Applicants should be prepared to deposit survey fees at Rs. 3 per acre for the blocks applied for, for immediate lease, when called on to do so.

4. Applicants are advised not to apply for immediate lease of an area greater than they are prepared to clear and plant or otherwise develop within the first five years. It is also suggested that they should give, if possible, with regard to the area for the option of the lease of which they apply, a rough programme of development showing the lease of what areas approximately they propose to take up each year and the total period required to develop the whole area.

5. Leases will be granted for a period of 99 years and upon the usual terms as regards premium and rent. Timber not removed by the Forest Department will be valued *in situ* and sold to the lessee.

6. Competition for leases in this area will in the first instance be limited to persons who have applied under this notice, but Government does not bind itself to accept any application.

7. A scheme of survey into blocks of suitable sizes will be decided on after applications have been received.

8. All applications should be addressed to the Additional Controller of Revenue.
