41. *Failing such Registration, Shares may be sold by the Company.*—If any person who shall become entitled to be registered in respect of any share under Article 40, shall not, from any cause whatever, within twelve calendar months after the event on the happening of which his title shall accrue, be registered in respect of such share, or if, in the case of the death of any Shareholder, no person shall, within twelve calendar months after such death, be registered as a Shareholder in respect of the shares of such deceased Shareholder, the Company may sell the same either by public auction or private contract, and give a receipt for the purchase money; and the purchaser shall be entitled to be registered in respect of such share, and shall not be bound to inquire whether the events have happened which entitled the Company to sell the same; the nett proceeds of such sale, after deducting all expenses and all moneys in respect of which the Company is entitled to a lien on the shares so sold shall be paid to the person entitled thereto.

42. *Curator of Minor, &c., when not entitled to vote.*—The curator of a minor Shareholder, the committee or other legal guardian of any lunatic Shareholder, the husband of any female Shareholder not entitled to her shares as separate estate, and the executor or administrator or heir of any deceased Shareholder, shall not be entitled to receive notice of or to attend or vote at meetings of the Company or save as aforesaid, and save as regards the receipt of such dividends as the Board shall not elect to retain, to exercise any of the rights and privileges of a Shareholder, unless and until he shall have been registered as the holder of the shares.

SURRENDER AND FORFEITURE OF SHARES.

43. *The Directors may accept Surrender of Shares.*—The Directors may accept, in the name and for the benefit of the Company, and upon such terms and conditions as may be agreed upon, a surrender of the shares of Shareholders who may be desirous of retiring from the Company.

44. *If Call or Instalment not paid, Notice to be given to Shareholder.*—If any Shareholder fails to pay any call or instalment on or before the day appointed for the payment of the same, the Directors may at any time thereafter, during such time as the call or instalment remains unpaid serve a notice on such Shareholder requiring him to pay the same, together with any interest that may have accrued, at the rate of 9 per cent. per annum, and all expenses that may have been incurred by the Company by reason of such non-payment.

45. *Terms of Notice.*—The notice shall name a day (not being less than one month from the date of the notice) on and a place or places at which such call or instalment and such interest and expenses as aforesaid are to be paid, the notice shall also state that, in the event of non-payment at or before the time and at the place appointed, the shares in respect of which the call was made or instalment is payable, will be liable to be forfeited.

46. *In default of Payment, Shares to be forfeited.*—If the requisition of such notice as aforesaid be not complied with, every or any share or shares in respect of which such notice has been given may at any time thereafter, before payment of calls or instalments, with interest, and expenses due in respect thereof, be declared forfeited by a resolution of the Board to that effect.

47. *Shareholder still liable to pay Money owing at Time of Forfeiture.*—Any Shareholder whose shares have been so declared forfeited shall, notwithstanding, be liable to pay and shall forthwith pay to the Company all calls, instalments, interest, and expenses owing upon or in respect of such shares at the time of forfeiture, together with interest

thereon at 9 per cent. per annum, from the time of forfeiture until payment, and the Directors may enforce the payment thereof if they think fit.

48. *Surrendered or forfeited Shares to be the Property of the Company, and may be sold, &c.*—Every share surrendered or so declared forfeited shall be deemed to be the property of the Company, and may be sold, reallocated, or otherwise disposed of, upon such terms and in such manner as the Board shall think fit.

49. *Effect of Surrender or Forfeiture.*—The surrender or forfeiture of a share shall involve the extinction of all interest in, and also of all claims and demands against, the Company in respect of the share and the proceeds thereof, and all other rights incident to the share, except only such of those rights (if any) as by these presents are expressly saved.

50. *Certificates of Surrender or Forfeiture.*—A certificate in writing under the hands of two of the Directors and of the agents and/or secretaries that a share has been duly surrendered or forfeited, stating the time when it was surrendered or forfeited shall be conclusive evidence of the facts therein stated as against all persons who would have been entitled to the share but for such surrender or forfeiture; such certificate and the receipt of the Company for the price of such share shall constitute a good title to such share, and a certificate of proprietorship shall be delivered to any person who may purchase the same from the Company; such purchaser thereupon shall be deemed the holder of such share, discharged from all calls due prior to such purchase, and he shall not be bound to see to the application of the purchase money nor shall his title to such share be affected by any irregularity in the proceedings in reference to such forfeiture or sale.

51. *Forfeiture may be remitted.*—The Directors may in their discretion remit or annul the forfeiture of any share within six months from the date thereof upon the payment of all moneys due to the Company from the late holder or holders of such share or shares, and all expenses incurred in relation to such forfeiture, together with such further sum of money by way of redemption money for the deficit, as they shall think fit, not being less than 9 per cent. per annum on the amount of the sums wherein default in payment had been made, but no share *bona fide* sold or reallocated, or otherwise disposed of under Article 48 hereof, shall be redeemable after sale or disposal.

52. *Company's Lien on Shares.*—The Company shall have a first and paramount lien upon all the shares registered in the name of each Shareholder (whether solely or jointly with others) and upon the proceeds of sale thereof for his debts, liabilities, and engagements, solely or jointly with any other person to or with the Company; whether the period for the payment, fulfilment, or discharge thereof shall have actually arrived or not, and no equitable interest, in any share shall be created except upon the footing and condition that Article 20 hereof is to have full effect, and such lien shall extend to all dividends from time to time declared in respect of such shares and to all moneys paid in advance of calls thereon. Unless otherwise agreed, the registration of a transfer of shares shall operate as a waiver of the Company's lien (if any) on such shares.

53. *Lien how made available and Proceeds how applied.*—For the purpose of enforcing such lien the Board may sell the shares subject thereto in such manner as they think fit, but no sale shall be made until such time as the moneys are presently payable, and notice in writing stating the amount due, and giving notice of intention to sell in default shall have been served on such Shareholder or the person (if any) entitled by transmission to the shares and default shall have been made for seven clear days after such notice. The net proceeds of any such sale shall be applied in or towards satisfaction of the debts, liabilities, and engagements aforesaid, and the residue (if any) shall be paid to the Shareholder or the person (if any) entitled by transmission to the shares or who would be so entitled but for such sale. Should the Shareholder over whose share the lien exists be in England or elsewhere abroad, sixty days' notice shall be allowed him.

54. *Certificate of Sale.*—A certificate in writing under the hands of two of the Directors, and of the agents and/or secretaries that the power of sale given by Article 53 has arisen, and is exercisable by the Company under these presents, shall be conclusive evidence of the facts therein stated.

55. *Transfer on Sale how executed.*—Upon any such sale two of the Directors may execute a transfer of such share to the purchaser thereof, and such transfer, with the certificate last aforesaid, shall confer on the purchaser a complete title to such share.

PREFERENCE SHARES.

56. *Preference and deferred Shares.*—Any shares from time to time to be issued or created may from time to time be issued with any such right of preference, whether in respect of dividend or of payment of capital, or both, or any such other special privilege or advantage over any shares previously issued or then about to be issued (other than shares issued with a preference); or with such deferred rights as compared with any shares previously issued, or then about to be issued, or subject to any such conditions or provisions, and with any such right or without any right of voting, and generally on such terms as the Company may, from time to time, by special resolution, determine.

57. *Modification of Rights and Consent thereto.*—If at any time by the issue of preference shares or otherwise the capital is divided into shares of different classes—

- (1) The holders of any class of shares by an extraordinary resolution passed at a meeting of such holders may consent, on behalf of all the holders of shares of the class, to the issue or creation of any shares ranking equally therewith, or having any priority thereto, or the abandonment of any preference or priority, or of any accrued dividend, or the reduction for any time or permanently of the dividends payable thereon, or to any scheme for the reduction of the Company's capital affecting the class of shares.
- (2) All or any of the rights, privileges, and conditions attached to each class may be commuted, abrogated, abandoned, added to or otherwise modified by a special resolution of the Company in General Meeting, provided the holders of any class of shares, affected by any such commutation, abrogation, abandonment, addition, or other modification of such rights, privileges, and conditions, consent thereto on behalf of all the holders of shares of the class, by an extraordinary resolution passed at a meeting of such holders.

Any extraordinary resolution passed under the provisions of this Article shall be binding upon all the holders of shares of the class, provided that this Article shall not be read as implying the necessity for such consent as aforesaid in any case in which but for this Article the object of the resolution could have been effected without it.

58. *Meeting affecting a particular Class of Shares.*—Any meeting for the purpose of the last preceding article shall be convened and conducted in all respects as nearly as possible in the same way as an Extraordinary General Meeting of the Company, provided that no Shareholder, not being a Director, shall be entitled to notice thereof or to attend thereat, unless he be a holder of shares of the class intended to be affected by the resolution, and that no vote shall be given except in respect of a share of that class, and that at any such meeting a poll may be demanded by the Chairman or in writing by any Shareholder personally present and entitled to vote at the meeting. A Director although not a holder of shares of the class affected may act as proxy at any such meeting.

CALLS.

59. *Directors may make Calls.*—The Directors may from time to time make such calls as they think fit upon the registered holders of shares, in respect of moneys unpaid thereon, and not by the conditions of allotment made payable at fixed times; and each Shareholder shall pay the amount of every call so made on him to the persons and at the times and places appointed by the Directors, provided that two months' notice at least shall be given to the Shareholders of the time and place appointed for payment of each call.

60. *Calls; Time when made.*—A call shall be deemed to have been made at the time when the resolution authorising the call was passed at a meeting of the Board or was signed in terms of Article 131.

61. *Extension of Time for Payment of Call.*—The Directors shall have power in their absolute discretion to give time to any one or more Shareholder or Shareholders.

exclusive of the others, for payment of any call or part thereof on such terms as the Directors may determine. But no Shareholder shall be entitled to any such extension except as a matter of grace or favour.

62. *Interest on unpaid Call.*—If the sum payable in respect of any call or instalment is not paid on or before the day appointed for the payment thereof, the holder for the time being of the share in respect of which the call shall have been made, or the instalment shall have been due, shall pay interest for the same at the rate of 9 per centum per annum from the day appointed for the payment thereof to the time of the actual payment, but the Directors may, when they think fit, remit altogether or in part any sum becoming payable for interest under this Article. Any sum, whether payable on account of the amount of the share or by way of premium which by the terms of allotment of a share is made payable upon allotment or at any fixed date, and any instalment of a call or premium shall, for all purposes of these presents, be deemed to be a call duly made and payable on the date fixed for payment, and in case of non-payment the provisions of these presents as to payment of interest and expenses, forfeiture and the like, and all other the relevant provisions of these presents, shall apply as if such sum, premium or instalment were a call duly made and notified as hereby provided.

63. *Payment in Anticipation of Calls.*—The Directors may at their discretion receive from any Shareholder willing to advance the same, and upon such terms as they think fit, all or any part of the amount due upon the shares held by him beyond the sum actually called up.

BORROWING POWERS.

64. *Power to borrow.*—The Directors shall have power to procure from time to time, in the usual course of business, such temporary advances on the produce in hand, or in the future to be obtained, from the Company's estates, as they may find necessary or expedient for the purpose of defraying the expenses of working the Company's estates, or of erecting, maintaining, improving, or extending buildings, machinery, or plantations, or otherwise. Also from time to time at their discretion to borrow or raise from the Directors or other persons any sum or sums of money for the purposes of the Company, at such rate of interest and on such terms as the Directors think fit, but so that the amount at any one time owing in respect of principal moneys so borrowed or raised shall not, without the sanction of a General Meeting exceed the sum of Two Hundred Thousand Rupees (Rs. 200,000). The Directors shall, with the sanction of a General Meeting, be entitled to borrow or raise such further sum or sums, and at such rate of interest as such meeting shall determine. The Directors may, for the purpose of securing the repayment of any such principal sum or sums of money so borrowed or raised, as aforesaid and interest, create and issue any mortgages, debentures, mortgage debentures, debenture stock, bonds, or obligations of the Company, charged upon all or any part of the undertaking, revenue, property, and rights or assets of the Company (both present and future); including uncalled capital or unpaid calls, or give, accept, or endorse on behalf of the Company any promissory notes or bills of exchange. Provided, that before the Directors execute any mortgage, issue any debentures or create any debenture stock they shall obtain the sanction thereto of the Company in General Meeting whether Ordinary or Extraordinary, notice of the intention to obtain such sanction at such meeting having been duly given. Any such securities may be issued either at par or at a premium or discount, and may from time to time be cancelled or discharged, varied, or exchanged as the Directors may think fit, and may contain any special privileges as to redemption, surrender, drawings, allotment of shares, or otherwise. Every debenture or other instrument issued by the Company for securing the payment of money may be so framed that the moneys thereby secured shall be assignable free from any equities between the Company and the person to whom the same may be issued. A declaration under the Company's seal contained in or endorsed upon any of the documents mentioned in this Article and subscribed by two or more of the Directors, or by one Director and the agents and or secretaries, to the effect that the Directors have power to borrow the amount which such document may represent, shall be conclusive evidence thereof in all questions between

the Company and its creditors, and no such document containing such declaration shall, as regards the creditor, be void on the ground of its being granted in excess of the aforesaid borrowing power, unless it shall be proved that such creditor was aware that it was so granted.

MEETINGS.

65. *First General Meeting.*—The First General Meeting of the Company shall be held at such time, not being more than twelve months after the registration of the Company, and at such place as the Directors may determine.

66. *Subsequent General Meetings.*—Subsequent General Meetings shall be held once in every year at such time and place as may be prescribed by the Company in General Meeting and, if no time or place is prescribed, at such time and place as may be determined by the Directors.

67. *Ordinary and Extraordinary General Meetings.*—The General Meetings mentioned in the two last preceding Articles shall be called Ordinary General Meetings, all other meetings of the Company shall be called Extraordinary General Meetings.

68. *When Extraordinary General Meeting to be called.*—The Directors may, whenever they think fit, call an Extraordinary General Meeting, and the Directors shall upon a requisition made in writing by not less than one-seventh of the number of Shareholders holding not less than one-seventh of the issued capital and entitled to vote, forthwith proceed to convene an Extraordinary General Meeting of the Company and in case of such requisition the following provisions shall have effect:—

- (1) Any requisition so made shall express the object of the meeting proposed to be called, shall be addressed to the Directors, and deposited at the office and may consist of several documents in like form, each signed by one or more of the requisitionists. Upon the receipt of such requisition the Directors shall forthwith proceed to convene an Extraordinary General Meeting to be held at such time and place as they shall determine. If they do not proceed to convene the same within seven days from the deposit of the requisition, the requisitionists may themselves convene an Extraordinary General Meeting, to be held at such place and at such time as the requisitionists convening the meeting may themselves fix, but any meeting so convened shall not be held after 3 months from the date of such deposit.
- (2) If at any such meeting a resolution requiring confirmation at another meeting is passed, the Board shall forthwith convene a further Extraordinary General Meeting for the purpose of considering the resolution, and, if thought fit, of confirming it as a special resolution; and if the Board do not convene the meeting within seven days from the date of the passing of the first resolution, the requisitionists, or a majority of them in value, may themselves convene the meeting.

69. Any General Meeting (whether Ordinary or Extraordinary) convened by the Directors unless the time thereof shall have been fixed by the Company in General Meeting, or unless such General Meeting be convened in pursuance of such requisition as is in Article 68 hereof mentioned may be postponed by the Directors by notice in writing, and the meeting shall, subject to any further postponement or adjournment, be held at the postponed date for the purpose of transacting the business covered by the original notice.

70. *Notice of Resolution.*—Any Shareholder may, on giving not less than ten days' previous notice of any resolution, submit the same to a meeting. Such notice shall be given by depositing a copy of the resolution at the office.

71. *Two Months' Notice of Meeting to be given.*—Subject to the last proviso in this Article two months' notice at least of every General Meeting, Ordinary or Extraordinary, and by whomsoever convened, specifying the place, date, hour of meeting, and the objects and business of the meeting, shall be given by notice sent by post, or otherwise served as hereinafter provided; but an accidental omission to give such notice to any Shareholder shall not invalidate the proceedings at any General Meeting, provided, however, that holders of preference shares or shares of any particular class shall not be entitled to notice of any meeting at which by the conditions or provisions attached to such preference

shares or shares of such particular class they shall not be entitled to attend or vote. Provided that any meeting for the purpose of confirming a resolution as a special resolution may be convened on seven days' notice.

72. *Two Meetings convened by one Notice.*—Where it is proposed to pass a special resolution, the two meetings may be convened by one and the same notice, and it is to be no objection to such notice that it only convenes the second meeting contingently on the resolution being passed by the requisite majority at the first meeting.

73. *Business requiring and not requiring Notification.*—Every Ordinary General Meeting shall be competent, without special notice having been given of the purposes for which it is convened, or of the business to be transacted thereat, to receive and consider the profit and loss account (if any), the balance sheet of the Company, the reports of the Directors and Auditors, to elect Directors, in place of those retiring by rotation, and Auditors and other officers, to fix the remuneration of the Auditors, to sanction and declare dividends and to transact any business which under these presents ought to be transacted at an Ordinary General Meeting and shall also be competent to enter upon, discuss, and transact any business whatever of which special mention shall have been made in the notice upon which the meeting was convened.

74. *Notice of other Business to be given.*—With the exceptions mentioned in the foregoing Articles as to the business which may be transacted at Ordinary General Meetings without notice, no General Meeting, Ordinary or Extraordinary shall be competent to enter upon, discuss, or transact any business which has not been specially mentioned in the notice upon which it was convened.

141. *Division of Profits.*—Subject to the rights of holders of shares issued upon special conditions and to any arrangement that may be made by the Company to the contrary and subject as to shares not fully paid up to any special arrangement made as regards money paid in advance of calls and subject to the provisions of these presents as to reserve fund the profits of the Company shall be divisible among the Shareholders in proportion to the capital paid or credited as paid on the shares held by them respectively.

142. *Declaration of Dividends.*—The Company in General Meeting may declare a dividend to be paid to the Shareholders according to their rights and interests in the profits and may fix the time for payment. Provided always that if shares shall have been issued during the course of a financial year the holder thereof shall subject to any arrangement made by the Directors to the contrary, only be entitled to have paid to him in respect of dividends on such shares a proportionate part of the dividends for such financial year calculated on the proportionate part of the year from the date on which such shares were allotted treating such dividends as earned rateably over the whole year. No dividend shall be payable out of the capital of the Company and the declaration of the Board as to the amount available for dividend shall be conclusive. No dividend shall exceed the amount recommended from time to time by the Board, but the Company in General Meeting may declare a smaller dividend.

143. *Payment of Dividend in Specie, &c.*—Any General Meeting may direct payment of any dividend declared at such meeting or of any interim dividend, which may subsequently be declared by the Directors, wholly or in

part in sterling by means of drafts or cheques on London, or by the distribution of specific assets and in particular of paid-up shares, debentures, or debenture stock of the Company, or of any other company, or in any other form of specie, or in any one or more of such ways and the Directors shall give effect to such direction; and where any difficulty arises in regard to the distribution, they may settle the same as they think expedient and in particular may issue fractional certificates, and may fix the value for distribution of such specific assets, or any part thereof, and may determine that cash payments shall be made to any Shareholder upon the footing of the value so fixed, in order to adjust the rights of all parties and may vest any such specific assets in trustees upon such trusts for the persons entitled to the dividend as may seem expedient to the Board.

144. *Interim Dividend.*—The Directors may also, if they think fit, from time to time and at any time, without the sanction of a General Meeting, determine on and declare an interim dividend to be paid, and (or) pay a bonus to the Shareholders on account and in anticipation of the dividend for the then current year.

145. *Reserve Fund.*—Previously to the Directors paying or recommending any dividend on preference or ordinary shares, they may set aside out of the profits of the Company, such sum as they think proper as a reserve fund, and may invest the same in such securities as they shall think fit (subject to the provisions of Article 3 hereof) or place the same on fixed deposit in any bank or banks, and may from time to time deal with, vary, or realize such securities and dispose of all or any part thereof for the benefit of the Company. The Directors may divide the reserve fund into such special funds as they think fit, with full power to employ the assets constituting the reserve fund in the business of the Company and that without being bound to keep the same separate from the other assets, and the Directors may also carry forward any profits which they may deem it not prudent to divide.

146. *Application thereof.*—The Directors may from time to time apply such portions as they think fit of the reserve fund to meet contingencies, or for the payment of accumulated dividends due on preference shares or for equalizing dividends, or for working the business of the Company or for repairing or maintaining or extending the buildings and premises or for the repair or renewal or extension of the property or plant connected with the business of the Company or any part thereof, or for any other purpose of the Company which they may from time to time deem expedient.

147. *Capitalization of Reserve.*—The Company in General Meeting may at any time and from time to time pass a resolution that any sum not required for the payment or provision of any fixed preferential dividend, and (a) for the time being standing to the credit of any reserve fund or reserve account of the Company including premiums received on the issue of any shares or debentures of the Company or any sum arising from any operation creating an excess of assets on capital account, or (b) being undivided net profits in the hands of the Company, be capitalized, and that such sum be set free for distribution and be appropriated as capital to and amongst the Shareholders or amongst the members of any class of Shareholders in accordance with their rights and in the shares and proportions in which they would have been entitled thereto if the same had been distributed by way of dividend on the shares and in such manner as the resolution may direct and such resolution shall be effective provided that such powers shall not be exercised unless recommended by the Board, and the Directors shall in accordance with such resolution, apply such sum in paying up in full (or, with the consent of the Shareholders aforesaid, in part) any unissued shares or debentures or other obligations of the Company on behalf of the Shareholders aforesaid, and appropriate such shares or debentures or other obligations and distribute the same credited as fully paid up (or, as the case may be, partly paid up) amongst the Shareholders aforesaid in the proportions aforesaid in satisfaction of their shares and interests in the said capitalized sum, or shall apply such sum or any part thereof on behalf of the Shareholders aforesaid in paying up the whole or part of any uncalled balance which shall for the time being be unpaid in respect of any issued shares held by such Shareholders aforesaid or otherwise deal with such sum as directed by such

resolution. Where any difficulty arises in respect of any such distribution the Directors may settle the same as they think expedient, and in particular they may issue fractional certificates, fix the value for distribution of any shares or debentures, debenture stock, or other obligations, make cash payments to any Shareholders on the footing of the value so fixed in order to adjust rights, and vest any such shares or debentures or other obligations in trustees upon such trusts for the persons entitled to share in the appropriation and distribution as may seem just and expedient to the Directors.

Method of and apparatus for switching reproducers from one device to another.

Abstract.—A device is described for switching over from one record to another in synchronized sound and motion pictures. The end of the first record is repeated at the beginning of the second. When switching over both records are in operation and the electrical pick-ups are connected to either end of a ladder resistance. A switch has studs connected at various points along the ladder so that current can be taken mainly from one or other of the pick-ups (and records). By turning the switch the current (and sound) from one record fades as that from the other augments.

The claims are:—

1. A switching arrangement for switching a sound reproducer from one sound transmitter to another comprising means for progressively attenuating the current from one sound transmitter and simultaneously therewith or thereafter increasing the current from said other transmitter.
2. A switching arrangement as claimed in claim 1 and in which said transmitters are interconnected by an electrical net-work or a resistance, switching means being provided for increasing the number of sections of the net-work or the resistance in circuit with one transmitter and simultaneously therewith or thereafter decreasing the number of said sections or resistance in circuit with said other transmitter.
3. A switching arrangement as claimed in claim 1 or 2 and in which the energy level of the currents transmitted from said transmitters may be adjusted to a desired value.
4. A switching arrangement as claimed in claim 1, 2 or 3 and comprising a plurality of transmitters together with means for connecting any of said transmitters in circuit with said switching means.
5. A switching arrangement as claimed in the preceding claim 2, 3 or 4 and in which said electrical net-work or resistance is provided with a switching device at its mid-point for preventing the blending of currents from the two transmitters if desired.
6. A sound transmitting system comprising a pair of gramophone turntables for carrying the rotating sound record discs, each record having associated therewith an electrical pick-up which pick-ups are interconnected by means of an electrical net-work or potentiometer, a switching device being provided for connecting a sound reproducer

successively to different points on the net-work or potentiometer, so as to reduce gradually the current from one pick-up device and simultaneously therewith or thereafter to increase the current from said other pick-up device.

7. A sound transmitting system as claimed in claim 6 and in which said net-work or resistance is provided with a short circuiting switch at its mid-point.

8. A switching arrangement as claimed in any of the preceding claims 2 to 7, in which points on the electrical net-work or resistance are connected to contacts engaged by brushes which are connected to the circuit of the sound reproducer.

9. A switching arrangement as claimed in any of the preceding claims 2 to 8 and comprising means for connecting the transmitting device or devices to the circuit of said reproducing device in shunt to the sections of the net-work or potentiometer.

10. A switching arrangement as claimed in any of the preceding claims and comprising means to enable an operator to observe or monitor the reproduction.

11. A switching arrangement as claimed in claim 10 and in which said means comprises an acoustic device, together with a switching device, for connecting said acoustic device across the output circuit of the apparatus.

12. An arrangement as claimed in any of the preceding claims and comprising means for reproducing pictures simultaneously with the sound.

13. A method of switching a sound reproducer from one transmitter to another substantially as described.

14. A "fader" switching apparatus constructed, arranged and operating substantially as illustrated in Fig. 1, 2, 3, 4 or 5 of the drawings.

Improvements in and relating to sound reproducing apparatus particularly talking motion picture apparatus.

Abstract.—An apparatus is described which is adapted to use either the disc record or the film record of the sound in conjunction with a motion picture. A valve amplifier is used to amplify the sound from the film record until it is exactly equal in intensity to that given by the disc record in order to enable switching over to take place.

The claims are:—

1. An apparatus for reproducing sound from different types of sound records, wherein amplifiers are provided by means of one or more of which, as necessary, the output from each reproducer is amplified to such an extent that the resultant outputs from all the reproducers are approximately equal.
2. Apparatus as claimed in claim 1, wherein the resultant output from each reproducer and the amplifying system associated therewith is adapted to be fed to a common loud speaker.
3. Talking motion picture apparatus, wherein a picture projector can co-act with either a gramophone reproducing device or a sound film reproducing device and an amplifier is provided for bringing the output of the sound film reproducing device up to a point approximately equal to the output of the gramophone reproducing device.
4. Talking motion picture apparatus as claimed in claim 3, wherein a switch is provided whereby a loud speaking apparatus (including the usual amplifier) may be connected either to the gramophone pick-up or with the amplifier of the sound film reproducing device.
5. Talking motion picture apparatus as claimed in claim 3 or 4, wherein all the apparatus is mounted on a common base.
6. Talking motion picture apparatus as claimed in claim 5, wherein said base comprises a rigid base part and a platform pivotally mounted thereon for carrying the picture projector, and wherein the amplifier for the sound film reproducing device is mounted directly on the rigid base part.
7. Apparatus as claimed in any of the preceding claims, substantially as described.

Two sheets of drawings.

Improvements in or relating to wave-signalling systems.

Abstract.—A plurality of transmitting stations is used which are situated so that the signals of all are received at comparable strength. The carrier wave frequencies of the transmitters differ by less than the usual normal minimum.

The receiver has high selectivity and/or low damping. Means are provided for the correction of any inherent distortion of the signals. In a very simple system the receiver has a parallel tuned circuit with a piezo-electric device in series with the input and output terminals. This offers a high impedance to energy other than that of the tuned frequency. A crystal detector is connected in series with the primary winding of an output transformer across the tuned circuit, and the secondary winding is connected to the telephones. Owing to the high selectivity the low frequency signals are more strongly received: this is corrected by the transformer being constructed to have an output characteristic which rises with the frequency.

Modifications are described which are applicable to more complex circuits.

There are sixteen claims and two sheets of drawings.
