wills.*

Improvements in processes of manufacturing rubber articles to avoid vulcanization as one of the steps.

*Abstract.*—The applicant describes a process for manufacturing rubber which he states enables vulcanization to be dispensed with: his process consists in mixing latex with an equal weight of Portland cement made fluid with water: the mixture is coagulated and rolled into crêpe, the latter is then dried at a temperature below 160° F. and is finally rolled again.

The claims are :—

1. In a process comprising several steps for manufacturing rubber articles, the step consisting in mixing Portland cement with the fresh latex before it becomes coagulated.

2. In a process comprising several steps for manufacturing rubber articles, the step consisting in rolling the mixture of latex and Portland cement, after it has become coagulated, into lace crêpe.

3. In a process comprising several steps for manufacturing rubber articles, the step consisting in heating the lace crêpe produced as claimed in claims 1 and 2 up to a temperature not exceeding 160° F.

4. In a process comprising several steps for manufacturing rubber articles, the step consisting in rolling, without the use of water, the lace crêpe produced as claimed in claims 1, 2, and 3 into sheets or strips of the required thickness or moulding it under pressure into the articles required.

5. The process for manufacturing rubber articles, comprising the step consisting in mixing Portland cement with the fresh latex before it becomes coagulated, the step of rolling into lace crêpe the said mixture of latex and Portland cement after it has become coagulated, and the step of heating the said lace crêpe so produced to a temperature not exceeding 160° F.

No drawings.

No. 1,940 of August 26, 1922.

*Healty and Gresham, Ltd.*

Improved means for adding reagents to liquids.

*Abstract.*—The applicants describe an apparatus for adding powder to a liquid as, for example, in softening water. The water flowing into a tank raises a float which in its upward movement rotates a shaft: on the shaft is an arm which raises a valve when the tank is full and allows the water to flow out. The oscillatory motion of the shaft is converted into rotation by a ratchet and pawl and this is transmitted to a horizontal wheel having necessary cups cut through it. The rotation carries the cups in turn below a hole in the powder container and then over the vessel which contains the water into which the powder is forced by a plunger; the liquid and powder are then mixed and passed through a filter.

The claims are :—

1. In apparatus for adding powder to a liquid, the combination of means for intermittently delivering a given quantity of the liquid, a wheel having in it measuring pockets and means actuated by the passage of the liquid for rotating the wheel step by step so as to cause it to deliver one pocket full of powder on each delivery of liquid.

2. Apparatus according to claim 1 in which the volume of liquid delivered at each operation can be regulated.

3. Apparatus according to claim 1 in which the powder is forced out from the pockets by means of a plunger.

4. In apparatus for adding powder to a liquid, the combination of a tank having in it a float, a shaft, means for rotating the shaft by the rise of the float, a powder receptacle, a measuring wheel beneath the receptacle, means whereby the movements of the shaft are caused to rotate the wheel step by step, and means for mixing the liquid and the powder, substantially as described.

5. Water softening apparatus, substantially as described with reference to the drawing.

One sheet of drawings.
