No candidate may offer any language or General Anthropology or Special Anthropology twice in the examination.

No candidate may offer in Section A and C together two languages of the group Italian, Spanish, Portuguese, or two of the group Norwegian, Swedish, Danish.

Only a candidate who takes two modern languages in Section B may offer Latin or Ancient Greek as an auxiliary language.

Instead of an auxiliary language a candidate whose mother tongue is an Indian language may offer as subject 5 either General Anthropology or Special Anthropology.

* The Civil Service Commissioners will regard no person as constitutionally fitted for appointment to the Indian Civil Service who has not been satisfactorily vaccinated within the last seven years.

† A syllabus defining in general terms the character of the examination in the various subjects is sent herewith.

11. In subjects 50 to 67 the civilization subject associated with a language can only be taken by candidates who offer the language itself for examination.

12. A candidate desiring to offer subject 24 or any of the subjects 31 to 43 must produce evidence satisfactory to the Commissioners of laboratory training in an institution of university rank. For Astronomy (29), Geography (44), the Physical Anthropology branch of Special Anthropology (46), and Agriculture (47), other equivalent training will be required. There will be no laboratory test as part of the examination.

13. From the marks assigned to candidates in each subject such deduction will be made as the Civil Service Commissioners may deem necessary in order to secure that no credit be allowed for merely superficial knowledge.

14. Moreover, if a candidate's handwriting is not easily legible a further deduction will, on that account, be made from the total marks otherwise accruing to him.†

15. A list of the competitors shall be made out in order of their proficiency as disclosed by the aggregate marks finally awarded to each competitor, and in that order so many competitors, up to the determined number of appointments, as are found by the Civil Service Commissioners to be qualified by examination, shall be designated to be selected candidates for the Indian Civil Service, provided that they appear to be duly qualified in other respects.

Should any selected candidate become disqualified, the Secretary of State for India will determine whether the vacancy thus created shall be filled or not. In the former case the candidate next in order of merit, and in other respects duly qualified, shall be deemed to be a selected candidate.

16. Application for permission to attend an examination must be made in the handwriting of the candidate, at such time and in such manner as may be fixed by the Civil Service Commissioners.

Such evidence should be in the form of a certificate signed by a responsible officer of the institution, and may be sent in advance of the form of application. In the case of an institution not situated in the British Isles, the certificate must state that the institution in which the work has been done is authorized to prepare candidates in that subject for a degree. Procedure.

Immediately the results of the examination are known, each successful candidate will be summoned to attend at the Civil Service Commission to be medically examined and to state their choice among the services open to them and among the various Departments, Provinces, or Colonies. That statement of choice is irrevocable.

Evidence of Age.

A candidate born in the United Kingdom must not send in a birth certificate with this form, but must be prepared to produce it when required.

A European or Anglo-Indian who was born in India must be prepared to produce when required a certificate of baptism from the district in which he or she was baptized. If this does not also mention the date of birth it must be accompanied by a statutory declaration by one of the candidate's parents, stating the date and place of birth.

An Indian born in India must send in with this form a certificate under Government of India Notification No. 1,114 of September 12, 1918. If the candidate's family is resident in British India the certificate must be signed by the Secretary to the Government of their province or by the Commissioner of their division. If they reside in an Indian State it must be signed by the highest political officer accredited to that State.

Fee.

Fees are *not* to be forwarded by candidates. Instructions respecting the manner of payment of the fee prescribed (£8), and respecting the time and place of the examination, will be sent to candidates before the examination.

ONE-YEAR AND TWO-YEAR PROBATIONERS.

(7) The principal vernaculars prescribed for the various provinces are shown in the following table :—

Bombay ..	Marathi
Bengal ..	Bengali
United Provinces ..	Urdu
Punjab ..	Urdu

Bihar and Orissa ..	Hindi
Central Provinces ..	Hindi

(8) A candidate assigned to a province the principal vernacular language of which is a language with which he is familiar, or is a language closely allied to one with which he is familiar, will not be examined in that language, but in the substitute or substitutes named below. A candidate assigned to Madras who is familiar with either Tamil or Telugu but not with both, will offer the other for examination; if he is familiar with both Tamil and Telugu he will be examined in the appropriate substitute or substitutes.

In the circumstances stated the substitute for the vernacular language for a One-year Probationer is British History; for a Two-year Probationer it is British History at the Intermediate Examination and European History at the Final Examination.

The Civil Service Commissioners will in each case decide whether a candidate is to study the principal vernacular or the substituted subject or subjects.

(9) The ordinary session of the Final Examination for the testing of riding will take place in advance of the rest of the Final Examination, and a special session will when necessary be held at a later date to the benefit of any candidate who may have failed at the ordinary session.

Candidates who at the ordinary session satisfy the Commissioners that they are sufficiently at home in the saddle for the efficient performance of all duties required of members of the Indian Civil Service will be awarded marks ranging between 101 and 200 according to the degree of proficiency displayed.

Candidates who at the ordinary session fall short of this adequate proficiency, but show such minimum proficiency as is evidence that with a moderate amount of practice they can attain full proficiency, will receive marks ranging between

1 and 100; they will be allowed to proceed to India and will on their arrival there be subjected to such further tests in riding as may be prescribed by their Local Government, and shall receive no increase to their initial salary until they have passed such tests to the satisfaction of that Government.

Any candidate who at the ordinary session fails to show a minimum proficiency will be examined again at a special session. If he then attains adequate proficiency he will not be subjected to further tests in India. If he attains minimum proficiency he will be allowed to proceed to India under the same condition as if he had attained minimum proficiency at the ordinary session. No credit in marks will be given for any performance at a special session.

Probationers may also be examined in riding at such time or times as the Commissioners may appoint during the course of the probationary period.

A candidate who fails at the end of the period of probation to satisfy the Civil Service Commissioners that he has reached the minimum standard of proficiency in riding will be liable to have his name removed from the list of selected candidates.

(10) Such deductions as the Civil Service Commissioners may consider necessary will be made from the marks assigned to candidates at the Intermediate and Final Examinations in order to secure that no credit is allowed for merely superficial knowledge.

(11) The Civil Service Commissioners will prepare lists of the candidates in order of merit; the order for the one-year probationers being based on the sum of the marks obtained by the candidates at the Open Competitive and Final Examinations, the order for the two-year probationers being based on the sum of the marks obtained by the candidates at the Intermediate and Final Examinations.

(12) The selected candidates whose performance in the compulsory subjects of the Final Examination is such as to satisfy the Civil Service Commissioners, and who have also satisfied the Commissioners of their eligibility in respect of nationality, age, health, character, and conduct during the period of probation, shall be certified by the Commissioners to be entitled to be appointed to the Indian Civil Service, provided that they shall comply with the regulations in force, at the time, for that Service.

(13) If any candidate is prevented by sickness or any other adequate cause from attending the Final Examination, the Commissioners may, with the concurrence of the Secretary of State for India in Council, allow him to appear at the Final Examination to be held in the following year, or at a special examination. A selected candidate absent for such adequate cause from the Intermediate Examination may, under similar conditions, be allowed to appear at the Intermediate Examination a year later or at a special examination, or, may be excused the Intermediate Examination and allowed to appear for the Final Examination in regular course.

Any candidate who at the Intermediate Examination shall appear to have wilfully neglected his studies, or to be physically incapacitated for pursuing the prescribed course of training, will be liable to have his name removed from the list of selected candidates.

Announcements made by the Civil Service Commissioners with the authority of the Secretary of State for India in Council:—

(i.) Selected candidates will be allotted to the various provinces upon a consideration of all the circumstances, including their own wishes; but the requirements of the Public Service will rank before every other consideration.

(ii.) An allowance of £300 a year, or, in the case of selected candidates possessing an Indian domicile, an allowance of £350 a year will be given to any candidate who passes his probation at one of the Universities or other Institutions that have been approved for the purpose by the Secretary of State for India in Council.

In the case of selected candidates on probation for one year the allowance will be payable in four equal instalments on the following dates respectively: December 24 after his selection; March 25, June 25, and after signature of covenant on appointment to the Service.

In the case of selected candidates on probation for two years the allowance will be payable in eight equal instalments, the first on December 24 after selection, the second to the seventh on the six following quarter days, and the eighth after signature of covenant on appointment to the Service.

The payment of the various instalments of the allowance except the final instalment, and, in the case of the two-year probationers, the instalment payable at the end of the first year of probation, will be conditional on the receipt by the Secretary of State through the Civil Service Commissioners of a certificate that the candidate has fulfilled up to date the requirements of the authorities and shown satisfactory conduct at the approved institution.

If an Indian Government scholar becomes a selected candidate for the Indian Civil Service, his scholarship stipend shall cease to be paid with effect from October 1 of the year in which he becomes a selected candidate. He may, however, provided he has executed the agreement referred to in (iv.) below, be granted on, or at any time after October 1, an advance on account of the instalment of the allowance payable on December 24.

The whole probation must ordinarily be passed at the same institution. Migration will not be permitted except for special reasons approved by the Secretary of State.

N.B.—The Secretary of State for India gives notice that the amount of the allowances will be reconsidered in 1927, with a view to a possible reduction with effect from the instalment payable in December, 1927.

(iii.) A First Class passage to India will be engaged for selected candidates with a view to their proceeding to India during November following their Final Examination.

(iv.) Each candidate will be required before receiving the first instalment of his allowance to execute an agreement binding himself and one surety jointly and severally to refund all moneys he may have received from the Secretary of State for India in the event of—

- (1) His failure to pass the Final Examination within the time prescribed by the Regulations, and to satisfy the Civil Service Commissioners of his fitness for admission to the Indian Civil Service; or
- (2) His subsequent failure to execute the usual covenant, and to proceed to India, as and when he shall be directed by the Secretary of State for India.

(v.) All candidates obtaining certificates will be also required to enter into covenants, by which, amongst other things, they will bind themselves to make such payments as under the rules and regulations for the time being in force they may be required to make for the pensions of their families. The stamps payable on these covenants amount to £1.

(vi.) Candidates appointed to the Indian Civil Service after undergoing one year's probation will be senior to those appointed in the same year after undergoing two years' probation. The seniority of candidates of each class *inter se* will be determined by the order in which their names appear on the lists referred to in clause (ii.) of the regulations.

(vii.) Candidates who fail to satisfy the Civil Service Commissioners at the Final Examination held in any year will be definitely rejected, and will not be allowed to present themselves for re-examination, unless it shall appear to the Secretary of State in Council, after reference to the Civil Service Commissioners, that such failure is due to circumstances wholly exceptional and beyond the control of the candidate.

(viii.) "Overseas pay" will not be admissible to Indian members of the Indian Civil Service selected at Open Competitive Examinations held in London in 1925 and subsequent years.

J. D. SARGENT,
Conservator of Forests.

Office of the Conservator of Forests,
Kandy, January 20, 1927.

TENDERS are hereby invited for the services described in the schedule and general conditions annexed.

2. All tenders should be in duplicate and sealed under one cover, and should be addressed to the Chairman of the Tender Board, Office of the Controller of Revenue, Colombo.

3. Tenders should either be deposited in the tender box in the Office of the Controller of Revenue, or be sent through the post.

4. Tenders should be marked "Tender for Supply of Timber, Northern Division," in the left hand top corner of the envelope, and should reach the Office of the Controller of Revenue, not later than midday on Tuesday, February 15, 1927.

5. The tenders are to be made upon forms which will be supplied upon application at the Forest Office, Jaffna, which can be applied for by post or personal application. No tender will be considered unless it is on the recognized form. Alterations must be initialled, otherwise the tender may be treated as informal and rejected.

6. A deposit of Rs. 20 will be required to be made either at the Treasury or Kachcheri, and a receipt forwarded or produced before any form of tender is issued. Should any person decline or fail to enter into the contract and bond after he has tendered, or to furnish approved security within ten days of receiving notice from the Head of the Department or his duly authorized representative, that his tender has been accepted, such deposit will be forfeited to the Crown, and the defaulter will render himself liable to be included in the list of defaulting contractors precluded from having any concern in a Government contract. All other deposits will be returned upon signature of a contract.

7. Each tender must be accompanied by a letter signed by two responsible persons, whose addresses must be given, engaging to become security for the due fulfilment of the contract.

8. Sufficient sureties will be required to join in a bond for the due fulfilment of the contract. The amount of the bond and all other information can be ascertained on application to the office referred to in section 5. A further security in cash of 5 per cent. of the value of the contract will be required of the contractor when entering into the bond.

9. Separate rates per cubic foot of timber in the log, per broad gauge and narrow gauge sleeper should be quoted, written both in words and figures.

10. No tender will be considered unless in respect of it all the conditions above laid down have been strictly fulfilled.

11. The Government reserves to itself the right, without question, of rejecting any or all tenders, and of accepting any portion of a tender, not necessarily the lowest tender.

12. The contractor's obligations and rights under this contract shall not be assigned or otherwise transferred or sublet without the consent and authority of the Conservator of Forests previously obtained in writing.

13. No contract shall be entered into with any person whose name is on the list of Crown defaulting contractors either individually or jointly with any other person, nor shall the contractor employ any person whose name is on the list of Crown defaulting contractors, or any other person to whom the Conservator of Forests, for reasons which appear to him sufficient, objects after giving due notice of his objection in writing.

14. Tenderers before tendering should inspect the areas of operation as shown in the schedule.

15. For further information and for inspection of the draft contracts, application should be made to the Divisional Forest Officer, Northern Division, Jaffna.

16. Tenderers, who have not previously held Government contracts, when applying for tender forms, should furnish the officer issuing the forms with a written statement giving their full names and permanent addresses, stating in which district or districts they own landed property or other interests. The extent of landed property and the nature and extent of other interests should also be given.

In the case of persons who have carried out contracts with the Forest Department, but not in the division or district concerned in the notice calling for tenders, they should state in which division or district or divisions or districts they held contracts.

In the case of persons who have carried out Government contracts with Departments other than the Forest Department, the name of such Department and the district in which the service was rendered should be stated.

Note.—Intending tenderers' special attention is drawn to condition No. (d) requiring that trees should be felled and logged by the saw alone, and condition No. (e) requiring that sleepers should be free from sapwood, free from shakes and large or loose knots, &c.

General Conditions.

(a) Trees are to be felled within 6 inches from the ground.

(b) All trees stamped for felling shall be felled by the contractor and utilized to the best possible advantage.

Close utilization, avoidance of wastage, and adequate return will be insisted on, and the contractor will be liable to pay the royalty value of any timber wasted

by inefficient utilization together with any compensation the Conservator of Forests may demand in respect thereof.

(c) No tree, not previously stamped for felling by a Forest Officer, shall be felled, and any breach of this rule renders the contractor liable in the same way as if such felling were an illicit felling as defined by the rules of the Forest Ordinance, No. 16 of 1907.

(d) To fell and convert into logs with the saw alone 213 logs (more or less) of 5 feet and over in mid-girth, excluding bark:

Each end shall be sawn with a clean face at right angles to the axis of the tree. These faces shall be covered with a coating of tar or suitable paint to eliminate the risk of splitting. (e) Sleepers should have all their four sides sawn and rectangular in shape. They should be free from sapwood and perfectly sound throughout, free from shakes and large or loose knots.

(f) Felling will not be permitted in more than two blocks at a time. Felling in the third block shall not commence before felling of all stamped trees in the first block is completed, and so on.

(g) Transport shall not commence in any block till all the stamped trees standing therein shall have been felled. Transport will not be permitted in more than one block at a time. Transport in the second block shall not commence before transport of all logs is completed in the first block, and so on.

(h) The plan of the demarcated blocks and the list of the trees enumerated therein can be seen at the Office of the Range Forest Officer, Mullaittivu and at the Divisional Forest Office, Jaffna.

(i) Intending tenderers are advised to inspect the area in which the trees are enumerated and satisfy themselves regarding conditions of transport, &c.

(j) The contractor shall from time to time receive payment from the Divisional Forest Officer, Northern Division, Jaffna, for material delivered and stacked at the Mankulam Forest Department Depôt and passed by him, as suitable for delivery to Government Departments. Rejected material will not be paid for and they will lapse to Government. The contractor shall have no claim in respect of any material sold as rejections.

(k) Failure on the part of the contractor to carry out the work efficiently and maintain deliveries as specified below, shall render him liable to have his contract closed, and to be fined a sum which will not exceed the sum deposited by him as security.

(l) Work shall be started within 15 days of signing the contract, and the contract shall be in force till August 15, 1927.

(m) The contractor shall observe the provisions of by-law 9 (a) under section 18 of Vehicle Ordinance, No. 4 of 1916, which runs as follows:—

"It shall not be lawful for any person to do any of the following acts—

(a) To load and cart with timber or other substance of more than 20 feet in length without having one end thereof secured to another sling cart."

(n) The tenderers are to initial and date the enumeration list on the day they obtain tender forms.

Minutes of Proceedings of a Special Meeting of the Municipal Council of Kandy, held in the Town Hall, Kandy, on November 27, 1926, at 9 a.m., to consider the report of the Assistant Director of Sanitary Services on the sources of Pollution of the Kandy Lake.

Present :—Mr. R. A. G. Festing, Chairman; Mr. J. C. Ratwatte; Mr. L. H. S. Pieris; Mr. G. E. de Silva; Dr. G. P. Hay; Mr. Haji M. S. Usoof Ismail; Mr. S. A. Wijayatilake; Dr. F. Keyt; and Mr. E. H. Vander Straaten.

The Chairman laid before the Meeting the report of the Assistant Director of Sanitary Services on the sources of pollution of the Kandy lake, which had been previously circulated to the Members.

On the motion of the Chairman, the Council went into Committee. The following resolutions were passed in Committee :—

1. Resolved that the Council is of opinion that as the lake can never be made sterile and must continue to be a source of potential danger (notwithstanding the valuable suggestions made by the Assistant Director of Sanitary Services) to any person using the water for bathing or washing purposes, the only remedy appears to be to secure an increased water supply to take the place of the lake water now being made use of, and that a scheme be considered for building a dam in the neighbourhood of Roseneath or some other suitable locality which will supply sufficient water for this purpose. Dr. Hay, with the assistance of the Provincial Surgeon, Provincial Engineer, Medical Officer of Health, and Superintendent of Municipal Works, undertook to present a report to the Municipal Council on the question. In the meantime, the Municipal Council will take such steps as it can to prevent casual pollution of the lake.

The Municipal Council desires to point out to Government that as the lake is the property of Government, the Council feels that it has a fair claim on Government for financial or other assistance in dealing with the problems connected with the lake.

2. The Superintendent of Municipal Works to give an estimate for day conservancy of the bungalows round the lake.

The Superintendent of Municipal Works to make special arrangements for the conservancy of the Garden Club premises.

3. Notices to be served for the provision of latrine accommodation for the small tenements, near the head of the lake, and along the banks of the Ampitiya stream.

Latrines for the Dorwin Estate are now being built.

4. The Medical Officer of Health to furnish report on the necessity for an additional latrine to take the place of the one removed from Malabar street, which was taken down, as it proved to be a nuisance.

5. That it be pointed out that it is not possible to close the bathing place at the Malwatte Vihare. Bathing is now restricted to the priests, and the bathing place is now kept locked.

6. *Market*.—That the fish counters be supplied with reservoir water.

The fountain supplying reservoir water to be stopped. The Superintendent of Municipal Works to report as to how many additional taps will be required when the fountain is closed.

Reservoir water to be provided for washing tripe.

The taps as suggested to be lowered, and hose provided for washing the floors.

7. It was also resolved to thank the Assistant Director of Sanitary Services for his very valuable report.

The Council resumed, and the resolutions passed in Committee were adopted.

Confirmed this 16th day of December, 1926 :

R. A. G. FESTING,
Chairman, Municipal Council, Kandy.

PROCLAMATION BY THE GOVERNOR.

(Continued from page 156.)

BY HIS EXCELLENCY THE GOVERNOR.

S 32/26

A PROCLAMATION.**HUGH CLIFFORD.**

KNOW Ye that We, the Governor, in exercise of the powers vested in Us by section 6 of "The Masters Attendant's Ordinance, 1865," with the advice and consent of the Executive Council, do hereby frame and establish as from and after the 1st day of March, 1927, the port rules set forth in the schedule hereto for the Port of Galle, and do hereby cancel and revoke the port rules made from time to time for the said port and published previous to this Proclamation.

Colombo, January 27, 1927.

By His Excellency's command,
E. B. ALEXANDER,
Acting Colonial Secretary.

GOD SAVE THE KING.**SCHEDULE.****REGULATIONS FOR THE PORT OF GALLE, CEYLON.****Masters Attendant's Ordinance, No. 6 of 1865.**

Definition.—In these rules the term Master Attendant includes a Deputy or Assistant Master Attendant.

1. No vessel of above 100 tons shall enter the port of Galle or leave it, or move from one place to another within it, between sunset and sunrise, without the special permission of the Master Attendant.

2. Mail steamships or other vessels may on occasions leave the port between sunset and sunrise by permission of the Master Attendant who may give the necessary orders.

3. All vessels are to be berthed by the Pilot bringing them into the port, and after mooring, are required to be ready to veer each bower cable, should they be called on suddenly to do so by the Master Attendant or his deputies.

4. All vessels shall anchor, moor, and unmoor when and where required by the Master Attendant; all vessels in the way of others proceeding to sea shall move when required to clear a passage or channel; and all vessels shall be moved or warped from place to place as required by the Master Attendant.

5. Masters of vessels within the port of Galle are to give orders that main boilers are not to be blown down without previous notification to and permission from the Master Attendant.

6. All vessels are to ring in their jib and driver booms, and to turn in board boats' davits; vessels lying with their yards square, or with spars, or other things projecting from their sides which may occasion fouling with another vessel, will do so at their own risk, and shall remove such spars, or other things, when required by the Master Attendant.

7. All vessels shall, at the setting in of the south-west monsoon, about the months of May and June, send down top-gallant yards and masts, and otherwise be kept as snug as possible aloft and be prepared to slack away their stern moorings during heavy squalls, in preference to holding on until they part.

8. In the event of a vessel parting or bringing home her stern moorings, and there being a vessel moored to leeward of her, the slacking away of whose stern moorings would enable the weather vessels to swing clear to her bower anchors, the vessel to leeward must immediately slack away her stern moorings, and should it be necessary, and she has room, also veer away sufficient bower cable to allow the weather vessel to clear her.

9. Masters of vessels shall give the Master Attendant immediate notice of the loss of an anchor, but are expected to recover their own anchors.

10. Vessels shall moor head and stern as soon as possible after arrival.

Stern moorings are supplied by Government at the following rates:—

	Rs.	c.
One anchor and chain cable per day or part of a day	10	0
Laying down and lifting the anchor	20	0

11. Commanders of all vessels within the port of Galle are required to permit warps to be made fast for the purpose of assisting vessels in mooring or shifting their berths, and are to keep them fast until requested to let them go by the Pilot or officer in charge of the vessel mooring.

12. All persons are prohibited from making fast any vessel, raft, timber, or other articles to any buoy, beacon, or sea mark.

13. No vessel not carrying a properly qualified Medical Officer shall permit any person to land, or permit any persons, except a Pilot, to board her until permission has been obtained from the Health Officer.

14. Vessels provided with a properly qualified Medical Officer shall not land cases of infectious disease without the knowledge and consent of the local Medical Officer of Government.

15. Masters of vessels shall furnish the Master Attendant and Collector of Customs with a list of all passengers arriving at, or about to embark from, the port on board their vessel.

16. Masters of vessels are required by law to attend the Custom House within 24 hours after their arrival and report their ships, whether bound for the port or only seeking shelter, by neglect of which they subject themselves to a penalty of Rs. 1,000.

17. Complaints against any of the subordinates of the Master Attendant's Department should be made to the Master Attendant as soon as possible, in order that the complaint may be at once inquired into.

18. All vessels entering the port of Galle shall pay pilotage at the following rates which shall cover them both inwards and outwards:—
