Tenderers must also state whether sleepers are sawn or hewn.

6. In cases of Australian woods, all sleepers and crossing timbers must be passed before shipment by the Government Inspector of the State from which the timber is obtained—any sleepers or crossing timbers rejected at such inspection will not be accepted by the Ceylon Government.

Arrangements will be made for a preliminary inspection before shipment of sleepers from India (including Burma) or the Straits Settlements. In the case of sleepers from other countries delivery will be accepted in Colombo, subject to the sleepers being strictly in accordance with the specification.

7. The first deliveries must be made by March-April, 1929, and the total quantity under contract must be delivered in Colombo by June 30, 1929. Tenderers must specify in the tenders the dates on which deliveries will be begun and completed. Should a contractor fail to complete delivery by the specified date the purchase price of the sleepers and crossing timbers delivered to and accepted by the General Manager of the Railway after the specified date shall be subject to a deduction as damages of 10 per cent. on their value and such deduction shall be regarded as a reasonable pre-estimate of actual damage which the General Manager of the Railway will and may sustain by reason of the default of the contractor to complete delivery within the specified time and shall for all purposes be deemed to be and regarded as liquidated damages, and not as a penalty.

8. Should the contractor at any time during the execution of the contract find that he will be unable to deliver the full quantity of sleepers and crossing timbers or any portion of them within the period named, he shall at once give notice accordingly to the General Manager of the Railway, who shall have an absolute discretion, either to grant an extension of time, or to determine the contract and recover damages as provided hereinafter in condition 33.

9. If any difference or dispute shall arise between the parties of this contract as to the true intent and meaning of any of the conditions herein contained or to any matter in dispute arising out of this contract, such difference or dispute shall be referred to a Board of Arbitration, of which each party shall appoint one arbitrator, and the two arbitrators so appointed shall, before proceeding with the reference, appoint an umpire. The award of the arbitrators and umpire or of the majority of them, shall be conclusive and binding on both parties hereto, and may include the costs, if any, of the arbitration proceedings.

10. The contractors shall inform the General Manager of the Railway by telegraph immediately the steamers commence to load, stating the probable date of sailing, and shall again telegraph immediately the vessel has sailed. As each consignment is shipped, the contractors must send direct to the General Manager of the Railway in care of the Master of the vessel conveying the sleepers or crossing timbers:—

1 bill of lading (stamped)	1 copy of Charter Party (if any).
1 copy of invoice.	1 copy of Insurance Policy

11. The contractors shall take all risk of accident or damage to the crossing timbers and sleepers from whatever cause arising, and shall insure them against all marine risks from shore to shore with a first class Insurance Company or companies whose names have been approved by the Government of Ceylon.

12. All tenders should be in duplicate and must be accompanied by a letter signed by two responsible persons, whose addresses must be given, engaging to become security for the due fulfilment of the contract. 13. Tenders should be deposited in the tender box in the Office of the Controller of Revenue, or sent through the post, so as to reach the Office of the Controller of Revenue not later than noon on Tuesday, December 18, 1928.

14. Tenders are to be made on forms which will be supplied upon application at the Office of the Railway Storekeeper, and no tender will be considered unless it is on the recognized form. Alterations must be initialled, otherwise the tenders may be treated as informal and rejected.

15. A deposit of Rs. 100 in favour of the Honourable the Treasurer of Ceylon will be required to be made at the General Treasury, Colombo, and a receipt produced for the same before any form of tender is issued.

16. Applications from outside Ceylon accompanied by a draft on a Colombo Bank in favour of the Honourable the Treasurer of Ceylon will be considered on intimation being received from the Bank that such a draft has been placed to the credit of Government.

17. No contract shall be entered into with any person whose name is on the list of Crown defaulting contractors, either individually or jointly with any other person, nor shall the contractor employ any person whose name is on the list of Crown defaulting contractors, or any other person to whom the General Manager of the Railway for reasons which appear to him sufficient, objects after giving due notice of his objection in writing.

18. Applicants must satisfy the General Manager of the Railway that they are in a position to execute the contract in a satisfactory manner, documentary or other evidence being produced for the purpose if called for, and in the case of tenderers who are not resident in the Colony by a duly constituted agent specially empowered in that behalf.

19. Tenders from tenderers not resident in the Colony will not receive consideration unless submitted by a duly constituted agent resident in the Colony, specially empowered to tender for the same and to execute a valid contract in that behalf and to fulfil all the terms of the contract. In the case of local firms tendering as agents of firms outside Ceylon, the "duly constituted" agents should hold a power of attorney from their principals to enable them to enter into a contract, should their tender be accepted.

20. Should any tenderer decline to enter into the contract and bond, or fail to furnish approved security within ten days of receiving notice in writing, that his tender has been accepted, such deposit will be forfeited to the Crown, and the defaulter will render himself liable to be included in the list of defaulting contractors, precluded from having any concern in a Ceylon Government contract. All other deposits will be returned upon signature of a contract.

21. Sufficient sureties will be required to join in a bond for the due fulfilment of each contract. The amount of security required will be Rs. 1,000 in cash or fixed deposit for every 20,000 sleepers and crossing timbers or lesser number contracted for.

22. No tender will be considered unless in respect of it all the conditions laid down have been strictly fulfilled.

23. The Ceylon Government reserves to itself the right, without question, of rejecting any or all tenders, and the right of accepting any portion of a tender. If any special conditions attached to the acceptance of part of a tender or of lots in other numbers than those specified, they must be clearly laid down in the tender.

24. In case of failure to comply with the specification, the General Manager of the Railway may deduct such sum from the payment as he may consider justifiable by reason of the inferior quality of sleepers and crossing timbers supplied, whether the same shall have been previously inspected or passed as provided in clause 6 or not. Any dispute as to the amount so deducted shall be referred to a Board of Arbitrators, of which each party shall appoint one arbitrator, and the two arbitrators so appointed shall, before proceeding with the reference, appoint an umpire. The award of the arbitrators or umpire, or a majority of them, shall be conclusive and binding on both parties hereto, and may include the costs, if any, of the arbitration proceedings.

25. The price quoted in the tender is to include all costs till delivered in ship's sling at vessel's side in Colombo harbour. The sleepers and crossing timbers are to be at the risk of contractors till so delivered.

26. Payment of nine tenths of the value of each separate shipment will be made to the contractors by the Treasurer on completion of the discharge of the steamer. The settlement of the unpaid balance will be made on completion of the final tally, subject to such deductions as may be made under clause 24. Payments will be made on delivery by means of crossed cheques in rupees in Colombo at the bank's selling rate for Telegraphic Transfers or by Telegraphic Transfer on London.

27. The contractor shall not assign or transfer the contract without the permission of the General Manager of the Railway.

28. Delivery shall not be made in lots of less than 1,000 sleepers and may commence from the date of acceptance of tender.

29. In the case of failure on the part of the contractor to supply the entire quantity of sleepers and crossing timbers by the specified time, it shall be lawful for the General Manager of the Railway in his discretion, by reason of such default and breach of contract on the part of the contractor, either to grant the contractor once or oftener an extension of time for the delivery of such quantity of sleepers and crossing timbers as the contractor has failed to supply (subject to a deduction of 10 per cent. on their purchase price), or to purchase in the open market at whatever price he may deem fit and reasonable, such quantity of sleepers and crossing timbers as the contractor has failed to supply.

30. In the event of the General Manager in his discretion electing not to grant the contractor an extension of time, but to purchase or cause to be purchased in the open market such quantity of sleepers and crossing timbers as the contractor shall have failed to deliver by the specified time, the General Manager shall give to the contractor 30 days' notice in writing of his intention so to purchase in the open market.

31. If subsequent to the issue of the notice of intention to purchase in the open market and within the period of 30 days covered by such notice, the contractor shall deliver to the General Manager the entire quantity of sleepers and crossing timbers then remaining undelivered, or any part of such quantity it shall be lawful for the General Manager for good cause shown or otherwise to him appearing, to accept such quantity of sleepers and crossing timbers or any part thereof, and in the event of the General Manager within the said period of 30 days accepting a part only of the quantity of sleepers and crossing timbers remaining undelivered, such acceptance shall in no way be deemed to be or construed as a waiver of the written notice hereinbefore referred to, which said notice shall despite such acceptance be deemed to be for all purposes valid and effectual, with a view to enabling the General Manager lawfully to purchase in the open market such quantity of sleepers and crossing timbers as shall yet remain undelivered at the expiration of the period of 30 days covered by the said notice.

32. Should the sleepers and crossing timbers so purchased cost more than the contract price, the contractor shall be liable to pay to the General Manager the full amount of the excess cost, together with all expenses attending the purchase and procuring of the same.

33. Should the contractor fail to supply in the quantities and in the time agreed upon, or should he supply sleepers and crossing timbers inferior in quality, or should he commit a breach of any of the covenants of the contract, the General Manager shall be at liberty by notice in writing to forthwith determine the contract, and thereupon the contractor will be liable to pay to the General Manager all costs and expenses incurred by the failure to supply, sleepers and crossing timbers, or by the breach of any other covenant of the contract, and shall, in addition be liable to forfeit the sum deposited by him as security, which said sum shall be paid and forfeited as liquidated damages, and not by way of a penalty, and shall not be deemed to include the costs and expenses hereinbefore referred to.

AN auction sale of the under-mentioned satinwood will be held at the Central Timber Depôt, Kew road, Slave Island, Colombo, on Saturday, November 24, 1928, at 10 A.M., subject to the following conditions:—

1. The timber will be put up in lots to suit buyers at a rate per cubic foot, and no advance of less than 25 cents per cubic foot will be accepted.

2. The highest bid will be accepted, subject to the approval or disapproval of the Conservator of Forests. The highest bidder will be required by the officer conducting the sale to sign the sale book kept for the purpose directly a lot has been knocked down to him.

3. Payment of 25 per cent. of the successful bid to be made at time of sale, if so required.

4. Depôt measurements must be accepted, but previous to date of auction any prospective bidder is at liberty to check the measurements recorded in the notice and to represent any differences promptly.

5. No timber shall be removed before payment of the full price bid, and all timber sold must be removed from the depôt within ten days of date of notification of acceptance by the Conservator of Forests of such bid, and will be at the risk of the purchasers until removed.

6. Should any person to whom a lot is knocked down refuse to take it over at the full price bid, or refuse or fail to sign the sale book and pay 25 per cent. of his bid when so required, or refuse or fail to pay the full purchase amount or balance thereof, as the case may be, and to remove the timber within the time specified in clause 5 above, the lot will again be put up for

auction, and the original purchaser or bidder will be held liable for any loss to Government owing to a lower price being realized at the resale, while if an enhanced price is realized at such resale, he shall, however, have no claim to the profit, which shall accrue to Government.

7. Flowered logs, if not so advertised, shall be excluded from the lots advertised in the list, and shall be put up separately, at the discretion of the Assistant Conservator of Forests, after consulting the wishes of prospective purchasers.

8. Agents bidding for others will be required to produce a written authority from the firm or person for whom they bid, such authority will be retained by the Assistant Conservator of Forests, and will hold good only at the particular sale at which it is produced.

9. Fractions of a cubic foot less than .5 will be ignored, and anything over will be counted as one cubic foot in calculation of value of each log.

10. The description of the logs appearing in the remarks column of the following list is entered merely for the guidance of the intending purchasers who, as usual, should satisfy themselves as to its correctness before purchasing the logs.

## MUNICIPAL COUNCIL NOTICES.

## MUNICIPALITY OF COLOMBO.

## Minutes of Proceedings of a General Meeting of the Municipal Council of Colombo held in the Town Hall on Wednesday, September 5, 1928, at 3 p.m.

The Council met this day at 3 p.m. pursuant to notice dated August 29, 1928.

*Present* :—Mr. H. E. Newnham, M.A., C.C.S., Chairman; the Hon. Mr. N. H. M. Abdul Cader, M.L.C.; Dr. E. V. Ratnam; the Hon. Mr. C. H. Z. Fernando, M.L.C.; Mr. W. E. V. de Rooy; Mr. A. H. F. Clarke; Dr. E. A. Coorey; Mr. G. W. Dodds; Mr. N. R. Blande; Mr. M. L. M. Reyal; Dr. S. Muttiah; Mr. C. R. Lundie; Mr. T. C. Dyball; Mr. J. S. Collett; Dr. R. G. Jayetileke; and Mr. F. Dadabhoy, J.P.

1. The Minutes of the General Meeting of August 8, 1928, having been previously printed and copies thereof having been sent to each Member of Council, were taken as read.

Resolved that the Minutes of the General Meeting of August 8, 1928, be confirmed.

2. Pursuant to notice, the Hon. Mr. C. H. Z. Fernando presented a petition from Mr. S. L. A. Ghaffur regarding the outright sale of premises No. 1,059/97, Old Urugodawatta, and moved that it be placed before the Law and Finance Committees for consideration and report. The Chairman seconded.—Carried.

3. Pursuant to notice, Mr. M. L. M. Reyal presented a petition from stall holders of Kachcheri road vegetable market and moved that it be placed before the Sanitation Committee for consideration and report. The Chairman seconded.—Carried.

4. Pursuant to notice, Dr. E. A. Coorey asked the Chairman the following questions :— Will the Chairman be pleased to state—(1) Whether the mandate for acquisition of land from the three Hindu Temple premises in Wellawatta Ward, for widening of Galle road, has been received? (2) Whether the present Trustees of the three Temples, through their lawyers, have consented to the acquisition of the land? (3) If (1) and (2) are answered in the affirmative, whether the Chairman will take steps to have the acquisition of the said land carried out at once in view of the fact: (a) That the Chairman made a statement at the General Meeting of the Council in August to the effect that there may be opposition by the Temple Authorities to the acquisition of their land and that, therefore, the trace for the widening of the Galle road may have to be altered? (b) That the tenure of office of the present Trustees, who have consented to the acquisition, expires at the end of this year?

The Chairman replied as follows :—(1) and (2) the answer is in the affirmative. (3) The Chairman does not propose to proceed at once with the acquisition of these properties owing to the other important work of the Assessor which has already of necessity gone into arrears owing to the heavy acquisitions on which he has been engaged this year. There are some 500 objections to Wellawatta assessments still outstanding and the objectors naturally complain of the delay. It is also most desirable to complete the revision this year of Kotahena Ward and also of the Pettah Ward, which was due last year, but held over owing to the scrapping of the Wellawatta revision.

5. Pursuant to notice, Mr. M. L. M. Reyal asked the Chairman the following question :—Is the Chairman aware that the Chamber of Commerce is of opinion that copra should not be included in the list of commodities, which come under the description of dangerous trades and that this opinion is supported by the Medical Officer of Health as well as the Superintendent of the Fire Brigade? Will the Chairman, therefore, place this matter for the consideration of the Housing and Town Improvement Committee with a view so delete copra from the list of dangerous and offensive trades?

The Chairman replied as follows :—A complete reply cannot be given to the first part of this question as drafted without a long explanatory précis of the history of the matter. The more immediately relevant facts are as follows :— On the recommendation of the Four Standing Committees the Council on May 6, 1925, added the storing of copra to the dangerous trades under the zoning by-laws. On April 23, 1926, the Building Committee recommended that it should be removed. Council on May 5, 1926, referred the matter to the Sanitation Committee who recommended that it should be retained and Council on June 2, 1926, agreed. This appeared to result in hardship to one firm and the Building Committee on February 3, 1927, conferred with the representatives of those interested in the trade and consulted the Chamber of Commerce and the then Medical Officer of Health and the Superintendent, Fire Brigade, on various aspects of the question. Finally they recommended that the storing of copra should be retained on the list of dangerous trades and on April 6, 1927, the Council agreed. There the matter remains and the alleged hardship to one firm was met by the alteration of another by-law. The matter has, therefore, been very fully considered by Committees and by Council, and Council in 3½ years has 3 times specifically decided to retain the storing of copra as a dangerous trade. In the absence of any evidence that the present by-law is definitely harmful the Chairman is not prepared to take the initiative in suggesting to the Committee that it request Council to alter its threefold decision.

6. Pursuant to notice, Dr. E. A. Coorey moved—That this Council do reduce the assessment rate on properties from 20 per cent. to 18 per cent. as from January 1, 1929.

Fernando :—(1) With reference to the recommendation of the Donoughmore Commission that Municipal Councils should be under the control of the Local Administration Department and be supervised by a Minister, assisted by a Committee, this Council is strongly of opinion that the Municipal Council of Colombo should be independent of the said Department or Minister. (2) This Council does not agree with the view expressed by Government that the amendment of the Municipal Constitution should await the creation of such a department, with a staff of Engineers, Medical Officers, and Accountants, in view of the fact that the Council possesses a most efficient staff of technical officers who do not and will not require the assistance of any supervisory officers to be appointed by Government. (3) This Council is of opinion that the qualifications for electors and members should be the same as those recommended for the State Council, with the proviso that those eligible for membership should be resident

within the Municipal town. (4) This Council is of opinion that with a view to having a loyal and contented service, officers of the existing Council should be given the right after the reforms to retire on proportionate pension with compensation for loss of career. (5) This Council is of opinion that the Constitution of the Colombo Municipality should be dealt with in a separate bill, which should be introduced at the earliest possible opportunity.

The Hon. Mr. C. H. Z. Fernando moved for permission to defer the consideration of his motion to the next meeting. The permission having been granted, the consideration of the motion was deferred.
