But no Shareholder shall be entitled to any such extension except as a matter of grace or favour.

25. The Directors may at their discretion receive from any of the Shareholders willing to advance the same, and upon such terms as they think fit, all or any part of the moneys uncalled upon their respective shares beyond the sums actually called up; and upon the moneys so paid in advance, or upon so much thereof as from time to time and at any time thereafter exceeds the amount of the calls then made upon, and due in respect of the shares in respect of which such advances have been made, the Board may pay or allow interest at such rate as the Shareholders paying such sums in advance and the Directors may agree upon, not exceeding, however, eight per centum per annum.

# TRANSFER OF SHARES.

26. Subject to the restrictions contained in these articles, any Shareholder may transfer all or any of his shares by instrument in writing.

(1) A share may be transferred by a member, or other person entitled to transfer, to any member selected by the transferor; but save as aforesaid, and save as provided by clause 6 or 8 hereof, no share shall be transferred to a person who is not a member so long as any member, or any person selected by the Directors as one whom it is desirable in the interests of the Company to admit to membership, is willing to purchase the same at the fair value.

(2) Except where the transfer is made pursuant to clause (1), (6), or (8) hereof the person proposing to transfer any shares (hereinafter called the "proposing transferor") shall give notice in writing (hereinafter called a "transfer notice") to the Company that he desires to transfer the same.

Such notice shall either specify the sum he fixes as the price or, if no price is specified, the fair value shall be fixed by the auditor in accordance with these Articles, and such notice shall constitute the Company, his agent for the sale of the share to any member of the Company at the price or fair value so fixed. A transfer notice may include several shares, and in such case shall operate as if it were a separate notice in respect of each. A transfer notice shall not be revocable except with the sanction of the Directors.

(3) If the Company shall, within the space of twenty-eight days after being served with a transfer notice, find a member or person selected as aforesaid willing to purchase the share (hereinafter called the "purchasing member"), and shall give notice thereof to the proposing transferor, he shall be bound, upon payment of his price or the fair value, to transfer the share to the purchasing member.

(4) Whenever occasion arises to fix the fair value of a share the auditor shall on the application of the Directors certify in writing the sum which in his opinion is the fair value, and such sum shall be deemed to be the fair value, and in

so certifying the auditor shall be considered to be acting as an expert.

(5) If in any case the proposing transferor, after having become bound as aforesaid, makes default in transferring the share, the Company may receive the purchase money, and shall thereupon cause the name of the purchasing member to be entered in the register as the holder of the share, and shall hold the purchase-money in trust for the proposing transferor. The receipt of the Company for the purchase-money shall be a good discharge to the purchasing member, and after his name has been entered in the register in purported exercise of the aforesaid power, the validity of the proceedings shall not be questioned by any person.

(6) If the Company shall not, within the space of twenty-eight days after being served with a transfer notice; find a member or person selected as aforesaid willing to purchase the shares, and give notice in manner aforesaid, the proposing transferor shall at any time within three calendar months afterwards be at liberty, subject to clause 29 hereof, to sell and

transfer the shares (or those not placed) to any person and at any price.

(7) The Company in General Meeting may make and from time to time vary rules as to the mode in which any shares specified in any transfer notice shall be offered to the members, and as to their rights in regard to the purchase thereof, and in particular may give any member or class of members a preferential right to purchase the same. Until otherwise determined, every such share shall be offered to the members in such order as shall be determined by lots drawn

in regard thereto, and the lots shall be drawn in such manner as the Directors think fit.

(8) Any share may be transferred by a member to any child or other issue, son-in-law, father, mother, brother, sister, nephew, niece, wife or husband of member, and any share of a deceased may be transferred by his executors or administrators to any child, or other issue, son-in-law, daughter-in-law, father, mother, brother, sister, nephew, niece, widow, or widower of such deceased member to whom such deceased member may have specifically bequeathed the same, and shares standing in the name of the trustees of the will of any deceased member may be transferred upon any change of trustees to the trustees for the time being of such will, and the restrictions in clause 1 hereof shall not apply to any transfer authorized by this clause.

No transfer of shares shall be made to an infant or person of unsound mind. The Company shall keep a book or books, to be called "The Register of Transfers," in which shall be entered the particulars of every transfer or transmission of any share.

- 29. The Board may, at their own absolute and uncontrolled discretion, decline to register any transfer of shares by a Shareholder who is indebted to the Company, or upon whose shares the Company have a lien, or otherwise; or in case of shares not fully paid up, to any person not approved of by them; and in no case shall a Shareholder or proposed transferee be entitled to require the Directors to state the reason of their refusal to register, but their declinature shall be absolute.
- Every instrument of transfer must be left at the office of the Company to be registered, accompanied by the 30. certificate for the shares to be transferred and by such evidence as the Directors may reasonably require to prove the title of the transferor, and a fee of Two Rupees and fifty cents or such other sum as the Directors shall from time to time determine, must be paid to the Company for the registration of every such transer; upon payment thereof the Directors, subject to the powers vested in them by Article 29, shall register the transferee as a Shareholder, and retain the instrument of transfer.
- The Directors may, by such means as they shall deem expedient, authorize the registration of transferees as Shareholders, without the necessity of any meeting of the Directors for that purpose.
- 32. such acceptance is properly legalized.

38. If any Shareholder fails to pay any call or instalment on or before the day appointed for the payment of the same, the Directors may at any time thereafter, during such time as the call or instalment remains unpaid, serve a notice on such Shareholder requiring him to pay the same together with any interest that may have accrued, and all expenses

that may have been incurred by the Company by reason of such non-payment.

The notice shall name a day (not being less than one month from the date of the notice) on, and a place or places at, which such call or instalment and such interest and expenses as aforesaid are to be paid. The notice shall also state that, in the event of non-payment at or before the time and at the place appointed, the shares in respect of which the call was made or instalment is payable will be liable to be forfeited.

If the requisition of such notice as aforesaid be not complied with, every or any share or shares in respect of which such notice has been given may at any time thereafter, before payment of calls or instalments, with interest and expenses due in respect thereof, be declared forfeited by a resolution of the Board to that effect.

43. The Directors may in their discretion remit or annul the forfeiture of any share within six months from the date thereof upon the payment of all moneys due to the Company from the late holder or holders of such share or shares, and all expenses incurred in relation to such forfeiture, together with such further sum of money by way of redemption money for the deficit as they shall think fit, not being less than nine per centum per annum on the amount of the sums wherein default in payment had been made, but no share bona fide sold or re-allotted, or otherwise disposed of under Article 40

hereof, shall be redeemable after sale or disposal.

45. Such charge or lien may be made available by a sale of all or any of the shares subject to it, provided that no such sale shall be made except under a resolution of the Directors, and until notice in writing shall have been given to the indebted shareholder or his executors or administrators, or the assignee or trustee in his bankruptcy, requiring him or them to pay the amount for the time being due to the Company, and default shall have been made for twenty-eight days from such notice in paying the sum thereby required to be paid. ## PREFERENCE SHARES.

49. Any shares from time to time to be issued or created may from time to time be issued with any such right or preference, whether in respect of dividend or of repayment of capital, or both, or any such other special privilege or advantage over any shares previously issued or then about to be issued (other than shares issued with a preference), or at such a premium, or with such deferred rights as compared with any shares previously issued or then about to be issued, or subject to any such conditions or provisions, and with any such right or without any right of voting, and generally on such terms

as the Company may from time to time by special resolution determine.

50. If at any time by the issue of preference shares or otherwise the capital is divided into shares of different classes, then the holders of any class of shares may by an extraordinary resolution passed at a meeting of such holders, consent, on behalf of all the holders of shares of the class, to the issue or creation of any shares ranking equally therewith, or having any priority thereto, or to the abandonment of any preference or priority, or of any accrued dividend, or the reduction for any time or permanently of the dividends payable thereon, or to any scheme for the reduction of the Company's capital affecting the class of shares, and such resolution shall be binding upon all the holders of shares of the class, provided that this Article shall not be read as implying the necessity for such consent in any case in which but for this article the object of the resolutions could have been effected without it.

51. Any meeting for the purpose of the last preceding clause shall be convened and conducted in all respects as nearly as possible in the same way as an Extraordinary General Meeting of the Company, provided that no member not being a Director, shall be entitled to notice thereof or to attend thereat, unless he be a holder of shares of the class intended to be affected by the resolution, and that no vote shall be given except in respect of a share of that class, and that at any such meeting a poll may be demanded in writing by any members personally present and entitled to vote at the meeting.

the Company and its creditors.

54. For the purpose of securing the repayment of any such money so borrowed or raised, or for any other purposes, the Directors may grant, create, execute, and issue any mortgages, cash credits, debentures, debenture stock, bonds, or obligations of the Company, charged upon all or any part of the undertaking, revenue, lands, property, rights, and assets of the Company both present and future, including uncalled capital or unpaid calls, or may make, accept, or endorse on behalf of the Company any promissory notes or bills of exchange.

#### MUNICIPAL COUNCIL NOTICES.

#### MUNICIPALITY OF COLOMBO.

Minutes of Proceedings of a General Meeting of the Municipal Council of Colombo held in the Town Hall on Wednesday, July 7, 1926, at 3 p.m.

The Council met this day at 3 P.M., pursuant to notice dated June 30, 1926.

Present:—Mr. H. E. Newnham, C.C.S., Chairman; Mr. C. P. Dias, M.B.E., J.P.; the Hon. Mr. N. H. M. Abdul Cader, M.L.C.; Dr. E. V. Ratnam; Mr. A. E. de Silva; the Hon. Mr. C. H. Z. Fernando, M.L.C.; Mr. W. E. V. de Rooy; Mr. G. W. Dodds; Dr. G. Thornton; Mr. J. S. Collett; Mr. T. G. Jayewardene, V.D., J.P.; Mr. N. R. Blande; Mr. A. H. G. Dawson; Mr. T. R. Mitchell; and Lieut. Col. N. Dunbar Walker, O.B.E., M.B., R.A.M.C.

The Minutes of the General Meeting of June 2, 1926, having been previously printed and copies thereof having been sent to each Member of Council, were taken as read.

Resolved that the Minutes of the General Meeting of June 2, 1926, be confirmed.

Pursuant to notice, Mr. T. G. Jayewardene asked the Chairman the following questions:—(1) Will the Chairman be pleased to state if he is aware that great distress is now prevailing at Kirillapone, in the vicinity of the site acquired by this Council for a cemetery, owing to whole families being stricken down with a virulent type of malaria. If so, have any measures been taken by this Council to prevent the breeding of mosquitoes (A. Listoni) on the cemetery site? (2) Is the Chairman aware (a) that the Medicial Officer of Health reported in 1922 that if the acquisition of land for the cemetery, which was opposed by a large section of the inhabitants of the locality, was carried out, an important sanitary improvement would be effected, as the mosquito breeding places would be eliminated by the levelling and filling of the site; (b) that the Government Sanitary Commissioner, when appealed to by this Council in January, 1922, on a similar outbreak of malaria, stated that he expected this Council to carry out this work in the immediate future. If so, will the Chairman be pleased to call on the Minicipal Engineer to explain why he spent such a large sum, out of the money voted for laying out and preparing the site of the cemetery, on an ornamental Boundary wall before completing work so necessary to improve the sanitary condition of the place? (3) Will the Chairman be pleased to state, if it is part of the routine duties of Health Officers to inspect eating-houses, petty restaurants, and tea kiosks in the city, and prosecute such persons who sell stale, and unwholesome food unfit for human consumption. If so, how many were so prosecuted during this year and with what result? Do such officers also pay surprise visits to these premises, and inspect meat, fish, and other provisions brought for the preparation of meals? (4) Will the Chairman be pleased to draw the attention of the Municipal Engineer to the slow progress of the work on the widening of Colpetty road up to Deal place, and to have the work expedited? (5) Will the Chairman be pleased to state, if he and the Minucipal Engineer agreed with the Government Members of the Conference, referred to in the reply to my question at the last meeting of this Council, re Victoria Bridge road, that it was impracticable to alter the gradient of the overhead bridge, as the work would involve the alteration of at least three other roads. If so, will he or the Municipal Engineer state the extent to which these roads will have to be altered, and the nature of the impracticability, apart from that of extra cost to Government? Will he also state if he is aware (a) that some of these roads are outside the flood protected area, and that they will be all the better for being raised and the gradients altered; (b) that if the gradient of the overhead bridge is altered now, the raising of these roads will have to be done at Government expense, otherwise this Council will have to pay for the work at a future date, if it decides to keep these roads above flood level?

The Chairman replied as follows:—(1) The Chairman is aware that there was a recrudesence of malaria at Kirillapone this year after the onset of the monsoon rains, as there had been during similar seasons in the past, and before the Council acquired the site for a cemetery in that area. The partial filling and draining of the cemetery site had already reduced the danger of mosquito breeding to some extent. In March a mosquito survey was carried out, and anopheles breeding places were located not only in the quarry and cemetery, but also in the adjacent rural district. The latter, which lie outside the sphere of the Council's responsibility, were reported to the Director of Medical and Sanitary Services, the worst of them being a waterhole in the premises of the Balapokuna Temple. The former were reported to the Municipal Engineer who arranged for the oiling, filling, and draining of cavities holding water on the Council's lands.

(2) The Medical Officer of Health investigated an outbreak of malaria among the workmen at the Municipal Quarry at Kirillapome in 1921, and found that malaria-carrying mosquitoes were breeding both in the quarry and in the adjoining lands which lie outside the Municipal limits. The Sanitary Commissioner pointed out the difficulty of getting the swampy lands filled up and added that the construction of the cemetery by the Council would improve matters.

The Medical Officer of Health in February, 1922 concurred.

The Council voted Rs. 100,000 (on account) for laying out, &c., the cemetery and quarry; and on March 12, 1924, on the recommendation of the Works and Finance Committees, Council approved the detailed estimates for expending this sum, including the provision of a boundary wall and gates and a portion only of the filling. The Municipal Engineer this sum, including the provision of a boundary wall and gates and a portion only of the filling. The Municipal Engineer reports that the provision was made for the boundary wall in this estimate because section 11 of the Cemeteries Ordinance requires that "every cemetery shall be enclosed by the proper authority with substantial walls or iron railings of the height of 6 feet at least."

(3) (i.) It is part of the routine duties of the Health Officers to inspect the premises mentioned, and the inspection of 512 such premises in 1925 resulted in 70 prosecutions for unlicensed premises, 69 for filthy premises, and 484 for exposing

food to dust and flies.

(ii.) It is also thier duty to prosecute for exposing for sale or for selling food unfit for human consumption. No such

prosecutions have been entered this year.

(iii.) The visits of the Inspectors and of the Medical Officers are all surprise visits, and they inspect the provisions

brought for the preparation of meals.

(4) The final work of construction on the widening can only follow the obtaining of possession of all the lots. The acquisition of the lots has been delayed by the exhorbitant demands of some of the owners. Even after possession was obtained it was necessary in some cases thereafter to notice the occupiers to quit. Until possession of all the lots was obtained, and the occupiers had quitted, it was impossible for the Telephone Department to lay their new cable, excavate and remove the old one, and remove and refix their old posts and wires. Until this had been done the work of construction Meanwhile, the Works Engineer has personally followed up the acquisition of each lot with the greatest should not begin. promptitude, and has assisted the owners to get material cleared away and boundary walls set back and rebuilt. preliminary work has also been undertaken, such as removing surplus earth, collecting and stacking materials and setting out level pegs.

It is however, as well at this point to state real delay is likely to occur later. Owing to abnormal rains and the consequent flooding of quarries, stoppage of work and sickness of labour there is a very serious shortage of broken metal. Maintenance has the first claim on such metal as becomes available. It is only thereafter that construction work can

get its share.

(5) The Municipal Engineer and the Chairman agreed that it was impracticable to alter the gradient of the bridge (to which the Council had acquiesced) on account of not only the very heavy expense involved, but also on account of the effect of such a measure on the lands adjoining both it and the other roads which would have to be raised, and especially in view of the fact that the solution of the problem appeared to be to keep the old road open permanently. The extent to which the other roads would have to be raised would depend on the extent of the alteration proposed for the approach to the bridge.

The Chairman is aware that the Madampitiya road (which would be affected) is outside the area protected from floods, but is not prepared at the moment to say to what extent, if any, its level, should be raised. In these circumstances the Chairman cannot say whether the Council would at some future date contemplate incurring the expenditure of raising

this road above the level of either the major or the minor floods.

Pursuant to notice, the Hon. Mr. C. H. Z. Fernando asked the Chairman the following questions:—(1) Will the Chairman be pleased to obtain the following information from Messrs. Boustead Bros., and, if available, place it before this meeting of Council? (a) The number of tram cars owned by the Company and the average number used on the roads per day. (b) Is the Company expecting to place any more tram cars on roads, if so, how many and when? (c) What was the average number of passengers carried daily on the tram cars during the month of May this year and also the average number carried daily during the second week of this month (June)? (2) What was the number of accidents during the previous ten years due to tram car posts erected in the middle of streets in Colombo and what will be the cost of removing them?

(3) Which streets in the Kotahena Ward get under water during floods, at how many places does each one of these

get under water and what would be the cost of raising each one of them above flood level at such points?

(4) In view of the fact that the Mattakkuliya area has been set aside for dangerous trades and as a number of stores have been built in recent years in that area, will the Chairman be pleased to place before this meeting, estimates for the metalling of the roads which are used by lorry traffic in that locality and which, according to the recent report made by the Works Engineer, require metalling?

The Chairman replied as follows:—(1) Messrs. Boustead Bros. have supplied the following infirmation:—

(a) 44 motor cars and 6 trailer cars. 37 motor cars and 6 trailer cars in daily use.

(b) Yes. It is expected to have 6 further cars available by the end of the year.

(c) The average number of passengers carried daily during the month of May was 47,675. The daily average during the second week in June was 44,292. They would point out, however, that the May figures were appreciably affected by the Wesak Festival.

(2) They regret that the information regarding the accidents referred to is not available and they state that the approximate cost of removing the 95 centre poles would be Rs. 709 each, i.e., about Rs. 67,355 in all, apart from certain

poles about which there are special difficulties.

(3) The cost of raising each road individually above the maximum flood level would be very considerable and the task of estimating it would be very lengthy. Accurate levels of the roads and the properties on either side would have to be taken and those properties as well as under-ground mains would all be affected. Before such a detailed estimate is prepared it is desirable to ascertain the height and number of floods to be anticipated annually; to consider the best means of dealing with the problem as a whole, and also to decide on the future planning of the area as a whole. Municipal Engineer is being directed to collect information on these points.

(4) An estimate has been received amounting to Rs. 5,008 for metalling the four sections of road which most urgently require this treatment. This will be placed before the Works and Finance Committees for approval, in case the supplies of metal prove sufficient to carry out the work this year. The remainder can then be dealt with next year as may be

found necessary.

4. Pursuant to notice, Dr. E. V. Ratnam asked the Chairman the following questions:—(1) Whether the work of rounding the corner of Andival street and Chekku street, sanctioned by the Council, has been started. If not, when it will be started and completed and what is the cause of the delay in starting the same?

(2) When a start is likely to be made with the scheme for the improvement of the Kochchikade slum area, approved

by the Council and how the matter stands at the present moment?

The Chairman replied as follows:—(1) A mandate for the acquisition has been requested from Government.

receipt, the acquisition will be advertised and when completed the work of construction will begin.

(2) The Hon. the Attorney-General has advised that present legislation does not empower the Council to carry out the scheme, and he is formulating draft legislation to enable it to do so. As soon as the legislation is passed a start can be made.

5. Pursuant to notice, the Chairman moved—"That this Council do congratulate Mr. C. P. Dias, M.B.E., J.P., Councillor for the San Sebastian Ward and Senior Elected Member of Council, on the honour conferred on him by His Majesty the King.

(2) That the Chairman be requested to recommend to Council for consideration the case of any other officer similarly

circumstanced.

(3) That this Council request the Chairman to represent to the Hon, the Attorney-General the desirability of incorporating in the proposed Motor Vehicles Ordinance a provision to empower the Chairman to refuse to grant a "Public Hire" license to owners of motor cars and buses, if they do not make financial provision for meeting any liability incurred by them, and that this matter be referred to the Standing Committee on Law and General Subjects for consideration with the permission of the Council Mr. C.
