*Statement of Objects and Reasons.*

REPRESENTATIVES of the tea industry, after discussions between the Ceylon Planters' Association, the Ceylon Estates Proprietary Association, the Low-country Products Association, and the Ceylon Association in London, have decided, in order to insure the industry's welfare and progress, that it is essential to establish a Tea Research Institute for the purpose of providing scientific research into the agricultural and factory problems which face that industry. A referendum of those controlling the industry has been taken. Seventeen thousand acres did not reply. Of those who did reply 97.7 per cent. voted in favour of the scheme.

The industry is proposing to provide the funds necessary for this Research Institute, and this Ordinance gives effect to its establishment and to the incorporation of its Board of Management.
