2. All tenders should be in duplicate and sealed under one cover, and should be addressed to the Chairman of the Tender Board, Office of the Controller of Revenue, Colombo.

3. Tenders should either be deposited in the tender box in the Office of the Controller of Revenue, or be sent through the post.

4. Tenders should be marked "Tender for Diets, — Hospital," in the left hand top corner of the envelope, and should reach the Office of the Controller of Revenue not later than midday on September 3, 1929.

5. The tenders are to be made upon forms which will be supplied upon application at the Office of the Director of Medical and Sanitary Services, and no tender will be considered unless it is on the recognized form. Alterations must be initialled, otherwise the tenders may be treated as informal and rejected.

6. A cash deposit according to the schedule hereunder will be required to be made at any Kacheheri, and a receipt produced for the same before any form of tender is issued. Should any person decline to enter into the contract and bond after he has tendered, or fail to furnish the approved security, within ten days of receiving notice in writing of the acceptance of the tender, such deposit will be forfeited to the Crown, and the defaulter will render himself liable to be included in the list of defaulting contractors precluded from having any concern in a Government contract. All other deposits will be returned upon signature to the contract. No deposits for tender forms will be accepted at the Office of the Director of Medical and Sanitary Services.

7. If required, samples must be deposited.

8. The successful tenderer will be required to furnish cash security according to the schedule hereunder, and to sign the bond given in the tender for the due fulfilment of the contract; also to furnish with each tender a letter in duplicate signed by two responsible persons, whose addresses must be given, engaging to become an additional security for the due performance of the contract. The amount deposited for tender forms will form part of the security.

9. Contracts may not be signed, sublet, or otherwise transferred without the previous written sanction of the Director of Medical and Sanitary Services. Sanction will not be given for any transfers, including powers of attorney in favour of persons in the defaulting contractors' list. No defaulting contractor should be employed on any service connected with the contracts or the tenders.

10. No tender will be considered unless in respect of it all the conditions above laid down have been strictly fulfilled.

11. The Government reserves to itself the right, without question, of rejecting any or all tenders, and the right of accepting any portion of a tender or the whole of it for an year or any portion thereof.

12. No contract shall be entered into with any person whose name is on the list of Crown defaulting contractors, either individually or jointly with any other person, nor shall the contractor employ any person whose name is on the list of Crown defaulting contractors, or any other person to whom the Director of Medical and Sanitary Services, for reasons which appear to him sufficient, objects after giving due notice of his objection in writing.

13. The contract shall be entered into by the contractor with the Head of the Department acting for and on behalf of His Majesty the King, and the designation of such officer shall mean and include the officer for the time being holding such office and his successors in office for the time being under the Government of Ceylon.

14. Any further information can be obtained on application to the Director of Medical and Sanitary Services, Colombo.

J. F. E. BRIDGER,

Director of Medical and Sanitary Services.

TENDERS are hereby invited for the maintenance of the following services in the Colombo area for period of one year from October 1, 1929, to September 30, 1930:—

- (i.) Maintenance of, and minor improvements to, Government Buildings, Police Stations, Hospitals, Dispensaries, &c.
- (ii.) Maintenance of, and minor improvements to, drainage and water supply of the above.

2. This area will be divided into sections and separate tenders must be submitted for each section. A contract for each section will be entered into with the successful contractor who will be required to deposit as security such sum as may be decided upon and stated in the contract.

3. Specifications, schedule of prices, draft contract, and forms of tender can be seen, and all informations obtained from the Office of the District Engineer, Buildings, Torrington square, Colombo, any week day between the hours of 9 A.M. and 4 P.M. (Saturdays, 9 A.M. and 1.30 P.M.). These should be inspected and all information should be obtained before any deposit is made.

Before tender forms can be issued, the intending contractor must deposit a sum of Rs. 50 either at the General Treasury or Kacheheri. The receipt must be handed to the District Engineer, Buildings. The deposit will be refunded to all *bona fide* tenderers after the contract has been signed by the successful contractor. No deposit should be made, however, until the contractor is informed by the District Engineer that a form of tender will be issued to him.

4. Tenders (on the basis of a percentage "OFF" or "ON" the prices shown on the schedule of prices) for each section and service given above must be submitted separately, in duplicate, on the forms attached to the specification and schedule. The forms duly filled in, signed and dated, to be forwarded in securely sealed envelopes, as follows:—

- (a) The original form, or forms, of tender (a separate form must be used for each section) must be forwarded with one copy of the general conditions and specification, the list or lists of buildings for each section (a separate list to be forwarded for each section for which a form of tender is submitted) and the schedule of prices (all signed by the contractor) to the construction Engineer, Public Works Department, Colombo.
- (b) The duplicate copy of the form of tender only to be forwarded to the District Engineer, Buildings, Torrington square, Colombo—

endorsed on the outside "Schedule of Rates for Maintenance of Buildings or Drainage, &c.," (as the case may be), so as to reach the offices of the foregoing officers on or before 12 noon on Monday, September 2, 1929.

5. The specification, schedule of prices, and forms of tenders must not be altered in any way, and must be returned to the above officers in their original form duly signed and dated. Any tenders received which do not comply with the aforementioned conditions will be rejected.

6. No contract shall be entered into with any person whose name is on the list of Crown defaulting contractors, either individually or jointly with any other person, nor shall the contractor employ any person whose name is on the list of Crown defaulting contractors, nor will a form of tender be issued to any other person to whom the Construction Engineer, Public Works Department, Colombo, for reasons which appear to him sufficient, objects after giving due notice of his objection in writing.

7. Government does not bind itself to accept the lowest or any of the tenders submitted, nor to give all the work included in any contract or in any one item to any one contractor.

2. All tenders must be in *duplicate*, both copies being sealed in the same envelope, and addressed to the Chairman of the Tender Board, Office of the Controller of Revenue, Colombo.

3. Tenders must be marked "Tenders for the Supply of Rice, Public Works Department, Central Province (North), 1929-30," in the left hand top corner of the envelope, and should reach the Office of the Controller of Revenue not later than 12 noon on September 3, 1929.

4. Tenders should either be deposited in the tender box in the Office of the Controller of Revenue, or be sent to him through the post.

5. The sample of rice not less than a measure, should be deposited in sealed packets or bottles at the Office of the

Provincial Engineer, Central Province (North), Kandy, not later than 12 noon on September 3, 1929.

6. To each sample must be firmly attached a label on which is stated the name of the tenderer, the *Gazette* number of the notice calling for the tender, and the description of the rice adopted in his tender.

7. Tenders must be on forms which may be obtained at the Office of the Provincial Engineer, Central Province (North), Kandy, and no tender will be considered unless it is furnished on the recognized form thus obtained. Any alterations made in tenders should bear the initials of the tenderer.

8. A deposit of Rs. 50 will be required to be made either at the Treasury or Kachcheri, and a receipt produced for the same before any form of tender is issued. Should any person decline to enter into the contract and bond, or fail to furnish approved security within ten days of receiving notice in writing from the Provincial Engineer, Central Province (North), Kandy, that his tender has been accepted, such deposit will be forfeited to the Crown. All other deposits will be returned upon signature of a contract.

9. Further information may be obtained on application at the Office of the Provincial Engineer, Central Province (North), Kandy.

10. Before any tender is accepted the contractor will be required to sign a contract to make due delivery in accordance with the description and the quantity of rice tendered by him and as per approved samples submitted. In order to secure the due and punctual performance of the contract, the successful tenderer will be required to deposit a sum of Rs. 350 in the Ceylon Savings Bank in favour of the Colonial Treasurer in respect of the particular contract entered into by him.

11. A Government contractor must not issue a power of attorney to a person whose name is on the defaulting contractors' list authorizing him to carry on the contract.

12. No tender will be considered unless in respect of it all the conditions above laid down have been strictly fulfilled.

13. No contract shall be entered into with any person whose name is on the list of Crown defaulting contractors, either individually or jointly with any other person, nor shall the contractor employ any person whose name is on the list of Crown defaulting contractors, or any other person to whom the Provincial Engineer, Central Province (North), Kandy, for reasons which appear to him sufficient, objects after giving due notice of his objection in writing.

14. Tenderers who have not previously held Government contracts, when applying for tender forms, should furnish the officer issuing the forms with a written statement giving their full names and permanent addresses, stating in which district or districts they own landed property or other interests. The extent of landed property and the nature and extent of other interests should be also given.

In the case of persons who have carried out contracts with the Public Works Department, but not in the division or district concerned in the notice calling for tenders, they should state in which division or district or divisions or districts they held contracts.

In the case of persons who have carried out Government contracts with departments other than the Public Works Department, the name of such department and the district in which the service was rendered should be stated.

15. Contracts may not be assigned or sublet without the authority of the Tender Board.

16. Tenders for imported rice will be accepted only on the condition that the tenderer shall give the Government the benefit of any decrease in the Customs duties made after the signing of the tender and up to the expiry of the contract entered into hereafter, and the Government likewise undertakes to pay over and above the tendered rate such sum as shall adequately compensate the tenderer for any increase in the Customs duties during the period aforesaid.

17. The Government does not bind itself to accept the lowest or any tender, and reserves to itself the right of accepting any portion of a tender.

6. The contract shall not be assigned, sublet, or otherwise transferred without the consent and authority of the Director of Public Works previously obtained in writing.

7. No contract shall be entered into with any person whose name is in the list of Crown defaulting contractors, either individually or jointly with any other person, nor shall the contractor employ any person whose name is in

the list of Crown defaulting contractors, nor will forms of tender be issued to any other person to whom the Provincial Engineer, Southern Province, Galle, for reasons which appear to him sufficient, objects after giving due notice of his objection in writing.

8. A Government contractor must not issue a power of attorney to a person whose name is on the list of Crown defaulting contractors authorizing him to carry on the contract.

9. A deposit of Rs. 10 will be required to be made either at the Treasury or Kachcheri, and a receipt produced for the same before any form of tender is issued. Should any person decline to enter into contract and bond or fail to furnish approved security within ten days of receiving notice from the District Engineer, Hambantota, that his tender has been accepted, such deposit will be forfeited to the Crown, and the defaulter will render himself liable to be included in the list of defaulting contractors precluded from having any concern in a Government contract. All other deposits will be returned upon signature of a contract.

10. Conditions of contract and any other particulars could be obtained at the Office of the District Engineer, Hambantota, any week day between the hours of 8.30 A.M. and 4 P.M. (Saturdays, 8.30 A.M. and 12 noon.)

11. Before any tender is accepted the contractor will be required to sign a contract to execute and perform the works in accordance with the specification and the general conditions therein set forth, and to deposit a sum of Rs. 150 for the due and faithful performance of the contract.

12. No tender will be considered unless in respect of it all the conditions above laid down have been strictly fulfilled.

13. Government does not bind itself to accept the lowest or any tender, and reserves to itself the right of accepting any portion of a tender.

HAROLD P. G. YOUNG,  
for Director of Public Works.

Public Works Office,  
Colombo, August 14, 1929.

**T**ENDERS are hereby invited separately for the supply of (a) Country rice and (b) Coast rice (Kallundā) for the use of the Public Works Department, in the Hambantota District of the Southern Province, delivered at the Hambantota town for a period of 6 months commencing from November 1, 1929, to April 30, 1930.

*Hambantota District.*

(An average of 350 bushels of rice per month will be required for Hambantota District, but no guarantee is given that this or any other quantity will be ordered each month.)

2. All tenders must be in duplicate, both copies being sealed in the same envelope, and addressed to the Chairman of the Tender Board, Office of the Controller of Revenue, Colombo.

3. Tenders must be marked "Tender for Supply of Rice, Public Works Department, Southern Province, 1929-30," in the left hand top corner of the envelope, and should reach the Office of the Controller of Revenue, not later than 12 noon on September 3, 1929.

4. Tenders should either be deposited in the tender box in the Office of the Controller of Revenue or be sent to him through the post.

5. The sample of rice, not less than a measure, should be deposited in sealed bottles at the Office of the Provincial Engineer, Southern Province, Galle, not later than 12 noon on September 3, 1929.

6. To each sample must be firmly attached a label on which is stated the name of the tenderer, the *Gazette* number of the notice calling for the tender, and the description of the rice adopted in his tender.

7. Tenders must be on forms which may be obtained at the Office of the Provincial Engineer, Southern Province, Galle, and no tender will be considered unless it is furnished on the recognized form thus obtained. Any alterations made in tenders should bear the initials of the tenderer.

8. A deposit of Rs. 50 will be required to be made either at the Treasury or Kachcheri, and a receipt produced for the same before any form of tender is issued. Should any person decline to enter into the contract and bond or fail

to furnish approved security within ten days of receiving notice in writing from the Provincial Engineer, Southern Province, Galle, that his tender has been accepted, such deposit will be forfeited to the Crown. All other deposits will be returned upon signature of a contract.

9. Further information may be obtained on application at the Office of the Provincial Engineer, Southern Province, Galle.

10. Before any tender is accepted the contractor will be required to sign a contract to make due delivery in accordance with the description and the quantity of rice tendered by him and as per approved samples submitted. In order to secure the due and punctual performance of the contract the successful tenderer will be required to deposit a sum of Rs. 100 in the Ceylon Savings Bank in favour of the Colonial Treasurer in respect of the particular contract entered into by him.

11. A Government contractor must not issue a power of attorney to a person whose name is in the defaulting contractors' list authorizing him to carry on the contract.

12. No tender will be considered unless in respect of it all the conditions above laid down have been strictly fulfilled.

13. No contract shall be entered into with any person whose name is on the list of Crown defaulting contractors, either individually or jointly with any other person, nor shall the contractor employ any person whose name is on the list of Crown defaulting contractors, or any other person to whom the Provincial Engineer, Southern Province, Galle, for reasons which appear to him sufficient, objects after giving due notice of his objection in writing.

14. Tenders for imported rice will be accepted only on the condition that the tenderer shall give the Government the benefit of any decrease in the Customs duties made after the signing of the tender and up to the expiry of the contract entered into hereafter, and the Government likewise undertakes to pay over and above the tendered rate such sum as shall adequately compensate the tenderer for any increase in the Customs duties during the period aforesaid.

15. Tenderers, who have not previously held Government contracts, when applying for tender forms should furnish the officer issuing the forms with a written statement giving their full names and permanent addresses, stating in which district or districts they own landed property or other interests. The extent of landed property and the nature and extent of other interests should also be given.

In the case of persons who have carried out contracts with the Public Works Department, but not in the division or district concerned in the notice calling for tenders, they should state in which division or district or divisions or districts they held contracts.

In the case of persons who have carried out Government contracts with departments other than the Public Works Department, the name of such department and the district in which the service was rendered should be stated.

16. Contracts may not be assigned or sublet without the authority of the Tender Board.

17. The Government does not bind itself to accept the lowest or any tender, and reserves to itself the right of accepting any portion of a tender.

Weights transported per cart up to 10 cwt. will be paid as half cart.

Weights upwards 10 cwt. to 20 cwt. will be paid as full cart.

*Note.*—(i.) The rates should include handling at both ends, loading and unloading into carts and railway wagons at the Goods Shed, and stacking the stores, &c., at the different stores.

(ii.) Fractional part of a cwt. under  $\frac{1}{4}$  cwt. of articles weighing over 1 cwt. will not be taken into account for preparing vouchers for payment, when it is  $\frac{1}{4}$  cwt. or less than  $\frac{1}{4}$  cwt. it will be taken and accounted for as a cwt.

2. Tenders must be submitted in duplicate on forms to be obtained from the Office of the District Engineer, Pelmadulla, duly signed and dated, and forwarded in securely sealed envelopes, the original addressed to the Provincial Engineer, Province of Sabaragamuwa, Ratnapura, and the duplicate addressed to the District Engineer, Pelmadulla, endorsed on the outside "Tender for Transport of Stores, Pelmadulla District," so as to reach the offices on or before 12 noon on Monday, September 16, 1929.

3. Before any tender is accepted, the contractor will be required to sign a contract to execute and carry out the work in accordance with the general conditions therein set forth and to deposit a sum of Rs. 50 for the due and faithful performance of the contract. The terms of the contract can be ascertained on reference to the District Engineer, Pelmadulla.

4. Any alterations made in the tenders should bear the initials of the tenderer.

5. No contract shall be entered into with any person whose name is on the list of Crown defaulting contractors, either individually or jointly with any other person, nor shall the contractor employ any person whose name is on the list of Crown defaulting contractors, nor will forms of tender be issued to any other person to whom the Provincial Engineer, Province of Sabaragamuwa, Ratnapura, for reasons which appear to him sufficient, objects after giving due notice of his objection in writing.

6. The District Engineer, Pelmadulla, reserves to himself the right of transporting stores by the Public Works Department Overseers' carts.

7. Government does not bind itself to accept the lowest or any of the tenders submitted, nor to give all the work to any one contractor.

HAROLD P. G. YOUNG,  
for Director of Public Works.

Public Works Office,  
Colombo, August 14, 1929.

**S**CHEDULE of rates are hereby invited for the construction of quarters for Supervisor, Estate Labour Depôt, Polgahawela, in Kegalla District, Province of Sabaragamuwa.

2. The whole of the work to be undertaken on an agreement to be entered into with the District Engineer, Kegalla, by the contractor on the basis of his accepted tendered schedule of rates, and finally subject to the approval of the Provincial Engineer, Sabaragamuwa.

3. The Public Works Department specification, bill of quantities, and form of agreement can be seen, and all other information obtained from the Office of the District Engineer, Kegalla, any week day between the hours of 9.30 A.M. and 4.30 P.M. (Saturdays, 9.30 A.M. and 12 noon).

4. Schedule of rates must be submitted in duplicate on forms to be obtained from the Office of the District Engineer, Kegalla. Both copies of schedules shall be duly signed and dated, and forwarded in securely sealed envelopes, the original addressed to the Provincial Engineer, Sabaragamuwa, Ratnapura, and the duplicate addressed to the District Engineer, Kegalla, endorsed on the outside "Schedule of Rates for the Construction of Quarters for Supervisor, Estate Labour Depôt, Polgahawela," so as to reach the offices of the foregoing officers on or before 12 noon on Saturday, September 7, 1929. All materials as stated in the specification will be supplied free of charge to the contractor by the department, and the rates submitted should be exclusive of the costs of these materials for the items which necessitate their use.

5. Government reserves to itself the right to supply the contractor with any other materials which may be necessary in the execution of the work included in any agreement, and to recover the cost thereof as indicated in the Government Stores Price List, plus 25 per cent., as also Customs duty, transport, and packing charges, &c. In the case of timber supplied through the Forest Department, royalty and freight will similarly be charged.

6. All alterations made in the quotations should bear the initials of the tenderer.

7. Before tender forms can be issued the intending contractor must deposit a sum of Rs. 50 either at the General Treasury or any local Kachcheri. The receipt must be handed to the District Engineer, Kegalla. The deposit will be refunded to all *bona fide* tenderers after the agreement has been signed by the successful tenderer. If a tenderer fails to enter into an agreement on the basis of his tender, when called on to do so, the deposit will be forfeited.

8. Before any tender is accepted the contractor will be required to deposit a sum of Rs. 150 in the Kegalla Kachcheri as security for the due and proper performance of the works in accordance with the specification and the general conditions therein set forth.

9. The accepted tenderer will be required to complete and hand over the work to the District Engineer, Kegalla, on a date to be agreed upon.

10. No contract shall be entered into with any person whose name is on the list of Crown defaulting contractors either individually or jointly with any other person, nor shall the contractor employ any person, whose name is on the list of Crown defaulting contractors, nor will forms of tender be issued to any other person to whom the Provincial Engineer, Province of Sabaragamuwa, Ratnapura, for reasons which appear to him sufficient, objects after giving due notice of his objection in writing.

11. Government does not bind itself to accept the lowest or any of the schedules of rates submitted, nor to give all the work included in the whole scheme or in any one item to any one contractor.

7. Government does not bind itself to accept the lowest or any of the tenders submitted, nor to give all the work to any one contractor.

8. The District Engineer, Kegalla, reserves to himself the right of transporting stores by the Public Works Department Overseers' carts.

HAROLD P. G. YOUNG,

Public Works Office, for Director of Public Works.  
Colombo, August 14, 1929.

**TENDERS** are hereby invited for the supply of the following materials, viz., nar baskets, ola mats, ola bags, palmyra olas, coir, and ekel brooms, coir strings, and gunny bags, to be delivered when required at the General Stores, Jaffna; Salt Pans, Chiviyateru; and Tondaimannar Store, during the period October 1, 1929, to September 30, 1930.

2. All tenders should be in duplicate and sealed, the original to be addressed to the Government Agent, Northern

Province, Jaffna, and the duplicate to the Hon. the Controller of Revenue, Colombo.

3. Tenders should either be handed in personally or be sent through the post. Both copies should be despatched at the same time.

4. Tenders should be marked "Tender for Supplying Materials, 1929-30," in the left hand top corner of the envelope, and should reach the Jaffna Kachcheri not later than 2 P.M. on September 6, 1929.

5. The tenders are to be made upon forms which will be supplied upon application at the Jaffna Kachcheri, and no tender will be considered unless it is on the recognized form. Alterations must be initialled, otherwise the tenders may be treated as informal and rejected.

6. A deposit of Rs. 20 will be required to be made at the Kachcheri, and a receipt produced for the same before any form of tender is issued. Should any person decline to enter into the contract and bond, or fail to furnish approved security within ten days of receiving notice in writing from the Government Agent, Northern Province, that his tender has been accepted, such deposit will be forfeited to the Crown, and the defaulter will render himself liable to be included in the list of defaulting contractors precluded from having any concern in a Government contract. All other deposits will be returned upon signature of a contract.

7. Each tender must be accompanied by a letter signed by two responsible persons, whose addresses must be given, engaging to become security for the due fulfilment of the contract.

8. Samples must be deposited on date of tender.

9. Sufficient sureties will be required to join in a bond for the due fulfilment of each contract. The amount of each bond and all other necessary information can be ascertained upon application at the office referred to in section 5.

10. No contract shall be entered into with any person whose name is on the list of Crown defaulting contractors, either individually or jointly with any other person, nor shall the contractor employ any person, whose name is on the list of Crown defaulting contractors, or any other person to whom the Government Agent, Northern Province, for reasons which appear to him sufficient, objects after giving due notice of his objection in writing.

11. No tender will be considered unless in respect of it all the conditions above laid down have been strictly fulfilled.

12. The Government reserves to itself the right, without question, of rejecting any or all tenders, and the right of accepting any portion of a tender.

The Kachcheri,  
Jaffna, August 9, 1929.

NO candidate shall be admitted to these Examinations unless he have passed, or been admitted under Statute 116 (see Appendix) as exempt from, a Matriculation Examination not later than that of the preceding January.

A candidate who has sat for a January Matriculation Examination may, if he so desire, enter provisionally for an Intermediate Examination, pending the results of the Matriculation Examination.

Entries close on January 31.\*

Applications for entry form should be made not less than ten days before the date fixed for closing entries.

Each entry form (whether first entry or re-entry) duly filled in, must be forwarded so as to reach the Education Office by the date above mentioned and with it, in the same cover, must be sent: (1) Bank receipt for the fee (*vide* particulars in footnote†) credited to the Examination Fund account of the Director of Education in the Chartered Bank of India, &c., Colombo, and (2) a certificate of good conduct taken not more than six months previously.

An additional fee of Rs. 70, in no case returnable, is payable by candidates offering Oriental (except in the case of Sinhalese, Tamil, Pali, and Sanskrit) and Slavonic Languages; while candidates offering Hebrew must pay an additional fee of Rs. 28.

All payments to the Bank must be forwarded with the form giving particulars of payment. This form can be had on application to this office.

N.B.—Fees should not under any circumstances be remitted to the Education Office. All entry forms received at the Education Office not accompanied by the proper bank receipt and other necessary documents or after the date prescribed will be rejected.

Fees cannot be returned after the last date of entry, viz., January 31, but if notice of withdrawal is received at this office—

(a) Not later than March 1:—

A candidate for the entire examination will be credited with Rs. 98.

A candidate for examination in a "referred" subject will be credited with Rs. 49.

A candidate for examination in a supplementary subject will be credited with Rs. 35.

(b) Not later than April 15:—

A candidate for the entire examination will be credited with Rs. 84.

A candidate for examination in a "referred" subject will be credited with Rs. 35.

A candidate for examination in a supplementary subject will be credited with Rs. 21.

Candidates who fail to give notice of withdrawal by the above-mentioned dates and who do not present themselves for an examination will be credited with a portion of the fee as follows:—

A candidate for entire examination, Rs. 49.

A candidate for examination in a "referred" subject, Rs. 24.50.

A candidate for examination in a supplementary subject, Rs. 17.50.

A candidate whose entry for an Intermediate Examination has been accepted provisionally pending the results of a January Matriculation Examination, but is found ineligible owing to his failure in the latter examination, will be credited with Rs. 98.

Every candidate who is credited with a portion of the fee in accordance with the preceding paragraphs, when re-entering, must pay the extra amount necessary to make up the fee due, particulars of which are given in footnote.†

If a candidate retire after the commencement of the examination, or fail to pass it, the full fee shall be payable upon re-entry.

\* Entries of candidates taking Sinhalese or Tamil, or Sanskrit or Pali, or any other Oriental or Slavonic language close two months earlier, i.e., on November 30.

(3) One of the following subjects:—

Pure Mathematics,§	Geology,
Applied Mathematics,§	History of Architecture,
Logic,	Geography,
Ethics,	Economics,
Physics,	Zoology,
Chemistry,	Law.
Botany,	

(4) Any one of the previous subjects not already taken or English History or Modern European History or Ancient History.

The examination shall be conducted mainly by means of printed papers; but for the purpose of ascertaining the competence of a candidate to pass, the Examiners shall not be precluded from putting *visà voce* questions to any candidate.

In all subjects there will be two papers of three hours each, except in the case of History of Architecture. In Physics, Chemistry, Botany, Geology, and Zoology there will be in addition a practical test.

In the Physics, Chemistry, Botany, Geology, and Zoology Papers questions will be set involving (1) the translation of passages in French or in German, and (2) answers with regard to the subject-matter thereof. Candidates are recommended to read some books or papers in French or in German on the subjects which they select for the examination. The questions in French and German which are set in papers in Science and Mathematical subjects shall be optional in the case of candidates sitting in the Dominions and in the Colonies.

No candidate offering an Experimental Science subject will be allowed to pass who fails to satisfy the Examiners in the practical part as well as the written part of the examination in the subject chosen.

Candidates shall not be approved by the Examiners unless they have shown a competent knowledge in each of the subjects selected by them.

## Reference.

A candidate at the Intermediate Examination who takes all the four prescribed subjects on one and the same occasion, but who fails to reach the minimum standard in one subject only may be "referred," i.e., he may be permitted, on the recommendation of the examiners, to present himself in that subject alone on one occasion only at one of the next two Intermediate Examinations in Arts. Referred candidates who do not pass in their referred subjects within the above stated limits will be required when re-entering to offer all four subjects again.

The examiners will recommend that a candidate be referred only if his failure in one subject is not serious, and if his performance in the remaining three subjects is reasonably good.

A candidate who has completed the Intermediate Examination after having been referred in one subject will be deemed for all purposes to have passed the examination in question on the date of completion.

Supplementary (one subject): French or German or a Science—Rs. 6.  
Subject 45 0  
Any other subject 40 0

† A candidate who is a native of Asia or Africa (and not of European or American parentage), or who is of Jewish nationality and has resided continuously for not less than three years in Palestine immediately prior to the date of the examination, may substitute for Latin with Roman History or Greek with Greek History any one of the following languages: Classical Arabic, Sanskrit, Pali, Classical Chinese, Classical Hebrew, Persian. A candidate will be required to send to the Education Office his birth certificate or other original documentary evidence clearly establishing his claim to take a substituted language.

§ Candidates who elect to take Physics for the B.A. Examination must take either Pure or Applied Mathematics at the Intermediate Examination. "Referred" candidates must re-enter in accordance with the general Regulations.

**Supplementary Subjects.**

Candidates who have passed the Intermediate Examination in Arts may enter for examination in one or more supplementary subjects.

**EXEMPTIONS.**

*Note.*—No exemptions from this examination are given in whole or in part except on the results of examinations of this University.

Candidates who have passed the Internal Intermediate Examination in accordance with the conditions then in force for *External Students*, are entitled to exemption from the External Intermediate Examination in Arts; and if the combination of subjects did not comply with the requirements for External Students, such candidates may be exempted on passing in the necessary Supplementary Subjects. [See p. 2209]

Candidates who have passed the Intermediate Examination in Divinity with Latin and/or Classical Greek are exempted from the corresponding papers at the Intermediate Examination in Arts.

Graduates in Theology of this University shall be exempted from the Intermediate Examination in Arts.

Candidates who have passed the Intermediate Examination in Science with any of the subjects included in section (3) of the Intermediate Examination in Arts or with French (under the War Scheme) shall be exempted from examination, under sections (3) and (4) of the Intermediate Examination in Arts, in the subjects in which they have so passed. Similarly, Bachelors of Science of this University shall be exempted from examination in subjects included in their Final Science Examination.

Graduates in Science in Engineering shall be exempted from examination in the Pure and Applied Mathematics of the Intermediate Examination in Arts.

Graduates in Science (Economics) shall be exempted from examination in Economics at the Intermediate Examination in Arts. Graduates in Laws shall be exempted from examination in Law at the Intermediate Examination in Arts.

Candidates who have passed the Intermediate Examination in Arts with British Constitution are exempted from examination in that subject at the Intermediate Examination in Economics.

Candidates who have passed the Intermediate Examination in Science (Economics) shall be exempted from Examination in Economics at the Intermediate Examination in Arts; candidates who have passed the Intermediate Examination in Commerce shall be exempted from Examination in Economics and Geography at the Intermediate Examination in Arts.

**SYLLABUSES FOR INTERMEDIATE ARTS EXAMINATION.**

*Note.*—A list of all the prescribed books and periods of history will be found in the Appendix to these Regulations.

**Latin with Roman History (Two Papers).**

(1) Prepared prose book with questions on Roman History (including Historical Geography) from 280 B.C. to 14 A.D. Translation of English sentences into Latin. As an alternative to Roman History, 280 B.C. to 14 A.D., candidates may offer Roman Life with outlines of Roman Political History.\*

(2) Prepared verse book. Questions on Grammar. Translation into English of easy passages not prescribed.

**Greek with Greek History (Two Papers).**

(1) Prepared prose book with questions on Greek History (including Historical Geography) from 660 B.C. to 323 B.C. Translation of easy sentences into Greek. As an alternative to Greek History, 660-323 B.C., candidates may offer Greek Life with outlines of Greek Political History.†

(2) Prepared verse book. Questions on grammar. Translation into English of easy passages not prescribed.

**English (Two Papers).**

Composition: History of Literature; Texts.

History of Literature to include the outlines of Literary History from 1579 to 1800 with selected works.

Selected works to be studied from a Literary and Linguistic point of view.

A certain amount of 14th century literature, e.g., some of the *Canterbury Tales* or some of *Piers Plowman*.

*Note.*—Anglo-Saxon will not be required.

**French, German (Two Papers in each).**

Grammar: Translation; Composition.

Composition: (i.) Translation from English, and (ii.) some form of free composition.

*Note.*—Books will not be prescribed.

The examination will include a test in writing from dictation in correct reading, and in simple conversation.

**Sanskrit, Pali (Two Papers in each).**

(1) Translation from specified texts, with questions on their language and subject-matter and on outlines of Indian History up to the First Century A.D. (i.e., the period covered by Rapson's *Ancient India*).

(2) Translation from unspecified texts; translation from English; questions on grammar.

**Bengali, Gujarati, Hindi, Marathi, Sinhalese, Tamil, Urdu (Two Papers).**

(1) Translation from specified texts, with questions on their language and subject-matter.

(2) Translation from unspecified texts; translation from English; questions on grammar.

**Arabic (Two Papers).**

(1) Set books, with questions on Arab History. Questions on grammar.

(2) Translation into English of easy passages not prescribed; Composition.

**Persian (Two Papers).**

Translation of passages from prescribed works.

Translation of an easy passage from an unspecified work.

Translation of an easy passage into Persian.

Grammatical questions (Ranking's edition of Platt's Grammar).

**Turkish (Two Papers).**

Translation of selected passages from:—

Abd el-Hakk Hâmid: *Dukhtari Hindu*.

Namîna'î adabîyyât.

Murâd Bey: *Mukammal Târikhi Usmâni*, Vol. 7.

Translation of an unprescribed easy passage from Turkish into English.

Translation of an easy passage from English into Turkish. Grammar.

**Malay (Two Papers).**

Translation of selected passages from the *Pelayaran Abdullah and Sejarah Melayu* (first ten Chapters).

Translation of an unprescribed easy passage from Malay.

Translation of an easy passage into Malay.

Grammar.

**Chinese (Two Papers).**

(1) Translation from specified books, with grammatical and other questions.

(2) Translation of unseen passages from and into Chinese. Questions on Chinese Geography, History and Literature.

(*Note.*—For non-Chinese students the Examination will include a *viva voce* test in colloquial Mandarin the Chinese passage set will be in Mandarin, and Mandarin will be accepted for the translation into Chinese.)

**Japanese (Two Papers).**

I.—(1) Easy unprepared translations from and into Japanese (Romaji).

(2) Questions on the grammar of colloquial Japanese, and the main principles of the grammar of the Written Language.

(3) Questions on the main features of Japanese History.

II.—(1) Translation of selected passages from *Jinjo Shogaku Tokuhon*, Nos. 5 to 12 inclusive.

(2) Translation of an easy unseen passage into English.

**Hebrew (Two Papers).**

Candidates will be examined in:—

A narrative portion or portions of the Old Testament—introduction, translation, pointing, criticism, and exegesis.

Easy unprepared translation—Hebrew Grammar and Composition.

(*Note.*—A knowledge of Greek or Latin is not required.)

**Classical Hebrew (Two Papers).**

(1) Prescribed Books:—History: The Assyrian and Babylonian supremacy in Western Asia in the 8th and 7th centuries B.C., and down to 586 B.C. Questions will be set on the Historical and Physical Geography of Palestine, especially as illustrating the movements of the period above mentioned. Prose composition and pointing will be included.

(2) Questions on Grammar will be set and passages of unspecified books for translation into English.

(*Note.*—Candidates offering Classical Hebrew cannot also offer Hebrew.)

\* The outlines of the following subjects should be studied in this course: (i.) the Geography of Italy and the Mediterranean lands; (ii.) the private and social life of the Romans; (iii.) Roman Economic History; (iv.) Roman religion; (v.) the distinctive features of Roman political history and institutions.

† The outlines of the following subjects should be studied in this course: (i.) the Geography of the Greek lands; (ii.) the private and social life of the Greeks; (iii.) Greek Economic History; (iv.) Greek religion; (v.) the distinctive features of Greek political history and institutions.

*Advanced Modern English Literature (Two Papers).*

I.—History of English Literature from 1660 to 1900, with special study of prescribed books.

II.—Shakespeare, with selected plays to be specially studied.

*The British Constitution (Two Papers).*

Outlines of the Constitution and Public Administration of the United Kingdom at the present day, including the Organization and Working of Parliament, the Executive (Crown, Ministers, and Civil Service), and the Judiciary; the Constitution and Powers of the Local Authorities in England; the relations between the United Kingdom and its Colonies and Dependencies.

Candidates will be expected to have some acquaintance with the chief events in the development of British political institutions since 1832.

*Pure Mathematics (Two Papers).*

*Algebra.*—The Arithmetic and Algebra of the Matriculation Examination, and further Algebra, including the theory of Quadratic Equations, the Convergency of Geometric Series, Permutations and Combinations, the Binomial Theorem for Positive Integral Indices, the Theory of Indices, the Nature and Use of Logarithms and of Logarithmic Tables, Interest, and Annuities.

*Geometry.*—The Geometry of the Matriculation Examination, together with the Geometry of Similar Rectilinear Figures, Mensuration of Plane Rectilinear Figures and of the Circle, the Elementary Properties of the Plane, including those of the angles made by planes with straight lines and with one another, the Elementary Properties of the Sphere and Plane Sections thereof, Mensuration of Simple Solid Figures, including the Tetrahedron, Cylinder, Cone, and Sphere. The meaning of Rectangular and Polar Co-ordinates and Elementary exercises in their use. Representation of Equations by Curves with easy applications. Tangent to a Curve.

*Elementary Analysis.*—Measurements of Angles, Trigonometrical Functions and their Graphs, Approximate Values of the Trigonometrical Functions of Small Angles, Elementary Trigonometrical Formulæ, including addition Formulæ and their Applications, Properties of Triangles. Solution of Triangles and Applications, with numerical examples involving the use of Logarithmic and other Tables. Meaning of a Differential Co-efficient. Differentiation of  $x^n$  ( $n$  an integer positive or negative), of  $\sin x$  and  $\cos x$ , of a Product and a Quotient; and Simple Deductions therefrom, with Geometrical Illustrations.

*Applied Mathematics (Two Papers).*

Equilibrium of one or more bodies under the Action of Forces in one Plane or of Parallel Forces.

Properties of the Centre of Mass and its determination in simple cases.

Statics of Simple Mechanisms. The Simpler Linkages.

Velocities and Accelerations, including their Resolution and Composition. Mass, Momentum, Force, Work, Energy, Power. Change of Units. Dimensions.

Motion under the Action of a Force which is constant in magnitude and direction, and simple problems on the Motion of Projectiles.

Circular Motion. Simple Harmonic Oscillations. Simple Pendulum.

Simple Cases of Direct and Oblique Impact.

Simple applications of the foregoing subjects.

*Logic (Two Papers).*

[This Syllabus is intended to indicate the general scope and character of the curriculum, without being exhaustive of all parts of the subject.]

*Note.*—Candidates who enter for the Pass Degree in Philosophy will be exempted at that examination from the paper in Logic, if they have passed in Logic either as one of their alternative subjects at the time of passing the Intermediate Examination in Arts or at some subsequent Intermediate Examination in Arts.

Scope of Logic. Laws of Thought.

Terms. Formal Division and Definition. Predicables.

Propositions and their Import. Forms of Immediate Inference.

Syllogism and other varieties of Deductive Reasoning. Trains of Reasoning. Functions of Syllogism.

Inductive Inference. Postulates of Induction. Induction and Analogy. The Relation of Induction to Deduction.

Theory of Scientific Method. Observation and Experiment.

Hypothesis. Empirical and Causal Laws. Methods of Scientific Explanation. Elimination of Chance.

Scientific Definition and Classification. Nomenclature and Terminology.

Fallacies.

*Ethics (Two Papers).*

(1) Scope of Ethics: Moral concepts and judgments. General nature of desire and will. Conduct and Character. Customary morality. Reflective morality. Theories of moral sense and of moral intuition. Conscience, conception of a moral end.

Pleasure, happiness, moral excellence, &c. Relation of the individual to society. Duties and rights. Moral institutions. The ethical virtues. Human freedom and responsibility.

(2) Leading ideas of Plato's *Republic*.

*Physics (Two Papers and a Practical Examination).*

[Candidates will be expected to show an acquaintance with the fundamental principles of mechanics up to the standard of the Matriculation Examination, and to acquire a general knowledge of the apparatus by which the elementary principles of Physics are illustrated and applied.]

*General Properties of Solids, Liquids, and Gases.*

Relation between Volume and Pressure in Gases.

Friction and Viscosity.

Surface Tension. Diffusion. Osmosis. Stretching of Wires.

*Heat.*—Temperature. Instruments for the measurement of Temperature.

Expansion of Solids, Liquids, and Gases with rise of Temperature. Isothermal and Adiabatic Expansion.

Quantity of Heat. Specific Heat.

Change of State. Latent Heat. Vapour Pressure. Boiling Point.

Dew Point. Formation of Cloud, Fog, and Dew.

Conduction. Definition of Thermal Conductivity.

Convection. Radiation. Newton's Law of Cooling.

The Mechanical Equivalent of Heat and Modes of Determination. The Conservation of Energy.

*Sound.*—The Production and Propagation of Sound.

Nature of Wave-motion. Amplitudes. Wave-length. Frequency.

Experimental determination of the Velocity of Sound in Air. Effect of change of Temperature on the Velocity.

Reflexion.

Determination of Frequency by simple methods.

Experimental investigation of the modes of Vibration of Strings by means of the Sonometer.

Experimental investigation of the Vibrations of Air in pipes by Resonance to Tuning Forks.

Organ Pipes. Position of Nodes and Antinodes.

*Light.*—Propagation of Light. Laws of Reflexion and Refraction. Photometry.

Reflexion at Plane and Spherical Surfaces, and the formation of Images.

Refraction at Plane Surfaces and by Prisms. Minimum Deviation. Chromatic Dispersion.

The General Laws of Radiation: Visible, Ultra-violet, Infra-red.

Emission and Absorption.

Heating Effects of Radiation.

Phosphorescence and Fluorescence.

The Formation of Images by Single Lenses. Long and Short Sight and their correction by Lenses.

The Combination of Two Lenses to form a simple Telescope or Microscope.

Measurement of Velocity of Light. Simple Properties of Polarized Light.

*Magnetism and Electricity.*

Properties of Magnets. Simple Phenomena of Magnetization. The Magnetic Field. Lines of Force. The Law of Magnetic Force. Magnetic Moment.

Intensity of Magnetization.

The Earth as a Magnet.

The Magnetic Properties of Iron and the Elementary Laws of the Magnetic Circuit.

The Simpler Phenomena of Electrified Bodies. Conduction and Insulation. Electrification by Friction and by Induction (Influence).

Distribution of Electrification on Conductors.

Electric Field. Strength of Field.

The Law of Electric Force.

Potential. Capacity. Energy of Charge.

Electroscopes and Electrometers.

Electric Current.

Magnetic Field of Current. Magnetic Measurement of Current Galvanometers.

Work done by an Electric Current.

Electromotive Force. Difference of Potential. Resistance.

Ohm's Law; Wheatstone's Bridge; Potentiometer; Resistance of Cells; Volt; Ohm; Ampere; Ammeters; Voltmeters.

Heating Effects of Currents.

Elementary Phenomena of Electrolysis. Faraday's Law.

Voltameters.

Primary and Secondary Batteries.

Action on Current Circuits in a Magnetic Field.

Electro-magnetic Induction. Faraday's Law. Lenz's Law. Induction Coil.

A Thermo-electric Couple. Simple Phenomena of discharge in Gases.

*Practical Examination.*

[The following scheme is not exhaustive, and is intended merely to show the general nature of the exercises at the Practical Examination. The Examiners are not precluded from setting other exercises and practical problems illustrative of the principles set forth in the Syllabus.]

Measurements of Length, Mass, and Time involving eye estimation of tenths of a division; use of Vernier; use of the Balance (weighing to one Centigramme); use of a Seconds hand watch.

- Determination of Volumes.
- Specific Gravities of Solids, Powders, and Liquids.
- Use of the Hydrometer.
- Verification of Boyle's Law.
- Determination of the Centre of Gravity of a Plate.
- Determination of  $g$  by Simple Pendulum.
- Determination of Velocity of Sound in a Tube by Resonance with a Fork.
- Use of the Sonometer.
- Use of Thermometers, and Determination of Fixed Points.
- Simple Methods of determining Specific Heat and Latent Heat of Fusion and Evaporation.
- Determination of Dew Point.
- Use of Simple Photometers.
- Focal Lengths of Mirrors.
- Focal Lengths of Lenses.
- Arrangement of two Lenses to make simple forms of Telescope, Microscope, and Projection Lantern.
- Simple use of Spectrometer.
- Tracing the path of a Ray of Light through a block of glass and Deduction of Refractive Index.
- Refractive Index by Method of Apparent Thickness.
- Tracing the lines of force in the neighbourhood of a Magnet.
- Comparison of Magnetic Moments and Fields.
- Measurement of Resistance of Wires and Cells.
- Comparison of Electromotive Forces with Potentiometer.
- Measurement of Electro-chemical Equivalent.

Candidates must bring to the Practical Examination their Notebooks certified by their teachers as being the record of their work carried out by the candidates in the laboratory, so that the Examiners may inspect them if they so desire. These Notebooks must be taken away by the candidates at the close of the examination.

*Chemistry (Two Papers and a Practical Examination).*

The following outline is given for the general guidance of candidates as indicating the range of the Written Part (I.) and Experimental Part (II.) of the Examination in Chemistry:—

## I.

The methods which lead to the discovery of the composition of the common materials occurring in nature. The history of the discovery of the composition of air and water. The laws of chemical combination. The atomic and molecular theories. Equivalent atomic and molecular weights, and the methods of their determination, including atomic heats and isomorphism. Valency and structural formulæ. The classification of the elements according to the periodic system.

The elements of physical chemistry, including the following—The properties of gases and solutions. Thermal dissociation. Osmotic pressure, and determination of molecular weights in solution by the freezing point method. Diffusion. Colloidal solutions. Electrolysis and the theory of electrolytic dissociation. Electrical conductivity. Hydrolysis. Strengths of acids and bases. Chemical equilibrium and simple examples of the law of mass action. Catalysis. Thermo-chemistry. Combustion and flame.

The history, production and properties of the more important and typical elements, and their most familiar compounds (including those of carbon as follows: carbon monoxide, carbon dioxide, carbon disulphide, methane, ethylene and acetylene).

*The whole to be treated as far as possible experimentally, and in an elementary manner.*

One alternative question on elementary organic chemistry will be set in each paper according to the following syllabus—Hydro-carbons, halogen derivatives, alcohols, ethers, aldehydes, ketones, acids and esters, as illustrated by the study of methane, ethylene, acetylene, methyl and ethyl alcohols, diethyl ether, formaldehyde and acetaldehyde, acetone, formic, acetic and oxalic acids, ethylacetate; glycerol, fats and soaps (from an experimental standpoint only); benzene, nitrobenzene, aniline and phenol. Candidates will be expected to show a practical acquaintance with all the particular substances specified.

II.—*Practical Examination.*

[Candidates will be allowed to bring into the Examination Laboratory any one book on Quantitative Analysis provided that it do not contain any reference to Qualitative Analysis.]

Candidates will be required to show that they are familiar with easy quantitative operations, gravimetric and volumetric, with the rudiments of qualitative analysis, and that they have

prepared a number of elements or compounds by processes involving the manipulation of gases and the purification of substances by crystallisation, distillation, etc. Candidates are required to bring to the Practical Examination their *original* laboratory note-books, for inspection should the Examiners so desire. These note-books must be taken away by the candidates at the close of the Examination. Specimens made by the candidate, duly attested by the Teacher, may also be submitted to the Examiners.

*Botany (Two Papers and a Practical Examination).*

*Morphology.*—The structure and properties of the cell and of the various kinds of tissues; cell formation and the development of the tissues. The plant body; its structure, development, and various modifications.

*Special Morphology, Reproduction, and Taxonomy.*

The morphological and physiological characteristics of Angiosperms, as exemplified by plants belonging to the following natural orders:—Dilleniaceæ, Malvacæ, Portulacacæ, Myrtacæ, Leguminosæ, Cucurbitacæ, Compositæ, Convolvulacæ, Acanthacæ, Scrophulariacæ, Euphorbiacæ, Palmacæ or Commelinacæ, Orchidacæ, Graminæ.

The morphological and physiological characteristics of Gymnosperms, as exemplified by *Cycas*.

The morphological and physiological characteristics of Pteridophyta, as exemplified by *Selaginella*, *Aspidium*, *Asplenium*, or *Adiantum*.

The morphological and physiological characteristics of Bryophyta, as exemplified by *Polytrichum* (or *Funaria*) and by *Marchantia* (or *Lunularia*).

The morphological and physiological characteristics of Algæ, as exemplified by *Fucus*, *Oedogonium*, *Pleurococcus*, and *Spirogyra*.

The morphological and physiological characteristics of Fungi, as exemplified by *Agaricus*, *Eurotium*, *Pythium*, *Saccharomyces*, *Bacillus*.

*Elementary Physiology.*

The Chemical nature of the food elements of plants. Their sources, the modes in which they are respectively absorbed by the organism.

The absorption of water—turgescence, transpiration, root pressure.

Movements of water in plants.

Aeration and respiration.

Photosynthesis. Outlines of metabolic changes within the plant.

Growth.

Irritability, Geotropism, Heliotropism.

Elementary aspects of Evolution and Genetics.

*Practical Examination.*

The practical work will include the dissection and examination of plants or parts of plants, and the reference to their systematic position of plants or parts of plants comprised in the foregoing Syllabus.\* Simple experiments in Practical Physiology may be set.

Candidates are required to bring to the Practical Examination their Laboratory Notebooks for inspection, should the Examiners so desire. These Notebooks must be taken away by the candidates at the close of the examination.

*Geology (Two Papers and a Practical Examination).*

I.—*Physical Geology.*—(a) The Earth as a Planet: Origin and general characters of its chief surface features.

(b) The physical condition of the earth's crust and interior: Evidences of internal activity such as volcanic, seismic, and diastrophic phenomena.

(c) General characters and inter-relationships of rocks.

(d) The work of geological agents: The circulation of rock material, including the processes of denudation, transport, deposition, and deformation.

II.—*Mineralogy and Petrology.*—(a) Elements of crystallography and crystallographic projection and notation.

(b) The common rock-forming and vein-forming minerals: Their physical characters, chemical composition, and modes of origin and occurrence.

(c) The simpler optical properties of the common rock-forming minerals and the physical principles on which these properties depend.

(d) The general characters and relationships of the chief types of sedimentary, igneous, and metamorphic rocks.

III.—*Historical Geology.*—The disposition of rocks and its representation on maps; evidence of relative ages of rocks; fossils, their preservation and distribution in rocks of different ages; the geological systems, their broad characters and distribution in Great Britain.

\* The list of plants may be changed from time to time, but two years' notice of any change will always be given.

*Practical Work.*

Interpretation of simple geological maps in terms of rock-structure and its relation to topography; expression of this interpretation by means of sections; Graphic methods of finding thickness, dip and strike of beds, of completing outcrops, and of tracing the underground extension of strata.

Identification and description of common minerals and typical rocks, with and without the microscope; exercises in projection of crystals; identification and description of crystal forms of common minerals, both on models and on actual crystals.

Reference of fossils to their broad biological groups and geological periods.

*History of Architecture.*

- (1) Greek and Roman Architecture (one paper).
- (2) History of Greek and Roman Art (one paper).

The characteristics of various periods and their course of development in Egypt, Assyria, Greece, and Rome.

- (3) Drawings of Greek and Roman Orders done during the session to be submitted and marked.

Two Imperial size sheets\* of drawings will be required, giving examples—one on each sheet—of either the Doric, Ionic, or Corinthian Orders; one must be Greek, the other Roman. Each sheet must contain at least two columns of one order with entablature complete drawn to scale, the columns being not less than ten inches high on the paper, together with details drawn to at least three times the scale of the columns. These drawings are to be sent to the University one week before the date of the examination. Candidates who submit these drawings will be required to sit for the paper in section (1) only, viz., "Greek and Roman Architecture."

Candidates must take section (1) and either section (2) or (3).

*History (Two Papers).*

English History treated generally so as to include the growth of the British Empire, with a special study of a standard work to be prescribed two years previously.

Due attention to be paid to changes in foreign policy, society government, and customs, and to the development of the material and intellectual life of the nation.

*Modern European History (Two Papers).*

Modern European History from about 1400 to the present day. One paper will deal with the general History, the other with a prescribed text.

*Ancient History (Two Papers).*

Either (a) The History of Egypt, Western Asia, Greece, and Rome from the Earliest Dynasties to 30 B.C.

Or (b) Greek and Roman History from 776 B.C. to 330 A.D.

A selected portion of an historical author will be prescribed from time to time.

Candidates will not be required to show more than a general acquaintance with the book prescribed. Knowledge of the Text in the original will not be required.

*Geography (Two Papers and Map Work).*

1. *General Geography.*—General principles as exemplified in the world considered as a whole. (One paper).

The Earth's Crust:—Nature of the earth's crust. The internal and external forces modifying the crust in so far as they determine:—(a) General structure and leading topographical features of the continental masses and ocean basins; (b) types and distribution of rocks, minerals and soils.

Climate:—Broad seasonal distribution of insolation, temperature, pressure, winds and rainfall, leading to recognition of chief climate types and their associated weather conditions. (The physical conditions and movements of the oceans should be considered only in so far as they affect climate).

Vegetation:—General distribution of forest, woodland, scrub and grassland in relation to climate, soil and topography.

Major Geographical Regions:—The division of the world into major geographical regions.

Human Geography:—The influence of the foregoing physical factors upon the distribution of man and upon the production of food and raw materials, and the consequent development of the geographical regions.

2. *Regional Geography.*—(One paper).

(a) Europe with special reference to the British Isles, France, Germany, Italy, Switzerland and Scandinavia.

(b) North America with special reference to the north-eastern industrial areas, and the United States east of the Mississippi.

(c) The Monsoon lands with special reference to the Indian Empire and Ceylon.

3. *Map Work.*—(One paper).

The map work would be carried on in connection with the general and regional geography and should include:—The study of topographic maps (including section drawing) as exemplified by one-inch and six-inch Ordnance Survey maps of the British Isles; the use and study of atlas maps, including the advantages and disadvantages of the principal projections employed, climate and weather maps; cartographical and diagrammatic representation of geographical data.

*Economics (Two Papers).*

I.—*Industrial and Commercial History.*—The outlines of the industrial and commercial development of England, the questions being mainly chosen so as to deal with the period subsequent to 1760.

To include:—The effects of the introduction of machine industry. The developments of transport. Changes in industrial organization. The Great War (1793-1815) and its economic effects. Tariff policy. Movements of foreign trade. The growth of Banking, the adoption of the gold standard, the history of general prices. Poor Law. Trade Unionism.

II.—*Principles of Economics.*—Economics, analytical and descriptive, with special reference to the United Kingdom.

To include:—The scope of economics; meaning of the principal economic terms; causes of differences in productive power; analysis of various forms of organization for production; value in relation to production, exchange, distribution, and consumption; the distribution of income between individuals and classes; causes of variations in wages, profits, interest, and rent; economic effect of the ordinary actions of government. The whole to be illustrated as far as possible by reference to past and present conditions of the United Kingdom.

*Zoology (Two Papers and a Practical Examination).*

(1) The fundamental facts and laws of Zoology, as exhibited in the following types:—Amoeba, Euglena, Paramecium, Monocystis, Hydra, Obelia, Lumbricus, Distomum, Astacus, Amphioxus, Scyllium, Rana, Lepus.

(2) The student will be expected to acquire a practical knowledge of the general organization of each of the types above specified, and an elementary knowledge of:—

(a) The chief biological laws which the structural phenomena illustrate, including an elementary knowledge of heredity, variation, and evolution.

(b) The structure and properties of the Cell, and the general characters of the Tissues, including Epithelia, Blood, Lymph; Nervous, Muscular, Connective, and Skeletal Tissues; and the microscopic structure of the more important organs of the body.

(c) The phenomena of Sexual and Asexual Reproduction, including the general history and characters of the Germ Cells, the chief types of Segmentation of the fertilized Ovum, the Metamorphosis of the Frog, and an elementary knowledge of the Development of the Chick up to the third day of incubation, and the formation of the Fœtal Membranes in the Bird and Mammal.

(3) A knowledge of the diagnostic characters of the following groups:—

Protozoa:—Lobosa, Foraminifera, Radiolaria, Sporozoa, Flagellata, Ciliata.

Coelenterata:—Hydrozoa, Anthozoa.

Platyhelminia:—Turbellaria, Trematoda, Cestoda.

Annelida:—Oligochæta, Polychæta.

Articulata:—Crustacea, Insecta, Arachnida.

Chordata:—Urochorda, Cephalochorda.

Craniata:—Pisces, Reptilia, Amphibia, Aves, Mammalia.

*Practical Examination.*

The candidate must be prepared to examine microscopically, to dissect, and to describe specimens or parts of the animals comprised in paragraphs 1 and 2 in the foregoing Syllabus (with the exception that for the skull of Lepus will be substituted that of Mus), and to determine the zoological position of specimens in accordance with paragraph 3 above.

Candidates are required to bring to the Practical Examination their original Laboratory Notebooks, for inspection should the Examiners so desire. These Notebooks must be taken away by the candidates at the close of the examination.

\* Each sheet should bear a statement by the candidate's teacher to the effect that it is the bona fide work of the candidate himself.

† The list of Animals may be changed from time to time, but two years' notice of any change will always be given.

**Law (Two Papers).**

- (i.) The general conception of law, including various legal duties and rights treated in an elementary manner.
- (ii.) English Constitutional Law and its History, including—
  - (a) The nature of Constitutional Law.
  - (b) The Liberty of the Subject.
  - (c) Parliament.
  - (d) The Crown.
  - (e) The Courts of Law.
- (iii.) The Law of Crimes, being the general nature of criminal liability, together with an outline of the more common crimes.
- (iv.) The general Principles of Tort and Civil Wrong.
- (v.) The main features of a Contract.
- (vi.) A general outline of the Law of Property with particular reference to the duties of Trustees towards their beneficiaries.

**INTERMEDIATE EXAMINATION IN SCIENCE.****Scheme of Examination.**

Candidates shall be examined in any four subjects selected by themselves out of the following subjects of examination, viz., (1) Pure Mathematics, (2) Applied Mathematics, (3) Experimental Physics, (4) Chemistry, (5) Botany, (6) Zoology, (7) Geology, (8) General Principles of Biology, (9) Geography, and (10) General Physiology.

*Note.*—Candidates must select at least one of their four subjects from among the first three of the foregoing list; candidates offering General Physiology are required to offer also Chemistry; candidates offering "General Principles of Biology," are not permitted to offer also Botany or General Physiology or Zoology.

In all subjects there will be two papers of three hours each, and, except in Pure Mathematics, Applied Mathematics, and in Geography, there will also be a three hours practical test.

In each subject questions will be set involving (1) the translation of passages in French or in German, and (2) answers with regard to the subject-matter thereof. Candidates are recommended to read some books or papers in French or in German on the subjects which they select for the examination.

The questions in French or in German, which, by the regulations are set for the home candidates, will be made optional in the examinations as held in the Colonies.

The Examiners shall be at liberty to test any candidate by means of *visu voce* questions.

*N.B.*—No candidate offering an Experimental Science subject will be allowed to pass who fails to satisfy the Examiners in the practical part as well as the written part of the examination in the subject chosen.

Candidates shall not be approved by the Examiners unless they have shown a competent knowledge in all of the four subjects taken.

**Reference.**

A candidate at the Intermediate Examination who takes all the prescribed subjects on one and the same occasion, but who fails to reach the minimum standard in one subject only may be "referred," i.e., he may be permitted, on the recommendation of the Examiners, to present himself in that subject alone on one occasion only at one of the next two Intermediate Examinations in Science.

"Referred" candidates who do not pass in their referred subjects according to these conditions will be required when re-entering to offer all four subjects again. The Examiners will recommend that a candidate be referred only if his failure in one subject is not serious, and if his performance in the remaining subjects is reasonably good.

A student who has completed the Intermediate Examination after having been referred in one subject will be deemed for all purposes to have passed the examination in question on the date of completion.

**Supplementary Subjects.**

Candidates who have passed the Intermediate Examination in Science may enter for examination in one or more supplementary subjects.

**EXEMPTIONS.**

*Note.*—No exemptions are given from this examination in whole or in part except on the results of examinations of this University.

Candidates who have passed the Internal Intermediate Examination in Science in accordance with the conditions then in force for External Students are entitled to exemption from the External Intermediate Examination in Science; and if the combination of subjects did not comply with the requirements for External Students such candidates may be exempted on passing in the necessary Supplementary Subjects.

Graduates in Arts of this University who become candidates for the Degree of Bachelor of Science in the Faculty of Science are allowed to present themselves at the B.Sc. Examination immediately following their passing the Intermediate Examination.

Candidates who have passed the Intermediate or the Final Examinations in Arts for External Students in or after 1920, or who have passed the corresponding examinations for Internal Students, under the conditions applicable to External Students in force since that date, with any of the following subjects:—Pure Mathematics, Applied Mathematics, Physics, Chemistry, Botany, Geology, Geography, may claim exemption, when entering for the Intermediate Examination in Science, from examination in such of the foregoing subjects as they may have taken.

Candidates who have passed the Second Medical Examination Parts One and Two may claim exemption from Examination in General Physiology at the Intermediate Examination in Science.

Candidates who have passed the Intermediate Examination in Agriculture prior to 1927 are entitled to exemption at the Intermediate Examination in Science from subjects which may be taken at the Intermediate Examination in Science.

Graduates in Engineering Science of this University, whether Internal or External, will be permitted to proceed without passing the Intermediate Examination in Science, to the B.Sc. General or Special Examination for External Students, after a lapse of two academic years from the passing of the B.Sc. Examination in Engineering.

Candidates who enter for or have passed the Intermediate Examination in Engineering as External or as Internal Students may, in order to obtain exemption from the whole of the Intermediate Examination in Science, complete that examination by taking an additional subject at the Intermediate Examination in Engineering. Such additional subject may be taken either at an entry for the Intermediate Examination in Engineering or at any Intermediate Examination in Engineering subsequent to that at which the candidate has passed.

Candidates who enter for or have passed the Intermediate Examination in Engineering will be allowed to complete the Intermediate Examination in Science as above, provided that they have passed the Intermediate Examination in Engineering not less than one year previously.

**SYLLABUSES.****Pure Mathematics (Two Papers).**

Same as for Intermediate Examination in Arts. (See page 2210.)

**Applied Mathematics (Two Papers).**

*Statics.*—Equilibrium of one or more bodies under the action of Uniplanar Forces, or of Parallel Forces.

Properties of the Centre of Mass and its determination in simple cases.

Statics of Simple Mechanisms.

The Simpler Linkages.

The Elementary Laws of Friction.

*Dynamics.*—Velocities and Accelerations, including their Resolution and Composition.

Mass, Momentum, Force, Work, Energy, and Power.

Change of Units.—Dimensions.

Motion under the action of a Force which is constant in Magnitude and Direction.

Simple Problems on the Motion of Projectiles.

Circular Motion.

Simple Harmonic Oscillations. The Simple Pendulum.

Simple Cases of Direct and Oblique Impact.

*Hydrostatics.*—Pressures of Liquids on Plane Areas.

Pressures of Liquids on Solid Bodies, partially or wholly immersed, and Conditions of Equilibrium of such Bodies.

Specific Gravities and Densities of Substances, Solid and Liquid and methods of determining them.

Simple applications of the foregoing subjects.

**Physics (Two Papers and a Practical Examination).**

Same as for Intermediate Examination in Arts. (See pages 2210–2211.)

**Chemistry (Two Papers and a Practical Examination).**

Same as for Intermediate Examination in Arts. (See page 2211.)

**Botany (Two Papers and a Practical Examination).**

Same as for Intermediate Examination in Arts. (See page 2211.)

**Zoology (Two Papers and a Practical Examination).**

Same as for the Intermediate Examination in Arts. (See page 2212.)

**Geology (Two Papers and a Practical Examination).**

\* "Referred" candidates must re-enter in accordance with the General Regulations.

*General Principles of Biology.*

(Two Papers and a Practical Examination).

1. The differences between living and non-living matter.
2. Cells. Cell-division and the building up of the multicellular organism. Individuals and colonies. Integration. Differentiation and division of labour.
3. The general structure of a flowering plant and a mammal.
4. The elementary chemistry of proteins, fats, and carbohydrates and their derivatives. An elementary consideration of the physical processes involved in surface-tension, absorption, diffusion, and osmosis. Ionisation. The colloidal state. Catalysis and enzyme action.
5. The sources and transformation of energy in plants and animals including bacteria. Photosynthesis. Anaerobiosis. The chemical and physical changes involved in the assimilation and utilization of food-material, water, and oxygen. Symbiosis. Parasitism.
6. The relationship of stimulus and response in plants and animals. The transmission of excitation in plants and animals. Nerves and nervous systems in animals. Animal organs adapted to special forms of stimulation (the eye, ear, &c.).
7. Movements in plants and animals. The part played by surface-tension in biological processes. Amoeboid movement. Ciliary movement. Muscles and muscular contraction. The organization and control of movement.
8. The control of function by chemical means. The endocrine organs.
9. The mechanisms involved in—
  - (a) The intake and distribution of food-material, water, and oxygen.
  - (b) The elimination of waste.
  - (c) The storage of reserve material.
10. Growth, localized and general. Metamorphosis. Reproduction, the formation, and conjugation of gametes. The physical basis of heredity. The formation of the embryo in plants and animals, including segmentation and early development of organs.
11. An elementary consideration of the nature of heredity. The theory of organic evolution, adaptation, variation, &c.

*Practical Work.*

1. Dissection and microscopical examination of animal and plant types in so far as they illustrate the principles set out above, e.g., Amoeba, Chlamydomonas or Euglena, Volvox, Spirogyra, Cystopus or Phythium, Mucor, Hydra viridis, Fucox, Pteris, Lumbricus, Anodon, Scyllium, Rana, a flowering plant and a mammal.
2. Microscopical preparation and examination of animal tissues and of root, stem, and leaf of a dicotyledon.
3. Simple physiological and other experiments to illustrate:— The graphic method of recording osmotic pressure, absorption, gaseous interchange, and its control, the action of enzymes on food, photosynthesis, the action of the heart, the contraction of muscle and its control, amoeboid movement and ciliary movement, the water economy of the plant (root-pressure, transpiration, &c.) methods of demonstrating growth and tropic movements.
4. Elementary embryology of plants and animals. Echinoderm segmentation stages. Developing chick up to the end of the first four days.

*Geography (Two Papers).*

Same as for the Intermediate Examination in Arts. (See page 2212.)

*General Physiology.*

(Two Papers and Practical Examination.)

1. The fundamental Phenomena of life, including—  
Movement, as exemplified in unicellular organisms, ciliated cells, and the different kinds of muscle, and in plants.  
Chemical change, including the production of carbon dioxide and the absorption of oxygen in plants and animals, and the assimilation of carbon and the production of oxygen in green plants.  
Irritability. The response of living cells and tissues to different kinds of stimuli  
Growth and reproduction.
2. The form of Living Organisms, including—  
The cell and its parts, and their significance.  
The aggregation of cells to form syncytium or composite individuals.  
The differentiation of structure and function.
3. The Chemistry of Living Organisms—  
The elementary constituents of protoplasm.  
The chemical compounds characteristic of living material, namely, carbohydrates, fats and proteins.  
The origin of these substances from inorganic material, and their fate and significance in living organisms.
4. The Physical Chemistry of the Cell—  
The properties of crystalloids and colloids.  
The meaning of solution and the significance of this condition in living processes.

5. The Mechanism of Chemical Changes in Living Matter—  
The mode of action of ferments and the effect on the cell of changes in reaction and inorganic content of the surrounding medium.
6. The Production of Energy in Living Organisms—  
The sources of energy and the relation between chemical, mechanical, and heat changes in cells.
7. Reproduction—  
Cell division, and the physiological significance of sexual reproduction.  
Development of a new individual from the fertilized ovum.  
Heredity, variation and natural selection.

*Practical Examination.*

Candidates will be expected to have made a practical study of the structure, functions, and life history of some typical unicellular organisms, of some typical multicellular plants, and of a limited number of animal types. Only such anatomical details should be studied as are necessary for the comprehension of the physiological principles. Candidates will be examined further in the histology of the chief tissues and organs in a mammal and a more detailed consideration of the part played by each organ in the life of the animal, e.g., the histology and the chemistry of the blood and connective tissues, the histology and function of muscle, the circulation of the blood, the lungs and the part they play in respiration, the digestion and absorption of food, excretion by the kidney and by the skin, metabolism and the regulation of the body temperature, co-ordination of the functions of the body by chemical means and by the central nervous system, the organs of special sense and their significance.

## INTERMEDIATE EXAMINATION IN SCIENCE (AGRICULTURE).

## Scheme of Examination.

The Examination shall be a Pass Examination only. Candidates shall be examined in four subjects as follows:—

- |                          |    |                                      |
|--------------------------|----|--------------------------------------|
| (1) Chemistry            | .. | 2 papers and a practical examination |
| (2) Physics              | .. | 2 papers                             |
| (3) Botany               | .. | 2 papers and a practical examination |
| (4) Agricultural Zoology | .. | 2 papers and a practical examination |

*Note.*—The candidate will be expected also to have acquired an elementary knowledge of the practical work of the farm.

The examination shall be conducted in the main by means of printed papers; but for the purpose of ascertaining the competence of a candidate to pass, the Examiners shall not be precluded from putting *viva voce* questions to any candidate.

In each subject questions will be set involving: (1) The translation of passages in French or in German, and (2) answers with regard to the subject matter thereof. Candidates are recommended to read some books or papers in French or German.

The questions in French or in German, which by the Regulations are set for the home candidates will be made optional in the examinations as held in the Colonies.

No Candidate will be allowed to pass who fails to satisfy the Examiners in the practical part as well as the written part of each subject.

Candidates shall not be approved by the Examiners unless they have shown a competent knowledge in all of the four subjects of the examination.

*Reference.*

A candidate at the Intermediate Examination who takes all the four prescribed subjects on one and the same occasion, but who fails to reach the minimum standard in one subject only may be "referred," i.e., he may be permitted, on the recommendation of the Examiners, to present himself in that subject alone, on one occasion only, at the next Intermediate Examination in Agriculture. A Referred Candidate who does not pass in the referred subject at the next examination will be required when re-entering to offer all the four prescribed subjects again.

The Examiners will recommend that a candidate be referred only if his failure in one subject is not serious, and if his performance in the remaining subjects is reasonably good.

A student who has completed the Intermediate Examination after having been referred in one subject will be deemed for all purposes to have passed the examination in question on the date of completion.

*Exemptions.*

*Note.*—No exemptions are given from this examination in whole or in part except on the results of the following examinations of this University.

Candidates who have passed the Internal Intermediate Examination in accordance with the conditions then in force for External Students are entitled to exemption from the External Intermediate Examination in Agriculture.

## SYLLABUSES.

## Chemistry.

*(Two Papers and a Practical Examination.)*

**Inorganic Chemistry.**—The determination of molecular, atomic and equivalent weights. Valency and structural formulae. Classification of the elements (including the Periodic system). Combustion. Oxidation and reduction.

The preparation and properties of the more important non-metals and their commoner compounds.

The following metals and their more important oxides and salts:—As, Ca, Cu, Fe, Mg, K, Na, Zn, Pb.

**Physical Chemistry.**—The elements of physical chemistry to be treated in an elementary manner—including Nature of Chemical Equilibrium, Catalysis; Thermochemistry; Diffusion in solution; Osmotic Pressure; Molecular Weights in solution; Colloidal state; Electrical conductivity; Hydrolysis in aqueous solution; Strength of acids and bases; Use of Indicators.

**Organic Chemistry.**—General character of the carbon compounds and the determination of carbon hydrogen and nitrogen therein. Methods by which organic compounds are purified. Condensation, polymerisation and isomerism. Structural formulae.

The lower aliphatic hydrocarbons and their Halogen derivatives, Methyl and Ethyl Alcohol, Glycol and Glycerol, Diethyl, Ether, Formaldehyde, Acetaldehyde and Acetone. Formic, Acetic, Lactic, Oxalic, and Tartaric Acids. Esters, Acetamide, Cyanogen, Hydrocyanic and Cyanic acids. Urea, Methylamine, and Glycine.

Benzene, Toluene, Phenol, Benzyl Alcohol, Benzaldehyde, Benzoic Acid, and Aniline.

**Practical Work.**—Qualitative analysis of simple salts. Preparation and use of standard solutions of Acids, Alkalies, and Permanganate. The study of the reactions, with a view to the identification of Ethyl Alcohol, Acetone, Acetic Acid, Ethyl Acetate, Acetamide, Urea, Glycine, and Phenol.

*Physics (Two Papers).*

**Mechanics.**—Momentum, work, power, force. Friction. The lever, pulley, wheel and axle, inclined plane, wedge, screw. Velocity, acceleration, Atwood's machine, gravity.

**Mensuration.**—Measurement of length, area, mass, volume, density.

**Hydrostatics.**—Solids, liquids, gases: changes of state. Elementary hydraulics. Specific gravity. Boyle's Law. Principle of Archimedes.

**Heat.**—The thermometer. Conduction. Radiation. Convection. Expansion of solids, liquids, and gases. Specific heat. Latent heat. Evaporation and boiling. Vapour pressure.

**Electricity.**—Properties of magnets. The magnetic field. The theory of magnetism. Elementary laws of the magnetic circuit. Temporary and permanent magnets. Electric current. Primary and secondary batteries. Conduction and insulation. Ohm's Law. The units of pressure, current, resistance, work, and power. Heating effects of currents. Forces acting on currents. The principles of the direct and alternating current dynamos. Electromagnetic induction. Faraday's Law, Lenz's Law, self-inductance, the induction coil.

*Botany (Two Papers and a Practical Examination).*

(Same as for Intermediate Examination in Arts. (See page 2211).)

*Agricultural Zoology.**(Two Papers and a Practical Examination.)*

## ZOOLOGY.

The fundamental facts and laws of Zoology as exhibited by the following types with a knowledge of the diagnostic characters of the groups to which they belong:

*Amoeba, Euglena, Paramecium, Earthworm, Liver-Fluke, Cockroach, Frog* (excluding skeleton), *Pigeon, Rat* (excluding skeleton).

Education Office,  
Colombo, August 14, 1929.

## SPECIAL SUBJECTS AND PRESCRIBED BOOKS FOR THE INTERMEDIATE EXAMINATION IN ARTS.

*Note.*—Except in the case of volumes of selections or Anthologies, the editions of prescribed texts given below are indicated only for the convenience of Candidates; Students may study prescribed works in any accurately printed edition.

## INTERMEDIATE EXAMINATION IN ARTS.

*Ancient History.*

1930.—

Thucydides, Books I. and II. (this work may be read in a translation).

1931.—

Livy, Books XXXV. to XXXVII. (this work may be read in a translation).

The student will be expected to acquire a practical knowledge of the general organization of each of the types above specified.

The structure and properties of the cell and the general characters of the tissues, including Epithelia, Blood, Lymph, Nervous, Muscular Connective, and Skeletal tissues, and the microscopic structure of the more important organs of the body.

The phenomena of Sexual and Asexual reproduction, including the general history and characters of the germ cells and the chief types of segmentation of the fertilized ovum, an elementary knowledge of the development of the chick up to the third day of incubation.

## PRACTICAL WORK.

The dissection, microscopical examination, and description of specimens or parts of the animals mentioned above.

The determination of the zoological position of specimens which belong to the groups represented by the types mentioned above.

Candidates will be required to bring to the Practical Examinations their Notebooks, for inspection by the Examiners if desired, certified by their Teachers as being the actual working notes made by them in the Laboratory. These Notebooks must be taken away by the candidates at the close of the examination.

## ELEMENTARY—ANATOMY AND PHYSIOLOGY OF FARM ANIMALS.

*Horse, Ox, Sheep, and Pig.*

**Osteology and Arthrology.**—Structure of the skeleton. Structure and composition of bone. Compact and cancellous tissue. Periosteum. Blood supply to bones. Classification of bones. A description of the bones of the horse and the more important differences in those of the ox, sheep, and pig. Description of a joint. Cartilage. Ligaments. Synovial membrane. Classification of joints.

**Physiology of Farm Animals.**—Horse, Ox, Sheep, and Pig.

**The Blood:** Its physical characters. Reaction and specific gravity. Composition of Blood. Corpuscles and Plasma. Structure and functions of Red and White Corpuscles. Haemoglobin. Composition of Plasma. Coagulation. Formation of fibrin and serum.

**Circulation:** Heart arteries, arterioles, capillaries and veins. Systemic, pulmonary and portal circulation. Sounds of Heart.

**Lymph and lymphatic system.**

**Respiration:** Structure of lungs. Exchanges between venous blood and alveolar air. The mechanism of inspiration and expiration. Tidal air. Alveolar air. The Thorax. Causes producing Dyspnoea. Asphyxia.

**Digestion:** General characters of the process in herbivora and carnivora. Arrangement of the alimentary canal in the horse, ox, sheep, and pig. Composition of food of animals. Nitrogenous and non-nitrogenous food-stuffs. Action of Saliva. Gastric juice, succus entericus, pancreatic juice, bile on food, and outline of changes food undergoes during digestion. Muscular mechanism. Prehension of food. Drinking. Mastication. Deglutition. Movements of stomach and intestines. Rumination. The faeces and defaecation.

**Absorption:** Intestinal and general.

**Excretion:** By the kidneys and skin: Animal metabolism.

**Central Nervous System:** Its general structure and arrangement. Grey and White Matter. Sensory and motor areas in cortex of cerebrum. Reflex action in relation to glandular secretion.

**Generation and development:** Sexual season of animals. Ovaries and testes. The ova and spermatazoa. Impregnation. Formation of embryo and foetal membranes. Arrangement of placenta in mare, cow, ewe, and sow. Terms of pregnancy. The mammary glands and secretion of milk.

L. MACRAE,  
Director of Education.

## APPENDIX II.

Statute 116:—

116. Every candidate for admission as a student of the University shall pass such Entrance or Matriculation Examination, or fulfil such other tests of fitness to be admitted as a student, as may be from time to time prescribed.

## REGULATION AS TO EXEMPTION FROM THE MATRICULATION EXAMINATION.

Graduates of such British, Dominion, or Colonial, and Indian Universities as are approved by the Senate for that purpose, and those who have passed all the examinations required for a degree in those Universities, may on application be registered as Matriculated Students on payment of the registration fee of £3. 3s. without passing the Matriculation Examination.

Oxford and Cambridge Graduates in First or Second Class Honours may be admitted to the Degree Examination in any faculty other than Medicine after two years from their registration.

For conditions under which the following examinations will give exemption from the Matriculation Examination of the University of London, see separate regulations obtainable on application to the External Registrar, University of London, South Kensington, London, S.W. 7:—

Oxford School Examination.  
Higher Certificate Examination of the Oxford and Cambridge Schools Examination Board.  
School Certificate of the Oxford and Cambridge Schools Examination Board.  
Previous Examination of the University of Cambridge.  
Cambridge School Examination.  
Matriculation Examination of the Joint Board of the Northern Universities.  
School Certificate of the Joint Matriculation Board of the Northern Universities.  
Leaving Certificate Examination of the Scottish Education Department.  
School Certificate of the University of Durham.

School Certificate Examination of the Central Welsh Board.  
Adelaide Senior Public Examination.  
School-leaving Certificates of Melbourne and Western Australia.  
Transvaal Secondary School Certificate Examination.  
Secondary School Senior Certificate Examination of Department of Public Education, Cape of Good Hope.  
For conditions under which the Cambridge Senior School Certificate Examination will give exemption from the Matriculation Examination, see regulations for Matriculation Examination.

The Standing of students registered under Statute 116 shall date, for the purposes of External Examinations, from the Matriculation Examination immediately preceding the date of registration. (See Extract from Statute 120 below.) To secure that a registration under Statute 116 shall date from any Matriculation Examination, such registration must be completed before the commencement of the next Matriculation Examination.

N.B.—Applications for registration must be accompanied by the proper fee and official documentary evidence of qualification in accordance with the above regulation. Drafts must be made payable to the "University of London," and crossed "Westminster Bank, Ltd., Brompton Square Branch." The fee and evidence must be forwarded together by registered post and addressed to the External Registrar, University of London, South Kensington, London, S.W. 7.

## EXTRACT FROM STATUTE 120.

"No student shall be admitted to the Final Examination of a degree until the expiration of at least three years after Matriculation, unless the Senate in special cases or special classes of cases otherwise determine."

## PRIVILEGES AND EXEMPTIONS GRANTED BY OTHER BODIES.

For privileges and exemptions granted by other bodies to persons who have passed the Matriculation Examination (in its ordinary form or in the form of the School Examination Matriculation Standard) of the University of London, see separate regulations obtainable on application to the External Registrar, University of London, South Kensington, London, S.W. 7.

**Sale of Timber.**

THE under-mentioned timber at the Jaffna Depôt will be sold by public auction on the spot by the Divisional Forest Officer, Northern Division, Jaffna, on Tuesday, September 3, 1929, at 9.30 A.M. :—

Lot I.—100 palu logs.

Lot II.—2 ton satin pieces.

Lot III.—25 rejected teak poles.

2. The lists of timber are available for inspection at the Divisional Forest Office, Jaffna.

3. Further particulars can be obtained from the Divisional Forest Officer, Jaffna.

**Conditions.**

(a) The timber will be put up either singly or in lots to suit buyers at a rate per cubic foot, and no advance of less than 10 cents per cubic foot or Re. 1 per log will be recognized.

(b) The highest bid will be accepted, subject to the approved price fixed by the Conservator of Forests. The highest bidder, on being declared the purchaser, shall sign his name in the register of sale in admission of such purpose and deposit the necessary amount.

(c) Twenty-five per cent. of the bids to be deposited immediately after acceptance of the bids. The balance should be paid within 20 days of the date of sale, when a permit for removal will be issued.

(d) The measurements as recorded by the Divisional Forest Officer must be accepted, but prior to date of auction any prospective bidder is at liberty to check the measurements and to represent any difference promptly.

(e) All timber sold and the full price bid of which has been paid must be removed from the depôt within 20 days of date of sale, and will be at the risk of the purchaser until removed. A charge of Re. 1 per log or per lot of timber per week or part of a week is liable to be made for any logs not removed within 20 days of sale. Logs not removed from the depôt within one month is liable to be forfeited to the Crown.

(f) Should any person to whom a lot is knocked down refuse to take it over at the full price bid, or refuse or fail to sign the sale book and pay 25 per cent. of his bid, and refuse or fail to remove the timber within the time specified in clause (e) above, the lot will again be put up for auction; and the original purchaser or bidder will be held liable for any loss to Government owing to a lower price being realized at the resale, while, if an enhanced price is realized at such resale, he shall, however, have no claim to the profit which shall accrue to Government.

(g) Agents bidding for others will be required to produce written authority from the firm or person for whom they bid; such authority will be retained by the Divisional Forest Officer, and will hold good only at the particular sale at which it is produced.

**Auction Sale of Timber at Batticaloa.**

THE under-mentioned logs lying at the places mentioned below in Eastern Division (South), Batticaloa, will be sold by public auction by the Divisional Forest Officer, Eastern Division (South), Batticaloa, on Monday, September 9, 1929, at 9.30 A.M., at the Divisional Forest Office, Batticaloa, subject to the following conditions :—

1. The highest bid will be accepted, subject to the approval of the Conservator of Forests. The highest bidder will be declared the purchaser, and on being so declared shall sign his name in the register of sale in admission of such purchase and deposit the necessary amount.

2. Twenty-five per cent. of the bids to be deposited on conclusion of the sale. The balance should be paid within fourteen days of the receipt of intimation by the purchaser of the approval of sale by the Conservator of Forests, when a permit for removal will be issued.

3. The measurements as recorded by the Divisional Forest Officer, Eastern Division (South), must be accepted, but prior to date of auction any intending purchaser is at liberty to inspect the timber, &c., and check the measurements.

4. All timber sold must be removed within six weeks of the receipt of notification that the bid has been accepted or within such time as the Divisional Forest Officer considers necessary. Any timber not removed by the purchaser within the time specified in the removal permit will revert to the Crown, and the purchaser will have no right whatever to the material. The timber will be at the risk of the purchaser until the time of removal at the place where they are lying.

5. Should the persons whose bid has been accepted fail to pay the balance purchase amount within fourteen days of the receipt of notice in writing that his bid has been accepted by the Conservator of Forests or to remove the timber within the time specified in clause 4 above, the lot will be resold at the risk of the original purchaser who shall be held liable for any deficiency owing to a lower price being realized at the resale, but, on the other hand, if an enhanced price is realized he shall have no claim to the profit which shall accrue thereby to Government.

6. The list of timber can be seen at the Divisional Forest Office, Batticaloa, on any working day between the hours of 9.30 A.M. and 4.30 P.M.

7. Applications should be made at the Divisional Forest Office, Batticaloa, for any further information.

*Note.*—If small purchasers desire any portion or portions of timber to be sold as separate lots, they should give sufficient notice in writing of their intention to the Divisional Forest Officer, who will arrange to put up such timber in lots.

## MUNICIPAL COUNCIL NOTICES.

## MUNICIPALITY OF COLOMBO.

Minutes of Proceedings of a General Meeting of the Municipal Council of Colombo held at the Town Hall on Wednesday, July 10, 1929, at 3 p.m.

The Council met this day at 3 P.M. pursuant to notice dated July 3, 1929.

*Present* :—Mr. H. E. Newnham, V.D., M.A., C.C.S., Chairman; the Hon. Mr. N. H. M. Abdul Cader, M.L.C.; Dr. E. V. Ratnam; the Hon. Mr. C. H. Z. Fernando, M.L.C.; Dr. E. A. Coorey; Mr. T. G. Jayewardene, V.D., J.P.; Mr. N. R. Blande; Mr. M. L. M. Royal; Dr. S. Muttiah; Mr. S. W. R. Dias Bandaranaike; Mr. J. S. Collett; Dr. V. Van Langenberg, V.D.; Mr. F. Dadabhoy, J.P.; and Mr. W. J. Thornhill.

1. The Minutes of the General Meeting of June 12, 1929, having been previously printed and copies thereof having been sent to each Member of Council, were taken as read.

Resolved that the Minutes of the General Meeting of June 12, 1929, be confirmed.

2. Pursuant to notice, Mr. T. G. Jayewardene asked the Chairman the following questions :—(1) Will the Chairman be pleased to say how permission came to be granted to Messrs. Freudenberg & Co., to erect several buildings for commercial purposes on their property in Layard's Broadway, in an area declared "congested," where no buildings other than dwelling houses could ordinarily be erected. Were any dwelling houses demolished in the erection of these commercial buildings? If so how many? (2) With reference to my motion of January 12, 1927, in regard to a new road between Grandpass and the Canal, will the Chairman be pleased to cause an estimate to be prepared for the construction of about 500 yards of this road, from Armour street eastwards, so that the work may be included in the 1930 Budget, if funds are available?

The Chairman replied as follows :—(1) (a) Eleven applications in all are involved and were passed between January 1, 1928, and May 16, 1929, in one case after reference to the questioner, as Ward Member, who, on October 25, 1927, stated that he had no objection. The commercial buildings referred to comprise a Petrol Service Station, a Power House, 5 Garages, and certain alterations to an existing building. It is reported that the reasons for allowing this development on this site were :—(i.) It was recently reclaimed swamp, unsuitable as yet for dwelling houses; (ii.) though scheduled in the congested area this portion was not in fact congested and was already essentially commercial. (b) and (c) It is reported that no dwelling houses were demolished. (2) The Chairman will submit to the Works and Finance Committees at their next meeting the following questions :—(a) Do they approve of the proposal that the construction of such a road should be definitely included in the Council's programme of projects? (b) If so, will they indicate the trace on which the whole road should run? (c) If so, do they wish to make a start with it next year? (d) If so, do they wish plans and estimates to be prepared for a portion of it? It must be borne in mind that the construction alone would cost some half million rupees, to which must be added the cost of acquiring about 7 acres of land, some of which contain expensive buildings, together with compensation, in some cases for loss of access to the canal. If there is no likelihood of any of the work being undertaken in the near future it would be uneconomical for the present shorthanded engineering staff to prejudice the other work of the Council in order to prepare plans and estimates which would be out of date and would require extensive revision by the time the undertaking was finally put in hand.

3. Pursuant to notice, the Hon. Mr. C. H. Z. Fernando asked the Chairman the following questions :—(1) When did Council resolve to grant passages and leave for study purposes to the Council's Officers on the same terms as Government? (2) Were the Council's Officers notified of this resolution, and if so, when? (3) How many officers have applied to avail themselves of these privileges? (4) In view of the serious state of affairs disclosed in the Chairman's reply to the question by the member for New Bazaar at the last meeting of Council, where it was stated that the Chairman finds it impossible to prevent the recurrence of such lapses as recently occurred in the Veterinary Department, will the Chairman prepare a memorandum on the subject and place it before the Four Standing Committees for consideration at their next meeting?

The Chairman replied as follows :—(1) The Council on November 7, 1928, sanctioned a Passage Scheme, which included "Study Passages" for officers on the Higher Staff of the permanent establishment to enable them to acquire professional qualifications by a course of study in the United Kingdom, or elsewhere. This scheme is on the same lines as that of Government. Leave for this purpose, without passages, had been granted by this Council on July 9, 1920, to officers with seven years' service. Subsequently on February 22, 1924, this period was reduced to five years. Government has no special regulations regarding leave for this purpose, but afford facilities under their ordinary leave regulations. (2) Copies of the Passage Scheme were forwarded by the Municipal Treasurer, to all the Departments for the information of officers, by his Circular of November 13, 1928. (3) None so far. (4) The Chairman will be very glad to do so.

The Hon. Mr. N. H. M. Abdul Cader moved that the Council do go into Committee to consider items Nos. 4 to 9 (inclusive) on the Agenda. Dr. E. V. Ratnam seconded.—Carried.

The following extracts from the Minutes of the Standing and the Special Committees named were then laid before the Council in Committee :—

*Extracts from the Minutes of the Standing Committee on Sanitation and Markets of June 24, 1929.*

PUBLIC HEALTH DEPARTMENT.

(2) To consider—(a) A report of the Medical Officer of Health dated June 7, 1929 (supported by the member for San Sebastian Ward), recommending—(1) That St. Paul's Dispensary be removed to the Gintupitiya Child Welfare Centre; (2) That an ordinary free dispensary be established in San Sebastian Ward. (b) A memoranda thereon of the Chairman dated June 13, 1929.—Recommended that sites be chosen for dispensaries as follows :—One in San Sebastian Ward. One more centrally situated in New Bazaar Ward in the direction of Grandpass. When these new dispensaries have been established, the Silversmith street and Barber street dispensaries should be closed.

(3) To consider—(a) A report of the Acting Medical Officer of Health dated May 6, 1929, regarding the supervision of Midwives under the regulations published in the *Government Gazette* of April 26, 1929. (b) Memoranda thereon of the Medical Officer of Health and the Chairman. (1) That the Governor in Executive Council be requested to make a regulation under section 57 of Ordinance No. 26 of 1927, bringing that section into operation for the Colombo Municipal Limits as from a date to be fixed after further inquiry. (2) That the Medical Officer in charge of Child Welfare be appointed Local Supervising Officer of the area under section 2 of the regulations under section 58 of the above Ordinance published in the *Gazette* of April 26, 1929.

(5) To consider the question as to whether the Chairman should insist on corpses of persons who die of plague, smallpox, &c., being removed for burial in coffins or in zinc lined coffins on sanitary grounds.—Recommended that those dying of plague should be removed for burial on an impervious zinc tray and that those dying of cholera and smallpox should be taken for burial in zinc-lined coffins.

T. No. 1491, cleansing cooly, who lost 77 days work as the result of an accident sustained by him in the course of his duties.—Recommended.

(25) To recommend, under section 6 of the Municipal Council Leave Minute, the excess leave of 6 days over 42 days granted to Mr. A. M. H. Dias, Veterinary Inspector of the Veterinary Department.—Recommended.

#### OUTRIGHT SALE OF PROPERTIES VESTED IN THE COUNCIL.

(26) To consider seeking the authority of His Excellency the Governor in Executive Council, under section 153 (1) of Ordinance No. 6 of 1910, to sell outright, the following properties, vested in the Council, the owners having been given more than six months' notice to obtain a re-transfer, in terms of the Council's resolution of August 4, 1926.

List.—(1) No. 595/62, Dam street, (2) No. 2,883/23, Wall's lane, (3) No. 4,322/60, New Fishers' Quarter, (4) No. 1,301A/18, Mosque lane, (5) 1,989A/68, Wasala road.—Recommended.

#### RECONVEYANCE OF PROPERTIES VESTED IN THE COUNCIL.

(27) To recommend reconveyance of the premises vested in the Council, mentioned in the annexed list (as per annexure A attached to these minutes), to the parties named on payment of all rates and costs which would have been due up to the quarter in which the reconveyance may be signed, had the property not been vested in the Council.—Recommended.

#### Resolutions.

With regard to item No. 12 (corresponding to item No. 9 of the extracts from the Minutes of the Standing Committee on Sanitation and Markets of June 24, 1929), the Chairman moved that the recommendation of the Sanitation Committee be adopted. Dr. S. Muttiah seconded.

Mr. T. G. Jayewardene moved, as an amendment, that the recommendation of the Finance Committee be adopted.

Dr. E. A. Coorey and the Hon. Mr. C. H. Z. Fernando supported the motion.

Mr. S. W. R. Dias Bandaranaike seconded the amendment.

The Chairman and Dr. S. Muttiah replied to the remarks of the supporters of the amendment.

Mr. T. G. Jayewardene spoke in reply.

Dr. E. V. Ratnam supported the amendment.

The amendment was put to the meeting and lost.

The motion of the Chairman, that the recommendation of the Sanitation Committee be adopted, was put to the meeting and carried.

Resolved that the recommendations of the Standing Committee with regard to the remaining items be adopted.

*Extract from the Minutes of the Special Committee regarding the Housing and Town Improvement of June 27, 1929.*

Recommended.

*Resolution.*

Resolved that the above recommendation of the Special Committee be adopted.

The Hon. Mr. N. H. M. Abdul Cader moved that the Council do resume. Dr. E. V. Ratnam seconded.—Carried.

The Chairman formerly moved in Council that the resolutions of Council in Committee, and the recommendations of the various Committees, subject to any amendments of such recommendations by the Council in Committee be adopted. Dr. E. V. Ratnam seconded.—Carried.

10. By the resolution of the Council at its previous meeting the Four Standing Committees, who were appointed to consider the salaries of the Subordinate Staff, were requested to submit their Report to the July meeting of Council. The Chairman read a statement showing why it had been impossible to comply with this request.

11. Mr. S. W. R. Dias Bandaranaike asked permission of the Council to bring up the question of the extension of the life of the present Council and to move that the matter be discussed. Dr. E. A. Coorey seconded.—Carried.

The Chairman gave the Council the information he had received from the Legal Draftsman regarding the progress made with the drafting of the Colombo Municipal Council (Constitution) Amendment Ordinance and read his letter to the Hon. the Colonial Secretary.

Mr. S. W. R. Dias Bandaranaike moved that Government be requested to expedite the preparation of the Municipal Councils' Amending Ordinance and to take the necessary steps to place it before the Legislative Council, without waiting for any decisions that that may be adopted by the Secretary of State regarding the recommendations of the Donoughmore Commission's Report. Dr. E. A. Coorey seconded.

Mr. T. G. Jayewardene, the Hon. Mr. C. H. Z. Fernando, and Dr. S. Muttiah spoke to the motion.

It was ultimately decided that the motion should be withdrawn and that the Chairman should be asked to write to Government requesting that the amendment Ordinance should be introduced as soon as possible and that the life of the existing Council should be extended for one year only.

12. The following documents were laid on the table:—

F. G. TYRRELL,  
Acting Colonial Secretary.

E 18/26

**H**IS Excellency the Governor in Executive Council, with the approval of the Secretary of State for the Colonies, has been pleased to sanction the following addition to the Rules dated December 9, 1908, regarding the pensions to be granted to Public Servants of this Colony:—

47. (i.) Where an officer's Government service in a post or posts specified in Schedule D is continuous with recorded service (as defined in Teachers' Pension Rules) as a teacher in an Assisted School or Schools, such service in an Assisted School or Schools shall be counted as Government service for purposes of determining whether he is qualified for a pension or gratuity under these rules by age, length of service, and the circumstance of his retirement or, when such officer dies in Government service, whether his dependants are qualified for a death gratuity under section 2B of these rules by his length of service.

(ii.) The pension or gratuity of such an officer shall be calculated in accordance with such of the principles and methods prescribed in these rules as are not inconsistent with the provisions of this section. Provided that—

(a) The pension of such an officer shall be  $1/720$ ths of the officer's salary for each month of service in a post or posts specified in Schedule D plus an addition as climate bonus which shall bear the same proportion to  $60/720$ ths of such salary as his service in a post or posts specified in Schedule D bears to the total of his contributory service in an Assisted School or Schools and his service under Government in a post or posts specified in Schedule D; provided that no officer shall be eligible to receive the climate bonus unless the total of his contributory service in an Assisted School or Schools and his service under Government in a post or posts specified in Schedule D amounts to at least 120 months.

(b) The word "retirement" in sections 2 and 8 of these rules shall for the purposes of this section be deemed to mean "final transfer from Government service under Schedule D to an Assisted School" in cases in which final retirement takes place from an Assisted School.

(iii.) The total combined pensions for service under Government and in an Assisted School or Schools shall not exceed the maximum pension allowed by these rules. In any case falling under the limitation laid down in this sub-section the amount of pension to be drawn under these rules shall be determined by the Governor with due regard to the amount of any pension or pensions to be drawn in respect of any service in an Assisted School or Schools.
