Colombo, April 11, 1928.

A. G. M. FLETCHER,
Colonial Secretary.

Statement of Objects and Reasons.

THE representatives of the coconut planting industry, after full discussion, have expressed the wish that a detailed research should be undertaken into the problems of coconut cultivation, and the object of this Bill is to establish and incorporate, with the necessary powers, a Board of Management to institute and control the research work which is contemplated. The Board will consist of the Director of Agriculture as Chairman, assisted by three *ex officio* members and five nominated members (clause 3). The powers and duties of the Board are set out in clause 4.

2. It is proposed that the initial expenses of the scheme shall be borne in equal shares by the coconut industry and the Government, and with this end in view, provision is made in clause 5 for the payment by Government to the Board of a sum of Rs. 400,000 (half of which is to be a grant, and the other half a loan), with the object of enabling the Board to purchase and equip an estate for experimental and research purposes. The loan, which is to be paid in two equal instalments, will bear interest at 5 per cent. from the date of the second instalment and will be repaid in such manner as the Governor in Council may direct.

3. The annual income of the Board (clause 6) will consist of—

- (a) The profits made in working the estate purchased and by the sale of produce ;
- (b) An additional export duty on certain coconut produce which is estimated to realize an annual sum of approximately Rs. 55,000. This duty will be paid by the Industry, and will be handed over to the Board monthly ; and
- (c) By an annual contribution from general revenue (not exceeding Rs. 30,000) for the first twelve years, after which it is probable that the whole scheme will have to be revised from a financial point of view. The actual amount of this contribution will be a sum equal to the difference between the total of the additional export duty and the amount due from the Board as repayment of the loan and interest.

4. Provision is also made that the estimates of income and expenditure and the accounts of the Board and a report of its work shall be laid annually on the table of the Legislative Council (clause 8), and that the Governor in Council may decide questions as to the powers of the Board (clause 9).

5. Clause 10 gives protection to the Board and its members for *bona fide* action under the bill.
