GENERAL CONDITIONS.

To have always ready for transport 10 per cent. more wood than is actually delivered monthly.

2. Felling to commence within a week of signing the contract and to cease on August 31, 1927. Final delivery of wood to be made on or before September 30, 1927.

Surplus sharpened tools should always be ready to hand in the felling area. The cost of coppicing in this manner is estimated at 15 cents per cubic yard.

8. The contractor, if so required by the Divisional Forest Officer, shall submit a list of every carter employed by him and be responsible for the due delivery of all woods to the Railway.

9. The contractor is also required to clear all patches of land within the block, where there are no suitable trees for firewood felling.
