LAND DEVELOPMENT NOTICES.

No. 10, Ratnapura District—Warigama Village.

NOTICE is hereby given that an extent of Crown land of about 79 acres shown in the annexed sketch is available for development in economic products. The land is believed to be suitable for rubber and tea. It is situated 16 miles away from Ratnapura. Government is prepared to consider applications for land within this area upon the ordinary 99 years' agricultural lease (Form G. A. C. 27A). A scheme of survey into blocks of suitable sizes will be decided on after applications have been received. Applicants should state the number of acres they desire to take on lease. A deposit at the rate of Rs. 3 per acre of the area so applied for should accompany each application. This deposit will be refunded if a lease is not offered to an applicant or will be taken as part of the premium if he purchases a lease.

Access to the lots is by footpath from Denawaka Udakada (70th milepost along Ratnapura-Balangoda road). The lots adjoin the village of Kuttapitiya.

It is proposed to restrict competition in the first instance to persons who have applied and deposited fees under this notice. Government does not, however, bind itself to accept any application and reserves the right at the sale of the lease to restrict bidding for lots of under a certain size to certain classes of persons and to decide the number of blocks or the extent of land that may be taken up by any one applicant.

Applications for land under this notice should be addressed to the Government Agent, Sabaragamuwa, and will be received up to the end of March, 1930.

Further information regarding this land may be obtained on application at the Ratnapura Kachcheri, where a plan of the land may be inspected.

Plans of the land on the 16-chain scale may be purchased from the Surveyor-General for Re. 1 each.

Controller of Revenue's Office,
Colombo, February 4, 1930.

No. 11, Ratnapura District—Denawaka Udakada Village.

NOTICE is hereby given that an extent of Crown land of about 179 acres shown in the annexed sketch is available for development in economic products. The land is believed to be suitable for rubber and tea. It is situated 16 miles away from Ratnapura. Government is prepared to consider applications for land within this area upon the ordinary 99 years' agricultural lease (Form G. A. C. 27A). A scheme of survey into blocks of suitable sizes will be decided on after applications have been received. Applicants should state the number of acres they desire to take on lease. A deposit at the rate of Rs. 3 per acre of the area so applied for should accompany each application. This deposit will be refunded if a lease is not offered to an applicant or will be taken as part of the premium if he purchases a lease.

Access to the lots is by the Ratnapura-Balangoda road up to the 71st mile and thence by footpath for a distance of nearly $1\frac{1}{2}$ miles.

It is proposed to restrict competition in the first instance to persons who have applied and deposited fees under this notice. Government does not, however, bind itself to accept any application and reserves the right at the sale of the leases to restrict bidding for lots of under a certain size to certain classes of persons and to decide the number of blocks or the extent of land that may be taken up by any one applicant.

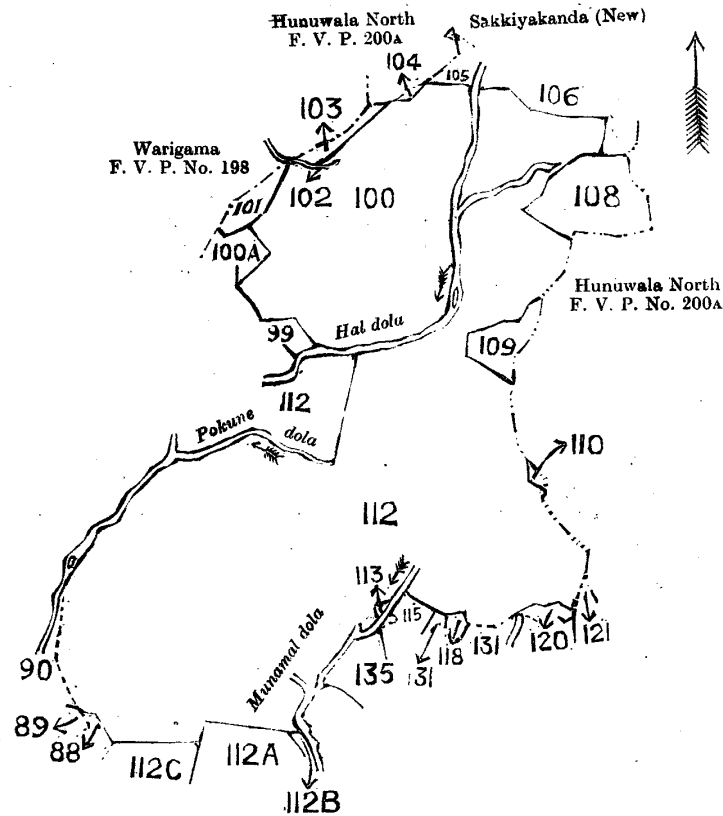

Applications for land under this notice should be addressed to the Government Agent, Sabaragamuwa, and will be received up to the end of March, 1930.

Further information regarding this land may be obtained on application at the Ratnapura Kacheheri, where a plan of the land may be inspected.

Plans of the land on the 16-chain scale may be purchased from the Surveyor-General for Re. 1 each.
