31. No person shall exercise any rights of a Shareholder until his name shall have been entered in the Register of Shareholders, and he shall have paid all calls and other moneys for the time being payable on every share in the Company held by him.

SHARES (SURRENDER AND FORFEITURE).

32. The Directors may accept, in the name and for the benefit of the Company, and upon such terms and conditions as may be agreed, a surrender of shares of Shareholders who may be desirous of retiring from the Company. 33. If any Shareholder fails to pay any call or instalment on or before the day appointed for the payment of the

same, the Directors may at any time thereafter, during such time as the call or instalment remains unpaid, serve a notice on such Shareholder requiring him to pay the same, together with any interest that may have accrued, and all expenses that may have been incurred by the Company by reason of such non-payment.

The notice shall name a day (not being less than one month from the date of the notice), and a place or places 34. at which such call or instalment and such interest and expenses as aforesaid are to be paid. The notice shall also state that, in the event of non-payment at or before the time and at the place appointed, the shares in respect of which the call was made or instalment is payable will be liable to be forfeited.

35. If the requisition of such notice as aforesaid be not complied with, every or any share or shares in respect of which such notice has been given may, at any time thereafter, before payment of calls or instalments, interest, and expenses due in respect thereof, be declared forfeited by a resolution of the Board to that effect.

36. Any Shareholder whose shares have been so declared forfeited shall, notwithstanding, be liable to pay, and shall forthwith pay to the Company all calls, instalments, interest, and expenses owing upon or in respect of such shares at the time of the forfeiture, together with interest thereon from the time of forfeiture until payment, at nine per cent. per annum, and the Directors may enforce the payment thereof if they think fit.

37. Every share surrendered or so declared forfeited shall be deemed to be the property of the Copmany, and

may be sold, re-allotted, or otherwise disposed of upon such terms and in such manner as the Board shall think fit. 38. The surrender or forfeiture of a share shall involve the extinction of all interest in, and also of all claims and demands against, the Company in respect of the shares and the proceeds thereof, and all other rights incident to the share, except only such of those rights (if any) as by these presents are expressly saved.

39. A certificate in writing under the hands of two of the Directors and of the Secretary, that a share has been duly surrendered or forfeited, stating the time when it was surrendered or forfeited, shall be conclusive evidence of the facts therein stated as against all persons who would have been entitled to the share, but for such surrender or forfeiture, and such certificate and the receipt of the Company for the price of such share shall constitute a good title to such share, and a certificate of proprietorship shall be delivered to any person who may purchase the same from the Company, and thereupon such purchaser shall be deemed the holder of such share, discharged from all calls due prior to such purchase; and he shall not be bound to see to the application of the purchase money, nor shall his title to such share be affected by any irregularity in the proceedings in reference to such forfeiture or sale.

40. The Directors may in their discretion remit or annul the forfeiture of any share within six months from the date thereof, upon the payment of all moneys due to the Company from the late holder or holders of such share or shares, and all expenses incurred in relation to such forfeiture, together with such further sum of money by way of redemption money for the deficit, as they shall think fit, not being less than nine per cent. of the amount of the sums wherein default in payment had been made, but no share *bona fide* sold or re-allotted, or otherwise disposed of under Article 37 hereof, shall be redeemable after sale or disposal.

41. The Company shall have a first charge or paramount lien upon all the shares of any holder for all moneys for the time being due to the Company by such holder, either in respect of such shares or of other shares held by such holder or otherwise, and whether due from any such holder individually including all calls, resolutions for which shall have been passed by the Directors, although the times appointed for the payment thereof shall not have arrived. And the Directors may decline to register any transfer of shares subject to such charge or lien.

42. Such charge or lien may be made available by a sale of all or any of the shares subject to it, provided that no such sale shall be made except under a resolution of the Directors, and until notice in writing shall have been given to the indebted Shareholder or his executors, or administrators, or the assignee or trustee in his bankruptcy, requiring him or them to pay the amount for the time being due to the Company, and default shall have been made for thirty days from such notice in paying the sum thereby required to be paid. Should the Shareholder over whose share the lien exists be abroad, sixty days' notice shall be allowed to him.

43. The nett proceeds of any such sale shall be applied in or towards satisfaction of such debts, liabilities, or engagements, and the residue (if any) paid to such Shareholder or his representatives.

44. A certificate in writing under the hands of two of the Directors and of the Secretary, that the power of sale given by Clause 42 has arisen, and is exercisable by the Company under these presents, shall be conclusive evidence of the facts therein stated.

45. Upon any such sale two of the Directors may execute a transfer of such share to the purchaser thereof, and such transfer, with the certificate last aforesaid, shall confer on the purchaser a complete title to such shares.

CALLS.

46. The Directors may from time to time make such calls as they think fit upon the holders of registered shares in respect of money unpaid thereon, and by the conditions of allotment made payable at fixed times, and each Shareholder shall pay the amount of every call so made on him to the persons and at the times and places appointed by the Directors, provided that two months' notice at least shall be given to the Shareholders of the time and place appointed for the payment of each call. If any Shareholder fail to pay any call due from him on the day appointed for payment thereof, he shall be liable to pay interest for the same at the rate of nine per cent. per annum from the day appointed for the payment thereof to the time of actual payment. Any such call may be made payable either in one sum or two or more instalments.

47. A call shall be deemed to have been made at the time when the resolution authorizing the call was passed at a Board Meeting of the Directors.

48. The Directors shall have power in their absolute discretion to give time to any one or more Shareholder or Shareholders, exclusive of the others, for payment of any call or part thereof on such terms as the Directors may determine. But no Shareholder shall be entitled to any such extension, except as a matter of grace or favour.

49. The Directors may at their discretion receive from any Shareholder willing to advance the same, and upon such terms as they think fit, all or any part of the amount of his shares beyond the sum actually called up, and, upon the moneys so paid in advance, or upon so much thereof from time to time and at any time thereafter, as exceeds the amount of the calls then made upon, and due in respect of, the shares on account of which such advances are made, the Board may pay or allow interest at such rate as the Shareholder and the Directors may agree upon, not exceeding, however, 6 per cent. per annum.

BORROWING POWERS.

50. The Directors may from time to time at their discretion borrow or raise from the Directors or other persons any sum or sums of money for the purposes of the Company, provided that the moneys so borrowed or raised and owing at any one time shall not, without the sanction of a General Meeting, exceed Rupees One hundred thousand (Rs. 100,000) at a rate of interest not exceeding 7 per cent; only with the sanction of a General Meeting the Board shall be entitled to borrow such further sum or sums and at such rate of interest as such meeting shall determine. A certificate under the hands of one Director and the Secretary or two Directors, to the effect that in taking any loan the Directors are not exceeding their borrowing powers, shall be sufficient and binding on the Company and all concerned. 51. For the purposes of securing the repayment of any such money so borrowed or raised, or for any other purpose,

51. For the purposes of securing the repayment of any such money so borrowed or raised, or for any other purpose, the Directors may create and issue any mortgage, debentures, debenture stocks, bonds, or obligations of the Company, charged upon all or any part of the undertaking, revenue, property, and rights of the Company, both present and future, including uncalled capital or unpaid calls, or by giving, accepting, or endorsing on behalf of the Company any promissory notes or bills of exchange. Any such securities may be issued, either at par or at a premium or discount, and may from time to time be varied or exchanged as the Directors may think fit, and may contain any special privileges as to redemption, surrender, drawings, or otherwise.
