Social Anthropology.—A fuller knowledge of primitive social organization will be here expected: the tribe, the village community, kinship grouping, and the family. The relation between faith and knowledge in primitive societies.

Physical Anthropology, with which are included Prehistoric Archaeology and Technology. Candidates will be expected to have such knowledge as may be acquired by laboratory and museum work, consisting mainly in the handling and study of specimens and exhibits. Questions will not be set on the history of the language before Chaucer, nor, in general, on its morphological or phonological changes since his time; the history of workmanship, style, and prosody will not be excluded.

CIVILIZATIONS AND LANGUAGES: Subjects 50-67.—In these the civilization subject associated with a language can be taken only by candidates who also offer themselves for examination in the language itself.

57. *German Civilization.*—In history candidates should know in outline the history of the Medieval Empire, of the growth of the German cities, of the Reformation in Germany, and of the Thirty Years War; but the main stress will be on the period from the accession of Frederick the Great to the present day.

58. *Spanish, Italian Language.*—As for French.

59. *Spanish Civilization.*—In history the main stress will be on the periods from the Union of Castile and Aragon under Ferdinand and Isabella to the liberation of the Netherlands, and again from 1800 to the present day.

REGULATIONS FOR EXAMINATIONS FOR EASTERN CADETSHIPS, VIZ., FOR CADETSHIPS IN THE CIVIL SERVICES OF CEYLON, HONG KONG, AND MALAYA.

1. The Cadets are selected by Open Competitive Examination held by the Civil Service Commissioners, to whom all inquiries on the subject should be addressed.

Any such examination is open, under such general restrictions as may be laid down, to all natural-born, but not naturalized, British subjects, being of the requisite age, health, and character.

2. Candidates for Ceylon Cadetships must be natural-born British subjects either of pure European or Ceylonese descent on both sides or of mixed European and Ceylonese descent. Candidates for Hong Kong or Malayan Cadetships must be natural-born British subjects of pure European descent on both sides.

3. Candidates successful in the competition who may be assigned to any of these Cadetships may be called upon to satisfy the Secretary of State for the Colonies that they fulfil the above requirements as regards descent. To avoid delay candidates claiming to be of Ceylonese or mixed descent would do well to provide themselves in advance with a form of certificate by application to the Colonial Secretary's Office, Colombo.

4. The examinations for these appointments will, as a rule, be held in the months of July and August of those years in which vacancies have occurred in any of the above Services; and the successful candidates will be allotted, as and when opportunity offers, to the various Colonies or States in which vacancies may exist upon a consideration of all the circumstances, including their own wishes; but the requirements of the Public Service will rank before every other consideration, and the Secretary of State retains full discretion to allot as he thinks fit.

5. Candidates for Cadetships in Ceylon and Hong Kong must have attained the age of 22 and must not have attained the age of 24 on the first day of August in the year in which the Examination is held. Candidates for Cadetships in Malaya must have attained the age of 21 and must not have attained the age of 24 on the first day of August in the year in which the examination is held. All candidates must satisfy the Civil Service Commissioners that they are duly qualified in respect of health and character; they must be of sound constitution, possessed of good sight, and physically qualified for service in tropical climates, and they will be called upon to undergo a strict medical examination to test these points.

Civil Service Commission,
January, 1929.

Announcement made by the Civil Service Commissioners with the authority of the Colonial Office.

Successful candidates who are allotted to Cadetships in Malaya will be required, before embarkation, to take a course in the Malay language at the School of Oriental Studies, to be followed by an examination conducted by the authorities of the School. The order of seniority of candidates in the Malayan service will be determined by a combination of the marks gained in the general competitive examination and of those obtained in the examination in the Malay language; but any candidate failing altogether in the latter will be relegated automatically to the bottom of the list.

An allowance at the rate of £300 per annum will be given to candidates from the date of selection to the date on which they are required to embark for Malaya.

* It is notified for general information that the number of marks deducted for bad handwriting may be considerable.

† When an Open Competitive Examination for Eastern Cadetships in the Colonial Service is held concurrently with an Open Competitive Examination for the Indian, or the Home Civil Service, candidates admitted to compete for any two or all of these services will be required to pay only one consolidated fee of £8.
