13. The special rules for felling, conversion, and removal which the agreement will require to be observed are specified in the special conditions advertised below. Nothing in these special conditions shall render the purchaser in any way exempt from liability for punishment, under the Forest Ordinance of 1907, should he or any of the workmen in his employ be responsible for the commission of a forest offence outside the boundaries of his purchased coupe or coupes.

#### SPECIAL CONDITIONS.

(1) On payment of the full purchase amount the purchaser shall be entitled to fell and remove on or before July 31, 1930, in the manner specified below, all the timber and firewood contained in the purchased coupe or coupes. No extension of the time limit fixed for felling and removal will be granted except under very special circumstances, and all timber and firewood not removed by the date of expiry of agreement *i.e.*, July 31, 1930, shall *ipso facto* revert to the Crown.

(2) The purchaser shall further agree that should any timber be left standing or lying felled within the coupe

on the date of expiry, the expenses incurred by Government for their removal be defrayed from the amount deposited by him as security under clause (b) in paragraph 9, above.

(3) If the purchaser desires to pay by instalments, payment of a first instalment of 40 per cent. of the full purchase price of the coupe or coupes shall entitle him to fell and remove all the trees in an area not exceeding one-third of the total area of such coupe. Payment of 70 per cent. of the full purchase price by means of a second instalment of 30 per cent. shall entitle the purchaser to fell and remove all the trees in an area not exceeding two-thirds of the total area of such coupe.

(4) The purchaser shall agree to commence felling along the full length of one boundary of each coupe previously pointed out to him by the Range Forest Officer, Dehiowita, and laid down on the plan of the coupe annexed to agreement. He shall further agree to progress the felling in a direction parallel to the boundary along which the felling has been commenced in the manner prescribed under clauses (a) and (b) below:—

(a) All tree seedlings and saplings which are under 3 inches in diameter shall be cut out flush with the ground.

(b) All saplings and trees over 3 inches in diameter shall be felled within 6 inches of the ground.

(5) If paying by instalments, the purchaser shall pay the second instalment or in all 70 per cent. of the full purchase price within four months and the third and final instalment within six months of the date of execution of the agreement.

Should the purchaser fail to pay either instalment when due it shall be within the discretion of the Divisional Forest Officer to cancel the agreement as from the date of such default, and to declare same to be null and void. Any unremoved or unfelled timber or firewood lying or standing in the coupe or coupes shall unconditionally revert to the Crown as from the date of such cancellation, and the purchaser shall have no further claim thereto. On no account shall any postponement of the date of such payment be made.

(6) Should the purchaser fell or remove trees or firewood from any area of the coupe or coupes he has not paid for, or from any area of forest outside the demarcated boundaries of his coupe or coupes, nothing in the agreement shall exempt him from liability to punishment for illicit felling and removal, under the provisions of Forest Ordinance, No. 16 of 1907, and of the rules framed thereunder. For the purpose of this special condition, it shall be presumed that the purchaser has, previous to entering into the agreement, satisfied himself as to the position of the lines and pillars demarcating his coupe or coupes, and that the purchaser has further agreed that he shall not in the event of any dispute put forward a plea of ignorance of the limits or extent of his coupe or coupes.

(7) The purchaser or his agent or any of his employees shall not damage any boundary pillars or block up the boundaries. Should the lines become blocked or the pillars thrown down due to unavoidable circumstances, such lines should be at once recleared or such pillar replaced.

(8) The purchaser shall not for the purpose of removing timber from his coupe or coupes enter into any other area of forest not paid for by him except with the permission of the Range Forest Officer, and along paths permitted by him.

(9) The purchaser shall further agree to compensate the Crown for any damage to produce caused by himself, his employees, his animals, his machinery, or his material in transit over any area of forest not paid for by him at rates to be assessed by the Divisional Forest Officer, Ratnapura.

(10) If no objection exists in the opinion of the Divisional Forest Officer, the purchaser will further be permitted to erect wire shoots for the transport of materials always, provided that he pays full royalty values for the forest produce outside his own coupe or coupes, damaged during such erection or in using such shoot. The permission in writing of the Divisional Forest Officer, Ratnapura, must be obtained before erection of any and every wire shoot.

(11) A general removal permit will be issued by the Divisional Forest Officer authorizing the purchaser to

remove the timber and firewood felled in one-third of the area of the coupe or coupes according to the purchase amount paid, *vide* special conditions (1) and (3), in such daily quantities as will be specified in cart notes which must accompany each and every cart load in transit. The Forest Ranger or any officer of the Forest Department deputed by him for the supervision of the felling will measure up the wood which is ready for removal twice daily at 9.30 A.M., and 3.30 P.M., and will issue the necessary cart notes which shall accompany each and every cart in transit.

(12) The purchaser shall agree that for each and every infringement of the above conditions he shall become liable to a fine of an amount not exceeding Rs. 50 to be imposed in writing by and at the discretion of the Divisional Forest Officer, Ratnapura, and this fine will be recovered from the tenderer's security deposit.

(13) The purchaser shall also agree that in the event of security money having become exhausted owing to imposition of fines, it shall be within the discretion of the Divisional Forest Officer either (a) to accept a further security deposit amounting to 5 per cent. of the full purchase price, or (b) to cancel the agreement and to refund to the purchaser such balance of the paid up purchase money, if any, as may remain after deducting the value of all timber and firewood removed by the purchaser on the date of such cancellation and such amount as may be needed to carry out any of the provisions of special conditions (4) and (7) which the purchaser may not at the time of such cancellation have fulfilled. For the purpose of this clause the value of each cubic foot of timber and cubic yard of fuel removed shall be fixed at full royalty rates.

(14) The purchaser shall have the right of appeal to the Conservator of Forests in the event of any of the enforcement of any of the above penalties specified in the above conditions, and the purchaser shall agree to accept the Conservator of Forests' decision as final and binding.

If the Company shall, within the space of twenty-eight days after being served with a transfer notice, find a member (or person selected as aforesaid) willing to purchase the share (hereinafter called "the purchasing member"), and shall give notice thereof to the proposing transferor, he shall be bound, upon payment of the fair value, to transfer the share to the purchasing member.

31. In case any difference arises between the proposing transferor and the purchasing member as to the fair value of a share, the auditor shall, on the application of either party, certify in writing the sum which, in his opinion, is the fair value, and such sum shall be deemed to be the fair value, and in so certifying the auditor shall be considered to be acting as an expert, and not as an arbitrator.

32. If in any case the proposing transferor, after having become bound as aforesaid, makes default in transferring the share, the Company may receive the purchase-money, and shall thereupon cause the name of the purchasing member to be entered in the register as the holder of the share, and shall hold the purchase-money in trust for the proposing transferor. The receipt of the Company for the purchase-money shall be a good discharge to the purchasing member, and after his name has been entered in the register in purported exercise of the aforesaid power, the validity of the proceedings shall not be questioned by any person.

33. If the Company shall not, within the space of twenty-eight days after being served with a transfer notice, find a member (or person selected as aforesaid) willing to purchase the shares and give notice in manner aforesaid, the proposing transferor shall at any time within three calendar months afterwards be at liberty, subject to clause 34 hereof, to sell and transfer the shares (or those not placed) to any person and at any price.

34. The Company in General Meeting may make and from time to time vary rules as to the mode in which any shares specified in any transfer notice shall be offered to the members, and as to their rights in regard to the purchase thereof, and in particular may give any member or class of members a preferential right to purchase the same. Until otherwise determined, every such share shall be offered to the members in such order as shall be determined by lots drawn in regard thereto, and the lots shall be drawn in such manner as the Directors think fit.

35. Any share may be transferred by a member to any child or other issue, father, mother, wife, or husband of member, and any share of a deceased member may be transferred by his executors or administrators to any child, or other issue, father, mother, widow, or widower of such deceased member (to whom such deceased member may have specifically bequeathed the same), and shares standing in the name of the trustees of the will of any deceased member may be transferred upon any change of trustees to the trustees for the time being of such will (and the restrictions in clause 26 hereof shall not apply to any transfer authorized by this clause).

36. The Directors may refuse to register any transfer of a share, (a) where the Company has a lien on the share; or (b) where the Directors are not of opinion that it is desirable to admit the proposed transferee to membership. But paragraph (b) of this clause shall not apply (where the proposed transferee is already a member holding more than ten shares), nor to a transfer made pursuant to clause 33 hereof.

37. The Company shall keep a book or books, to be called "The Register of Transfers," in which shall be entered the particulars of every transfer or transmission of any share.

38. Every instrument of transfer must be left at the office of the Company to be registered accompanied by the certificate for the shares to be transferred and by such evidence as the Directors may reasonably require to prove the title of the transferor, and a fee of Two Rupees and Fifty Cents or such other sum as the Directors shall from time to time determine, must be paid to the Company for the registration of every such transfer; upon payment thereof the Directors, subject to the powers vested in them by Article 26, shall register the transferee as a Shareholder and retain the instrument of transfer.

39. The Directors may, by such means as they shall deem expedient, authorize the registration of transferees as Shareholders, without the necessity of any meeting of the Directors for that purpose.

40. In no case shall the Directors be bound to inquire into the validity, legal effect, or genuineness of any instrument of transfer produced by a person claiming a transfer of any share in accordance with these Articles; and whether they abstain from so inquiring, or do so inquire and are misled, the transferor shall have no claim whatsoever upon the Company in respect of the share, except for the dividends previously declared in respect thereof, but only if at all, upon the transferee.

41. The Register of Transfers may be closed at such times and for such periods as the Directors may from time to time determine, provided always that it shall not be closed for more than twenty-one days in any year.

#### TRANSMISSION OF SHARES.

42. *Transmission of Shares.*—The executors or administrators, or the heirs of a deceased Shareholder (not being one of several joint-holders) shall be the only persons recognized by the Company, as having any title to the shares of such Shareholder.

43. *Representative of Shareholder to be registered or nominate Transfer.*—Any guardian of any infant Shareholder, or any committee of a lunatic Shareholder, or any person becoming entitled to shares in consequence of the death, bankruptcy, or liquidation of any Shareholder, or in any other way than by transfer, shall, upon producing such evidence that he sustains the character in respect of which he proposes to act under this clause, or of his title, as the Directors think sufficient, be forthwith entitled, subject to the provisions herein contained, to be registered as a Shareholder in respect of such shares; or may, subject to the regulations as to transfers hereinbefore contained, transfer the same to some other person.

44. *In Default of Registration Company may sell Shares after Twelve Months.*—If any person who shall become entitled to be registered in respect of any share under clause 43, shall not, from any cause whatever, within twelve calendar months after the event on the happening of which his title shall accrue, be registered in respect of such share, or if in the case of the death of any Shareholder, no person shall within twelve calendar months after such death, be registered as a Shareholder in respect of the shares of such deceased Shareholder, the Company may sell such shares, either by public

auction or private contract, and give a receipt for the purchase money; and the purchaser shall be entitled to be registered in respect of such shares, and shall not be bound to inquire whether the events have happened which entitled the Company to sell the same, and the nett proceeds of such sale, after deducting all expenses and all moneys in respect of which the Company is entitled to a lien on the shares so sold, shall be paid to the person entitled thereto.

#### SURRENDER AND FORFEITURE OF SHARES.

45. *Directors may accept Surrender of Shares.*—The Directors may accept, in the name and for the benefit of the Company, and upon such terms and conditions as may be agreed a surrender of the shares of Shareholders who may be desirous of retiring from the Company provided such acceptance is properly legalized.

46. *If Call or Instalment not paid Notice may be given.*—If any Shareholder fails to pay any call or instalment on or before the day appointed for the payment of the same, the Directors may at any time thereafter, during such time as the call or instalment remains unpaid, serve a notice on such Shareholder requiring him to pay the same together with any interest that may have accrued, and all expenses that may have been incurred by the Company by reason of such non-payment.

*Form of Notice.*—The notice shall name a day (not being less than one month from the date of the notice) on, and a place or places at, which such call or instalment and such interest and expenses as aforesaid are to be paid. The notice shall also state that, in the event of non-payment at or before the time and at the place appointed the shares in respect of which the call was made or instalment is payable will be liable to be forfeited.

*If Notice not complied with Shares may be forfeited.*—If the requisition of such notice as aforesaid be not complied with, every or any share or shares in respect of which such notice has been given may at any time thereafter, before payment of calls or instalments, with interest and expenses due in respect thereof, be declared forfeited by a resolution of the Board to that effect.

47. *Shareholder still liable for Calls.*—Any Shareholder whose shares have been so declared forfeited shall notwithstanding be liable to pay and shall forthwith pay to the Company all calls, instalments, premia, interests, and expenses owing upon or in respect of such shares at the time of the forfeiture, together with interest thereon from the time of forfeiture until payment at nine per centum per annum, and the Directors may enforce the payment thereof if they think fit.

48. *Forfeited Shares the Property of the Company.*—Every share surrendered or so declared forfeited shall be deemed to be the property of the Company, and may be sold, re-allotted, or otherwise disposed of upon such terms and in such manner as the Board shall think fit.

49. *Claims against the Company extinguished.*—The surrender or forfeiture of a share shall involve the extinction of all interest in, and also of all claims and demands against, the Company in respect of the share and the proceeds thereof and all other rights incident to the share, except only such of those rights (if any) as by these presents are expressly saved.

50. *Validity of Sale.*—A certificate in writing under the hands of one of the Directors and of the Secretary or Secretaries that a share has been duly surrendered, or forfeited, stating the time when it was surrendered or forfeited, shall be conclusive evidence of the facts therein stated as against all persons who would have been entitled to the share but for such surrender or forfeiture, and such certificate and the receipt of the Company for the price of such share shall constitute a good title to such share and a certificate of proprietorship shall be delivered to any person who may purchase the same from the Company, and thereupon such purchaser shall be deemed the holder of such share, discharged from all calls due prior to such purchase; and he shall not be bound to see to the application of the purchase money, nor shall his title to such share be affected by any irregularity in the proceedings in reference to such forfeiture or sale.

51. *Power to annul Forfeiture.*—The Directors may in their discretion remit or annul the forfeiture of any share within six months from the date thereof upon the payment of all moneys due to the Company from the late holder or holders of such share or shares, and all expenses incurred in relation to such forfeiture, together with such further sum of money by way of redemption money for the deficit as they shall think fit, not being less than nine per centum per annum on the amount of the sums wherein default in payment had been made, but no share *bona fide* sold or re-allotted, or otherwise disposed of under Article 48 hereof, shall be redeemable after sale or disposal.

52. *Company's Lien on Shares.*—The Company shall have a first charge or paramount lien upon all the shares of any holder or joint-holders for all moneys for the time being due to the Company by such holder or by all or any of such joint-holders respectively, either in respect of such shares or of other shares held by such holder or joint-holders or in respect of any other debt, liability, or engagement whatsoever and whether due from any such holder individually or jointly with others, including all calls which the Directors shall have resolved to make, although the times appointed for the payment thereof shall not have arrived; and where any share is held by more persons than one, the Company shall be entitled to the said charge or lien in respect of any money due to the Company from any of such persons. And the Directors may decline to register any transfer of shares subject to such charge or lien.

53. *As to enforcing Lien by Sale.*—Such charge or lien may be made available by a sale of all or any of the shares subject to it, provided that no such sale shall be made except under a resolution of the Directors, and until notice in writing shall have been given to the indebted Shareholder or his executors or administrators, or the assignee or trustee in his bankruptcy, requiring him or them to pay the amount for the time being due to the Company, and default shall have been made for twenty-eight days from such notice in paying the sum thereby required to be paid. Should the Shareholder over whose share the lien exists be in England or elsewhere abroad, sixty days' notice shall be allowed him.

54. *Application of Proceeds of Sale.*—The nett proceeds of any such sale shall be applied in or towards satisfaction of such debts, liabilities, or engagements, and the residue (if any) paid to such Shareholder or his representatives.

55. *Directors' Certificate Conclusive Evidence.*—A certificate in writing under the hands of one of the Directors and of the Secretary that the power of sale given by clause 47 has arisen and is exercisable by the Company under these presents, shall be conclusive evidence of the facts therein stated.

56. *Two Directors may execute a Transfer.*—Upon any such sale two of the Directors may execute a transfer of such share to the purchaser thereof, and such transfer, with the certificate last aforesaid, shall confer on the purchaser a complete title to such share.

57. *Power to create Preference Shares.*—Any shares from time to time to be issued or created may from time to time be issued with any such right or preference, whether in respect of dividend or of repayment of capital, or both, or any such other special privilege or advantage over any shares previously issued or then about to be issued (other than shares issued with a preference), or at such a premium, or with such deferred rights as compared with any shares previously issued or then about to be issued, or subject to any such conditions or provisions, and with any such right or without any right of voting, and generally on such terms as the Company may from time to time by special resolution determine.

58. *Class Meetings.*—If at any time by the issue of preference shares or otherwise the capital is divided into shares of different classes, then the holders of any class of shares may by an extraordinary resolution passed at a meeting of such holders, consent, on behalf of all the holders of shares of the class, to the issue or creation of any shares ranking equally therewith, or having any priority thereto, or to the abandonment of any preference or priority, or of any accrued dividend or the reduction for any time or permanently of the dividends payable thereon, or to any scheme for the reduction of the

Company's capital affecting the class of shares; and such resolution shall be binding upon all the holders of shares of the class, provided that this Article shall not be read as implying the necessity for such consent in any case in which but for this Article the object of the resolution could have been effected without it.

59. *Proceedings at Class Meetings.*—Any meeting for the purpose of the last preceding clause shall be convened and conducted in all respects as nearly as possible in the same way as an Extraordinary General Meeting of the Company, provided that no member not being a Director, shall be entitled to notice thereof or to attend thereat, unless he be a holder of shares of the class intended to be affected by the resolution, and that no vote shall be given except in respect of a share of that class, and that at any such meeting a poll may be demanded in writing by any members personally present and entitled to vote at the meeting.

62. *Power to create Securities.*—For the purpose of securing the repayment of any such money so borrowed or raised, or for any other purposes, the Directors may grant, create, execute, and issue any mortgages, cash credits, debentures, debenture stock, bonds, or obligations of the Company, charged upon all or any part of the undertaking, revenue, lands, property, rights, and assets of the Company, both present and future, including uncalled capital or unpaid calls, or may make, accept, or endorse on behalf of the Company any promissory notes or bills of exchange.

148. *Interim Dividend.*—The Directors may, if they think fit, determine on and declare an interim dividend to be paid, or pay a bonus to the Shareholders provided the Directors are satisfied the nett profits of the Company will be sufficient to justify such interim dividend or bonus.

149. *Reserve.*—The Directors may, before recommending any dividend or bonus, set aside out of the profits of the Company such a sum as they think proper as a reserve fund and may invest the same in such securities as they may select, or place the same on fixed deposit in any bank or banks, and may from time to time deal with and vary such investment and apply such reserve fund or such portion thereof as they think fit, to meet contingencies or for special dividends or for equalizing dividends, or for working the business of the Company, or for repairing, maintaining, or extending the buildings and premises of the Company, or for the repair or renewal or extension of the property or plant of the Company or any part thereof, or for any other purposes connected with the interest of the Company that they may from time to time deem expedient without being bound to keep the same separate from the other assets.

150. *Capitalization of Reserve.*—Any General Meeting declaring a dividend may resolve that such dividend be paid wholly or in part by means of drafts or cheques on London or by the distribution of specific assets, and in particular of paid-up shares, debentures, or debenture stock of the Company or paid-up shares, debentures, or debenture stock of any other company or in any one or more of such ways; any General Meeting may resolve that any moneys, investments, or other assets forming part of the undivided profits of the Company standing to the credit of the reserved fund or in the hands of the Company and available for dividend be capitalized and distributed amongst the Shareholders in accordance with their rights on the footing that they become entitled thereto as capital and that all or any part of such capitalized fund be applied on behalf of the Shareholders in paying up in full any unissued shares of the Company and that such unissued shares so fully paid be distributed accordingly amongst the Shareholders in the proportion in which they are entitled to receive dividend and shall be accepted by them in full satisfaction of their interest in the said capitalized sum. For the purpose of giving effect to any resolution under this or the last preceding article the Directors may settle any difficulty which may arise in regard to the distribution as they think expedient, and in particular may issue fractional certificates, and may fix the value for distribution of any specific assets, and may determine that cash payments shall be made to any members upon the footing of the value so fixed or that fractions of less value than Rs. 10 may be disregarded in order to adjust the rights of all parties, and may vest any such cash or specific assets in trustees upon such trusts for the persons entitled to the dividend or capitalized fund as may seem expedient to the Directors.

153. *Directors may deduct Dividend from Shareholders Indebtedness.*—The Directors may deduct from the dividend or bonus payable to any Shareholder all such sums of money as may be due from him (whether alone or jointly with any other person) to the Company, and notwithstanding the fact that such sums or any of them are not payable until after the date when such dividend or bonus is payable.

154. *Notice of Dividend.*—Notice of any dividend that has been declared, or of any bonus to be paid, shall be given to each Shareholder entitled thereto, and any dividend or bonus unclaimed by any Shareholder for three years after notice thereof, is given may be forfeited by the Directors for the benefit of the Company, and, if the Directors think fit, may be applied in augmentation of the Reserve Fund.

## MUNICIPALITY OF GALLE.

## Minutes of Proceedings of a General Meeting of the Municipal Council of Galle, held in the Municipal Office on Saturday, August 10, 1929, at 9 a.m., pursuant to Notice dated August 3, 1929.

*Present* :—Mr. M. M. Wedderburn, Chairman ; the Hon. Mr. H. M. Macan Markar, M.L.C. ; Mr. D. W. Subasinghe ; Mr. D. I. Durham ; Mr. C. L. Wickramasinghe ; Mr. S. H. Dahanayake ; Mr. F. W. Sproule ; and Dr. L. C. Wijesinghe.

1. The Minutes of the General Meeting of July 13, 1929, and the Special Meeting of July 23, 1929, copies thereof having been furnished to each member, were taken as read and confirmed.

Arising from the Minutes of the meeting of July 13, 1929, the Chairman said he had received a letter from Messrs. Walkers & Clark Spence protesting against a statement he had made in his reply to Mr. S. H. Dahanayake's question relating to the damage to an engine in the power station. In fairness to the contractors he desired to make a further statement :—In January last the engine referred to was complete except for certain accessory details, and by an arrangement assented to by the contractors, the engine was being run by the Council's staff, under the supervision of the contractors until such time as the plant, complete in detail, could be finally tested and formally taken over by the Council. The damage occurred while this arrangement was in force, and the point at issue at present is whether the damage was due to accident, negligence on the part of the Council's staff, or a defect in the engine. The whole matter will be put before the Council as soon as the report of the Director of Electrical Undertakings is received.

The Chairman made the following statement on the plague situation :—The Sanitary Department took over the control of plague measures on July 27.

On July 25, Piyasena, a salesman at K. C. Juwanis' rice store in the bazaar, took ill with fever and was removed to Juwanis' house at Gintota. On the following day he was removed by car to Alutwala, near Hikkaduwa, where he died on July 27. At the *post mortem* examination very marked signs of *septicaemia* were evident, and the *microscopia* examination of a smear from the spleen showed plague bacilli.

The rice store and one shop on either side of it were closed, and the contacts were segregated. The inmates of Juwanis' house were segregated at Gintota. No further cases of human or rat plague have occurred.

Mr. C. L. Wickramasinghe presented a petition from the residents of Kandewatta regarding a drain along Kandewatta road which causes a nuisance.

Mr. D. W. Subasinghe presented a petition from the stall holders of the green market, requesting that they may be allowed to leave their goods in the market at night.

The Chairman said the petitions would be inquired into.

2. Pursuant to notice, Mr. D. W. Subasinghe asked the following questions :—(1) What supervision, if any, is exercised by the Medical Officer of Health over eating-houses and tea kiosks in the town ? (2) Will the Chairman be pleased to direct him to occasionally visit these places and get them whitewashed and cleaned up whenever necessary, as they are said to be overcrowded and kept generally in an insanitary condition ? (3) What steps are being taken to give effect to the recommendations contained in the report of the Special Committee on the Infectious Diseases Hospital and the Segregation Camp ? (4) What provision, if any, has been made by the Council to house contacts who on the expiration of their period of segregation are not allowed to return to their homes in the proclaimed area. Especially the poorer people who have not the means to engage new houses ?

The Chairman replied as follows :—(1) No eating-house or tea boutique is licensed until the Medical Officer of Health reports that it complies with the by-laws published in *Government Gazette* of March 21, 1924. Licensed eating-houses and tea boutiques are periodically inspected by the Medical Officer of Health, and at more frequent intervals by the Inspectors. (2) The Medical Officer already does so.

Arising from the reply Mr. D. W. Subasinghe asked whether the Inspectors report the result of their inspections to the Council. The Chairman replied that the Inspectors report to the Medical Officer, who reports to the Chairman.

(3) The report of the Special Committee was submitted to Council on May 11, 1929. Council resolved that steps should be taken as early as possible to obtain estimates to carry out the recommendations made therein. The proposed lay-out of the additional buildings has been approved with some alterations by the Acting Provincial Surgeon, and the papers will be considered at the next meeting of the Standing Committee on Municipal Works. (4) All persons who have no places to go to have been offered accommodation at the Segregation Camp until the evacuated area is reoccupied.

3. Pursuant to notice, Mr. S. H. Dahanayake moved—This Council is of opinion that the staff of the Health Department should be strengthened by the immediate appointment of at least two public health nurses. Mr. D. W. Subasinghe seconded.

Dr. L. C. Wijesinghe was of opinion that a health survey is necessary before health nurses are appointed.

The Chairman said the motion may be passed and referred to the Standing Committee on Sanitation, who would report as to the feasibility of carrying out the opinion of Council. He suggested that the word "immediate" should be deleted.

The mover and seconder agreed to the word being deleted. The motion was put to the meeting and carried.

4. Pursuant to notice, Mr. D. W. Subasinghe moved—This Council regrets its inability to approve of the notice issued to the stall holders of the Green market calling upon them to remove their goods from their stalls every night and store them elsewhere on payment of an additional rent, as it is calculated to cause unnecessary inconvenience to the stall holders and compel them to raise the price of their goods to the loss of the taxpayers.

The Chairman said the question was coming up before the Standing Committee on Markets and Sanitation, and suggested that it might lie over until the next meeting.

The mover agreed to the postponement and withdrew the motion.

5. Pursuant to notice, Mr. C. L. Wickramasinghe moved—That the present time table in respect of the supply of water to the different parts of the town be modified so that the residents along Richmond Hill street may be enabled to get exclusive service for a short time every day.

The mover, with the permission of Council, added the following words at the end of the motion :—"and that this matter be referred to the Works Committee." Mr. S. H. Dahanayake seconded.—Carried.

6. Papers *re* Upper Dickson road.—Submitted.

7. Papers relating to the lease of the land Bandugodawatta at Ettiligoda.—Submitted.

8. Papers relating to the culvert across the Keppu-ela :—With reference to the resolution of Council of July 13, 1929 (items 5 (2) of the minutes) the Chairman stated that he had inspected the culvert with the Superintendent of Works. He had found the abutments cracked and unsightly, but quite safe ; and asked whether the resolution referred to should be forwarded. Council agreed that the resolution should be forwarded.

9. The Consulting Engineer's progress report for July on the duplication of the pipe line to Hiyare :—Submitted.

The following extracts from the Minutes of the Standing Committees were laid before the Council :—

10. *Extracts from the Minutes of the Standing Committee on Municipal Works of June 29, 1929.*

11. *Extracts from the Minutes of the Standing Committee on Municipal Works of July 27, 1929.*

(2) To consider the following estimates :—(a) Rs. 65 for making a new body for a scavenging hand cart.—Recommended. (b) Rs. 785 for laying water to six public latrines.—Recommended for consideration with the estimates for 1930. (c) Rs. 900 for metalling and tarring the bus stand.—Recommended that the estimate be reduced to Rs. 825, and the work carried out this year. Improvements in apparatus for removing rind from coconut kernels.

*Abstract.*—The machine comprises a concave bed with a curvature approximating to the average value for pieces of coconut kernels, a rotary pressure roller of similar curvature and with projections to engage the kernel, a cutter operating on the convex face of the kernel through an aperture in the bed and means for disengaging the pieces of kernel from the roller.

The claims are:—

1. A machine for removing rind from coconut kernels comprising a concave bed whereof the concavity conforms approximately to the average curvature of the pieces of coconut kernel, a rotary pressure roller the periphery of which is of similar curvature to said concavity and is provided with projections which engage the pieces of coconut kernel, said roller causing said pieces to conform to the shape of the bed as they pass thereover, a cutter operating on the convex face of said pieces through a gap in said bed, and means for disengaging said pieces from said roller after they have passed over said bed, substantially as herein described.

2. A machine for removing rind from coconut kernels as claimed in claim 1 wherein the surface of the bed and the corresponding surface of the roller are spherical or ovate, substantially as herein described.

3. A machine as claimed in claim 1 wherein the rotary pressure roller is resiliently mounted and the gap between it and the bed is adjustable, substantially as herein described.

4. A machine as claimed in claim 3 provided with means for raising the roller off the bed when desired, substantially as herein described.

5. A machine as claimed in claim 1 wherein the cutter is fixed on a transverse rotary shaft and the spindle of the pressure roller is driven therefrom through reduction gearing, substantially as herein described.

6. A machine as claimed in claim 5 wherein the pieces of coconut kernel are fed to the rotary pressure roller by a belt passing over a pulley driven from the cutter shaft through reduction gearing, substantially as herein described.

7. The machine for removing rind from coconut kernels constructed arranged and adapted to operate substantially as herein described with reference to the accompanying drawings.

Improvements in or relating to high frequency feeders and the like for use with radio aerial systems.

*Abstract.*—The feeder consists of a helical, zig-zag or similar wire arranged so that points of maximum opposite potentials in the travelling wave in the wire are separated spatially by only a fraction of a half wave length. The effective resistance of the aerial system at its point of connection to the feeding wire should be made equal to the surge impedance of this wire.

The claims are:—

1. A feeder for supplying high frequency energy from a source to an aerial or aerial system remote therefrom, said feeder comprising a helical, zig-zag or similar conductor in which consecutive points of maximum opposite potentials in the travelling wave in the conductor are separated spatially by substantially less than a half wave length, substantially as described.

2. A feeder as claimed in claim 1, and in which the conductor is zig-zag or otherwise formed in a series of straight portions each not more than one-tenth of a wave length long.

3. Feeder arrangements substantially as herein described and illustrated in the accompanying drawings.

Dunlop Rubber Co., Ltd.

Improvements in or relating to the manufacture of rubber articles.

*Abstract.*—The gelling of the rubber is produced by heating of latex in which are incorporated small amounts of non-coagulating substances which decompose or interact by a rise of temperature with the formation of acid coagulants. For example ammonium persulphate and trioxymethylene can be used.

The claims are :—

1. A process for the manufacture of rubber articles from concentrated aqueous dispersions of rubber or the like vegetable resins of the kinds hereinbefore specified which consists in gelling by the action of heat the aqueous dispersions aforesaid into which are incorporated for the particular purpose specified one or more non-coagulating substances which decompose or interact by the rise in temperature with the formation of one or more acid coagulants.
2. A process as claimed in claim 1, wherein are incorporated with the aqueous dispersion aforesaid ammonium persulphate and trioxymethylene.
3. A process as claimed in claim 2, wherein are incorporated into concentrated compounded latex having a water content of 10 per cent. to 40 per cent. ammonium persulphate and trioxymethylene in the order of 0.1 per cent. of each ingredient and effecting the gelling of the mixture by heating to 90°C. for a few minutes.
4. A process as claimed in claim 1, wherein is incorporated with the aqueous dispersion aforesaid ammonium persulphate alone.
5. A process as claimed in claim 1, wherein is incorporated with the aqueous dispersion aforesaid ammonium persulphate with other substances such as formaldehyde, acetaldehyde, paraformaldehyde, paraldehyde and of any other such organic substances of substantially neutral reaction capable of oxidation to an acidic substance or substances.
6. A process as claimed in claim 1, wherein is incorporated with the aqueous dispersions aforesaid ammonium persulphate and ammonium thiosulphate or other ammonium salts of other sulphur acids capable of yielding oxidation products of greater acidity, e.g., dithionates.
