NOTICE is hereby given that the Assistant Government Agent of Hambantota will hold a Land Kachcheri, on July 16, 1928, at 10 A.M., at Wirawila Circuit Bungalow, for the purpose of allotting lands to landless villagers and other small holders from an allotment of about 500 acres, depicted in irrigation survey preliminary plan No. 2, and situated at Bundala aforesaid.

2. The land is suitable for paddy cultivation and the irrigation facilities provided by the Kirinde-oya Right Bank Scheme are available to bring most of the lands in the area under cultivation.

3. The land has been cut out into lots of irrigable land and high land and not more than one block of irrigable land of about 2 to 5 acres and one block of high land about half to one acre will be allowed to each selected applicant. The high land is suitable for residential purposes and will be allotted so as to adjoin the irrigable block allotted to each applicant.

4. Applications should be made for particular lots. The Assistant Government Agent will allot the lots to each selected applicant, and his decision as to allotment of land and selection of applicants shall be final.

5. The selected applicants will be put into immediate possession of the lands allotted to them on signing lease permits, the conditions of which will be explained to them at

the Land Kachcheri. The lease will be for a period of 5 years commencing from the date of first occupation. In the case of irrigable land the permit-holder shall not grow any product other than paddy except with the written consent of the Assistant Government Agent first had and obtained. If with such written consent he grows any product other than paddy, he shall be liable to pay the same irrigation rate as in the case of paddy land.

6. The permit-holder shall be bound to asweddumize, or if produce other than paddy is grown by him with the permission of the Assistant Government Agent, to cultivate to the satisfaction of the Assistant Government Agent at least one-half of the irrigable area leased to him within 3 years and the entire area within 5 years.

7. The permit-holder shall within a year of his entering into possession as lessee put up a house of such type as is approved by the Assistant Government Agent on the high land allotted to him and take up his residence there for the purpose of asweddumizing or cultivating and developing and improving the irrigable and high lands allotted to him. He shall cultivate or otherwise develop and improve at least half of the high land leased to him within a period of 2 years and the whole land within 3 years. He shall be bound to make such progress yearly in asweddumizing or cultivating the said lands as may appear satisfactory to the Assistant Government Agent.

8. Rent shall be payable annually at the rate of Re. 1 per acre for the irrigable land and Rs. 2 per acre for the high land. This rent shall be payable in advance every year on the day and month of first occupation.

9. The permit-holders shall be liable to pay such irrigation rates as may be determined by Government, and they are subject to all irrigation and cultivation rules at present in force or which may hereafter be made.

10. The permit-holder will be entitled to make use of unscheduled timber in the land allotted to him for fencing and for erection of the house on his land. But he shall have no right to remove any timber from the land without the Assistant Government Agent's permission. The Forest Department will be entitled to remove any timber either before or after the issue of the permit.

11. If at the end of 5 years or sooner, the permit-holder shall have satisfactorily asweddumized or cultivated the entire land allotted to him to the satisfaction of the Assistant Government Agent, he may be given a grant of the land upon a tenure to be hereafter determined by the Government, and subject to such conditions as may be imposed.
