DRAFT ORDINANCE.

MINUTE.

The following Draft of a proposed Ordinance is published for general information :—

An Ordinance to empower the Governor to grant Licenses for the removal of Heavy Mineral Sand from the Foreshore.

WHEREAS it is expedient to empower the Governor to grant licenses for the removal of heavy mineral sand from the foreshore : Be it therefore enacted by the Governor of Ceylon, by and with the advice and consent of the Legislative Council thereof, as follows :

Preamble.

1 This Ordinance may be cited as "The Heavy Mineral Sand Ordinance, No. of 1925."

Short title.

2 In this Ordinance, unless the context otherwise requires—

Interpretation.

"Foreshore" means the shore and bed of the sea extending from high water mark at ordinary spring tides to a distance of one mile from low water mark at ordinary spring tides.

"Heavy mineral sand" means sand consisting to the extent of at least 75 per cent. of mineral grains possessing a specific gravity of not less than 3.5.

3 All heavy mineral sand on or under any part of the foreshore of the Island of Ceylon is hereby declared to be vested in the Crown.

Heavy mineral sand to be Crown property.

4 (1) The Governor may, if he thinks fit, from time to time grant a license to any person to remove heavy mineral sand from any part of the foreshore on such terms and conditions, including the payment of money, as the Governor shall think fit.

Licenses for removal of heavy mineral sand.

(2) If any person shall remove any heavy mineral sand from the foreshore without such a license as aforesaid or otherwise than in accordance with the terms and conditions of the license, he shall be guilty of an offence, and on conviction by a Police Magistrate shall be liable to a fine not exceeding one thousand rupees.

Saving clause.

5 Nothing in this Ordinance or in any license granted thereunder shall exonerate a person operating under a license from liability for any damage caused by his operations to any other person or to any land or buildings, or impose on the Governor or the Crown liability for any such damage.

By His Excellency's command,

Colonial Secretary's Office,
Colombo, February 18, 1925.

CECIL CLEMENTI,
Colonial Secretary.

Statement of Objects and Reasons.

THE object of this Bill is to confer power on the Governor to grant licenses for the removal of ilmenite sand from the foreshore. Ilmenite is a valuable mineral which is believed to exist in large quantities on the shores of Ceylon. Its chief use is for the manufacture of titanium pigments.

2. The foreshore being *res communis* under the Roman-Dutch law, licenses to remove sand therefrom cannot be granted without legislation.

3. The expression "heavy mineral sand" is used instead of "ilmenite sand" as other minerals, such as monazite, zircon, and magnetite, which have a commercial value, are found mixed with ilmenite.

4. By the definition of "foreshore" the operation of the Ordinance is extended to one mile from low water mark.
