Order of His Excellency the Governor in Council, under "The Public Revenue Protection Ordinance, No. 33 of 1921."

WHEREAS by section 2 of "The Public Revenue Protection Ordinance, No. 33 of 1921," it is provided as follows:—

"If the Governor in Executive Council shall, during any session of the Legislative Council, approve of the introduction into the Legislative Council of a bill or resolution whereby, if such bill or resolution be passed into law or carried, an import or export duty shall be imposed on any article or articles previously exempt from import or export duty, or whereby the import or export duty or duties previously payable on any goods, wares, or merchandise shall be altered, it shall be lawful for the Governor in Executive Council to issue an order to the Principal Collector of Customs to demand and to levy on such goods, wares, or merchandise the respective duties set forth in such bill or resolution as the duties to be levied on such goods, wares, or merchandise, respectively, in lieu of the duties payable thereon respectively under the existing law."

And whereas the Governor in Executive Council has, during the present session of the Legislative Council, approved of the introduction into the Legislative Council of a resolution whereby the import duty previously payable on dangerous petroleum as defined in section 3 of Ordinance No. 6 of 1887, including any inflammable hydrocarbon (including any mixture of hydrocarbon and any liquid containing hydrocarbon) which is capable of being used for providing reasonably efficient motive power for a motor car shall be increased from 30 cents per gallon to 50 cents per gallon.

Now, therefore, I, Sir Herbert James Stanley, Governor, do hereby, by and with the advice of the Executive Council, order that, as from and including January 13, 1930, the Principal Collector of Customs shall demand and levy on all such dangerous petroleum imported into this Island a duty of 50 cents per gallon in lieu of the duty of 30 cents per gallon at present payable thereon.
