66. The Directors may, before recommending any dividend set aside out of the profits of the Company such sums as they think proper as a reserve fund to meet contingencies, or for equalizing dividends, or for special dividends, or for repairing, improving, and maintaining any of the property of the Company, and for such other purposes as the Directors shall in their absolute discretion think conducive to the interests of the Company; and may invest the several sums so set aside upon such investments (other than shares of the Company) as they may think fit, and from time to time deal with and vary such investments, and dispose of all or any part thereof for the benefit of the Company, and may divide the reserve fund into such special funds as they think fit (and employ the reserve fund or any part thereof in the business of the Company and that without being bound to keep the same separate from the other assets)

66B. 66C. For the purpose of giving effect to any resolution under the two last preceding Articles, the Directors may settle any difficulty which may arise in regard to the distribution as they think expedient, and in particular may issue fractional certificates, and may fix the value for distribution of any specific assets, and may determine that cash payments shall be made to any members upon the footing of the value so fixed or that fractions of less than one rupee may be disregarded in order to adjust the rights of all parties, and may vest any such cash or specific assets in trustees upon such trusts for the persons entitled to the dividend or capitalized fund as may seem expedient to the Directors.
