All utensils and machinery employed in the manufacture must be kept scrupulously clean.

4. The water used in the manufacture shall be obtained from a source adequately protected from contamination and approved of by the Chairman of the Board. It shall be transported to the factory by means which shall ensure that no pollution occurs in transit. It shall be stored at the factory in properly constructed tanks or reservoirs connecting with the aerating apparatus.

5. All water used in the manufacture of aerated waters shall be passed through a Jewell or other filter approved by the Chairman and connected with the plant, provided that the Chairman shall have power to exempt from the operation of this rule water derived from an approved public supply.

Any person manufacturing any aerated waters which shall be proved to the satisfaction of the court to be unfit for human consumption shall be guilty of an offence.

CHAPTER XIV. [Section 9 E (2) (t).]

1. No person shall sink a well or cause a well to be sunk within the limits of any Sanitary Board town, unless he shall have given to the Chairman one month's notice of such his intention, or shall have obtained a permit from the Chairman to sink such well or cause it to be sunk.

2. No well shall be sunk less than 50 feet from any cesspit, cesspool, pigsty, gala, cattle shed, manure heap, leaking drain, neglected privy, heap of decaying vegetable or animal matter, or any manured land.

3. No cesspit, cesspool, privy, pigsty, gala, or cattle shed shall be constructed within a distance of 50 feet from any well used for drinking or domestic purposes, nor shall any manure, or decaying animal or vegetable matter be deposited, nor any land be cultivated with manure, nor any drain suffered to remain in a leaking condition within such distance.

5. A platform upon which to stand and draw water may be constructed over the top of a portion of the mouth of the well. This platform shall be so constructed as to be absolutely water-tight, so that no water therefrom can trickle back into the well, but all flow on to the apron or pavement referred to in rule 6. The said platform shall have a slope downwards from the centre of the mouth of the well outwards so as to throw off water and a water-tight ledge at least 6 inches high along its inner edge connected at both ends with the parapet wall. The remainder of the well mouth shall be surrounded by a parapet wall at least 2 feet 6 inches high. Or as an alternative a parapet wall may be built round the well with two pillars and a cross beam with a pulley for the purpose of drawing water.

6. The well shall be surrounded for a distance of 5 feet by a cement apron or pavement of stone or brick set in cement sloping away from the well.

7. The outer edge of such apron or pavement shall be surrounded by a cement gutter emptying into a leadaway drain not less than 10 feet long, so as to prevent the stagnation of water in the vicinity of the well.

9. Water from wells shall be drawn in clean receptacles.

10. No one shall wash clothes within 20 feet of the mouth of a well used for drinking or domestic purposes.

11. Every owner or lessee of a well used as a public bathing place shall supply bathing tubs, and shall not allow persons who bathe to draw water, and no person shall draw water from such well while bathing.

12. Whenever any tree or branch of any tree overhangs a well, and is deemed after inspection by the Chairman or any Sanitary Officer of the Board to be injurious to the water, owing to the dropping of the leaves or fruit into the water or by otherwise rendering the water unfit for use, it shall be lawful for the Chairman of the Sanitary Board to cause notice in writing to be given to the owner, lessee, or occupier of the ground on which such tree stands to cut down or remove such tree or branch, and if such notice is not complied with within fourteen days, such person shall be guilty of an offence.

13. The Chairman may, whenever he deems such a course to be necessary, cause notice to be given in writing to the owner, or lessee, or occupant of any compound in which there is a well used for drinking or domestic purposes to bale out the water and clean the well and execute such repairs as the Chairman may consider to be necessary, and if such notice is not complied with within fourteen days, such person shall be guilty of an offence.

14. Whenever it shall be decided by a resolution of the Sanitary Board that such a course is expedient in the interests of health, it may give notice to the owner, lessee, or occupant of any land to fill up or disinfect any well on such land, and the owner, lessee, or occupier shall thereupon be bound to comply with such order within eight days' time. Should such owner, lessee, or occupier fail within such time to comply with such order, such person shall be guilty of an offence.

Should the contractors specify that the empty receptacles are to be returned to them, the General Manager of the Railway will undertake that they shall not be used for any other purpose and that they will be returned as promptly as possible to the contractors.

20. Payments for the petrol will be made within 14 days of delivery.

21. If any of the petrol supplied is objected to by the Railway Storekeeper as not being of the quality contracted for, or as being inferior in quality to the standard specification of petrol aforementioned (see clause 14), and if such objection be confirmed by the Government Analyst at the expense of the contractors, the General Manager of the Railway shall be at liberty to deduct from the price of such petrol such sums as he may consider justifiable by reason of the inferior quality of the petrol, or he may reject such petrol. Whenever any petrol is so rejected the contractors shall, at their own cost and expense, forthwith remove such rejected petrol, and pending such removal the petrol shall remain and be at the risk of the contractors, and the contractors shall, in addition to any other penalty, be liable to refund to the General Manager of the Railway the cost incurred in the handling of such rejected petrol, and the amount of the cost so incurred, when certified under the hand of the General Manager of the Railway, shall be deemed final and conclusive for the purpose of such refund.

22. Subject to the provisions of clause 25 below, if the contractors shall at any time fail to supply the petrol ordered or should any petrol supplied be rejected as provided for in clause 21 and be not promptly replaced by the contractors with petrol of an acceptable quality, the General Manager of the Railway shall be at liberty to purchase elsewhere, at whatever price he may deem fit, such quantity of petrol as the contractors may have failed to supply; and should the petrol so purchased by the General Manager of the Railway cost more than the price agreed upon in the contract, the contractors shall be liable to pay the General Manager of the Railway the full amount of such excess cost, together with all expenses attending the purchase and procuring of the same.

23. Any payments for which the contractors may be liable under the conditions of clauses 21 and 22 shall be deducted by the General Manager of the Railway from any moneys which may be due to the contractors under the contract, provided that nothing in the contract shall effect the General Manager of the Railway's right to recover such payments by action at law.

24. Subject to the provisions of clause 25 below, if the contractors fail to supply petrol on the conditions laid down in this notice or in the contract agreement, or shall supply petrol inferior in quality to the standard specification of petrol aforementioned (see clause 14), or shall commit a breach of any of the covenants on the contractors' part to be observed and performed, then and in any of the said cases the General Manager of the Railway shall be at liberty, by notice in writing, to forthwith determine the contract, and thereon the contractors shall be liable to pay to the General Manager of the Railway all cost and expenses incurred by reason of such failure to supply petrol or by the supplying of petrol of inferior quality or by such breach of covenant, and shall in addition be liable to forfeit the sum of Rs. 1,000, which must be deposited by the contractors as security for the due performance of the terms of the contract.

25. Should tenderers desire to claim exemption from any penalties laid down in this notice on the grounds of exceptional and unforeseen difficulties, such as the act of God, &c., they must specify fully on the tender form the conditions under which they propose to claim exemption.

26. The decision of the General Manager of the Railway as to whether the contractors have been guilty of any breach of the covenants and conditions on the part of the contractors to be done, observed, and performed, and upon all questions arising out of or incidental to the contract shall be deemed final and conclusive, and the contractors shall be bound thereby.

27. The contractor shall not assign or transfer the contract or any interest therein without the permission in writing of the General Manager of the Railway.

28. No contract shall be entered into with any person whose name is on the list of Crown defaulting contractors, either individually or jointly with any other person, nor shall the contractor employ any person whose name is on the list of Crown defaulting contractors, or any other person to whom the General Manager, for reasons which appear to him sufficient, objects after giving due notice of his objection in writing.

29. If at any time any question, dispute, or difference shall arise between the General Manager of the Railway and the contractors upon or in relation to or in connection with the contract, either party may forthwith give the other notice in writing of the existence of such question, dispute, or difference, and such question, dispute, or difference shall be referred to arbitration of a person mutually agreed upon. The award of such arbitrator shall be final, conclusive, and binding on both parties.

30. All tenders for imported articles will be accepted only on the condition that the tenderer shall give the Government the benefit of any decrease in the Customs duties made after the signing of the tender and up to the expiry of the contract entered into hereafter, and the Government likewise undertakes to pay over and above the tendered rate such sum as shall adequately compensate the tenderer for any increase in the Customs duties during the period aforesaid.

AN auction sale of the under-mentioned ebony will be held at the Central Timber Depot, Kew road, Slave Island, Colombo, on Saturday, May 23, 1925, at 10 A.M., subject to the following conditions:—

1. The timber will be put up in lots to suit buyers at a rate per lot, and no advance of less than Re. 1 per lot will be accepted.

2. The highest bid will be accepted, subject to the approval or disapproval of the Conservator of Forests. The highest bidder will be required by the officer conducting the sale to sign the sale book kept for the purpose directly a lot has been knocked down to him.

3. Payment of 25 per cent. of the successful bid to be made at time of sale, if so required.

4. Buyers will be allowed to have the logs weighed at the depot premises, if so required, the cost of reweighing to be borne by such buyers. If any difference is found between the depot weight and the weight ascertained after reweighing, a certificate will be issued by this Department showing the actual weight at the time of reweighing, provided the buyers require such certificate for export purposes. But no allowance will be made for any shortage when making payment, the logs being sold by auction at a rate per lot and not per ton,

5. No timber shall be removed before payment of the full price bid, and all timber sold must be removed from the depot within ten days of date of notification of acceptance by the Conservator of Forests of such bid, and will be at the risk of the purchasers until removed.

6. Should any person to whom a lot is knocked down refuse to take it over at the full price bid, or refuse or fail to sign the sale book and pay 25 per cent. of his bid when so required, or refuse or fail to pay the full purchase amount or balance thereof, as the case may be, and to remove the timber within the time specified in clause 5 above, the lot will again be put up for auction, and the original purchaser or bidder will be held liable for any loss to Government owing to a lower price being realized at the resale, while, if an enhanced price is realized at such resale, he shall, however, have no claim to the profit which shall accrue to Government.

Sale of Satinwood.

AN auction sale of the under-mentioned satinwood will be held at the Central Timber Depôt, Kew road, Slave Island, Colombo, on Saturday, June 6, 1925, at 10 A.M., subject to the following conditions:—

1. The timber will be put up in lots to suit buyers at a rate per cubic foot, and no advance of less than 25 cents per cubic foot will be accepted.

2. The highest bid will be accepted, subject to the approval or disapproval of the Conservator of Forests. The highest bidder will be required by the officer conducting the sale to sign the sale book kept for the purpose directly a lot has been knocked down to him.

3. Payment of 25 per cent. of the successful bid to be made at time of sale, if so required.

4. Depôt measurements must be accepted, but previous to date of auction any prospective bidder is at liberty to check the measurements recorded in the notice and to represent any differences promptly.

5. No timber shall be removed before payment of the full price bid, and all timber sold must be removed from the Depôt within ten days of date of notification of acceptance by the Conservator of Forests of such bid, and will be at the risk of the purchasers until removed.

6. Should any person to whom a lot is knocked down refuse to take it over at the full price bid, or refuse or fail to sign the sale book and pay 25 per cent. of his bid when so required, or refuse or fail to pay the full purchase amount or balance thereof, as the case may be, and to remove the timber within the time specified in clause 5 above, the lot will again be put up for auction, and the original purchaser or bidder will be held liable for any loss to Government owing to a lower price being realized at the resale, while, if an enhanced price is realized at such resale, he shall, however, have no claim to the profit which shall accrue to Government.

7. Flowered logs, if not so advertised, shall be excluded from the lots advertised in the list, and shall be put up separately, at the discretion of the Assistant Conservator of Forests, after consulting the wishes of prospective purchasers.

8. Agents bidding for others will be required to produce a written authority from the firm or person for whom they bid, such authority will be retained by the Assistant Conservator of Forests, and will hold good only at the particular sale at which it is produced.

9. Fractions of a cubic foot less than .5 will be ignored, and anything over will be counted as one cubic foot in calculation of value of each log.

10. The description of the logs appearing in the remarks column of the following list is entered merely for the guidance of the intending purchasers who, as usual, should satisfy themselves as to its correctness before purchasing the logs.
