Order by His Excellency the Governor under Section 30 of the above-named Ordinance.

WHEREAS by section 30 of "The Education Ordinance, No. 1 of 1920," it is provided that the Governor may by Order in the *Government Gazette* exempt such estates on which there are more than twenty-five children between the ages of six and ten of labourers employed thereon from the operation of Part V. of the said Ordinance and direct that it shall be subject to Parts II., III., and IV. thereof:

Now, therefore, the Governor is pleased to order the estate called and known as New Peradeniya estate be exempt from the operation of Part V. of the said Ordinance, and to direct that it shall be subject to Parts II., III., and IV. thereof.

By His Excellency's command,

Colonial Secretary's Office,
Colombo, October 4, 1927.

ALBANIA (EXTRADITION) ORDER IN COUNCIL, 1927.

At the Court at Buckingham Palace, the 27th day of
June, 1927.

Present :

THE KING'S MOST EXCELLENT MAJESTY.

Lord President.	Lt.-Col. Hon. G. F.
Lord Chamberlain.	Stanley.
Lord Colebrooke.	Major G. C. Tryon.

WHEREAS by the Extradition Acts, 1870* to 1906†, it was amongst other things enacted that, where an arrangement has been made with any foreign State with respect to the surrender to such State of any fugitive criminals, His Majesty may, by Order in Council, direct that the said Acts shall apply in the case of such foreign State; and that His Majesty may, by the same or any subsequent Order, limit the operation of the Order, and restrict the same to fugitive criminals who are in or suspected of being in the part of His Majesty's dominions specified in the Order, and render the operation thereof subject to such conditions, exceptions, and qualifications as may be deemed expedient :

And whereas a Treaty was concluded on the 22nd day of July, 1926, between His Majesty and the President of the Albanian Republic for the mutual extradition of fugitive criminals, which Treaty is in the terms following :—

His Majesty the King of the United Kingdom of Great Britain and Ireland and of the British Dominions beyond the Seas, Emperor of India :

And His Excellency the President of the Albanian Republic ;

having determined, by common consent, to conclude a treaty for the extradition of criminals, have accordingly named as their plenipotentiaries :

His Majesty the King of the United Kingdom of Great Britain and Ireland and of the British Dominions beyond the Seas, Emperor of India :

William Edmund O'Reilly, Esq., His Majesty's Envoy Extraordinary and Minister Plenipotentiary to the Albanian Republic ;

And His Excellency the President of the Albanian Republic :

Monsieur Hussein Vrioni, Minister for Foreign Affairs and Minister of Justice *ad interim* ;

Who, after having exhibited to each other their respective full powers, and found them in good and due form, have agreed upon the following articles :—

ARTICLE 1.

The High Contracting Parties engaged to deliver up to each other, under certain circumstances and conditions stated in the present treaty, those persons, who being accused or convicted of any of the crimes or offences

enumerated in Article 2, committed within the jurisdiction of the one Party, shall be found within the territory of the other Party.

ARTICLE 2.

Extradition shall be reciprocally granted for the following crimes or offences :—

- (1) Murder (including assassination, parricide, infanticide, poisoning), or attempt or conspiracy to murder.
- (2) Manslaughter.
- (3) Administering drugs or using instruments with intent to procure the miscarriage of women.
- (4) Rape.
- (5) Carnal knowledge, or any attempt to have carnal knowledge, of a girl under 14 years of age.
- (6) Indecent assault.
- (7) Kidnapping and false imprisonment.
- (8) Child stealing, including abandoning, exposing, or unlawfully detaining.
- (9) Abduction.
- (10) Procuration.
- (11) Bigamy.
- (12) Maliciously wounding or inflicting grievous bodily harm.
- (13) Assault occasioning actual bodily harm.
- (14) Threats by letter or otherwise, with intent to extort money or other things of value.
- (15) Perjury, or subornation of perjury.
- (16) Arson.
- (17) Burglary or housebreaking, robbery with violence, larceny, or embezzlement.
- (18) Fraud by a bailee, banker, agent, factor, trustee, director, member, or public officer of any company, or fraudulent conversion.
- (19) Obtaining money, valuable security, or goods by false pretences; receiving any money, valuable security, or other property, knowing the same to have been stolen or feloniously obtained.
- (20) (a) Counterfeiting or altering money, or bringing into circulation counterfeited or altered money.
(b) Knowingly making without lawful authority any instrument, tool, or engine adapted and intended for the counterfeiting of the coin of the realm.
- (21) Forgery, or uttering what is forged.
- (22) Crimes against bankruptcy law.
- (23) Any malicious act done with intent to endanger the safety of any persons travelling or being upon a railway.
- (24) Malicious injury to property, if such offence be indictable.
- (25) Piracy and other crimes or offences committed at sea against persons or things which, according to the laws of the High Contracting Parties, are extradition crimes or offences.
- (26) Dealing in slaves in such manner as to constitute a crime or offence against the laws of both States.

The extradition is also to be granted for participation in any of the aforesaid crimes or offences, providing such participation be punishable by the laws of both High Contracting Parties.

Extradition may also be granted at the discretion of the State applied to in respect of any other crime or offence for which according to the law of both the High Contracting Parties for the time being in force the grant can be made.

ARTICLE 3.

Each Party reserves the right to refuse or grant the surrender of its own subjects or citizens to the other Party.

ARTICLE 4.

The extradition shall not take place if the person claimed has already been tried and discharged or punished, or is still under trial in the State applied to, for the crime or offence for which his extradition is demanded.

If the person claimed should be under examination or under punishment in the State applied to for any other crime or offence, his extradition shall be deferred until the conclusion of the trial and the full execution of any punishment awarded to him.

ARTICLE 5.

The extradition shall not take place if, subsequently to the commission of the crime or offence or the institution of the penal prosecution or the conviction thereon, exemption from prosecution or punishment has been acquired by lapse of time, according to the laws of the State applying or applied to.

ARTICLE 6.

A fugitive criminal shall not be surrendered if the crime or offence in respect of which his surrender is demanded is one of a political character, or if he proves that the requisition for his surrender has, in fact, been made with a view to try or punish him for a crime or offence of a political character.

ARTICLE 7.

A person surrendered can in no case be kept in custody or be brought to trial in the State to which the surrender has been made for any other crime or offence, or on account of any other matters, than those for which the extradition shall have taken place, until he has been restored, or has had an opportunity of returning, to the State by which he has been surrendered.

This stipulation does not apply to crimes or offences committed after the extradition.

ARTICLE 8.

The requisition for extradition shall be made through the diplomatic agents of the High Contracting Parties respectively.

The requisition for the extradition of an accused person must be accompanied by a warrant of arrest issued by the competent authority of the State requiring the extradition, and by such evidence as, according to the laws of the place where the accused is found, would justify his arrest if the crime or offence had been committed there.

If the requisition relates to a person already convicted, it must be accompanied by the sentence of condemnation passed against the convicted person by the competent court of the State that makes the requisition for extradition.

A sentence passed *in contumaciam* is not to be deemed a conviction, but a person so sentenced may be dealt with as an accused person.

ARTICLE 9.

If the requisition for extradition be in accordance with the foregoing stipulations, the competent authorities of the State applied to shall proceed to the arrest of the fugitive.

ARTICLE 10.

A criminal fugitive may be apprehended under a warrant issued by any police magistrate, justice of the peace, or other competent authority in either State, on such information or complaint and such evidence, or after such proceedings, as would, in the opinion of the authority issuing the warrant, justify the issue of a warrant if the crime or offence had been committed or the person convicted in that part of the dominions of the two Contracting Parties in which the

magistrate, justice of the peace, or other competent authority, exercises jurisdiction. He shall, in accordance with this article, be discharged if within the term of thirty days a requisition for extradition shall not have been made by the diplomatic agent of the State claiming his extradition in accordance with the stipulations of this treaty. The same rule shall apply to the cases of persons accused or convicted of any of the crimes or offences specified in this treaty, and committed on the high seas on board any vessel of either State which may come into a port of the other.

ARTICLE 11.

The extradition shall take place only if the evidence be found sufficient, according to the laws of the State applied to, either to justify the committal of the prisoner for trial, in case of the crime or offence had been committed in the territory of the same State, or to prove that the prisoner is the identical person convicted by the courts of the State which makes the requisition, and that the crime or offence of which he has been convicted is one in respect of which extradition could, at the time of such conviction, have been granted by the State applied to; and no criminal shall be surrendered until after the expiration of fifteen days from the date of his committal to prison to await the warrant for his surrender.

ARTICLE 12.

In the examinations which they have to make in accordance with the foregoing stipulations, the authorities of the State applied to shall admit as valid evidence the sworn depositions or the affirmations of witnesses taken in the other State, or copies thereof, and likewise the warrants and sentences issued therein, or copies thereof, and certificates of, or judicial documents stating the fact of a conviction, provided the same are authenticated as follows:—

- (1) A warrant, or copy thereof, must purport to be signed by a judge, magistrate, or officer of the other State, or purport to be certified under the hand of a judge, magistrate, or officer of the other State to be a true copy thereof, as the case may require.
- (2) Depositions or affirmations, or the copies thereof, must purport to be certified, under the hand of a judge, magistrate, or officer of the other State, to be the original depositions or affirmations, or to be true copies thereof, as the case may require.
- (3) A certificate of, or judicial document stating the fact of a conviction must purport to be certified by a judge, magistrate, or officer of the other State.

In every case such warrant, deposition, affirmation, copy, certificate, or judicial document must be authenticated, either by the oath of some witness, or by being sealed with the official seal of the Minister of Justice, or some other minister of the other State, or by any other mode of authentication for the time being permitted by the law of the State to which the application for extradition is made.

ARTICLE 13.

If the individual claimed by one of the High Contracting Parties in pursuance of the present treaty should be also claimed by one or several other Powers on account of other crimes or offences committed within their respective jurisdictions, his extradition shall be granted to the State whose claim is earliest in date, unless such claim is waived.

ARTICLE 14.

If sufficient evidence for the extradition be not produced within two months from the date of the apprehension of the fugitive, or within such further time as the State applied to, or the proper tribunal thereof, shall direct, the fugitive shall be set at liberty.

ARTICLE 15.

All articles seized which were in the possession of the person to be surrendered at the time of his apprehension, and any articles that may as a proof of the crime or offence shall be given up when the extradition takes place, in so far as this may be permitted by the law of the State granting the extradition.

ARTICLE 16.

Each of the High Contracting Parties shall defray the expenses occasioned by the arrest within its territories, the detention, and the conveyance to its frontier, of the persons whom it may have consented to surrender in pursuance of the present treaty.

ARTICLE 17.

The stipulations of the present treaty shall be applicable, so far as the laws permit, to all His Britannic Majesty's Dominions, except to the self-governing Dominions hereinafter named—that is to say, the Dominion of Canada, the Commonwealth of Australia (including for this purpose Papua and Norfolk Island), the Dominion of New Zealand, the Union of South Africa, the Irish Free State, and Newfoundland—and India, provided always that the said stipulations shall be applicable to any of the above-named Dominions or India in respect of which notice to that effect shall have been given on behalf of the Government of such Dominion or India by His Britannic Majesty's Representative at Durazzo, and provided also that it shall be competent for either of the High Contracting Parties to terminate separately the application of this treaty to any of the above-named Dominions or India by a notice to that effect not exceeding one year and not less than six months.

ARTICLE 18.

The requisition for the surrender of a fugitive criminal, who has taken refuge in any of His Britannic Majesty's self-governing Dominions, Colonies, or Possessions to which this treaty applies, shall be made to the Governor-General, Governor, or chief authority, of such self-governing, Dominion, Colony, or Possession by the appropriate consular officer of Albania.

Such requisition may be dealt with, subject always, as nearly as may be, and so far as the law of such self-governing Dominion, Colony, or Possession will allow, to the provisions of this treaty, by the competent authorities of such self-governing Dominion, Colony, or Possession, provided, nevertheless, that if an order for the committal of the fugitive criminal to prison to await surrender shall be made, the said Governor-General, Governor, or chief authority may instead of issuing a warrant for the surrender of such fugitive refer the matter to His Britannic Majesty's Government.

Requisitions for the surrender of a fugitive criminal emanating from any self-governing Dominion, Colony, or Possession of His Britannic Majesty shall be governed, as far as possible, by the rules laid down in the preceding articles of the present treaty.

ARTICLE 19.

It is understood that the stipulations of the two preceding articles apply in the same manner as if they were Possessions of His Britannic Majesty, to the following British Protectorates, that is to say, the Bechuanaland Protectorate, Gambia Protectorate, Kenya Protectorate, Nigeria Protectorate, Northern Rhodesia, Northern Territories of the Gold Coast, Nyasaland, Sierra Leone Protectorate, Solomon Islands Protectorate, Somaliland Protectorate, Swaziland, Uganda Protectorate, and Zanzibar, and to the following territories in respect of which a mandate on behalf of the League of Nations has been accepted by His Britannic Majesty, that is to say, British Cameroons, British Togoland, the Tanganyika Territory, and Palestine.

It is also understood that if, after the signature of the present treaty, it is considered advisable to extend its provisions to any British protectorates other than those

mentioned above, or to any British-protected State, or to any territory in respect of which a mandate on behalf of the League of Nations has been accepted by His Britannic Majesty other than those mentioned above including the territories in respect of which mandates are being exercised on behalf of His Britannic Majesty by the Government of the Commonwealth of Australia, the Government of the Dominion of New Zealand, and the Government of the Union of South Africa, the stipulations of the two preceding articles shall be deemed to apply to such protectorates or States or mandated territories from the date and in the manner prescribed in the notes to be exchanged for the purpose of effecting such extension.

It is further understood that the provisions of the present treaty which apply to British subjects shall be deemed also to apply to natives of any British protectorate or protected State or mandated territory to which the stipulations of the two preceding articles apply or shall hereafter apply.

ARTICLE 20.

The present treaty shall come into force ten days after its publication, in conformity with the forms prescribed by the laws of the High Contracting Parties. It may be terminated by either of the High Contracting Parties by a notice not exceeding one year and not less than six months.

It shall be ratified, and the ratifications shall be exchanged at Tirana as soon as possible.

In witness whereof the respective plenipotentiaries have signed the treaty and have affixed thereto their respective seals.

Done at Tirana in duplicate in the English and Albanian texts, of which the former is considered authoritative, this twenty-second day of July, in the year 1926.

W. O'REILLY.

And whereas the ratifications of the said Treaty were exchanged at Tirana on the 29th day of January, 1927:

Now, therefore, His Majesty, by and with the advice of His Privy Council, and in virtue of the authority committed to him by the said recited Acts, doth order, and it is hereby ordered, that from and after the 11th day of July, 1927, the said Acts shall apply in the case of the Albanian Republic under and in accordance with the said Treaty of the 22nd July, 1926.

Provided always that the operation of the said Acts shall be and remain suspended within the Dominion of Canada so long as an Act of the Parliament of Canada being Part I. of Chapter 155 of the Revised Statutes of Canada, 1906, and entitled "An Act respecting the Extradition of Fugitive Criminals," shall continue in force there, and no longer.

Provided further that the operation of the said Acts shall be and remain suspended within the self-governing Dominions hereinafter named, that is to say, the Commonwealth of Australia (including for this purpose Papua and Norfolk Island), the Dominion of New Zealand, the Union of South Africa, the Irish Free State, and Newfoundland, and India, until notification shall have been made in the *London Gazette* that the Treaty has been made applicable thereto, and that on such notification being made in respect of any such Dominion or India the said Acts shall apply in such Dominion or India in the case of the Albanian Republic under and in accordance with the said Treaty as from the date of the said notification.

This Order may be cited as the "Albania (Extradition) Order in Council, 1927."

M. P. A. HANKEY.

"THE CEMETERIES AND BURIALS ORDINANCE, 1899."

U 300/27

THE following regulations made by the Urban District Council of Ratnapura in pursuance of the powers vested in them by sections 18 and 23 of the Cemeteries and Burials Ordinance, No. 9 of 1899, in respect of the General Cemetery, Ratnapura, are hereby published for general information.

By His Excellency's command,

Colonial Secretary's Office,
Colombo, September 22, 1927.A. G. M. FLETCHER,
Colonial Secretary.

REGULATIONS.

1. All applications for graves are to be made to the keeper of the cemetery at least six hours before the time fixed for the burial of the body for which the grave is required, provided, however, that the Chairman shall have the power to entertain any application for a grave at any time.
2. The keeper must intimate the line to be followed by a funeral party on arriving at the cemetery, and, if more than one come at the same time, the order in which they are respectively to move to the graves.
3. Should it be necessary, for the purpose of preventing the disturbance of one funeral party by another, and not otherwise, the keeper of the cemetery may require that one burial service should be concluded before another can be commenced.
4. No grave shall be less than 5 feet in depth or at a distance of less than 3 feet from any other grave.
5. No grave or vault shall be reopened for an interment within the periods specified hereunder :—
 - (i.) No grave in which the body of a person has been buried without a coffin shall be reopened within 12 months.
 - (ii.) No grave in which the body of a person has been buried in an unlined coffin of wood other than teak or oak shall be reopened within 2 years.
 - (iii.) No grave in which the body of a person has been buried in a coffin of teak or oak or of other wood lined with tin or other metal shall be reopened within 7 years.
 - (iv.) In the case of a family vault, intended to be reopened for further burials, the body shall be enclosed in an hermetically sealed metal coffin. Such a vault may be opened at any time for further burials.
 - (v.) In the case of all other vaults the Chairman of the District Council shall exercise his discretion regarding reopening, due consideration being given to the structure of the vault, the nature of the coffin, and the time that has elapsed since the last burial.
6. No dead body shall be buried without the permission of the cemetery-keeper ; such permission shall not be granted till all fees due have been paid.
7. The following fees shall be paid in advance :—

10. Government does not bind itself to accept the lowest or any tender and reserves to itself the right of accepting any portion of a tender.

R. G. BARTHOLOMEW,
for Director of Public Works.

Public Works Office,
Colombo, October 5, 1927.

TENDERS are hereby invited for the under-mentioned supply of timber in the log to the North-Central Division during 1927-28. The work is to commence within one month of the intimation of the acceptance of tender. Details of work and area of exploitation are given in the schedule below.

2. All tenders should be in duplicate and sealed under one cover, and should be addressed to the Chairman of the Tender Board, Office of the Controller of Revenue, Colombo.

3. Tenders should either be deposited in the tender box in the Office of the Controller of Revenue, or be sent through post.

4. Tenders should be marked "Tender for Supply of Timber in the Log, North-Central Division," in the left hand top corner of the envelope, and should reach the Office of the Controller of Revenue not later than midday on Tuesday, November 8, 1927.

5. The tenders are to be made upon forms which will be supplied on application at the Forest Office, Anuradhapura, which can be supplied on application by post or personally. No tender will be considered unless it is on the recognized form. Alterations must be initialled, otherwise the tender may be treated as informal and rejected.

6. A deposit of Rs. 20 for each service will be required to be made either at the Treasury or Kachcheri, and a receipt forwarded or produced before any form of tender is issued. Should any person decline or fail to enter into the contract and bond after he has tendered, or to furnish approved security within ten days of receiving notice from the Head of the Department, or his duly authorized representative, that his tender has been accepted, such deposit will be forfeited to the Crown, and the defaulter will render himself liable to be included in the list of defaulting contractors precluded from having any concern in a Government contract. All other deposits will be returned upon signature of a contract.

7. Each tender must be accompanied by a letter signed by two responsible persons, whose addresses must be given, engaging to become security for the due fulfilment of the contract.

8. Sufficient sureties will be required to join in a bond for the due fulfilment of the contract. The amount of the bond and all other information can be ascertained on application to the office referred to in section 5. A further security in cash of 5 per cent. of the value of the contract will be required of the contractor when entering into the bond.

9. Separate rates must be quoted written both in words and in figures for timber in the log per cubic foot and for obony per ton.

10. No tender will be considered unless in respect of it all the conditions above laid down have been strictly fulfilled.

11. The Government reserves to itself the right, without question, of rejecting any or all tenders, and of accepting any portion of a tender, not necessarily the lowest tender.

12. The contractor's obligations and rights under this contract shall not be assigned or otherwise transferred, or sublet without the consent and authority of the Conservator of Forests previously obtained in writing.

13. No contract shall be entered into with any person whose name is on the list of Crown defaulting contractors either individually or jointly with any other person, nor shall the contractor employ any person whose name is on the list of Crown defaulting contractors, or any person to whom the Conservator of Forests, for reasons which appear to him sufficient, objects after giving due notice of his objection in writing.

14. Tenderers before tendering should inspect the areas of operation as shown in the schedule.

15. Tenderers should read and note a draft contract, which is available in the Forest Office, Anuradhapura, before they obtained their forms, and certify that they have inspected the area of operation. They should also initial and date the list of trees enumerated.

16. Tenderers, who have not previously held Government contracts, when applying for tender forms, should furnish the officer issuing the forms with a written statement giving their full names and permanent addresses, stating in which district or districts they own landed property or other interests. The extent of landed property, and the nature and extent of other interests should also be given.

In the case of persons who have carried out contracts with the Forest Department, but not in the division or district concerned in the notice calling for tenders, they should state in which division or district they held contracts.

In the case of persons who have carried out Government contracts with departments other than the Forest Department, the name of such department and the district in which the service was rendered should be stated.

SPECIAL CONDITIONS.

(a) Trees are to be felled within 6 in. of the ground.

(b) All trees stamped for felling shall be felled by the contractor and logged to the best possible advantage.

(c) No tree, not previously stamped for felling by a Forest Officer, shall be felled, and any breach of this rule renders the contractor liable in the same way as if such felling were an illicit felling as defined by the rules of the Forest Ordinance, No. 16 of 1907.

(d) Logs shall be trimmed and barked if required by the Divisional Forest Officer, and the ebony logs cleaned of all sapwood before delivery at the final delivery depôt as follows:—

Each end shall be sawn with a clean face at right angles to the axis of the tree. These faces shall be covered with a coating of tar or suitable paint to eliminate the risk of splitting. All satin logs shall be barked before delivery, and payment will be made on measurements taken after such operations. All logs should be perfectly straight and sound throughout, free from shakes and large or loose knots.

(e) Intending tenderers are advised to inspect the area from which the timber is to be supplied, and satisfy themselves regarding conditions of transport, &c.

(f) The contractor shall, from time to time, receive payment from the Divisional Forest Officer, North-Central Division, Anuradhapura, for material delivered and stacked at Kantalai Depôt and passed by him as suitable for delivery to Government Departments. Rejected material will not be paid for and will lapse to Government. The contractor shall have no claim in respect of any material sold as rejection.

(g) 75 per cent of the logs should be delivered at the Kantalai Depôt on or before June 30, and the balance on or before September 30, 1928. Failure on the part of the contractor to carry out the work efficiently and maintain regular deliveries, shall render him liable to have his contract closed and to be fined a sum which will not exceed the sum deposited by him as security.

(h) Work shall be started within 15 days of the signing of the contract, and the contract shall be in force till November 30, 1928.

(i) The contractor shall observe the provisions of by-law (a) under section 18 of Vehicles Ordinance, No. 4 of 1916, which run as follows:—

“It shall not be lawful for any person to do any of the following acts:—

(a) To load a cart with timber or other substance of more than 20 feet in length without having one end thereof secured to another or sling cart.”

Schedule.

To fell and convert into logs by saw or axe and saw combined 228 satin, 238 ebony, 142 palu, 79 ranai, 12 hulanhik, and 40 milla of 5 feet and over, and 201 halmilla of 3 ft. 6 in. and over in girth at chest height, excluding bark, standing enumerated in the one square mile block at Anaclundawa Proposed Reserve in Mahapotana korale of the Horowapotana Range, to bark, trim, and transport the logs to Kantalai Depôt as described in special conditions (d) and (e) and stacked as directed by an Officer of the Forest Department, distance of transport being about 10 miles.

J. D. SARGENT,
Conservator of Forests.

3. Tenders should either be deposited in the tender box in the Office of the Conservator of Forests, Kandy, or be sent through the post.

4. Tenders should be marked, in the case of respective services, “Tender for the Purchase of Fuel Trees, Central Division,” in the left hand top corner of the envelope, and should reach the Office of the Conservator of Forests, Kandy, not later than midday on Thursday, October 27, 1927.

5. The tenders are to be made upon forms which will be supplied upon application at the Divisional Forest Office, Nuwara Eliya. No tender will be considered unless it is on the recognized form. Alterations must be initialled, otherwise the tenders may be treated as informal and rejected.

6. A deposit of Rs. 20 for each of the coupes to be tendered for will be required to be made either at the Treasury or Kacheheri, and a receipt produced for the same before any form of tender is issued.

7. Tenderers should satisfy themselves by inspection before tendering as to the acreage and contents of the demarcated coupes referred to in the annexed schedule, as the figures given therein are estimated only and their correctness is no way guaranteed. The boundaries of each coupe will be pointed out by the Local Forest Rangers.

8. The successful tenderer will be required to execute a purchase agreement in respect of each coupe, and all tenderers should read and initial a copy of this agreement at the Office of the Divisional Forest Officer, Nuwara Eliya, at the time of obtaining tender forms.

9. Before execution of the agreement the purchaser will be required (a) to pay either the full purchase amount, or, if paying by instalments, 40 per cent. thereof; (b) to deposit as security for efficient and punctual fulfilment of the agreement 10 per cent. of the full purchase amount tendered by him. The minimum security is Rs. 20. If paying by instalments the balance 60 per cent. of the full purchase price shall be paid by the purchaser in two equal instalments in accordance with clauses 2 and 4 of the special conditions set out below in this notice.

10. After payment of the first instalment of the purchase price, deposit of the security, and execution of the agreement,

the purchaser will be entitled on application to a refund of his tender deposit. Should the successful tenderer fail to carry out the requirement of clauses 8 and 9 of this notice within 14 days of receiving notice in writing from the Divisional Forest Officer that his tender has been accepted, the Rs. 20 deposited for each coupe will be forfeited to the Crown. The unsuccessful tenderer will be entitled to a refund of the amount deposited by him on application to the Divisional Forest Officer concerned.

11. Tenderers should make offers, written both in words and figures, for firewood contained in each of the coupes described under services A and B.

12. No offer below 50 cents per cubic yard for services A and B for the estimated firewood contents will be accepted.

In the case of service A: Rs. 1,500 for the 28-acre coupe.

In the case of service B: Rs. 3,500 for the 60-acre coupe.

13. No tender will be considered unless the procedure laid down above has been strictly complied with. The Conservator of Forests reserves to himself the right, without question, of rejecting any or all tenders and of accepting any portion of a tender.

14. The special rule for felling, conversion, and removal which the agreement will require to be observed are specified in the special conditions advertised below. Nothing in these special conditions shall render the purchaser in any way exempt from liability from the Forest Ordinance, No. 16 of 1907, should he be responsible for the commission of a forest offence outside the boundaries of his purchased coupe or coupes.

SPECIAL CONDITIONS.

(1) On payment of the full purchase amount the purchaser will be entitled to fell and remove on or before September 30, 1928, in the manner specified below, all the firewood contained in the purchased coupe. Any firewood not removed by the expiry date, September 30, 1928, shall *ipso facto* revert to the Crown.

(2) The actual felling of the whole area must be completed by July 31, 1928, and all firewood removed to the outside boundaries of the coupe by this date. Conversion and removal from the boundaries will be allowed up to September 30, 1928.

(3) If the purchaser desires to pay by instalments, payment of a first instalment of 40 per cent. of the full purchase price tendered shall entitle him to fell and remove all the trees in not exceeding one-third of the total area of the coupe. Payment of 70 per cent. of the full purchase price by means of a second instalment of 30 per cent. shall entitle the purchaser to fell and remove all the trees in not exceeding two-thirds of the total area of the coupes.

(4) The purchaser shall agree to commence felling along the full length of the southern boundary of each coupe, and to progress this felling line in the direction of the northern boundary, always keeping it parallel to the southern boundary along which felling commences.

(5) The purchaser shall pay for the second instalment, or in all 70 per cent. of the full purchase price, within four months, and the third and final instalment within seven months of the date of execution of the agreement. Should the purchaser fail to pay the second and final instalment when due, it shall be within the discretion of the Divisional Forest Officer to cancel the agreement as from the date of such default. Any unremoved timber will revert to the Crown as from the date of such cancellation, and the purchaser will forfeit all claims thereto. On no account shall any postponement of the instalment payments or extension of the felling dates be granted.

(6) Should the purchaser fell or remove timber trees in excess of the quantity specified in special condition 2, nothing in the agreement shall exempt him from being liable for illicit felling and removal under the Forest Ordinance, No. 16 of 1907.

(7) The purchaser will be required to spread the branchwood evenly over the coupes immediately after conversion so as to leave no bare patches liable to soil erosion.

(8) The purchaser shall either exercise such personal supervision as will ensure the conditions of this agreement being efficiently executed or employ an efficient supervisor.

(9) The purchaser or his agent or workmen shall not damage or block up the boundaries by depositing any brushwood or branches. All lines so blocked must be cleared by the purchaser.

(10) A general removal permit will be issued by the Divisional Forest Officer authorizing the purchaser to remove the firewood standing in one-third, two-thirds, or of the full coupe (according to the purchase amount paid, *vide* conditions 2 and 4) in such daily quantities as will be specified in cart notes which must accompany each and every cart in transit. The Forest Ranger or the Forest Overseer or the Forest Guard will measure up the wood which is ready for removal once daily, and again before the fuel is loaded into trucks for despatch to its various destinations.

(11) The purchaser shall agree that, for each and every infringement of the above conditions, he shall become liable to a fine not exceeding Rs. 100 to be imposed by the Divisional Forest Officer in writing at his discretion, and to be recovered from the purchaser's security money.

(12) The purchaser shall agree, that in the event of security money having become exhausted, it shall be within the discretion of the Divisional Forest Officer either (a) to accept a further security deposit amounting to 10 per cent. of the full tendered purchase price, or (b) to cancel the agreement and to refund to the purchaser such balance of the paid up purchase money, if any, as remains after deducting the value of firewood removed by the purchaser on the date of such cancellation. For the purpose of this clause the value of each removed cubic yard of firewood shall be reckoned at full royalty rates.

(13) The purchaser shall have the right of appeal to the Conservator of Forests in the event of the enforcement of any of the penalties specified in these conditions, and the purchaser shall agree to accept the Conservator's decision as final and binding.

(14) The purchaser shall be required to cut all material in the coupes in the following manner:—

- (i.) The purchaser shall clear, fell, all trees and saplings standing in the demarcated coupes.
- (ii.) The purchaser shall cut all thorn, scrub, nellu, bamboos, and other noxious growth in the said coupes, and spread the same evenly over the felled area, together with inconvertible branchwood and wood refuse. Spreading of the above material will be continuous and not left until the felling of the whole area is complete.
- (iii.) The purchaser shall fire a portion of the said area on or before May 15, 1928, and the remainder of the area on or before August 15, 1928. Should any portions remain unburnt, he shall immediately root out and completely clear any green growth on such patches so as to leave the coupes in a fit state for planting.

SCHEDULE.

Service A.

The area to be exploited is one Blue Gum Coupe demarcated in the Ambewela plantation, situated between the limits of $\frac{1}{2}$ and $\frac{3}{4}$ miles from the Ambewela Railway Station approximately.

UNIVERSITY OF LONDON.—INTERMEDIATE EXAMINATIONS IN ARTS, SCIENCE, AND SCIENCE (AGRICULTURE), 1928.

(Intermediate Examinations in Arts and Science commence on the first Monday in July, and that in Agriculture during the week beginning on the first Monday in July.)

NO candidate shall be admitted to these Examinations unless he have passed, or been admitted under Statute 116 (see Appendix) as exempt from, a Matriculation Examination not later than that of the preceding January.

A candidate who has sat for a January Matriculation Examination may, if he so desire, enter provisionally for an Intermediate Examination, pending the results of the Matriculation Examination.

Entries close on January 31.*

Applications for entry forms should be made not less than ten days before the date fixed for closing entries.

Each entry form (whether first entry or re-entry) duly filled in, must be forwarded so as to reach the Education Office by the date abovementioned and with it, in the same cover, must be sent: (1) Bank receipt for the fee (*vide* particulars in footnote†) credited to the account of the Director of Education in the Chartered Bank of India, &c., Colombo, and (2) a certificate of good conduct taken not more than six months previously.

An additional fee of Rs. 79, in no case returnable, is payable by candidates offering Oriental (except in the case of Sinhalese, Tamil, Pali, and Sanskrit) and Slavonic Languages; while candidates offering Hebrew must pay an additional fee of Rs. 31.50.

All payments to the Bank must be forwarded with the form giving particulars of payment. This form can be had on application to this office.

N.B.—Fees should not under any circumstances be remitted to the Education Office. All entry forms received at the Education Office not accompanied by the proper bank receipt and other necessary documents or after the date prescribed will be rejected.

Fees cannot be returned after the last date of entry, viz., January 31, but if notice of withdrawal is received at this office—

(a) Not later than February 23:—

A candidate for the entire examination will be credited with Rs. 110.25.

A candidate for examination in a "referred" subject will be credited with Rs. 55.

A candidate for examination in a supplementary subject will be credited with Rs. 39.25.

(b) Not later than March 16:—

A candidate for the entire examination will be credited with Rs. 94.50.

A candidate for examination in a "referred" subject will be credited with Rs. 39.25.

A candidate for examination in a supplementary subject will be credited with Rs. 23.50.

Candidates who fail to give notice of withdrawal by March 16, and do not present themselves for an examination will be credited with a portion of the fee as follows:—

A candidate for entire examination, Rs. 55.

A candidate for examination in a "referred" subject, Rs. 27.50.

A candidate for examination in a supplementary subject, Rs. 19.50.

A candidate whose entry for an Intermediate Examination has been accepted provisionally pending the results of a January Matriculation Examination, but is found ineligible owing to his failure in the latter examination, will be credited with Rs. 94.50.

Every candidate who is credited with a portion of the fee in accordance with the preceding paragraphs, when re-entering, must pay the extra amount necessary to make up the fee due, particulars of which are given in footnote.†

If a candidate retire after the commencement of the examination, or fail to pass it, the full fee shall be payable upon re-entry.

* Entries of candidates taking Sinhalese or Tamil, or Sanskrit or Pali, or any other Oriental or Slavonic language close two months earlier, i.e., on November 30.

Physics,	Zoology,
Chemistry,	Law.
Botany,	

(4) Any one of the previous subjects not already taken or English History or Modern European History or Ancient History, or Music.

The examination shall be conducted by means of printed papers; but for the purpose of ascertaining the competence of a candidate to pass, the Examiners shall not be precluded from putting *vivd voce* questions to any candidate.

In all subjects there will be two papers of three hours each, except in the case of History of Architecture. In Physics, Chemistry, Botany, Geology, and Zoology there will be in addition a practical test.

In the Physics, Chemistry, Botany, Geology, and Zoology Papers questions will be set involving (1) the translation of passages in French or in German, and (2) answers with regard to the subject-matter thereof. Candidates are recommended to read some books or papers in French or in German on the subjects which they select for the examination. The questions in French and German which are set in papers in Science and Mathematical subjects shall be optional in the case of candidates sitting in the Dominions and in the Colonies.

No candidate offering an Experimental Science subject will be allowed to pass who fails to satisfy the Examiners in the practical part as well as the written part of the examination in the subject chosen.

Candidates shall not be approved by the Examiners unless they have shown a competent knowledge in each of the subjects selected by them.

Reference.

A candidate at the Intermediate Examination who takes all the four prescribed subjects on one and the same occasion, but who fails to reach the minimum standard in one subject only may be "referred," i.e., he may be permitted, on the recommendation of the examiners, to present himself in that subject alone on one occasion only, at one of the next two Intermediate Examinations in Arts. Referred candidates who do not pass in their referred subjects within the above stated limits will be required when re-entering to offer all four subjects again.¶

The examiners will recommend that a candidate be referred only if his failure in one subject is not serious, and if his performance in the remaining three subjects is reasonably good.

A candidate who has completed the Intermediate Examination after having been referred in one subject will be deemed for all purposes to have passed the examination in question on the date of completion.

History of Literature to include the outlines of Literary History from 1579 to 1800 with selected works. Selected works to be studied from a Literary and Linguistic point of view.

A certain amount of 14th century literature, e.g., some of the *Canterbury Tales* or some of *Piers Plowman*.

Note.—Anglo-Saxon will not be required.

French, German (Two Papers in each).

Grammar: Translation; Composition.

Composition: (i.) Translation from English, and (ii.) some form of free composition.

Note.—Books will not be prescribed.

The examination will include a test in writing from dictation in correct reading, and in simple conversation.

Spanish (Two Papers).

Grammar: Translation; Composition.

Composition: (i.) Translation from English, and (ii.) some form of free composition.

Note.—Books will not be prescribed.

The examination will include a test in writing from dictation, in correct reading, and in simple conversation.

Italian, Dutch, Portuguese (Two Papers in each).

Grammar: Translation; Composition.

Composition: (i.) Translation from English, and (ii.) some form of free composition.

Note.—Books will not be prescribed.

The examination will include a test in writing from dictation, in correct reading, and in simple conversation.

Russian, Polish, Czech, Slovak, Serbo-Croat, Slovene (Two Papers).

Grammar: Translation; Composition.

Composition: (i.) Translation from English, and (ii.) some form of free composition.

Note.—Books will not be prescribed.

The examination will include a test in writing from dictation, in correct reading, and in simple conversation.

Note.—Students who offer any Slavonic Language are advised, if seeking business employment, to obtain instruction in Book-keeping, with special attention to the principal differences in the practice of the country concerned.

Sanskrit, Pali, Bengali, Gujarati, Hindi, Marathi, Sinhalese, Urdu (Two Papers).

(1) Translation from specified texts, with questions on their language and subject-matter and on outlines of Indian History up to the First Century A.D. (i.e., the period covered by Rapson's *Ancient India*).

(2) Translation from unspecified texts; translation from English; questions on grammar.

Tamil (Two Papers).

(1) Translation from specified texts, with questions on their language and subject-matter.

(2) Translation from unspecified texts; translation from English into Tamil; questions on grammar.

Arabic (Two Papers).

(1) Set books, with questions on Arab History. Questions on grammar.

(2) Translation into English of easy passages not prescribed; Composition.

Persian (Two Papers).

Translation of passages from prescribed works.

Translation of an easy passage from an unspecified work.

Translation of an easy passage into Persian.

Grammatical questions (Ranking's edition of Platts' Grammar).

Turkish (Two Papers).

Translation of selected passages from:—

Abd el Hakk Hâmid: *Dukhtari Hindu*.

Namûna'î adabîyyât.

Murâd Bey: *Mukammal Târîkhi Usmâni*, Vol. 7.

Translation of an unprepared easy passage from Turkish into English.

Translation of an easy passage from English into Turkish. Grammar.

Malay (Two Papers).

Translation of selected passages from the *Pelayaran Abdullah and Sejarah Melayu* (first ten Chapters).

Translation of an unprepared easy passage from Malay.

Translation of an easy passage into Malay. Grammar.

Chinese (Two Papers).

(1) Translation from specified books, with grammatical and other questions.

(2) Translation of unseen passages from and into Chinese. Questions on Chinese Geography, History, and Literature.

(*Note.*—For non-Chinese students the Examination will include a *viva voce* test in Colloquial Mandarin. The Chinese passages set will be in Mandarin, and Mandarin will be accepted for the translation into Chinese).

Japanese (Two Papers).

I.—(1) Easy unprepared translations from and into Japanese (Romaji).

(2) Questions on the grammar of Colloquial Japanese, and the main principles of the grammar of the Written Language.

(3) Questions on the main features of Japanese History.

II.—(1) Translation of selected passages from *Jinjo Shogaku Tokuhon*, Nos. 5 to 12 inclusive.

(2) Translation of an easy unseen passage into English.

* The outlines of the following subjects should be studied in this course: (i.) the Geography of Italy and the Mediterranean lands; (ii.) the private and social life of the Romans; (iii.) Roman Economic History; (iv.) Roman religion; (v.) the distinctive features of Roman Political History and institutions.

Hebrew (Two Papers).

Candidates will be examined in:—

A narrative portion or portions of the Old Testament—introduction, translation, pointing, criticism, and exegesis. Easy unprepared translation—Hebrew Grammar and Composition.

(Note.—A knowledge of Greek or Latin is not required.)

Classical Hebrew (Two Papers).

(1) Prescribed Books:—History: The Assyrian and Babylonian supremacy in Western Asia in the 8th and 7th centuries B.C., and down to 586 B.C. Questions will be set on the Historical and Physical Geography of Palestine, especially as illustrating the movements of the period above mentioned. Prose composition and pointing will be included.

(2) Questions on Grammar will be set and passages of unspecified books for translation into English.

(Note.—Candidates offering Classical Hebrew cannot also offer Hebrew *v.*)

Advanced Modern English Literature (Two Papers).

I.—History of English Literature from 1660 to 1900, with special study of prescribed books.

II.—Shakespeare, with selected plays to be specially studied.

The British Constitution (Two Papers).

Outlines of the Constitution and Public Administration of the United Kingdom at the present day, including the Organization and Working of Parliament, the Executive (Crown, Ministers, and Civil Service), and the Judiciary; the Constitution and Powers of the Local Authorities in England; the relations between the United Kingdom and its Colonies and Dependencies.

Candidates will be expected to have some acquaintance with the chief events in the development of British political institutions since 1832.

Pure Mathematics.

Algebra.—The Arithmetic and Algebra of the Matriculation Examination, and further Algebra, including the theory of Quadratic Equations, the Convergency of Geometric Series, Permutations and Combinations, the Binomial Theorem for Positive Integral Indices, the Theory of Indices, the Nature and Use of Logarithms and of Logarithmic Tables, Interest, and Annuities.

Geometry.—The Geometry of the Matriculation Examination, together with the Geometry of Similar Rectilinear Figures, Mensuration of Plane Rectilinear Figures and of the Circle, the Elementary Properties of the Plane, including those of the angles made by planes with straight lines and with one another, the Elementary Properties of the Sphere and Plane Sections thereof, Mensuration of Simple Solid Figures, including the Tetrahedron, Cylinder, Cone, and Sphere. The meaning of Rectangular and Polar Co-ordinates and Elementary exercises in their uses. Representation of Equations by Curves with easy applications. Tangent to a Curve.

Elementary Analysis.—Measurements of Angles, Trigonometrical Functions and their Graphs, Approximate Values of the Trigonometrical Functions of Small Angles, Elementary Trigonometrical Formulæ, including addition Formulæ and their Applications, Properties of Triangles. Solution of Triangles and Applications, with numerical examples involving the use of Logarithmic and other Tables. Meaning of a Differential Co-efficient. Differentiation of x^n (n an integer positive or negative), of $\sin x$ and $\cos x$, of a Product and a Quotient; and Simple Deductions therefrom, with Geometrical Illustrations.

Applied Mathematics (Two Papers).

Equilibrium of one or more bodies under the Action of Forces in one Plane or of Parallel Forces.

Properties of the Centre of Mass and its determination in simple cases.

Statics of Simple Mechanisms. The Simpler Linkages.

Velocities and Accelerations, including their Resolution and Composition. Mass, Momentum, Force, Work, Energy, Power. Change of Units. Dimensions.

Motion under the Action of a Force which is constant in magnitude and direction, and Simple Problems on the Motion of Projectiles.

Circular Motion. Simple Harmonic Oscillations. Simple Pendulum.

Simple Cases of Direct and Oblique Impact.

Simple applications of the foregoing subjects.

Logic (Two Papers).

[This Syllabus is intended to indicate the general scope and character of the curriculum, without being exhaustive of all parts of the subject.]

Note.—Candidates who enter for the Pass Degree in Philosophy will be exempted at that examination from the paper in Logic, if they have passed in Logic either as one of their alternative subjects at the time of passing the Intermediate Examination in Arts or at some subsequent Intermediate Examination in Arts

Scope of Logic. Laws of Thought. Terms. Formal Division and Definition. Predicables. Propositions and their Import. Forms of Immediate Inference. Syllogism and other varieties of Deductive Reasoning. Trains of Reasoning. Functions of Syllogism. Inductive Inference. Postulates of Induction. Induction and Analogy. The Relation of Induction to Deduction. Theory of Scientific Method. Observation and Experiment. Hypothesis. Empirical and Causal Laws. Methods of Scientific Explanation. Elimination of Chance. Scientific Definition and Classification. Nomenclature and Terminology. Fallacies.

Ethics (Two Papers).

(1) Scope of Ethics. Moral concepts and judgments. General nature of desire and will. Conduct and Character. Customary morality. Reflective morality. Theories of moral sense and of moral intuition. Conscience, conception of a moral end. Pleasure, happiness, moral excellence, &c. Relation of the individual to society. Duties and rights. Moral institutions. The ethical virtues. Human freedom and responsibility.

(2) Leading ideas of Plato's *Republic*.

Physics (Two Papers and a Practical Examination).

[Candidates will be expected to show an acquaintance with the fundamental principles of mechanics up to the standard of the Matriculation Examination, and to acquire a general knowledge of the apparatus by which the elementary principles of Physics are illustrated and applied.]

General Properties of Solids, Liquids, and Gases.

Relation between Volume and Pressure in Gases.

Friction and Viscosity.

Surface Tension. Diffusion Osmosis. Stretching of Wires.

Heat.—Temperature. Instruments for the measurement of Temperature.

Expansion of Solids, Liquids, and Gases with rise of Temperature. Isothermal and Adiabatic Expansion.

Quantity of Heat. Specific Heat.

Change of State. Latent Heat. Vapour Pressure. Boiling Point.

Dew Point. Formation of Cloud, Fog, and Dew.

Conduction. Definition of Thermal Conductivity.

Convection. Radiation. Newton's Law of Cooling.

The Mechanical Equivalent of Heat and Modes of Determination. The Conservation of Energy.

Sound.—The Production and Propagation of Sound.

Nature of Wave-motion. Amplitudes. Wave-length. Frequency.

Experimental determination of the Velocity of Sound in Air. Effect of change of Temperature on the Velocity.

Reflexion.

Determination of Frequency by simple methods.

Experimental investigation of the modes of Vibration of Strings by means of the Sonometer.

Experimental investigation of the Vibrations of Air in pipes by Resonance to Tuning Forks.

Organ Pipes. Position of Nodes and Antinodes.

Light.—Propagation of Light. Laws of Reflexion and Refraction. Photometry.

Reflexion at Plane and Spherical Surfaces, and the formation of Images.

Refraction at Plane Surfaces and by Prisms. Minimum Deviation. Chromatic Dispersion.

The General Laws of Radiation: Visible, Ultra-violet, Infra-red.

Emission and Absorption.

Heating Effects of Radiation.

Phosphorescence and Fluorescence.

The Formation of Images by Single Lenses. Long and Short Sight and their correction by Lenses.

The Combination of Two Lenses to form a simple Telescope or Microscope.

Measurement of Velocity of Light. Simple Properties of Polarized Light.

Magnetism and Electricity.

Properties of Magnets. Simple Phenomena of Magnetization. The Magnetic Field. Lines of Force. The Law of Magnetic Force. Magnetic Moment.

Intensity of Magnetization.

The Earth as a Magnet.

The Magnetic Properties of Iron and the Elementary Laws of the Magnetic Circuit.

The Simpler Phenomena of Electrified Bodies. Conduction and Insulation. Electrification by Friction and by Induction (Influence).

Distribution of Electrification on Conductors.

Electric Field. Strength of Field.

The Law of Electric Force.
 Potential Capacity. Energy of Charge.
 Electroscopes and Electrometers.
 Electric Current.
 Magnetic Field of Current. Magnetic Measurement of Current.
 Galvanometers.
 Work done by an Electric Current.
 Electromotive Force. Difference of Potential. Resistance.
 Ohm's Law: Wheatstone's Bridge; Potentiometer; Resistance of Cells; Volt; Ohm; Ampere; Ammeters; Voltmeters.
 Heating Effects of Currents.
 Elementary Phenomena of Electrolysis. Faraday's Law.
 Voltmeters.
 Primary and Secondary Batteries.
 Action on Current Circuits in a Magnetic Field.
 Electro-magnetic Induction. Faraday's Law. Lenz's Law.
 Induction Coil.
 A Thermo-electric Couple. Simple Phenomena of discharge in Gases.

Practical Examination.

[The following scheme is not exhaustive, and is intended merely to show the general nature of the exercises at the Practical Examination. The Examiners are not precluded from setting other exercises and practical problems illustrative of the principles set forth in the Syllabus.]

Measurements of Length, Mass, and Time involving eye estimation of tenths of a division; use of Vernier; use of the Balance (weighing to one Centigramme); use of a Seconds hand watch.

Determination of Volumes.
 Specific Gravities of Solids, Powders, and Liquids.
 Use of the Hydrometer.
 Verification of Boyle's Law.
 Determination of the Centre of Gravity of a Plate.
 Determination of g by Simple Pendulum.
 Determination of Velocity of Sound in a Tube by Resonance with a Fork.

Use of the Sonometer.
 Use of Thermometers, and Determination of Fixed Points.
 Simple Methods of determining Specific Heat and Latent Heat of Fusion and Evaporation.
 Determination of Dew Point.
 Use of Simple Photometers.
 Focal Lengths of Mirrors.
 Focal Lengths of Lenses.
 Arrangement of two Lenses to make simple forms of Telescope, Microscope, and Projection Lantern.
 Simple use of Spectrometer.
 Tracing the path of a Ray of Light through a block of glass and Deduction of Refractive Index.
 Refractive Index by Method of Apparent Thickness.
 Tracing the lines of force in the neighbourhood of a Magnet.
 Comparison of Magnetic Moments and Fields.
 Measurement of Resistance of Wires and Cells.
 Comparison of Electromotive Forces with Potentiometer.
 Measurement of Electro-chemical Equivalent.

Candidates must bring to the Practical Examination their Notebooks certified by their teachers as being the record of their work carried out by the candidate in the laboratory, so that the Examiners may inspect them if they so desire. These Notebooks must be taken away by the candidates at the close of the examination.

Chemistry (Two Papers and a Practical Examination).

The following outline is given for the general guidance of candidates as indicating the range of the Written Part (I.) and Experimental Part (II.) of the Examination in Chemistry:—

I.

The methods which lead to the discovery of the composition of common materials occurring in nature.

The determination of molecular weights, equivalents, and of atomic weights. Valency and structural formulæ.

Classification of the elements, including the Periodic Scheme.
 General characters of the chief types of compounds, including acids, bases, and salts.

History, production, and properties of the more important and typical elements and their most familiar compounds.

The character of chemical changes, including combustion, thermal dissociation, and electrolysis: the conditions which determine and influence them, and the attendant phenomena.

The whole of the above to be treated in an elementary manner.

Candidates will be required to show that they have seen and practised a great variety of experiments, and are familiar with the appearance of common laboratory materials.

II.—Practical Examination.

(Candidates will be allowed to bring into the Examination Laboratory any one book on Quantitative Analysis, provided that it do not contain any reference to Qualitative Analysis.)

Candidates will be required to show that they are familiar with easy quantitative operations, gravimetric and volumetric, with the rudiments of qualitative analysis, and that they have prepared a number of elements or compounds by processes involving the manipulation of gases and the purification of substances by crystallisation, distillation, &c. Candidates are required to bring to the Practical Examination their original Laboratory Notebooks for inspection, should the Examiners so desire. These Notebooks must be taken away by the candidates at the close of the examination. Specimens made by the candidate, duly attested by the teacher, if any, may also be submitted to the Examiners.

Botany (Two Papers and a Practical Examination).

Morphology.—The structure and properties of the cell and of the various kinds of tissues; cell formation and the development of the tissues. The plant body; its structure, development, and various modifications.

Special Morphology, Reproduction, and Taxonomy.

The morphological and physiological characteristics of Angiosperms, as exemplified by plants belonging to the following natural orders:—Dilleniaceæ, Malvaceæ, Portulacaceæ, Myrtaceæ, Leguminosæ, Cucurbitaceæ, Compositæ, Convolvulaceæ, Acanthaceæ, Scrophulariaceæ, Euphorbiaceæ, Palmaceæ, or Commelinaceæ, Orchidaceæ, Gramineæ.

The morphological and physiological characteristics of Gymnosperms, as exemplified by Cycas.

The morphological and physiological characteristics of Pteridophyta, as exemplified by Selaginella, Aspidium, Asplenium, or Adiantum.

The morphological and physiological characteristics of Bryophyta, as exemplified by Polytrichum (or Funaria) and by Marchantia (or Lunularia).

The morphological and physiological characteristics of Algæ, as exemplified by Fucus, Oedogonium, Pleurococcus, and Spirogyra.

The morphological and physiological characteristics of Fungi, as exemplified by Agaricus, Eurotium, Pythium, Saccharomyces, Bacillus.

Elementary Physiology.

The Chemical nature of the food elements of plants. Their sources, the modes in which they are respectively absorbed by the organism.

The absorption of water—turgescence, transpiration, root pressure.

Movements of water in plants

Aeration and respiration.

Photosynthesis. Outlines of metabolic changes within the plant.

Growth.

Irritability, Geotropism, Heliotropism.

Elementary aspects of Evolution and Genetics.

Practical Examination.

The practical work will include the dissection and examination of plants or parts of plants, and the reference to their systematic position of plants or parts of plants comprised in the foregoing Syllabus.* Simple experiments in Practical Physiology may be set.

Candidates are required to bring to the Practical Examination their original Laboratory Notebooks for inspection, should the Examiners so desire. These Notebooks must be taken away by the candidates at the close of the examination.

Geology (Two Papers and a Practical Examination).

I.—Physical Geology.—(a) The Earth as a Planet: Origin, and general characters of its chief surface features.

(b) The physical condition of the earth's crust and interior: Evidence of internal activity such as volcanic, seismic, and diastrophic phenomena.

(c) General characters and inter-relationships of rocks.

(d) The work of geological agents: The circulation of rock material, including the processes of denudation, transport, deposition, and deformation.

II.—Mineralogy and Petrology.—(a) Elements of crystallography and crystallographic projection and notation.

(b) The common rock-forming and vein-forming minerals: Their physical characters, chemical composition, and modes of origin and occurrence.

(c) The simpler optical properties of the common rock-forming minerals and the physical principles on which these properties depend.

(d) The general characters and relationships of the chief types of sedimentary, igneous, and metamorphic rocks.

III.—Historical Geology.—The disposition of rocks and its representation on maps; evidence of relative ages of rocks; fossils, their preservation and distribution in rocks of different ages; the geological systems, their broad characters and distribution in Great Britain;

* The list of plants may be changed from time to time, but two years' notice of any change will always be given.

Practical Work.

Interpretation of simple geological maps in terms of rock-structure and its relation to topography; expression of this interpretation by means of sections; Graphic methods of finding thickness; dip and strike of beds, of completing outcrops, and of tracing the underground extension of strata.

Identification and description of common minerals and typical rocks, with and without the microscope; exercises in projection of crystals; identification and description of crystal forms of common minerals, both on models and on actual crystals.

Reference of fossils to their broad biological groups and geological periods.

History of Architecture.

- (1) Greek and Roman Architecture (one paper).
- (2) History of Greek and Roman Art (one paper).

The characteristics of various periods and their course of development in Egypt, Assyria, Greece, and Rome.

- (3) Drawings of Greek and Roman Orders done during the session to be submitted and marked.

Two Imperial size sheets* of drawings will be required, giving examples—one on each sheet—of either the Doric, Ionic, or Corinthian Orders; one must be Greek, the other Roman. Each sheet must contain at least two columns of one order with entablature complete drawn to scale, the columns being not less than ten inches high on the paper, together with details drawn to at least three times the scale of the columns. These drawings are to be sent to the University one week before the date of the examination. Candidates who submit these drawings will be required to sit for the paper in section (1) only, viz., "Greek and Roman Architecture."

Candidates must take section (1) and either section (2) or (3).

English History (Two Papers).

English History treated generally so as to include the growth of the British Empire, with a special study of a standard work to be prescribed two years previously.

Due attention to be paid to changes in foreign policy, society, government, and customs, and to the development of the material and intellectual life of the nation.

Modern European History (Two Papers).

Modern European History from about 1400 to the present day. One paper will deal with the general History, the other with a prescribed text.

Ancient History (Two Papers).

Either (a) The History of Egypt, Western Asia, Greece, and Rome from the Earliest Dynasties to 30 B.C.

Or (b) Greek and Roman History from 776 B.C. to 330 A.D.

A selected portion of an historical author will be prescribed from time to time.

Candidates will not be required to show more than a general acquaintance with the book prescribed. Knowledge of the Text in the original will not be required.

Geography (Two Papers).

I.—General Geography.—The distribution of land and water. The leading facts of wind and water circulation.

The broad structural features of the continents, and the chief processes by which surface features are produced.

II.—Regional Geography.—The great divisions of the world considered under the following heads:—

Superficial configuration together with the leading facts of the distribution of soils and rocks and minerals of economic importance.

The reaction of configuration upon air and water circulation and the resulting local climates.

The river systems as related to configuration and climate.

The influence of the foregoing physical factors on agricultural production and the supply of animal and vegetable products independently of agriculture.

The sources of mechanical power.

The distribution of population as related to the foregoing physical factors and as influencing labour supply and the value of land.

The localization of industries as determined by all the foregoing factors.

Transport. Trade centres and trade routes.

States as conditioned by geographical circumstances—physical, economic, and strategic.

Economics (Two Papers).

I.—Industrial and Commercial History.—The outlines of the industrial and commercial development of England, the questions being mainly chosen so as to deal with the period subsequent to 1760.

To include:—The effects of the introduction of machine industry. The developments of transport. Changes in industrial organization. The Great War (1793–1815) and its economic effects. Tariff policy. Movements of foreign trade. The growth of Banking, the adoption of the gold standard, the history of general prices. Poor Law. Trade Unionism.

II.—Principles of Economics.—Economics, analytical and descriptive, with special reference to the United Kingdom.

To include:—The scope of economics; meaning of the principal economic terms; causes of differences in productive power; analysis of various forms of organization for production; value in relation to production, exchange, distribution, and consumption; the distribution of income between individuals and classes; causes of variations in wages, profits, interest, and rent; economic effect of the ordinary actions of government. The whole to be illustrated as far as possible by reference to past and present conditions of the United Kingdom.

Zoology (Two Papers and a Practical Examination).

(1) The fundamental facts and laws of Zoology, as exhibited in the following types:—Amoeba, Euglena, Paramoecium, Monocystis, Hydra, Obelia, Lumbricus, Distomum, Astacus, Amphioxus, Scyllium, Rana, Lepus.

(2) The student will be expected to acquire a practical knowledge of the general organization of each of the types above specified, and an elementary knowledge of:—

(a) The chief biological laws which the structural phenomena illustrate, including an elementary knowledge of heredity, variation, and evolution.

(b) The structure and properties of the Cell, and the general characters of the Tissues, including Epithelia, Blood, Lymph; Nervous, Muscular, Connective, and Skeletal Tissues; and the microscopic structure of the more important organs of the body.

(c) The phenomena of Sexual and Asexual Reproduction, including the general history and characters of the Germ Cells, the chief types of Segmentation of the fertilized Ovum, the Metamorphosis of the Frog, and an elementary knowledge of the Development of the Chick up to the third day of incubation, and the formation of the Fœtal Membranes in the Bird and Mammal.

(3) A knowledge of the diagnostic characters of the following groups:—

Protozoa:—Lobosa, Foraminifera, Radiolaria, Sporozoa, Flagellata, Ciliata.

Coelenterata:—Hydrozoa, Anthozoa.

Platyhelminthia:—Turbellaria, Trematoda, Cestoda.

Annelida:—Oligochaeta, Polychaeta.

Articulata:—Crustacea, Insecta, Arachnida.

Chordata:—Urochorda, Cephalochorda.

Cranialia:—Pisces, Reptilia, Amphibia, Aves, Mammalia.

Practical Examination.

The candidate must be prepared to examine microscopically, to dissect, and to describe specimens or parts of the animals† comprised in paragraphs 1 and 2 in the foregoing Syllabus (with the exception that for the skull of Lepus will be substituted that of Mus), and to determine the zoological position of specimens in accordance with paragraph 3 above.

Candidates are required to bring to the Practical Examination their original Laboratory Notebooks, for inspection should the Examiners so desire. These Notebooks must be taken away by the candidates at the close of the examination.

Law (Two Papers).

(i) The general conception of law, including various legal duties and rights treated in an elementary manner.

(ii) English Constitutional Law and its History, including—

(a) The nature of Constitutional Law.

(b) The Liberty of the Subject.

(c) Parliament.

(d) The Crown.

(e) The Courts of Law.

(iii) The Law of Crimes, being the general nature of criminal liability, together with an outline of the more common crimes.

(iv) The general Principles of Tort and Civil Wrong.

(v) The main features of a Contract.

(vi) A general outline of the Law of Property with particular reference to the duties of Trustees towards their beneficiaries.

* Each sheet should bear a statement by the candidate's teacher to the effect that it is the bona fide work of the candidate himself.

† The list of Animals may be changed from time to time, but two years' notice of any change will always be given.

Music (Two Papers and a Vivâ Voce Test).

Candidates may offer either A or B below:—

A.—Harmony and Counterpoint in not more than four parts, for voices or strings (two papers). The candidate may be required to write a Pianoforte accompaniment to a melody for a voice or a stringed instrument.

Candidates will be required to work exercises in either Strict or Free Counterpoint, at the discretion of the Examiner.

There will also be a *vivâ voce* examination in general musical knowledge and in these subjects.

B.—General History of Music (one paper, consisting of not less than ten questions of which the candidate will be expected to answer five).

Form an analysis of unprepared works (one paper). There will also be a *vivâ voce* examination in general musical knowledge and in certain prescribed works.

INTERMEDIATE EXAMINATION IN SCIENCE.
Scheme of Examination.

Candidates shall be examined in any four subjects selected by themselves out of the following subjects of examination, viz., (1) Pure Mathematics, (2) Applied Mathematics, (3) Experimental Physics, (4) Chemistry, (5) Botany, (6) Zoology, (7) Geology, (8) General Principles of Biology, and (9) Geography (one at least of the four subjects selected from the foregoing list must be taken from amongst the first three).

In all subjects there will be two papers of three hours each, and, except in Pure Mathematics, Applied Mathematics, and in Geography, there will also be a three hours practical test.

In each subject questions will be set involving (1) the translation of passages in French or in German, and (2) answers with regard to the subject-matter thereof. Candidates are recommended to read some books or papers in French or in German on the subjects which they select for the examination.

The questions in French or in German, which, by the regulations are set for the home candidates, will be made optional in the examinations as held in the Colonies.

The Examiners shall be at liberty to test any candidate by means of *vivâ voce* questions.

N.B.—No candidate offering an Experimental Science subject will be allowed to pass who fails to satisfy the Examiners in the practical part as well as the written part of the examination in the subject chosen.

Candidates shall not be approved by the Examiners unless they have shown a competent knowledge in all of the four subjects taken.

Reference.

A candidate at the Intermediate Examination who takes all the prescribed subjects on one and the same occasion, but who fails to reach the minimum standard in one subject only may be "referred," i.e., he may be permitted, on the recommendation of the Examiners, to present himself in that subject alone on one occasion only at one of the next two Intermediate Examinations in Science.

Referred* candidates who do not pass in their referred subjects according to these conditions will be required when re-entering to offer all four subjects again. The Examiners will recommend that a candidate be referred only if his failure in one subject is not serious, and if his performance in the remaining subjects is reasonably good.

A student who has completed the Intermediate Examination after having been referred in one subject will be deemed for all purposes to have passed the examination in question on the date of completion.

Supplementary Subjects.

Candidates who have passed the Intermediate Examination in Science may enter for examination in one or more supplementary subjects.

EXEMPTIONS.

Candidates who have passed the Internal Intermediate Examination in Science in accordance with the conditions then in force for External Students are entitled to exemption from the External Intermediate Examination in Science; and if the combination of subjects did not comply with the requirements for External Students such candidates may be exempted on passing in the necessary Supplementary Subjects.

Bachelors of Arts of this University who become candidates for the Degree of Bachelor of Science in the Faculty of Science are allowed to present themselves at the B.Sc. Examination immediately following their passing the Intermediate Examination.

Candidates who have passed the Intermediate Arts Examination with Pure Mathematics will be excused that subject at the Intermediate Science Examination. Candidates who have passed the B.A. Examination with Pure Mathematics or Applied Mathematics or Geography may claim exemption, when entering for the Intermediate Examination in Science, from examination in such of the foregoing subjects as they may have taken.

Candidates who have passed the Intermediate Examination in Arts for External Students in or after 1920, or who have passed the corresponding examination for Internal Students, under the conditions applicable to External Students in force since that date, with any of the following subjects:—Pure Mathematics, Applied Mathematics, Physics, Chemistry, Botany, Geology, Military Science, Geography, may claim exemption, when entering for the Intermediate Examination in Science, from examination in such of the foregoing subjects as they may have taken.

Candidates who have passed the Intermediate Examination in Agriculture prior to 1927 are entitled to exemption at the Intermediate Examination in Science from subjects which may be taken at the Intermediate Examination in Science.

Graduates in Engineering Science of this University, whether Internal or External, will be permitted to proceed without passing the Intermediate Examination in Science, to the B.Sc. General or Special Examination for External Students, after a lapse of two academic years from the passing of the B.Sc. examination in Engineering.

Candidates who enter for or have passed the Intermediate Examination in Engineering as External or as Internal Students may, in order to obtain exemption from the whole of the Intermediate Examination in Science, complete that Examination by taking an additional subject at the Intermediate Examination in Engineering. Such additional subject may be taken either at an entry for the Intermediate Examination in Engineering or at any Intermediate Examination in Engineering subsequent to that at which the candidate has passed.

Candidates who enter for or have passed the Intermediate Examination in Engineering will be allowed to complete the Intermediate Examination in Science as above, provided that they have passed the Intermediate Examination in Engineering not less than one year previously.

SYLLABUSES.

Pure Mathematics (Two Papers).

Same as for Intermediate Examination in Arts. (See page 2480.)

Applied Mathematics (Two Papers).

Statics.—Equilibrium of one or more bodies under the action of Uniplanar Forces or of Parallel Forces.

Properties of the Centre of Mass and its determination in simple cases.

Statics of Simple Mechanisms.

The Simpler Linkages.

The Elementary Laws of Friction.

Dynamics.—Velocities and Accelerations, including their Resolution and Composition.

Mass, Momentum, Force, Work, Energy, and Power.

Change of Units.—Dimensions.

Motion under the action of a Force which is constant in Magnitude and Direction.

Simple Problems on the Motion of Projectiles.

Circular Motion.

Simple Harmonic Oscillations. The Simple Pendulum.

Simple Cases of Direct and Oblique Impact.

Hydrostatics.—Pressures of Liquids on Plane Areas.

Pressures of Liquids on Solid Bodies, partially or wholly immersed, and Conditions of Equilibrium of such Bodies.

Specific Gravities and Densities of Substances, Solid and Liquid and methods of determining them.

Simple applications of the foregoing subjects.

Physics

Same as for Intermediate Examination in Arts. (See pages 2480—2481.)

Chemistry.

Same as for Intermediate Examination in Arts. (See page 2481.)

Botany.

Same as for Intermediate Examination in Arts. (See page 2481.)

Zoology (Two Papers and a Practical Examination).

Same as the Intermediate Examination in Arts (See pages 2482.)

Geology (Two Papers and a Practical Examination).

Same as for Intermediate Examination in Arts. (See page 2481—2482.)

* "Referred" candidates must re-enter in accordance with the General Regulations.

General Principles of Biology.

(Two Papers and a Practical Examination.)

1. The differences between living and not-living matter.
2. Cells. Cell-division and the building up of the multi-cellular organism. Individuals and colonies. Integration. Differentiation and division of labour.
3. The general structure of a flowering plant and of a mammal.
4. The elementary chemistry and physics of living substance. Enzyme action.
5. The sources and transformation of energy in plants and animals, including bacteria. Nutrition. Photosynthesis Anaerobiosis.
6. Stimulus and response in plants and animals. The transmission of excitation. Nervous systems. Receptor and effector organs.
7. Movement in plants and animals.
8. Chemical co-ordination.
9. The mechanisms involved in :—
 - (a) The intake and distribution of food-material, water and oxygen.
 - (b) The elimination of waste.
 - (c) The storage of reserve material.
10. Growth (localized and general). Reproduction. Formation and conjugation of gametes.
11. The formation of the embryo in plants and animals. Segmentation and gastrulation. The genesis of organs.
12. Heredity. Outlines of the theory of organic evolution. Adaptation to the environment.

Practical Work.

- (a) Appropriate physiological and other experiments.
- (b) Dissection and microscopical examination of suitable animal and vegetable types.
- (c) Microscopical examination of cells and tissues.
- (d) Elementary embryology of plants and animals.

Geography (Two Papers).

I.—*General Geography.*—The distribution of land and water. The leading facts of wind and water circulation. The broad structural features of the continents and the chief processes by which surface features are produced. The objects and relative value of Mercator's, the orthographic and the conic projections.

II.—*Regional Geography.*—Same as for the Intermediate Examination in Arts.

INTERMEDIATE EXAMINATION IN SCIENCE (AGRICULTURE.)

Scheme of Examination.

The Examination shall be a Pass Examination only. Candidates shall be examined in four subjects as follows :—

- | | | |
|--------------------------|----|---------------------------------------|
| (1) Chemistry | .. | 2 papers and a practical examination |
| (2) Physics | .. | 2 papers |
| (3) Botany | .. | 2 papers and a practical examination. |
| (4) Agricultural Zoology | .. | 2 papers and a practical examination. |

Note.—The candidate will be expected also to have acquired an elementary knowledge of the practical work of the farm.

The examination shall be conducted in the main by means of printed papers; but for the purpose of ascertaining the competence of a candidate to pass, the Examiners shall not be precluded from putting *visá voce* questions to any candidate.

In each subject questions will be set involving: (1) The translation of passages in French or in German, and (2) answers with regard to the subject matter thereof. Candidates are recommended to read some books or papers in French or German.

The questions in French or in German, which by the Regulations are set for the home candidates will be made optional in the examinations as held in the Colonies.

No Candidate will be allowed to pass who fails to satisfy the Examiners in the practical part as well as the written part of each subject.

Candidates shall not be approved by the Examiners unless they have shown a competent knowledge in all of the four subjects of the examination.

Reference.

A candidate at the Intermediate Examination who takes all the four prescribed subjects on one and the same occasion, but who fails to reach the minimum standard in one subject only may be "referred," *i.e.*, he may be permitted, on the recommendation of the Examiners, to present himself in that subject alone, on one occasion only, at the next Intermediate Examination in Agriculture. A Referred Candidate who does not pass in the referred subject at the next examination will be required when re-entering to offer all the four prescribed subjects again.

The Examiners will recommend that a candidate be referred, only if his failure in one subject is not serious, and if his performance in the remaining subjects is reasonably good.

A student who has completed the Intermediate Examination after having been referred in one subject, in or after the Session 1922-23, will be deemed for all purposes to have passed the examination in question on the date of completion.

Exemptions.

Candidates who have passed the Internal Intermediate Examination in accordance with the conditions then in force for External Students are entitled to exemption from the External Intermediate Examination in Agriculture.

SYLLABUSES.

Chemistry.

(Two Papers and a Practical Examination.)

Inorganic Chemistry.—The determination of molecular, atomic and equivalent weights. Valency and structural formulæ. Classification of the elements (including the Periodic system). Combustion. Oxidation and reduction.

The preparation and properties of the more important non-metals and their commoner compounds.

The following metals and their more important oxides and salts :—As, Ca, Cu, Fe, Mg, K, Na, Zn, Pb.

Physical Chemistry.—The elements of physical chemistry to be treated in an elementary manner—including Nature of Chemical Equilibrium, Catalysis; Thermochemistry; Diffusion in solution; Osmotic Pressure; Molecular Weights in solution; Colloidal state; Electrical conductivity; Hydrolysis in aqueous solution; Strength of acids and bases; Use of Indicators.

Organic Chemistry.—General character of the carbon compounds and the determination of carbon hydrogen and nitrogen therein. Methods by which organic compounds are purified. Condensation, polymerisation and isomerism. Structural formulæ.

The lower aliphatic hydrocarbons and their Halogen derivatives, Methyl and Ethyl Alcohol, Glycol and Glycerol, Diethyl Ether, Formaldehyde, Acetaldehyde and Acetone, Formic, Acetic, Lactic, Oxalic, and Tartaric Acids. Esters, Acetamide, Cyanogen, Hydrocyanic and Cyanic acids. Urea, Methylamine, and Glycine.

Benzene, Toluene, Phenol, Benzyl Alcohol, Benzaldehyde, Benzoic Acid, and Aniline.

Practical Work.—Qualitative analysis of simple salts. Preparation and use of standard solutions of Acids, Alkalies, and Permanganate. The study of the reactions, with a view to the identification of Ethyl Alcohol, Acetone, Acetic Acid, Ethyl Acetate, Acetamide, Urea, Glycine, and Phenol.

Physics (Two Papers.)

Mechanics.—Momentum, work, power, force. Friction. The lever, pulley, wheel and axle, inclined plane, wedge, screw. Velocity, acceleration, Atwood's machine, gravity.

Mensuration.—Measurement of length, area, mass, volume, density.

Hydrostatics.—Solids, liquids, gases: changes of state. Elementary hydraulics. Specific gravity. Boyle's Law. Principle of Archimedes.

Heat.—The thermometer. Conduction. Radiation. Convection. Expansion of solids, liquids, and gases. Specific heat. Latent heat. Evaporation and boiling. Vapour pressure.

Electricity.—Properties of magnets. The magnetic field. The theory of magnetism. Elementary laws of the magnetic circuit. Temporary and permanent magnets. Electric current. Primary and secondary batteries. Conduction and insulation. Ohm's Law. The units of pressure, current, resistance, work, and power. Heating effects of currents. Forces acting on currents. The principles of the direct and alternating current dynamos. Electromagnetic induction. Faraday's Law, Lenz's Law, self-inductance, the induction coil.

Botany.

(Same as for Intermediate Examination in Arts. (See page 2481.)

Agricultural Zoology.

(Two Papers and a Practical Examination.)

ZOOLOGY.

The fundamental facts and laws of Zoology as exhibited by the following types with a knowledge of the diagnostic characters of the groups to which they belong:

Amæba, Euglena, Paramæcium, Earthworm, Liver-Fluke, Cockroach, Frog (excluding skeleton), *Pigeon, Rabbit* (excluding skeleton).

The student will be expected to acquire a practical knowledge of the general organization of each of the types above specified.

The structure and properties of the cell and the general characters of the tissues, including Epithelia, Blood, Lymph, Nervous, Muscular Connective, and Skeletal tissues, and the microscopic structure of the more important organs of the body.

The phenomena of Sexual and Asexual reproduction, including the general history and characters of the germ cells and the chief types of segmentation of the fertilized ovum, an elementary knowledge of the development of the chick up to the third day of incubation.

PRACTICAL WORK.

The dissection, microscopical examination, and description of specimens or parts of the animals mentioned above.

The determination of the zoological position of specimens which belong to the groups represented by the types mentioned above.

Candidates will be required to bring to the Practical Examinations their Notebooks, for inspection by the Examiners if desired, certified by their Teachers as being the actual working notes made by them in the Laboratory. These Notebooks must be taken away by the candidates at the close of the examination.

ELEMENTARY—ANATOMY AND PHYSIOLOGY OF FARM ANIMALS.

Horse, Ox, Sheep, and Pig.

Osteology and Arthrology.—Structure of the skeleton. Structure and composition of bone. Compact and cancellous tissue. Periosteum. Blood supply to bones. Classification of bones. A description of the bones of the horse and the more important differences in those of the ox, sheep, and pig. Description of a joint. Cartilage. Ligaments. Synovial membrane. Classification of joints.

Physiology of Farm Animals.—Horse, Ox, Sheep, and Pig.

The Blood: Its physical characters. Reaction and specific gravity. Composition of Blood. Corpuscles and Plasma. Structure and functions of Red and White Corpuscles. Hæmoglobin. Composition of Plasma. Coagulation. Formation of fibrin and serum.

Circulation: Heart arteries, arterioles, capillaries and veins. Systemic, pulmonary and portal circulation. Sounds of Heart.

Lymph and lymphatic system.

Respiration: Structure of lungs. Exchanges between venous blood and alveolar air. The mechanism of inspiration and expiration. Tidal air. Alveolar air. The Thorax. Causes producing Dyspnoea. Asphyxia.

Digestion: General characters of the process in herbivora and carnivora. Arrangement of the alimentary canal in the horse, ox, sheep, and pig. Composition of food of animals. Nitrogenous and non-nitrogenous food-stuffs. Action of Saliva. Gastric juice, succus entericus, pancreatic juice, bile on food, and outline of changes food undergoes during digestion. Muscular mechanism. Prehension of food. Drinking. Mastication. Deglutition. Movements of stomach and intestines. Rumination. The fæces and defæcation.

Absorption: Intestinal and general.

Excretion: By the kidneys and skin: Animal metabolism.

Central Nervous System: Its general structure and arrangement. Grey and White Matter. Sensory and motor areas in cortex of cerebrum. Reflex action in relation to glandular secretion.

Generation and development: Sexual season of animals. Ovaries and testes. The ova and spermatazoa. Impregnation. Formation of embryo and foetal membranes. Arrangement of placentæ in mare, cow, ewe, and sow. Terms of pregnancy. The mammary glands and secretion of milk.

APPENDIX II.

Statute 116:—

116. Every candidate for admission as a student of the University shall pass such Entrance or Matriculation Examination, or fulfil such other tests of fitness to be admitted as a student, as may be from time to time prescribed.

REGULATION AS TO EXEMPTION FROM THE MATRICULATION EXAMINATION.

Graduates of such British, Colonial, and Indian Universities as are approved by the Senate for that purpose, and those who have passed all the examinations required for a degree in those Universities, also women who have obtained Tripos Certificates granted by the University of Cambridge, and women who have obtained certificates showing that, under the conditions prescribed by the Delegacy for women students at Oxford, they have passed the Second Public Examination of that University or have obtained Honours in the Oxford University Examination for Women in Modern Languages, may on application be registered as Matriculated Students on payment of the registration fee of £3. 3s. without passing the Matriculation Examination.

For conditions under which the following examinations will give exemption from the Matriculation Examination of the University of London, see separate regulations obtainable on application to the External Registrar, University of London, South Kensington, London, S.W. 7:—

- Oxford Senior Local Examination.
- Higher Certificate Examination of the Oxford and Cambridge Schools Examination Board.
- School Certificate of the Oxford and Cambridge Schools Examination Board.
- Previous Examination of the University of Cambridge.
- Matriculation Examination of the Joint Board of the Northern Universities.
- School Certificate of the Joint Matriculation Board of the Northern Universities.
- Scotch School-leaving Certificate Examination.

For conditions under which the Cambridge Senior School Certificate Examination will give exemption from the Matriculation Examination, see regulations for Matriculation Examination.

The Standing of students registered under Statute 116 shall date, for the purposes of External Examinations, from the Matriculation Examination immediately preceding the date of registration. (See Extract from Statute 120 below.) To secure that a registration under Statute 116 shall date from any Matriculation Examination, such registration must be completed before the commencement of the next Matriculation Examination.

N.B.—Applications for registration must be accompanied by the proper fee and official documentary evidence of qualification in accordance with the above regulation. Drafts must be made payable to the "University of London," and crossed Westminster Bank, Ltd., Brompton Square Branch." The fee and evidence must be forwarded together by registered post and addressed to the External Registrar, University of London, South Kensington, London, S.W. 7.

EXTRACT FROM STATUTE 120.

"No student shall be admitted to the Final Examination for a degree until the expiration of at least three years after Matriculation, unless the Senate in special cases or special classes of cases otherwise determine."

PRIVILEGES AND EXEMPTIONS GRANTED BY OTHER BODIES.

For privileges and exemptions granted by other bodies to persons who have passed the Matriculation Examination (in its ordinary form or in the form of the School Examination Matriculation Standard) of the University of London, see separate regulations obtainable on application to the External Registrar, University of London, South Kensington, London, S.W. 7.

MUNICIPALITY OF GALLE.**Minutes of Proceedings of a General Meeting of the Municipal Council of Galle, held in the Municipal Office on Saturday, August 20, 1927, at 1.15 p.m., pursuant to Notice dated August 15, 1927.**

Present :—Mr. L. W. C. Schrader, Chairman ; Mr. C. E. de Vos ; Mr. D. I. Durham ; Mr. C. L. Wickramasinghe ; and Mr. F. W. Sproule.

Before proceeding with the business for the day, the Chairman, with the leave of Council, referred to the retirement of Mr. W. W. Morgan, and to the appointment of his successor in office, Mr. F. W. Sproule, as a member of the Council ; and moved that the Council do place on record its appreciation of Mr. Morgan's services as a member of this Council. Mr. C. E. de Vos seconded.—Carried.

1. The Minutes of the General Meeting of July 9, 1927, a copy thereof having been furnished to each member, were taken as read and confirmed.

2. Pursuant to notice, Mr. C. L. Wickramasinghe asked—What is the cause of delay in obtaining a report from a qualified Electrical Engineer on the Electric Installation ?

The Chairman replied as follows :—On April 9, 1927, the Council passed the following resolution :—That the services of a qualified Electrical Engineer be engaged to report of the Electric Scheme before the installation is taken over by the Municipal Council.

In terms of the resolution, I inquired whether Messrs. Boustead Brothers would undertake to make a report, and at what fee. They replied on April 28 that they were prepared to make the report for a fee of about Rs. 1,000.

On May 7 the Council adopted a motion "That the Special Committee on Electric Lighting be authorized to take steps to put into effect the resolution adopted at the last Meeting of the Council to secure the services of a qualified Electrical Expert to report on our Electric Scheme."

At a Meeting of the Special Committee, on May 18, it was decided to ask Messrs. Boustead Brothers for an exhaustive report on the installation. Messrs. Boustead Brothers replied on June 14 that they were prepared to make a report for a fee of Rs. 1,200, and required that copies of specifications and details of the engines and dynamos and plans of the wiring system, &c., should be supplied to them.

On June 16, I requested the Director of Public Works to be so good as to furnish the required information as soon as possible. Attention was invited on July 4 and July 14. The Director of Public Works replied on July 18, inquiring the name and professional qualifications of the gentleman who was proposed by Messrs. Boustead Brothers to draw up the report.

Messrs. Boustead Brothers were then asked, on July 19, to furnish this information. They have not done so yet, but have stated that the matter is receiving their attention.

I am now informed, by letter dated August 18, that the Colombo Electric Tramways and Lighting Co., Ltd., are not prepared to furnish an official report upon the installation.

It now rests with the Special Committee to deal with the matter.

3. The following motion stood in the name of Mr. C. L. Wickramasinghe—"That steps be taken, without further delay, to obtain a report from an Electrical Engineer as resolved by this Council on April 9, 1927."

Mr. C. L. Wickramasinghe asked leave of Council to defer the motion as there were so few members present. Leave of Council having been given the motion was deferred.

4. The following motions stood in the name of Mr. J. E. Perera :—(1) That the Superintendent of Works be asked to report whether drains could be built with success on either side of Dangedera road, Talopitiya road, Hall road, Kongtree road, and Circular road, and to draw up an estimate for cement drains on such roads as it is possible to build them.

(2) That the Medical Officer of Health be directed to keep the Talapitiya road side drains in good order, and that extra coolies be given him to enable an efficient service to be kept up. Mr. Perera telegraphed that he was unable to be present at the Meeting, and requested the leave of Council to defer the motions. Leave of Council having been granted the motions were deferred.

5. To sanction, under by-law 7 (vi.) of the Municipal Council by-laws relating to leave, excess leave of 31 days over 36 days granted to Mr. W. W. Ranasinghe in 1927, out of the available lapsed vacation leave in respect of 1923/1924.—Resolved that the excess leave be sanctioned.

6. Application from Inspector Wijesekeera for six months' vacation leave to attend Training Classes for Sanitary Inspectors.—Resolved that as the time for forwarding applications has lapsed, the application be not considered. If the application is to be renewed it should be made in good time.

7. Assessment rates for 1928.—Resolved (1) To make and assess for the calendar year 1928 a rate of 17½ per cent. of the annual value of all houses and buildings of every description, and of all lands and tenements whatsoever within the Police limits; and a rate of 7 per cent. of the annual value of all houses and buildings of every description, and of all lands and tenements whatsoever outside the Police limits, but within the Municipal limits of Galle, as required by section 115 of Ordinance No. 6 of 1910; payable by four instalments on or before the following dates :—First instalment on or before March 31, 1928; second instalment on or before June 30, 1928; third instalment on or before September 30, 1928; fourth instalment on or before December 31, 1928.

(2) To adopt the valuation of properties for the current year, subject to such alterations as the Chairman may, from time to time, find necessary to make for the purpose of rating for the calendar year 1928.

8. To fill a vacancy on the Standing Committee on Municipal Works.—Mr. F. W. Sproule was elected by ballot to fill the vacancy.

9. To fill a vacancy on the Special Committees (a) on Electric Lighting; (b) on Drainage :—Mr. C. E. de Vos moved that Mr. F. W. Sproule be elected on both Special Committees. Mr. C. L. Wickramasinghe seconded.—Carried.

The following extracts from the Minutes of the Standing Committee on Municipal Works, and the Special Committee on Electric Lighting were laid before the Council :—

10. *Extracts from the Minutes of the Standing Committee on Municipal Works of July 9, 1927.*

(2) Application from Mr. P. H. de La Harpe of No. 25, Kaluwells, for two additional taps to his water service.—Recommended.

(3) Application from the Provincial Engineer for a temporary connexion without charge for the Supreme Court building operations.—Resolved that the Provincial Engineer be informed that, in terms of regulation 32 (4) framed under the Waterworks by-laws, the Council had no option, but to make a charge for water supplied to premises where building operations are in progress.

(4) To consider the following estimates :—(a) Rs. 1,000 for the improvement of Hume road—Recommended; (b) Rs. 1,000 for repairs of bridges—Recommended. (a) and (b) to be carried out departmentally.

(5) Application from the Superintendent of Police to trim the overhanging branches of shade trees standing around the Fort esplanade.—Recommended that the ends of the branches be trimmed under the immediate supervision of the Superintendent of Works in consultation with the Superintendent of Police in such a way as not to interfere with the shade afforded by the trees.

Resolution.

Resolved that the recommendations of the Standing Committee be adopted.

11. *Extracts from the Minutes of the Special Committee on Electric Lighting of July 13, 1927.*

(3) Requisitions from the Superintendent, Electricity Department :—(a) 25 meters of 2½ amps, 6 meters of 2½ amps, 3 meters of 10 amps, and 2 meters of 20 amps, at an approximate cost of Rs. 750.—Recommended that meters be ordered direct from Messrs. Ferranti, England. (b) One recording volt meter, 0-300 volts; one watt meter, 0-500 watts; one stop watch; ten charts for recording volt meter; twelve charts for recording ammeter, 0-5 amps; one bench drill, with drills; one set whitworth stool and dies, 3/16 in. to ½ in.; one anvil; one dozen hack saw blades; one dozen assorted files; one speed counter; ten pairs rubber gloves at an approximate cost of Rs. 1,500.—Recommended that the instruments, &c., be purchased. (c) Office furniture :—One pedestal office table; one writing table; four arm chairs; one washhand stand; one enamelled jug and basin; one almirah; one book shelf at an approximate cost of Rs. 230.—Recommended that the furniture be purchased.

(4) Payment for street lighting.—Recommended that from July 1 the payment for lighting 250 street lamps be increased from Rs. 800 to Rs. 1,000 per mensem.

(5) Storekeeper's security.—Recommended that cash security in Rs. 250 be required from the Storekeeper, Electricity Department.

(7) Overhanging coconut trees.—Recommended (a) that compensation for coconut trees overhanging the overhead mains shall cease to be paid hereafter; (b) that the resolution of Council of September 11, 1926, regarding compensation, be rescinded.

Resolution.

With regard to item 7 (a) and (b) it was resolved to refer back to the Special Committee for reconsideration of compensation and the rights of the Council.

The recommendations of the Special Committee with regard to the remaining items were adopted.

12. The following documents were laid on the table :—

(1) Statement of receipts and disbursements to end of July, 1927.

(2) Progress report of works done on estimates during July, 1927.

(3) Report of the Inspector of Vehicles on carriages plying for hire during July, 1927.

(4) Diaries of (a) the Medical Officer of Health; (b) the Superintendent of Works; (c) the Inspector of Works; and (d) the Manager, Health Department.

Confirmed :
