A sum of fifty cents shall be payable for such new certificate.

23. The certificate of shares registered in the names of two or more persons not a firm shall be delivered to the person first-named in the register.

TRANSFER OF SHARES.

24. Shares in the Company may be transferred by transfer in the usual common form. The instrument of transfer shall be signed by both the transferor and the transferee, and shall contain the name, address, and occupation of the transferee, and the transferor shall be deemed to remain the holder of the shares until the name of the transferee is entered in the register in respect thereof.

25. Every instrument of transfer shall be left at the office or such other place as the Board may prescribe, with the certificate of every share to be thereby transferred, and such other evidence as the Board may reasonably require to prove the title of the transferor or his right to transfer the shares, and the instrument of transfer and certificate shall remain in the custody of the Board, but shall be at all reasonable times produced at the request and expense of the transferor or transferee and their respective representatives or any of them. A new certificate shall be delivered to the transferee after the transfer is completed and registered on his application for the same, and when necessary a balance certificate shall be delivered to the transferor. A fee not exceeding One Rupee may be charged for each transfer.

26. The person proposing to transfer any share (hereinafter called "the proposing transferor") shall give notice in writing (hereinafter called "the transfer notice") to the Company that he desires to transfer the same. Such notice shall specify the sum he fixes as the fair value and shall constitute the Company his agent for the sale of the share at the price so fixed, or, at the option of the purchaser, at the fair value to be fixed by the Auditors in accordance with these articles. The transfer notice may include several shares, and in such case shall operate as if it were a separate notice in respect of each. The transfer notice shall not be revocable except with the sanction of the Directors.

27. The Company in General Meeting may make and from time to time vary rules as to the mode in which any share specified in any transfer notice given to the Company as aforesaid shall be offered to the members, and as to their rights in regard to the purchase thereof, and in particular may give any member or class of members a preferential right to purchase the same. Until otherwise determined by extraordinary resolution of the Company the share specified in the transfer notice given to the Company as aforesaid shall be offered by the Company in the first place to the Directors of the Company for the time being and such offer shall be made to them collectively and individually, but so that in the case of competition they shall rank for acceptance *pari passu* in proportion to the shares held by them respectively, and so that if any shares cannot be so apportioned such shares shall be offered to them in order determined by lot, and each of the said Directors shall cause lots to be drawn accordingly. Any shares not taken up by the Directors within 90 days shall be offered by the Company to any person selected by the Directors whom they may deem it desirable in the interest of the Company to admit to membership. Subject as aforesaid the shares shall be offered by the Company to the members other than the proposing transferor, as nearly as may be in proportion to the existing shares held by them respectively. The offer whether to a person selected as aforesaid or to a member shall in each case, limit the time (not exceeding 90 days) within which the same, if not accepted, will be deemed to be declined, and may notify to the members that any member who desires an allotment of shares in excess of his proportion, should in his reply state how many excess shares he desires to have, and if all members do not claim their proportions the unclaimed shares shall be used for satisfying the claims in excess. If any shares shall not be capable, without fractions of being offered to the members in proportion to their existing holdings, the same shall be offered to the members or some of them, in such proportions or in such manner as may be determined by lots to be drawn under the direction of the Directors.

28. If the Company shall within the time limited as aforesaid or within 180 days after being served with the transfer notice find a member or person selected as aforesaid willing to purchase the share (hereinafter called "the purchasing member") and shall give notice thereof to the proposing transferor, he shall be bound upon payment of the fair value to transfer the share to the purchasing member.

29. In case any difference arises between the proposing transferor and the purchasing member as to the fair value of a share, the Auditors shall, on the application of either party, certify in writing the sum which, in their opinion, is the fair value, and such sum shall be deemed to be the fair value, and in so certifying the Auditors shall be considered as acting as experts and not as arbitrators.

30. If in any case the proposing transferor, after having become bound as aforesaid makes default in transferring the share, the Company may receive the purchase money, and shall thereupon cause the name of the purchasing member to be entered in the register as the holder of the share, and shall hold the purchase money in trust for the proposing transferor. The receipt of the Company for the purchase money shall be a good discharge to the purchasing member, and after his name has been entered in the register in purported exercise of the aforesaid power, the validity of the proceedings shall not be questioned by any person.

31. If the Company shall not, within the time limited as aforesaid or within 180 days after being served with the transfer notice, find a member willing to purchase the shares, and give notice in manner aforesaid, the proposing transferor shall at any time within 90 days afterwards be at liberty to sell and transfer the shares (or those not placed) to any person and at any price.

32. The Directors may refuse to register any transfer of shares (a) where the Company has a lien on the shares, or (b) where the Directors are not of an opinion that it is desirable to admit the proposed transferee to membership. But paragraph (b) of this article shall not apply where the proposed transferee is already a member.

33. The holders for the time being of nine-tenths of the issued capital may at any time serve the Company with a requisition to enforce the transfer of any particular shares not held by the requisitionists. The Company shall forthwith give to the holder of such shares notice in writing of the requisition (with a copy of this article subjoined), and unless within 14 days afterwards the holder shall give to the Company a transfer notice in respect of his shares in accordance with Article 26 hereof he shall be deemed at the expiration of that period to have actually given such notice, and to have specified therein the amount of capital paid upon the shares as the sum he fixes as the fair value for the purposes of this article, any person entitled under Article 37 or otherwise to transfer shall be deemed the holder of such share.

34. The Company shall provide a register of transfers, which shall be kept by the Secretary or Secretaries under the control of the Board, and in which shall be entered the particulars of every transfer or transmission of every share.

35. No transfers shall be made to a minor or person of unsound mind.

36. The register may be closed during such time as the Board think fit not exceeding the whole 21 days in any one year.

TRANSMISSION OF SHARES.

37. On the death of any member (not being one of several joint-holders of a share) the executors or administrators of such deceased member shall be the only persons recognized by the Company as having any title to such share.

38. Any person becoming entitled to shares in consequence of the death, bankruptcy, or insolvency of any member, upon producing such evidence that he sustains the character in respect of which he proposes to act under this clause, or of his title, as the Directors think sufficient, may, with the consent of the Directors (which they shall not be under any obligation to give), be registered as a member in respect of such shares, or may, subject to the regulations as to transfer hereinbefore contained, transfer such shares.

39. A person becoming entitled to a share by reason of the death, bankruptcy, or insolvency of the holder shall be entitled to the same dividends and other advantages to which he would be entitled if he were the registered holder of the share except that he shall not, before being registered a member in respect of the share, be entitled in respect of it to exercise any right conferred by membership in relation to meetings of the Company.

SURRENDER AND FORFEITURE OF SHARES.

40. The Directors may accept, in the name and for the benefit of the Company, and upon such terms and conditions as may be agreed upon, a surrender of the shares of Shareholders who may be desirous of retiring from the Company—

- (a) If the Shareholder fails to pay any call or instalment on or before the day appointed for the payment of the same, the Directors may at any time thereafter, during such time as the call or instalment remains unpaid, serve a notice on such Shareholder or his executors or administrators, or the trustee or assignee in his bankruptcy, requiring him to pay the same, together with any interest that may have accrued, at the rate of 9 per cent. per annum, and all expenses that may have been incurred by the Company, by reason of such non-payment.
- (b) The notice shall name a day (not being less than one month from the date of the notice) on, and a place or places at which such call or instalment and such interest and expenses aforesaid are to be paid, the notice shall also state that, in the event of non-payment at or before the time and at the place appointed the shares in respect of which the call was made or instalment is payable will be liable to be forfeited.
- (c) If the requisition of such notice as aforesaid be not complied with, every or any share or shares in respect of which such notice has been given may, at any time thereafter, before payment of calls or instalments with interest and expenses due in respect thereof, be declared forfeited by a resolution of the Board to that effect.
- (d) Any Shareholder whose shares have been declared forfeited under any of the provisions hereinbefore contained shall, notwithstanding, be liable to pay, and shall forthwith pay to the Company, all calls, instalments, interests, and expenses owing upon or in respect of shares at the time of the forfeiture, together with interest thereon from the time of forfeiture until payment at 9 per cent. per annum and the Directors may enforce the payment thereof if they think fit.

41. Every share surrendered or declared forfeited under any of the provisions hereinbefore contained shall be deemed to be the property of the Company, and may be sold, reallocated, or otherwise disposed of upon such terms and in such manner as the Board shall think fit.

42. The surrender and forfeiture of a share shall involve the extinction of all interest in, and also of all claims and demands against, the Company in respect of the share and the proceeds thereof, and all other rights incident to the share, except only such of those rights (if any) as by these presents are expressly saved.

43. A certificate in writing under the hands of two of the Directors and of the Secretary or Secretaries that a share has been duly surrendered or forfeited, stating the time when it was surrendered or forfeited, shall be conclusive evidence of the facts herein stated as against all persons who would have been entitled to the share but for such surrender or forfeiture, such certificate and the receipt of the Company for the price of such share shall constitute a good title to such share, and a certificate of proprietorship shall be delivered to any person who may purchase the same from the Company, such purchaser thereupon shall be deemed the holder of such share, discharged from all calls due prior to such purchase; and he shall not be bound to see to the application of the purchase money, nor shall his title to such share be affected by any irregularity in the proceedings in reference to such forfeiture or sale.

44. The Directors may in their discretion remit or annul the forfeiture of any share within six months from the date thereof upon the payment of moneys due to the Company from late holder or holders of such share or shares, and all expenses incurred in relation to such forfeiture, together with such further some of money, by way of redemption money

for the deficit as they shall think fit, not being less than 9 per cent. per annum on the amount of sums wherein default in payment had been made, but no share *bona fide* sold, reallocated, or otherwise disposed of under Article 41 thereof, shall be redeemable after sale or disposal.

45. The Company shall have a first charge or paramount lien upon all the shares of any holder or joint-holder for all moneys for the time being due to the Company by such holder, or by all or any of such joint-holders respectively, either in respect of such shares or of other shares held by such holder or joint-holder or otherwise, and whether due from any such holder individually or jointly with others including all calls, resolutions for which shall have been passed by the Directors, although the time appointed for the payment thereof shall not have arrived, and where any share is held by more persons than one, the Company shall be entitled to the said charge or lien in respect of any money due to the Company from any of such persons. The Directors may decline to register any transfer of shares subject to such charge or lien.

46. Such charge or lien may be made available by a sale of all or any of the shares subject to it, provided that no such sale shall be made except under a resolution of the Directors, and until notice in writing shall have been given to the indebted Shareholder or his executors or administrators, or the assignee or trustee in his bankruptcy, requiring him or them to pay the amount for the time being due to the Company, and default shall have been made for twenty-eight days from such notice in paying the sum thereby required to be paid. Should the Shareholder over whose share the lien exists be in England or elsewhere abroad, sixty days' notice shall be allowed to him.

47. The nett proceeds of any such sale as aforesaid under the provisions of Articles 41 and 46 hereof shall be applied in or towards the satisfaction of such debts, liabilities, or engagements, and the residue (if any) shall be paid to such Shareholder or his representatives.

A certificate in writing under the hands of two of the Directors and of the Secretary or Secretaries that the power of sale given by clause 46 has arisen, and is exercisable by the Company under these presents, shall be conclusive evidence of facts therein stated.

48. Upon any sale after forfeiture or for enforcing a lien in purported exercise of the powers herein given, the Board may cause the purchaser's name to be entered in the register in respect of the shares sold, and the purchaser shall not be bound to see to the regularity of the proceedings, or to the application of the purchase money, and after his name has been entered in the register in respect of such shares, the validity of the sale shall not be impeached by any person, and the remedy of any person aggrieved by the sale shall in damages only and against the Company exclusively.

PREFERENCE SHARES.

49. Any shares from time to time to be issued or created may from time to time be issued with any such right of preference, whether in respect of dividend or of payment of capital or both, or any such other special privilege or advantage over any shares previously issued, or then about to be issued (other than shares issued with a preference), or with such deferred rights as compared with any shares previously issued or then about to be issued, or subject to any such conditions or provisions, and with any such right or without any right of voting, and generally on such terms as the Company may, from time to time by special resolution, determine.

50. If at any time by the issue of preference shares or otherwise the capital is divided into shares of different classes—

- (1) The holders of any class of shares by an extraordinary resolution passed at a meeting of such holders may consent, on behalf of all the holders of shares of the class, to the issue or creation of any shares ranking equally therewith, or having any priority thereto, or to the abandonment of any preference or priority or any accrued dividend, or the reduction for any time or permanently of the dividends payable thereon, or to any scheme for the reduction of the Company's capital affecting the class of shares.
- (2) All or any of the rights, privileges, and conditions attached to each class may be commuted, abrogated, abandoned, added to, or otherwise modified by a special resolution of the Company in General Meeting, provided the holders of any class of shares, affected by any such commutation, abrogation, abandonment, addition, or other modifications of such rights, privileges, and conditions, consent thereto, on behalf of all the holders of shares of the class, by an extraordinary resolution passed at a meeting of such holders.

51. Any extraordinary resolution passed under the provisions of this article shall be binding upon all the holders of shares of the class, provided that this article shall not be read as implying the necessity for such consent as aforesaid in any case in which but for this article the object of the resolutions could have been affected without it.

52. Any meeting for the purpose of the last preceding clause shall be convened and conducted in all respects as nearly as possible in the same way as an Extraordinary General Meeting of the Company, provided that no Shareholder, not being a Director, shall be entitled to notice thereof or to attend thereat, unless he be a holder of shares of the class intended to be affected by the resolution, and that no vote shall be given except in respect of a share, of that class, and that at any such meeting a poll may be demanded in writing by any Shareholder personally present and entitled to vote at a meeting.

CALLS.

53. (a) The Directors may from time to time make such calls as they think fit upon the registered holders of shares, in respect of moneys unpaid thereon, and not by the conditions of allotment made payable at fixed times, and each Shareholder shall pay the amount of every call so made on him to the persons and at the times and places appointed by the Directors, provided that two months' notice at least shall be given to the Shareholders of the time and place appointed for payment of such call.

(b) A call shall be deemed to have been made at the time when the resolution authorizing the call was passed at a Board Meeting of Directors or by resolution in writing in terms of Article 119.

(c) The Directors shall have power in their absolute discretion to give time to any one or more Shareholder or Shareholders, exclusive of the others, for payment of any call or part thereof on such terms as the Directors may determine. But no Shareholder shall be entitled to any such extension except as a matter of grace or favour.

54. Any sum or premium which by the terms of allotment of a share is made payable upon allotment or at any fixed date, and any instalment of a call or premium shall, for all purpose of these presents, be deemed to be a call duly made and payable on the date fixed for payment, and in case of non-payment the provisions of these presents as to payment of interest and expenses, forfeiture, and the like, and all other relevant provisions of these presents shall apply as if such sum, premium, or instalment were a call duly made and notified as hereto provided.

55. If the sum payable in respect of any call or instalment is not paid on or before the day appointed for the payment thereof, the holder for the time being of the share in respect of which the call shall have been made, or the instalment shall have been due, shall pay interest for the same at the rate of 9 per cent. per annum from the day appointed for the payment thereof to the time of actual payment but the Directors may, when they think fit, remit altogether or in part any sum becoming payable for interest under this clause.

56. The Directors may at their discretion receive from any Shareholder willing to advance the same, and upon such terms as they think fit, all or any part of the amount of his shares beyond the sum actually called up.

MEETINGS.

57. The First General Meeting of the Company shall be held at such time, not being more than twelve months after the registration of the Company, and at such place as the Directors may determine.

58. Subsequent General Meetings shall be held once in every year at such time and place as may be prescribed by the Company in General Meeting and if no time or place is prescribed, at such time and place, as may be determined by the Directors.

59. The General Meetings mentioned in the two last preceding clauses shall be called Ordinary General Meetings, all other meetings of the Company shall be called Extraordinary General Meetings.

60. Any General Meeting convened by the Board, unless the time thereof shall have been fixed by General Meeting, or unless such General Meeting be convened in pursuance of such requisition as is hereinafter mentioned, may be postponed by the Board by notice in writing, and the meeting shall, subject to any further postponement or adjournment, be held at the postponed date for the purpose of transacting the business convened by the original notice.

61. The Directors may, whenever they think fit call an Extraordinary General Meeting, and the Directors shall do so upon a requisition made in writing by not less than one-seventh of the number of Shareholders holding not less than one-seventh of the issued capital and entitled to vote.

62. Any requisition so made shall express the object of the meeting proposed to be called, shall be addressed to the Directors and shall be sent to the registered office of the Company, and may consist of several documents in like form, each signed by one or more of the requisitionists. Upon the receipt of such requisition the Directors shall forthwith proceed to convene an Extraordinary General Meeting, to be held at such time and place as they shall determine. If they do not proceed to convene the same within twenty-one days from the delivery of the requisition, the requisitionists may themselves convene an Extraordinary General Meeting to be held at such place and at such time as the Shareholders convening the Meeting may themselves fix.

63. If at any such meeting a resolution requiring confirmation at another meeting is passed, the Board shall forthwith convene a further Extraordinary General Meeting for the purpose of considering the resolution, and if thought fit of confirming it as a special resolution, and if the Board do not convene the meeting within seven days from the date of passing of the first resolution, the requisitionists or a majority of them in value may themselves convene the meeting.

64. Any meeting convened by requisitionists as aforesaid shall be convened in the same manner, as nearly as possible, as that in which meetings are convened by the Board.

65. Any holder of an ordinary share may, on giving not less than ten days' previous notice of any resolution, submit the same to a meeting. Such notice shall be given by leaving a copy of the resolution at the registered office of the Company.

66. Seven days' notice specifying the time and place of a meeting, and specifying also in the case of any special business, the general nature of the business to be transacted thereat, shall be given by the Secretary, or other officer of the Company or any other person appointed by the Board to do so, to such members as are entitled to receive notices from the Company, provided that with the consent in writing of all the holders of ordinary shares a meeting may be convened by a shorter notice and in any manner they think fit. Where it is proposed to pass a special resolution the two meetings may be convened by one and the same notice, and it is to be no objection to such notice that it only convenes the second meeting contingently on the resolution being passed by the requisite majority at the first meeting.

67. The accidental omission to give notice of any meeting to, or the non-receipt of such notice by, any member shall not invalidate any resolution passed or proceeding had at any such meeting.

68. Every Ordinary General Meeting shall be competent, without special notice having been given of the purposes for which it is convened, or of the business to be transacted thereat to receive and discuss any report and any accounts presented thereto by the Directors and to pass resolutions in approval or disapproval thereof, and to declare dividends, and to elect Directors and Auditors retiring in rotation, and to fix the remuneration of the Auditors, and shall also be competent to enter upon, discuss, and transact any business whatever, of which special mention shall have been made in the notice or notices upon which the meeting was convened.

69. With the exceptions mentioned in the foregoing articles as to the business which may be transacted at Ordinary General Meetings without notice, no General Meeting, Ordinary or Extraordinary, shall be competent to enter upon, discuss, or transact any business which has not been especially mentioned in the notice or notices upon which it was convened.

70. No business shall be transacted at any General Meeting except the declaration of a dividend recommended by a report of the Directors of the election of a Chairman, unless there shall be present in person at the commencement of the business two or more persons being Shareholders entitled to vote or persons holding proxies or powers of attorney from Shareholders entitled to vote.

71. If at the expiration of half an hour from the time appointed for the meeting the required number of persons shall not be present at the meeting, the meeting, if convened by or upon the requisition of Shareholders, shall be dissolved, but in any other case it shall stand adjourned to the same day in the next week at the same time and place, and if at such adjourned meeting a quorum is not present, those Shareholders who are present, shall be a quorum, and may transact the business for which the meeting was called.

72. The Chairman (if any) of the Directors shall be entitled to take the chair at every General Meeting, whether Ordinary or Extraordinary, but if there be no Chairman, or if at any meeting he shall not be present within 15 minutes after the time appointed for holding such meeting, or if he shall refuse to take the chair, or shall retire from the chair, the Shareholders shall choose another Director as Chairman, and if no Directors be present, or if all the Directors present decline to take the chair then the Shareholders present shall choose one of their number to be Chairman.

73. No business shall be discussed at any General Meeting except the election of a Chairman whilst the chair is vacant.

74. The Chairman, with the consent of the meeting, may adjourn any meeting from time to time and from place to place, but no business shall be transacted at any adjourned meeting other than the business left unfinished at the meeting from which the adjournment took place, unless due notice shall be given.

75. Minutes of the proceedings of every General Meeting, whether Ordinary or Extraordinary, shall be entered in a book to be kept for that purpose, and shall when so entered be signed as soon as practicable by the Chairman of the same meeting, or by the Chairman of the succeeding meeting, and the same when so entered and signed shall be evidence of all such proceedings and of the proper election of the Chairman.

VOTING AT MEETINGS.

76. At any meeting every resolution shall be decided by the votes of the Shareholders present. In case there shall be an equality of votes, the Chairman at such meeting shall be entitled to give a casting vote in addition to the votes which he may be entitled as a Shareholder and proxy and attorney, and unless a poll be immediately demanded in writing by some Shareholders present at the meeting and entitled to vote, a declaration by the Chairman that a resolution had been carried, and an entry to that effect in the minute book of the Company, shall be sufficient evidence of the fact without proof of the number of votes recorded in favour of or against such resolution.

77. If a poll be duly demanded the same shall be taken in such manner and at such time and place as the Chairman shall direct, and the result of the poll shall be deemed to be the resolution of the meeting at which the poll was demanded. The demand of a poll shall not prevent the continuance of a meeting for the transaction of any business other than the question on which a poll has been demanded.

78. If at any meeting a poll be demanded by notice in writing signed by some Shareholder present at the meeting and entitled to vote, which notice shall be delivered during the meeting to the Chairman, the meeting shall if necessary be adjourned, and the poll shall be taken at such time and in such manner the Chairman shall direct, and in such case every Shareholder shall have the number of votes to which he may be entitled as hereinafter provided and in case at any such poll there shall be an equality of votes, the Chairman of the meeting at which such poll shall have been demanded shall be entitled to a casting vote in addition to any votes to which he may be entitled as a Shareholder and proxy and attorney, and the result of such poll be deemed to be the resolution of the Company in such meeting.

79. No poll shall be demanded on the election of a Chairman of the meeting or on any question of adjournment.

80. On a show of hands every holder of an ordinary share or ordinary shares present in person shall have one vote only. In case of a poll every holder of an Ordinary share or ordinary shares present in person or by proxy or attorney shall have one vote for every ordinary share held by him. Preference Shareholders shall not be entitled to be present at or to vote at any meeting of the Company. When voting on a resolution involving the winding-up of the Company every Shareholder shall have one vote for every share held by him, but no such resolution shall be deemed to be carried unless passed by three-fourths in number and value of such Shareholders of the Company for the time being entitled to vote as may be present in person or by proxy or by attorney at any meeting, of which notice specifying the intention to propose such resolution has been duly given.

81. The parent or curator of a minor Shareholder, the committee or other legal guardian of any lunatic Shareholder, the husband of any female Shareholder not entitled to her share as separate estate, and the executor or administrator of any deceased Shareholder, or any one of such persons, as aforesaid, if more than one, shall not be entitled to vote in the place of such minor, lunatic, female, or deceased person, unless such person shall have been registered as a Shareholder.

82. Votes may be given either personally or by proxy or by attorney duly authorized.

83. No person shall be appointed a proxy who is not a holder of an ordinary share of the Company, but the attorney of a holder of an ordinary share, even though not himself a Shareholder of the Company, may represent and vote for his principal at any meeting of the Company.

84. No Shareholder shall be entitled to vote or speak at any General Meeting unless all calls due from him on his shares or any of them, shall have been paid, and no Shareholder other than the trustee or assignee of a bankrupt or representative of a deceased Shareholder or person acquiring by marriage, shall be entitled to vote or speak at any meeting held after the expiration of three months from the registration of the Company, in respect of or as the holder of any share which he has acquired by transfer, unless he has been at least three months previously to the time of holding the meeting at which he proposes to vote or speak, duly registered as the holder of the share in respect of which he claims to vote or speak.

85. The instrument appointing a proxy shall be printed or written, and shall be signed by the appointor or his attorney or if such appointor be a corporation, shall be under the common seal of such corporation.

86. The instrument appointing a proxy with the letter or power of attorney under which it may be signed shall be deposited at the registered office of the Company not less than twenty-four hours before the time appointed for holding the meeting at which the person named in such instrument proposes to vote. No instrument appointing a proxy shall be valid after the expiration of twelve months from the date of its execution.

Every instrument appointing a proxy shall, as nearly as circumstances admit, be in the form or to the effect following :—

I, _____ of _____, being a Shareholder of The Colombo Landing and Shipping Agency, Limited, hereby appoint _____ of _____ as my proxy to represent me and to vote for me and on my behalf at the Ordinary (or Extraordinary, as the case may be) General Meeting of the Company to be held on the _____ day of _____, One thousand Nine hundred and _____, and at any adjournment thereof, and at every poll which may be taken in consequence thereof.

As witness my hand, this _____ day of _____, One thousand Nine hundred and _____.

87. No objection shall be made to the validity of any vote (whether given personally or by proxy or by attorney) except at the meeting or poll at which such vote shall be tendered and every vote (whether given personally or by proxy or by attorney) to which no objection shall be made at such meeting or poll shall be deemed valid for all purposes of such meeting or poll whatsoever.

88. No Shareholder shall be prevented from voting by reason of his being personally interested in the result of the voting.

Provided always that if shares shall have been issued during the course of a financial year the holder thereof shall, subject to any arrangement made by the Board to the contrary only be entitled to have paid to him in respect of dividends on such shares a proportionate part of the dividends for such financial year calculated on the proportionate part of the year from the date on which such shares were allotted treating such dividends as earned rateably over the whole year.

Sale of Timber.

WRITTEN offers are invited for the purchase of timber, firewood, &c., described in the annexed schedule.

2. Offer should be made subject to the following conditions by letter, preferably under sealed and registered cover, addressed to the Divisional Forest Officers concerned and posted or handed over personally not later than midday on Tuesday, May 6, 1930, the envelope being marked on the left hand top corner "Offer for Purchase of Timber, &c.," and signed by tenderer.

3. Lump sums offers should be made for each item in the schedule and be written both in words and figures. Offers may be made for more than one item in the same letter, but should be quoted for each item separately.

4. In the case of offers which in the aggregate exceed Rs. 20, tenderers may remit Rs. 5 either with their offers or within two days of their offers to the Divisional Forest Officer of the Division concerned. This sum will be returned if their offers are rejected. The purchaser will be given credit for the amount in the final payment for the timber. Where the *bona fides* of any tenderer are in the opinion of the Divisional Forest Officer or the Conservator of Forests doubtful, his tender may not be entertained unless the required money deposit is made if and when demanded by the Divisional Forest Officer.

5. The species, measurements, cubic contents, &c., of the material appearing in the schedule are to be regarded as only approximate, and intending tenderers are presumed to have inspected the timber before they make their offers and they should bring to the notice of the Divisional Forest Officer any serious discrepancies which they may notice. They should also satisfy themselves by personal inspection as to the condition of the timber they offer for.

6. Any tenderer whose offer is accepted shall, within three days of notification of acceptance of his offer, pay the full purchase amount in the case of offers aggregating to Rs. 20 and as follows in the case of offers exceeding Rs. 25 in the aggregate :—

Over Rs. 20 up to Rs. 100, 50 per cent.; and over Rs. 100, 25 per cent.; the balance being paid within a fortnight of the previous payment. In the event of failure to complete the purchase, all amounts previously paid shall be forfeited and the timber, &c., revert to the Crown, and be liable for resale at the risk of the original purchaser.

Should any successful tenderer decline or fail to pay any sum or sums as above stipulated for, he shall further be pecuniarily liable for any resultant loss to Government.

The Conservator of Forests reserves however the discretionary power to enforce, modify, or waive any of the provisions in this clause to such extent as he may consider the circumstances justify.

7. The Conservator of Forests reserves to himself the right, without question, of rejecting any or all offers and of accepting any offer.

8. All material shall be removed by purchaser within one month of completion of purchase when a permit for removal will be issued. Extension of time will not be granted except under exceptional circumstances.

9. All material purchased shall be at the risk of the purchaser until its removal by him on a permit.

10. The buyer, his agent, or his representative shall be liable for punishment under the Forest Ordinance for commission of any Forest Offence in the course of completing the transaction.

11. Any purchaser violating the conditions of purchase shall be liable to a fine not exceeding 25 per cent. of purchase amount, and to be included in the list of persons to whom no permits will be issued.

Resolved that the Minutes of the General Meeting of February 5, 1930, be confirmed.

2. Pursuant to notice, Dr. E. A. Coorey presented a petition from the licensed Guides at the Jetty and moved that it be referred to the appropriate Committees, of which the Sanitation Committee should be one, for consideration and report.

3. Pursuant to notice, Dr. S. Muttiah presented a petition from the sheep and goat dealers of the Cattle Mart and Quarantine Station and moved that it be referred to the appropriate Committees, of which the Sanitation Committee should be one, for consideration and report.

4. Pursuant to notice, Mr. M. L. M. Reyal asked the following questions which the Chairman answered :—

Q.—(a) Will the Chairman invite the attention of the Central Government to the need for an early introduction of the reform of the Council and make an announcement at the next meeting of the Council? A.—A Bill has been drafted and the Chairman has been requested to be present at a meeting of the Executive Council on the subject this week.

Q.—(b) Will the Chairman state what stage the negotiations have reached between this Council and the Central Government for the erection of a new Central Market on the old Government Factory site? A.—On May 31, 1929, Government informed the Council of its approval of certain arrangements whereby the Council should surrender to the Government the old Town Hall and its site and certain markets in exchange for 4 acres of the old Factory site (where the Council could build a Central Market) and also for a certain area round the old Town Hall and Edinburgh Market sites for widening the roads. In July, 1929, Government wished to take over the old Town Hall forthwith and the Council agreed to this in August. The Government at once agreed to surrender the land for the widening of the roads. In November, however, Government stated that it would not be possible to hand over to the Council the 4 acres of the old Factory site until new stores were provided elsewhere for the Public Works and Electrical Departments and indicated that the site of 4 acres to be handed over would include certain areas required for widening roads, leaving less than $3\frac{1}{2}$ acres for the market. The Chairman has addressed Government on the subject at length and has requested that, in view of the fact that Government obtained immediate possession of the old Town Hall and that the Council's possession of the 4 acres has been indefinitely postponed, Government would see its way to grant a nett area of 4 acres for the market.

Q.—(c) Have the estimates and plans of the proposed new market been made? Q.—(d) If not, will the Chairman expedite the preparation of the plans and estimates in view of the highly congested and unsatisfactory state of the present market? A.—(c) and (d) Until the precise area and location of the site and the date of possession are known it would be useless to attempt to prepare plans or estimates for the new market.

5. Pursuant to notice, Mr. T. G. Jayewardene asked the following question which the Chairman answered :—

Q.—Will the Chairman be pleased to say, how many Petrol Service Stations have so far been established and sanctioned within the Municipal limits in the bus route, Fort-Mount Lavinia? Does the Chairman not think it time that in sanctioning these stations some rule was observed in regard to their distance from each other, before their excessive numbers disfigured the city, and became a source of obstruction to traffic?

A.—(1) On this route of $5\frac{1}{2}$ miles 13 Petrol Stations have been built and 2 more have been sanctioned. Their average distance apart is, therefore, about $\frac{2}{5}$ th of a mile. A.—(2) No.

6. Pursuant to notice, Dr. E. A. Coorey asked the following questions which the Chairman answered :—

Will the Chairman be pleased to state : (1) Q.—How many prosecutions have been entered against eating-house and tea boutique-keepers from the date the new by-laws were gazetted up to the date of meeting of Council last month? A.—812.

(2) Q.—Whether any of these prosecutions were withdrawn as a result of resolution of Council last month? A.—No.

(3) Q.—And if so, how many? A.—This question does not arise.

(4) Q.—Whether any such prosecutions were entered after meeting of Council last month? A.—Yes.

(5) Q.—And if so, how many? A.—37.

(6) Q.—If (4) is answered in the affirmative whether the Chairman proposes to enforce the said by-laws on eating-house and tea boutique-keepers and to make a distinction between eating-houses and tea boutiques started before and those after these by-laws were gazetted, in spite of resolution of Council passed at the last meeting requesting the Chairman to defer enforcing the said by-laws till such time as the Council considers the report of the Special Committee appointed for the purpose by Council at its last meeting? A.—Of the 812 prosecutions, no less than 685 were for keeping the premises filthy, exposing food to dust and flies and for other offences which were penalized under the old by-laws or under other Ordinances. No prosecutions in respect of premises licensed for 1929 have been entered for failing to comply with the new provisions of the new by-laws. The remaining 127 prosecutions have been all in respect of premises not licensed in 1929 or in 1930, which have been used as eating-houses or tea boutiques without a licence. In some cases applications for licences have been received and refused because the premises do not comply with the new by-laws. The Chairman cannot license any premises after the passing of the new by-laws, whether previously licensed or not, unless they comply with the new by-laws. The distinction made has been that premises licensed for 1929 have been allowed to carry on without a licence for 1930 without prosecution, but if fresh premises not complying with the new by-laws have been opened since those by-laws were passed, the owners have been prosecuted if the premises did not comply with the new by-laws.

Arising out of the Chairman's replies, Dr. E. A. Coorey asked the following questions which the Chairman answered :—

Q.—May I know whether you are going to enforce the by-laws *in toto* with regard to the eating-houses whether they are old ones or new ones? A.—In so far as the new by-laws are concerned, I am not issuing any licences whatsoever except for premises which comply. In the case of premises previously licensed, they are allowed to carry on without a licence. In the case of new unlicensed premises which have been used as eating-houses, prosecutions have been entered.

Q.—May I know why the old eating-houses were allowed to carry on? A.—In reply to your request.

Q.—My request was with regard to the old as well as new eating-houses. You are making a distinction between the old and new eating-houses. If the law requires you to enforce the new by-laws, they should be enforced on all eating-houses. A.—I cannot allow fresh premises to be used as eating-houses contrary to the by-laws which the Council itself has passed.

7. Pursuant to notice, Mr. M. L. M. Reyal moved—That in the opinion of this Council the sale of fish by weight should be left to the option of the purchaser. Dr. S. Muttiah seconded.

No. 2,410 of August 19, 1929.

The Bell Punch and Printing Company, Ltd.

Improvements in high speed rotary printing presses.

Abstract.—The inset web, already partially printed, is carried by a conveyor with which it remains in contact for a certain time. The conveyor and the web are provided with enregistering means: should they fall out of register this causes pneumatic or electrical means to operate and effect re-enregistration.

The claims are :—

1. A high speed rotary printing press which comprises means operable to feed continuously an inset web having pre-printed matter at regular intervals along the length thereof, a conveyor (arranged to engage and travel with the web for at least a predetermined period at the surface speed thereof) associated with means arranged to detect any variation which would place the inset web out of register with the product of the press with which it is intended to register, and ensure electrically or pneumatically the actuation of mechanism operable automatically to correct any such variation.

2. A high speed rotary printing press which comprises means operable to feed continuously a web of material having pre-printed matter disposed at regular intervals along the length thereof, a conveyor (arranged to engage and travel with the web for at least a predetermined period at the surface speed thereof) provided with registering means within which the pre-printed matter is normally arranged to register and mechanism actuated electrically or pneumatically operable automatically for at least the said predetermined period to correct any variation in register which may occur between the printed matter and the registering means of the conveyor.

3. A high speed rotary printing press which comprises means operable to feed continuously a pre-printed web of material having a series of successive registration indications disposed at regular intervals along the length thereof, a conveyor (arranged to engage and travel with the web for a predetermined period at the surface speed thereof) provided with registering means within which the successive registration indications are normally arranged to register and mechanism actuated electrically or pneumatically (whose effective operation is dependent upon the relative displacement of the registration indications of the web and the registering means of the conveyor) operable automatically for at least said predetermined period to correct any variation in register which may occur between the said registration indications and the registering means of the conveyor.

4. A high speed rotary printing press which comprises means operable to feed continuously a pre-printed web of material having a series of successive registration indications disposed at regular intervals along the length thereof, a conveyor (arranged to engage and travel with the web for at least a predetermined period at the surface speed thereof) provided with registering means within which the successive registration indications are normally arranged to register, and provided with means which when the said indication are displaced forwardly or backwardly relatively to aid registering means ensure that correcting mechanism actuated electrically or pneumatically is actuated to correct any such variation in register.

5. A high speed rotary printing press which comprises means operable to feed continuously a pre-printed web of material having a series of successive registration indications disposed at regular intervals along the length thereof, a conveyor (arranged to engage and travel with the web for at least a predetermined period at the surface speed thereof) provided with registering means within which the successive registration indications are normally arranged to register, and provided with means which when the said indicators are displaced forwardly or backwardly relatively to the said registration means co-operate with means disposed upon the opposite side of the web to the said conveyor to ensure that correcting mechanism actuated electrically or pneumatically is actuated to correct any such variation in register.

6. A high speed rotary printing press which comprises means arranged to feed continuously a pre-printed web of material having a series of regularly spaced holes or batches of holes disposed along the length thereof, correcting mechanism actuated electrically or pneumatically normally rendered inoperative by the web when the same is in register and rendered operative when the web is out of register by a communication being established for a predetermined period (through one of the said holes or batch of holes) between interdependent means, one moved by a conveyor so as to be disposed adjacent to each hole or batch of holes and the other disposed on the opposite side of the said web.

7. A high speed rotary printing press which comprises means arranged to feed continuously a pre-printed web of material which is provided with a series of regularly spaced holes or batches of holes disposed along the length thereof, a conveyor arranged to move with the said web and engage with the same over at least a predetermined length thereof adjacent to each of said holes or batch of holes; correcting mechanism actuated electrically or pneumatically normally rendered inoperative by the web when the same is in register, and adapted to be rendered operable when the web is out of register by a communication being established (through one of the said holes or batch of holes) between interdependent means one moved with the said conveyor and the other disposed on the opposite side of the web for a period equal at least to the time necessary for the initial operation of the correcting mechanism to be effected.

8. A high speed rotary printing press which comprises means arranged to feed continuously a pre-printed web of paper provided along the length thereof with a series of regularly spaced holes or batches of holes, a conveyor arranged in surface contact with the web over at least a predetermined length thereof in such a manner that means associated with the said conveyor move with the said web adjacent to each of said holes or batch of holes so that if the web is not in register, a communication is established between means disposed on the opposite side of the web to the said conveyor and the means carried with the said conveyor for a period equal at least to the time necessary to effect the initial operation of a correcting mechanism actuated electrically or pneumatically operable to adjust the position of the web relatively to the means carried with the conveyor.

9. A high speed rotary printing press as claimed in any of the preceding claims wherein the correcting mechanism comprises means operable to effect an immediate adjustment of the web relatively to the conveyor and independent means operable to maintain the said adjustment.

10. A high speed rotary printing press as claimed in Claim 9 wherein the correcting means comprises an automatically control registering roll in operative connection with means for regulating the speed of the feeding means.

11. A high speed rotary printing press as claimed in any of the preceding claims wherein electrical contacts carried by the said conveyor are arranged so that when the web is out of register a communication is established through the web between an electrical contact disposed on the opposite side of the web to the said conveyor and a contact carried by the said conveyor for a period equal at least to the time necessary for the initial operation of the correcting mechanism to be effected.

12. A high speed rotary printing press as claimed in Claims 1 to 10 wherein air inlets carried by the said conveyor are arranged so that when a perforated web is out of register a communication is established through a hole in the web between a source of air supply disposed on the opposite side of the web to the said conveyor and one of the inlets carried by the said conveyor for a period equal at least to the time necessary for the initial operation of the correcting mechanism to be effected.

13. A high speed rotary printing press as claimed in any of the preceding claims wherein means operable automatically indicate the extent to and/or the direction in which the web is out of register in relation to the conveyor.

14. A high speed rotary printing press constructed arranged and adapted to operate substantially as hereinbefore described with reference to the accompanying drawings.

Improvements in and relating to Bituminous Compositions.

Abstract.—Chalk, coal tar and pitch are mixed in the proportion of 4 to 1 to 1 and one per cent. of potash alum is added. The mixture is heated and mixed with excavation material in a tar heater so that the final mixture contains 5 to 8 per cent. of bituminous substance.

The claims are :—

1. A bituminous compound for use when heated as a spraying or binding material or cement (for admixture with an aggregate) comprising chalk and/or powdered limestone or equivalent calcium compound, artificially produced bituminous material, *e.g.*, coal tar or its equivalent in natural bituminous material or mixtures thereof together with a small proportion of alum including or associated with hard pitch.

2. A bituminous compound as claimed in Claim 1, wherein the proportion of chalk (or equivalent calcium compound) to bitumen is about two parts to one by weight and the amount of alum is about 1 per cent. by weight of the mixture.

3. A spraying or binding material as claimed in Claim 1 or Claim 2, wherein the ingredients are associated in the following approximate proportions :—

Chalk	50 to 75 per cent. by weight
Alum	1 per cent. by weight

Hard pitch, say, 12 to 6 per cent., the corresponding amounts of coal tar or bituminous equivalent in natural bituminous material being, say, 36 to 18 per cent.

4. A spraying or binding material as claimed in Claim 1 or Claim 2, wherein the main ingredients of the spraying or binding material are approximately :—

Chalk	67 per cent.
Alum	1 per cent.
Pitch	16 per cent.
Coal tar or bituminous equivalent in natural bituminous material	16 per cent.

5. A hot spraying bituminous material comprising approximately 7 lb. of gas tar, 1 lb. of hard pitch, 16 lb. of powdered chalk and 1 ounce of powdered alum.

6. A bituminous composition for use, when heated as a binder or cement, comprising chalk, alum, hard pitch and coal tar or its equivalent.

7. A bituminous composition as claimed in any of the preceding claims, wherein the ingredients are heated together and the resultant mass is used for casting blocks or slabs or for admixture with an aggregate to form a road-making or similar material.

8. A composition as in any one of the preceding claims, wherein the ingredients are heated together with the addition of naphtha or creosote or other bituminous or asphaltic oils.

9. A road-making or like material including an aggregate and a binder as claimed in any of the preceding claims, in which the proportion of bituminous material is small, *e.g.*, of the order of 5 per cent.

10. A road-making or like material embodying a binder constituted as claimed in any of the preceding claims associated with an aggregate of "excavation" material comprising mainly soil with which may be mixed wet or dry clay, with or without broken gravel.

11. A road-making or like material embodying a binder constituted as set forth above associated with an aggregate comprising mainly river mud, such as Thames mud and/or wet or dry clay.
